

## **New Products at the 2008 International Home + Housewares Show**

The following products and descriptions have been provided to IHA from the exhibitors. Please see the individual exhibitor for further information.

### **BATHROOM + PERSONAL CARE**

#### **Amcor Inc.**

**L12147**

Wired + Well Expo

##### *Radialight® Towel Warmer*

Electric panel heater element warms towels for the ultimate in comfort and luxury. The Italian-designed unit features high-quality injected plastic frame that will never discolor like metal frames. Patented pivoting hinge detail allows for warming/drying towels, robes and under garments on both sides of the unit. Set the timer to automatically turn off. Available in 4-towel and 6-towel models.

#### **American Biffy Co., Ltd.**

**S4853**

Dine + Design Expo/New Exhibitor Area

##### *Biffy Personal Rinse*

The Biffy Personal Rinse bidet attachment is light years ahead of a traditional bidet. The Biddy is instinctive – no fumbling with knobs, dials or remote controls. Just point and spray – the Biffy rinses you wherever and whenever you like. It's good for your body and your health. It is simple and natural.

#### **Better Living Products Int'l, Inc.**

**N7905**

Clean + Contain Expo

##### *Toilet Caddy*

A practical all-in-one toilet tissue dispenser and organizer. The caddy includes a toilet tissue dispenser, storage for three extra rolls and a spacious magazine rack in one slim design. It features durable steel construction with a weighted base for strong support and stability. The caddy is available in chrome and satin nickel finishes.

##### *Signature Dispenser Valet*

Save space on your bathroom counter with this wall mounted dispenser. It includes an integrated stainless steel towel bar that can go on the right or left of the dispenser to accommodate placement at the sink or vanity. It is also great for showers, where it can dispense gels and hold your washcloth or sponge. Easy installation with silicone.

#### **Conair Corp.**

**L11931**

Wired + Well Expo

##### *Infiniti Nano Silver by ConairTourmaline Ceramic™ Styler*

This 1875-watt styler comes with a high torque motor that dries and styles hair faster and infrared energy to generate safer, gentler heat and minimize damage. Complete with a 360° swivel cord, an adjustable diffuser that lets you regulate airflow and a nano silver Tourmaline Ceramic™ coated straightening pic that smoothes hair for a sleek finish, this new product is perfect for any one and any hair.

##### *Infiniti Nano Silver by ConairTourmaline Ceramic™ (1" and 1¾") Flat Irons*

These new straighteners feature powerful ceramic heaters, ultra-high heat levels of 395°, 30-second instant heat-up and restoration. With 25% longer plates than standard flat irons, the hot new technology protects hair's natural luster as it straightens, leaving hair shiny straight. Millions of micro particles that coat the plates provide dramatic glide. The irons come with a swanky heat-protective silver clutch for stylishly safe storage and trendy travel. Use the clutch for a functional surface protection mat as well.

*Infiniti Nano Silver by ConairTourmaline Ceramic™ Rollers*

This full set of 20 multi-sized velvety-flocked rollers uses a trio of technologies to set hair faster while minimizing heat damage on the hair. The amazing 2-minute heat-up and 12 temperature settings guarantee instant style. And the new cord reel feature allows for easy storage.

**The DDR Group**

**N8743**

Clean + Contain Expo

*Flipper Toothbrush Holder & Flipper Razor Holder*

The toothbrush holder affixes to mirrors via suction cups. The holder comes in 35 different designs including puppy designs, dinosaurs and zoo animals. The razor holder also affixes via suction cups. It fits various different razors. Both holders have a patented open/close mechanism. They also protect the razor and toothbrush and promote hygiene.

**Design Ideas**

**N8510**

Clean + Contain Expo

*EcoGen*

The first line of durable and affordable household products made entirely from a biodegradable material developed from renewable resources. The EcoGen bath line includes a toothbrush holder, bath box, bath cup, pump dispenser, soap dish and bath bin – all of which will completely biodegrade in six to nine months when composted.

**Emjoi, Inc.**

**L12744**

Wired + Well Expo

*Emjoi® Emerge*

A ground-breaking hair remover with 72 tweezers to remove hair from the root for weeks of smooth skin. The revolutionary design is mounted on dual opposed heads to ensure rapid, non-irritating and virtually painless hair removal all over the body – legs, bikini line, underarms and arms. This hair remover has the most tweezers on the market to remove more hair in less time. The Emerge can remove even the shortest hair (0.5 mm) from the root every time and features a soft touch grip and is ergonomically designed for easy comfort and maneuverability.

*Emjoi® RotoShave*

This shaver combines the ease of use and convenience of an electric shaver with the closeness and efficiency of a razor blade. Nine rotating blades touch the skin at 30 revolutions per second, an amazing 270 times per second, providing a closer, safer, faster and smoother shave than any other razor. Patented safety guards act as a barrier between the blade and your skin; giving the razor the ability to glide over skin, imperfections without nicks or cuts. Patented spiral windings virtually eliminate irritation. The shaver is cordless and rechargeable and includes an electric wet shave feature.

**Golden Ideas**

**N6042**

Clean + Contain Expo

**Tidee Tubb™**

Tidee Tubb™ is the original splash guard with a patented curve. It keeps the water off of your floors and in the tub where it belongs, eliminating bath and shower spillovers that a shower curtain can't handle. No longer worry about floor damage and costly repairs for water damage caused by leaks outside of the shower curtain. Tidee Tubb™ is safe to use and easy to install – it comes ready to install with adhesive caulk.

**Healthy Shelf Inc.**

**S5057**

Dine + Design Expo/New Exhibitor Area

*Healthy Shelf Designer Dispensers*

Decorative wood wall shelves that dispense disposable towels, wet wipes, plastic bags and more – all with one-handed convenience. Cloth towels can spread bacteria and viruses around in your bathroom and kitchen, now you can have a

decorative and affordable way to throw germs away rather than spreading them throughout your household. Some of the Healthy Shelf's other benefits include the elimination of counter clutter, time and money savings and it enhances décor. The Healthy Shelf is available in white and black and comes with 100 free towels.

**IMS Trading**

**N6238**

Clean + Contain Expo

*Fresh Drop*

A fresh drop before you go – no one will ever know! Bathroom odor preventor.

**iTouchless Housewares & Products, Inc.**

**L13333**

Wired + Well Expo

*Dual Access Sensor Stainless Steel Soap Dispenser*

This new 16-oz. Dual Access EZ Soap Dispenser is made of durable stainless steel material and is 100% touch-free, which effectively eliminates cross-contamination of germs. Just place your hand three inches below the sensor to dispense a pre-measured amount of liquid. Dosage can be adjusted and a unique dial access wall-mount holder is included, allowing the dispenser to be moved from wall holder to tabletop, sink-top, counter-top or vice versa. It is compatible with all kinds of liquids, such as soaps, detergent, lotions and anti-bacterial gels.

*UV Toothbrush Sanitizer/Holder*

A single toothbrush can harbor millions of microorganisms including those that carry colds and flu. Fight back with this easy-to-use UV Toothbrush Sanitizer that eliminates up to 99.9% of germs in just seven minutes using ultraviolet light. It turns off automatically after sanitizing is finished and it transforms to a toothbrush holder that holds up to four toothbrushes, including electric brush heads.

**J.E. Allton, LLC**

**N6541**

Clean + Contain Expo

*Touch-Free Soap Dispenser*

This modern-designed, battery-operated, touch-free with on and off switch, automatic liquid dispenser uses infrared technology. It dispenses liquid soap, liquid dish washing detergent, hand sanitizer or liquid lotion. The touch-free operation reduces cross-contamination. Each set of batteries lasts up to 3 months and on average, the dispenser gets 200 uses per refill. It has a durable metal finish and no installation is required.

**Lena Fiore, Inc. dba Toilet Tattoos**

**N6009**

Clean + Contain Expo

*Toilet Tattoos*

Toilet Tattoos are a decorative, hygienic, removable and reusable appliqué for the toilet lid. Made from electrostatic film, they simply wipe clean. Designs range from classic leopard print to whimsical ducky patterns and seasonal themes. There is also a Toilet Tattoo that was designed specifically for the purpose of toilet training. New this year is the reproduction of original artist's work, as well as photographs reproduced on Toilet Tattoos. They are the 21<sup>st</sup> Century method to embellish the commode – quick, clean and simple.

**PBidet Corporation**

**N6129**

Clean + Contain Expo

*PersonalBidet®*

A new and affordable patent-pending bidet product that easily converts a regular toilet into a bidet-toilet in two minutes. The personal bidet comes pre-assembled and no battery or electricity is needed. It provides many health benefits and maximum personal hygiene. It is also environmentally friendly, saving on toilet paper and trees, also ideal for septic systems. the bidet is discreetly hidden from view and is completely portable.

**Polder, Inc.**  
Dine + Design Expo

**S3443**

*Polder Dual Bath Caddy*

This product solves the problem of how to keep a plunger and a bowl brush clean and neatly contained in one space. The compact, brushed stainless steel caddy suspends the bowl brush and plunger, allowing the tools to drip-dry. The caddy is open in the back to allow excess water to evaporate rather than collect inside and create odor and bacteria. Both the bowl brush and plunger feature a stainless steel finish, comfort-grip handles and replaceable heads.

**Robely Trading Inc.**  
Clean + Contain Expo

**N7926**

*Toilet Tissue Stand with Magazine Rack*

New from the AQUATICO bath accessories collection is the chrome wire toilet tissue stand with a double bar and magazine rack. Durable, heavy gauge wire keeps this toilet tissue stand in place when dispensing toilet tissue. The second toilet tissue bar holds an extra roll and there is a convenient magazine rack located at the bottom of the stand, making it multi-functional in use.

*Vanity Mirror*

Finished in a smooth vintage brown color, this vanity countertop mirror adjusts to any angle for easy viewing. The mirror flips smoothly between regular and 5x magnification and features a stylish, square base.

**Rosanna, Inc.**  
Dine + Design Expo

**S1672**

*Baroque Wallpaper Bath*

The Baroque wallpaper bath is one of Rosanna's newest additions for Holiday 2008. Gift boxed and ready to give, it takes bath accessories to a whole new level.

**Sprayco**  
Clean + Contain Expo

**N7130**

*Antimicrobial Toothbrush Holder*

A toothbrush holder with Microban built-in Antimicrobial Protection. It prevents the growth of germs and bacteria.

*Antimicrobial Soap Dish*

A soap dish with Microban built-in Antimicrobial Protection. It prevents the growth of germs and bacteria.

**Wayfarer Candle Company**  
Dine + Design Expo

**S4364**

*Mellome™ Body Melt Massage Candles*

All natural candles containing soy oil, shea butter, jojoba oil and hempseed oils. These candles are designed to be melted and applied to the skin as a massage oil or as a lotion.

**WestEnd Designs**  
Dine + Design Expo/New Exhibitor Area

**S5054**

*The CloverHolder*

The CloverHolder is a universal toothbrush organizer for the bathroom designed to store standard, bulky electric and children's character toothbrushes. It also stores other dental accessories like toothpaste and floss wands. The CloverHolder is available in a variety of colors and is dishwasher safe. It eliminates the messy cleanup of sinks, countertops and cabinets.

## **CLEANING PRODUCTS + STICK GOODS**

**Alumi-Nu Corp.**  
Clean + Contain Expo

**N8710**

### *Power Septic Treatment (Quarts & Gallons)*

The most powerful septic treatment on the market, it is environmentally safe and contains billions of natural bacteria. It is ideal for septic systems, drains, disposals, sewage treatment plants and restaurants. It devours fat, grease, detergents and body waste. It eliminates odors and cleans and restores the natural function of your septic system. The Power Septic Treatment can also be used in ponds to get rid of algae build up.

**Amcor Inc.**  
Wired + Well Expo

**L12147**

### *Active Air Aroma Remedies*

This silent-operation air freshener has a nightlight and offers a natural citrus aroma, which is soothing for asthma sufferers. Twenty scent packs are included.

**AP Products**  
Clean + Contain Expo

**N6543**

### *Septic Magic® Miracle Septic and Drain Treatment*

All septic tanks need to be kept clear. In the past, this required frequent pumping. Septic Magic® reduces the need for this costly maintenance. It digests, dissolves and liquefies all organic waste matter, paper, fibers, greases, and fats – anything that goes into septic tanks, removing unpleasant smells along the way.

### *Restore-A-Shine™ Miracle Car Wash Restorer*

Clean your car's exterior with this one-step restoring product. It even eliminates the need to towel dry once you have rinsed your car. Why use multiple products when this one can do it all?

### *Restore-A-Drain® Build-Up Remover*

Professional strength Restore-A-Drain® takes your slow, backed up household drains and gets them flowing freely again. You can remove organic build-up plaguing your bathroom, kitchen and laundry room sinks, or even your septic system in a safe, fast and easy manner. Avoid caustic removers that can damage your drain.

### *Restore-A-Stone™ Miracle Polish and Restorer*

This miracle polish and restorer reinforces the stone's penetrating sealers and is safe to use on most natural stones and ceramic tiles.

### *Restore-A-Stone™ Miracle Daily Cleaner*

This non-ammoniated cleaner is safe for everyday use. Ideal for both quick and deep cleaning on your natural stone and tile countertops.

### *Restore-A-Carpet™ Stain Remover*

Professional strength carpet cleaner that takes away the ugly spots and stains that mar the carpet, upholstery and other fabrics found in most businesses and households. This stain remover cleans and degreases spots and stains such as pet stains, soft drinks, dirt, cosmetics, oil, lipstick, coffee, grass, wine and much more.

### *Restore-A-Floor® Floor Cleaner*

This concentrated floor cleaner has been developed by professionals to freshen and maintain floors easily without having to rinse. It is specifically formulated for frequent cleaning of all sealed floor surfaces. Restore-A-Floor® cleans dirt, grease and scuffmarks without using harsh chemicals. There is no build-up, dulling or sticky oil residues like with other floor cleaners.

### *Restore-A-Cabinet™ Restorer and Protector*

Use Restore-A-Cabinet™ to protect your cabinets, paneling and finished wood furniture from the damaging effects of the sun's UV rays, food stains, water stains, fingerprints, wear, dust and dirt. It is easy to use and eliminates the need for weekly maintenance. The finish lasts for months!

*Restore-A-Shower® Shower, Tub and Tile Restorer*

Whether it's the bathroom or kitchen that suffers from the dingy layers of dirt that get left behind with everyday use, Restore-A-Shower® can help remove the build-up. Once the surfaces have been restored, regular use of this cleaner and deodorizer will help make it easier to maintain that shiny, new look.

*Restore-A-Floor® Restorer and Finish*

This commercial strength floor finish takes your tired, worn floor or surface and rejuvenates the finish in just one application. It works on all floors, cabinets, marble, stone, antiques, doors, paneling, wood, ceramics and much more. It reduces the need to replace floors, cabinets, etc. Dries to a brilliant durable shine.

*Restore Your Air™ Miracle Air Restorer*

Need something that really works on odors around you? This air restorer will relieve the air you breathe by actually removing the odor – not covering it up. The organic formula deodorizes instantly and refreshes the air in a room for up to 24 hours, and does not damage or stain any surface. It has a mild scent, is ozone safe and does not contain CFCs. Restore Your Air™ is strong enough to take care of offensive odors such as smoke, vomit, feces, mold and mildew. It is easy to use in any room of the house or office; it even works in your garbage can and on your personal gear.

**ARG Manufacturing, Inc.**

**S5228**

Dine + Design Expo

*Accidental Housewife Aluminum Spray Mop*

ARG teamed up with Julie Edelman, "The Accidental Housewife," to revamp the traditional mop and create a stylish, innovative and functional spray mop. This modern mop has a "kickstand" so it can rest upright anywhere, a swivel cleaning head with Velcro that allows for interchangeable microfiber cloth to be used with wet and dry cleaning. The mop also features a telescopic handle with a retractable hook to hang cleaning cloths and a two-position handle for easy storage. Also contains a detachable bottle that can easily be refilled with water or a cleaning solution.

*Accidental Housewife Designer Latex Gloves*

A small way to make cleaning less of a chore, and dare we say, pleasant. ARG's partner, Julie Edelman, "The Accidental Housewife," has found a way to add style and versatility to the traditional rubber cleaning gloves. Protect your hands in style, these strong latex gloves come in a variety of colors and designs.

**Casabella Holdings LLC**

**N8505**

Clean + Contain Expo

*Upright Sweep Sets*

Featuring a rotating dustpan handle for comfortable and efficient sweeping, the broom snaps onto the dustpan for storage. The Stationary Upright Sweep Set stores flat and the Covered Upright Sweep Set has a foot pedal that holds pan in place while sweeping.

*Swivel-It™ Line*

This line of floor mops contains four products with swivel heads that allow you to reach between and under low cabinets and furniture. The patent pending, well-designed swivel heads are sturdy and practical. The Broom has flared bristles for efficient sweeping and the Roller Mop has a 10" wide sponge head that covers a lot of ground in one swipe. The Microfiber Floor Cleaner has a special microfiber loop nap that attracts and holds dirt and dust and only needs water for powerful cleaning. The Terri Floor Duster XL has an extra-large surface that is perfect for dusting large rooms and the cotton terry head can also be used to wash or wax your floors. Both the floor cleaner and the terri floor duster are machine washable; refills are also available for these products and the broom.

*Spray Bottles – Contour & Clip-On*

The contour spray bottles are easy to hold, use and fill. The extra-wide mouth allows you to fill it with water or any of your cleaning solutions without spilling. Perfect for do-it-yourself, non-toxic cleaners with recipes printed on the bottle. It also has a calibrated measuring strip and holds 26-oz. of solution. The clip-on spray bottle clips on to your mop or broom pole for use or storage. It is perfect for spritzing microfiber mop heads and holds 14 oz. of solution.

*Onda™ Broom – Turquoise*

Designed by renowned designer Karim Rashid for Casabella®, this broom is available in six colors: white, periwinkle, lime, fuchsia, black and new turquoise. The broom stores conveniently in a free-standing dustpan.

### *Ergo Broom 2 & Dustpan*

The curved pole of this broom provides for a natural ergonomic position when sweeping. The quick release button gives the option of detaching the broom head to use separately. The handle has a soft comfortable grip and a dustpan clip on the bottom of the broom makes for easy storage.

### *Microfiber Dusters*

The Microfiber Chenille Long Duster reaches into narrow spaces. It has thick loops that attract and hold dirt and dust. This patent pending product has a machine washable sleeve. The Microfiber Filament Duster is perfect for dusting delicate objects. The fine filters reach in nooks and crannies to trap and hold dust. The duster has a hanging loop and is hand washable.

