DROP SHIP DIRECT TO CUSTOMER

Get In The Shelter Business. Selection. Service. No Inventory Risk.

Our mission is simple – to be the worldwide leading brand in shade, shelter and storage solution products. Bar none. With more than 1500 select shelter products to choose from, a world class logistics operation, customer service and sales support, ShelterLogic is the logical choice to support your online, catalog or retail business.

Why Make ShelterLogic your Direct to Consumer Partner?

Warehouse/Shipping Operations- last year we shipped more than 35,000 direct to consumer shipments. On average- Standard items in our Drop Ship program ship in less than 48 hours.

Diversity of Product- when you add it up- there are more than 1500 shelter options available. Diversity of product is key to meeting consumer demand.

Manufacturing Control- we own our factories and control our inventories- that results in better on time deliveries, product selection and quality control.

Zero Inventory Risk- with ShelterLogic warehousing the product- your risk is zero we ship on order- direct to consumer.

Shipping Programs- choice from one of our shipping programs or use your own- we will work with you to establish the best shipping program for your customer and your business.

US Based Customer Service- our full service customer care group handles the details from order entry, to shipment to install questions after the sale- we got it covered.

Point of Sale Support- our full service marketing department offers POP materials to merchandise your program and drive sales. Our Dealer Support group assists with images and content for online retailers.

No one does shelters like ShelterLogic. We are driving the category supporting cataloger, internet and retail partners with the tools to drive sales.

INNOVATIONS

Driving Innovation In Shelter Design.

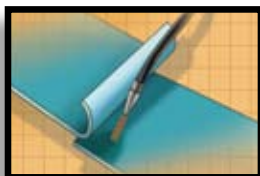

Highest Quality Materials

While the knock-off guys are cutting corners, ShelterLogic maintains quality by using only high grade steel. Every frame pipe, tube and connector goes through a proprietary 13-step process. It all starts with a solid frame. ShelterLogic delivers.

Ratchet Tite™ Tensioning System

Ease of installation designed in. Our unique Ratchet Tite at every corner leg ensures a drum tight cover and door panel connection to shelter frame. Quality Ratchet and web strap components make it easy to keep your cover tight and neat looking.

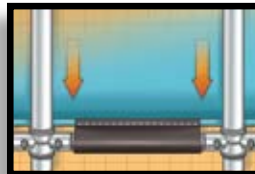

Heat Welded Seams

Hot-air fused, heat welded seams - not stitched like some competitors - make our fabric covers stronger, more durable and 100% waterproof.

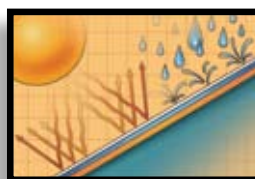

Slip-fit Connectors & Swedged Tubing

Connection points are critical for optimal strength and performance. ShelterLogic swedged tube process ensures precise tolerances. That means a tighter fitting frame easier set up and a more solid structure.

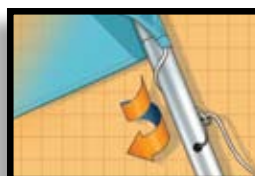

Easy-Slide Cross Rail™ System

Best in class feature makes initial and continuous cover tightening a reality. Bolt together brackets allow easy access to pressure points deliver optimal shelter performance.

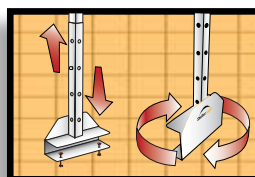

It's Not A Tarp. It's Advanced Engineered Fabric.

Our covers are triple layer woven polyethylene that is rip stop tough. UV treated inside outside and in between with added fade blockers, anti-aging, ant-fungal and anti-yellowing agents.

Twist-Tite™ Tensioning

Patented canopy leg features that securely squares up and tightens down cover to frame for a clean finished look. A tight cover means better canopy performance.

World's First And Only Table-Top Pop-Up

Patent pending Quick Clamp Canopy boosts a full 360° clamp design for multi surface attachment, 4-position adjustable and Tilt Mount feature that adjusts with the sun — another way we are driving shade product innovation.

GARAGES/SHELTERS

North America's Best Selling Retail Garages.

ShelterLogic, the company that pioneered the "In-A-Box" concept with first-to-market shelter innovations, offers a new line-up of pre-designed ONE-box shelters. No one manufactures more retail-ready garage and shelter options built for consumer use requirements than ShelterLogic. All built to our exact tolerances in ShelterLogic owned factories.

GREENHOUSES

Greenhouse-in-a-Box® Ready to Grow Greenhouses.

We offer a complete line-up of specially designed greenhouse products that offer quality, quick-build features. Looking for affordable options to extend growing season, protect plants and expand storage options? ShelterLogic has you covered.

