HOW TO ALLERGY-PROOF YOUR BEDROOM

1. Encase your pillows with allergy relief pillow covers.
2. Encase your mattress with an allergy relief mattress cover.
3. Encase your box spring with a vinyl box spring cover.
4. Wash all bed linens weekly in hot water.
5. Encase your comforter with an allergy relief comforter cover.
6. Use a hypoallergenic blanket that can withstand frequent washings.
7. Monitor your humidity with a humidity gauge.
8. Remove airborne allergens and impurities from the air with a quality HEPA air purifier.
9. Vacuum frequently with a certified HEPA vacuum cleaner.
10. Molds grow in warm, damp climates. Use an air conditioner or dehumidifier to keep the relative humidity below 50%.
11. Replace your furnace filters frequently and cover your vents with air vent filters.
12. Replace wall-to-wall carpeting with smooth flooring like hardwoods or tile.

VACUUM CLEANERS

dyson

With powerful suction and HEPA filtration, Dyson upright and canister vacuum cleaners are approved for allergy sufferers by the British Allergy Foundation and certified "Asthma Friendly" by the Asthma and Allergy Foundation of America. Dyson vacuums are recognized around the world for their cleaning ability and bagless technology.

See AchooAllergy.com/dyson for more information

"I've been through a million vacuum cleaners, cheap and expensive. The Dyson Animal machine is a pleasure to use, it is lightweight, maneuverable, hard-working and does what it advertises. The outside remains dust-free, so I know the filters are working!" - Happy, Illinois

a | **New!** Dyson® DC41 Animal Vacuum Cleaner

Improving upon their already powerful suction, Dyson made the DC41 with an active base plate that creates the strongest suction at the cleaner head for all floor types. This development along with the new and improved radial root cyclone technology has quickly made this Dyson Ball Vacuum one of the most popular full size uprights for pet owners and for those with multiple floor surfaces throughout the home. 17.1 lbs. DY0047 Stock \$599.99

c | **New!** Dyson® DC40 Multi Floors Vacuum Cleaner

With a slimmer design and improved suction technology, the Dyson DC40 provides versatile cleaning ability and reliable suction for your home. Rubber seals and a washable HEPA filter seal and trap allergens like dander, pollen and mold spores, preventing them from being blown back into the air in your home. Perfect for pet owners and for those with multiple floor surfaces throughout the home. 14.5lbs. DY0056 Stock \$499.99

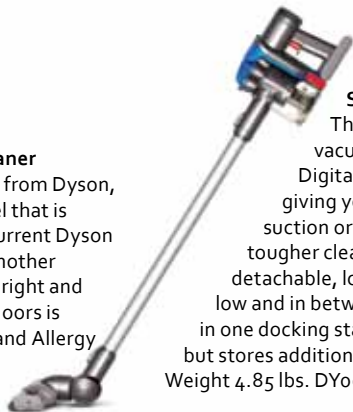

Watch the DC40 video
AchooAllergy.com/dysondc40

b | **Dyson® DC24 Multi Floors Vacuum Cleaner**

With all the power you have come to expect from Dyson, this lightest weight Dyson is a smaller model that is perfect for those with limited space or for current Dyson owners who need an additional Dyson for another part of their home. And as with all Dyson upright and canister vacuum cleaners, the DC24 Multi Floors is certified "Asthma Friendly" by the Asthma and Allergy Foundation of America. 11.65 lbs. DY0018 STOCK \$429.99

d | **New!** Dyson DC35 Digital Slim Vacuum Cleaner

The most powerful cordless vacuum on the market. The Dyson Digital Motor has dual power modes, giving you 15 minutes of constant high suction or 6 minutes on MAX suction for tougher cleaning jobs. The digital slim has a detachable, long reach wand for up high, down low and in between cleaning. A convenient all in one docking station not only recharges the unit but stores additional accessories. 2 year warranty. Weight 4.85 lbs. DY0048 Stock \$329.99

SEBO® is the global leader in commercial vacuum cleaner sales. Carpet cleaning professionals recommend SEBO® vacuum cleaners as the best way to maintain the quality and value of carpeting.

