Stop feeding the shredder!

Just load up to 500 sheets, shut the lid and you're done.

- Easy to use, 'hands-free ' operation
- Secure cross-cut shredding
- Superior anti-jam technology
- Staple and paper clip shredding in any corner
- PIN lock for extra security on the 250 and 500 sheet models
- Legal paper shredding on the 500 sheet model

Now waiting in front of the shredder is a thing of the past - for any size office! With Stack-and-Shred shredders, you simply load your stack of paper, close the lid and walk away - leaving you time for better things.

Does Using Compatibles Void Equipment Warranties?

- *Using a compatible toner cartridge in your printer will not automatically void your warranty. Cartridges are customer replaceable units.*
- *Our compatibles carry a 100% performance guarantee. If our cartridge does not provide the quality and print yield equal to the OEM, we will replace it.*
- *We will reimburse a customer for service costs incurred if our compatible toner cartridge causes damage to a properly maintained printer, and the damage can be traced back to our product.*

You Need Surge Protection!

Although lightning is the most obvious and dramatic form of an electrical surge, 65-80% of surges are caused by internal events in the home or office, according to a study conducted by General Electric and National Power Labs.

It's Much Cheaper to Protect these Items than to Replace them!

Keep Your Equipment Protected

Why you should use surge protection

What's A Surge?

A surge is a high-amplitude, short-duration electrical fluctuation that can cause harm to electrical equipment such as copiers, printers, computers and audio/visual electronics.

The Risk Exists

Surges are caused by lightning, utility events and internal events in the home or office. A General Electric (GE) and National Power Labs (NPL) study shows that 65 to 80 percent of transient surges are caused internally from within the home or office.

It Works

A surge protector works by shunting the voltage surge to ground. Surge protectors provide protection against incoming surges and bounce surges from inrush current, saving your valuable electronic equipment!

State of Mind

If you think you are beaten, you are;
if you think you dare not, you don't.
If you like to win, but think you can't,
it's almost a cinch you won't.

If you think you'll lose, you're lost;
for out in the world we find
success begins with a fellow's will;
it's all in the state of mind.

If you think you're outclassed, you are;
you've got to think high to rise,
you've got to be sure of yourself
before you can win the prize.

Life's battles don't always go
to the stronger or faster man;
but sooner or later the man who wins
is the man who thinks he can.
