Kydex® Paddle Holster

- Adjustable paddle is a semi-rigid Kydex design that will mold itself to the wearer's hip. It will not move around or pull out with the handgun when a draw is made. • Adjustment allows for butt forward, vertical and muzzle forward carry • Holster can be worn "Behind-the-Hip", "In-Front-of-the-Hip" ("Appendix Carry") or even "Crossdraw" if the situation requires • The lead edge of the holster body is cut down to facilitate use in confined spaces • An excellent choice for both men and women.

Pro Pak Holsters and Accessories

Pro Pak Series Holsters are made of an extra thin laminate for concealability. Waterproof closed-cell foam padding aids in comfort while providing moisture barrier. Smooth nylon lining further protects gun finish and aids in drawing and reholstering. Simple, super-lightweight harnesses are easy to put on and take off with fast, Velcro adjustments. Laminated harness yokes have soft, non-abrasive, non-slip material on inside; smooth, non-stick material on outside that won't hang up on clothing. Non-stretch retention straps and molded thumb/finger breaks are adjusted by Velcro. Straps are covered with patented Strap Traps to keep straps from stripping away and to prevent chafing; adjustment tool included.

Pro-3 Duty Holsters

Triple Retention, Not Arbitrary Degrees of Retention.

The Pro-3 Duty Holster features a new internal locking device which resists snatching from front, top, side or rear, yet releases gun smoothly when you draw it as you have been trained. Additional retention is provided by a new, non-stretch retention strap and molded thumb break. A third type of retention is achieved by an adjustable tensioning device that allows a variety of pressure settings on the holstered gun, for optimum fit and maintaining good overall holster-to-gun contact. Holster body is constructed of proven Sidekick laminate of tough water-repellent Cordura® nylon, a unique 1/4" foam padding and smooth nylon lining. New molded sight track protects front sight and holster from wear.

Spacer Pack For Jacket Slot Holster - **Closeout**

Spacers compensate for body contours that keep Jacket Slot holster for autos and revolvers from riding parallel to centerline of the body

- Especially useful for women officers whose narrow waists cause muzzle of gun to angle outward away from body and put grip into their ribs or under body armor
- Improves officer's ability to draw and reholster gun by positioning holster at proper angle to the body
- Can be used with the PRO-3 and Dual Retention Jacket Slot Holsters
- Includes 1/4" and 1/8" thick spacers, two extra length bolts and Allen wrench

Spacer Pack for Jacket Slot Holster, Small Waist.....C12UM98900

Paddle Holster

The Holster You Can Personalize

- Molded offset spacer adjusts height of holster to accommodate various body types, torso lengths, gun butt configurations and modes of dress
- Offset spacer keeps gun off of hip structure and parallel to centerline of body
- Paddle adjusts for vertical, butt forward or muzzle forward (cross draw) carry

Tactical Speed Holsters

This innovative holster was created in answer to many requests to provide a carry system that would accommodate a handgun utilizing accessories that were either rail or trigger guard mounted.The handgun is held securely in place by utilization of a muzzle stud and a safety strap that encircles the trigger guard. While assuring positive retention, rapid presentation of the handgun is made easy due to the open withdrawal slot on the rear of the holster and the design of the safety strap.

HUNTER

For 60 years, hunting and sports enthusiasts have counted on HUNTER for high quality holsters, gun cases and shooting accessories. Most of the products we've made over the years are still in use today, standing as testimony to the value of skilled craftsmanship and premium materials.

NEW!

Trapper Holster

The Trapper holster was built to fit the Winchester 1892 cut down to resemble a lever action pistol. This holster is top grain leather, can be worn on the left or right side, and features a leg tie down. Fits the following: Henry Mare's Leg, Rossi Ranch Hand, Puma, and original Winchesters. Made in the USA. The 1892S scabbard does not come with a leg tie down.

Holsters &
Belts

Avenger Belt Holster

The Avenger combines all the desirable features of a truly practical holster. Full combat grip accessibility allows an instant shooting grip, stitched sight rails prevent snags on the draw, the reinforced holster opening provides easy eyes-off re-holstering, while the vertical orientation allows the fastest, wrist-locked draw stroke. The tension screw allows for micro-adjustment of the draw stroke. The Avenger is constructed of premium saddle leather and fits belts up to 1 3/4" wide.