"I heard about SEBO from a friend, I'd never heard of them before. I got a Felix, it is powerful and great for my two bedroom apartment."
- Suprised in Saginaw, Saginaw MI

a | SEBO Airbelt D4 Canister Vacuum Cleaners

With SEBO's S-class filtration, it is perfect for allergy and asthma sufferers alike. Equipped with a high quality stainless steel telescopic tube and a tapered hose for more suction power. Features a 40 foot power cord, large 1.5 gallon filter bag, 3 on board tools, ET powerhead and SEBO Parquet tool. 3 color options. Weight 16 lbs. 5-Year motor warranty. SB0040 \$899.00

b | SEBO Automatic X4 Vacuum Cleaner

With its German engineering, intelligent design, and automatic height adjustment, this vacuum is one of the most technically advanced upright vacuum cleaners in the world. 4 color options. 40 Foot cord length. Weight 16.9 lbs. 5-Year motor warranty. SB0010 \$679.00

c | SEBO Felix Kombi Upright Vacuum Cleaners

While going up to 90 degrees vertical and 180 degrees horizontal and everywhere in between, the SEBO Felix allows you great cleaning flexibility. 35 foot cleaning radius. Equipped with a crevice nozzle, upholstery nozzle, and an 11" Kombi (combination) nozzle for carpets and bare floors. 3 color options. Weight 12 lbs. 5-Year motor warranty. SBV007 \$369.00

See AchooAllergy.com/sebo for replacement bags and filters.

Electrolux vacuum cleaners provide cleaning solutions for nearly any household. Each unit is backed by a nearly century of innovation and a company that has been a leader in the home cleaning industry.

Swiss designed and engineered, IQAir® air purifiers are some of the most advanced air cleaners in the world. The IQAir® HyperHEPA filter works so well that it is used in hospitals, medical offices, and laboratories. It traps the smallest airborne allergens and impurities down to 0.003 microns with a guaranteed minimum efficiency of 99.5%. That means that the HyperHEPA filter can remove up to 100 times more allergens than conventional air cleaners. It surpasses the normal filtration range of traditional HEPA filters which are rated to capture particles 0.3 microns and larger. The affordable and effective IQAir® HealthPro Plus air purifier is a favorite among allergy sufferers who want the most advanced air purifier in the world.

AIR PURIFIERS

Do you want an air purifier for your bedroom, but noise is a big concern? Maybe, you are a light sleeper. If so, a Blueair air purifier is the perfect choice for you and your family. Thanks to patented technology, these nearly silent air purifiers achieve peak performance without the noise of a powerful fan. With their unique blend of filter media, Blueair air purifiers perform better than most standard HEPA units. If you are living with allergies, asthma, or other health problems, using a Blueair air purifier will help you feel better and breathe easier.

HW0004 \$13.99

Replacement HRF-14 Filter

(Requires 2) HW0006 \$28.99

Watch the Honeywell air purifiers video
AchooAllergy.com/honeywell

"I bought the 17005 a week ago and I couldn't be happier! I've been using smaller "hepa type" purifiers as main units, but the Honeywell 17005 blows them away as a main unit. Plus I will save \$100 + plus yearly on filter cost, as the 17005 has a permanent true filter."

- Anonymous, Nashville/Knoxville, Tennessee

Pure Guardian AC5000 HEPA Air Purifier

With its tower design, this air purifier fits easily into any room in your home and delivers true HEPA particle filtration. Eliminates allergens, dust, and dander. The AC5000 is equipped with a UV-C light to target thin-walled microbes like bacteria and viruses. The UV light works to activate the combination of carbon HEPA filter and Titanium Dioxide to trap odor molecules caused by smoking, pets, and cooking. Recommended for up to 200 sq. ft. (28" H x 7" W x 10.25" D) 11 lbs. GG0007 \$149.99

See AchooAllergy.com/airpurifiers for more information

Whirlpool Whispure 250 Air Purifier

Do you want to put your air purifier close to a wall and out of sight? Now you can with the Whispure 250. It pulls air into the front of the unit and the clean air comes out the top. Recommended for areas up to 320 sq. ft.

