# PENCILS, LEAD AND ERASERS

LEADHOLDERS

TURQUOISE 10 Series has a plastic barrel, knurled metal rip, push-button action. All metal chuck holds lead securely.

SAN02022	With Clip	**6.69**

5611 Technigraph Lead Holder is all metal, perfectly balanced and takes a large range or lead diameters. Classic blue barrel with grey-anodized knurled finger grip. Color-coded push button for lead degree identification. Four-prong clutch holds lead firmly without slippage.

KOH5611		**8.95**
KOH5611C	With Clip	**9.15**

Mars Technico Lead Holder has a sliding pocket clip. The lead holder features a lead pointer built into the push button. The super lock clutch firmly grips the lead to eliminate unwanted movement. This is achieved by the strong spring action and grooved clutch jaws.

STD780C	**6.59**

Super-Adapto Lead Holder features a non-slip clutch that accepts the widest range of lead diameters. Metal barrel with knurled finger grip.

KOH5616	**14.60**

Caran d-Ache No. 22 Standard Fixpencil Leadholder has a black satin barrel with a black, matte surface, sandblasted grip. 5" long. Fine Swiss workmanship and all-metal construction has made this leadholder very popular among draftsmen, architects, and engineers worldwide.

CDA22	**16.50**

Caran d-Ache No. 77 Fixpencil Leadholder is the same as the No. 2 but is 6" long.

CDA77	**18.00**

Caran d-Ache No. 3 Sketch Leadholder has a black barrel, with a black matte surface grip. It has a large diameter leadholder for sketching. 5" long. For use with Caran D'Ache sketch lead.

CDA3	**19.50**

Sketch Leads for No. 3 Leadholder, extra thick for sketching, available in 3 degrees. 6 pieces of lead per tube.

Derwent Studio Color Pencils have black matte wood

PENCILS, LEAD AND ERASERS

cases, with colorcoded dipped end, carefully matched to the actual "strip" of lead. Because of their unique composition, Derwent Color Pencils hold their point longer than other makes and resist the tendency to crumble. Consequently full color strength is quickly achieved and details are more readily realized. The slightly slimmer 3.5mm color strip has been produced with the designer in mind, while the hexagonal wood casing makes for greater handling ease.