Halo Belt Holster

Plainclothes officers and civilians who prefer to equip their pistols with a weaponlight need a holster that is compact enough to conceal, yet fast and fumble-free to draw. The Halo's vertical orientation allows a smooth draw without cocking the wrist, while its thumb-break retention strap combines positive control of the pistol with a fast and efficient draw. Riding high and close to the body, the Halo also offers excellent concealment of the large pistols that are typically equipped with weaponlights. The Halo is constructed of premium saddle leather, fits belts up to 1 3/4" wide, and is made for semiautomatic pistols and is available in right hand designs, in black.

Triton Kydex IWB Holster

Constructed of durable, virtually maintenance-free Kydex®, the Triton™ is fast, thin and easy to conceal. The belt clip offers quick on and off capability, while the sweat guard protects both gun and gun carrier. The firm holster body allows a smooth and easy return to the holster after the draw, while the raised sweat guard protects the pistol from corrosive perspiration – and also protects your skin from hard steel!

Constructed of Kydex, the Triton is available in black and fits belts up to 13/4".

Tuck-N-Go Inside the Pant Holster

The Tuck-N-Go's open top allows a fast draw once the concealing garment is swept up and away, while the reinforced mouth allows a smooth and easy return to the holster. For the utmost in concealability, the holster features Galco's patented Generation III tuckable J-Hook. The Gen III J-Hook's streamlined design hooks over the pants and behind the belt, hooking upward and only showing a small piece at the bottom. The Tuck-N-Go carries the handgun in a vertical orientation, with no cant or angle. Constructed of comfortable premium Center Cut Steerhide™, the Tuck-N-Go fits belts up to 1 1/2". Made for semiautomatic pistols and double-action revolvers.

Recoil Pad Slip-On 5-3/16" x 1-1/2" x 1/2"

Thick Leather Brown

This recoil pad from Galco slips easily over the butt of your gun and is held snugly in place by an overlapping hook and loop fastener. It is constructed of leather and features 1/2" of shock absorbing gel which can reduce felt recoil by up to 50%.

Recoil Pad Slip-On 5-3/16" x 1-1/2" x 1/2"	C12GELT1031DH
--	---------------

Scout Clip on Inside Pant Holster

The open top, combat-style Scout™ is rough side out to provide additional stability. This design also provides a smooth leather holster pocket for a faster, smoother feel on the draw. The Scout carries the handgun in a vertical orientation, with no cant or angle, so it can be used strong side, crossdraw, or in front of the hip (appendix carry). Fits belts up to 1 1/2". Made for semiautomatic pistols and double-action revolvers.

Black, Right Hand, Glock 26	C12GESCT286B
-----------------------------------	--------------

M4X Autolock MATRIX

Locking device retains the pistol until the ergonomic and intuitive thumb-release lever is depressed, instantly releasing the pistol for a quick, smooth draw. Constructed from the same injection-molded thermoplastic as the other Matrix holsters, the M4X also maintains the same fierce durability and dependability. Using the same paddle as the highly popular M5X holster, the M4X offers all the quick-on quick-off advantages of a paddle design, while remaining securely anchored on the belt when in use. The slight forward cant allows a fast and comfortable draw, while pulling the handgun in tight for good concealment. The M4X fits belts up to 1 3/4".

N3 IWB Holster

The new professional-grade N3™ is the third evolution in Galco's NSA design series. The offset belt loop offers an extremely flat profile and excellent stability, while the reinforced mouth allows a smooth and easy return to the holster after the draw. The raised sweat guard protects the pistol from corrosive perspiration – and also protects your skin from hard steel! Constructed of premium saddle leather, the N3 is available in black and fits belts up to 1 1/2".

