The World Leader in Vehicle Camping Tents

Why **NAPIER** Vehicle Camping Tents?

- Sleep comfortably above the ground
- Compact and lightweight – keep the tent behind a seat for an unexpected adventure
- The simplicity of a power source for charging your gadgets
- The added comfort of your vehicle being right there in case a hungry bear strolls by
- No need to unpack- simply keep all your gear in your vehicle and sleep in the tent
- Use the cargo area as additional sleeping spaces

"A complete camping outfit for the motorcyclist. Seems to be about perfect and an excellent buy." – William G (Friendship, AR)

SPORTZ[®]

AIR MATTRESS

Bow Lake, Banff National Park,
Alberta, Canada

Wake up from the nightmare of spending sleepless nights away from your bed. The comfortable **Sportz Air Mattress** will have you sawing logs in complete comfort whether you're camping in the great outdoors or roughing it on the living room floor.

FEATURES

- Custom size 74" x 47" x 5"
- Fits in between the wheel wells of most pick-ups
- Built-in hand pump quickly inflates the mattress without the need for external power or cumbersome equipment
- Flocked top helps provide a luxurious sleep and prevents bedding from slipping
- Use outdoors and in-doors

Built-in Hand Pump

"This mattress is absolutely amazing. My wife & I used it for three days of camping and did not have to refill. Very comfortable and well worth the money." – John C (Bridgeport, PA)

Model No. 32000

BACKROADZ

Napier Enterprises proudly introduces **Backroadz**, a new line of Vehicle Camping Tents. **Backroadz** is a high quality line of Truck and SUV Tents created with every consumer in mind. For the cost of one night in a hotel room, you could own a **Backroadz Tent**. Think of the endless opportunities that await you with a **Backroadz Truck or SUV Tent**!

Help us plant trees! With every **Backroadz Tent** purchase, Napier will plant a tree through our partnership with **Trees for the Future**.

Trees are a vital part of the environment and they are being cut down faster than they are being replaced. Trees are the lungs of the Earth, inhaling carbon dioxide and exhaling oxygen and I think you would agree oxygen is important. Not to mention, trees purify the air, protect against soil erosion, provide vital habitat for wildlife and provide us with timber and fruit production.

Trees for the Future helps communities around the world plant trees through seed distribution, agroforestry training and in-country technical assistance. It has empowered rural groups to restore tree cover to their lands, protect the environment and help preserve traditional livelihoods and cultures for generations. Not only are you saving money when you buy a **Backroadz Tent**, you are helping out the environment too.

BACKROADZ

 Banff National Park,
Alberta, Canada

Napier Enterprises is proud to present our new Backroadz Series Vehicle Camping Tents; a value priced line created with every consumer in mind. The Backroadz Truck Tent assembles in the back of your open-bed pickup, creating a comfortable, restful sleeping area for two people.

SPORTZ[®]

Accessories

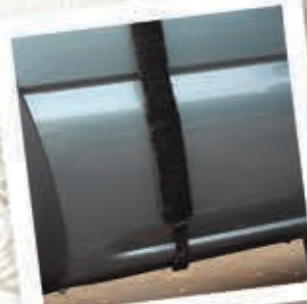

Sportz Footprint for Screen Room - Model #83500

The Sportz Footprint is a custom size footprint to fit inside the Sportz SUV 84000 Tent's screen room. The Footprint allows you the option to have a floor in your screen room. Peg loops on each corner helps secure it to the ground. Includes 4 pegs. Size: 7' x 6'.

Sportz Strap Protectors - Model #44444

The Sportz Strap Protectors provide your vehicle with extra protection from the tent's straps. The fuzzy strap protectors slide over your tent's vehicle straps. One package includes six strap protectors.

NEW Sportz Full Sided Rainflys Model #82500, 84500 & 86500

These Full Sided Rainflys keep you completely dry when using your Sportz SUV 82000, 84000 or Dome-To-Go as a stand-alone tent! After removing your vehicle sleeve, you can attach the rainfly to protect you against the elements from every angle.

Sportz Traveler Bag Model #41500

The Sportz Traveler Bag is a perfect size for the gym or traveling. The bag features side zipper pockets for extra storage and easy access. Shoulder strap included. Size: 20" x 9" x 12".

