Mondaine Official Swiss Railways Watch – the Swiss time icon

Mondaine Defined:

The simple design, the unmistakable easy-to-read face, distinctive hands and the famous red seconds hand have made Mondaine timepieces uniquely successful the world over.

Ingenuity and simplicity are the combined elements that distinguish and define a truly iconic design classic. The Mondaine Official Swiss Railways watches embody these elements and proudly exemplify excellent 20th century design.

In 1944, Hans Hilfiker, a Swiss Engineer and Designer and employee of the Federal Swiss Railways, created a clock, which has become known as the “Official Swiss Railways Clock”. It is amazing just how long this design has endured – a signature of design standards for 65 years. Now, this design holds a place in the eternal hall of fame along side other well-known design icons such as the Coca-Cola bottle, the Mercedes star, the Toblerone packaging, and the US dollar bill.

Easily recognizable as the clock seen on all Swiss railway platforms, responsible for the legendary punctuality of the Swiss rail network, there are some 3000 of these clocks on station concourses and platforms throughout Switzerland and even a selection in London’s Design Museum where Sir Terence Conran commissioned their installation as permanent, functional exhibits, yet today – 65 years after the clock’s creation.

In 1986, the Mondaine watch company, owned by the Bernheim family, was inspired by the blueprint of the iconic-patented design of the Railways Clock, and turned it into a watch collection – with official license from the Federal Swiss Railways. These Mondaine Official Swiss Railways watches are the famous clock in miniature, and carry the same Swiss reputation of excellent watchmaking, punctuality, precision and uncomplicated, concise design.

Since the first collection launched in 1986, new lines have been introduced each year to ensure that the Mondaine Official Swiss Railways Watch appeals to a wide consumer audience. The Mondaine Watch collection enjoys special growth and popularity in Europe, the United States of America, and the Far East. With a choice of movements from high automatics to a quartz chronograph with a Big Date and slim quartz movement, the collection offers something for everyone but keeps true to the classic design created over 65 years ago.

In fact, The Mondaine collection has become a highly respected design in its own right, offering strength of character in each rendition. Today, it is widely considered to be one of the “10 Classic Swiss Watch Designs.”

History Mondaine Group.

Since the foundation by Erwin Bernheim in 1951 Mondaine has gained recognition as a leading player in the watch industry. The independent, innovative and marketing driven company embraces the world of marketing, lifestyle, design and combines this knowledge with state-of-the-art manufacturing and just-in-time, award-winning logistics and distribution. A reliable, long-term partner for distributors and retailers.

History - Key Developments in Mondaine Watch Group's history

08/2009

Building of new Mondaine factory in Biberist/Switzerland

21st Century

2003 Opening of the new Mondaine building in Zurich

1954 - 2004: 50 years of the Mondaine brand

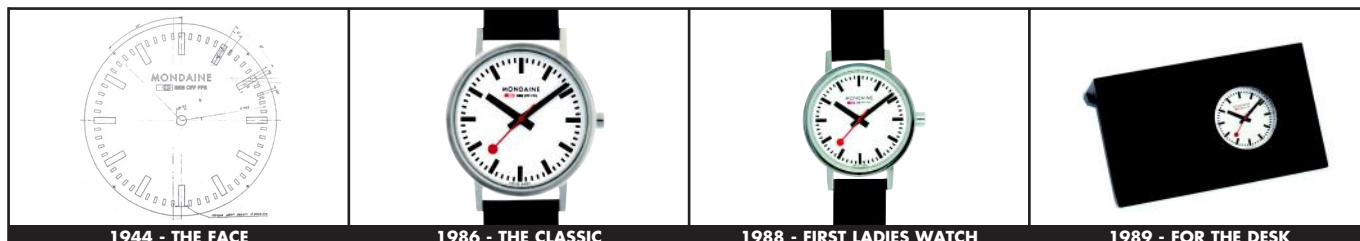

1951 - 2001: 50 years of the Mondaine Watch Ltd. Company

The Mondaine Brand.

Mondaine represents affordable luxury. The timepiece design is distinct, clean and immediately identifiable thanks to its signature red seconds hand, which also offers superior legibility. This is a superb selling point for retailers and a high-demand feature for consumers. The timepieces are crafted of high-quality materials and are Swiss made.

