JBL®/HARMAN KARDON® HOME THEATER 1000

Complete 5.1-channel entertainment system with 70-watt receiver and compact speaker/subwoofer system

What if you could take home entertainment to the next level of excitement but leave behind all the confusion and complexity usually associated with home theaters? That's the question the JBL®/Harman Kardon® Home Theater 1000 is here to answer. Built around the powerful Harman Kardon AVR 1565 receiver, this complete system features a maximum number of options with a minimum number of buttons – putting many of the industry's most advanced technologies to work to optimize the audio and video clarity of any entertainment source, old or new, automatically. Teamed with the compact but captivating JBL SCS 145.5 speaker and subwoofer system, the Home Theater 1000 delivers Hollywood action exactly as Hollywood meant you to be see and hear it. And with easy-to-follow setup instructions, and all the wall brackets and speaker wire you'll need to get the job done, you'll be ready to settle in for the show in no time.
