

Contender G2 Frames w/Grip & Forend

G2 CONTENDER

*To buy Frames you must send a valid FFL with original signature, or we must already have your current FFL on file. Your dealer must call us for pricing!

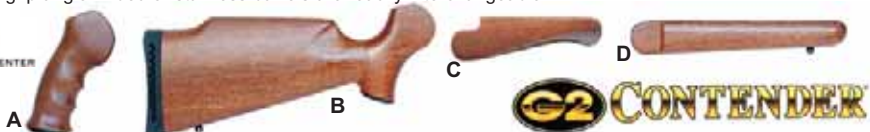

*All old Contender barrels will fit the new G2 Contender frame without alteration.

- Easier Opening.
- Automatic Hammer Block Safety with built-in interlock
- Re-cock the hammer without having to "break open" the gun.
- More Clearance between the grip and trigger guard.

	Order No.	Price
G2 Contender Pistol Frame, Blued with Walnut Grip and Forend	031-8700	\$318.57
G2 Contender Rifle Frame, Blued with Walnut Stock and Forend	031-8720	353.01
G2 Contender Pistol Frame, Rubber Stock Stainless Assembly	031-8750	334.56
G2 Contender Rifle Frame, Composite Stock & Forend Stainless Assembly	031-8770	350.55

G2 Contender Grips, Forends & Buttstocks

G2 Contender Compatibility with Old Style Contenders: The G2 Contender Frame will accept all Contender barrels and their corresponding forends (except Herret Forend) The G2 Frame will not accept old style grips because of the change in grip angle. Blued or stainless barrels are readily interchangeable.

*G2 Contender Acc. will not fit the Old Style Contender Frame!

Contender Accessories from Pachmayr- Three grip design offer the best control for this heavy recoiling handgun.

Each features a patented air pocket recoil chamber and deep checkered finish. (Does not work with G2). The Pachmayr TC Contender forend fits all round barrel models including 12" and Super 14. Will not fit Super 16. The forend adapter adapts one forend for use with either 10" round, 12" or Super 14 barrels. Forend has adapter built in. Can be changed to fit either 10", 12" or 14" T/C Contender barrels.

Accessories for the Encore

A- Weaver™ Style Base for Encore (12ga only)- Weaver-Style Base for Encore 12 Ga Shotgun Mounts directly on the Encore 12 Ga barrels; Slug barrel or Turkey barrel. Blued finish. **Order No. 030-9949 \$19.70**

B- Maxima All Steel Bases for Encore - See a full line of Maxima rings in the TC Muzzleloader section of the catalog **Matte Finish- Order No. 030-7429 \$37.16**
Hardwoods Camo- Order No. 030-9911 \$46.52

C- Weaver™ Style Mounting System- Weaver Style Mounts For Encore Pistols or Rifles. Mounts directly on the barrel of T/C Encore.
Blued Finish- Order No. 030-9899 \$10.03
Stainless Finish- Order No. 030-9907 \$11.33

D- Duo Rings for Encore- Mount your favorite scope in minutes, no base adapter required. Blued finish. 1" rings fit most pistol scopes. **Order No. 030-9817 \$60.05**

E- Talley Rings for Encore/Omega- The one-piece construction of the Talley Lightweight Aluminum Scope Mount is unique. The rigid design has no joint between the scope and the rifle. Eliminates the possibility of an "out of alignment" interface or "loose connection" between the ring and base of traditional two-piece designs.

Low 1pc Base/Ring Matte Order No. 224-930724 \$43.64
Medium 1pc Base/Ring Matte Order No. 224-940724 \$43.64

F- Sims Limbsaver Recoil Pad for Encore/Omega- A custom fit recoil reduction pad that is easily installed after removal of the existing stock pad. Features innovative recoil reduction technology that absorbs shock and vibration.
Synthetic Encore/Omega Stocks Pad Order No. 030-7847 \$30.57
Wood Encore/Omega Stocks Pad Order No. 030-7801 \$30.57

Pachmayr Encore Decel Grippers

See the lists below for recommended calibers.

Pachmayr tames even the hardest-kicking T/C Encore using the proven Decelerator material, Pachmayr has crafted a grip and forend that deliver far greater control while softening recoil. Decelerator material offers a more secure, consistent grip that can actually enhance accuracy. The softer forend provides for a secure, steady rest on any handy surface in the field.

T/C Encore Standard Grip and Forend Set - Recommended for use with these calibers: 17HMR, 22LR, 204 Ruger, 223 Rem, 22-250, 243 Win, 25-06, 270 Win, 7mm-08, 308 Win, 44 Mag, 45 Colt **Order No. 010-02441 \$47.76**

*These models will require the TC muzzleloading fore stock. Mounting screws included. TC4700 (.45-70) are drilled and tapped for both scope holes and open sights.

Thompson Center Muzzleloaders

209x50 Magnum Encore

The Encore 209 X 50 Magnum Muzzleloader is the most reliable, accurate, long range muzzleloader ever produced. It's a "minute of angle" muzzleloader based on a proven single shot break open action. 26" barrel of 4140 rifle grade steel, button rifled with a 1 in 28" twist. Designed to handle magnum loads of up to 150 grains of FFG Black powder or the Pyrodex equivalent. Also handles 3 of the new 50 grain Pyrodex Pellets with impressive results. Closed breech designed and 209 shotgun primer ignition assures firing in the most adverse conditions. "Universal Breech Plug" allows for quick, reliable ignition with loose powder or Pyrodex Pellets. The easiest cleaning muzzle-loader on the market today. There is no striker or breech area to clean. Because of the sealed ignition chamber, all fouling is contained in the barrel. With T/C's patented QLA Muzzle System loading is a snap. When the special season is over, it only takes a few seconds to remove the .50 caliber muzzleloader barrel and install your favorite center-fire rifle barrel. Same frame, same feel, same confidence.

Omega

With it's sleek profile and it's sealed pivoting breech design, the simplicity of the Omega Z5 is unrivaled by any other muzzleloader. The Omega Z5's unique action operates by using the forward motion of the trigger guard lever to pivot the breech block downward, allowing easy access to the 209 primer; bring the lever rearward and the primer is sealed from the elements. Cock the hammer and fire. It's that simple.

1 in 28" Twist for sabots and conical bullets, 42" Overall Length, Drilled & Tapped.

Triumph

SPEED BREECH XT™
Speed Breech XT™ (patent pending) can be removed by hand by rotating only 90 degrees!

New from Thompson Center! The Triumph Muzzleloader! Simplicity defines this muzzleloader, only a few parts on this actually move, no need to remove the trigger group, use tools or disassemble the rifle. Alloy receiver reduces the weight and balances the rifle for natural handling. Speed Breech XT™ (patent pending) can be removed by hand by rotating only 90 degrees. 209 Primer Ignition, 28" barrel.

12ga **Order No. 030-7201 \$3.10**

D- 50cal Cotton Bore Swab- 10x32 Thread. **Order No. 030-9514 \$2.55**

E- Extended Super Jag- Knurled to provide maximum contact between patch and bore. Long stepped shank prevents patches from binding. Concave tip allows use for loading. Adds 3 3/4" to ramrod. Necessary for Encore 209x50 & Omega Muzzleloaders. 10x32 Thread **Order No. 030-9087 \$4.22**

F- 50 Cal Spin Extended Super Jag- Knurled portion spins free for easier loading **Order No. 030-9059 \$6.26**

G- 50 Cal Bronze Bore Brush- 10x32 Thread. **Order No. 030-9502 \$2.57**

H- Worm Patch Puller- All TC Rifles 10x32 Thread. **Order No. 030-9010 \$3.88**

I- Brass Bore Guide- Fits .45 to .58cal **Order No. 030-7158 \$3.29**

Breech Plug Fire Channel Brush - Cleans out the fire channel of most breech plugs. TC recommends using T7 Breech Cleaner in conjunction with the brush for **Order No. 030-9505 \$3.07**

T-7™ Breech Plug Cleaner w/Container - A hard working cleaner specially formulated to clean black powder substitutes including the popular Triple Se7en® powder. No brushing or scrubbing required. Simply drop your breech plug in the handy container and shake for 30 seconds and then wipe clean. This cleaner thoroughly penetrates and cleans the flash hole of your breech plug for improved ignition. **Order No. 030-7433 \$5.61**

Nipples & Accessories

Replacement Nipples (for No.11 Caps)- Made of stainless steel, these nipples are carefully machined and long lasting. No.7070 for most T/C Cap Lock rifles (Except Cherokee, Fire Storm & Seneca). Thread size 1/4 x 28. Also fits all T/C in-lines (except Encore 209x50, T/C Scout and Omega). **Order No. 030-7070 \$2.86**

Flame Thrower Nipples- This nipple design achieves the hottest ignition possible whether you are using the No.11 cap or a musket cap... T/C's new Flame Thrower Nipple is a unique design which ignites the powder charge in a muzzleloader through both a direct vent and via side ports that work in conjunction with the inner breech plug surface to throw a "ring of fire."

Flame Thrower Nipple for Musket Caps- Order No. 030-7237 \$2.03

Flame Thrower Nipple for No.11 Caps- Order No. 030-7242 \$7.74

Musket Cap Nipple- This nipple gives the option of using the much larger musket caps. Musket caps produce ignition fire that is 700° hotter than standard No.11 percussion caps. Made of stainless steel, these nipples are carefully machined & long lasting. Fits T/C Traditional cap locks and T/C in-lines (except Encore 209x50, T/C Scout and Omega). (1/4x28). **Order No. 030-7252 \$4.23**

T/C Hot Shot® Nipple- This heat treated stainless steel nipple provides a more even and consistent flow of pressurized gases from the nipple into the ignition chamber. They will virtually eliminate hammer blow back by venting excessive gases through the side ports. (Not recommended for under-hammer rifles or Cap & Ball Revolvers).