### *Sink Sider™ Sponges*

The specially designed suction cup holder keeps sponges within easy reach in your sink and is available in two styles. The Scrubby Sponges have a coral swirl pattern and are safe for non-stick cookware. The Soapy Sponges are infused with soap and are strong enough to clean grills and roasting pans. They should not be used on non-stick cookware. Refills are available in both sponge styles.

### *Dustpan Sets*

Available in a large, medium or small sizes. The large dustpan snaps on to most broom poles for storage. The medium and small dustpans have a brush that slides on to the dustpan for secure storage. All sizes feature a soft lip for more efficient dust pick-up and a hanging hole for convenient storage.

### *Buckets and Caddies*

The 4-gallon rectangular bucket has channels in the base to allow dirt to settle and keep water clean. The bucket has an interior calibrated measuring strip, pouring spouts and extra carrying grips on both ends. The caddy for the rectangular bucket holds and stores small and large bottles and all of the rest of your cleaning supplies. It is also perfect for garden tools, sewing needs and more. The caddy can nest inside the bucket and both come in two color choices: kiwi or mango.

### *Leather Clean & Renew Wipes*

Clean dirt, greasy film and smudges off of leather surfaces in your home. These wipes renew the natural beauty and feel of genuine leather. They feature an excellent formula for cleaning and renewing leather surfaces and come in a convenient resealable package.

### *Leather Protector Wipes*

Protect leather from stains by using this quick and easy wipe. The leather protector wipes improve stain resistance and cleanability while also keeping leather soft and supple.

### *Touch-Up Markers for Black Finishes*

Use on wood surfaces such as tables, chairs, cabinets and door casings to minimize the appearance of marks. These markers restore color to scratches and worn edges. They contain the same formulations of dyes that are used by color manufacturers. The color is fast and long lasting, and dries to the touch in a matter of seconds. These markers are for use on black finishes—gloss, matte and charcoal gray.

*Touch-Up Markers for White Finishes*

Use on wood surfaces such as tables, chairs, cabinets and door casings to minimize the appearance of marks. These markers restore color to scratches and worn edges. They contain the same formulations of dyes that are used by color manufacturers. The color is fast and long lasting, and dries to the touch in a matter of seconds. These markers are for use on white surfaces.

Wired + Well Expo

*Lotus® Sanitizing System*

Harnesses the power of nature to purify, sanitize and deodorize without chemicals for a healthier home and safer foods. Lotus® helps make your home cleaner and healthier with freedom from harmful toxins, bacteria, odors, fumes, chemicals, and residues. This counter-top appliance turns plain tap water into the world's most effective, chemical-free sanitizing system and deodorizer. The solution it creates is 3,000 times faster and 50% stronger than chlorine-bleach. The Lotus® Sanitizing System comes with a spray bottle attachment and a sanitizing bowl that is great for washing produce.

**Unelko Corporation**  
Clean + Contain Expo

**N8244**

*Unelko's 1-Step Clean & Shield*

Unelko's 1-Step Clean & Shield not only cleans surfaces, but also protects them with an "organic" barrier on which mold, mildew and bacteria will not grow. The unique barrier technology also protects surfaces from everyday soil, splatters and spills, making subsequent cleanings faster and easier. The patented, non-toxic and biodegradable formula requires no gloves, masks or protective eyewear that other cleaning products recommend wearing during use. Recent independent testing by the University of Arizona has shown that Clean & Shield kills 99.9 percent of e-coli, salmonella, noroviruses, the AD-14 common cold virus and MRSA, and prevents surfaces from becoming re-contaminated with these bacteria and viruses.

**Verilux, Inc.**  
Wired + Well Expo

**L11719**

*Sanitizing Sweeper with Verilux® CleanWave Sanitizing Technology™*

An innovative sweeper that vacuums and sanitizes your floors and upholstery, eliminating 99.9% of the germs, bacteria and allergens. Using advanced UV-C technology, developed for laboratory clean rooms and hospitals, the Sanitizing Sweeper's cordless convenience makes it the perfect addition to a truly clean home. Packaged in a stylish 4-color retail carton, the sweeper comes with multi-length shaft and an AC adapter/battery charger. The 1-year limited warranty covers the entire unit against defects in materials and workmanship.

*Sanitizing Wand with Verilux® CleanWave Sanitizing Technology™*

Finally, a convenient and attractive way to rid your home of disgusting dust mites, germs and bacteria, using advanced UV-C technology developed for clean rooms and hospitals. This wand is the totally portable and rechargeable tool for eliminating potentially dangerous allergens, bacteria and germs from baby rooms, kitchen counters, bedding, sofas and many other surfaces. Use it to disinfect toothbrushes, hairbrushes, razors and flatware. The wand includes a storage case and AC adapter/re-charger.

*Sanitizing Travel Wand with Verilux® CleanWave Sanitizing Technology™*

Even with clean towels and sheets, hotel rooms contain billions of germs, bacteria and viruses left by previous guests. Now you can guarantee the cleanliness of your room and other public places with the new Travel Wand. It easily packs in luggage or a handbag and is ready to eliminate germs and bacteria from bedding, counter tops, bathroom fixtures, telephones, computer keyboards, toothbrushes and razors.

Clean + Contain Expo

**N6928**

*The Wonder Multi-Purpose Spray Bottle*

The Wonder Multi-Purpose Spray Bottle is a patent pending spray bottle that has many unique features differentiating it from traditional spray bottles. First and foremost, is the large, side-fill opening, with this bottle there is no need to remove the trigger to fill. The bottle is designed to be a lot easier to fill with water, cleaning refills, powders, plant foods, etc. It is made to stand up to all chemicals and solvents and has an industrial strength trigger sprayer. The bottle is labeled in ounces and millimeters to provide for easy measuring and has a special spray or pour feature.

#### *Wonder Tablitz*

Wonder Tablitz are concentrated, effective, effervescent cleaning tablets that are packaged in a distinct patent-pending spray bottle with “built-in” refills. Wonder Tablitz is environmentally responsible by reducing plastic bottle consumption and disposal, as well as decreasing CO<sup>2</sup> emissions by not shipping full bottles of cleaner across the continent. Wonder Tablitz also offers a great value—each bottle is equivalent to three 32-oz. bottles of cleaner. There are four great cleaning products in the Wonder Tablitz line: Citrus All Purpose Cleaner, All-Purpose Cleaner with Bleach, Glass & Multi-Surface Cleaner and Fabric Refresher and Odor Eliminator.

#### *Closet Clarity*

Closet Clarity is a closet rod divider that instantly transforms a messy closet into an organized and functional space. It allows for customized organization by separating clothing into categories, giving each item a home. Closet clarity comes in a variety of stylish colors and patterns along with preprinted labels.

*Revolution 360. The Smart Board.*

HOMZ is introducing a revolutionary dual-sided ironing board. The board's surface rotates 360 degrees, eliminating the need to continually move and adjust shirts by hand. Its perimeter follows the contours of the human body, holding clothing taut for a quick and thorough process. Additional features include a safety iron rest, a convenient insert for ironing collars, cuffs and pockets, and handy pant clips to make pant ironing and creasing easier. Together, these user-friendly innovations provide a fast and professional level of ironing right at home.

**Polder, Inc.**  
Dine + Design Expo

**S3443**

*Polder Over the Door Ironing Board*

Specifically created for unobtrusive storage, the Over the Door Ironing Board features an exclusive streamlined design that allows the board to face outward against the door when closed, hiding the underside when not in use. The matte silver frame fits over any door and holds a pullout board that rests flat with one click of the safety locking tab. The ironing board has a generous 42"x14" surface, which is large enough to accommodate virtually any ironing task. It is designed with heavy-duty, solid-steel construction for ultra support and stability, helping the board to remain in place. When ironing is completed, simply lift upward to engage the locking mechanism, snapping the board back into place against the door.

*Empressa™ Digital Steam Press*

This revolutionary new steamer will forever change the way you iron. The pressing surface is more than 10 times larger than most hand-held irons and can reduce your ironing time by up to 70%. It can be used as a mini-fusing press with its even heat and quick bursts of steam that are great for setting fusing on collars, cuffs, jacket fronts, etc. Standard features include a powerful burst setting for stubborn wrinkles, digital temperature control and a safety alarm with auto shut-off.

*Pantman™ Digital Pant Press*

The easiest and quickest way to look your best, every day. To operate, simply load both pant legs onto the unit, close, select the right fabric setting and required time from the digital LED display and in minutes you will have a beautifully pressed pair of pants. This product is easy to use and comes with special functions such as an auto shut-off to protect your garment and prevent overheating.

*Steamboy*

Chemical-free cleaning is the safest way to clean your home, keep your family safe and protect our fragile environment. This steam mop is a delight to use; simply fill the removable water tank with water, plug it in and you are ready to clean with the power of steam. Steamboy is tough enough for any floor and job. Each unit comes with two cloth pads, a carpet glide and a replaceable water filter.

*Longboard*

The world's first and only 2-in-1 home ironing table. It features a generous ironing surface for regular ironing and an extension piece for oversized pieces like tablecloths and linens. It's a snap to install! The Longboard comes with two cover pads. For peace of mind, there is a heat- and fire-resistant insert at the end of the oversized cover so you can rest the iron on it directly. A catch tray on the Longboard also supports a steam station or a stand-alone iron.

*Home Ironing System – with CSS™ Technology and Anti-Calc Warning System*

The secret to getting a clean, crisp finish to garments is pressurized steam. Professionals have long known this and now home users will too. The J490A's pressurized steam gets into fabric faster, cutting ironing time in half. It also comes with Reliable's CSS™ (Continuous Steam System) technology, allowing users to refill their water tank while in-use. The J490A is also the first ironing system with an anti-calc warning system.

#### *G4 Series Professional Fabric Steamer*

Reliable has spent years developing their steamers with “real world” features that users have asked for, such as their 1300-watt brass element, a heavier, long-life PVC steam head, a wrap-a-round body so the water bottle won’t fall off, and the use of industry standard parts that are interchangeable with other brands. Once home users try the G4 steamer, they’ll understand why it quickly earned prominence in the industry.

#### *Digital Velocity*

A revolutionary and patented technology, Velocity incorporates an internal steam generator that produces more steam continuously (30g/min) than conventional irons. It makes steam and low temperatures compatible by producing steam inside the iron and not the heated soleplate, allowing users to iron directly on delicate and dark garments while still preventing that unsightly shine.

A lip on one side provides a secure grip for easy handling and flat edges allow baked goods to slide out easily.

**Cuisinart**  
Wired + Well Expo

**L12131**

*Cuisinart GreenGourmet™ Cookware*

Designed with exclusive Cuisinart Ceramica™ nonstick technology, the cookware features a petroleum-free, ceramic-based coating that is applied at a temperature one-half that of traditional nonsticks. The coating is also eco-friendly because it is water-based, unlike other coatings on the market that are solvent-based. In addition, the cookware has a scratch-resistant nonstick surface that won't peel. The packaging is made from 100% recycled materials and is printed using 100% soy ink. Other key green features are riveted stainless handles that are manufactured using 70% recycled stainless steel. Cuisinart's signature Stay-Cool handles are also designed with a V-shaped base so that heat dissipates, allowing the handles to stay cool even when the pan is on the stovetop. This cookware delivers high thermal efficiency and professional quality results. It is available in five open stock pieces: 12" skillet with helper handle, 11" square grill pan, 10" skillet, 10" round griddle/crepe pan and 8" skillet.

The mixes are all natural and do not have any added salt. They are designed for use in slow cookers and only use 2-3 fresh ingredients.

*Farmhouse Pantry Slow Cooker Soups*

Six new soups created for use in all slow cookers. The soups are all natural, simple and quick to make and have no salt added. Everything needed to make a great soup is included – vegetables, seasonings and either rice, beans, lentils or barley. You only need to add stock, meat and canned vegetables. The soups are available in popular flavors like Senate Bean, Pasta E Fagioli, Beef Barley, Split Pea, Thai Curry Lentil and Caribbean Black Bean

*Fruit & Wine Infused Balsamic Glazes*

Choose from six different varieties: Cherry Chianti, Fig Francesca, Peach Chablis, Pomegranate Port, Raspberry Merlot and Strawberry Zinfandel. These glazes are perfect for use as a finishing sauce for grilled meat, poultry and seafood. They are also great as a dessert sauce over fruit, pound cake or cheesecake, or even serve over paté or cheese.

*Finishing Sea Salt Grinders From Around the World*

A broad selection of finishing salts from around the world blended with a variety of herbs and spices. The sea salt mixes are packed in adjustable grinder jars that help release essential oils contained in the herbs and spices. Finishing salts are a chef's favorite, added to an entrée just before presentation. The blends are available in 10 varieties: Asian, Pacific Rim, Hawaiian, Smoked, French, Italian, Greek and BBQ.

*Cheese Hors d'Oeuvres: 50 Recipes for Crispy Canapés, Delectable Dips, Marinated Morsels and Other Tasty Tidbits*

Cheese, in its many glorious flavors and forms, is the inspiration for the simple, elegant recipes in the beautifully photographed book. Hallie Harron uses her expertise to create 50 hot and cold cocktail snacks, finger goods, hors d'oeuvres, and other savory tidbits such as Spicy Ale Fondue; Mini Swiss Pinwheels; Grilled Shiitakes with Taleggio; and Mascarpone, Hazelnut and Arugula Canapés. In addition, all the basics of how to cook with and serve cheese are covered in a thorough introduction that is perfect for beginners.

*The New Vegetarian Grill: 250 Flame-Kissed Recipes for Fresh, Inspired Meals*

This update of Andrea Chesman's James Beard Award-nominated collection of flavorful vegetarian fare includes 50 brand-new recipes and information on current techniques and equipment. Vegetarians and non-vegetarians alike will find inspiration with recipes such as Grilled Eggplant with Spicy Peanut Sauce; Vegetarian Reuben Sandwiches; Grilled Pears with Chocolate Nut Sauce; and Brie, Cranberry and Pistachio Quesadillas. There is incredible variety in chapters on simple grilled vegetables, appetizers and soups, grilled salads, sandwiches, burgers, kabobs, desserts and much more.

*Barbecue Bash: The Be-All, End-All Part Guide, from Barefoot to Black Tie*

No one throws a party like Karen Adler and Judith Fertig, and in this cookbook they prove that any special occasion is cause for firing up the grill. Dishes range from casual to elegant and are always delicious. Also included are 12 themed barbecue parties that feature menu options, drink recommendations and tips on how to create a festive atmosphere – from dishware and linens to flowers and music. Adler and Fertig take the guesswork out of entertaining so you can throw a memorable barbecue bash every time.

*You've Got It Made: Deliciously Easy Meals to Make Now & Bake Later*

Dianne Phillips is the go-to resource for easy, hot-from-the-oven, homemade meals that can be prepared in advance but still taste fresh and delicious. *You've Got It Made* features 150 recipes, including casseroles, quiches, gratins, pasta and grain dishes, potpies, breads, fruit cobblers, cookies and more, that can be completely prepped and assembled ahead of time, frozen or refrigerated, and baked just before serving. Each recipe includes detailed instruction on what steps can be done ahead of time and how to cook the dish when it's time to serve it. A complete introduction gives advice on the basic ingredients and essential equipment that every pantry needs for do-ahead success and provides helpful tips on food storage and kitchen safety.

*Kill A Watt PS*

The Kill A Watt PS goes beyond what you expect from a surge protector. Not only does it protect your plugged-in appliances, but it also allows you to see how much they are costing you. If that wasn't enough, the unit monitors and improves power quality. It has never been easier to keep your home theater system or an entire desktop computer safe, and to calculate your cumulative electrical expenses at the same time. This easy to operate unit will help you to forecast your expenses by the day, week, month or even year.

**Royal Sovereign International, Inc.**

**L12759**

Wired + Well Expo

*Bucketless Dehumidifier*

No heavy buckets of water to empty. No lifting. No mess. No spills. Homeowners can now truly "set it and forget it." The powerful pumping system can pump up to an amazing 10 vertical feet and condensation can be easily drained into a sink, drain or even out a window. Conventional dehumidifiers require that buckets be emptied 2 or 3 times a day. Since consumers generally empty buckets once a day, dehumidification power is reduced by 50% to 65%. A digital display is easy to use and the compact design easily blends into the décor of any home.

*Portable Air Conditioner ARP-5000 Series*

Powerful, full-featured performance is packed into this sleek, attractive design. The unit is self-evaporating, meaning no buckets to empty and no dripping water. It has a 24-hour timer, auto restart, 3-speed fan, EZ glide casters and a removable, reusable, washable air filter. A full function remote control allows you to control the air conditioner no matter your location in the room. A quick vent window kit is also included.

**Sanyo Fisher Company**

Other features include: 8 direct access menu keys (popcorn, potato, pizza, beverage, soup, dinner plate, fresh vegetables, frozen vegetables), 5 ending melody selections, quick on key, 10 power levels, weight defrost and speed defrost keys, kitchen timer, multi-stage cooking function and child lock out.

**Secure Air**

**S5256**

Dine + Design Expo/New Exhibitor Area

*SA1200*

Secure Air is dedicated to providing leading edge consumer products utilizing UVGI (Ultraviolet Germicidal Irradiation) technology to enhance the quality of life by creating a healthy germ-free environment in your home. This family of products is based upon a dual purifying/filtration solution that has been scientifically proven to eliminate 99.9% of airborne germs, bacteria, viruses, molds and allergens. A reusable, electrostatic filter cleanses the air of dust and particulates, the air then flows through our sealed UVGI Chamber where the 9-watt, TUV Certified, low energy UV-C emitter, irradiates the airborne pathogens leaving them harmless. The whisper-quiet fan allows you to cleanse and purify over 10,000 cubic feet of air per day. The unit is low profile, tip proof and does not generate harmful Ozone as a by-product.

**Tornado Alarm System, dba Proactive Alert Systems**

**S4667**

Dine + Design Expo/Inventors Corner

*Tornado Alarm System*

The Tornado Alarm System (TAS) monitors for tornado warnings and emits a siren to alert individuals when a tornado is approaching. Sized like a thermostat, it can be wall-mounted or sit on a table. It works similar to a smoke detector – except it monitors tornado activity.