Paddle Lite Holster

Fuses some of the best features of the tremendously successful Carry Lite™ series of holsters with the renowned paddle design. Time-proven paddle design and joining it to a holster made from our Premium Center Cut Steerhide. Featuring Galco's patented belt-lock copolymer injection molded paddle, the Paddle Lite is very secure, yet easy to remove and replace without removing the belt. Riding high and close to the body with a butt-forward cant, it offers both good concealment and a fast, easy draw. The thumb break retention strap combines security with a simple and quick release. The Paddle Lite is available in black, and fits belts up to 1 3/4".

Miami Classic

Shoulder Holster System for Pistols & Revolvers

The Miami Classic™ is quite possibly the most imitated shoulder system in the world, however, its quality is impossible to duplicate. A key component of this patented shoulder system is its unique spider harness. All four points of the spider harness are connected by a flexalon swivel plate and can pivot independently, resulting in a perfect fit and lasting comfort for all sizes and shapes. This system is constructed of premium saddle leather and includes holster, harness, and ammo carrier.

Miami Classic II

The Miami Classic II is the next generation of shoulder holster systems from the world's premier maker. The handgun is held in the horizontal orientation of the Miami Classic, for the quickest draw. The harness features Galco's spider harness with trademarked Flexalon™ swivel back plate for all-day wearing comfort. The medium-width shoulder straps distribute the weight of a heavy handgun and accessories, while remaining concealable. The biggest innovation found on the MCII is its new magazine carrier, which securely holds a pair of magazines in a horizontal position, without need of retaining straps.

V.H.S (Vertical Shoulder holster System)

The new VHS provides the long-awaited alternative for those who want the concealment of our Miami Classic but, for what ever reason, prefer the classic vertical carry style. A key component of this patented shoulder system is its spider harness. All four points of the spider harness can pivot independently and are connected by our unique clover shaped Flexalon™ swivel back plate. This system is constructed of premium saddle leather and includes holster, harness and ammo carrier. For these and other VHS accessories and components that may be purchased separately, see shoulder system accessories. The Vertical Shoulder Holster System is ambidextrous, in tan.

Concealable – For Pistols & Revolvers

The Concealable is constructed of premium saddle leather, offering combat grip accessibility with deluxe, deep hand-molded exterior and double stitched seams. Its unique two-piece construction is contoured on the body side to the natural curve of the hip and keeps all molding on the front of the holster, allowing a significantly more comfortable carry. With a narrower profile than ordinary pancake-style holsters, it is definitely more compact and concealable, and its improved design allows for a much smoother draw. Thoughtfully engineered belt slots fit up to 1 1/2" belts and minimizes shifting.

Escort Waistpack Type Holster

Constructed of 430 Denier water-resistant pack cloth. Dual front-opening zipper pulls allow for fast and quiet draw. The unique built-in neoprene holster and spare magazine pocket conforms to the handgun and provides excellent handgun security. The 1 1/2" waistband strap includes a fastex buckle release which makes the Escort extremely easy to put on and take off. It also features additional utility pocket on front and sides, taped inner seams, and interior rain flap along the zipper's edge on the pistol compartment. Available in right- and left-hand designs in black.

Yaqui Paddle

Galco spearheads evolutionary progress in the holster industry. Galco was the first to adapt the Yaqui holster with tension screws in 1992, an improvement in holster fit soon adopted by every holster maker large and small. The adaptation of the Yaqui design for paddle carry is another evolutionary leap that others will follow for years to come. The Yaqui Paddle is available in right and left handed designs, in tan or black finish.

M3X MATRIX

The durable, injection-molded M3X is lightweight, comfortable, and nearly maintenance free. The M3X securely positions the handgun on the belt with a moderate butt-forward angle, enhancing concealability yet maintaining ease and speed of draw. Twin tension units allow the user to micro-adjust the feel of the draw while retaining a proper level of firearm retention. The M3X fits belts up to 1 3/4". Right hand, black.

Matrix M7X

Unlike so many other harsh, mechanical-looking plastic holsters, the Matrix resembles a Galco hand-molded leather holster. Because it is injection molded, it is considerably more durable and free of the structural weaknesses associated with other manufacturing methods. The M7X model shown here is a very concealable strong side belt holster featuring easy on-off belt loops. Will fit belts up to 1 1/2" wide.