Hot Shot® Nipple for #11 Cap- (1/4x28) for most T/C Cap Lock rifles. Uses #11 Cap. (Except Scout, Cherokee, FireStorm & Seneca). **Order No. 030-7075 \$4.11**

Hot Shot® Nipple for Musket Cap (1/4x28) for most T/C Cap Lock rifles. Uses Musket Caps. (Except Scout, Cherokee, Fire Storm & Seneca). **Order No. 030-7204 \$5.55**

Touch Hole Bushings for T/C Flint Locks- Stainless Steel, 1/4"x28. Pkg. of 2. **Order No. 030-7327 \$4.40**

Nipples Wrenches & Accessories

A- In-Line Nipple Pick- The perfect tool for ensuring that the ignition channel in your in-line muzzleloader's breech plug is cleared of residue or moisture. Fits all in-lines and is easy to use even when rifle is scoped. **Order No. 030-7244 \$9.42**

B- Nipple Wrench- Universal For #11 & Musket Nipples
Order No. 030-7064 \$5.05

B- Nipple Wrench- Musket Cap Nipple Only-
Order No. 030-7112 \$5.29

C- Deluxe "Universal" Nipple Wrench- Extra long nipple wrench for traditional cap lock rifles with either #11 nipples or musket cap nipples. Provides extra leverage for stubborn nipples. Cross bar contains nipple pick for clearing the nipple channel and a threaded hole to hold an extra nipple for emergency replacement in the field. **Order No. 030-7084 \$14.18**

D- Modern Style "Universal" In-Line Nipple Wrench- An extra long nipple wrench for removing the nipple from the ThunderHawk, Fire Hawk, System 1, Blk Dia and Woods Rifle. Allows for use when these rifles are scoped. **Order No. 030-9424 \$7.13**

TC Muzzleloading Accessories

Cappers

Star 7 Capper- A lightweight capper with seven protruding fingers that hold caps for quick accessibility, and a handy storage compartment in the back for extra caps. Lanyard loop enables it to be worn around neck or attached to a possible bag. **Order No. 030-7015 \$4.80**

In-Line Capper for #11- Caps Solid brass body with steel jaws. This unique design allows the plunger spring to be locked in compressed position for easy loading. American made, it holds seventeen #11 Percussion Caps.

Order No. 030-7025 \$9.11

209x50 Priming Tool- This tool is designed for use with the Encore 209x50 Magnum. It holds two #209 shotgun primers ready for instant action.

Order No. 030-7760 \$4.71

U-View™ In-Line Capper For Musket Caps- This tool is designed specifically for use with any of the muzzleloaders that use a musket cap. It holds eight musket caps ready for instant action. Allows quick visual inspection of your cap reserves.

Order No. 030-7233 \$8.90

Lightweight Polymer 209 Primer "Priming / Depriming" Tool- Handy 3 Pak of the 209 Priming / Depriming Tool for use with any of the in-line T/C muzzleloaders that accept these primers. (Not for use with Encore 209x50 Magnum).

Order No. 030-7802 \$4.46

Dog-Bone 209 Primer- A handy and durable polymer 209 priming tool holds two 209 shotshell primers at each end for instant priming. Also holds a "reserve" of six more inserted in the main shaft. Enables you to easily prime most in-lines, even when scoped. **Order No. 030-7808 \$3.40**

U-View™ In-Line Capper For 209 Primers- This tool is designed specifically for use with any of the Fire Storm 209 or modern-style, inline muzzleloaders that use a 209 shotgun primer. It holds eight primers ready for instant action. Allows quick visual inspection of your primer reserves. *Not For Encore 209x50 or Omega*

Order No. 030-7219 \$9.07

U-View™ Capper for #11 Caps- The ultimate in convenience and durability. Allows you to see exactly what you have in reserve. The traditional shape of this capper makes it easy to use. Hole for attaching a thong. Simple thumb actuated mechanism. For #11 caps (holds 100) **Order No. 030-7226 \$15.43**

Powder Measures

A- Hunter Powder Measure- Compact lightweight powder measure with solid brass cup and durable polymer adjusting sleeve marked in 10 grain increments from 20 to 120 grains. Brass locking setscrew can be locked into infinite positions; at graduated marks or between them. **Order No. 030-7048 \$12.13**

B- U-View™ Powder Flask- See Thru Makes it easy to monitor your powder supply. Small enough to easily fit in your pocket or "possibles" pouch yet it holds enough powder for about a dozen reloads. Spring loaded plunger is easy to control for dispensing powder into a measure. **Order No. 030-7224 \$16.93**

C- U-View™ Powder Measure- See the exact level of the powder in the tube. Eliminate the guesswork of loading consistent charges with this handy, lightweight measure. Includes loading spout that swivels out of the way to fill the measure. Graduated in 5 increments from 15 to 125 grains. **Order No. 030-7222 \$12.60**

D- T/C Magnum Powder Measure- Designed specifically for use with any of the in-line T/C muzzleloaders when using magnum charges of up to 150 grs. of Black Powder or Pyrodex® equivalent. 10 gr. increments **Order No. 030-7102 \$10.71**

E- Adjustable Black Powder Measure- Compact solid brass measures which quickly adjusts to the required increments for rifle or pistol. Positive snap ring "clicks off" each increment of adjustment and holds cavity at desired volume. (50-120 grs. in 10 gr. increments) **Order No. 030-7040 \$7.75**

F- Flint Lock Pan Charger* Solid brass, knurled end screws off for easy filling. Holds appx 80gr FFFFG Black Powder. Dispenses a small amount of priming powder. Each dispensed charge fills the pan of a T/C rifle one-half full. **Order No. 030-7020 \$13.39**

TC Muzzleloading Accessories

Flint Accessories

Premium Agate Flints- Cut from Agate, these premium "flints" will outperform standard flints by producing at least twice the number of strikes. And their ability to produce more consistent sparks, longer, is the reason why they are used by top International Muzzleloading shooters. 3 per package **Order No. 030-7203 \$11.77**

Flint Lock Touch Hole Pick- Rugged stainless steel touch hole pick with lanyard loop. **Order No. 030-7113 \$3.29**

Flint Lock Touch Hole Picks- Durable polymer "spark proof", Package of 2. **Order No. 030-7093 \$2.82**

Flint Lock Field Kit- All the basics you will need for flint lock maintenance while in the field. Contains: pan brush, jaw tightening rod, stainless steel touch hole pick and small screwdriver with 3 different size blades for a multitude of uses including rear sight adjustment. Lightweight and compact. **Order No. 030-7099 \$7.66**

U-View Flex Loader

U-View Flex Loader - Everything you'll need for three shots, all in a compact carrier. Carrier holds three loading tubes, each containing the projectile and charge. When needed, the loading tube is pulled out of the holder and "dumped" down the bore pellets first, followed by the projectile. **Order No. 030-8031 \$4.95**

Replacement U-View Tubes (3pack) - 030-7238 \$2.03

Rip-Cord Speedloader - Attach the carabiner to your belt, suspenders, or pack, pull the tube away from its top and dump your charge. Houses 209 primer as well. **Order No. 030-9613 \$5.51**

Wedge Pin Puller

Pin Puller- A hardened steel, dual purpose tool which taps out the forend wedge just enough so that it can be caught and pulled free with the claw end. It's also a nipple wrench that fits all T/C nipples. **Order No. 030-7062 \$8.77**

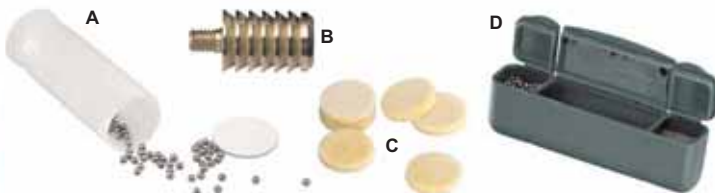

Replacement wedge pins for T/C long guns only. High quality blued or brass color.

Fits Hawken (Brass Color)

Fits Renegade, PA Hunter, White Mtn., & Big Boar(Blued)

Order No. 030-7011 \$5.27
Order No. 030-7013 5.27

12ga Accessories

A- 12 Gauge Shotcups with Over the Shot Wads - These "multi-metal" 12 gauge shotcups offer muzzleloaders tighter patterns when hunting turkey or waterfowl. Cups provide superior barrel protection and are pre-slit; easy to load. Each shot cup accepts 1-1/4oz. of steel shot or 2oz. of lead shot. Comes with an over the shot wad. 20 per pack. **Order No. 030-7001 \$9.40**

B- 12 Gauge Jag - Solid brass cleaning jag with 10x32 threads. Fits all T/C ramrods. **Order No. 030-7201 \$3.10**

C- 12 Gauge Natural Wads (50 pack) - Woven wool wads, center-lubed with Bore Butter. 1/8" thick, with "memory" which allows them to be used in full choke barrels. **Order No. 030-7024 \$7.71**

D- 12 Gauge "Pellet Packer" - A handy way for any 12 Gauge muzzleloading enthusiast to carry his loads. Each high impact plastic container houses powder, shotcup with over the shot wad, and shot; each in its own compartment. Flip the lid and you're ready to "charge". 3 Per pack. **Order No. 030-7174 \$9.55**

Patches and Lubes

Bore Butter- An all natural lubricant with no petroleum based oil additives. Produces much less fouling than conventional lubes. More consistent pressure from shot to shot. The more 1000+ used, the more seasoned the bore will become. Also great protectant for external surfaces of your gun. Now in a 5 ounce tube.

	Order No.	Price
1000+ Bore Butter 5 oz. tube	030-7309	\$5.67
1000+ Bore Butter 2 oz. tube	030-7411	3.59
1000+ Bore Butter 5 oz. tube Pine Scented	030-7409	6.57

Number 13 Bore Cleaner- An all natural bore cleaner which contains no petroleum based additives and is compatible with Natural Lube 1000 Plus. Number 13 will quickly and efficiently remove any trace of residue or fouling without eliminating the "seasoning" which has coated the surface of the bore. Number 13 is non-toxic and FDA food grade rated. 8oz **Order No. 030-9041 \$4.10**

100% Cotton Roundball Patches- Uniform thickness, these economical 100% cotton patches are available pre-lubricated with T/C's Natural Lube 1000 Plus Bore Butter, or unlubricated. Non toxic, biodegradable. 100 per bag.