In 1986 Mondaine converted the clock's legendary face and bold hands into wrist watch form. This one-of-a-kind, easily readable watch has become one of the true design classics recognized the world over. The straightforward and unadorned shape of the case and crystal make this watch a true time icon.

Retro.

Form and function blend harmoniously in this Retro styled Mondaine watch. The immediately identifiable Mondaine dial with its signature red second hand is framed by an elegantly shaped case whose lugs smoothly fade into the integrated genuine leather strap. A curved sapphire crystal that magnifies the characteristic dial further enhances the chic retro style.

Water resistance (m/ft/atm) 100 / 300 / 10
Strap/Bracelet material Genuine Leather
Strap width (mm)/Reference 22.00 / FE19422.20Q
Battery reference 371
Illumination NightVisionTubes (25 years)
Illumination (quantity of LLT on dial) 12
Illumination (quantity of LLT on hands) 2

Model number A690.30338.11SBM
Family/Series Sport II Chronograph
Function Chrono
Movement (manufacturer, ref) RONDA 5040.B
Case size/diameter (mm) 42.00
Case material Stainless Steel brushed
Bezel Fix
Case back Screwed Caseback
Crystal/Glass material Sapphire coated
Water resistance (m/ft/atm) 100 / 300 / 10
Strap/Bracelet material Metal
Strap width (mm)/Reference 24.00 / FM14424.STEM
Battery reference 395
Illumination NightVisionTubes (25 years)
Illumination (quantity of LLT on hands) 2

Model number A990.SQCL.14SBB
Family/Series Wall Clock Square
Function Time
Movement (manufacturer, ref) UTS 800.374
Case size/diameter (mm) 250.00
Case material Metal
Case back Caseback with Screws
Crystal/Glass material Hardened Mineral
Water resistance (m/ft/atm) Dust resistant
Battery reference Alkaline AA

Model number A990.SQCL.16SBB
Family/Series Wall Clock Square
Function Time
Movement (manufacturer, ref) UTS 800.374
Case size/diameter (mm) 250.00
Case material Metal
Case back Caseback with Screws
Crystal/Glass material Hardened Mineral
Water resistance (m/ft/atm) Dust resistant
Battery reference Alkaline AA

Model number A994.CLOCK.16SBB
Family/Series Wall Clock Big
Function Time
Movement (manufacturer, ref) YOUNG TOWN
Case size/diameter (mm) 400.00
Case material Metal
Case back Caseback with Screws
Crystal/Glass material Hardened Mineral
Water resistance (m/ft/atm) Dust resistant
Battery reference Alkaline AA + Plug

Model number A660.30328.11SBN
Family/Series Giant
Function Time
Movement RONDA 513, AIG 2
Case size/diameter (mm) 42.00
Case material Stainless steel polished
Case back Pressed caseback
Case size/diameter (mm) Hardened Mineral
Water resistance 30 / 100 / 3
Strap width (mm)/Reference 22.00 / FE16822.10Q
Battery reference 371

Model number A660.30328.14SBB
Family / Series Giant
Function Time
Movement RONDA 513, AIG 2
Case size/diameter (mm) 42.00
Case material Stainless steel brushed
Case back Pressed caseback
Crystal/Glass material Hardened Mineral
Water resistance 30 / 100 / 3
Strap width (mm)/Reference 22.00 / FE16822.20Q.2
Battery reference 371

Model number A660.30328.16SBP
Family/Series Giant
Function Time
Movement RONDA 513, AIG 2
Case size/diameter (mm) 42.00
Case material Stainless steel brushed
Case back Pressed caseback
Case size/diameter (mm) Hardened Mineral
Water resistance 30 / 100 / 3
Strap width (mm)/Reference 22.00 / FE16822.30Q.2
Battery reference 371

Model number A660.30303.12SBB
Family/Series Evo Night Vision
Function Time
Movement RONDA 513 AIG 6
Case size/diameter (mm) 40.00
Case material Stainless steel polished
Case back Pressed caseback
Case size/diameter (mm) Hardened Mineral
Water resistance 30 / 100 / 3
Strap width (mm)/Reference 20.00 / FE16220.20Q
Battery reference 371