SkyOps

You need to carry a full-sized pistol behind your hip, you don't want to wear a jacket or your shirt tail out, you want stationary holster placement, and you want total concealment. Galco delivered, with our new SkyOps™ tuckable concealment holster. The Y-Hook grips as securely as a full loop, yet disappears to all but the most trained eye when worn on a black belt. The SkyOps will not win the competition for easy on-and-off nor for quick draw and reholstering. But when it's all about stealth, and wearing a jacket is not an option, the SkyOps sets the standard against which all others will be measured. Fits belts up to 1 1/4".

Cop Slide

Galco's Cop Slide holster is constructed of rich black premium cowhide, and precision molded. Maximum retention of the gun is facilitated by an adjustable tension screw near the trigger guard, while the rear sight is protected by a reinforced thumb break and wide safety strap. The low-cut design allows for easier, faster clearance of the pistol from leather. The slots will accommodate belts up to 1 3/4" wide. The Cop Slide is available in right hand design, in black finish.

Style 1 - Thumb Break Scabbard

This expertly crafted holster is the product of years of design, using the suggestions of hundreds of law-enforcement officers who have had to live with just about every type of holster made. In this holster, the weapon rides high and at an angle that makes the weapon readily available. Due to its thumb break release and molding for the exact weapon it is designed to carry, it stays secure and highly concealable. The TBS is double stitched with bonded nylon cord.

Style 2 - Speed Scabbard

The Speed Scabbard is designed to meet the needs of the plain clothes professionals preferring a holster without a thumb break while still providing weapon retention, thanks to precise molding and screw tension device on some models. Full size semi-autos disappear under a suit jacket while still presenting the weapon at an optimum draw angle. Some models now have three belt slots.

Style 41 - Chek-Mate Security Holster

The Chek-Mate™ is a newly designed and patented plain clothes holster developed with the law enforcement officer in mind. The patented Redi-Lok™ feature allows the user to access his weapon using only gross motor skills. There is no fumbling with middle fingers or sweet spots. The SLH™ "self locking holster" feature provides a natural release point where your thumb MUST BE when establishing a proper shooting grip. This is more instinctual, and requires little practice to become comfortable with. Re-holstering is effortless and an audible click is heard when the pistol is fully holstered. They are made from premium saddle leather in tan, right hand.

Style 31L - F.F.D.O. w/ Lock Hole

The #31L is the current issue for Federal Flight Deck Officers. It is an asymmetrical pancake style holster with three slots for use as a strong side or cross draw. The 31L features a reinforced upper section and provision for padlock. The purpose of the padlock hole is to secure the weapon inside of the holster when it is not being worn. This also eliminates the need to load and unload the weapon when it is to be stored safely. Solid brass lock, #T72 is available for purchase. Available in black. Belt slots are 1 3/4" wide.

Plain Black, RH Sig P250.....C12DI31LBA28Z0

Style 21 - The Trickster™

Conceal your small automatic in the back pocket of those slick fitting slacks! It is simple, smart and very effective. Dimensions: 5"x3-1/2". Available in Black leather only.

Style M52 - Cargo Nemesis

This ambidextrous holster was designed to fit the thigh pocket of most cargo pants. It is built from a very viscous material. The M52 is quite sticky and will absolutely not move out of position in the pocket. This model is reinforced and stiffened at all areas that need it. The Nemesis Cargo keeps your firearm at arms reach and out of sight. The inside is made of slick pack cloth for a no friction draw. Black Ambidextrous, Glock 26

Style M44 - Super FLY

Super Fly's new exclusive sticky rubberized fabric is even more viscous than the Nemesis's. We have also added a removable, reversible outer flap to even further disguise the firearm. This pocket holster will absolutely not move out of position in your pocket. The inside is made of slick pack cloth for a no friction draw and is reinforced with added polymer in the right places. Ambidextrous.

