

HPI RACING & HB Minimum Advertised Pricing Policy

HPI RACING & HB Minimum Advertised Price (MAP) Policy for the United States and Canada.

1. This policy applies to all Retailers advertising outside their local area which includes, but is not limited to, those advertising prices on the Internet via company web site (including shopping cart pricing) or on-line auction sales, in national magazines, or through direct-mail outside their local area (50 mile radius).
2. Retailers that advertise a flat percentage off the marked price or distribute coupons giving the holder a flat percentage off the marked price on HPI RACING or HB products will have violated this policy if the advertised price minus the market value of the advertised discount or coupon, is less than the Minimum Advertised Price.
3. HPI RACING & HB will only allow our product lines to be sold to Retailers who follow our MAP Policy.

This MAP Policy is in no way designed to restrict, coerce, or force a retailer to charge a specific price for any item from any of HPI RACING or HB product lines. Nothing in this policy limits or restricts retailers from determining the price at which they will re-sell HPI RACING or HB products.

HPI RACING & HB reserves the right to modify, suspend, or discontinue the MAP policy in whole or in part. Policy and Pricing is available on the HPI RACING website at <http://www.hpiracing.com> under the DEALER tab and the HB website at <http://www.hotbodiesonline.com> under the SUPPORT tab.

Please direct all questions or comments regarding this MAP policy to our policy administrator at mapadministrator@hpiracing.com. The policy administrator is responsible for determining whether a violation of our MAP policy has occurred, and taking action to protect the policy.