*Vortex Heat® Solo™*

The unique Vortex Action of the Vornado Vortex Heat Solo delivers continuous, uniform heat to the room you are in, saving energy and money. Equipped with automatic climate control to eliminate hot and cold cycles, this product generates just the right amount of heat – maintaining comfort automatically. A unique one-knob interface puts all of the heater’s functions at your fingertips. An easy-to-read digital LCD display shows all of the user settings. Multiple safety features include a non-glowing heat element, automatic tip-over protection, automatic safety shut-off system and a grounded power cord. Its sleek design make is perfect for use in the home or office. It includes a remote control, easy-to-set timer and 2-year warranty.

*TouchStone™ Vortex Heat® 600*

Surround yourself in gentle, whole-room “blanket warmth” with this heater. Vornado’s unique Vortex Action delivers continuous, uniform heat to the room you are in, saving you energy and money. It is equipped with automatic climate control to eliminate hot and cold cycles and a thermostatic remote control that can be placed anywhere in the room and sense the heat around it. It then communicates this with the heating unit to monitor and maintain a more consistent room temperature. An interactive touch screen control panel allows precise control and ease of use. This model is designed and engineered to resist heat build up, keeping the case cool to the touch. Multiple safety features include a non-glowing heat element, automatic tip-over protection, automatic safety shut-off system and a grounded power cord. Multi-media construction and a sleek design make it perfect for use in the home or office. This unit comes with a timer and 2-year warranty.

*Flippi*

An innovative personal air circulator with chic style. This product powerfully circulates the air around you and when it is not in use, can fold down to conceal the fan. The moveable head “flips” 180 degrees up and down allowing you to adjust the unit to meet your circulation needs. The base also pivots left to right to allow more air comfort options. Available in three sizes, Flippi comes in trendy colors perfect for personalizing your space. The smallest size, the V6, is available in Raindrop Green, Midnight Blue, Raspberry Pink and Passion Red. The medium, V8, is available in Black and the large, V10, is available in Ice White. The deep-pitched blade, ducted airflow and focusing AirTensity grill projects a beam of air 20’ – 40’, depending on the model. The sleep design and high gloss finish makes it a contemporary addition to the living room, kitchen, office, child/teen’s room or dorm room. The different models offer a variety of speed and oscillation functions.

*Air Softening Evaporative Humidifier*

This unit delivers cool-mist comfort during dry, harsh seasons by quietly humidifying and circulating the air throughout an entire room. You’ll feel refreshed as it improves your overall comfort, helping you sleep easier and breathe easier by moisturizing dry skin, lips, nose and throats. User-defined settings allow you to choose your desired humidity level. Two fan speeds and a built-in humidistat provide precise humidity control. The Air Softening Evaporative Humidifier also recovers and circulates heat off the ceiling for even room temperature. Its functional design makes it easy to live with and its 1.5-gal. water capacity permits uninterrupted 24-hour operation.

*Air Softening Ultrasonic Humidifier*

The Air Softening Ultrasonic Humidifier delivers comfort during dry, harsh seasons by quietly humidifying and circulating the air throughout an entire room. You’ll feel refreshed as it improves your overall comfort, helping you sleep easier and breathe easier by moisturizing dry skin, lips, nose and throats. The unit gives you the option of cool or warm-mist to meet your humidification needs. Antimicrobial protection includes a germicidal-treated water tank and anti-bacterial treated plastics. A mineral cartridge is also included to reduce water hardness, thus reducing white-dust. Easy to operate, this humidifier features push-button controls and an LCD digital readout. The built-in humidistat provides precise humidity control and built-in reminders assist in user operation. The humidifier also recovers and circulates heat off the ceiling for even room temperature. Its functional design makes it easy to live with and its 2-gal. water capacity permits uninterrupted 24-hour operation.

*Ergonomic Foot Rest with Warm & Cool Settings*

Warm or cool your personal space to your preferred comfort level. This compact unit features high heat and fan only settings for year-round use. It fits perfectly under a desk or in front of your favorite chair at home. It promotes good seated posture by elevating the knees, forcing the lumbar region of the back in to proper curvature. The direct heat from the surface also stimulates circulation in the feet and lower legs. Surface bumps provide soothing massage for tension relief at work or relaxation at home. Larger surface bumps along the side of the foot rest allow you to target certain areas of your foot for a deeper massage. The classic black color fits well in any décor.

### *Ergonomic Foot Rest Plus with Warm & Cool Settings*

This compact unit features high heat, low heat and fan only settings for year-round use in the home or office. It fits perfectly under a desk or in front of your favorite chair at home. It promotes good seated posture by elevating the knees, forcing the lumbar region of the back in to proper curvature. The direct heat from the surface also stimulates circulation in the feet and lower legs. With the option of warm and cool settings, you decide what comfort level is best for you at any particular time. An automatic timer is included for added safety and convenience. It will automatically turn off after running for four hours, giving you peace of mind should you forget to turn it off before leaving your house or office. Surface waves provide soothing massage for tension relief at work or relaxation at home. The classic black color fits well in any décor. Low-wattage consumption makes it office-friendly – avoiding circuit overloads.

### *Teach Me Time! Talking Alarm Clock & Nightlight*

An adorable child's bedside alarm clock, time-teaching tool and nightlight all in one. For children just out of the crib, this clock features a dual-color nightlight that changes from soft yellow at night to green in the morning when it's "Ok to wake." A built-in interactive, talking game is designed to teach school age kids to tell time on both analog and digital clocks. Older kids learn time management with their very own, easy-to-use alarm clock.

### *Füri® Rachael Ray Young Cooks Cutting Sets*

Three sets feature cutting tools and accessories designed specifically for smaller hands. The first set features one of Füri's newest knife designs, Füri® RR Tadpole® with Blade Guard. Tadpole's handle design was developed so young hands can grip over the top of the blade for great control. The rounded top and blade guard also help improve safety. To further reduce the risk of cutting injuries, a green cut-resistant glove made from polyester woven with stainless steel is included. The Füri® RR Young Cooks Set #2 features a rounded-tip paring knife, serrated knives with blade guards and a red cut-resistant glove. The Füri® RR Young Cook's Cutting Accessories Kit features green and red cutting boards and child's size shears, intended for even the youngest cook. A portion of the proceeds from each sale will be donated to Rachael Ray's Yum-o™ organization, a nonprofit organization that empowers kids and their families to develop healthy relationships with food and cooking by teaching families to cook, feeding hungry kids and funding cooking education and scholarships.

*WeeMinder™ Potty Training System*

Developed by Heidi Santiago, teacher and mother of five, this breakthrough potty training system takes the frustration and rigor out of potty training and accelerates the child's training process by adding an element of fun for both parent and child. The WeeMinder™ Potty Training System consists of a children's storybook, DVD and a wearable, wristwatch-like WeeMinder™ musical reminder. The musical watch reminds both child and parent, at regular controlled intervals, that it's time for the child to make a trip to the bathroom. All of the components work together to help develop muscle memory. The consistent training removes stress by reducing accidents in potty training sooner and more successfully, further aiding in the development of the child's independence, pride and self-esteem.

*Lil Rinser*

Lil Rinser is a new solution for washing children's hair. It uses "Rinse & Run Technology" to create a water-tight seal and the soft rim contours gently to fit a child's head. Adults press Lil Rinser against the child's forehead and above the ears to create the water tight seal and then pour an unlimited amount of water onto the child's head while holding it gently against the child's forehead. The soft rim channels the water away from the face and over the head and hair. A convenient and comfortable soft grip handle allows parents to hold the Lil Rinser in place.

Wired + Well Expo

*Sam the Cooking Guy® FlipGrill™ by Aroma*

Sam the Cooking Guy, of Discovery Health's *Just Cook This*, and Aroma Housewares have teamed up to bring you the all-new Sam the Cooking Guy FlipGrill™. This triple-duty grill, griddle and Raclette maker is perfect for everyday use and fun enough for a lively get-together. It's a griddle for morning pancakes. It's a grill for sandwiches and shish kabobs. And the six individual Raclette trays insert for a one-of-a-kind social meal. Featuring a "how-to" DVD and over a dozen recipes from Sam the Cooking Guy, there's no better gift item for 2008.

*The Forté™ Series by Aroma*

Introducing Forté™ by Aroma, a brand new line of high-quality kitchen appliances. Functional and elegant, they feature quality craftsmanship, top-of-the-line performance, sleek styling and the latest in modern conveniences. The line includes the one and only Rice Pasta Gourmet™, a digital countertop oven, cordless electric kettle and more.

*Pasta Plus™ - Noodle Cooker & Kettle*

The perfect item for the back-to-school season, the Pasta Plus™ noodle cooker and kettle from Aroma is a stove-away-from-home. Its unique slide-in colander allows you to easily cook noodles for instant side dishes. It simmers soups and

stews. It quickly boils water for tea and hot cereals. It even keeps foods warm! This compact stainless steel appliance with built-in safety features is great for dorms, offices and traveling.

*Stainless Steel Double Buffet Server*

This new unit adds elegance to the latest in home entertainment trends. Housed entirely in brushed stainless steel, it features high-dome transparent lids with convenient spoon slots. Each of the dual compartments holds a generous 2.5 liters (that's over 14 servings), or they can be removed for use as a flat warming tray. And the fully adjustable temperature control caters to the needs of every home cook. When the meal is over, the serving compartments and lids go straight into the dishwasher for easy cleanup.

Wired + Well Expo

*Die-Cast Smart Toaster™ (2 & 4-Slice)*

This toaster is made of die-cast metals resulting in durability and a more refined finish. An LED panel illuminates according to the selected setting on the variable browning control. The display acts as a toaster progress indicator, counting down how long is left in the toasting cycle and beeps when the cycle is complete. An internal smart chip lowers the bread into the toasting slots with a single touch. The innovative Auto "Lift and Lock" feature automatically raises the bread carriage during toasting without canceling or resetting the cycle. The toaster also has specific functions for defrosting bread and toasting bagels.

*Die-Cast Programmable Espresso Machine*

This unit offers a convenient choice between manual operation and the intelligent programmable function that can be personalized with the user's favorite espresso setting. An espresso pressure gauge assists in obtaining the most favorable extraction pressure and the hot water wand allows the machine to also be used to make tea, hot chocolate or other warm drinks. The commercial style swivel steam wand enhances the froth of your drink and the energy saver feature will put the espresso maker into 'power save' mode after an hour and will automatically shut it off after three. Other features include a 72-sq. in. solid steel warming tray and a 75-oz. removable water tank.

**Cuisinart**

**L12131**

Wire + Well Expo

*Cuisinart PowerAdvantage™ Hand Mixers*

Cuisinart's two new hand mixers can handle virtually any culinary task, from mixing the toughest cookie dough to whipping delicate egg whites. The mixer is available in 7- and 5-speed models, boasts 220-watts of power with automatic feedback, which delivers an extra burst of power for more challenging mixing tasks. Other key benefits include an easy-to-use speed control, beater eject lever and a swivel cord for right- or left-handed use. The beaters in this

line feature an elongated shape, which provides the added benefit of self-cleaning and helps aerate ingredients. Both mixers are available in white and are backed by a limited 3-year warranty. The 7-speed hand mixer also has a one-step power switch and a SmoothStart® function with three low mixing speeds to eliminate splattering. The mixer also comes with a professional chef's whisk attachment.

*Cuisinart Mini-Prep® Plus 4-Cup Food Processor*

This food processor allows home cooks to handle bigger food prep tasks with a compact machine. Cuisinart's new 4-cup food processor is designed with the same signature features available in the DLC-2A Mini-Prep® Plus, with the added benefit of a larger capacity workbowl. Other core benefits include the Auto Reversing Smart Blade™, which makes it easier to process both soft and hard foods; a stainless steel blade with sharp and blunt edges; easy-to-clean touchpad controls; and dishwasher-safe parts. In addition to a wide range of convenience features, the processor has a sleek design with a brushed metallic finish that adds a touch of elegance to the countertop.

*Cuisinart Programmable Slow Cookers*

Cuisinart's Programmable Slow Cookers are designed with digital technology that makes it even easier for consumers to create savory homemade meals. The programmable slow cooker is available in two models: a 4-qt. unit and a family-sized 6.5-qt. unit. Both slow cookers feature a 24-hour programmable cook time and digital countdown timer. The slow cookers have three cooking modes, with a feature that automatically shifts to "Keep Warm" once cooking has finished. Other features include: a touchpad control panel with LCD timer display and a cooking rack for use with ramekins or other bakeware. The slow cookers feature brushed stainless housing, dishwasher-safe glass lids and ceramic cooking pots and limited 3-year warranties.

**Fagor America, Inc.**

**S3425**

Dine + Design Expo

*Fagor Portable Induction Cooktop*

Fagor's new cooktop provides the fastest, safest and most efficient cooking experience you can have. It uses 90% of the energy it produces, which saves energy and money. With Induction, there are no flames, heating elements or gas emissions and the cooking surface surrounding the pot stays cool to the touch making it an extremely safe portable solution. The cooktop provides precise and instant heat and cooks 50% faster than gas and electric. This versatile indoor/outdoor cooktop is great for entertaining; use it as a stylish, elegant centerpiece on the table, for outdoor parties or in the kitchen as an extra cooking zone. It is compact and lightweight for easy transportation.

*Fagor Electric Multi-Cooker*

This new multi-cooker is a pressure cooker, slow cooker and rice cooker all in one. The versatile 3-in-1 electric cooker can be used as a pressure cooker to cook foods in up to 70% less time while sealing in nutrients and vitamins; or as a traditional slow cooker with flexible programming up to 9½ hours; or as a rice cooker for perfect rice dishes. It also features a brown and warm function for a truly one-pot cooking experience. The self-locking lid has an automatic pressure release setting and will not open while there is pressure inside the cooker for safety and convenience. The 6-qt. removable cooking pot is dishwasher safe and non-stick coated for easy clean up.

*Nostalgia Electrics™ Retro Series Kettle Popcorn Maker*

Create fresh and delicious popcorn in the family room, at fundraisers, parties or even barbecues! With a retro design reminiscent of old time diners and movie theaters, this Kettle Popcorn Maker features a large, 2 oz. stainless steel kettle with a built-in stirring system. The traditional hot oil kettle perfectly pops up to one gallon of popcorn per batch. Tempered windows and a warming light keep the popcorn at the perfect temperature for enjoying.

*Nostalgia Electrics™ Retro Series 18-Can Vending Machine*

A soda machine that holds and refrigerates up to 18 cans within its cool retro design. This vintage looking vending machine dispenses cans with the push of a button. Simply select the compartment with your favorite beverage, push the button and down it drops into the dispenser, just like a full-sized soda machine. An easy-load door allows users to refill the machine with 18 cans of their preferred soda or beer, making it totally portable and the perfect size for tabletop convenience.

*Nostalgia Electrics™ Retro Series Automatic Martini Shaker*

An engaging retro look brings back the style of the 1950s with a revisited contemporary touch. The new Martini Shaker is the best way to create the perfectly mixed cocktail. Pour your favorite ingredients into the glass and simply press a button to start the shaken-not-stirred action. With a removable cap and an easy pour spout, this product effortlessly makes a martini or cocktail without the hassle of hand shaking.

*Nostalgia Electrics™ Dough-Nu-Matic Doughnut Maker*

Make freshly baked doughnuts in no time at all! This automatic doughnut maker forms, fries and drains the dough, making a dozen delicious mini doughnuts in less than 10 minutes. A fun, eye-catching draw at parties, fundraisers and social events, the Dough-Nu-Matic allows guests to create their own personalized doughnut by topping it off with their favorite sugars or frostings. The oil fryer is securely enclosed to keep cleanup to a minimum and the cooking temperature can be easily adjusted to each user's individual taste.

*Nostalgia Electrics™ Retro Series Hotdog Roller*

The Retro Series hotdog roller is a fun way for guests of all ages to enjoy a frankfurter. This unit holds up to eight regular sized hotdogs or four foot-long hotdogs at a time.

*Nostalgia Electrics™ Retro Series Hot Air Popcorn Maker*

The Retro Series popcorn maker is a replica of the old-fashioned, diner-style units of the 1950s. This convenient, tabletop-size electric popper uses hot air instead of oil, producing a deliciously healthy snack.

#### *Retro Series Ice Maker*

Just fill the reservoir with water and make ice every 15 minutes. This ice maker can make up to 26 lbs. of ice in a 24-hour period. The internal ice storage basket conveniently stores up to 2 lbs. of ice at a time.

#### *Sanyo Refrigerator*

Sanyo has added two new designs to their refrigerator line-up. The SR-A2480 is a mid-size refrigerator with a 2.4 cu. ft. capacity, which comes in all-white, all-black or platinum/black combination. The SR-A1780 is a cube refrigerator with a capacity of 1.7 cu. ft., it is available in white or black. Features include: smooth back design to eliminate unsightly coils, reversible round door, coated wire slide-out shelves, adjustable mechanical thermostat dial control, 2-liter bottle door storage, half-width freezer compartment, ice cube tray and 2 leveling legs.

#### *Indoor Barbecue Grills*

Introducing two new indoor barbecue grills for healthier cooking. Grilling is good for your health as the fat drains away from the food that is cooking. A removable drip pan ensures virtually smoke-free cooking. The HPS-SG2 features an 850-watt heating element and a large 120 sq. in. cooking surface. The HPS-SG4 features a 1300-watt heating element and an extra-large cooking surface (200 sq. in.). One third of the cooking surface is a griddle, while the remaining area is a traditional grill. Both have easy to clean coating and adjustable temperature control with indicator light. Food will be tasty and seared like a traditional outdoor barbecue.

#### *Sanyo Electric Kettle*

This product features a 1.8-qt. capacity and 1500-watts for fast heating of water for making tea, instant coffee, baby formula or instant noodles. A blue LED interior light that shows through the water gauge window allows the user to see the amount and boiling stage of the water. A 360° swivel base with cord storage makes the unit convenient for dispensing. Safety features include concealed heating element, auto-stop boiling, boiling dry protection and push-button lid.

#### *5-Slice Toaster Oven*

The Sanyo SK-WA2S is a five-slice toaster oven with compact, designer styling. Upper and lower U-shaped quartz heating elements produce 1300 watts and provide rapid and uniform heating throughout the oven. With a simple twist of the cook knob, five heat settings can be activated. There are special settings for toast and pizza, upper or lower element only and Keep Warm. A 15-minute mechanical timer can be set to the desired cooking time to activate the heating elements or to use a kitchen timer for other tasks. A special crumb-catching door cover eliminates many of the crumbs that sometimes land on the counter. A fine wire mesh rack ensures even toasting and the removable oven tray can be cleaned easily.

