It's what babies and toddlers do best. And to make sure you can enjoy every moment, we design products that make life with your little one safer, easier and more comfortable.

For years, Regalo has been known as an industry leader in bed rails, safety gates, portable toddler beds, booster seats and chairs. We're also known for providing high-quality, durable products at an exceptional value.

Because we're parents too, we understand that every product has to have safety and convenience built right in. That's why we're proud that we've always maintained one of the best safety records in the industry. Rest assured, all of our products are made with non-toxic paint and all products that are eligible for meeting ASTM Standards and receiving JPMA Certification have done exactly that. It's also nice to know that parents, grandparents and toddlers have put their seal of approval on our products too.

Take a look at all of our products and you're sure to find what's just right for you and your lifestyle when you're home, and on the go.

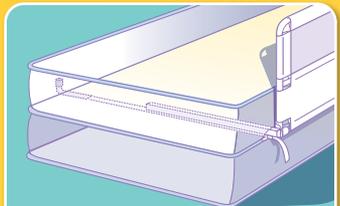

## HideAway

- HideAway technology allows the bed rail to lay flat and be tucked out of sight with our exclusive Glide Trac® system.
- HideAway feature doesn't get in the way of making the bed or changing the sheets.