(19" H x 14" W x 10" D) 15 lbs. WP0001 \$199.00

Replacement HEPA Filter WP0002 \$69.99

Replacement Pre-filter (4 pack) WP0003 \$25.99

Whirlpool Whispure 510 Air Purifier

Exceptional air filtration, quiet operation, and a great price make this air purifier one of our best values. Recommended for areas up to 500 sq. ft.

(25.5" H x 19" W x 13.5" D) 23 lbs. WP0005 \$299.00

Replacement HEPA Filter WP0007 \$89.99

Replacement Pre-filter (4 pack) WP0008 \$27.99

"I had been coughing up yellow goop for nights on end before I got the Whirlpool 510. It's pricey, but it's well worth it. The second night after I got it, I slept soundly & my cough evaporated. The settings are really nice too - you can have it be quiet during the night with one button. Buying this was a really great decision & my lungs are so grateful!" - Hacking All Night to Sound Asleep, MD

a | Alen T100 Tower Air Purifier

Do you want some style with your healthy clean air?

This popular and stylish model fits in well in an office cubicle or small office. (15" H x 10" W x 6" D) 10 lbs. AL0001 \$169.00

"I have a cat. I keep him out of the bedroom, but I wanted an air cleaner in the bedroom. The Alen Tower works well without taking up too much space." - Allergy Sufferer, Arapahoe

Many allergy sufferers wake up from a fitful sleep with watery eyes and runny noses. Imagine yourself waking up refreshed and rested from a good night's sleep... the first step to getting that dream is to control the environment in your bedroom. You can start with our unique line of allergy relief bedding, Allergy Armor®. After years of hard work, we developed our own line of effective and comfortable allergy bedding. Now available in six different fabrics to fulfill your specific needs: Ultra, Cotton, Advanced, Classic, Organic, and Bed Bug - See AchooAllergy.com/bedbug.

Average Pore Size

The microscopic gaps between fabric threads are known as pores. Pores allow the fabric to breathe, while blocking out particles like dust and pollen. Dust mite allergen averages around 10 microns, but pet dander may be as small as 3 microns. Each of our Allergy Armor® fabrics has a published, tested, and certified pore size that will help you control common household allergens.

Caring for your Allergy Armor®

Pillows and mattress covers are easy to install and remove. For mattress covers, installation with two

people is a breeze. You can wash pillow covers once a month in hot water. Wash mattress covers two to four times per year in hot water. Dry on medium heat. Do not use bleach or fabric softener. Do not iron.

Installing your Allergy Armor® Mattress Covers

Watch the installation video
[AchooAllergy.com/
mattress-covers](http://AchooAllergy.com/mattress-covers)

1. Remove all bedding.

2. Use two people to stand the mattress vertically.

3. Slide the cover down using equal force on both sides at the same time. It's like slipping on a sock.

4. DO NOT install a cover unevenly. It will rip the binding and pull the zipper apart.

HOW TO FORTIFY YOUR BED FOR COMPLETE PROTECTION

Please measure your mattress to ensure the correct depth before ordering.

- 1 Encase your comforter with an allergy relief duvet cover. You can cover with a decorative duvet cover of your choice.
- 2 Encase your pillows with allergy relief pillow covers.
- 3 Encase your mattress with an allergy relief mattress cover.
- 4 Encase your box spring with a vinyl box spring cover. While you sleep, you'll have a complete system of defense against allergens.

FREE ALLERGY ARMOR® PILLOW COVER

With our allergy bedding packages, we've made it easy for you to encase your box spring, mattress, and pillows for complete protection against dust mites and other allergens. Plus, you will get a **FREE standard size pillow cover with each package purchase!**

ALLERGY ARMOR®

Ultra

Dust Mites

Pollen

Mold

Pet Dander

With the smallest pore size in the industry, Allergy Armor® Ultra provides you with the ultimate defense against dust mites and pet dander. You can rest comfortably knowing that you and your mattress are protected. An antimicrobial finish guards against mold and bacteria. 100% polyester. Lifetime Warranty. Average Pore Size: 2.8 microns

"I liked Ultra so much I bought an extra set of pillow covers to take with me everywhere." - Amy from Orlando, FL

MIX OF FINE GOOSE DOWN & HYPOALLERGENIC SYRIACA CLUSTERS

What is Hypodown®?