	Order No.	Price
.45/.50 Cal. Unlubricated Patches	030-7030	\$3.22
.54 Cal. Unlubricated Patches	030-7034	3.22

These patches are fully lubricated with Natural Lube 1000+ and sealed in a plastic bag. 100 to the bag.

	Order No.	Price
.45/.50 Cal. Prelubricated Patches	030-7043	\$4.73
.54/.56 Cal. Prelubricated Patches	030-7044	4.73

Seasoning Patches Treated with Natural Lube 1000 Plus™ Bore Butter - 2-1/2" 100% cotton cleaning patches pre-treated with Natural Lube 1000 Plus™ Bore Butter. Great for use after cleaning your muzzleloader with T/C No. 13™ Bore Cleaner or for easy field cleaning.

MTM Muzzleloader Dry Box - The ML-1's roomy base interior shuts out moisture problems with a tight, weather resistant, O-ring seal. A large lift out tray helps to organize gear keeping smaller items on top, not crushed or buried at the bottom. Top access lid compartment divides specialty tools into five sections. **Order No. 008-ML140 \$14.10**

-Ringed sealed muzzleloading shooters box!

Great Plains Rifle

Lyman's Great Plains is one of the most authentic muzzleloaders found anywhere and has quality rarely found in anything but custom rifles. Features a 32" barrel, double set triggers, 1 in 60" twist and traditional hardware. Oil finished high quality walnut stock. Great Plains rifles use nipples with size of 6x.75mm.

The Great Plains Hunter features a fast, 1 in 32" shallow groove rifle barrel. Ideal for shooting the many types of modern projectiles available to today's black powder hunter. Pre-drilled and tapped for the new 57 GPR receiver sight.

Lyman Muzzleloaders & Accessories

Mustang Breakaway 209 Magnum

The "Breakaway" 209 Magnum - Hammerless "Break Action" Rifle!

The Lyman Mustang Breakaway 209 Magnum muzzleloader is a rugged and highly accurate black powder hunting rifle that has the same looks and feel of expensive break-open centerfire rifles and shotguns. The Mustang rifle retains the basic functions of traditional muzzleloaders, while adding the benefits of easy scope installation, sure ignition with 209 shotgun primers, fiber optic sights and a removable breech plug. The Mustang rifle also allows the convenience and power of loading up to three 50-grain Hodgdon pellets (or an equivalent 150 grain powder charge). The fast 1-28" twist allows you to use a wide range of sabots, Power Belts, and conical type hunting bullets. Order No. 015-6032113 \$366.87

Deerstalker

Lyman's Deerstalker rifle feature oil-finished rich walnut stocks with less drop like modern hunting rifles. All models feature a real Lyman front and rear hunting sight package and are pre-drilled and tapped for the 57 SML receiver sight. Each has a handsome rubber pad to lessen recoil. Deerstalkers all come with top quality sling swivel studs, and unbreakable nylon ramrod. 1 in 48" twist and can use round or maxi-balls.

Butch's New! Black Powder Bore Shine! Developed specifically for black powder shooters who asked for a better, faster way to clean their rifles. Butch's Black Powder Bore Shine comes from a special cleaning solvent used by the U.S. Military. This new black powder bore cleaner, like the original bore shine, does it all! Odorless, non-toxic, non-flammable, biodegradable and protects against rust and corrosion. Order No. 015-02949 \$5.63

LYMAN Stainless Steel Nipple (3 ea) - Fits all Lyman Rifles 6 x.75mm metric thread. Order No. 015-6030080 \$5.73

Super Moly- All purpose, high temperature bullet lubricant. With Molybdenum Disulfide added for increased velocity, it coats the barrel with a fine film which improves accuracy and makes leading non-existent. It flows through lube sizers without heat and won't melt at 130 degrees. Order No. 015-2857272 \$3.39

Black Powder Gold- Formulated specifically for black powder shooting both muzzleloading and black powder cartridge silhouette. It's high melting temperature makes it ideal for long range match shooting. It keeps fouling soft for continuous shooting and flows through lube sizers for effortless bullet lubing. Order No. 015-2857266 \$3.52

Universal Nylon Ramrod - Unbreakable! Order No. 015-6010030 \$8.79

Fiber Optic Hunting Sights - Update that black powder rifle with state-of-the-art fiber optic technology. Especially helpful at dawn and dusk. Designed to fit the Lyman Great Plains, Trade and Deerstalker rifles; these bright, light-gathering sights will also fit most other European-made black powder rifles. Order No. 015-3090145 \$23.38

Upgrade your muzzleloader to Lyman Hunting Sights. The 16 AML Fold Down Rear Sight and 37 ML Front Sight fits all Lyman rifles and most European imports (CVA, Traditions, etc.).

CVA Muzzleloaders

Electra™ ARC™ Magnum

Electronic ARC Ignition
In-Line Rifles

Electra™ rifles are like no other muzzleloaders on earth, featuring the patent pending ARC™ Electronic Ignition. The ARC™ Electronic Ignition is completely sealed from the elements – there's not even a flash-hole. No parts other than the barrel have to be cleaned of fouling – ever! Ignition is absolutely instantaneous. The trigger pull is incredibly clean – because the "trigger" is really an electronic switch. And since there is no pressure explosion, as there is with primer ignitions, there is no accuracy robbing displacement of the charge – allowing full and consistent burn of the powder charge at the bottom of the barrel. One 9-volt battery will reliably fire the rifle at least 500 times, and the battery will last 600 hours (25 days) – and that's if it is left turned on! The Electra is the ultimate muzzleloader in ease-of-use, rapid reloading, ease-of-cleaning and never-fail reliability. And all Electras are equipped with a premium Bergara Barrel – for unmatched accuracy.

Kodiak 209 Magnum

The Kodiak™ 209 Magnum features CVA's revolutionary Pivot Block Action (patent pending). With a 209 ignition system that is completely protected from the elements, the Kodiak doesn't require a capping tool and is a snap to clean. The 28" magnum barrel ensures a complete powder burn and provides for increased velocities compared to guns with shorter barrel lengths. The sleek, ergonomically designed, and fully ambidextrous composite stock features textured grip panels, CrushZone recoil pad, integrated sling swivel studs and dual retention points for maximum barrel stability – Includes the Quake Claw® sling.

Optima Pro 209

8.8 lbs, 29" Fluted Barrel,
SS 209 Breech Plug, Lifetime Warranty

The Optima Pro 209 Break-Action represents state of the art gun building technology. Unlike conventional in-line muzzleloaders, there is no receiver on the Optima Pro. The barrel is an impressive 29 inches in length, and fully fluted. This provides you with plenty of barrel to burn "Magnum" charges. At the same time the overall rifle length and weight remain comfortable and easy to handle. The Optima Pro comes with Dura-Bright™ fiber optic sights that are all metal, with fully protected fibers, and guaranteed for life! 1:28" Twist

Knight Muzzleloaders & Accessories

Knight Revolution Closeout!

209 primer Full Plastic Jacket™ ignition

The Knight Revolution takes innovation and performance to a new level with its quick-detachable action. The new action eliminates the bolt action found on most in-line muzzleloaders and can be removed in seconds without tools, making cleanup and re-assembly easier than ever before. The rifle features the proven Full Plastic Jacket ignition system, which makes it the most reliable muzzleloader for foul weather hunting conditions. Priming the Knight Revolution is quick and easy. Users simply revolve the drop action into the open position to access the weatherproof chamber. The primed Full Plastic Jacket is dropped in and the action is levered back up into its closed position, which also cocks the mechanism.

50 Cal, 209ignition, 1:28" twist, 27" barrels, 43" overall length, 7lbs, 14oz, fully adjustable fiber optic sights, adjustable trigger (creep and pull weight)

Savage Arms Muzzleloaders & Accessories

Realtree Hardwoods HD Camo Stock

Now With Accu-Triggers!!!

The newest addition to our line of muzzleloaders, the Savage Model 10ML is the first of its kind to offer the advantages of smokeless powder performance to the muzzle-loading market. The Model 10ML has the power of a modern bolt-action rifle to handle the higher-pressure levels of smokeless powders and combines with a patented ignition system to achieve the ultimate in performance. The results translate into greater energy, flatter trajectory, and outstanding accuracy. Two key elements that form the Model 10ML's simple and highly reliable ignition system are a removable breech plug that seals the end of the barrel and a percussion module that utilizes a standard no. 209 shotshell primer. When the primed percussion module is seated in the chamber and the bolt is closed, the ignition system is completely protected from the elements and the rifle is ready to fire. The Model 10ML can be used with black powder or Pyrodex® as well. The Savage Model 10ML comes with two percussion modules, a breech plug wrench, decapper, ball starter & drilled & tapped for scope mounts. 1 in 24" Twist Requires: 2 Weaver Style #46 Bases for scope mounting

Features: Accu-Trigger Blued barreled action, heavy contour barrel with crowned muzzle, free-floating and button-rifled barrel, and sling swivel studs. **Sights:** Drilled and tapped. Adjustable rear sight, bead blade front sight. **Stock:** Synthetic with positive checkering, dual pillar bedding. **Weight:** 7.75 lbs. **Barrel Length:** 24". **Overall Length:** 44". **Caliber:** .50

Cheap Shot Sabots - A more economical alternative to the jacketed bullets that are available. The all-lead 240 grain hollow point bullet provides the shooter with the same basic ballistics and trajectory. 20 all lead hollow point bullets and sabots. Order No. 030-8296 \$4.91

50cal Sure Fire Sabots 230gr- Economy Sabot providing shooters with the same ballistics and trajectory offered by the more premium Mag Express but at a fraction of the cost. Comes with a 44cal 230gr copper jacketed hollow point. Order No. 030-8206 \$5.99

Super 45 XR Sabots XTP™ Magnum - Superior accuracy at both standard and hyper velocities. Devastating at long ranges, mushrooms to nearly 2 times its original diameter. Driving penetration on the largest of game. Easy to load For use in .45 Cal. muzzleloaders, 180 grain XTP™ Bullet, Pkg of 30. Order No. 030-7767 \$10.83

Shock Wave Sabots - The Shock Wave™ is a new spire point bullet with polymer tip specifically designed as a muzzleloading sabot bullet, not a conventional pistol bullet converted to a muzzleloading projectile. T/C's Shock Wave incorporates modern technology previously only applied to centerfire rifle bullets. The polymer tip of the Shock Wave™ bullet not only increases the Ballistic Coefficient for sustained high velocity down range, it punches into the pocket to open up the nose cone for fast expansion.

