## Sleeves

Protect, store and share your valuable CDs and DVDs with high quality paper storage envelopes. Optimize your storage space with Sleeves, which are less than half the space of a slim jewel case. Each Sleeve's back flap secures and protects your disc from scratches, dirt and fingerprints, and clear plastic windows allow you to identify your discs easily.

## COMPUTER DATA MEDIA

DLTtape™

DLTtape® -S4

SUPER DLTtape™

LTO ULTRIUM

4mm

All of Maxell's Computer Data Media Tapes are manufactured with Maxell's patented Ceramic Armor Coating Process. The coating protects the fine metal particles in the magnetic layer of the tape from heat, humidity, oxidation and corrosion resulting in a superior tape durable enough to stand 30+ years of archival storage.

**DLTape™,  
DLTape®-S and  
Super DLTape™  
Cartridges**

Maxell's DLT, DLT-S and SDLT tapes are perfect for hierarchical storage management, backing up LAN servers, workstations and midrange systems and DVD mastering.

## Introducing the Maxell LTO Cartridge Memory Analyzer

All LTO Data cartridges contain an internal memory chip called Cartridge Memory (CM). This chip contains vital information about the cartridge. The Maxell CM Analyzer reads this information and extracts it into special software with a clear and concise display.

- Identify deteriorating cartridges before they fail
- Head off a problem before it becomes one
- Store mission critical data with confidence
- Establish quality standards for LTO cartridge and tape drives

## Rechargeable Batteries

Maximize the performance of high drain devices with Maxell RE-CO Nickel-Metal Hydride Batteries.

- Take more pictures with digital cameras
- Listen to more hours of music on MP3 players
- Play more hours in handheld games

ITEM #	UPC CODE 0-25215-	MODEL	PRODUCT DESCRIPTION	CARTON INR/MASTER

888702	49112-2	BC-300	Fast Charger	6

## Environmental Benefits

### Maxell's RE-CO Batteries:

- Are pre-charged, ready to use
- Last up to 4 times longer than ordinary nickel-metal hydride batteries
- Retain 85% of their charge after 6 months

Since they can be charged hundreds of times, one RE-CO battery takes the place of hundreds of Alkaline batteries, reducing household waste.