1 I usually don't write reviews but I will make an exception for this tent. My wife always hated sleeping on the ground and I didn't want to spend the money for a camper, so this was our compromise. It sets up very fast and withstands extremely high winds! If you have ever been to southern California then you know what kind of winds I am talking about! I have no complaints about this tent and would recommend it to anyone!

Tim T (Edwards AFB, CA)
Reviewed for a 57 Series Truck Tent

2 I have only used it once, but I was very pleased with the quality, roominess, and the overall value. And it kept me warm and dry through a heavy spring rainstorm. My camping buddies were duly impressed and more than a little jealous. Now they all want one!

Michael C (Chicago, IL)
Reviewed for an Avalanche Truck Tent

3 I fish in Missouri and take my 4x4 SUV to many great out-of-the-way areas. I sleep in the truck, but if it is buggy or rains, I used to pack up and leave. Now I can wait out a summer shower in comfort.

Philip W (Chesterfield, MO)
Reviewed for the Sportz 82000 SUV Tent

Testimonials

4 The few moments that it takes to attach or detach the tent to our Honda Element are outweighed by the advantage of having access to our gear in the back of the vehicle from inside the tent. No more unzipping and zipping tent doors and opening and closing vehicle doors to get something that you need from the vehicle. No hesitations on recommending this tent to SUV owners! Thanks!

Joanne P L (Berlin, NH)
Reviewed for a Sportz 82000 SUV Tent

5 We went from camping in a 25 foot RV, to using this tent. We are having so much fun, the tent is cozy, yet has plenty of room. And since our last camping trip it rained 30 of 36 hrs, we stayed DRY!!! The best camping purchase we have made in a long time.

Denise M (Rochester, NH)
Reviewed for a Sportz 57 Series Truck Tent

NAPIER

Social Responsibility

Napier and the Environment

At Napier Enterprises our respect for the environment stems from a passion for the great outdoors. As a company devoted to corporate social responsibility, we try to find new ways to become more sustainable on a daily basis in our product designs and in our corporate practices.

What We Are Doing to Help

Eliminate the use of PVC: In 2012 Napier removed PVC from all packaging and tents. From its manufacture to its disposal, PVC emits toxic compounds. During the manufacturing of PVC, dioxin and other persistent pollutants are emitted

into the air, water and land, which present health hazards. During use, PVC products can leach toxic additives. When PVC reaches the end of its lifespan, it enters the landfill, where it leaches toxic additives or incinerated, again emitting dioxin and heavy metals.

Reusing and Reducing Cardboard: Cardboard is all around us and is used in some form every day. Each person uses approximately 700 lbs. of paper products annually, and majority of it is in the form of cardboard. Now that's a lot of cardboard! At Napier, we believe in using recycled cardboard in all packaging. By using recycled cardboard, you create less demand for virgin wood pulp, less demand for wood pulp reduces the number of trees harvested each year.

While using recycled cardboard is a great step to maximizing the environmental sustainability, we also looked at ways to eliminate the use of cardboard. In 2011, Napier implemented a new bag design, which eliminates the need for a cardboard retail box, reducing the use of cardboard in Napier's packaging.

Environmentally Friendly Corporate Culture: While the changes we have made to our packaging and products will have an impact on the world around us, we also know that implementing environmentally responsible practices in the workplace is essential too. Our practices include a recycling program, reduced lighting, reduction in paper use by becoming paper free and use only energy star equipment.

Our Partners

Our environmentally friendly practices don't stop there. In addition, we contribute to non-profit organizations and local communities across North America that too share a passion for the great outdoors.

We have become a partner of **Trees for the Future** - an agroforestry resource center that works with local farmers to restore degraded lands to sustainable productivity by planting trees that not only thrive in poor soil conditions, but that also benefit the local area in a multitude of ways. They have a worldwide network of technicians, volunteers, and community leaders, which help rehabilitate environments across the globe. Napier will select different locations to plant trees on a quarterly basis.

We have also partnered with **Leave No Trace**. This not-for-profit organization educates others on the importance of preserving the environment

by reducing our impact on nature. Through our monthly newsletters and social media, we plan to educate our current consumers on how they can protect the environment on an individual basis. We hope all our campers adopt this notion and do their best to **"Leave No Trace"** after they conclude each trek into the great outdoors.