*Zutto® Pop-Up Toaster*

Complimenting the new Zutto® line, this toaster accommodates a variety of breads and comes complete with an attractive steel cover that aesthetically enhances the countertop while protecting the inner components of the unit when not in use. The toaster features an adjustable browning control, a defrost function and a slide-out crumb tray for quick and easy cleaning.

*Induction Heating System Rice Cooker & Warmer*

This cooker utilizes Induction Heating (IH) technology to efficiently provide high heat. It features a dent-resistant plastic body and space-saving sleek design. Multiple menu cooking options include white/mixed, sushi, porridge, sweet, brown, quick and rinse-free. Other features include detachable and washable inner lid and an LCD control panel with clock and timer. The rice cooker is available in a 5.5-cup size and a brand new 3-cup size.

*Micom Electric Boiler & Warmer*

Enjoy the convenience of consistently hot water at the touch of a button with this new unit. This product has an attractive champagne gold finish and is also very easy to clean. With four-keep warm temperature settings, even the most discerning tea drinker is assured of the perfect cup of tea every time. An energy saving timer function automatically turns off the boiler at a set time to save electricity. The wide window water level gauge and LCD panel allows the user to see the water level and actual temperature at a glance.

### *Gourmet Roaster*

A convenient way to roast fish and other foods, such as pork chops, chicken or steaks. An extra-wide rack accommodates large fish and meats of up to 13" in width. The roaster provides even cooking from top and bottom heating elements. It includes a timer and disassembles for easy cleaning. A catalytic filter reduces smoke and odors.

### **Waring**

**L12142**

Wired + Well Expo

### *Waring Professional Convection Ovens*

Bringing a new standard of power to countertop cooking, this line offers two size ovens: a 1.5 cu ft. model that can accommodate a half-sheet commercial baking pan and a .9 cu ft. model that accommodates a quarter-sheet commercial baking pan. Both ovens feature 1700-watts of power and a 120-minute timer and are designed with an extremely accurate thermostat that regulates the temperature so foods cook more consistently. The products feature a fan that circulates air around the entire oven rather than straight at the food to ensure even heat distribution without overcooking food items at the back of the oven. The 1.5 cu ft. unit comes with four shelf positions and provides five different cooking methods—conventional baking, convection baking, rotisserie, roasting and broiling. It can hold up to 9 lbs. of meat. The .9 cu ft. model has three shelf positions and offers the same cooking functions as the larger model and can hold up to 7 lbs. of meat.

### *Waring Pro™ Bar Blenders, WPB Series*

Waring is expanding its line of WPB professional bar blenders with four models that have a powerful, commercially rated motor and feature larger, 48-oz. polycarbonate carafes with 2-oz. measuring lids and a heavy duty metal base. The blenders are available in four finishes: brushed chrome, bony, chili red and chrome. Other features include simple two-speed toggle switch operation, easy to clean removable blade assembly and easy to read English and metric graduations.

### *Water Week*

Save money, time and the environment with these trendy, refillable 16-oz. water bottles. They come with a tray for easy filling and storage in the fridge.

### **Bodum USA, Inc.**

**S410**

Dine + Design Expo

#### *Chambord Stovetop Espresso Maker*

This stylish unit brews quality, delicious, authentic espresso in practically no time at all. It features stainless steel construction while embodying the classic design elements of the original Bodum Chambord Coffee Press. The lower chamber of the unit is slightly broader than the upper chamber, which has the distinctive Chambord domed lid. The handle is made of durable, heat-resistant black Bakelite, giving the product a retro feel that will look great in any kitchen. This coffeemaker is available in three sizes, 3-cup, 6-cup and 12-cup.

#### *Veneziano Double Wall Cups with Saucers*

This innovative set makes drinking your favorite beverage even more enjoyable. The stainless steel saucer reflects the color of whatever drink you choose. The double wall cups are made of heat-resistant, ultra-light borosilicate glass. The special double wall thermal effect helps drinks stay hotter longer while still ensuring the glass stays cool to the touch. This fresh new cup comes in three perfect sizes and is microwave and dishwasher friendly.

#### *Chambord Coffee Press with New Press System*

New production technologies have made it possible to revolutionize the press filter system – now you can stop the coffee brewing process with one easy push of a plunger. The original Chambord has evolved to include a filter that can be entirely removed from the glass carafe without leaving any ground coffee behind, it can also be opened at the bottom to release the grounds easily into the trash. The filter is made of stainless steel with extremely fine holes so coffee grounds don't escape, insuring that only the essential coffee flavors are released in the carafe. The filter is dishwasher safe.

#### *BIASCA Iced Tea Jug*

This distinctive BIASCA Iced Tea Jug is named after a small town located in the south of Switzerland where it gets unusually warm during otherwise chilly summers. The jug is designed for cold-brewing green tea; it features a filter integrated into the lid that keeps tea leaves in the jug when pouring tea. The BIASCA is easy to use, simply place a desired amount of green tea leaves in the jug and fill with cold water, let steep over night and add ice cubes and sugar as desired the next day. Additionally, the jug can be used to create refreshing infused water drinks and the lid sits tightly on the jug's opening to properly store beverages.

#### *CANTEEN Double Wall Glass with Glass Tea Infuser*

The famous Bodum double wall glass design is coupled with a tea infuser, perfect for all types of tea. The double wall design of the CANTEEN glass creates an effective layer of insulation that keeps tea hot for a longer period of time while the outside of the glass remains cool to the touch, keeping your fingers from getting burnt. The tea cup infuser set is perfect for all types of loose leaf tea and it allows you to view the tea while it brews and develops rich colors and taste. The filter containing tea leaves can be removed and used again to re-infuse the same quality loose leaf tea. The lid retains the heat in the cup while the tea brews and also acts as a saucer when the filter is taken out.

### **Boiling Minder, LLC**

**S1458**

Dine + Design Expo

#### *The Boiling Minder*

A new countertop tool that will eliminate stove-top boilover. Its unique design allows it to be used with any sized pot. Whether boiling pasta, potatoes, oatmeal, rice or anything else you boil on the stove, this product will keep it from boiling over. The Boiling Minder blows a light stream of air across the liquid to eliminate the steam that causes the boil over.

*6 Most Useful Kitchen Brushes with Portable Organizer Set*

This organizer includes some of the most useful brushes in your kitchen. The tough plastic bristled brush scrubs non-stick and coated pots and pans. The steel bristled brush cleans steel and aluminum pots and pans. The glassware brush has an extra-strong tip and will make glasses spotless. The non-woven padded brush cleans the insides and outside of small and big appliances. The wide-faced brush removes stuck-on food from plates before placing them in the dishwasher. And the versatile foam brush washes goblets, thermos bottles and coffee pots. The all-inclusive brush kit will be a staple in your kitchen!

**Built NY**  
Dine + Design Expo

**S3247**

*New Colors*

Built, known for adding edgy colors to its extensive line of neoprene totes, is expanding its color palette to include more brights and additional pattern options as well as new colors for hardgoods, such as the Wine Ratchet and Ice Bucket. The new colors include outside/inside contrasting hues: fiery orange/duffel green, lake blue/brown, moss/lake blue, olive/evergreen, soho stripe/rust, wood grain black/slate. Hardgoods colors are black, leaf green, ski patrol red, black chrome and red chrome.

*Ice Bucket*

This 3-qt. ice bucket is made of the same polyurethane foam that's in home freezers, which keeps ice cold for hours and eliminates condensation on the outside. Durable and lightweight, the ice bucket includes stainless steel tongs that store in the lid and double as a handle. The molded side knobs offer easy portability. It comes in black, ski patrol red and leaf green.

*Fugo Lunch Tote*

Carry your lunch in style with the next generation of lunch carriers. This dual-compartment tote insulates food and beverages for up to four hours, combining the convenience of a tote with the stretchiness of neoprene to accommodate even super-sized lunches. The lunch tote has soft-grip handles, stores flat and comes in three color and pattern combinations: black outside/khaki inside, ski patrol red outside/pacific green inside and dots outside/powder blue inside.

*Tortuga Lunch Tote*

Carrying soft-skinned fruits like peaches and plums to lunch is no longer a potential messy issue with the Tortuga Lunch Tote. A semi-firm EVA exterior wraps around an interior neoprene panel to protect even fragile fruits and sandwiches from everyday knocks and bumps. The tote insulates hot or cold foods and beverages for up to four hours, has soft-grip handles and folds flat for easy storage. It comes in several solid color or patterns, including black outside/khaki inside, ski patrol red outside/pacific green inside, dot pattern outside/powder blue inside and soho stripe outside/rust inside.

*Market Totes*

Available in three sizes, these lightweight, versatile totes are both stylish and durable, and made of extra-thick neoprene to insulate and protect belongings. Whether used as a lunch bag, a plastic bag alternative or a general carry-all, these multi-functional totes will stretch to fit. Sizes include: 10.5" x 12.5" x 6.5"; 12.5" x 15" x 8.5"; and 15.5" x 16.5" x 8.5". The smallest tote can double as a lunch bag. Each tote has soft-grip handles, is stain-resistant and machine washable.

*Bottle Slinger*

The Bottle Slinger stretches to fit 24-oz. bottles and insulates for up to four hours. The soft sling handle makes transporting easy and comfortable. A seam on the base keeps the bottle upright. It is stain resistant and machine washable.

*Wine Ratchet*

The Wine Ratchet is a corkscrew that was design-inspired by a wrench. Constructed from lightweight rubber, a fixed stainless steel screw bit ratchets into the cork as the ergonomic handle is turned, resulting in a satisfying pop sound when the cork is extracted. The Wine Ratchet has an ergonomic rubber-covered metal handle, rubberized foil knife with stainless steel tip, fixed 1-5/8" wire stainless steel screw bit and comes in a storage container. Available in black or green.

*Biodegradable Dish Drainer, Cutlery Tray & Sponge Holder*

This new line of kitchen organizers is made from bioplastics, a new generation of biodegradable and compostable products derived from cornstarch. A true “green” product, it is being certified for compostability under standards set by international organizations. The dish drainer has a pour spout on one end for easy draining. The cutlery tray keeps flatware and utensils organized and the sponge holder conveniently holds your soap and sponge.

*Sink Siders™*

A line of sink storage containers that feature soft liners and drain holes to prevent water from accumulating. The faucet sponge holder has an adjustable strap that fits around most faucets and keeps it in place. It holds your sponge and dish brush within easy reach. The soap dispenser holds 13 fl. oz. of hand or dish soap and conveniently stores your sponge (included). It fits perfectly on the narrow back of a sink. The suction cup sponge holder holds both a sponge and dish brush by using two suction cups to securely adhere to stainless, porcelain or stone surfaces. The sponge and ring caddy holds a sponge, bar of soap and rings, and it too fits on the narrow back of a sink.

*Direct Entry Timer*

This easy-to-use timer is the first with an 8-second visual pre-alarm followed by a staggering audio alarm sequence and flashing visual display panel. The direct entry function is easy to use; just enter the desired time using the numbered keys found on the timer. Ergonomically designed and just 3.3-oz. for easy portability, it features a beautiful brushed metallic finish with black accents, and raised easy-touch keys that are comfortable to press and easy to clean. The timer uses a red flashing light in addition to sound to alert the user for broad audience appeal. The hearing-impaired represent a natural audience for this product because of its capacity to operate on a visual basis. Once the desired time is reached, the display counts up after zero for an accurate reading of the number of seconds that have passed since the time was reached. The timer features your choice of a magnet, stand or loop for hanging.

*Dual-Sensing Probe Thermometer/Timer*

This thermometer is the first in the CDN line to simultaneously measure the temperature of the oven and the temperature of the food being cooked. Ideal for monitoring roasts and other meats in the oven or on the barbecue, it combines two tools in one for efficient cooking, flavorful results and food safety. It allows the user to program desired settings for the probe and the oven temperature, and then it provides instant read-outs of both internal food temperature and ambient oven temperature during cooking. The unit offers two distinct sounds for when the oven temperature is reached and when the food is done cooking to perfection. The 39” sensor cable is high-heat resistant for greater durability and functionality and the stainless steel probe is 6¾” long to accommodate any size roast or bird. The thermometer features 2-way mounting with either a magnet or a stand.

*CIA Masters Collection™ Hyde Park® Cutlery 2-Piece Carving Set*

A classic pairing of the Hyde Park 10" Slicing Knife and 5½" Carving Fork. The set empowers users with instant carving skills, and offers CIA-approved features and benefits including no-stain German steel construction, the patented "Balance Forward" knife handle design that provides a secure and comfortable grip, and a long, narrow blade designed to cut precise and even slices. The carving fork features long, strong tines and sharp, piercing tips to keep meat and poultry in place when carving and assist in lifting, turning and serving meats.

*CIA Masters Collection™ Bamboo Cutting Board*

An essential tool for an efficient and smart home kitchen. The cutting board is 13"x18"x¾" thick, providing ample space for slicing and chopping fruits, vegetables, meats and poultry and reinforced with silicone bands to prevent the cutting board from slipping and protect against any accidents while cutting. Additionally, bamboo is an environmentally-friendly renewable resource which is harder and more durable than maple, but gentler to a knife's edge than other hardwood surfaces.

*CIA Masters Collection™ "Mise en place" Bowls with Silicone Covers*

These multi-use bowls are ideal for preparing and holding measured ingredients, serving sauces, dips and condiments and storing leftovers. Designed with the home chef in mind, the high-polish interior allows ingredients to easily be removed and the bowls are microwave and dishwasher safe.

*CIA Masters Collection™ 10" Stainless Steel Locking Tongs*

Ergonomically designed with a shallow channel for a comfortable, secure grip, the locking tongs feature scalloped ends that firmly grip food for controlled turning, lifting and serving of meats, poultry, shellfish and vegetables. The tongs lock easily for space-efficient storage and are made of professional quality 18/10 stainless steel for exceptional durability.

*Zyliss Paring Knife (With Cover)*

Zyliss introduces two knives that are both crafted of superior quality Japanese steel and anchored by a soft touch, comfort grip handle to maximize precision and control. Soft, delicate skins from tomatoes to stone fruit get a clean cut from these paring knives – which also slice cleanly through tough-skinned foods like salami with ease. For fine blade work or to trim through fat or gristle choose either the 3.5" or 4" serrated blade. The secure-grip handle ensures safety and control and contemporary colors are inspired by nature and a designer's touch. Both knives come with blade covers for extra safety.

*Zyliss 5-Way Opener*

Unlock the secret to unsealing machine-sealed caps with an ingenious 5-Way Opener by Zyliss that is destined as the essential helping hand at home, in the car or at an event. Use the Opener's lifter to break the seal of a jar lid, pop off bottle caps, lift up soda can pop tops, unseal machine-tightened water, sports and soda bottle caps or remove pull-tabs. Improved ergonomics makes this the go-to kitchen essential for every age and is the must have item at barbecues, parties, sporting events, holidays or just everyday use. The Opener is dishwasher safe and comes in three contemporary colors: green, red and black.

#### *Zyliss Herb Snippers and Zyliss Kitchen Shears*

The Herb Snippers don't bruise or harm fresh, "living" greens like herbs and lettuces cut straight from the vine or stalk. Its fine, delicate stainless steel precision blades bring the bounty of the garden to the meal. Prep herbs with the Zyliss "stem stripper" holes that are integrated into the soft-touch grips on the handle and strip fragrant leaves from the stems. The Herb Snippers are both handy and hardy enough to lend to other quick tasks around the kitchen, house and garden. The Zyliss Kitchen Shears are outfitted for all-purpose kitchen and household tasks thanks to sharp, steady stainless steel blades engineered for leverage without need for awkward or painful hand grips. Comfort grips on the handle further ease strain even when cutting through clamshell packaging or stubborn poultry bones. A handy box cutter is integrated into the body of these go-to multi-purpose shears.

#### *Zyliss MultiPeeler*

Make light work of heavy duty peeling jobs with a new twist on hand peelers: the battery operated oscillating Zyliss Multipeeler. Tough, thick-skinned produce, including root vegetables, get a clean shave and even soft-skinned produce enjoy a no-bruise skinning with this high-grade stainless steel serrated blade. When powered on, the oscillating blade peels with minimal hand strain, ideal for those with limited hand mobility or range, or for anyone with a large peeling task. Minimal peeling ensures the whole of the fruit or vegetable is intact, with no unsightly gouging. A bonus produce cutter handily removes potato eyes and other blemishes.

#### *Zyliss Bottle Toppers and Bottle Stoppers*

Retain vibrancy and longer life for wines and other bottled beverages, oils, vinegars and other condiments with these bottle toppers and bottle stoppers. The Toppers' natural rubber core extends into the bottle with a base that leaves bottle contents pure. A hat, or topper, acts as a collar around the exterior of the bottle and is non-slip, providing extra grip when hands are wet. A gentle, firm press on the ergonomic flat lever securely places and seals the core in the bottle. A click lets you know it is locked down. Available in mix-and-match jewel-toned colors: translucent green, red, purple and clear. The Bottle Stoppers also feature the natural rubber core that fits snugly when the lever is locked in place. An airtight seal keeps freshness in and sediment and oxygen out of the bottles. The level clicks to signal the stopper is in place. Available in pink, red, blue, purple, green or clear.

#### *Zyliss Smart Touch Salad Spinner*

Refreshed, re-conceived and re-engineered, this salad spinner has an easy use cushioned lever pump that smoothly activates fast RPM spinning to thoroughly remove harmful residue and dirt from products and greens – leaving them crisp and dry and giving peace of mind that produce is clean. Centrifugal force spinning begins with a one-hand push on the non-slip flat-panel lever and another gentle press on the stop button brakes spinning immediately; a non-skid rubber base keeps the salad spinner secure on the work surface. Spinner bowl is table-ready with a clean, translucent design and the lid is designed with a flat top, making for easier storage.

*Füri® Neustahl™ Diamond Fingers™ Sharpener/Honer*

The Füri® Neustahl is a revolution in knife sharpening and honing. Based on the patented Füri Diamond Fingers™ sharpening systems used by chefs and home cooks around the world, Füri Neustahl is designed to fit in knife blocks where the traditional Steel now resides. The down and back swiping motion through Neustahl's Diamond Fingers creates the same professional home as swiping across a traditional steel while perfectly setting the edge bevel angles to 20° on each side, the recommended angle for all knives. The patented Fingers technology eliminates the human error experienced when using traditional steel.