Greenhouse-in-a-Box®

#70602

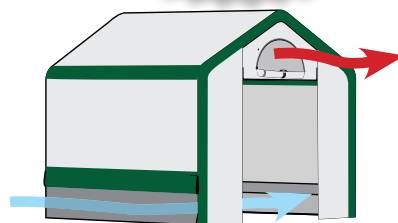

#70606

Organic Growers Greenhouse

#70615

Dual AirFlow™
Design ensures even airflow
for temperature control

- DuPont® powder coated steel frame withstands the elements.
- High density fabric mesh polyethylene cover blocks harmful UVA & UVB rays.
- Decorative heavy-duty polyester fabric piping.
- Roll-up side panels with screens add greater airflow and temperature control.
- Screened air vents and roll-up door for optimal ventilation.

#70608

Quality Features:

- DuPont® thermoset all steel frames with patent pending ShelterLock™ frame stabilizers and bolt hardware for ease of assembly, maximum strength and stability.
- Specially formulated for optimal plant growth, our translucent Clearview triple-layer ripstop fabric covers block harmful UV rays, allowing maximum illumination for sustained plant growth.
- Circular screen vents on front and back panels provide optional airflow.

SHELTER ACCESSORIES

ANCHOR CENTER

Anchor Options—Required Accessory.

The most important add-on to every shed, garage and shelter is the anchor. Secure and proper anchoring is absolutely critical to the overall performance and life of the structure. We offer a complete line of anchoring options for any install scenario - grass, packed dirt, rocky soil, concrete, asphalt, gravel - all built to work with our units or as versatile anchoring products for general use.

ShelterAuger Kits

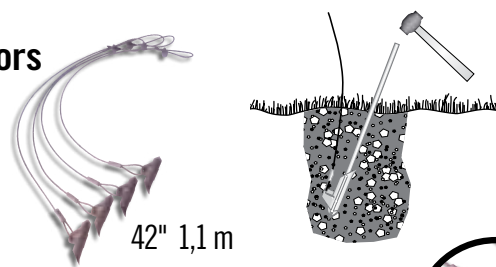

15" 38,1 cm

30" 76,2 cm

Earth auger installation. Best for looser soils.

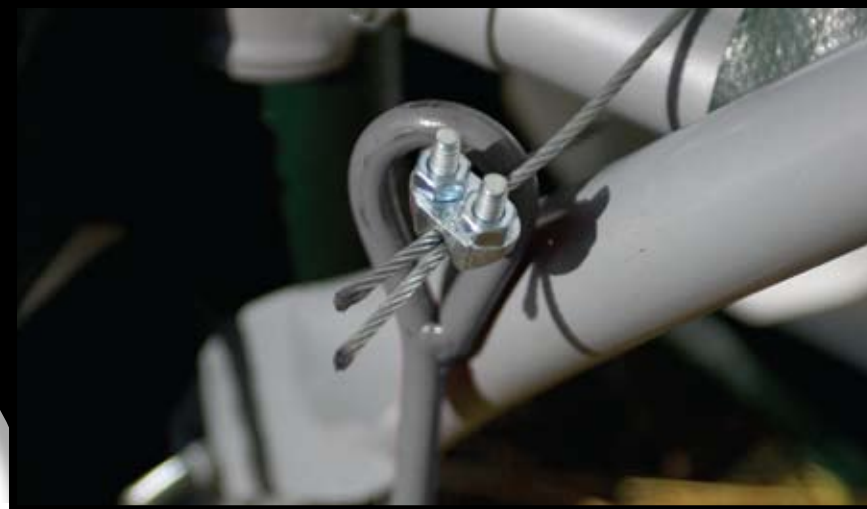

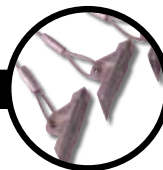

Easy Hook Drive Anchors

42" 1,1 m

Easy drive-in installation. Best for hard or stony soil.

Ratchet Tite Anchor Kit™

Easy drive-in installation with ratchet cover tensioning. Best for hard or stony soil.

EQUINE / HAY STORAGE

Equine & Ag Storage.

Custom designed shelters for highly specialized applications is a ShelterLogic specialty. Our Equine Run-in Sheds are affordable, portable shelter solutions to protect your livestock. These shelters are great storage options for hay or other Ag related applications.

Run-In Sheds

AG / Hay Storage

Quality Features:

- Easy assembly, solid frames come standard – with innovative patent pending ShelterLock™ frame stabilizers at every rib connection and bolted pipe connections adding strength and stability.
- Triple-layer, waterproof, UV treated, ripstop woven polyethylene fabric covers.

All Run-in Sheds come with protective boots for all 4 leg corners to prevent injury to animals.

FIREWOOD RACKS

Covered Wood Racks. Best-In-Class Value.

Built to meet the market demands for a quality covered wood rack for seasonal storage or year long seasoning of firewood. Innovative adjustable cover keeps top wood levels dry and allow for air flow to reduce mold, mildew and damage to wood.

#90402

#90403

#90401

Quality Features:

- Water-resistant cover adjusts to fit split wood up to 24"/61cm wide.
- Quick adjust hook and loop closures allow vertical adjustments to coincide with wood use.
- Corrosion resistant DuPont® powder coat black steel frame.
- Fast and easy-to-assemble frame with bolted connections sets up or breaks down in minutes.
