**LODGE<sup>®</sup> CAST IRON**

**SOUTH PITTSBURG, TENNESSEE SINCE 1896**

## SEASONED TO PERFECTION

Lodge Cast Iron has been making quality cookware in Tennessee since 1896, when our founder Joseph Lodge settled in South Pittsburg. Over one hundred and ten years later, Lodge remains family owned and we make the finest cast iron cookware in the world.

In 2002, Lodge reset the industry standard, by making foundry seasoned cookware. The cookware is showered with Kosher certified vegetable oil and baked at a high temperature to give it a coveted black patina. Now it comes to your home seasoned and ready to use.

Seasoned cast iron is a healthy alternative to non-stick cookware.

## CARING FOR LODGE ENAMEL ON CAST IRON

- Use on any kitchen cooking surface—**even induction**. Bake or Broil in any oven. Use to marinate. Use to refrigerate. Use for everything in between.
- There's no exposed cast iron, even the matte black surfaces are porcelain. **No seasoning required.**
- The porcelain coating is very chip-resistant, **but not chip-proof**. Metal utensils will scratch the surface.
- We recommend washing in warm soapy water. Putting your cookware in the dishwasher is like driving your car through the car wash—**you can do it, but we don't recommend it.**