The makers of Hypodown search for goose down that is the fluffiest and cleanest in the world. Then, they grow their own Syriaca plants, collect the finest pods, capture large Syriaca clusters, and transfer them to their patented Hypodown blender. It uses bursts of air to combine the Syriaca clusters and the goose down into a material so intimate it cannot be separated. An airy cloud-soft combination of two natural fibers to give you a tranquil, restful night's sleep.

**Please note that shipping time on Hypodown items will vary according to availability. These are a custom made item that is produced in limited quantities.*

See AchooAllergy.com/hypodown for more information

VAPOR STEAM CLEANERS

Reliable Tandem EV1 Steam Vacuum

Have a tough cleaning problem to tackle? The Tandem is a steam cleaner and a vacuum cleaner! It is two powerful cleaning tools in one machine. With continuous water fill capability and a HEPA filter, you can steam clean multiple surfaces. The steam loosens the dirt which is sucked up by the vacuum and collected in a special tank. The Reliable Tandem is the perfect weapon in your battle against dust and dust mites. Weight 26 lbs. REL0006 \$1,599.00

Vacuum & Steam!

Reliable GO E2o Steam Cleaner

This versatile, multi-purpose steam cleaning system provides powerful steam that cleans and sanitizes your home or office. The Reliable GO is great for cleaning bathrooms, living rooms, and bedrooms. In kitchens, it breaks up and helps remove grease without using harmful chemicals. Weight 13 lbs. REL0004 \$799.00

"No chemicals, easy cleanup, environmentally and allergy friendly. My father-in-law noticed how clean my floors were! I showed my steam cleaner to a friend, she bought one online while still at my house!" - TWK from Dawsonville, GA

Reliable EnviroMate E5 Steam Cleaner

This steam cleaner with continuous water refill gives you the ability to clean for long periods without waiting for the boiler tank to heat up your water. With vapor steam, you can deep

clean and sanitize your home using only water and heat. It is the perfect solution for cleaning, sanitizing, and deodorizing all the rooms in your house. Weight 16 lbs. REL0003 \$699.00

Reliable EnviroMate E3 Steam Cleaner

Are you looking for an efficient and affordable steam cleaner? The Reliable E3 is a flexible and efficient cleaning machine. It is the natural choice if you want to clean without using harsh

chemicals. The EnviroMate E3 has a single tank system that is easy to operate, well-priced, and effective at removing dust and pollen. Weight 15 lbs. REL0002 \$499.00

See AchooAllergy.com/steamcleaners for more information

The lightweight and uniquely designed Vapamore comes with a wide range of attachments that enable you to clean and sanitize nearly any surface in your home. Stove tops, smooth floors, kitchen appliances, sinks, tubs, showers, tile, grout, countertops, and toilets are no match for the cleaning power of 250 degree steam. Your cleaning possibilities are endless! Just fill it up, wait for the water to heat up, and start cleaning. Weight 11 lbs. VAP0001 \$299.99

Vapamore Primo Steam Cleaner

STEAM MOPS

Reliable T1 Steamboy Floor Mop

You won't believe the difference that steam cleaning makes. The Reliable Steamboy is a floor mop that cleans any smooth flooring in kitchens, bathrooms, and living areas. It eliminates dust, pollen, bacteria, germs, and other allergens. Each mop comes with two cloth pads and a water filter to protect against mineral buildup. Weight 8 lbs. RL0001 \$89.00
Replacement cloth RL0010 \$7.95
Replacement filter RL0011 \$9.95

Gruene Steam Cleaner and Mop

With this "green" steam cleaner, the name says it all. You get a cost effective cleaning system for your floors and countertops that uses no chemicals. The handheld steamer is perfect for removing wrinkles in clothes. With the flash heat design to make steam, you quickly can move from mop to handheld steam cleaner. You have less clutter in your utility room and more money in your pocket. Weight 8 lbs. GR0001 \$159.00

Ladybug steam cleaners safely sanitize and clean nearly every surface in your home without chemicals. This

makes them an ideal cleaning machine for allergy sufferers and for anyone who is sensitive to the chemicals found in common household cleaners. You can upgrade your Ladybug with TANCS (Thermal Accelerated Nano Crystal) technology. The TANCS option gives you the ability to disinfect your home without chemicals. It also increases the warranty and the lifespan of your Ladybug steam cleaner.