Style M24 - Tuck-This® II IWB Holsters

DeSantis Gunhide® announces its latest addition in IWB nylon, the #M24 Tuck-This® II. It is built from heavily padded 1050D black Ballistic nylon and lined with slick pack cloth. The widely adjustable belt tab can swing from cross draw to FBI-strong side carry. The tab allows the shirt to be tucked down in between the gun and trousers affording nearly total concealment. Auto-loader versions of the Tuck-This® II will have a magazine pouch built into the front holster spine. The M24 is currently made for most concealable hand guns in both right and left hand versions. DeSantis® made the original "Tuck-able" in the early seventies and cataloged it as the "IA" holster. Accommodates belts up to 1 3/4" wide.

Style M40 - Black Mamba™

Shoulder Holster

Nylahide™ is a four part laminate of engineered polymers and composites that together form a product that is vastly superior to the more common and much weaker foam laminates. 1050D Senior Ballistic cloth is the outer most layer, and smooth pack cloth is on the inside. The outer edges of the laminate are bound with a sturdy nylon tape which meets or exceeds the Mil Specs, and all of the stitching is accomplished with bonded nylon cord. The Black Mamba™ carries even the 72 ounce S&W 500 with total comfort and security.

Style 99 - DA Hybrid™

DeSantis announces its latest addition in hunting/outdoors leather, the #099. Built from fully suede lined top grain premium saddle leather, the DA Hybrid™ is ideally suited for field carry and for peace of mind in bear and lion country. Carries comfortably in either cross or strong side draw and is fitted with four concealed tension screws for a truly custom fit. Saddle tan. Fits belts up to 1 3/4"

Plain Tan, RH S&W 500 5"	C12DI099TCL5Z0
--------------------------------	----------------

Style 97 - The Woodsman™

Soft Black leather inside and a waterproof, durable synthetic exterior finish. The adjustable safety strap will fit virtually all of your .22 auto loaders. One holster will accommodate 4 1/2"-5 1/2" barrel lengths. The #97 fits belts up to 2 1/4" wide, right hand.

Plain Black, RH 22 Auto's.....C12DI097BALAZO

Style 40 - Terminator™

The Terminator™ bandoleer shoulder holster has been designed specifically for large, heavy hunting revolvers. The thick foam padded bandoleer strap takes the weight of even the new S&W® 500 very comfortably. It's built from waterproof suede and leather, and is highly adjustable for all body types. The fully lined leather holster is crafted from the finest full grain leather and is oil finished in saddle tan. The holster is fitted with an adjustable tension device, a hammer strap, and a belt tie down.

Style 62 - Apache® Ankle Rig

The Apache's® wide, elasticized leg band largely eliminates the unwanted rocking motion commonly associated with ankle holsters. The Apache® is made for small, medium and large frame semi-autos and small frame revolvers. All semi-auto models feature an adjustable Velcro® thumb break. Revolver and .32cal holsters feature an adjustable thumb strap (without snap, Velcro® closure). Designs may vary. Available in black. Semi-auto and revolver holster models are constructed with elastic and have a sheepskin lining with a snap thumb break. The .32cal holster models are constructed of neoprene and feature a Velcro® thumb break.

Style 44 - Ankle Holster

The 44 ankle holster is made with Velcro closures for ease of putting on and taking off. Securing the firearm is accomplished by the use of a positive-snap device. It is exactly molded to the gun and is designed to carry. This offers positive retention and reliability. The 44 has foam-padded suede for comfort. Ankle holster support strap is optional.

SafariLaminate™:

Their original and most extensive holster and accessory line. While SafariLaminate™ is a durable lamination process used to create many of our products, it is best known as the performance gear that law enforcement professionals recognize as the uniquely famous SafariLand® line.

Model 5181 Paddle Holster

The Model 5181 is a suede lined, custom formed, medium to hi-ride holster. The 5181's open top, wraparound design, and user adjustable tensioning device all work together to create a very fast - yet secure - holster. Thermal molded from Safari-Laminate™ and features a wide, suede covered, self-locking polymer paddle, making it lightweight, durable and extremely comfortable. New, improved paddle offers greater strength and flexibility. No belt is necessary with this holster!