	Order No.	Price

.54 Caliber 60gr Pellets(100ea)	034-54601	19.46

FOR YOUR OWN PERSONAL SAFETY AND OTHER SAFETY ALSO, PLEASE NOTE: THERE ARE MAJOR DIFFERENCES IN BLACKPOWDER AND PYRODEX REPLICA BLACKPOWDER. Pyrodex is bulkier than blackpowder resulting in up to 25% more shots per pound! (Example: If you use 70 grains of blackpowder, the same measure setting would give you 58 grains of Pyrodex! Always consult a loading manual)

Haz-Mat Fee - Pyrodex powder and pellets and Triple 7 powder and pellets receive the \$20.00 haz-mat fee.

Western Powders Blackhorn 209

Coming Soon!
Check our Website
For Availability!

Blackhorn 209 is a revolutionary propellant that is redefining the term "accuracy" in the muzzleloading industry. When used as directed, this high performance powder consistently shoots with higher velocities and greater accuracy than other muzzleloading propellants. Blackhorn 209's proprietary formulation is engineered to eliminate swabbing and cleaning between shots. Precise accuracy, Higher velocities and ease of use insure Blackhorn 209 will bring out the best performance in your muzzleloading rifle.

CCI Percussion & Musket Caps - All Priced Per 1,000

CCI Percussion and Musket Caps must be shipped Via Fed-Ex Ground

Forster Tap-O-Cap - The Tap-O-Cap allows muzzleloaders to create their own #11 percussion caps from aluminum beverage cans and charge the with a roll of toy caps (yes, the same toy caps that your children and ours bug us to death with blasting in \$3.49 toy guns). Works best with roll caps manufactured in the USA (foreign made caps do not have as good of a charge). Comes with easy to follow instructions. Percussion caps that you make yourself at a fraction of the cost of the name brand seller! **Order No. 070-TC1000 \$21.59**

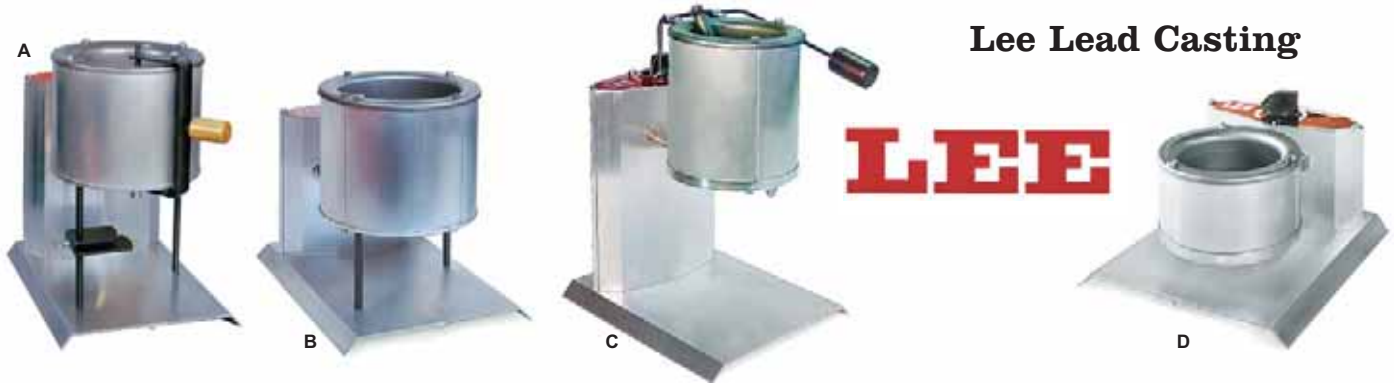

Markron Custom Bullet and Primer Sealer - At last! A product that seals and waterproofs all known metallic cartridges and primers for 100% firing consistency, including up to 30 days water submersion! Waterproofs: Cartridge primers, shot primers, bullet case joints, seals black powder nipples. Fast, Simple & Easy to use. One 1/3 oz. bottle seals approximately 1000 rounds. **Order No. 238-SEALER \$6.83**

Proof Of Age?
Drivers License is No Longer Needed.

PRIMERS, POWDER & AMMUNITION: Proof of age is required in order to purchase Primers, Powder and Ammunition. You must be 18 to purchase these items (21 to purchase Handgun Ammunition). However, You do not need to send us a copy of your Drivers License.

Lee Lead Casting

Pro 4-20(A) Large diameter high capacity pot, holds approximately 20 pounds of lead. A generous 4 inches of clearance under the spout accepts all brands of bullet molds and most sinker molds. It also includes an adjustable mold guide to quickly and accurately position any mold for pouring. Incorporates the famous Lee patented high-efficiency design and dependable remote sensing thermostat, now in a dust tight housing. Long life 700-watt tubular heating element assures quick melting and rapid recovery. New micro adjustable, flow control valve adjusts instantly with a twist of the screw driver. Front mounted low maintenance replaceable valve spout allows instant reseating with a turn of a screwdriver.

	Order No.	Price
Pro 4-20 Melter, 110 Volt	006-90947	\$61.66
Pro 4-20 Melter 220 Volt	006-90948	65.09

Magnum Melter (B) Large 4" diameter pot allows easy access for the ladle caster. Same high efficiency design that has made Lee pots the most popular. Melt time is less than 20 minutes with just 700 watts. 20-lb capacity for the longest casting session. **Order No. 006-90949 \$47.96**

Prod. Pot IV (C) Four inches of clearance under the spout instead of the standard two inches. This is high enough to accept all brands of bullet moulds and most sinker moulds. The large deep pot holds approximately 10 pounds of lead. Melt time is less than 20 minutes. Pour spout up front where it belongs so you can see what you're doing. With a unique infinite highly reliable heat control that is mounted away from the high heat of the pot. Uses only 500 watts of power during heatup and a lot less to maintain temperature. Thermal feedback to the infinite control permits the heater to put out full power until the metal has melted. 2 year warranty!!

	Order No.	Price
Prod. Pot IV 110 volt	006-90009	\$46.59
Prod. Pot IV 220 volt	006-90008*	49.33

Precision Melter (D) High speed melter with an infinite heat control for the serious shooter. Easily handles 4 cavity moulds. Takes less than 15 minutes to melt 4 pounds of metal. 500 watts, AC only. 2 year guarantee by Lee Precision. 110v **Order No. 006-90021 \$30.83**

Ingot Mould - The Ingot Mould makes 1 pound and 1/2 pound blocks, and comes with wooden handle. **Order No. 006-90029 \$9.86**

Lead Ladle - The Lead Ladle is a convenient size ladle for bullet casting and comes with wooden handle. **Order No. 006-90026 \$3.51**

Six Cavity Mould Handle - Precision steel mold handles fit not only the Lee Six Cavity blocks, but most other brands of one and two cavity molds. **Order No. 006-90005 \$12.68**

NRA Formula Alox® Beeswax Mix - Excellent for rifle and pistol bullets. The famous NRA formula reduces leading, increases accuracy, and permits higher velocities. Contains 50% alox 2138F lubricant and 50% commercial A-1 beeswax. **Order No. 006-90007 \$4.92**

Liquid Alox® Lubricant - Lee Liquid Alox Lube gives better accuracy and less leading than conventionally lubricated and sized bullets. Comes in a 4 ounce dispenser bottle. Easy and fast. **Order No. 006-90177 \$3.51**

Hardness Testing Kit - No more wasted components shooting too soft or too hard lead. Cast and load with confidence knowing your alloy is up to the job. Quickly and precisely check hardness of your lead alloy. Exclusive conversion chart tells the maximum operating pressure of any lead alloy.

Kit includes calibrated hardened steel ball indenter "v" block cradle snaps into standard press ram 20 power 4 lens optical measuring microscope.

Order No. 006-90924 Price \$42.31

Lee Lube and Sizing Kits - The fastest and easiest way to lubricate and size cast bullets. Standard 7/8x14 threads fit any reloading press. Bullets are pushed through the sizing die cone first so no special nose punches are needed. Sized bullets are captured in the special container. **\$12.68**

Lee Reloader Press - Great addition to your Sizing Station, and an outstanding value! Exclusive balanced lever that can't drop down to pinch your fingers. Unlimited hand clearance that only "C" frame can offer. Works equally well with the right or left hand. Even if you already own a press, an exclusive press set up for only bullet sizing is the way to go! **Order No. 006-90045 \$24.67**

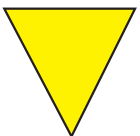

Lead: Reducing Exposure

Lead contamination in the air, in dust, and on your skin is invisible. Keep children and pregnant women away during use and until cleanup is complete.

Risk can be reduced—but not eliminated—with strong ventilation; washing hands immediately after use of these products before eating or smoking; and careful cleaning of surfaces and floors with disposable wipes, after lead dust has had a chance to settle. Use a lead-specific cleaner with EDTA, or a high-phosphate detergent (like most detergents sold for electric dishwashers), and bag wipes for disposal.