Ladybug 2200S Steam Cleaner

Worried about space and storing your steam cleaner? This steam cleaner has a compact design that makes it easy to carry up stairs and convenient to store. Weight 15 lbs.

DEHUMIDIFIERS

Dust mites and mold thrive in damp conditions. Dehumidifiers help keep your environment dry by regulating humidity and removing moisture. Keep your home comfortable and safe with one of our dehumidifiers. Traditional dehumidifiers work much like air conditioners—they cool the air, causing moisture to condense on coils within the machine. Humidity is removed from the air.

DRI-EAZ®

Dri-Eaz CMC 100 Dehumidifier

Compact, professional grade dehumidifier designed for confined spaces, high performance, and easy installation. Ideal for controlling moisture in humid basements, crawlspaces, commercial facilities, sensitive technology areas, and medical settings. (14" H x 10" W x 24" D) 55 lbs. 1-Year Warranty DE0006 \$1049.00

FREE SHIPPING!
on orders over \$150*

"It's amazing how much water this pumps out on moderately humid days. We went with Dri-Eaz after seeing that it was the brand that professionals consistently use, ask your local remediation folks or rental center what dehumidifiers they have."
- Nice N Dry, Duluth, MN

Dri-Eaz Evolution LGR Dehumidifier

Professional Restoration Equipment
Packs state-of-the-art low grain refrigerant (LGR) technology into a compact design. This powerful dehumidifier is built for today's trained restoration professional. For AHAM standards, the LGR removes 70 pints of water per day. Built-in ring for easy attachment of ducting. (33.5" H x 20.7" W x 20.7" D) 92 lbs. 1-Year Warranty. DE0002 \$1,795.99

DN0009 \$239.99

Danby 50 Pint Dehumidifier

Covers approximately 800 sq. ft.
(15 4/16" W x 11 2/16" D x 23 10/16" H) 35.8 lbs.
DN0008 \$219.99

"We are happy with the performance of our Danby. It brings the humidity down in our basement. Now we can store items there without worrying about them being damaged."
- Happy Customer, Davison, Michigan

Aprilaire®

Aprilaire 1710A Basement Dehumidifier

The portable Aprilaire 1710A dehumidifier is a high-capacity, 90 pint whole basement unit. It is the latest, most reliable solution to relieve excessive humidity in your basement, or larger areas throughout the home. This free standing dehumidifier provides 100% more capacity than any leading portable dehumidifier. Best of all, the unit does not require expensive installation work into your HVAC system as compared to other larger, industrial dehumidifiers!

- Removes 90 pints/11.25 gallons per day @ 60%RH, 80°F
- Provides three times the moisture removing capacity compared to standard portable dehumidifiers
- Frost protection – shuts off compressor when area temperature is too low
- Features Auto Restart in case of power outages
- Cabinet insulation – 1" foil faced EPS insulation
- Inlet Air Operating Conditions – 40° to 105°F
(22 3/16" H x 20 3/4" W x 24" D) 93 lbs. AE0001 \$1,199.00

Dehumidifier Condensate Pump with Tubing

Get tired of dumping out the water from a dehumidifier? It's heavy and messy. Using this condensate pump will enable your dehumidifier to run maintenance free. You no longer have to empty a heavy reservoir filled with water. Use with almost any dehumidifier. Comes with drainage hose. Weight 6 lbs. HT0001 \$79.95

HUMIDIFIERS

a

Humidity is an important environmental factor, especially for allergy and asthma sufferers. Excess humidity can cause mold and mildew growth, and damp air can contribute to respiratory illnesses. Overly humid conditions also encourage the growth of dust mites, another common cause of allergies. On the other hand, air that is too dry can cause nasal and sinus problems, or exacerbate dry skin conditions like eczema. The EPA recommends a relative humidity of 45% to 50%. You can achieve healthy humidity levels in your home through the use of a humidity gauge and a humidifier.