*The Rachael Ray Gusto-Grip® Basics Cutlery*

The Basics line is inspired by the best selling line of Rachael Ray Gusto-Grip knives. The Basics series features the patented reverse wedge handle with Rachael's signature "super-duper grippy" handle, which helps reduce hand and wrist fatigue. In addition, the handle features Füri Guard™, the antimicrobial technology incorporated directly into the handles during manufacturing, giving the handles a permanent safeguard against micro-organisms that can degrade the product over time. The blades are manufactured from high-quality stainless steel for rust resistance and superior edge retention.

*The Rachael Ray Sharp Store™*

The Rachael Ray Sharp Store™ is a real sharpening/honing system. It incorporates patented Füri Finger technology made famous among chefs around the world with the Füri Diamond Fingers™ sharpening systems. Every time the included 6" RR Gusto-Grip® Basics Santoku knife is removed or inserted into the Sharp Store, the blade edge is gently sharpened to perfection.

**Grab & Dry®**  
Dine + Design Expo

**S1659**

*Grab & Dry®*

A globally patent-pending pair of five-finger gloves especially designed for drying dishes, particularly fine and delicate china and crystal. It is also great for drying or polishing other household and kitchen items. A dishwasher usually leaves some of the dishes partially or fully wet by the end of each cycle. Wearing these gloves, you can do the last touch of drying with total security, and no marks or fingerprints. In addition, they are perfect for car detailing. Grab & Dry® has two layers. The outer layer is made of a uniquely absorbent terrycloth and can dry up to 100 items in one session, while the silky soft polyester lining is specially treated to be water-resistant so your hands stay dry. The fitted design stretches to accommodate most hands ensuring a good fit and the loose fit outer layer provides more fabric to cover a larger surface area.

**Handpresso**  
Wired + Well Expo

**L12025**

*Handpresso Wild*

The first handheld espresso machine that works without electricity. It makes a premium quality coffee anywhere, whether on business or personal trip, in the mountains or in the country. This mobile gadget is also ideal for any person living on their own, small homes, spaces and offices. The Handpresso Wild is slightly larger than a Swiss knife and is simple and easy to use. You pump it until the pressure rises to 16<sup>th</sup> bar, add hot water in the small reservoir, insert an E.S.E. pod and obtain a frothy espresso. The Handpresso Wild has been made to last from selected environmentally-friendly materials and parts.

*Keep-it Fresh Produce Bags*

These bags naturally slow down the ripening process, keeping store-bought and garden-fresh produce fresher longer, without preservatives. Just place the produce in the bag and it stays fresher up to 10 times longer. How they work: After harvesting, most fruits and vegetables release certain gasses that cause them to ripen and then rot. Keep-it Fresh Produce Bags are designed to absorb and remove these gasses away from the produce, extending the freshness period and helping to maintain the nutritional value.

*Stainless Steel Kitchen Tools*

Each of the six new utensils in this line are crafted from high-grade, 18/8 stainless steel. The line includes an expandable spatula that easily slides under foods and open up to lift larger portions; pizza grip tongs that slide under and grips the pizza slice so it doesn't fall off; pasta/sauce tongs that can serve the pasta and sauce with one tool; a sauce ladle with clip-on handle and a pasta ladle with clip-on handle; and a fat separating spoon. All utensils are dishwasher safe.

*The Hotdog Ez Bun Steamer™*

The Hotdog Ez Bun Steamer™ is a small wire grill with two hinged handles and a cross-shaped opening. The hinged handles self adjust to any size pot and hook onto the rim, suspending the steaming grill about half way into the pot. The cross-shaped opening allows you to drop hotdogs through the grill and reach through with a pair of tongs to retrieve. The handles hold the lid in place causing the steam to circulate and vent, preventing boiling over. The hotdogs cook below in the boiling water and the buns are suspended above in the steam. The Hotdog Ez Bun Steamer works with any 2.5-qt. to 5-qt. pot, it can steam for buns or a stack of tortillas in less than three minutes and folds flat when not in use.

*Vulkanus™ Knife Sharpeners – Countertop and Pocket*

Introducing a line of knife sharpeners that includes a countertop sharpener for kitchen knives and a pocket knife sharpener ideal for outdoor activities. Not only do these sharpeners hone your everyday or serrated knife, but essentially create a new razor-sharp edge with its patented sharpening steel insert. These “green” Vulkanus sharpeners provide quick results and a sharpened edge that you would expect from an electric sharpener, yet they require no electricity or energy at all. The countertop knife sharpeners have flexible levers to move with the angle of the blade as it sharpens.

*iSi® Basics Pan Scraper*

Effectively scrapes everyday pans without harming nonstick surfaces. The rigid, yet flexible nylon blade of the scraper rotates in an infinite number of positions for pan scraping ease and the sharp edge of the scraper easily gets under food. Designed and sculpted by Martin Puryear, for an exhibit of his work at the Museum of Modern Art, this simple and effective tool makes a once bothersome chore an easy task. The pan scraper was designed with an ergonomic handle and each one is packaged with one additional replacement scraping blade.

*Thermo Xpress Whip*

A 1-qt. standing food whipper with thermal insulation, the Thermo Xpress Whip is a true innovation from iSi and proves that perfectly functional can be perfectly beautiful. A true multi-functional whipper, it can keep a generous quantity of whipped cream, Espuma foams, finger foods, sauces and light desserts right where they're needed – at the buffet or table, countertop serving stations or nearly anywhere outdoors. The secret to this exclusive innovation is the use of a riser tube combined with an easy-to-use push button. Thanks to the Thermo Xpress Whip's combination of a sealed hygienic system and its high-performance thermal insulation, fresh contents – warm or cold – will never be in doubt.

*Towel-Matic Automatic Sensor Perforated Paper Towel Holder*

Towel-Matic is the world's first and only 100% touch-free and automatic universal paper towel dispenser that accommodates all brands of perforated home paper towel rolls. Simply put your hand within the sensor range and the optical scanner will automatically identify and dispense a paper towel at its perforation line. It also features a guaranteed unravel towel-lock system that securely locks towel sheets in place for easy tearing and helps save paper.

*Fresh Sealer Automatic Vacuum Sealed Container*

This 12-liter vacuum seal container features a built-in vacuum pump. As soon as the container is locked, the pump starts to automatically suck out the air. A self-monitoring sensor stops the pump when perfect pressure is achieved and

automatically maintains the pressure at all times. It keeps foods fresh up to four times longer by restraining most of the moisture and oxygen from entering the container.

*Bag Resealer*

Seals all kinds of plastic bag with a thickness up to 0.4 mm. It takes only 3 seconds to heat up after inserting batteries, then simply slide it across the edges of the bag to create an airtight seal that locks in freshness, flavor and texture. You can open and reseal the same packages and bags over and over again without wasting extra storage bags; saving you money while being more environmentally conscious. It comes with a magnetic base to keep it handy on refrigerator doors and it is great for kitchen use, picnics, parties and other occasions.

*Battery-Powered EZ Hold Pepper Mill*

The EZ Hold Pepper Mill is specially designed with an easy to grip contour that accommodates your hand. It is automatic, effortlessly convenient and sleekly designed with its stainless steel construction. With the simple touch of a button, it grinds and dispenses precise amounts of peppercorn or sea salt. A light will automatically turn on to illuminate during grinding for portion control and fineness can be easily adjusted to individual preferences.

Dine + Design Expo

*Swiss Ceramic Peeler*

This new Y-shaped peeler is designed to glide across vegetables and fruits, gently and easily removing the skin or peel with little effort. It gives the user maximum leverage when peeling vegetables such as carrots and cucumbers and the ceramic blade easily cuts through stubborn peels such as mangos. It is Swiss engineered for maximum utility and durability. The 5½" long peeler has been updated with an advanced, high-tech ceramic blade that is ultra sharp and will stay sharp longer than traditional blades. The peeler is dishwasher safe and comes in four fun colors: red, white, green and blue.

*Serving Knife*

Kuhn Rikon brings two complimentary functions—serving and slicing—together in one tool. The Serving Knife features a built-in serrated edge to quickly slice through foods; then, with a slight twist of the wrist, it can slide under the food to serve it up easily without having to switch between two tools. It is ideal for cutting and serving pie, cake, lasagna or meatloaf and has a durable nonstick coating that keeps foods from sticking to it during slicing or serving. The offset

handle, made of polypropylene, is designed for maximum user comfort and control. A protective sheath with an attractive wave design keeps the knife secure for safe storage and transport.

#### *Premium Quality Forged Knives*

This new line of high-quality, fully-forged knives, each with a protective sheath, includes a chef's, santoku, utility, tomato and paring knife. The POM handles are secured with high-quality German rivets for durability and the entire blade is covered in a high-quality nonstick coating that prevents food from sticking to the blade.

#### *Ultimate Shears and Kitchen Shears*

Enjoy shear success in the kitchen and home with these two new shears, both noteworthy for their unusual strength, unique features and splash of color. The Ultimate Shears feature high-quality Swiss design, with a serrated lower blade that provides superior leverage for easily cutting through chicken or fish bones. The shears also are powerful enough to cut through branches in the yard or floral stems. They are 10" long and come with a red, black or green handle, along with a matching protective sheath. From snipping herbs to cutting twine and everything in between, the 8" Kitchen Shears are the perfect all-around tool. In the Swiss tradition of high-quality multitasking tools, Kuhn Rikon has incorporated a unique built-in herb stripper and a bottle opener into the design. Available in red, white or black, they come with a matching protective sheath. Both models feature self-sharpening stainless steel blades that grind against one another during regular use, rubbing off any burrs that may have developed.

#### *Large Silicone Chef's Tongs*

These fun, yet functional chopstick-like designed tongs are easy to handle and the silicone coating adds a bit of color and lots of function. Heat resistant up to 450°F, the 15" long tongs help keep hands safely away from the heat. A flexible inner core automatically adjusts when grasping various sized foods, making it easy to grab a variety of items. Perfect for use in nonstick cookware, the silicone-covered tongs feature flared ends that allow the user to safely, securely and comfortably grasp foods without having them slip away.

#### *Silicone Tools*

Reinvent the way you cook with this innovative line of essential kitchen tools, which includes a spoon, stirring spoon, turn and spatula. The tools feature flexible spring steel for increased durability and function, and the silicone covering provides heat-resistance to 450°F. The silicone spoon has an innovative "V" that grasps spaghetti for testing doneness. The stirring spoon features a hole that increases its effectiveness when mixing sauces and batters, ensuring all ingredients are well incorporated. The flexible edges of the turner easily slide under pancakes, eggs, meats and more. The spatula has curved and pointed sides, letting you easily reach into curves and corners.

#### *Stainless Steel Chef's Tongs*

Sturdy and stylish, these tongs feature an innovative design performance never offered before in chef's tongs. One end of the tongs is forked to allow for easy monitoring of doneness and also aids in picking up food, such as grilled vegetables, that can otherwise slip out of tongs when grasped. The 11" long tongs keep hands safely away from heat and black accents near the handle offer a non-slip grip. Made of the highest quality stainless steel, the chef's tongs are dishwasher safe and will remain durable for years.

*oso\*fresh Food Storage Containers*

Made with EPA-registered and FDA-approved micro-sized silver particles infused with polypropylene, this revolutionary new food storage container will help end the battle against food that has spoiled too quickly. Save money, time and energy with a groundbreaking advance in food storage. The airtight silicone-gasket locking system preserves flavor and nutrients and the containers can reduce the 24-hour growth of bacteria on containers by over 99%. oso\*fresh will keep your food fresh three to four times longer than ordinary plastic containers. Stackable units are translucent and come in an assortment of sizes. They are dishwasher, microwave, refrigerator and freezer safe.

*oso\*fresh Everyday*

Save money, time and energy with a groundbreaking advance in food storage. oso\*fresh Everyday containers are infused with EPA registered and FDA approved micro-sized silver particles which protect against bacteria growth. The containers are effortless to open and close and are easy to stack and nest, saving space throughout your kitchen. The design groove on the bottom of the container makes for effective conduction when using in the microwave. Added convenient side grips make for easy handling. The containers are shatterproof and dishwasher, microwave, refrigerator and freezer safe.

**Magic Twist – BJB Products**

**S4667**

Dine + Design Expo/Inventors Corner

*Magic Twist Jar/Bottle Opener/Closer*

Magic Twist is a revolutionary designed product that opens and closes jars/bottles from as small as ½” to as large as 4½” with only one hand. It was invented out of necessity by a 75-year-old woman who wanted her independence but struggled with a physical disability that left her lacking in upper body strength. Unlike other products on the market, Magic Twist was designed to be easily installed using double-sided adhesive so that those who lack the ability to install things with screws are able to install it independently. This product hides discreetly underneath cupboards and is an essential kitchen gadget, perfect for any family home.

*MUBamboo Towels*

Bamboo towels are truly the “Green Towel” in terms of the environment and the world's most sustainable, natural and fastest growing plant. This amazing product is 100% biodegradable and naturally regenerates itself in 2 to 3 years, which results in no deforestation. The towels are hand woven from 100% natural bamboo resources. They are ultra soft – 100x softer than cotton and have excellent durability that can stand up to everyday use. They absorb 3x more liquid than

cotton towels and are also quick drying. They are fresh smelling and hygienically ideal for kitchen environments because they contain “bamboo kun” an agent that prevents bacteria from cultivating, killing 75% of the bacteria growth. The towels come in two sizes, 12”x12” and 16”x24,” and they are available in a striped pattern or in a variety of colors, red, orange, green, aqua, natural, choc, gray.

#### *MUkitchen Textiles*

A line of environmentally friendly MU products including towels, aprons, oven mitts, and potholders. The MUTowel is an ultra soft, super absorbent towel that can hold 7x its weight in liquid. It dries 10x faster than cotton eliminating much of the bacterial growth found in slow drying towels and keeping it smelling fresher. It is non-abrasive and ultra strong, working great on any surface and holding up to hundreds of washes. This lint free towel is excellent for drying, dusting, or general cleaning. The MUApron is 100% pre-washed cotton herringbone woven. It features two large chef’s pockets and a ring at the neck for easy adjustment. Extra-long ties provide for additional comfort. The MUMitt and MUPotholders have an outershell of 100% pre-washed cotton herringbone woven. The interior is lined with super-soft thick terry cloth and an attached loop makes hanging easy.

#### *OXO GOOD GRIPS 2-in-1 Bag Holder*

Plastic shopping bags are easier to store and find with the OXO GOOD GRIPS 2-in-1 Bag Holder. Simply tuck excess bags into the top opening and pull out your desired bag from one of the two wide dispensing openings in the front. The self-adjusting divider creates two compartments for separating bags according to use, from bags used for bathroom trash to those for picking up after dogs. The divider can easily be moved aside if two compartments are not needed. The bag holder mounts easily inside cabinet doors or on pantry walls, or it can stand upright in a cabinet or on the countertop. It holds up to 50 bags.

#### *Cookie Spatula*

Here’s a cooking utensil that combines the strength of stainless steel with the advantages of silicone. The silicone outer layer, which is heat resistant to 600°F and safe for nonstick cookware, is bonded to a flexible stainless steel core for added stability. The spatula’s thin, flexible edge glides easily beneath all food and is the perfect size for getting between cookies on a crowded baking sheet or removing one brownie at a time from the pan. The rounded corner is great for getting sticky cookie dough out of the spoon and the angled handle keeps you hand away from fragile foods and hot dishes. It has a soft, comfortable, non-slip grip and is the perfect companion to nonstick cookware and bakeware.

#### *OXO GOOD Grips Bamboo Cutting Boards*

Chop, dice, mince and carve on these cutting boards which feature soft, tapered handles for easy lifting and carrying and non-slip edges that keep the board securely in place during use. Two sizes (8”x12” and 12” x 16”) meet cooking tasks from every day to larger ones. A juice groove on one side retains liquids; use the grooved side for meats and the solid side for vegetables to prevent cross contamination. Bamboo is a renewable resource, making this board an environmentally sound choice. Food-grade laminates in the board ensure food safety.

#### *OXO GOOD GRIPS Digital Instant Read Thermometer*

With this thermometer, cooking meats to perfection is as easy as pressing a button. Simply turn the thermometer on and insert the probe into cooked meat. The probe has a thin tip to quickly read temperatures and the display has large numbers for easy readability. Chef-recommended internal temperatures are provided on the storage sleeve, which also has a window that highlights selected temperatures for easy readability. A button on the back of the thermometer switches temperatures from Fahrenheit to Celsius. The thermometer has a temperature range from -40° to 302°F (-40° to 150°C), and a battery is included.

#### *OXO GOOD GRIPS Oil Stopper/Pourer*

Here is drip-free pouring in one stopper. Use the Stopper/Pourer to drizzle oil onto your favorite dish or pour oil into a salad. Push the soft, comfortable lever down and the bottle is sealed for storage. Lift the lever up and the seal is opened for drip-free pouring. Flexible ribs make the Stopper/Pourer easy to insert and remove from bottles. This sleek, brushed stainless steel Stopper/Pourer combination accommodates most size bottles and is dishwasher safe.

#### *OXO GOOD GRIPS Batter Bowl*

Measure, add, mix and pour ingredients for pancakes, muffins, cakes and more in the OXO GOOD GRIPS Batter Bowl. Bright red, permanent measurement markings on the inside of the bowl are easy to read, even with thick batters. A soft,

comfortable grip cushions hands while mixing and pouring. High side walls prevent splatter, even when used with an electric mixer, and a wide lip and pour spout allow for easy, drip-free pouring. The bowl has a generous 8-cup capacity.

*OXO GOOD GRIPS Silicone Oven Mitt with Magnet*

This oven mitt offers the best of both worlds--600°F heat-resistant silicone on the outside and cool, comfortable fabric on this inside. Protect hands from heat, spills and burns with non-flammable, stain-and steam-resistant silicone. The thick, multi-layer fabric liner brings additional thermal insulation, yet lets your hand breathe to prevent sweating. OXO's unique silicone rib design improves flexibility and dexterity, and provides a secure grip even on slippery surfaces. At 13" long, the mitt is long enough to protect wrists and fits either right or left hands.

*OXO GOOD GRIPS 360° LiquiSeal Travel Mug with Handle*

Easy sipping and no spilling. Enjoy hot beverages on the go with this mug, which has a 360° opening all around the lip of the mug so you can drink from any direction—which is particularly convenient while driving. The mug features three silicone seals to ensure no spills and double-wall construction to improve thermal retention, keeping beverages hotter longer. Just click to open and click to seal from a simple button. A soft, non-slip handle provides a secure hold when on the go and the tapered mug accommodates a wide variety of car cup holders.