Use Strong Ventilation!

WARNING
THE USE OF CASTING PRODUCTS WILL EXPOSE YOU TO LEAD, A CHEMICAL KNOWN TO THE STATE OF CALIFORNIA TO CAUSE BIRTH DEFECTS AND CANCER. AVOID INHALING THE FUMES FROM MOLTEN LEAD. EXHAUST VENTILATION TO THE OUTSIDE AIR SHOULD BE PROVIDED WHENEVER THIS PRODUCT IS USED. WASH HANDS AFTER EXPOSURE AND BEFORE EATING, DRINKING OR SMOKING.

Lee Improved Mould Traditional Design

Cast minie bullets as fast as round balls. These moulds have the automatic core pin. Open the mould upside down to empty. Close it and you are ready to cast the next. The core pin automatically centers in the mould. Easily cast 200 bullets per hour. A quality mould built to last as long as your rifle. OS IS FOR OVERSIZED.

Real Bullet Moulds for Muzzleloaders

*REAL MEANS RIFLE ENGRAVED AT LOADING. A solid bullet that loads easily even after many firings, because of its unique cleaning action. Will not tumble. A perfect hunting bullet with heavy loads. Easy to cast. Shoots accurately even in greatly oversized barrels. ALSO AVAILABLE is the combo mould with a REAL bullet and one round ball as noted.

LEE

Lee Conical Bullet Mould for Black Powder Revolvers

A super accurate bullet that is easy to load straight and true. The base of the bullet slips into the chamber while the next two lands guide and seal with a perfect press fit. Two lube grooves prevent flash ignition and lead fouling. More energy and far greater accuracy than round balls.

Lyman Mould Prices

Lyman moulds are still individually machined from high grade steel. Blocks are hand fit for precision alignment. You Must Order Lyman Moulds & Handles Separately!!

LYMAN MOULD PRICES
WHEN ORDERING A LYMAN MOULD OR TOP
PUNCH, PLEASE ADD THE PREFIX "015" TO THE
PART NUMBER

	Price
All Single Cavity Moulds	\$46.55
All Double Cavity Moulds	46.55
All Four Cavity Moulds	63.77

Lyman Mould Handles

Solid metal frame is easily attached to blocks with slotted screws. Hardwood handles provide a cool secure grip. Designed to provide uniform grip with different mould blocks. Lyman mould handles are offered in two sizes. Large, for all current two cavity moulds, current single cavity round ball moulds, and all current Minie and Maxi moulds. Four Cavity, for all Lyman four cavity moulds.

	Order No.	Price
Large Mould Handles	015-2735793	\$28.36
4 Cavity Mould Handles	015-2735794	28.36

WARNING
THE USE OF CASTING PRODUCTS WILL EXPOSE YOU TO LEAD, A CHEMICAL KNOWN TO THE STATE OF CALIFORNIA TO CAUSE BIRTH DEFECTS AND CANCER. AVOID INHALING THE FUMES FROM MOLDED LEAD. EXHAUST VENTILATION TO THE OUTSIDE AIR SHOULD BE PROVIDED WHENEVER THIS PRODUCT IS USED. WASH HANDS AFTER EXPOSURE AND BEFORE EATING, DRINKING OR SMOKING.

Lyman Casting Accessories

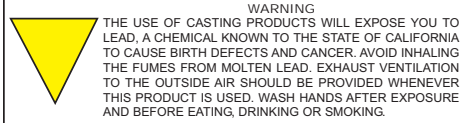

Ingot Mould- Lyman's ingot mould is useful when melting down scrap lead or when blending alloys. Each mould forms four easy-to-use ingots.
Order No. 015-2837794 \$14.16

Casting Dipper- Dipper with cast iron head is shaped for easy, accurate pouring and prevents air pockets in the finished bullet. **Order No. 015-2867790 \$13.40**

Stainless Steel Thermometer- Measure a temperature range from 200°F to 1000°F and has a six inch stem for use with even the deepest furnaces
Order No. 015-2867793 \$30.49

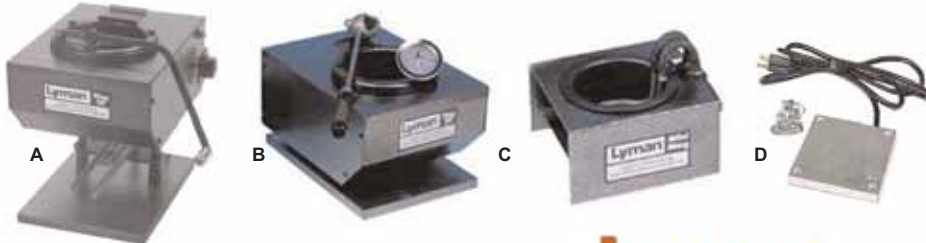

Lead Pot- Lyman's stamped steel pot allows the bullet caster to use any source of heat for melting lead alloy. Pot capacity is eight pounds of alloy. Flat bottom.
Order No. 015-2867791 \$10.61

Gas Check Seater (for 450 Bullet Sizer Lubricators)
Order No. 015-2745881 \$6.57

WARNING
 THE USE OF CASTING PRODUCTS WILL EXPOSE YOU TO LEAD, A CHEMICAL KNOWN TO THE STATE OF CALIFORNIA TO CAUSE BIRTH DEFECTS AND CANCER. AVOID INHALING THE FUMES FROM MOLTEN LEAD. EXHAUST VENTILATION TO THE OUTSIDE AIR SHOULD BE PROVIDED WHENEVER THIS PRODUCT IS USED. WASH HANDS AFTER EXPOSURE AND BEFORE EATING, DRINKING OR SMOKING.

Lyman Furnaces and Heaters

The Lyman Mag 20 Furnace (A)- Offers important new features, advantages and value for bullet casters. The large 20 lb. steel crucible provides the capacity for all casting needs...from single cavity to multiple cavity moulds. It incorporates the proven Lyman bottom-pour valve system and unique mould guide for optimum convenience. Its set screw adjustability accommodates virtually all mould set-ups. Available in 110V.
Order No. 015-2800067 \$248.39

The Lyman Mag Dipper (B)- Designed for the ladle-caster only, the Magdipper has the full 20 lb. capacity, the proven heating system, body construction and wide, tip-resistant base of the Mag 20. Larger casting ladles have easy access to the 4 3/8" diameter pot.
Order No. 015-2800061 \$207.23

Lyman Bullet Lubes

Orange Magic- New high performance lube guarantees higher velocity with cast bullets without leading. Low smoke output. Requires use of heater.
Order No. 015-2857286 \$3.39

Alox- Bullet lubricant improves accuracy and prevent barrel leading at higher velocities.
Order No. 015-2857277 \$3.39

Super Moly - An all purpose, high temperature bullet lubricant. With Molybdenum Disulfide added for increased velocity, it coats the barrel with a fine film which improves accuracy and makes leading non-existent. It flows through lube sizers without heat and won't melt at 130 degrees. **Order No. 015-2857272 \$3.39**

Lyman Master Casting Kit

Comes with the
 New 4500 Lubricator/Sizer!

Complete Casting Kit - This is the perfect kit for the beginner or expert reloader. Save over 20% by purchasing this kit over individual prices. Comes with Mini-Mag 10 pound furnace, the New 4500 Lube Sizer, lead dipper, ingot mould and Lyman's famous Cast Bullet Handbook. All this for less than the cost of most furnaces. **Order No. 015-2712000 \$149.02**

FOR ALL TECHNICAL ADVICE AND QUESTIONS PERTAINING TO DIES, MOULDS, RELOADERS, CASTERS, MUZZLELOADERS, FIT, GUARANTEE, ETC. ON LYMAN PRODUCTS, CALL LYMAN CUSTOMER SERVICE 1-800 22L-LYMAN (800-225-9626)

4500 Sizer/Lubricator

Lyman's New 4500 Lubricator/Sizer simultaneously sizes and lubricates cast bullets to the desired diameter. Features a solid one piece bottom - ideal for use with hard lubricants. A larger ball knob for more leverage for sizing and lubricating the largest bullets. Easy adjustments for size depth and lube flow. Purchase desired H&I size die and top punches listed below. Available with or without lubricator heater. Note: 4500 Lube heater not adaptable to model 450 Lube/Sizer.

Includes Moly bullet lube & Gas Check Seater.

	Order No.	Price
4500 Lube Sizer	015-2745880	\$122.97
4500 with 110v Heater	015-2745892	132.38
4500 110v Heating Element	015-2745896	255.55

Top Punches

The inside contour of each top punch is precisely machined to fit bullet nose shape exactly. This eliminates most deformation when the top punch forces a bullet down into the sizing die.
\$6.97 each

Miscellaneous Lead Casting Supplies

Marvelux 1/2 LB Flux - Finest bullet casting flux available. Reduces dross formation. Increases alloy fluidity. Non-Corrosive - Non-Smoking. Order No. 048-083030050 \$4.99

Universal Case Expanding Die - Gently flares the case mouth to accept cast bullets without shaving. (Also works great on Moly and Jacketed bullets as well) Includes neck plugs for .22 cal through .45 cal) Works on everything from the 22 Hornet to the largest Ultra Mag Order No. 006-90798 \$9.86

The SAECO Lead Hardness Tester - A precision instrument which accurately determines the hardness of a bullet casting alloy. The SAECO Lead Hardness Tester pays for itself by allowing you to convert scrap lead into casting alloy. Order No. 076-42000 Price \$116.45

SAECO Mould Handles

Ductile iron castings with hardwood grips. Fit all SAECO moulds 1-8 cavity.

Order No. 076-29000 \$32.20

Frankford Arsenal Drop Out Mold Release When applied sparingly, provides a thin dry film coating of micron-sized graphite. It's Easy to Apply, Fast Drying, and Long Lasting! Order No. 094-763758 Price \$6.90

Lyman Cast Bullet Handbook

The Cast Bullet Handbook contains more than 5,000 tested loads for the cast bullet shooter. It features over a hundred pages of trajectory and wind-drift tables for cast, center-fire rifle bullets.