a | Air-O-Swiss 7135 Ultrasonic Humidifier

Uses high-frequency vibrations to emit a fine mist of water into the room. The mist immediately evaporates. Digitally choose cool mist during the summer or pre-heated warm mist for dry winter air. (15"H x 8.7" W x 13.8" D) AO0002 \$179.99

7133 Manual Humidifier (Not Pictured) AO0014 \$149.99

b

g | Air-O-Swiss 7531 Demineralization Cartridge

Trap minerals in the water in your Air-O-Swiss humidifier and prevent them from being released into the air. Refill or replace every 2-3 months. AO0004 \$14.99

h | Air-O-Swiss 7017 Hydro Stick

The ionic stick uses silver ions to help prevent microbial growth inside of your Air-O-Swiss humidifier tank. Change yearly.

AO0003 \$29.99

g

h

i

i | Air-O-Swiss 7417 EZCal Cleaner & Descaler

Simple & safe to use, EZCal is safe for your Air-O-Swiss product. Helps clean mineral build-up. 3 packets per box. Use 1 packet per cleaning. Safe for other humidifier brands. AO0006 \$6.99

b | Air-O-Swiss U650 Ultrasonic Humidifier

Our referring physicians tell us that managing your asthma is a two part process: treatment and prevention. The products on this page are chosen to help you manage your asthma more easily and effectively. You can help prevent asthma attacks by reducing the amount of triggers you experience from day to day. For asthma sufferers with allergies, that means removing allergens from your environment.

Why Asthma Makes It Hard To Breathe

Air enters the respiratory system from the nose and mouth and travels through the bronchial tubes.

In an asthmatic person, the muscles of the bronchial tubes tighten and thicken, and the air passages become inflamed and mucus-filled, making it difficult for air to move.

In a non-asthmatic person, the muscles around the bronchial tubes are relaxed and the tissue is thin, allowing for easy airflow.

Inflamed bronchial tube of an asthmatic

Normal bronchial tube

Monaghan Z STAT Holding Chamber

The Monaghan Z STAT is the physician recommended way to deliver asthma and other metered dose medication effectively and efficiently. The dynamic valve and baffle system increases the amount of medicine that makes it to your lungs and decreases oral deposition of medicine for reduced side effects. Rx required.

Z STAT Chamber AC0012 \$23.99

Z STAT with Small Mask AC0011 \$36.99

With Medium Mask AC0009 \$36.99

With Large Mask AC0010 \$36.99

a | Personal Best® Peak Flow Meter

Measures peak expiratory flow in order to monitor respiratory conditions such as asthma. Helps make decisions about medication and emergency care. Compact, affordable, and easy to use.

PB0001 \$19.99

b | PARI® Vios Nebulizer

The Vios delivers consistent particle size and fast treatments resulting in targeted delivery to the lungs. Lightweight and compact, the Vios is the new standard in the delivery of aerosolized medication. Rx required.

Vios Pediatric Nebulizer

PR0018 \$99.99

Vios Adult Nebulizer Standard

PR0007 \$89.99

c | PARI® TREK S Nebulizer System

Take your aerosol treatments anywhere. Compressor is powerful and light weight. It comes with the PARI® LC Plus Nebulizer for efficient treatment times.

Three power source options are available for use on the go. Rx required. PR0002 \$69.99

Portable Power Pack

PR0011 \$109.99

Car Adapter PR0010 \$9.99

d | **Ana-Tote® & Ana-Tote® Twin** Convenient clip on the Ana-Tote® attaches it to your clothing. The key ring makes it even easier to carry with you anywhere.

Constructed from rugged, water-resistant, UV protected vinyl. Available in single or twin.

Ana-Tote® AT0001 \$12.95

Ana-Tote® Twin AT0002 \$18.95

See AchooAllergy.com/asthma for more information

MASKS

Doing chores around your home can stir up allergens into your breathing area and cause strong allergic reactions. An allergy mask can provide a simple, effective solution, enabling you to mow the lawn, blow leaves, or clean without experiencing an allergy attack. Protecting yourself from the cold with a mask will help prevent asthma attacks and keep nasal passages healthy. All 3M masks and respirators have the CDC recommended N95 filtration rating to help prevent the spread of influenza.