Model 527 Pancake “Stealth” Holsters

The Model 527 “Stealth” is a suede lined, custom formed pancake style holster. It offers the best of both worlds - comfort and concealment. This low profile body hugging holster is thermal molded from two pieces of Safari-Laminate, making it lightweight, weatherproof and extremely durable. The 527 features a molded detent that grips the trigger guard - eliminating the hammer strap. Made for both automatic pistol and revolver handguns, the 527 also features SafariLand's tunnel-style belt loop; a loop that doesn't show through to the face of the holster like other pancake holsters. The 527's unique 1.75" belt loop design creates an extremely firm belt attachment - greatly enhancing its stability, carry and draw. The Model 527's ultra low profile styling and top draw design make it a very popular plainclothes or off-duty holster.

Plain Black For Automatic Pistols:

527 Pancake Holster, Right Hand Only.....	C12SF5275361

Model 25 Inside-the-Pocket Holster for Revolvers

An all new look for the inside-the pocket holster. The holster will stay open, simply drop handgun into pocket and it holsters itself. Extra thin, extra soft holster for extra deep concealment. The moisture proof membrane layer prevents perspiration from penetrating the holster and collecting on the gun.

Right Hand, Plain Black.....C12SF250121
Fits: Colt Agent, Detective Special, DS-II, SF-VI 2" Bbl., Ruger SP101 2.25" Bbl., S&W 31, 34, 36, 36LS, 37, 60, 60LS, 38HL, 49HL, 649HL, J small frame 2" Bbl., Taurus M-85 2" Bbl.

Model 27 Inside-the-Pants

The Model is an inside-the pants J-hook concealment holster. The unique J shaped belt hook allows the model 27 to be worn with any belt. The open-top, semirigid Safari-Laminate holster is designed as a undercover off duty holster. A polymer insert keeps the holster open for easy weapon reholstering.

The Self-Securing 0702 and 0703 Concealment Holster

It's Safariland's unique spring-loaded self-securing frame jack. Push down on your weapon to securely lock it. Rock back slightly to draw it quickly. There are no snaps and no straps. A mid-ride belt position and slight forward tilt allow a smooth, natural draw. Both the 0702 and 0703 holsters draw like Safariland's 070 (SSiii) holster and feature the same thermal-molded wraparound Safari-Laminate™ construction, tough Kydex® outer layer and Fine-Tac finish. The low-profile 0702 concealment holster comes standard with a very comfortable paddle. The 0703 is the same holster with a belt slide. Both are companion holsters to the 0701.

Model 0702 - Closeout!

328 Belt Holster

The Model 328 concealment holster is a suede lined, custom formed, pancake style holster. Worn on the belt, the holster can be adjusted to two different cant positions at the preference of the wearer. The holster features a thumb break/hammer strap and top draw design. The 328's 1.75" (45mm) belt loop design creates an extremely firm belt attachment. This body hugging holster is thermal molded on the outward surface while the backside surface is a lighter weight free-formed Safaril-Laminate.

Model 329

The 329 Contour holster was originally designed for women, but very comfortable for men as well. With a low cut front, for quick extraction. No need to raise handgun very high to clear holster. Utilizing a thumb break design for a sturdy, flexible belt loop and for added comfort, holster stays close to body when closed, yet moves away when unsnapped for ease of draw. Fits belts up to 1.25" wide with an adjustable tension device its constructed out of sturdy Safarilaminate.

Model 1090 Shoulder Holster

This "gun quick" for pistols only holster is engineered for medium or large framed pistols. It reduces the task of gun carry, concealment, and rapid access to the most basic elements. A natural drawing motion frees the muzzle, allowing the retention spring to roll smoothly off the hammer or grip, releasing your weapon for use. Made of injection molded glass filled areo-space material, that won't fade, deform, corrode, or harm your weapons finish. Adjustable for barrel length and width. The sturdy leather harness is fully adjustable.