Model number A660.30303.15SBB
Family/Series Evo Night Vision
Function Time
Movement RONDA 513 AIG 6
Case size/diameter (mm) 40.00
Case material Stainless steel brushed
Case back Pressed caseback
Case size/diameter (mm) Hardened Mineral
Water resistance 30 / 100 / 3
Strap width (mm)/Reference 20.00 / FE16220.20Q.4
Battery reference 371

Model number A690.30338.11SBB
Family/Series Sport II Chronograph
Function Chrono
Movement (manufacturer, ref) RONDA 5040.B
Case size/diameter (mm) 42.00
Case material Stainless Steel brushed
Bezel Fix
Case back Screwed Caseback
Crystal/Glass material Sapphire coated
Water resistance (m/ft/atm) 100 / 300 / 10
Strap/Bracelet material Genuine Leather
Strap width (mm)/Reference 24.00 / FE19424.20Q
Battery reference 395
Illumination NightVisionTubes (25 years)
Illumination (quantity of LLT on hands) 2

Model number A690.30338.14SBB
Family/Series Sport II Chronograph
Function Chrono
Movement (manufacturer, ref) RONDA 5040.B
Case size/diameter (mm) 42.00
Case material Stainless Steel brushed
Bezel Fix
Case back Screwed Caseback
Crystal/Glass material Sapphire coated
Water resistance (m/ft/atm) 100 / 300 / 10
Strap/Bracelet material Genuine Leather
Strap width (mm)/Reference 24.00 / FE19424.20Q
Battery reference 395
Illumination NightVisionTubes (25 years)
Illumination (quantity of LLT on hands) 2

Model number A692.30338.11SBB
Family/Series Sport II Chronograph
Function Chrono Alarm
Movement (manufacturer, ref) RONDA 5130.B
Case size/diameter (mm) 42.00
Bezel Fix
Case back Screwed Caseback
Crystal/Glass material Sapphire coated
Water resistance (m/ft/atm) 100 / 300 / 10
Strap/Bracelet material Genuine Leather
Strap width (mm)/Reference 24.00 / FE19424.20Q
Battery reference 395
Illumination NightVisionTubes (25 years)
Illumination (quantity of LLT on hands) 2

Model number A692.30338.14SBB
Family/Series Sport II Chronograph
Function Chrono Alarm
Movement (manufacturer, ref) RONDA 5130.B
Case size/diameter (mm) 42.00
Bezel Fix
Case back Screwed Caseback
Crystal/Glass material Sapphire coated
Water resistance (m/ft/atm) 100 / 300 / 10
Strap/Bracelet material Genuine Leather
Strap width (mm)/Reference 24.00 / FE19424.20Q
Battery reference 395
Illumination NightVisionTubes (25 years)
Illumination (quantity of LLT on hands) 2

Model number A666.30339.11SBC
 Family/Series Lilli
 Function Time
 Movement (manufacturer, ref) RONDA 753
 Case size/diameter (mm) 20.00
 Case material Stainless Steel polished
 Case back Pressed Caseback
 Crystal/Glass material Hardened Mineral
 Water resistance (m/ft/atm) 30 / 100 / 3
 Strap/Bracelet material Genuine Leather
 Strap width (mm)/Reference 6.00 / FE22206.30Q
 Battery reference 379

Model number A666.30339.11SBM
 Family/Series Lilli
 Function Time
 Movement (manufacturer, ref) RONDA 753
 Case size/diameter (mm) 20.00
 Case material Stainless Steel polished
 Case back Pressed Caseback
 Crystal/Glass material Hardened Mineral
 Water resistance (m/ft/atm) 30 / 100 / 3
 Strap/Bracelet material Stainless Steel
 Strap width (mm)/Reference 6.00 / FM14507.ST
 Battery reference 379

Model number A667.TUBE.80SBB
 Family/Series Desk Clock
 Function DayDate
 Movement (manufacturer, ref) RONDA 517,3H DATE,
 DAY ABOVE 6H
 Case size/diameter (mm) 50.00
 Case material Metal
 Case back Pressed Caseback
 Crystal/Glass material Hardened Mineral
 Water resistance (m/ft/atm) Dust resistant
 Battery reference 371