3M® HEPA Respirator

The 6291 and 6391 3M masks provide true HEPA protection against dust, mold, pollen, and other airborne particles. Adjustable straps provide a comfortable fit. Mask is reusable.

3M 6291 Medium 3M0001 \$21.99

3M 6391 Large 3M0001-L \$21.99

Replacement Filters 3M0004 \$10.00

3M® 8233 & 8293 HEPA Masks

Durable masks that feature maximum HEPA filter efficiency in a maintenance free design. A cool ventilation valve reduces moisture and heat build-up. Reusable. No latex components. The

3M 8293 will filter all particles including

oil-based particles, while the 3M 8233 only will filter non-oil based particles.

3M 8233 Mask 3M0003 \$8.99

3M 8293 Mask 3M0139 \$11.99

3M® Dust & Pollen Mask

Protect yourself from allergens with this comfortable, disposable 3M 8210 mask. These masks are an effective and inexpensive solution to prevent allergy and asthma attacks. Recommended for one time use. 3M0002 \$1.99

New! 3M 6001 Organic Vapor Filters

Replacement filters for use with the 3M 6000 and 7500 series respirators and face masks. Filters out organic vapors such as Xylene, Benzene, paint fumes, and pesticides. Mask not included.

3M 0172 \$12.99

a | Respro® Techno Mask

Features both an activated carbon and a HEPA filter that work together to remove most pollutants from the air you breathe. Valves help to ease breathing resistance. Velcro fastening for a perfect fit, neoprene construction for durability. Perfect for walking, jogging, bicycling, or motorcycling. Medium RS0008, Large RS0009 \$59.95

b | Respro® Bandit Scarf

Designed to protect you from dust and wind, as well as urban pollution. An activated charcoal filter is seamlessly placed around the breathing area. Machine washable. RS0012 \$31.99

c | Respro® Allergy Mask (Formerly Aero Mask)

The Aero is designed for allergy sufferers and individuals sensitive to chemicals and other air particles. Made from hypoallergenic materials. Washable and reusable. Small RS0001, Medium RS0002,

Large RS0003 \$39.99

Chemical & Particle Filter for extra protection Medium RS0006, Large RS0007 \$23.95

d | Respro® Sportsta Mask

Combines HEPA-Type filtration performance associated with pollutants such as pollen and other irritant dusts with a lightweight Neotex aerated mask. Offers maximum ventilation without sacrificing filtration to maximize sports performance. Medium RS0014, Large RS0015 \$58.99

Watch the Respro Allergy Mask
(formerly Aero Mask): video

a

a | Vogmask - Organic Batik
Protect your breath in style with the world's first good looking filtering face mask. These comfortable, reusable masks combine protection and style like never before. 100% Organic cotton with spandex straps and aluminum nosepiece - 2 ply. VG0005 \$19.99

b

b | Vogmask - Blue Flowers
Excellent for particle allergens, the Vogmasks can remove pollen, dander, dust and other particles from the air you breathe. Each mask is extremely lightweight and folds up easily to store in any pocket or purse. VG0002 \$19.99

c

c | Honeycomb Mask with Carbon Filter
Made with a disposable activated carbon filter that is sealed inside a comfortable lightweight frame. The carbon fabric works with inner layers of filtration material to trap these indoor and outdoor pollutants: fragrances, particles, cigarette soot, smog, dust, diesel fumes, formaldehyde. It also filters from 50% to 95% of household chemicals depending on the substance. IC0001 \$19.99

d

e

d | Organic Cotton Mask

Multipurpose, 100% certified Organic Cotton Mask is a comfortable mask made with three layers of soft, natural color fabric to reduce exposure to dust, pollen, mold, pet dander, and lint. No dyes or bleach have been used in the fabric. IC0006 \$25.99

e | Cold Weather Mask

Protect yourself and your lungs from cold, winter temperatures with this comfy mask. Made with a soft silk lining and durable polar fleece for extremely cold temperatures. IC0003 \$25.99

Silk Comfort Mask

Features luxurious, double-layered silk. Soft and lightweight, it is a perfect mask to wear while cycling, walking, jogging, sewing, gardening, dusting, or petting your favorite animal. It brings instant relief from non-toxic particles such as dust, pollen, mold, dander, lint and soot. IC0002 \$22.95