*OXO GOOD GRIPS Salt and Pepper Grinders*

With their stainless steel accents and clear acrylic bodies, this salt and pepper grinder set are as comfortable in the kitchen as in the dining room. Both grinders easily adjust from fine to coarse grind and rest flat when upside down for easy refilling. The non-corrosive ceramic grinder won't absorb flavors or odors, and is positioned at the top of the grinder so as not to leave a mess on the counter or table. Both grinders have a soft, non-slip grip for comfortable grinding and are sold filled with either sea salt or whole peppercorns.

*OXO GOOD GRIPS Over-the-Sink Butting Board*

It's like having an extra counter. The board's stainless steel rails extend to fit over most sinks, allowing you to chop, dice and mince directly over the sink. The board comes with a perforated stainless steel food basket that sits beside the board, instead of inside the board, proving more surface area for cutting. The food basket rests on the extension rails and can sit right up against the board. Scrape any scraps directly into the food basket and then lift the basket to empty them into the garbage. Or, scrape desired ingredients into the basket and then pour into a frying pan on the stove. Non-slip edges keep the board securely in place during use and tapered handles ensure easy lifting. The board is made of durable, non-porous, odor-resistant polypropylene that resists deep scratches and won't dull sharp knives. Both board and basket are dishwasher safe.

*Medallion Bottle Stoppers*

These handsome bottle stoppers feature a new pewter “wine country” medallion mounted on solid premium wood and an air-tight silicone seal. Re-cork your favorite vintage wine in style.

*Over-the-Sink Cutting Board*

Streamline rinsing and cutting fruits and vegetables with this smart workstation. Introducing Progressive's patent pending Over-the-Sink Cutting Board with removable, collapsible colander. The colander collapses to 1/3 its original height, saving space both in the dishwasher or when storing. The handle on the cutting board extends from 17" to 25" to accommodate most sink sizes. Use the colander insert with the cutting board or separately. Inserts are available in either blue or red.

*Counting Scoop*

Can't remember if it was the 3<sup>rd</sup> or 4<sup>th</sup> cup of flour? This scoop helps you avoid confusion and keep track with the patent pending counter built into the handle. Move the "clicker" once for every scoop. Numbers printed on the handle keep track up to 10 scoops. Measurements include 1/4", 1/2", 3/4" and 1 cup.

*S'mores Maker*

Forget flaming marshmallows over an open fire, make S'mores in seconds in the microwave. Designed with an innovative water reservoir, which prevents marshmallows from overheating, the microwave S'mores Maker makes two S'mores in about 30 seconds. Simply stack up S'mores ingredients, lower the white "press plates" onto the stack and microwave for about 30 seconds. To clean, place the unit in the dishwasher's top rack.

*Slicing Cheese Keeper*

Introducing the Slicing Cheese Keeper, which slices and stores blocks of cheese up to 2 lbs. The keeper's unique design minimizes hand contact with cheese, helping to keep it fresher, longer. An adjustable cutting blade slides along the integrated track allowing for different slicing thicknesses. Flip-out handles on the slicing blade provide extra leverage while slicing.

*5-in-1 Egg Slicer*

Here's an all-in-one egg slicer. It cuts hardboiled eggs four different ways and includes a built-in egg piercer, which prevents cracked shells during boiling. The stainless steel wires and adjustable dual plates create slices, wedges, dices and halves for hardboiled eggs and other soft foods such as mushrooms and strawberries. A slim profile and non-skid feet provide added stability. To easily clean, place in the top rack of dishwasher.

*Slicing Guide*

Use this Slicing Guide as your secret to professional prepared slices of fruits, vegetables, baked goods and meats. Designed to hold foods up to 6" in diameter, the Slicing Guide adjusts in width securely holding foods while slicing. Evenly spaced slots guide knives for thin slices, skip a few slots and create thicker, yet still consistent slices. When not in use, an easy pull hang ring and locking mechanism keeps the guide tidy in a drawer. The comfort grip, contoured handle is easy to hold.

*Collapsible Measuring Cups*

Another addition to Progressive's family of collapsible products, these measuring cups come in 1-, 2- and 4-cup capacities, have standard and metric measurements and take up less space than traditional measuring cups. To use, expand the cups to their full size and simply collapse down for storing or cleaning in the dishwasher. The rim incorporates a wide secure grip handle and no-drip pour spout for trouble-free measuring and transferring of ingredients. Each cup is available in blue or red with white accents.

*Collapsible Measuring Cup Set*

Taking up 2/3 less space when collapsed, this set of measuring cups fits compactly in a kitchen drawer and avoids problems of opening and closing drawers with full-size cups. Keeping the set organized is easy thanks to magnets in the handles. The 5-pc set includes 1/4, 1/3, 1/2, 2/3 and 1 cup sizes with easy to read standard and metric measurements printed on the handle.

*Flexible Measuring Spoons*

Designed with a flexible base that allows for the easy release of ingredients, the 5-pc set includes spoons in 1/4 tsp, 1/2 tsp, 1 tsp, 1 Tbsp and 2 Tbsp measurements. An embedded magnet in the handle makes storing the set together a snap. Cleaning is also a breeze; just toss them in the dishwasher. The set is available in either blue or red with white accents.

### *Collapsible Pie Cutter*

Most pie cutters only cut pies, leaving the filling to “fend for itself.” This patent pending Collapsible Pie Cutter cuts and keeps pie pieces neatly divided creating the perfect slice every time. The cutter’s adjustable blades create standard slices in 6 or 8 pieces as well as other numerous configurations. Tall, clear blades are perfect for deep-dish pies and fit most 8” and 9” pie pans. An ingenious collapsible design makes cleaning and then storing the cutter a delight with the included storage box. To clean, simply disassemble and place in the dishwasher.

### *Mini Magnetic Bag Clips*

These clips are the ideal size for keeping small items closed, such as salad dressing packets, seasonings, dry soups or pet snacks. An embedded magnet on the back makes the clip great for posting notes, grocery lists and other important details on the refrigerator. The mini clips feature a non-slip grip for a secure hold and are perfect for any task. The set of four includes one each of blue, green, pink and orange.

### *Corn Stripper*

Effortlessly remove corn kernels from the cob with this tool. Unlike other corn strippers, Progressive’s double-sided serrated blade design removes kernels by either pushing or pulling along the cob. The transparent tool head allows you to see both the cob and kernels, ensuring fast removal and consistent cuts. A durable and stylish stainless steel handle completes the look. To clean, simply place in the dishwasher.

### *3-in-1 Meat Tenderizer*

Delicious and tender meats are easy to prepare with this dual-sided tool that has an angled head to minimize hand contact while either flattening or tenderizing meat. A unique integrated hook is great for opening cellophane packaging, transporting meat to pounding surface and flipping meat to tenderize each side. The low-profile design is great for compact storage and is easy to clean in the dishwasher.

### *4-in-1 Meat Piercer*

This unique tool allows you to pound, tenderize, pierce or apply dry rubs to meat. The sharp prongs pierce meats for tenderizing and quicker marinating. Separate tenderizing nubs help break down fibers in tougher cuts and the smooth side flattens poultry. The uniquely shaped handle has a comfortable soft grip and allows for accuracy and better pressure control. The included protective case doubles as a dry rub applicator and all pieces are dishwasher safe for quick clean up.

### *Tower Slicer*

The innovative v-shaped design of this slicer slices smoothly and cleanly and is perfect for slicing onions, potatoes for scalloped potatoes, carrots, apples and more. The container has non-skid feet, measurements up to 6 cups and keeps everything contained, minimizing countertop messes. A handy tool is included to streamline cleaning and the unit is dishwasher safe.

### *Tower Wedger and Corer*

Introducing the patent pending Tower Wedger. Designed to quickly and effortlessly wedge and core large quantities of fruits and vegetables in one smooth, time-saving motion. The innovative v-shaped blade provides a shearing action, ideal for wedging lemons, limes, tomatoes, potatoes for steak fries and more. A “core and wedge” blade is also included for apples and pears. The container has non-skid feet, measurements up to 6 cups and minimizes countertop messes. A handy tool is included to streamline cleaning and the unit is dishwasher safe.

### *Perfect Burger Press*

Create perfectly formed patties with this 3-pc set that includes a removable dimple insert plate, non-skid base and comfort grip press. Pressing a dimple in the center of a patty with the uniquely designed plate speeds cooking time and allows the burger to cook more evenly. The dimple also prevents the burger from doming, keeping your burger flat even after it’s barbecued. After the patty is pressed, simply lift the plate out of the press for easy removal. The press can be used with or without the plate. To clean, simply place in the dishwasher.

### *Collapsible Whisk*

A whisk designed with and for multiple purposes. This utensil can be used as a ballooned whisk that is good for air incorporation and mixing or as a flat whisk that is ideal for sauces. When flattened, the whisk stores more conveniently in drawers. A control knob easily twist-operates the wires position and a soft comfort grip handle prevents strain and tension on the hands. The whisk comes in two sizes, 10” and 12”.

#### *Folding Mandolin Slicer*

This stylish black mandolin features three, dual-sided blades for slices and juliennes in different thicknesses. The slicing blades adjust to include paper thin, thin, medium and thick slices as well as thin or thick julienne. The folding stand creates a better angle for easy slicing and compact storage. Slicing blades compactly store under the mandolin in the included storage box for convenient access. When slicing on a flat surface, hold the comfortable stand handle while the non-slip feet provide additional stability. Integrated non-skid ridges are designed to fit over a bowl. To clean, simply place in the dishwasher.

#### *The Bread Keeper*

There's nothing like the taste of fresh bread and this bread keeper features an adjustable vent, which controls air circulation to keep bread and baked goods fresh. The keeper is ideal for homemade breads, Artisan style bread, muffins, rolls, bagels, cookie and pastries. It expands up to 11" to accommodate most bread sizes. Quickly and easily slice breads using the included breadboard.

#### *Collapsible Storage Bowls*

This set of three bowls can collapse to 1/3 of their original height and have a capacity of 1.5, 3 and 5 cups. These innovative bowls have a translucent sealing lid for easy viewing of contents and tabs located on the lids for simple removal. The bowls are constructed of a top and base made out of hard plastic with a soft TPE located in the middle.

#### *Stainless Steel Magnetic Measuring Spoons*

This set of five stainless steel, double-ended spoons have a skinny end that is great for spice jars and a round end that is perfect for liquids. The spoons are flat on the bottom so they don't roll on the countertop and have a magnetic center so that they can all stack together for compact and easy storage. The spoons have both standard and metric measurements.

#### *Cookie Cutter & Stencil Set*

A set of 12 cookie cutters with attachable decorating stencils. The stencil snaps onto the cookie cutter and can be used for decorating with sprinkles or to make impressions in the dough. A rim located around the stencil catches the excess sprinkles to minimize the mess.

#### *Collapsible Prep Bowl*

Simply expand to use and collapse to store this bowl, which is ideal for holding up to 1.5 cups of prepped ingredients. The Prep Bowl includes a snap-on lid, and when not in use, the bowl collapses taking up 2/3 less space in a drawer or cupboard. The bowls are available in either blue or red with white accents, and are microwave, freezer and dishwasher safe.

#### *Cheese Knife*

From cheddar and colby jack to mozzarella, this cheese knife cuts through all types of cheese without difficulty. The shape and design of the knife blade prevents cheese from sticking and allows the durable plastic blade to slice effortlessly through cheese and not your fingers. The unique built-in and protected stainless steel blade on the handle is useful for slicing open cheese wrappers and bags. A comfortable handle grip makes slicing cheese easy.

#### *Salad Spinner*

This new salad spinner features a self-retracting cord that is easy to pull and a smartly designed integrated brake mechanism in the lid easily stops the spinning basket with just a touch of the button. A wide non-skid base provides stability on the counter while spinning. Quickly dry lettuce, fruits or vegetables then use the clear bowl as a serving dish.

*Oneida Cutlery*

Oneida Ltd. expands its collection by offering a comprehensive cutlery line for the first time in company history. The cutlery offers the sleek look and quality of stainless steel and elegant, universal design to coordinate with any classic, modern or decorative style choice. Oneida has two different cutlery collections, the Classic Collection and the Performance Collection. The Classic Collection has a traditional pistol grip handle and comes in three material options. The Performance Collection has a contemporary oversized oval handle and has four different material options. Each collection comes with a knife block that has labeled knife slots for easy storage.

*Oneida – New Entertaining, Serveware and Barware Items*

Oneida is expanding its kitchen tool and gadget offering by including more than 100 new entertaining, serveware and barware items. The tools offer the sleek look of stainless steel and elegant, universal design to coordinate with any classic, modern or decorative style choice.

*Rubbermaid Smart Style Line of Kitchen Tools and Gadgets*

Twenty-one new and different kitchen tools and gadgets in vibrant color choices including Clean Turquoise, Green, Salsa and Curry. Multi-colored measuring cups feature a unique cup spatula used for leveling and cleaning inside of cups. A silicone basting brush has 500° heat resistant bristles with an “O” shaped bristle channel that is designed to hold more sauce.

*Rubbermaid Comfort Zone Line of Kitchen Tools and Gadgets*

A core assortment of 37 tools and gadgets that are available in a streamlined color palette using black with a choice of Chili Pepper Red or Deep Water Blue as color accents. Tools feature a “comfort grip” and each handle is ergonomically designed and individually proportioned to fit the tool and function. Spatulas are designed with a patented bowl scraper “notch,” to offer an easy and convenient way to clean the edge of the bowl.

*Tomato/Kiwi Peeler*

This peeler removes hard, thick skin from fruits and vegetables, like tomatoes, kiwis and mangos, cleanly and quickly. The 7.9” long peeler features an extra-sharp double blade that is both thin and serrated so it slides under the skin and easily peels the skin from the fruit. The peeler also features a sharpened corer to remove blemishes prior to peeling. Made of stainless steel, this durable, strong tool is dishwasher safe and includes a guard to protect the blade during storage.

**Safety Kut LLC**  
Dine + Design Expo

**S4467**

*“No Cuts” Cutting Board*

It is a cutting board with two safety sides for no knife/finger contact. The left safety side pivots from left to right. The right safety side is stationary, which allows you to place any size vegetable or fruit in between the two sides and hold it securely for slicing, chopping and/or mincing. There are also two pass through openings for carrots, celery, etc., in which the knife blade does not make contact with your fingers as you slice vegetables through the opening.

*Counter Safe™ Deluxe Knife & Scissors Sharpener*

A sharpener specifically designed to sharpen the finest cutlery, as well as right or left-handed scissors. This unit has an exclusive flip-down counter guard to protect tables and countertops from damage during sharpening. Plus, it is the first manual sharpener to offer coarse and fine sharpening slots for both knives and scissors.

*Santoku/Straight Edge Pull-Thru Knife Sharpener*

This sharpener is the second in the Ergo Series™ and is a more specialized knife sharpener. Like the other Pull-Thrus, it has an ergonomically designed, soft-grip handle and non-slip rubber feet to ensure comfort and steadiness when sharpening. This special sharpener features pre-set sharpening angles designed to keep regular straight edge blades and thinner Asian blades in prime condition. Both slots use crossed ceramic rods to finely hone your knife's blade to razor sharpness.

*Edge Grip™ 2-Step Knife Sharpener*

A lightweight, portable and easy to use sharpener that is ideal for use on either a flat surface or the edge of your countertop or table. Carbide blades and crossed ceramic rods feature pre-set sharpening angles that provide the proper sharpening angle every time. Carbide blades (coarse) provide quick edge setting capabilities, and the ceramic rods (fine) are used for the final edge honing. Two stages of sharpening offer the capability to put a razor sharp edge on very dull or damaged blades to touch-up already sharp blades. It comes with non-slip rubber feet and a soft grip rubber handle for comfort and steadiness when sharpening.

Dine + Design Expo

**S828**

*GlassLock™*

A new, tempered glass, airtight food storage line. Unlike other glass containers on the market, GlassLock has been created to keep foods fresh and make leftovers convenient to heat and serve. GlassLock containers are made from all-natural stain-proof, shatter-resistant, tempered glass, and are manufactured to withstand repetitive usage in the refrigerator, freezer and microwave. The sleek glass containers are accompanied by airtight polypropylene lids, which feature a silicone gasket and four-latch design.

*Cookie & Cupcake Carrier*

The answer for consumers who want a customizable, portable tote for cookies, cupcakes and more. The Cookie & Cupcake Carrier features an innovative design which not only accommodates cupcakes and muffins, but also a variety of other goodies that don't have a round base. The carrier can be customized to hold as few or as many cupcakes as desired. It is a new addition to Snapware's Snap 'N Stack® product line, which allows consumers to build their own custom container – you can buy multiple carriers and snap together as many trays as you need.

*DoneRight Timer™*

A new multi-timer that gives users up to five timers for each item cooked on a home oven range. Timer locations match cooking location so users can easily track two or more items. Each timer gives a flashing light with the alarm that benefits any multi-tasker, as well as the hearing-impaired. The timer's design makes for an adorable kitchen accessory. Available in white, black, red and silver.

**Typhoon Plus, Inc.****S658**

Dine + Design Expo

*Typhoon Pure*

A beautiful 9-pc collection of kitchen prep and serveware. Made from pure white porcelain with beechwood and pale blue silicone detailing, the line includes a pestle & mortar, spoons rests, salad bowl set, set of 2 drizzlers, large and medium storage jar, pinch pots, egg separator and utensil set.

*Kitchen Textiles with Magnetab™*

This line of kitchen textiles features stylish and coordinating designs that are made to last, and featuring the practical and unique magnetab™ system, which allows them to attach to most metal surfaces for storage. Large dots and strips in bright and olive colors are available. The line includes a set of 3 tea towels, single oven gloves, double oven gloves, and aprons.

*Grip It Tools*

Line of kitchen utensils are made of beechwood and have silicone trim detailing. New items in the line include a bowl scraper, basting brush, rolling garlic crusher and tongs; there are 17 items in all. Red is the new color for 2008.

*Woodware Cutting Boards*

These cutting boards come in different models and are made of either bamboo or beech from sustainably managed forests. The bamboo boards, called Chop and Store, have a pull-out melamine tray in either black or cream. The Grip It boards are made of FSC-approved beechwood and have Typhoon's signature "grip it" silicone detailing. New this year are the Hachior board with removable non-slip feet and a double blade mezzaluna; a reversible carving board with removable non-slip feet and deep grooves and a pouring lip for catching and eliminating juices; and a reversible cutting board with color-coded polypropylene mats for hygienic food preparation.