Order No. 015-9837249 \$13.06

RCBS Casting Accessories

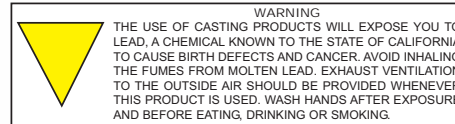

Lead Dipper - has a large capacity bowl, tapered pouring spout and a hardwood grip. Order No. 044-80015 Price \$32.97

Lead Pot - made of heavy duty cast iron, will hold up to 10 pounds of molten metal. Order No. 044-80010 Price \$16.31

Mould Ingot - mould up to 4 ingots at once and cool them quickly with the handy ingot mould. Order No. 044-80005 Price \$16.31

Lead Thermometer - With a 1000 F range and plus or minus 1% accuracy. Pour lead at the optimum temperature! Large numbers printed on 1 1/2" glass covered face with a 6" probe. Great for use with any melting pot! Comes with an adjustable 6" handle (prevents burning of fingers). Order No. 044-81175 \$40.53

Mould Mallet - RCBS® has reintroduced the wooden mould mallet to tap out your cast lead bullets without harming your moulds. Order No. 044-80007 \$8.84

WARNING
THE USE OF CASTING PRODUCTS WILL EXPOSE YOU TO LEAD, A CHEMICAL KNOWN TO THE STATE OF CALIFORNIA TO CAUSE BIRTH DEFECTS AND CANCER. AVOID INHALING THE FUMES FROM MOLTEN LEAD. EXHAUST VENTILATION TO THE OUTSIDE AIR SHOULD BE PROVIDED WHENEVER THIS PRODUCT IS USED. WASH HANDS AFTER EXPOSURE AND BEFORE EATING, DRINKING OR SMOKING.

Lube-A-Matic 2 Bullet Sizer-Lubricator

Size and lubricate cast bullets in one step. Just insert a bullet in the sizer die and pull the handle. You must order sizer dies and top punches separately. Also great for seating gas checks! *See the mould page for sizer dies and top punches.

	Order No.	Price

Lee Load All II Shotshell Reloader

Load shotgun shells to look and shoot like new!

The Load-All II includes a built in spent primer catcher with an easy to empty door right up front: recesses at every die station for speedy shell positioning: easy and economical gauge conversion. A lifetime reloader that loads faster than machines costing over \$200.00. Included free of charge are 24 shot and powder bushings with the safety charge bar. Loads 2 3/4" or 3" shells. Available in 12, 16 or 20 gauge. We also stock the primer feed for the Load-All II.

Hornady 1000-GS- Digital Precision in 1000gr/65gram capacity, weighs in grams/grains, comes with a/c adapter.

Order No. 005-050105 \$135.78

350-GS Digital Scale- 350-GS Digital Precision in a 350gr / 23Gram capacity. Accurate to 0.1gr/0.01 gram. Advanced Tare Function. Weighs in grams/grains. **Order No. 005-050103 \$113.15**

The Lock-N-Load™ Powder Measure - Offering probably the most flexible operation and the widest range of any measure on the market today. Not only can you switch powders and settings with a single button push, but add the proper accessories and the Lock-N-Load™ Powder Measure lets you meter charges from .5 to 265 grains of powder! Mount to your bench using standard 7/8"-14 thread, use the Fast Load Powder Measure Stand or mount on the Lock-N-Load AP™ for automatic powder measuring during reloading. **Order No. 005-050069 \$57.41**

100 FREE BULLETS with the purchase of The Lock-N-Load Powder Measure!

Powder Measure Mounting Kit - **Order No. 005-050121 \$4.50**

Fast Load Powder Measure Stand -

The incredibly strong Fast-Load Powder Measure Stand has a rigid frame and extra long arm that lets you fill an entire 50-count Universal Loading Block. Accepts any measure with 7/8"-14 thread.

Order No. 005-050008 \$27.90

Magnetic Scale - Fast accurate weighing in choice of gram or grain calibrations. Magnetic dampening eliminates beam swing for faster readings. Accurate to 1/10 grain over a range of 00-510 grains. Conversions tables included for grain reading to ounces. Heavy cast construction. **Order No. 005-050026 \$46.25**

Magnetic Scale Plus- Combines the Magnetic Scale, Powder Trickler and Funnel into one package. **Order No. 005-050020 \$51.78**

Scale Dust Cover - **Order No. 005-100026 \$15.98**

Powder Trickler (Shown above) - Perfect for those last few tenths! **Order No. 005-050100 \$10.02**

Powder Funnel - Anti-Static for .22-45 cal **Order No. 005-586050 Price \$2.70**

.17 Cal Adapter (Shown On Funnel) **Order No. 005-586055 Price \$6.98**

Universal Loading Block- This double side block helps you load quantities of nearly any caliber you choose. Fits magnum, 308 and 223 size case heads. Also works with Fast-Load Powder Measure Stand to reach every case in the block. **Order No. 005-480040 \$3.60**

A - Case Activated Powder Drop - Improved & smooth! The powder drop only dispenses a powder charge when a case is present. Works with the Lock-N-Load AP™ or other progressive presses that use 7/8" x 14 threads. **Order No. 005-050073 \$43.44**

B - Quick Change Powder Die - Designed specifically for use with the Case Activated Powder Drop. Makes changing over your LNL-AP faster and easier than ever! It allows you to preset dies for fast caliber conversion on the market. Includes lower bracket with guide bushing and lock ring. **Order No. 005-050074 \$13.08**

Go from reloading 30-06 to 45 Auto in no time. Just push the Lock-N-Load™ insert release button and insert another meter.

Powder Measure Metering Inserts - Switch these metering units in and out of your Lock-N-Load™ Powder Measure with just a push of a button.

Hornady Reloading Accessories

Accurate. Deadly. Dependable.

RCBS Style Expander Spindle Assemblies

by Hornady - Increase the ease of your RCBS size die by replacing the spindle assembly with the Hornady Assembly which comes with carbide expander ball, elliptical expander, spindle, deprime pin and collar lock. The carbide expander "floats on the spindle for chatter-free sizing. The elliptical expander reduces neck stretch. Part numbers and the sizes they fit are listed below. **\$26.74 each**

Handheld Priming Tool - Now with modified design that makes it easier to change over and the seater punch and spring are captured inside the body; allowing shell holders and primer trays to be changed without removing them. Primers automatically flow from the primer holder to the feeding system while the tool is being used.

Order No. 005-050021 \$33.31

Advanced Handloading Beyond the Basics - DVD Redding, Sierra and Wolfe Publishing have teamed up to bring you an advanced handloading DVD. This video covers advanced techniques needed to enhance your ammunition accuracy.

John Barsness hosts this DVD and teaches you how to use advanced tools to make your handloads shoot better. **Order No. 144-5449 \$17.36**

Hornady Lock-N-Load Precision Gauges

Two Gauge models fit all action types (except Winchester .94).

Lock-N-Load O.A.L. Gauges - Small changes in the clearance between the bullet and the rifling can make a big difference in accuracy. Most often, seating bullets close to the rifling will produce improved accuracy. FINALLY!!! - Here is the solution to proper bullet seating depth for precision handloaders. The O.A.L. (over-all-length) Gauge produces an accurate model of your chamber with the bullet in light contact with the lands of the rifling. The result is then measured with your caliper, allowing easy transfer of this critical dimension to the bullet seating die. This allows you to precisely regulate the bullet's clearance (free-travel) to the lands: typically .020 to .040" for hunting rounds. The O.A.L. Gauge works with any bullet you choose. Eliminates guess work. Monitors throat erosion. No other method "measures up" to the reliability and precision of this easy to use tool. Modified case (required, see below) permits Gauge use with any chamber.

C-1000 Bolt Action, Single Shot, Straight	Order No. 005-C1000	Price \$30.22

Lock-N-Load Bullet Comparator Set w/6 Inserts - Measuring cartridge lengths across the bullet tips can cause variations from one round to the next. A Bullet Comparator allows your caliper to measure off the bullet's ogive to eliminate the variation. Also check bullet uniformity. The Lock-N-Load Comparator attaches to the blade of your caliper with a thumbscrew and uses interchangeable "inserts" available for 17 to 45 caliber. Includes the comparator body and 6 insert bushings (22, 24, 25, 27, 28, 30 cal).

Cartridge Headspace Gauge - Check cartridge headspace with your caliper? You bet! This affordable gauge system eliminates the need for special "mics" for each cartridge you load. It allows you to check variations between fire-formed brass from your chamber and your resized or new brass. Works with or without bullets seated. Precisely measures brass from case-head to datum line on shoulder. Allows you to resize your brass for a proper fit with your chamber. Maximizes brass life and improves accuracy.

Dial Caliper - Make precise measurements to .001. Measure case length, bullet diameter, inside/outside diameters, primer pocket depth. Stainless steel, locks down, comes in case. Order No. 005-050075 \$41.08

Micrometer - Measures bullet and case diameters to .001. Locks down on measurement and has adjustable "0". Comes in a wooden presentation case. Order No. 005-050071 \$23.50

ABCs of Reloading 8th Edition - The Definitive Guide for Novice to Expert by Bill Chevalier takes readers through every step of the reloading process, beginning with selecting necessary tools and accessories, moving into step-by-step instructions for reloading rifle, pistol and shotgun ammunition, and finally, into more specific aspects of the hobby, including benchrest loading, competition and hunting loads. ABCs of Reloading makes a complex subject understandable and rewarding. 288 pages, 300 b&w photos. Order No. 043-Z1780 COMING IN JUNE! \$14.00

Lyman Reloading Presses and Accessories

How to pick which Expert Kit is for you - Choose the press that best suits your reloading needs: If you reload only once in a while the Crusher II is for you, but if you shoot often and reload every week or month, then the T-Mag Turret Press is for you.