AllergyZone N95 Filter Mask

95% efficient in filtering out particles as small as 0.3 microns including dust mites, pollen, mold spores, animal dander, aerosol sprays, and bacteria. Features a unique exhalation valve that releases air to reduce moisture and heat build-up. Pack of 3. BX0010 \$9.95

"I recently purchased a honeycomb mask with carbon filter for my 11 year daughter. Surprisingly the "one size" turned out to fit her fairly well. She now can enjoy the outdoors without coughing and as long as she is using it consistently outside or in the car does not need any medicine for asthma at all. I highly recommend the product."
- Mom from DC

See AchooAllergy.com/masks for more information

PET ALLERGY PRODUCTS

Allerpet® for Cats & Dogs

Unique formula for your cat or dog. It cleanses your pet's hair of dander, saliva, and secretions which cause allergies. Wet a washcloth with the solution and run the cloth all over your pet.

Austin Air® PET Machine Air Purifier

The Pet Machine traps the allergens produced by pets, and it traps particles brought into the home by pets like dander, dust, dirt, and pollen. The special carbon blend filter reduces those unpleasant pet odors that linger in the air. Effective for areas up to 750 square feet. (23" H x 14.5" W x 14.5" D) 40 lbs. AU19 - color \$594.99

Replacement filter AU20 - color \$269.99

"I have 5 cats, and I clean the box daily, but the room still smelled. After using the PET Machine for a couple of hours there was a noticeable difference. Now, when I walk into the room, it no longer smells. If it can get out the cat urine smell, it can take any odor away! It is a bit bulky, but worth the space!!!" - Amanda, San Antonio, TX

Eureka Power Paw Universal Vacuum Attachment

Fits most leading brands of vacuum cleaners and allows you to deep clean carpet and upholstery. It utilizes two rows of teeth seated in two small strips of rubber. The teeth help extract pet hair while the rubber strips hold it. The brush removes deeply embedded dirt and pet hair better and faster than other attachment tools. ER0003 \$14.99

Dyson Groom Vacuum Attachment

A pet brush attachment for your Dyson. Features retractable slicker bristles that remove loose pet hair while you brush. When you've collected loose hair, simple release the spring loaded trigger and the slicker bristles retract allowing the suction of the vacuum to remove the pet hair and dander. Ideal for dogs with medium to long length hair. DY0041 \$69.99

Customer Service

Our goal is to provide you with the best products, the best prices, the best information, and the best customer service. We research and test every product to ensure that it meets our stringent standards.

We work extraordinarily hard to ensure that you get your order quickly. If you have any questions or concerns, call 1-800-339-7123 to speak with a customer service representative, or email cs@achooallergy.com.

Shipping Policy

All orders placed for in-stock items are either shipped out of our warehouse or drop-shipped directly from the manufacturer within 24 hours. If your order is placed by 3pm Eastern Standard Time, we will ship your order out the same day. In addition, we currently offer free ground shipping for orders over \$150 in the contiguous U.S.

If you are a U.S. resident, we will ship your order using USPS or UPS® Ground home delivery service. Delivery times will vary greatly depending upon your order's destination. However, most orders take between 2 and 7 business days to arrive to your door. Please note that UPS® does not deliver to P.O. boxes. Expedited shipping is available.

Several states and territories, including Puerto Rico, Hawaii, Alaska, U.S. Virgin Islands, Guam, and U.S. Military Addresses require air shipping. Shipping charges will be based upon the total weight of the order.

Please keep in mind that our shipping rates include a handling fee and are not just raw shipping costs. The handling fee covers the cost of packing materials (boxes, tape, packing paper, etc.) and labor used to pick, pack, and ship your order.

FREE
SHIPPING!
on orders over \$150*

Return Policy

AchooAllergy.com is proud to offer high quality allergy relief products at reasonable prices. On these products, we offer a 60-day, no-hassle Return Policy. We believe our products improve the lives of allergy and asthma sufferers. See AchooAllergy.com/help for complete details of our return policy.

Privacy Policy

Information about our customers is the most important part of our business. We are not in the business of selling it to others. We will never rent, sell, or share your personal information.