*Flow Control Flask Drizzlers*

Four new colored-glass oil drizzlers have a unique "flow control" silicone stopper that is designed to control the flow of oil with pressure from your thumb or finger. The flask holds 10-fl oz and comes in red, green, smoke or clear glass. A salad shaker flask also is available and comes with salad dressing recipes on the glass.

*Bright Dot Storage Jars*

A collection of coordinating ceramic jars that each have their own colored dot that corresponds to the contents. Choose red for tea, orange for coffee, blue for sugar, purple for cookies and green for pasta. Each jar has an airtight push lid.

*Pantone® Universe by Typhoon*

This exciting collaboration between color experts Pantone and Typhoon brings Pantone's Universe colors to a line of products including mills, storage containers, textiles, mugs, teapots, trolleys and shopping bags.

Just turn the rotational wheel to fit your pressing needs. The press features an extra long and ergonomically designed handle that makes pressing garlic easier and more controlled.

**Wade Ceramics Limited**  
Dine + Design Expo

**S3838**

*American Masala Ceramic Knives by Wade Ceramics*

Specially designed by Chef Suvir Saran, the American Masala Ceramic Knives by Wade are ultra-sharp and retain their original edge much longer than steel knives. Lightweight and comfortable with ergonomically designed handles, these knives cut fast and easy with minimal hand strain and stress. Ceramic blades do not rust and do not absorb the taste or odor of cut food. Part of the new American Masala, the knives are available in the black or white series. The product line includes: 6" slice, 8" chef's knife, paring knife, 5" utility knife and 5½" santoku.

*American Masala Mortar & Pestle by Wade Ceramics*

Specially designed by Chef Suvir Saran, these handsome porcelain Mortar & Pestle Sets are the perfect kitchen tool for making spice blends and rubs, flavorful dips, herb mixtures and marinades. Saran re-designed the traditional pestle to create a wider base to prevent spices to prevent spices and other ingredients from "popping" out of the mortar as grinding takes place. Pestles showcase a decorative motif representative of heirloom Indian quilts. Glazed mortars are available in either Cardamom Green or Saffron Orange. Sets are sturdy with a 2-cup capacity, dishwasher safe, odor and stain resistant and the packaging contains the chef's recipe.

**William Bounds, Ltd.**  
Dine + Design Expo

**S1443**

*Sili Gourmet Burger Boy*

This essential burger flipper is ideal for use on the barbecue, stovetop and with a tabletop grill. The nonstick silicone turner features a traditional design enhanced with silicone to give it added heat resistance, slight flexibility during use and non-stick function that keeps food from sticking while flipping. The spatula, which is heat resistant to 500°F, is amply sized at 4.5" by 4.5" to slide under burgers, pancakes and omelets, and then securely flip them without breaking food apart. The flipper is designed with three slots, to allow you to press a burger to drain juices. A brushed stainless steel, stay-cool handle provides the ideal leverage for use, whether on the grill or on the stove

*Sili Gourmet Jumbo Jack*

Bigger is better, especially when it comes to flapjacks. The new Jumbo Jack makes it easy to flip and move pancakes, large burgers, personal pizzas, quesadillas and more with little effort. The oversized turner features a bright red silicone flipper, measuring 6.5" by 6" wide. The high-grade silicone, heat resistant to 500°F, makes this ideal for use on the stovetop, in the oven or toaster over, or on a tabletop grill. The beveled edge of the flipper slides under the food gently, and securely holds it on the oversized surface. The nonstick nature of silicone ensures the food doesn't stick to the turner and the silicone also gives the flipper a bit of flexibility for greater ease in flipping. The flipper features a 9.5" stay-cool brushed stainless steel handle that is easy to handle.

#### *Sili Gourmet Garlic Roaster*

William Bounds Ltd. takes the everyday garlic roaster to a new level by marrying porcelain with silicone, creating a garlic roaster that lets you peel, roast and store in one unit. With its garlic-inspired domed shape, this garlic roaster features a red silicone top and white porcelain bottom, a combination that makes it highly durable, extremely functional and fabulously fashionable. The bright red silicone top is made of durable, stick-resistant silicone that is heat resistant to 500°F. The silicone top is ventilated to help cook garlic to perfection, and works great for removing the skin from raw garlic. The bottom is made of high-quality porcelain for great heat retention, is attractive enough to go from oven to table and is ideal for use in the oven or microwave.

#### *Sili Gourmet Turkey Ties*

Enjoy no fuss trussing with these new Turkey Ties. This flexible, yet strong, silicone thread is capped at each end with a stainless steel needle to make tying up poultry and roasts easy and effective. No more twisting, tying and knotting twine; Turkey Ties are easily maneuvered around the legs, and the sturdy stainless steel needles thread through the meat effortlessly to securely tie up holiday turkey and celebratory roasts. The nonstick silicone ties won't stick to food like string or twine can, and because they're heat resistant up to 500°F, they are perfect for high oven temperatures. The durable Turkey Ties are dishwasher safe and easy to clean. Ties will not absorb odors and will always retain their shape.

*Tree Face Bird Houses*

These 9" bird houses have exceptionally crafted tree faces. Hang them around your garden to create a whimsical fun addition to your outdoor décor. The series features six different designs, all predrilled for drainage. All of the units come with a sisal rope for hanging.

*Plant Pal Moisture Meters*

The bird that sings when your plant needs water – a patented Vectacor product. The two probes are designed to detect the moisture level in standard household plant soil. When the moisture level is low the bird sings, the frog croaks, the dog barks, the cat meows... to let you know it's time to water your plant. Each plant pal is installed with a light sensor so your plant pal won't sing at night. Additionally, a recording version is offered in the shape of a sunflower – you can record up to an 8 second message. This unit also includes a magnetic picture frame. Plant pals take two watch batteries, which are included.

*Ground Peekers*

Figurines designed to be placed among your landscaping, around water features, stepping stones, in planters and more to create a whimsical fun addition to your décor. Six designs are offered in the series: black bear, frog, squirrel and three different gnomes.

#### *Tree Peekers with Leaf Bird Feeders*

These 9" figurines are predrilled to mount on trees and posts around your garden to create a whimsical fun addition to your décor. Each unit comes with a leaf bird feeder (optional usage). Six designs are offered in the series: black bear, squirrel, two different frogs and two different gnomes.

#### *Frog Metal Fountain*

A 19.6" high metal fountain that is suited for both indoor and outdoor use. The whimsical, new, contemporary design features the use of metal, introducing a new material into the fountain world. The fountain comes with pump, cord and river rocks. Just fill up, plug in and enjoy!

#### *Two Fish Metal Fountain*

A 19.6" high metal fountain that is suited for both indoor and outdoor use. The whimsical, new, contemporary design features the use of metal, introducing a new material into the fountain world. The fountain comes with pump, cord and river rocks. Just fill up, plug in and enjoy!

#### *HumidAire™ Ultrasonic*

This cool mist humidifier provides quite, almost silent operation and runs at least 20 hours per filling. The built-in ionizer helps to filter and freshen room air and the 360° mist outlet allows you to adjust the direction and intensity of the mist. The unit has 3 moisture settings, automatic shut-off, a timer for 2, 4 or 8 hours of operation, water filter to reduce white dust and 7-color nightlight.

#### *HumidAire™ Ultrasonic Plus*

This cool mist humidifier has an easy to read LED display with simple push-button controls, including an adjustable humidity control. The timer runs from 1-12 hours, and the built-in ionizer helps to filter and freshen room air while the 360° mist outlet allows you to adjust the direction and intensity of the mist. The unit has 3 moisture settings, automatic shut-off, a water filter to reduce white dust and 7-color nightlight.

#### *Duo Mist Humidifier*

Depending on your needs, this humidifier will run soothing cool or warm mist. Features include easy to read LCD display with simple push-button controls, adjustable humidity control, 1-12 hour timer, dual mist outlets for adjusting mist intensity, 3 moisture settings, automatic shut-off, water filter to reduce white dust and 7-color nightlight.

*ClearSounds® iHear TV 2.3GHz Listening System*

Designed for individuals with mild hearing loss, with average word discrimination, this system works on most TVs and covers up to 600 sq ft. iHear TV can be used with the TV volume muted or off. The 2.3MHz works with plasma and flat screen TVs, and its 120dB output is 3x more powerful than other headsets. The adjustable volume and tone clarifies words.

*ClearSounds® IL95 UltraClear™ Sound Shaping Telephone Amplifier*

The UltraClear™ tone control allows you to “shape” sound to match your hearing needs. It has a volume control and boost button up to 40 dB. The universal dial is compatible on 99% of telephones. The amplifier has a compact size for easy transport, is VOIP phone compatible and uses one 9-v battery.

*ClearSounds® A300 UltraClear™ Sound Shaping Expandable Cordless Telephone with Caller ID*

This phone is one in a new series of sound amplifying phone products providing those with hearing challenges an opportunity to hear clearly. The phone offers amplification up to 30+dB (3x louder than normal phones) and the Digitally Enhanced Cordless Telecommunications (DECT) provides interference-free technology. Additional features include Caller ID/Call Waiting with Caller ID; a large caller ID display; vibrating alert in handset and extra loud ringer in the base and handset; flashing ring signaler in handset; backlit keypad; speakerphone in handset; amplified digital answering machine in handset; hearing aid compatible; and an SOS button.

*ClearSounds® A600 UltraClear™ Sound Shaping Expandable DECT Cordless Telephone*

This phone features amplification up to 50 dB (50x louder than normal phones), and includes Digitally Enhanced Cordless Telecommunications (DECT) interference-free technology. The UltraClear™ tone control shapes both high and low frequencies, and there is an amplified digital answering machine with slow speech technology in the handset and the base. Additional features include large Caller ID display; vibrating alert in handset and extra loud ringer in base and handset; flashing ring signaler in handset; 95 dB amplified phone ringer; amplified 2.5 mm headset jack; amplified speakerphone in handset; backlit keypad; expandable up to 5 additional handsets; and hear aid compatible.

*ClearSounds® A55TAM UltraClear™ Sound Shaping Expandable Cordless Telephone with Caller ID*

This phone features amplification up to 50 dB and the UltraClear™ tone control shapes both high and low frequencies. It includes a digital answering machine with slow speech technology in the base. Additional features include Caller ID/Call Waiting with Caller ID; large Caller ID display; vibrating alert in handset and extra loud ringer in base and handset; flashing ring signaler in handset; amplified 2.5mm headset jack; jack for optional vibrating pad for silent ring signaling; backlit keypad; expandable up to 2 additional handsets; and hear aid compatible.

*ClearSounds® A55 UltraClear™ Sound Shaping Expandable Cordless Telephone with Caller ID*

This phone features amplification up to 50 dB and the UltraClear™ tone control shapes both high and low frequencies. It includes a digital answering machine with slow speech technology in the base. Additional features include Caller ID/Call Waiting with Caller ID; large Caller ID display; vibrating alert in handset and extra loud ringer in base and handset; flashing ring signaler in handset; amplified 2.5mm headset jack; jack for optional vibrating pad for silent ring signaling; backlit keypad; expandable up to 2 additional handsets; and hear aid compatible.

*ClearSounds® CSC600 Doctor's Choice Amplified Telephone*

This phone features amplification up to 50 dB and the UltraClear™ tone control shapes both high and low frequencies. It also includes patent pending UltraClear™ Speech Processing Technology. Additional features include Caller ID/Call Waiting with 80mm x 40mm display screen; 95 dB amplified phone ringer; amplified speakerphone; voice mail indicator; auto on-hook features that keeps the line open even when the phone is knocked off-hook; flashing ring signaler; amplified 2.5mm and 3.5mm headset jack; integrated surface-mount chip technology for total reliability; and a jack for optional vibrating pad.

*ClearSounds™ Talk500 Sound Enhanced Talking Telephone*

This phone features Caller ID (name and number, user-recordable); number verification for pre-dialing (speaks back through the speakerphone); 30 phone book entries (user-recordable for talk-back); 3 one-touch memory buttons; 4 LCD display languages and 4 languages for voice prompt—English, French, Spanish and Italian. The amplification is adjustable up to 40 dB and it also has frequency control, a speakerphone and 64-number Caller ID memory. Other features include a large display with LCD backlight; contrast control; big button dialing; bright ring flasher, hearing aid compatible; and it is wall or desk mountable.

*ClearSounds® Photo50 Amplified PhotoDial Phone with Integrated Digital Answering Machine*

This phone amplified to 40+ dB with an integrated digital answering machine and photo guided speed dial. The UltraClear™ tone control shapes both high and low frequencies. Additional features include amplified speakerphone; visual ring alert; loud, audible ringer; and headset jack.

*Remington Shine Therapy Straightener with Conditioning Plates*

Show your hair some love with Remington's Shine Therapy straightener. Next generation ceramic plates infused with a blend of conditioners and avocado oil prevent moisture loss and cuticle damage. The conditioners in the coating rise to the surface of the plates when heated and are transferred onto the hair; these conditioners last the lifetime of the iron – 4 years. Other features include 60-second heat up, auto shut-off, cool tip and variable heat settings up to 395°F. Get instantly noticeable, frizz-free shine with this new straightener.

*Remington Shine Therapy Hair Dryer with Vitamin Mist Cartridges*

Show your hair some love with Remington's Shine Therapy hair dryer. The first dryer with a sheer vitamin mist that smoothes and softens hair for brilliant health shine. You control how much and where to use the mist with just the push of a button. The mist contained in the disposable cartridges lasts about 30 uses and the hair dryer comes with 2 replacement cartridges. It is a full size 1875-watt dryer with 3 heat and 2 speed settings.

*Remington "Essentials" Dual Head Epilator & Shaver with Nano-Silver*

Discover the new evolution in depilation. Remington introduces the only epilator and shaver in one with hygienic nano-silver. Silver has long been proven to inhibit the growth micro-organisms. Now it is available in our new "Essentials" epilator. This means smooth, silky skin for up to 6 weeks. The essentials epilator also comes with an additional shaving head that is perfect for hard to reach places and it is cord/cordless for added convenience and versatility. Other features include: 2 speeds, curved tweezer barrel, hair guides, massage and skin stretchers, additional shaving head and on/off switch lock.

*Remington Smooth & Silky Women's Electric Shaver with Nano-Silver*

Introducing the only electric shaver in the market with hygienic nano-silver. Silver has long been proven to inhibit the growth of micro-organisms. Now it is available on the new Smooth & Silky electric shave. This means a more hygienic shave and a reduction in irritation. In addition, the two SafeScreens protect the skin from nicks and cuts, it is fully immersible for use in or out of the shower and includes a bonus pen trimmer, perfect for hard to reach places.

*Remington Code Body Groomer*

This Remington Code Body Groomer is a rechargeable shower-proof trimmer that gives the clean look that is so popular. The unit features a bi-directional cutting system and three detachable guide combs that allow you to trim hair in both directions, providing precise results in half the time. You can also use the foil shave when you prefer smooth results. The shaver has a rubberized grip for easy handling in slippery environments. Get the green light. Get the Code.

*Remington Short Cut Clipper Haircut Kit*

Haircuts are now easy, even and error-free! Remington launches the new Short Cut clipper with the world's first curved cutting system for perfectly even haircuts. Its revolutionary 'brush shaped' design makes cutting your hair as easy as brushing it. The clipper's extra-wide curved blades cut back and forth to the shape of your head for an even cut in less passes than traditional straight clippers. The adjustable comb guide offers five length settings and the balding comb attachment give the closest cut possible from an electric hair clipper. The ergonomic design makes cutting hair comfortable and convenient and the pop-up detail trimmer is used for precise lines and touch-ups.

*Remington Titanium Beard and Mustache Trimmer*

The Beard and Mustache Groomer is a rechargeable trimmer great for all beard and grooming needs. It has no extra pieces to lose with a built-in 9-length guide comb and pop-up detail trimmer. A simple adjustable zoom wheel moves the trimmer's comb length up or down and locks into place. Titanium coated blades create precise, professional results and the "lube for life" blades never need oiling. Create the look you want with this convenient groomer.

*Durabilt™ Modular Storage*

Homz Durabilt Modular Storage offers a new approach to customized storage. Available in two sizes, the patent-pending design of the units interlocks to form an industrial strength all-in-one shelf and storage system. Featuring a wide front opening designed for easy accessibility, each unit has ample interior space. Adaptable to any space in the garage or home, the system stacks horizontally or vertically, up to four layers high with anchoring capability or increased stability. The small storage unit has a 25 lb. weight capacity while the larger unit holds up to 50 lbs.

*Designer 3-Drawer Organizer*

Homz Designer 3-Drawer Organizer is a modular, freestanding unit that combines function, fashion and unique product attributes. This unit, along with the freestanding Designer Hamper, Designer Pant Organizer and the Designer 12-Pair Shoe Organizer, offer a customized solution for consumers' organizational challenges by stacking to maximize unused vertical space. The look and functionality of this piece is enhanced by the easy-glide rail system and a designer platinum-finish steel frame. Featuring a natural-color hardwood top and earth-toned canvas drawers, the organizer is at home both inside and outside the closet.

*Homz Dormz Collection*

The Homz Dormz Collection targets the durability and performance features specific to the college student's needs. Each product is designed for maximum functionality in a minimum amount of space. The Dormz laundry, storage and bath products come in on-trend colors to appeal to the female fashionista and the urban hip male. Laundry products feature a compact-size over-the-door ironing board and a collapsible hamper. For the ultimate in shoe organization, there is the under-the-bed 24-pocket shoe storage. Stacking bins in three sizes help organize study materials.

**iTouchless Housewares & Products, Inc.**  
Wired + Well Expo

**L13333**

*16-Gal, 2-Compartment Touchless Recycle Center NX*

Using the latest infrared sensor technology, this unit opens and closes automatically when it detects movement within 6" of the sensor range. It has two 8-gal. plastic inner buckets in each compartment for users to separate trash and recycle materials in one unit. The lid seals in odor and the touch-free operation prevents cross contamination of germs. The recycle center come with 4 wheels for great portability.

*SX Mode Touch Free Automatic Infrared Trashcan*

This 100% touch-free and germ-free automatic trash is equipped with the new and improved proximity sensors that prevent accidental openings and a new space-saving design with sliding lid that requires less operational space. It opens when a hand or debris is about 6" within the sensor range and closes three seconds after hand or debris move away. The trashcan comes in three colors—silver, black or white and all are made with stainless steel.