- Engineered for medium- and large-frame pistols
- Ambidextrous shoulder holster
- Easy-to-adjust barrel length and width
- Retention spring allows for easy re-holstering — one-hand re-holstering
- For pistols only

Model 074 Magazine Holder, Paddle

The 074 is a paddle style magazine holder that doesn't require a belt to hold it firmly in place. The 074's Safari-laminate construction and molded polymer paddle work together to make this one of the best magazine holders for quick-on/quick-off concealment situations. The paddle has a built-in locking mechanism that keeps the holder in place at all times - yet it can be slipped off in an instant.

Model 079 Magazine Holder, Snap-On, Double Plain Black Only

The Model 079 is a patented holder that features a low cut design for easy magazine grasp. Molded from Safari-laminate, it holds magazines tightly in place. The Model 079 holder differs from the 076 competition version in that it has two straps on the back that form the belt loop. The 079 also features an adjustable magazine tensioning device that lets an officer set the exact amount of friction required to remove the two magazines.

Model 123 Magazine Holder

The Model 123 is the best concept in concealed magazine carry to come along in years. Simply wrap the Velcro® belt attachment around your belt and a spare clip is ready and accessible. Velcro flap keeps your magazine in the pouch. Wrap the belt flap on top of the closure flap for added security. The ultra-thin membrane Safari-Laminate™ used in the 123 magazine holder is tough, lightweight and durable, yet soft. These materials offer an unmatched strength-to-weight ratio. The result is absolute comfort, strength and total concealment.

Model 82 CarryLok™ Holster

Security now.. Speed when you need it.

Selecting the right concealment holster shouldn't force you to choose between speed and security. Now you can have both. with Bianchi's CarryLok™ holster with Auto Retention™!

To secure your firearm with the CarryLok device, all you have to do is firmly seat it in the holster. The internal locking mechanism automatically blocks the trigger guard, instantly securing your firearm. A quick upward tug confirms that it is locked in place.

To draw your firearm, simply press the CarryLok release tab with your middle finger as you draw. The result is an efficient, one-step single plane draw, very similar to what you would expect from an open top holster. Professionals that carry all day will enjoy the pancake styling for its comfort and concealability. However, unlike traditional pancake holsters, the CarryLok device holds the holster open for easy one-handed reholstering that is both fast and secure.

Features: Full-grain vegetable tanned leather • Fits up to 1.75" belt loops • 16° forward rake.

NEW!

PowerSpeed™ Holster with Automatic Retention Lock

The PowerSpeed automatic retention lock is extremely secure while remaining completely concealed behind the holster. The lock mechanism allows a natural movement for a fast draw from the locked state and the holsters contoured profile fits closely to the body reducing "firearm printing". Adjustable setup for straight draw, FBI angle or cross draw. All parts are included to setup the PowerSpeed concealed carry holster for paddle or adjustable belt plate mount and includes a clearance adapter. The Holster is exceptionally light, made from super strong aerospace polymer and designed for a combat, secure comfortable fit.

PowerSpeed Holster (1911 Government) New	C12HA52045

PowerSpeed Universal Speed Holster

The PowerSpeed holster is designed for competition, duty and concealed carry use. Right or left-handed use. Fits virtually any semi-auto handgun! It has 3 quick settings: Fully Locked, Semi Race and Full Race. Fully locked mode is one so secure you can actually lift the shooter off his feet by the grip of the gun, but is instantly released on a draw! In Full Race mode, the gun is held in place solely by powerful rare earth NeFb magnets. The magnets are so strong, they can hold a pistol upside down and are secure enough to pass a jump test. But look out, blazing fast draws are a snap in this mode. Comes with two belt mounts: a dropped competition/duty style, and a high rise style. The competition/duty style is full adjustable for angle and cant, and includes an exclusive belt locking and adjustment system that accommodates belt sizes from 1 1/2" to 2 1/4". The high rise style fits a 1-1/2" belt and is designed for duty, concealed carry. PowerSpeed Universal Holster

SERPA CQC Holster w/Carbon Fiber or Matte Finish Holster

This unique **award-winning** holster design allows you to forget old-fashioned thumb breaks that slow your draw and complicate reholstering. The patented **SERPA Technology Lock** engages the trigger guard as you holster the pistol and won't let go until you release it. The release is made using your normal drawing motion, with the trigger finger beside the holster body.