Lyman's Expert Reloading Kit - The best way to get started in reloading with all the top equipment. Includes your choice of the T-Mag II Turret Press or the Crusher II Single Station Press. Expert Kits are no caliber, which means that you buy a die set for the caliber(s) you are to reload. Each kit also contains: universal trimmer (with 9 pilots), Pro 500 scale, 55 powder measure, case lube kit, powder funnel, deburring tool, auto primer feed, primer tray and Lyman's New, 48th edition reloading handbook! Order dies and shell holders separately and have a complete Expert Reloading Kit!

	Order No.	Price
T-Mag Expert Kit	015-7810140	\$279.99
Crusher II Expert Kit	015-7810120	290.44
T-Mag Expert Kit with 1000XP Electronic Scale	015-7810142	313.69
Crusher II Expert Kit with 1000XP Electronic Scale	015-7810149	294.08

T-Mag II and Crusher II Press Accessories are available to the right.

T-Mag II Press - The new T-Mag II Press has a new hi-tech frame design with silver hammertone powder coat finish. Base is flat machined for solid mounting to wood or metal bench. Six die stations accommodate a 3 die pistol set, a 2 die rifle set and a powder measure. Leave extra dies mounted and ready. Removeable turret features indexing handle, which also removes turret. Handle mounts for right or left hand use. **Order No. 015-7040781 \$141.00**

The Crusher II - is a true magnum press with classic "O" frame design that combines a 4 1/2" press opening with compound leverage for easy loading of even the largest rifle and pistol cartridges. Handle mounts for right or left hand use. Includes universal priming arm and primer catcher. **Order No. 015-7726300 \$103.16**

Extra T-Mag Turret - With an extra detachable T-Mag Turret, reloaders can maintain precise set-up while changing calibers. (Will fit old T-Mag). **Order No. 015-7726153 \$32.20**

Primer Catcher - Made of heavy duty plastic. Unit locks securely to press, but is easily removed when emptying primers. Fits Crusher II, T-Mag Compound Presses **Order No. 015-7726420 \$5.36**

Auto-Primer Feed - Eliminates handling of primers with oily fingers, speeds loading. Supplied with two tubes (large and small). Fits T-Mag II and Crusher II.

	Order No.	
Auto-Primer Feed	015-7729050	\$17.43
Feed Tube Lg	015-7412053	4.11
Feed Tube Sm	015-7412052	4.11

Universal Priming Arm - Seats all sizes and types of primers. No extras to buy. Comes with two priming sleeves (lg and sm). **Order No. 015-7728036 \$10.69**

Crusher II Pro Kit - Lyman's NEW Crusher II reloading Kit offers big savings on all the basic tools needed to get started in reloading quality rifle and pistol cartridges. Along with the press, this kit includes the Pro 500 scale, case lube kit, primer tray, powder funnel, loading block, and the New, 48th Ed. Reloading Handbook. Just add dies and shellholder of your choice & you're reloading with the best. **Order No. 015-7810270 \$147.88**

48th Edition Reloading Manual - New! Rem Ultra Mag, WSM, Black Powder Silhouette Cartridges up-to 45-120, Pistol section covers Encore, 480 Ruger & more!!

Order No. 015-9817048 \$17.17

55 Powder Measure

This powder measure dispenses a charge of smokeless powder with consistent accuracy to a fraction of a grain. The key to this unflinching precision is the 55's unique three-sided micrometer-adjustable cavity. 2400gr clear PVC plastic reservoir resists chemical action. Attached knocker assures a complete charge every time. Mount on your bench or any turret press. No funnel required. Optional powder measure stand available.

	Order No.	Price

Lyman Rifle Dies

Rifle 2-Die Sets -

Includes: Full length resizing die (with decapping stem and neck expanding button) and a bullet seating die. Best choice for loading jacketed bullets in bottlenecked rifle cases. For cast bullets, Lyman suggests the addition of a neck expanding M Die, sold separate.

Rifle 3-Die Sets -Straight wall rifle cases require these three die sets consisting of a full length resizing die (with decapping stem) a two step neck expanding (M) die and a bullet seating die. Ideal for loading cast bullets because of the neck exp. die.

Classic Rifle Die Sets -Lyman responds to the requests of Black Powder Cartridge and Cowboy Action Shooters to bring back die sets for the classic cartridges. These standard 7/8" x 14 3-die sets will fit most brands of reloading presses and include Lyman's popular "M" neck expanding die

The Two-Step Neck-Expanding (M) Die Improves accuracy of cast and jacketed bullet reloads. Doesn't stretch cases as does standard expander button. Extends case life.

Ram Prime Die System

Designed for sensitive one-at-a-time seating on top of a press. Includes large and small primer punches.

Order No.
015-7728040 \$12.12

Black Powder Taper Crimp Dies

Allows proper neck tension and minimal taper which is ideal for the compressed black powder charges.

40 Caliber	015-7153120	\$14.27
45 Cal Short	015-7153124	14.27
45 Cal Long	015-7153126	14.27

Die Bench Wrench - A versatile steel combination wrench to fit Lyman and RCBS 7/8x14" Lock Nuts, plus Lyman's decap rod, seating screw and expander plug nuts.

Order No. 015-7990116 \$3.40

Lyman Pistol Dies

Premium Carbide 4-Die Sets 4-Die Sets feature a separate taper crimp die and powder charge/expanding die. The powder charge/expanding die has a special hollow 2-step neck expanding plug which allows powder to flow through the die from a powder measure directly into the case. The powder charge/expanding die has a standard 7/8 x 14 thread and will accept Lyman's 55 Powder Measure, or most other powder measures.

3-Die Carbide Pistol Die Sets Features: a one piece hardened steel decapping rod and extra seating screws for all popular bullet nose shapes, and steel construction.

Lyman Universal Trimmer

Lyman 015-7862000

Each Lyman Trimmer comes with a 9 pilot Multi-Pack. Includes pilot numbers: 22, 24, 27, 28/7mm, 30, 9mm, 35 (.357/.38), 44 and 45A.

015-7862003

Lyman's Universal Trimmer with 9 pilot multi-pack has long been the favorite among reloaders. Now, with Lyman's new power adapter, you can convert your trimmer to power in seconds. Simply unscrew the cutter head, slide it out of the shaft and replace it with the adapter. Power adapter fits any standard electric drill or power screwdriver (You Must Use Your Own Drill or Power Screwdriver). Power Pack includes both hand trimmer and power adapter at one best buy special price.

Universal Trimmer w/multi pack	Order No. 015-7862000	Price \$62.59
Power Pack with Universal Trimmer & Power Adapter	Order No. 015-7862003	Price 75.64

Power Adapter Only- Converts Standard Lyman Universal Trimmer to Powerin Seconds
Order No. 015-7862001 \$16.34

015-7862001

Lyman Power Trimmer with Chuckhead

Lyman's Power trimmer with universal chuckhead will trim cases from .17 caliber on up, quickly and easily. Uses 175 rpm motor in 110 or 220 volt. Includes nine pilots and two cutter heads. Also has separate high speed drive for brushes & primer pocket cleaning. 220v is special order only.

Power Trimmer 110 Volt	Order No. 015-7862005	Price \$185.71
Power Trimmer 220 Volt	Order No. 015-7862006	Price 189.19

Ream and Clean Accessories - This set fits Lyman Universal Trimmer and Accutrimmer. Kit includes reamers and cleaners for primer pockets maintenance. Also includes necessary adapters.
Order No. 015-777795 \$10.37

Lyman Accutrimmer with Pilots

(Shown with optional Outside Neck Turner)

Designed to trim the 50 BMG case specifically

ACCUTRIMMER uses standard shell holders to position cartridge case and is an excellent value. Trims cases .17 through .458 Win Mag. The Outside Neck Turner is a simple to operate tool used to uniform neck wall thickness and outside neck diameter. (Works with both Lyman Accutrimmer and Universal Case Trimmer.)

50 cal BMG Trimmer w/Pilot	Order No. 015-7862130	Price \$41.24
Accutrimmer with Pilots	Order No. 015-7862210	Price 41.36
Outside Neck Turner	Order No. 015-7810185	Price 25.05

Lyman Case Preparation

A- Chamfer/Reamer -Lyman's new VLD (very low drag) Chamfer/Reamer eliminates damage to bullets caused by the sharp edges of the cartridge case neck. The long boattail on Sierra VLD Match bullets are cut by the case mouth when chamfered with a standard 45 degree reamer. The sharp 22 degrees on the VLD reamer allows all bullets to slip easily into the case ensuring the best accuracy. Ideal For Sierra Match Boattail Bullets! **Order No. 015-777789 Price \$7.69**

B- LYMAN CASE PREPARATION KIT -Kit contains all tools needed for proper case preparation. Includes L&S Primer pocket reamer, L&S primer pocket cleaner, deburring tool, 3 neck brushes and 2 threaded handles. A truly nice kit! **Order No. 015-777796 Price \$22.80**

C- The Case Care Kit -Kit includes the new pedestal crank, chamfer/deburring tool and a ream clean accessory kit. **Order No. 015-777793 Price \$24.28**

D- Flash Hole Uniformer -Removes internal flash hole burrs. Consists of a tool steel cutter, shaft, shoulder stop and handle. Improves accuracy on reloads. Works with calibers .22 through .45 **Order No. 015-777760 Price \$10.17**

E- Case lube Kit -Everything you need to clean and lube cases inside and out in one package. Large cloth lubricating pad dispenses lube evenly. Includes 2 oz. of Lyman case lube, interchangeable neck brushes, and wooden handle. **Order No. 015-7631300 Price \$13.77**

