Re: 2012 Weber Grill Program

Dear Orgill Customer,

For a number of years Weber-Stephen Products has partnered with Orgill to provide retailers top of the line grills and accessories. Weber recently announced a change to their policies concerning how retailers can sell and market their products. These changes have been put in place to protect the Minimum Advertised Price ("MAP") and their brand name. Beginning in 2012, Weber will require adherence to these new procedures in order for you to continue selling their products.

Enclosed you will find the specific pricing and selling guidelines implemented by Weber. The manufacturer will enact these new compliances beginning January 1, 2012. In order to make sure your product distribution is not interrupted, you will need to sign the enclosed documents and return them to the below address or fax before the new year.

Orgill, Inc.
Attention: Clarke Erwin
PO Box 140
Memphis, TN 38101

or

Fax: (901) 522-6154
Attn: Clarke Erwin

We appreciate you taking the time to review, sign, and return these forms so that we can continue to fulfill your premium grill needs. Thank you for your business and your compliance to these new procedures.

Sincerely,

Geoff McCaslin
Merchandise Manager

RE: New Terms for Weber Purchasing Privileges

Dear Orgill Customer:

Our company has entered into an Agreement with Weber-Stephen Products LLC, the manufacturer of WEBER brand grills and accessories (Weber Products) which restricts our rights to sell WEBER Products only to retailers who agree to certain conditions on their resale of Weber Products. Therefore, this letter informs you that in order to maintain your company's buying privileges for Weber Products from us after January 1, 2012 you need to confirm your agreement to the following:

You agree not to offer for sale, advertise or sell any Weber Products:

- (i) On or through the internet except on websites related to your "brick and mortar" operations and which are disclosed to us in writing.
- (ii) To any person located outside of the 48 contiguous United States of America
- (iii) To any other retailers or to wholesale distributors

If you have an internet presence, through which you plan to sell any Weber Products, please provide us with the URL: _____ . The use of additional websites requires our written approval.

Please confirm your understanding of, and agreement to, these conditions by having an officer of your company sign where indicated below. If you fail to do so and do not return a signed copy of this letter by December 15, 2011, your buying privileges for all Weber Products will be terminated effective January 1, 2012, and we will not accept or fill any orders for Weber Products you may place. If you agree to these conditions but do not follow them after January 1, 2012 we shall immediately, upon learning of your breach, terminate your buying privileges for Weber Products.

If you have any questions, please contact the undersigned.

Sincerely,

Geoff McCaslin
Merchandise Manager

RE: Weber-Stephen Products LLC Policies

Dear Orgill Customer:

Weber-Stephen Products LLC (“Weber”), the manufacturer of WEBER brand grills and accessories (Weber Products), has developed certain policies and programs that all retailers of its Products are expected to follow. We attach a copy of (i) Weber’s “No Conversion” policy; and (ii) Weber’s Minimum Advertised Price Policy (collectively, the “Policies”).

Failure to follow the Policies will result in loss of cooperative advertising dollars, loss of buying privileges for Weber Products and/or other consequences.

If you have any questions, please contact the undersigned.

Sincerely,

Geoff McCaslin
Merchandise Manager

AGREED AND ACCEPTED:

We acknowledge receipt of and agree to comply with the Policies. We agree to take reasonable measures to inform and educate all of our employees involved in the sale, display, assembly, advertising and marketing of Weber Products, as to the Policies.

NO-CONVERSION POLICY

11/15/2011

Weber-Stephen Products LLC ("Weber-Stephen") does not authorize, approve or condone the conversion of its propane gas grills to natural gas, or the conversion of its natural gas grills to propane. Weber-Stephen does not offer or provide any gas train conversion kits, will not undertake any conversions for consumers or retailers, and will not train or offer any instructions for such conversion(s).

Any retailer who (i) converts a Weber® natural gas grill to propane; or (ii) converts a propane gas grill to natural gas; or (iii) offers for sale or sells a gas train conversion kit for use on or in connection with a Weber® grill; or (iv) provides any instruction to a consumer to convert a Weber® grill, is subject to immediate termination of its buying privileges of all Weber Products.

Any conversion or attempted conversion of a Weber® gas grill will void any remaining warranty provided by Weber-Stephen. A retailer, who despite the terms of this policy, converts or attempts to convert, or instructs a consumer to convert, or provides a gas train conversion kit for a Weber® grill, assumes any and all liability for any damages, injuries, death, disability, expenses, costs and fees (including attorneys fees) which arises out of or relates to such acts.

Weber-Stephen Products LLC
Minimum Advertised Price ("MAP") Program

Effective Date: January 1, 2012
Issue Date: November 14, 2011

Purpose

For over fifty years, Weber-Stephen Products LLC ("Weber") has invested a substantial amount of time and money advertising its iconic WEBER brand grills and accessories in the United States ("Weber Products"). In addition, Weber has invested heavily in Research & Development and positioned its Weber Products as high-end with premium features and benefits that Weber customers desire and seek out. Weber offers substantial warranties on Weber Products and has a robust Customer Service team that provides warranty support, spare parts, advice and other support for all Weber customers.

