Making Cake Decorating as Easy as 1, 2, 3!

ALL NEW Kwik-Kopy II makes life even easier for you. Less waste, more control, easier operation!

As Easy as 1, 2, 3:

Kwik-Kopy II will automatically resize your photograph to fit the Frosting Sheets in 3 easy steps.

1. Press the All Clear button on the Kwik-Scan II and load your image into the

scanner.

2. Choosing Black & White or Color, Hit "Copy" and Kwik-Kopy II will determine the size of your image and suggest the best-fit resize percentage for your Frosting Sheet. You will be asked to confirm it is correct.

3. Place your Frosting Sheet (face down) on the all-new front-loading paper tray and Hit "Print". Kwik-Kopy II prints your image, resized perfectly to suit your Frosting Sheet! "NO COMPUTER REQUIRED ...And very user friendly!"

NEW Features & Benefits

1. No more wasted Frosting Sheets from incorrect sizing and auto printing - check and confirm before printing.

2. Easy Front-Loading Frosting Sheet tray - gives a smaller footprint therefore saves space on your work surface because you can now push the system right up to a wall.

3. New Frosting Sheet Feeder cover prevents object falling into the mechanism or sheet feeder - reducing downtime and maintenance.

4. New Power Save feature extends the Kwik-Kopy II life.

5. KwikScan II can now sit on the top of the stand (Item #PSS01) to allow better access to scanner. Printer can sit on the bottom of the stand under the protection of the top shelf.

Kolor Kartridges™ has been filled with our special formulated FDA approved edible colors. Within minutes you will have a beautiful work of art, ready to be placed on any cake. The Frosting Sheets are so thin, they absorb right into your frosting leaving a seamless picture. Frosting Sheets™ are available in 1/4 Sheet and 8" and 3" rounds.

## Compressor and Airbrush

**code A2000 Kroma-Jet Compressor and Airbrush**

**Kopykake KromaJet: Don't Blow Holes in Your Frosting!** The KROMA JET is sturdy, clean

and quiet. And very small! Housed in an attractive case it needs no maintenance. The airbrush is made of precision-machined brass, and has a chrome-nickel plated finish.

Perfect for the small shop or the home cake sugar crafter or decorator.

This complete airbrush system delivers 10 PSI, which is perfect for fine lines and delicate shadings using liquid airbrush food colors.

This is a constant airflow system, which means that the user merely adjusts flow of color by a slight backward movement of the airbrush trigger.

**code C3500R Airmaster Compressor and Airbrush**
