RELIANCE

EARTH FIRST.

HOLD US TO BE SOCIALY RESPONSIBLE.

We've always been proud of our focus on delivering environmentally friendly consumer products. Products that help people live confidently in their natural environments while minimizing ecological impact.

In many cases our products help save lives. Currently, as many as 5,000 children die each day from unsafe water. Working with P&G, our PUR Purifier of Water product is working hard to help reduce and eliminate these numbers by providing safe water to developing countries.

Our many water treatment products and transportable containers provide families and outdoor enthusiasts everyday access to safe water. And our carry-in and carry-out hydration and sanitation products encourage them to "Leave No Trace."

We follow the same principles in our manufacturing and packaging by reclaiming 90% of our materials during production and developing technology that is more environmentally friendly.

Our products are durable and reusable. And they have always been BPA free. We design each and every product to the highest environmental standards for the health and safety of your family and your world.

Reliance products are designed to be safely reused for many, many years. So carry us in, carry us out, again and again. And when you think you're ready to recycle any of our products - Garage Sale.

GREEN GLACIER™ COOLERS
NATURAL STRAW INSULATION

- > The first NATURALLY insulated water coolers on the market.
- > Natural North American grown straw insulator, which you can see!
- > Keeps liquid cool for at least 24 hours.
- > Transparent exterior shell is made of tough aircraft windshield grade plastics.
- > Cooler can accommodate 5 gal/19L of liquid, or 24 cans and lots of ice.
- > Also available in a 2.5 gal/9.5L size (12 cans and lots of ice).

MODEL	DESCRIPTION	SIZE
9630-11.....	Green Glacier 2.5	2.5 gal. / 9.5L
9630-21.....	Green Glacier 5.0	5 gal. / 20L

GREEN GLACIER™ INSULATED
WATER BOTTLE
NATURAL STRAW INSULATION

- > The first NATURALLY insulated portable water bottle.
- > Natural North American grown straw insulator, which you can see!
- > The unique cap design allows you to drink from either the smaller cap opening or larger neck opening.
- > The cap tab features a dual locking mechanism. First, it locks and seals liquid in when closed. Second, it locks in the open position so it doesn't interfere when you drink.
- > Made of aircraft windshield grade plastics with a completely BPA Free interior.
- > The larger neck opening makes it easy to add ice and clean.

MODEL	DESCRIPTION
9630-01.....	Green Glacier Insulated Water Bottle

PROMOTIONAL WATER BOTTLE

- > Made of aircraft windshield grade plastics with a completely BPA Free interior.
- > Use almost any material in the water bottle to promote your company or event.
- > Same cap and material features as the Green Glacier Insulated Water Bottle

PURPURIFIEROFWATER.COM

Reliance Products has chosen to partner with Cascades Paper Group in using 100% post-consumer fiber paper which has been certified credible by environmental agencies.

DOING SO, WE'RE PROUD TO HAVE -

- > SAVED 9 TREES
- > REDUCED SOLID WASTE BY 270 KG
- > USED 25,494 L LESS WATER
- > ELIMINATED SUSPENDED PARTICLES IN WATER BY 1.7K
- > ELIMINATED AIR EMISSIONS BY 592KG
- > SAVED 39 M3 OF NATURAL GAS

By using the maximum quantity of post-consumer fiber in our catalog, we are reducing our environmental footprint. Just as you do, when choosing our eco-friendly products.