F- Lyman's POWER DEBURRING KIT -Features a high torque rechargeable power driver which turns all the perfect speed for performing inside and outside deburring operations in seconds. The kit includes all the essential case prep accessories, including large and small primer pocket reamers and cleaners, case neck brushes, inside and outside deburring tools. With the hex adapters (included), accessories simply pop in and out of the driver (no threading or chucking required). Set also includes standard and philips driver bits. **Order No. 015-777758 Price \$39.18**

G- Power Accessories Kit Only -The kit includes all the essential case prep accessories, including large and small primer pocket reamers and cleaners, case neck brushes, inside and outside deburring tools. **Order No. 015-7999050 Price \$23.78**

H- In/Out Deburring Tool -Cuts deburring time in half. Simultaneously chamfers and deburrs trimmed cases. Adjustable cutting blade adapts to any rifle or pistol case from .22 thru .45 with hex adjustment wrench. **Order No. 015-7810210 Price \$41.36**

I- Primer Pocket Uniformers -This precision tool features factory pre-set stop collar to uniform primer pocket depth to SAAMI specs. Improves accuracy. Designed for rifle cases only. **LARGE- Order No. 015-7810215 Price \$13.55**
SMALL- Order No. 015-7810218 Price \$13.55

J- E-Zee Case Gauge -A quick and accurate gauge to measure case length for both fired and resized cases. Measure over 50 of the most popular rifle and pistol cases. Great for sorting large quantities of mixed brass. **Order No. 015-7832215 Price \$11.80**

K- Case Spray Lube -5.5 ounce spray can. Lubricates cases in seconds. Won't harm powder or primers! Good for many other uses! **Order No. 015-7631296 Price \$5.34**

L- Lyman Loading Block -Holds 50 Rifle or Pistol cases. .22 through .45 cal. Molded of heavy duty plastic. **Order No. 015-7728054 Price \$4.47**

M-Inertia Bullet Puller -Safely strips loaded rounds in seconds without damage to bullet or case. Three-jaw chuck fits all cartridges from .22 to .45. Made of tough polycarbonate over aluminum handle **Order No. 015-7787787 Price \$22.48**

N-Case Neck Dipper -Help prolong cartridge case life. The three brush set rids of combustion residue in cases from .17 to .45 caliber. Dip in the furnished dry lube. Helps reduce friction! Now available: Mica Replacement Refill (1 oz.) NO MICA PRODUCTS CAN BE SHIPPED TO CALIFORNIA RESIDENTS!

Case Neck Dipper- Order No. 015-7631360 Price \$6.97
Mica Refill- Order No. 015-7991415 Price \$2.83

O- Deburring Tools - Standard(.17-45cal)-Order No. 015-7810199 Price \$11.80
Extra Lg(.17-60 Cal)-Order No. 015-7810206 Price \$15.48

Lyman Precision Scales and Powder Measurers

New! 1200DPS 3 Digital Powder System - Lyman's Revolutionary 1200DPS Digital Powder System combines a precision electronic Powder Scale and an automatic Powder Dispenser into one easy to use design. The new DPS 3 is more than twice as fast as the original DPS. Features a new Auto-Repeat Setting enabling you to throw a precise charge automatically each time the pan is put in place. This scale has the capacity to store up to 100 of your favorite loads. Best of all, you can easily recall any of them by Cartridge, Specific Powder and Weight. No Powder Calibration (Flow Rate) is required, just select the load you want and start dispensing powder. It dispenses powder quickly and is accurate to + or - 1/10 grain. It can be used as a complete Dispensing System, just a scale or as a Scale and a Powder Trickler. The 1200DPS 3 is faster, accurate and affordable. Note: not for use with black powder.

110v Order No. 015-7752400 \$254.51

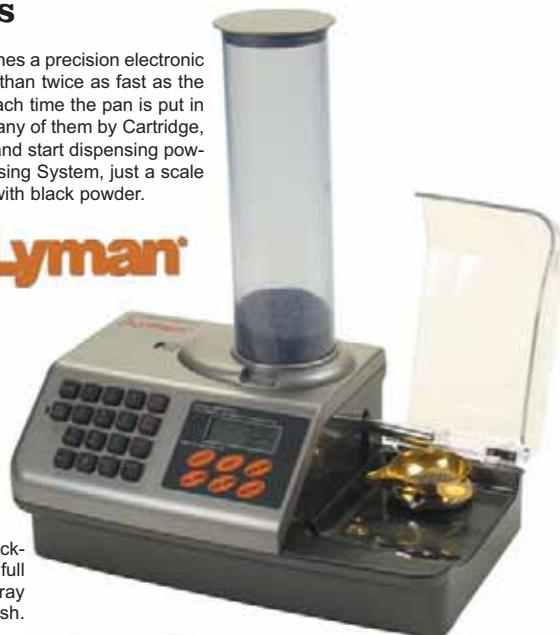

220v Order No. 015-7752411 \$257.99

DPS Speed Upgrade Kit - Upgrade Any DPS I or DPS II to equal the NEW DPS3 High Speed Performance! This inexpensive replacement system installs in seconds and requires no tools. In fact, it's easier than changing powders. Best of all, it speeds up any earlier DPS to the latest, state of the art performance. Order No. 015-7752428 \$20.60

1200DPSII PC Interface - Transfer memory from your computer right to your 1200 DPSII. Includes a separate reloaders log. Stores thousands of loads! Order No. 015-7752455 \$34.24

Lyman

XP1500 Electronic Scale - It's the first scale that comes with a removable powder trickler that works in right or left hand mode. The 1500 is accurate to 1/10 grain over its full weighing capacity. Features a fold back dust cover and handy "pop out" storage tray which stows accessories. Includes calibration weight, AC adapter and cleaning brush. Also works with 9V battery.

110v Order No. 015-7751500 \$149.99

XP1000 Electronic Scale - Ideal for the range or table top. The new 1000 XP is accurate to 1/10 grain for the full range of its 1000 grain capacity. Slick new user friendly design has clear "snap lock" platform cover which rotates to full lay down position or may be removed. Scale works on 9V battery or with AC adapter. Calibration weight, powder pan and AC adapter included. 110v Order No. 015-7750750 \$99.99

Deluxe Scale Check Set -Includes: .5gr, 1gr, 2gr(qty 2), 5gr, 10gr, 20gr(qty 2), 50gr, 100gr and tweezers)

Order No. 015-7752313 \$53.61

Shooters Scale Check Set -Includes: .5gr, 1gr, 2gr(qty 2), 5gr, 10gr, 20gr(qty 2), and tweezers)

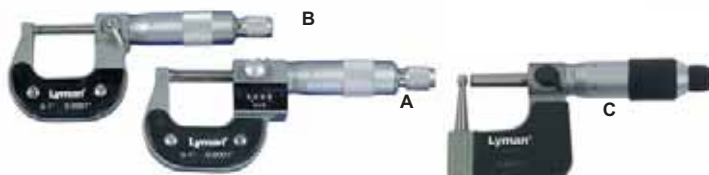

Order No. 015-7752314 \$20.71

E-Zee Flo Universal Powder Trickler -The first trickler that works with any reloading scale. Adjusts in both height and reach distance.

Order No. 015-7752477 \$13.03

Lyman Micrometers and Calipers

Lyman

A & B - Reloaders & Shooters 1" Micrometers -Lyman's 1" standard and digital micrometers allow the reloader to accurately measure the diameter of bullets and cartridges. Both feature spindle locks and friction thimbles. Reloaders Micrometer counter reads to .0001". Digital counter reads to .001" and by Vernier scale to .0001". Both include a wooden storage case.

1" Digital Micrometer Order No. 015-7832234 Price \$32.64

1" Reloaders Micrometer Order No. 015-7832230 Price \$18.12

C - New! Case Neck Ball Micrometer -The New Lyman Case Neck Ball Micrometer offers state of the art precision at an affordable price. Compare this micrometer to others costing over \$100. This Ball Micrometer measures the neck wall thickness to .0001" for sorting brass cartridge cases. It is a must for those shooters who want to get the best accuracy possible. It features a ratchet stop and spindle lock. Comes complete with a padded wooden storage box. Order No. 015-7832252 Price \$35.77

Classic Turret Press - The Classic Turret features the solid steel linkage of the Lee Classic Cast. Your first stroke of the hardwood gripped lever will convince you this is one, solid smooth press! The sturdy iron base shows its Classic Cast roots. The long stroke allows rifle cases over three inches long to be loaded using the automatic index. Deactivate the Auto-Index and cases as long as the monster 50BMG can be loaded. The rigid cast iron frame supports the ram with over 12 square inches of area. The industry's largest ram is drilled completely through to dispose primers in an attached clear PVC tube. **Order No. 006-90064 \$90.97**

Lee Turret Press - A strong and powerful tool. Compound linkage full length sizes the largest magnum cases with ease.

For left or right hand use! Built in primer catcher. Snap out turret. Primer arm lifts out to reverse for large or small size. Why fool around with screwing dies in and out when the convenience of a Lee Turret Press actually costs less? Extra turrets are available in this section. This is a press only. Order Dies separately!!

Deluxe Turret Reloading Kit w/Auto Index (4 Hole Turret) - The rugged turret press, along with the Auto Disk Powder Measure, produce high quality pistol ammunition with the utmost in convenience. A finished round with three strokes of the lever. When it is time to change calibers, simply snap in a new turret and begin loading within seconds. In addition the Deluxe Turret Reloading Kit comes complete with: the Lee Safety Scale, a primer pocket cleaner, cutter and lockstud, and a chamfer tool. All you need to start loading is a set of dies.
Order No. 006-90928 \$99.63

New! For 2008! Lee Breech Lock Challenger Press - Change dies instantly with a twist of the wrist, and you never have to re-adjust your die. Introducing The Breech Lock Quick Change Die System. A larger than average "O" frame opening allows for maximum hand clearance. The spent Primer catcher is positive and allows you to route the spent primers directly to the trash can. Priming is a dream with the Lee Lever Prime System. Best of all, it includes the Breech Lock Quick Change die system. Press includes (3) Breech Lock quick change die inserts.
