For use with children from birth and up.

## INSTRUCTION MANUAL

# **SURE AND SECURE™ CUSTOM FIT GATE**

Thank you for buying the Sure and Secure Custom Fit Gate from Summer Infant. This gate expands up to 12 feet without any additional purchases required. The Sure and Secure Custom Fit Gate can fit multiple configurations with ease of use. This hardware-mount gate helps you create and maintain a secure environment for your child. It has a convenient walk-thru door that opens easily in either direction with a one hand operation. The hardware easily mounts in place for quick installation. It has a child-resistant latch for added security.

# ⚠️ **WARNING:**

- To prevent serious injury or death, securely install gate or enclosure and use according to manufacturer's instructions.
- Never use with a child able to climb over or dislodge the gate or enclosure.
- Never leave child unattended.
- Use only with the lock securely engaged.
- To prevent falls, never use at the top of stairs.
- Do not use if any components are missing or damaged.
- This product will not necessarily prevent all accidents. Proper adult supervision is required at all times.
- This product contains small parts. Adult assembly is required. Exercise care when unpacking and assembling the product.

## **FEATURE & COMPONENTS:**

**3 Panel Gate** (For openings 67" – 89" (170 cm - 226 cm) use 2 panels.  
For openings greater than 89" - 144" (226 cm - 357 cm), use 3 panels.)

**Wall Templates**  
(2 on 1 sheet)

**Feet (2)**

**Wood Screws (8)**

**Wall Anchors (8)**

# SET UP:

**Step 1:** Place the bottom of wall template (for the hinges) even with the floor and hold it straight and vertical while you mark the 4 screw hole positions for the hinges, as shown in Figure A. Screws are provided for mounting the hinges and latches directly to wood. If mounting into wallboard, use the wall anchors and screws provided.

NOTE: If wall anchors are needed:

- a) Pre-drill a hole in the wall (7/32" or 5.5mm drill bit)
- b) Insert the wall anchors (included) into the hole with a hammer, tap gently on the end until the wall anchor is flush with the wall.

**Step 2:** Mount one lower wall hinge using 2 wood screws in the bottom position, marked in step 1. Be sure that the hinge post faces up as shown in Figure B.

**Step 3:** Repeat the mounting procedure with the upper wall hinge at the top position, marked in step 1. Be sure that the hinge faces up as shown in Figure C.

**Step 4:** Locate wall that the other end of the gate will mount to and repeat steps 1-3. For openings 67" (170 cm) – 89" (226 cm), refer to "TO ASSEMBLE USING ONLY TWO PANELS" section.

# SET UP (continued):

**Step 5:** Unfold gate panels and attach 2 feet as shown in Figure D and E.

**Step 6:** Attach one end of gate to upper and lower wall hinges as shown. You should hear a snap when mounting the lower hinge (Figure F and G).

**Step 7:** Open the hook and loop fabric door with “lock” logo on it to access the expansion handles (Figure H).

**Step 8:** Push button on handle and rotate expansion handle counterclockwise until loose and panel is able to expand freely (Figure I).

**Step 9:** Repeat on other panel if necessary until gate reaches wall mount hinges.

## SET UP (continued):

**Step 10:** Repeat the mounting procedure in step 6 to connect end panel to wall.

**Step 11:** Turn expansion handle(s) clockwise until button engages hole in handle (Figure J).

**Step 12:** Once both panels are securely mounted to each wall, turn the 4 hinge knobs clockwise to secure gate (Figure K).

**Step 13:** To open door, slide trigger back and lift door panel up to swing door open in either direction (Figure L).

**Step 14:** To close door, lift door panel up and align over trigger tab and push door panel down to click and lock into place (Figure M).

# TO ASSEMBLE GATE USING ONLY TWO PANELS:

(For openings 67" – 89" (170 cm - 226 cm))

**Step 1:** Unscrew upper knob on hinge between end panel and door panel (Figure N).

**Step 2:** Remove hinge cover from lower hinge (Figure O).

**Step 3:** Squeeze tabs and separate lower hinges (Figure P).

**Step 4:** Remove entire end panel and retain for future use.

**Step 5:** Refer to steps 4-14 in "SET UP" section.

# TO CREATE A FREE STANDING PLAY YARD USING TWO GATES:

**Step 1:** Remove upper gate hinge on one end panel by pressing spring loaded button and pulling out (Figure Q).

**Step 2:** Replace with upper connection hinge (Figure R).

**Step 3:** Remove the two screws from the lower gate hinge on same panel and replace with lower connection hinge (Figure S and T).

**Step 4:** Repeat steps 1-3 on one of the end panels of the second assembled gate.

**Step 5:** Attach ends of each gate by lining up the upper and lower hinges on each gate. The lower hinge should snap into place (Figure U).

**Step 6:** Turn the hinge knobs clockwise on each gate to tighten.

---

# MAINTENANCE:

---

1. Regularly check hinge knobs to make sure the gate is securely in place.
2. Do not use the gate if any components are damaged or missing.
3. Wipe surface with a damp cloth or sponge using mild detergent and warm water.