**ITW Space Bag**  
Clean + Contain Expo

**N8135**

*Space Bag Cube*

Similar to the Original Space Bag, the Cube compresses and protects your bulkiest seasonal items (jackets, sweaters, comforters, pillows) when not in use. But these newly designed gusseted bags, compress into a stackable cube and hold 25% more storage capacity in each bag. Once items are packed, simply slide the airtight/watertight zipper closed and remove air through the patented one-way valve using any ordinary home vacuum cleaner. The Cube is airtight/watertight for superior protection against, dirt, moths, mildew and odors.

**Jokari/U.S., Inc.**  
Clean + Contain Expo

**N6109**

*Shelf Pod*

The next generation of storage, this storage system eliminates clutter and keeps your belongings clean and protected. Preserve and protect your things from mildew, dust, moisture and even insects. Shelf-Pods are manufactured using high quality materials and the design allows for easy set up in three quick steps. Place a standard plastic shelving unit onto the center of the pod, cover the back of the shelving unit with the pod, then place the front panel of the pod over the shelving and zip together. This unit is useful in any room and is very effective in public storage facilities. The clear door provides easy viewing.

*18-Pocket Convertible Shoe Organizer*

Versatile is the perfect way to describe this organizer. Where space is a premium, this product offers the option to hang on a door or in a closet for full customization. An adjustable stretch tension system keeps the organizer against the door. Installation is easy, no tools are required and no holes will be put in the door. To use in the closet, simply fold in half and hang on any standard closet rod using the two attached hangers.

**Kuala T. Inventive Sewing Solutions – Plus**  
Dine + Design Expo/Inventors Corner

**S4667**

*Easy Reach Thread Carousel*

Multi-thread and bobbin storage system for the busy home or business. Great for the embroiderer, crafter, quilter and/or home sewer.

*Wall-Mounted Organizers*

Organize and reduce clutter with this line of three organizers. Sliding CamLock Holders and removable hooks allow for easy customization and spacing of products on the organizer. Non-slip CamLock Holders are designed to securely hold cleaning tools, umbrellas, golf clubs and other long-handled products, and feature a built-in hook for additional storage. Removable hooks hold a variety of products including cleaning cloths, jackets, bags and more. For added convenience, a built-in level ensures even hanging. The single organizer holds up to 2 products and is ideal in tight spaces or entryways, closets, workrooms or laundry rooms. The regular-size organizer holds up to 9 products and the expandable model extends from 12" to 20" and holds up to 12 products.

*Square Step Can*

Here's an elegant solution to containing trash in small constrained spaces. Unlike most trash cans, which have a bulky hinge on the exterior, the hinge in this can is hidden on the inside, allowing for a clean and simple aesthetic. A unique bag latch feature gathers the trash bag excess and locks it out of sight, maintaining the clean look of the can and ensuring that trash will stay in the bag. The inner plastic liner can be easily removed for cleaning. With the simple push of a button, a unique wall guard feature extends from the back of the can and keeps the lid from scratching walls during use. The broad foot pedal makes opening and closing effortless and hands-free. Non-slip feet secure the can in place and protect delicate floor finishes. The 1.3-gal. can accommodates standard plastic shopping bags.

**PANTREE™ Pot, Pan and Lid Organizer**

**S5232**

Dine + Design Expo

*PANTREE™ Vertical Storage Solutions*

A unique cookware organizer that uses the vertical space of base kitchen cabinets to expertly organize pots, pans and lids. PANTREE™ solves the problem where the problem exists and uses vertical space that is typically left vacant. The round, plastic organizer fits into a 15" wide cabinet and is 19" high. It stores up to 14 pieces of cookware, including four lids, and each hook will hold two pans each. The bottom shelf holds an 8-qt. dutch oven or stock pot.

Clean + Contain Expo

*carrybag*

For environmentally conscious shoppers, the spacious carrybag, eliminates the need for wasteful paper and plastic bags. With a capacity of more than six gallons, the carrybag is spacious enough to be the only bag you need. With its lightweight aluminum frame and tear-proof polyester lining, the durable basket is no heavier than the items you stow. Effortlessly stylish, the bag is as lovely hanging on an arm at the market as it is at home used for storage or décor. The bag is easily stored, flattening to only 1" thick; the bag also comes in several chic colors and prints, ranging from polka dots to florals.

*carrycruiser*

The carrycruiser effortlessly moves groceries, laundry and shopping purchases without placing strain on hands, arms and shoulders. Its shock-absorbing wheels and foldaway telescopic rod, with t-grip handle, will withstand bumps and curbs, transporting goods in the most comfortable way possible. The large removable washable lining is armed with ample capacity to hold a large shopping load. A perfect companion for the car or closet, the carrycruiser is always ready to solve all transportation problems. Reuse it time after time and cut down on paper and plastic bags, helping out the environment.

*laptop bag*

Save your back from the stress of hauling your laptop around. This simple, stylish and sturdy silver laptop bag is perfect for safely transporting your computer to the office, school or wherever else your busy life takes you. It provides the perfect interior for protecting precious hardware, the extra-strong padded compartment shields the laptop from bumps and knocks. Use the additional storage space and pockets for cables, folders, batteries, mouse or cell phone. The laptop bag is also available in black, art deco or graphic patterns.

### *shopper XL*

For any gal on-the-go, the eco-conscious shopper XL is the ideal bag for carrying your life around on your shoulder. At 13¼"x6"x14½", the shopper XL is more than just a mammoth-sized bag – it's easy to carry. With ergonomically designed carry straps fastened securely to the bag with snap hooks, transport is a breeze. Within the bag, a large zippered pocket and a phone-sized pocket keep the bag organized. Sleek, yet spacious, this adorable bag comes in several chic colors and whimsical prints and is a fashionable and functional addition to your wardrobe.

### *loopbag*

This adorable, lightweight, reversible bag is the perfect size to carry as a day bag, and it's fashionable enough to transition to night. With a stylish metal ring and an optional shoulder strap, it can be carried as a handbag or shoulder bag. Its signature Reisenthel inner pocket has separate storage for a cell phone, business cards, electronic storage files and more. The zippered outer pocket allows for easy access to those quickly needed items. The bag is available in red or black.

*Teaposity Dream Gift Set*

Featuring the Daydream teapot, the Light My Fire tea warmer and a medley of six elegant Teaposity blossoms, this gift set is beautifully presented and offers a coveted relaxing escape. Teaposity's double-walled, hand-blown teapot holds 24-oz. of your favorite tea and includes a stainless steel loose-leaf tea filter in the spout. The Light My Fire tea warmer is the perfect accent, adding light and prolonging this serene tea experience. Each of the Teaposity blossoms—Heart of Love, Falling Water, Butterfly, Calendula, Lady Fairy and Nobel Essence—is hand-sewn with the finest silver-needle white tea and brews up to 80-oz.

*Teaposity L'amour Gift Set*

Why give a rose that wilts when you can give one that blooms, nestled into the heart of an orange-lily blossom and the finest silver-needle white tea. The L'amour gift set captures both the beauty and the delicate flavor of the Heart of Love Teaposity. The 16-oz., hand-blown Tea for Two teapot features a removable glass tea infuser and is the perfect way to watch your roses bloom. The set also includes six Heart of Love Teaposities, which each brew up to 80-oz of this delightful aromatic tea.

#### *Teaposity Plato Teapot*

Whether you're brewing your favorite loose tea, a beautiful teaposity blossom or a Concert Series sachet, the Teaposity Plato teapot lets you steep in style. This handmade borosilicate glass teapot can hold up to 16-oz. and features a removable gold-plated loose tea filter. The exterior of the teapot has a raised glass pattern of small squares, mimicking its contemporary silhouette. For added convenience, a glass lid holder on the top of the teapot helps secure the lid as you pour those last few drops of tea.

#### *Teaposity Socrates Cup*

Handmade with the same care as all Teaposity glassware, these double-walled cups are made of temperature safe, borosilicate glass. The 5-oz. glasses are adorned with Teaposity's trademark flower and are a fantastic way to present tea to friends after you've finished brewing a beautiful teaposity, loose-leaf or bagged tea.

#### *Teaposity Legend Coffee & Tea Mug*

These straight-walled coffee and tea mugs are the perfect compliment to the Teaposity Romeo and Juliet Coffee and Tea Presses. Their double-walled clear glass design holds heat in, so you can relax and sip your favorite beverage. Designed to hold 7-oz. of steaming hot coffee or tea, these handmade mugs allow you to enjoy the truly bold taste of coffee and tea while looking extremely stylish. Each set includes 2 mugs.

#### *Roli Gourmet 3-Piece Steeping System*

The Roli Gourmet 3-pc. Steeping System is designed for individual brewing of herbal teas or any brand of loose tea. Made of durable stoneware, the tea steepers are dishwasher and microwave safe. These stylish mugs come in six different colors.

#### *The Perfect Pasta Plate™*

The Perfect Pasta Plate™ lets you twirl the perfect forkful of pasta every time, without a spoon, splatter or mess. This line of elegant ceramic plates was designed by an Italian chef to enhance the enjoyment of eating spaghetti. The raised center swirl works much better than a spoon, and follows the correct etiquette for eating pasta. It works well with any type of long noodle pasta, even Asian noodle dishes like Chow Mein.

#### *Tabarka & Black Tie Dinnerware Patterns*

Two new and exciting handcrafted dinnerware patterns feature colorful and hand-painted Mediterranean designs. Named in part for the beautiful Tunisian seaside resort town of Tabarka where the red tile roofs of the Mediterranean beach bungalows dot the coastline, the Tabarka pattern is an elaborate blend of the Italian, French and Arabic styles that have shaped its namesake city. Shades of fire red, goldenrod, grass green and cobalt blue are set against a white background creating a sumptuous and vibrant pattern perfect for any occasion. All at once formal as well as casual, the Black Tie pattern is possibly the most versatile pattern Le Souk Ceramique has created. Whether you dress it up with sleek, shiny silver candlesticks and vibrant silk table linens or choose everyday elegance of glass accessories and bright combed-cotton, Black Tie will make any tablescape sensational.

#### *Caldo-Freddo Everyday 16-Piece Dinner Sets*

As its namesake suggests, this set is perfect for dining in style anywhere, anytime. With its vibrant color palette and clean lines, Caldo-Freddo Everyday's durable stoneware designs are an elegant and affordable luxury for every home. Bringing European elegance to the table is a snap with these 16-pc dinner sets available in 13 extraordinary color patterns.

#### *Caldo-Freddo Dreamer Tea Collection—Violet*

Delicate shapes of diaphanous porcelain create a harmonious blend of whimsical ambiance and timeless elegance. Fine and subtle, allowing light to pass through, the graceful settings for the Caldo-Freddo Dreamer Collection express the

same esprit de finesse as the devoted hands that created them. Now available in violet, the pieces include teapots, creamers, sugar pots, cake plates, serving platters, dessert plates and cup and saucer sets.

*Micro Lunch Bowl – 12oz.*

The Micro Lunch Bowl makes it easy to pack lunch for the whole family. Complete with a handle and a spoon in the lid – this is the perfect item to send the kids to school with a hot lunch. Designed with small hands in mind, this bowl is both dishwasher and microwave safe. Small enough to fit in backpacks, it comes in fun pink and blue colors. Kids will love this product as much as their parents will love packing it in the morning.

**Prodyne Enterprises Inc.**

**S957**

Dine + Design Expo

*Wine On Ice*

Prodyne has improved the “iceless” wine cooler by adding an ice chamber below. Just fill the bottom chamber with cubed or crushed ice and cover with the vented grate. Place pre-chilled wine bottle in cooler and an insulated chamber of cold air is created from the ice below, as well as from the chill of the bottle itself, so wine stays chilled for hours. The cooler can also be used without ice to keep the bottle chilled. By adding ice, the chill is colder and longer. The wine chiller is made of durable crystal clear acrylic with stylish brushed steel.

*Vino Gondola Wine Buckets & Tubs*

This premier collection of party tubs and wine buckets offers the height of elegant design and quality. Produced by a special double molded process, they feature a clear outer shell, including thick bottom and rim, complimented with a colorful inner surface. Your guests will be duly impressed by the beauty of these wine servers, whether it be a formal indoor setting or casual outdoor entertaining. The buckets and tubs are made of durable acrylic with easy-to-carry handles.

*Iced Martini*

Drinks will stay nice and cold when served in the ice shell created by these 10-oz. martini glasses. No longer bother with the watered down ice cube effect. The double wall design has non-toxic, re-freezable liquid between the walls. Just place the glass upside down in the freezer a couple of hours before use for the walls to freeze. Durable, break-resistant acrylic is ideal for both indoor and outdoor use. The martini glasses come in a set of two.

*Iced Appetizers*

Appetizers stay chilled and fresh on a bed of ice. Made of high quality 18/8 stainless steel, the two-compartment upper food tray rests on top of a thick acrylic bottom ice tray. Place cubed or crushed ice in bottom of tray and position the upper food tray above, pushing it down so good contact is made with the ice. Also use the bottom tray alone as an attractive three-compartment server.

*Iced Eggs*

Deviled eggs stay chilled and fresh on a bed of ice. Made of high quality 18/8 stainless steel, the upper tray holds 24 deviled egg halves and rests on top of a thick acrylic bottom ice tray. Place cubed or crushed ice in bottom of tray and position the upper food tray above, pushing it down so good contact is made with the ice. The bottom tray can also be used alone as a beautiful four-compartment serving platter.

*Iced Salad*

Salads stay chilled and fresh on a bed of ice. Made of high quality 18/8 stainless steel, the upper salad bowl (4.5-qt.) nests inside a thick acrylic lower ice bowl. Place cubed or crushed ice about 1/3 high in lower bowl and position the upper salad bowl in the lower bowl, pushing it down so good contact is made with the ice. The salad bowl can be spun on ice for a special presentation. The acrylic dome lid keeps the cold air in and the bugs out. Attractive salad servers are also included. Keep hot food warm with hot water in the bottom of the bowl or use the bottom bowl alone as a big salad or chip bowl.

*Cold Bowl On Ice*

Salads, fruits and appetizers stay chilled and tasty longer over a bed of ice. Simply fill bottom compartment with ice and position the vented grate over ice. The coldness will flow through to keep food in main bowl chilled. The dome lid keeps

cold air in and bugs out. Attractive salad servers hook onto the bowl's rim. The crystal clear acrylic is break resistant and top-rack dishwasher safe. This bowl is perfect for both indoor and outdoor entertaining. It holds up to 6.5 quarts and includes divided appetizer inserts with a dip cup to serve a variety of food delights chilled on ice.

*FOREVER Polycarbonate Big Liter Mug – 34-oz.*

This big, handsome mug stands tall as it holds a full man-sized liter of your favorite brew or beverage. Get ready to party in a big way.

*2-in-1 Vacuum Stopper*

An innovative wine stopper that improves upon the traditional vacuum stoppers. It conserves the wine in open bottles by removing the air that oxidizes it with a vacuum pump, but unlike its predecessors it does not require a separate pump and cork apparatus. A modern retro design and 8 anodized colors give the 2-in-1 vacuum stopper a distinctive, elegant and whimsical look.

*Assorted Wood Laguiole Steak Knives*

Set of 6 traditional French Laguiole steak knives in assorted precious woods – Rosewood, Juniper, Ebony, Olive, Amourette and Brazilian Rosewood. The knives are made in France.

*Teapots & Mugs*

New designs in 2-cup and 6-cup teapots—natural and olive dots and stripe and bright stripe—are designed to coordinate with other Typhoon items such as textiles. Put fun back into the kitchen with these bright and cheery kitchen/tabletop items, including mugs.

**Ultimate Party Tray LLC**  
Dine + Design Expo/GOHO

**S3073**

*The Ultimate Party Tray*

Born out of necessity, this tray simplifies all of your serving needs into one ceramic party tray. A 14" diameter tray rotates 360° on a 10" Lazy Susan table. It has seven service wells, three main 24-oz. wells, three 6-oz. dip wells and one heating well. The heating well stays warm using a heating candle, votive and cradle unit. This tray can be used for serving both hot and cold appetizers, including vegetables and chips and dip. It is microwave and dishwasher safe.

**S3838**

*American Masala Ceramic Trivets*

Specially designed by Chef Suvir Saran, these attractive ceramic trivets come in a lustrous cream hue and have intricate raised details reminiscent of those found in the Mughal architecture of India's Taj Mahal. They support oven-to-table cookware and platters of high heat and heavy weights. The trivets have protective rubber feet. Available in circular, rectangular or square configuration, with each shape featuring a different design motif. These trivets are chic, highly functional and reasonably priced for personal home use and gifting – fitting into any style of interior design.

**William Bounds, Ltd.**  
Dine + Design Expo

**S1443**

*Titan Pepper and Salt Mills*

These elegant 8" tall mills combine a traditional shape with a modern stainless steel finish and battery-powered operation for a clean, up-to-date look and feel. Each mill includes an acrylic window to showcase the peppercorns or seal salt inside, a popular feature that lets the user know when it's time to refill. William Bounds' ceramic milling mechanism is durable and non-corrosive, and the mill is fully adjustable from fine to coarse with the simple touch of a button. Each Titan Mill comes filled, in a display box with an additional 2-oz. tube of William Bounds Lampong Black Peppercorns or Sea Salt.

*2-in-1 Salt & Pepper Mill*

From top to bottom, this new mill is stylish and functional. With a space-saving design that incorporates two separate mills into one unit, the combination pepper mill and salt mill is fully adjustable on both sides, giving you the ability to

choose various grinds from extra coarse to extra fine. Two acrylic chambers at the center of the mill separately hold the sea salt and peppercorns. The acrylic is accented with a contemporary stainless steel top and bottom that is covered with a thin black cap on each end to keep salt and pepper from spilling on the table when not in use. The mill features William Bounds milling mechanism, which crushes the peppercorns and sea salt rather than grinding them.

**The Wine Enthusiast Co.**  
Dine + Design Expo/GOHO

**S3762**

*2-Pc. Chilling Carafe*

A great new idea for chilling white wine quickly and perfectly. The chiller provides a beautiful presentation while keeping wine as close to ice as it can be without diluting it. The immersed ice chamber keeps wine constantly cool. When you're ready to serve, just remove the chamber and pour. Mouth-blown, the lead-free crystal carafe is designed to hold a full bottle of wine.

**Wrenchware Inc.**  
Dine + Design Expo

**S5133**

*Gear Glass*

These glasses stand almost 8" tall and are 3" wide and weigh approximately 10-oz. The stem is made of 18/10 stainless steel and base is a stainless steel "gear," making these wine glasses very different, very visible, unique and collectible.