In addition, Weber believes, and it has been consistently demonstrated, that the successful sale of Weber Products involves a deep understanding of the features and benefits of the various Weber Products and a commitment to enhancing the consumer's outdoor cooking experience. We support our retailers' efforts to do so with training programs, on-line support and other activities to create a staff knowledgeable in the Weber Product line. The Weber MAP Program is designed to protect the premium value of Weber Products and protect investments made by Weber and its retailers.

In addition to this MAP Program, Weber will continue its cooperative advertising program, which provides qualified retailers with support for their efforts to advertise and promote the Weber brand and Weber Products, in compliance with the MAP Program guidelines and the terms and conditions of the cooperative advertising program.

The Weber MAP Program applies to all Weber distributors, dealers and resellers of Weber Products ("Resellers").

Summary of Program

Weber has adopted, in its business judgment, the MAP Program set forth in this communication. The MAP that corresponds to each of the Weber Products covered by this Program ("Covered Products") is described in Weber's then-current MAP Schedule (as defined herein). A violation of this Program occurs when a Reseller advertises a Covered Product below its MAP. The Weber MAP Program applies only to advertised prices and does not relate to the actual sales price of any Weber Product. Resellers are free to set the selling price of Weber Products. Weber does not seek any person's agreement on minimum selling prices and no representative of Weber or employee is authorized to accept any agreement on minimum selling price.

Applicable Media

The Weber MAP Program applies to traditional media such as flyers, posters, coupons, mailers, inserts, newspapers, magazines, catalogs, mail order catalogs, television and radio. The Weber MAP Program also applies to internet and internet related electronic media such as email newsletters, email solicitations, Reseller websites and third party websites. Any price information relating to the Covered Products on an internet website which can be accessed directly through any hypertext link or by any other method which uses the hypertext transfer protocol (http) is considered to be advertising for purposes of this Program. Automated email responses to customer pricing requests are also considered advertising. Any prices shown in the shopping cart on a Reseller's Website are considered advertised prices and subject to this Program until the consumer is committed to purchase the Covered Product. Emails sent in response to specific customer inquiries about a particular Covered Product are not considered advertising nor is a phone number or hot line set up to provide verbal responses to specific customer inquiries about pricing.

The Weber MAP Program is not applicable to any in store advertising that is displayed only in the store and is not distributed to any customer(s) other than while the customer is visiting a physical store. The MAP Program does not apply to shelf talkers, price tags or window displays. However, advertising any of the Covered Products below its or their respective MAP on exterior store banners is a violation of the MAP Program.

Enforcement

Resellers advertising a Covered Product below its MAP set by Weber will be subject to (i) loss of accrued cooperative advertising dollars, termination from the Weber cooperative advertising program for the balance of the current Weber fiscal year and loss of discretionary marketing funds for the first offense and (ii) termination (indefinitely) of buying privileges for Weber Products for the second offense (or the first offense in the event the Reseller is not party to the Weber cooperative advertising program). Weber reserves the right to determine whether a violation of the MAP Program has taken place, and it will do so in its sole and absolute discretion and independent judgment.

Guidelines

1. Each Covered Product must be advertised at its MAP or higher. Attached is the MAP schedule effective January 1, 2012 which identifies all Covered Products. ("MAP Schedule"). Weber reserves the right to modify the MAP Schedule from time to time and will provide thirty (30) days notice of any such changes.
2. In order to permit identification of the specific unit(s) in an advertisement, the Weber model numbers must be shown when advertising Weber Products.
3. Assembly and free delivery offers are acceptable discounted offers that will not be considered as lowering the advertised price below MAP. However, advertising a price for these services and then showing the value of these services as free or discounted will be determined to be a violation of the MAP Program if the advertised value of these services implies a price lower than MAP.
4. The offer of "free" propane tank refills and exchanges with the purchase of a Covered Product is an acceptable discounted offer that will not be considered as lowering the advertised price below MAP.
5. For bundled product advertising, Resellers may not offer implied savings below MAP, whether or not the price of both products is listed. Among other things, this includes offering a free gift at the point of sale to a customer who is buying a Covered Product advertised at its MAP. Any "gift with purchase" promotions must exclude Covered Products.
6. Should a Reseller advertise "open a store credit card and get X% off purchases," the Reseller must state "excludes Weber products" or "does not apply to Weber products" in the advertisement if the implied price is lower than any MAP. Any other storewide or category event savings must specifically exclude Covered Products if the implied price is lower than any MAP.
7. Any Reseller who advertises "meet or beat by x%" online or at store level must exclude Covered Products from the advertisement in order to be in compliance with the MAP Program. Resellers should use statements such as "excludes Weber products" or "does not apply to Weber products" in this situation.
8. Discontinued Weber Products can only be removed from the MAP Schedule and the MAP Program by Weber. A decision by Weber to discontinue any specific Product does not necessarily mean that the discontinued Product is no longer subject to the MAP Program.
9. Weber reserves the right to change, modify or discontinue the terms of the MAP Program at any time within its sole discretion.
10. Weber's interpretation of the MAP Program and its application controls.

Confidential

The terms of the Weber MAP Program are confidential and Resellers should not discuss the Program with, or disclose the Program to, any third parties.

Questions and Communications

All questions regarding the application, interpretation or enforcement of the Program should be directed to:
