EFFECTIVE OCTOBER 1, 2012

These F.O.B. prices (in United States dollars) are effective October 1, 2012, and apply to the sale of any WEBER brand products by Weber to an authorized retailer ("Dealers") and supersede any previous F.O.B. prices. All F.O.B. prices are subject to change by Weber for any reason with thirty (30) days written notice. Weber reserves the right to refuse to sell any products or extend credit for any reason. Weber requires that Dealers resell Weber products to consumers at Dealer's retail location(s) within the United States. As a condition of sale, Weber (i) prohibits any sales by a Dealer of Weber products on Internet auction sites, such as eBay®; (ii) prohibits trans-shipping of products between Dealers or to locations outside of the 48 contiguous United States; and (iii) prohibits Dealer gas conversion of stock, floor or inventory units. Any breach of these conditions of sale, as well as the Weber Terms & Conditions will result in the termination of buying privileges and other remedies, for which Weber reserves all rights. See Weber's published policies relating to sale of Weber products on auction sites, trans-shipping and gas conversion for additional details.

Terms: The Terms and Conditions on Dealer's Credit Application apply to all of Dealer's purchases for Weber.

F.O.B. point: Any Weber warehouse (or at Dealer's request, Dealer's warehouse).

Note: Dealer is responsible for any transportation risks including the filing, if necessary, of any claims for loss or damage. **Minimum order value is \$500.00.**
Minimum order quantity is one master carton.

Although Weber may suggest resale or minimum advertised prices or products, Dealers are free to determine the prices at which they will advertise and sell Weber products.

Note: Weber® gas grills have been tested and certified for use within the United States only. They do not meet the safety standards of other countries. Weber® gas grills may not be exported to individuals living outside the United States. Gas mixtures, gas pressures, regulators, fittings and gas cylinders are different from country to country. Gas grills certified to U.S. standards are not safe and may not be legal to operate outside of these countries. Use or shipment outside of the U.S. will void the limited-warranty covering this grill. If you become aware that a consumer is buying a Weber® gas grill at your retail location with the intention of shipping it out of the United States, you should refuse the sale. Please direct any inquiries from consumers intending to use or ship a Weber® gas grill outside of the U.S., to Weber Customer Service 1-800-446-1071.