Model number A667.TUBE.60SBB
 Family/Series Desk Clock
 Function DayDate
 Movement (manufacturer, ref) RONDA 517,3H DATE,
 DAY ABOVE 6H
 Case size/diameter (mm) 50.00
 Case material Metal
 Case back Pressed Caseback
 Crystal/Glass material Hardened Mineral
 Water resistance (m/ft/atm) Dust resistant
 Battery reference 371

Model number A992.TRUK.14SBB
 Family/Series Travel Alarm Night Vision
 Function Alarm
 Movement (manufacturer, ref) EVERSHINE A9141
 Case size/diameter (mm) 48.00
 Case material Metal brushed
 Case back Pressed Caseback
 Crystal/Glass material Hardened Mineral
 Water resistance (m/ft/atm) Dust resistant
 Battery reference 357
 Illumination NightVisionTubes (25 years)
 Illumination (quantity of LLT on dial) 12
 Illumination (quantity of LLT on hands) 2

Service and warranty.

Mondaine watch has been carefully checked and is in perfect working condition. It is warranted, by the company shown on the back of this certificate, for a period of two years from date of purchase.

Every wrist watch has been tested for water-resistancy which is covered under the warranty provided that it has not been subjected to any improper handling or accident and the glass, crown and push button/s have not been damaged.

In case of any malfunction during the warranty period the watch will be repaired free of charge on presentation of the guarantee certificate, fully completed and signed by an the **authorized Mondaine retailer**, showing the model number of the watch.

Any damage resulting from inappropriate use is specifically excluded from the warranty, as are the battery, strap or bracelet, and glass.

Where can I obtain an instruction manual?

You can download it under After-sales service on our webpage.

What is the lifetime of my watch battery?

A battery life varies usually from two to three years depending on the type of the watch, its dimensions and the amount of energy required by the different functions. For instance, a chronograph will have a higher energy consumption than a watch indicating the hours and minutes only.

Some Mondaine watches feature a power reserve indicator: Once the second hands starts moving in 4-second intervals, it is time to have the battery replaced by a Mondaine qualified watchmaker.

How frequently should my Mondaine be serviced?

Like any high-precision instrument, a watch needs to be serviced regularly in order for it to work perfectly. Obviously, we cannot indicate the intervals for such servicing, given that it depends entirely on the model, climate and the care taken by the watch's owner. As a general rule, it is between 3 and 4 years, depending on the use of the watch.

What does water resistant mean?

Mondaine watches are water resistant to 30 or 100 metres as is indicated on the case back. The water resistance rating of a watch does not take into account the ability of the watch to STAY water resistant as it ages. Therefore, the water resistance of a watch can not permanently be guaranteed. It may be affected by ageing of gaskets or by accidental shock to the crown or pusher. Do not under any circumstances open the watch yourself.

Make sure not to activate the time setting crown and/or pushers while the watch is under water and make sure that the crown has been pushed in or screwed down.

What is the accuracy of my Mondaine watch?

Mechanical movement:

The accuracy of the watch depends on the movement and on the individual habits of the wearer and can therefore vary. The average precision tolerances are 30 seconds per day.

Quartz movement:

External influences may affect the precision of quartz movements, which can lead to variations of between -0.5. and +0.7 seconds per day.

Can I wear my Mondaine watch if I am allergic to Nickel?

The materials used by Mondaine are subjected to severe tests in order to avoid allergies. For those who are hyper-sensitive to stainless steel we recommend you to buy a watch which is made from titanium, gold or plastic.

What is the lifetime of my leather strap?

Depending on use, lifetime is from 6-12 months.

FAQ.

What does SBB CFF FFS mean?

SBB is the short name for Swiss Federal Railways

Schweizerische **B**undes **B**ahnen (German)

Chemin de **F**er **F**édéraux Suisse (French)

Ferrovie **F**ederali **S**vizzere (Italian)

What does the Mondaine warranty cover?

Any malfunction during the warranty period of your watch will be repaired free of charge on presentation of the warranty certificate, which must be fully completed and signed by the authorized Mondaine retailer, showing the model number of the watch and date of purchase. Any damage resulting from inappropriate use is specifically excluded from the warranty, as are the battery, strap or bracelet and crystal.

Where can I obtain a Mondaine catalogue?

Every official Mondaine representative will be glad to provide you a catalogue.

Alternatively, you may request it by completing the form in the Contact Section and we will gladly send to you.
