BUGABOO

Redefining mobility

Bugaboo is a mobility company celebrated for iconic design, innovative modularity, intuitive functionality and its distinct style. In 1994, we created the world's first modular stroller, redefining mobility for families on the move. Inspired by the wonder in the world and your desire to get out and explore it all with your child, Bugaboo helps you go.

We believe it's not about where you are, but where you can go. Life truly is a great adventure...

Bugaboo - changing the world of mobility since 1994.

BUGABOO BEE

BUGABOO BEE

The complete
urban stroller

The complete Bugaboo Bee is the extra smart choice for urban adventures with your newborn – or toddler. When space matters, so does size.

Compact, lightweight and maneuverable, it keeps you on the move. Hopping on and off buses, in and out of elevators, up curbs and through subway entrances. Whizzing from shops to soirées, parks to playgrounds, cafés to cabs. For getting around in the city... and out of town.

What's more, the quick and easy stroller goes the extra mile: its unique seat reverses, reclines and extends in just a few clicks to grow with your child.

Live life on the fly.

Quick and easy maneuverability
A smooth ride for urban life on the fly

Suitable from birth
Comfortable lie-flat seat for newborns. Use baby cocoon* for extra comfort, protection and support.

Light and easy compact fold
Three-dimensional folding into a compact bundle that fits anywhere and is light to carry.

Height-adjustable backrest
Grows with your child in 4 steps. The sun canopy and 5-points harness simultaneously adapt in height.

** baby cocoon available as accessory*

Extendable seat
Pull out the seat bottom to support those small legs, or when baby sleeps, and bring back as child grows.

Height-adjustable handlebar
Easy one-hand steering and a comfort ride regardless of your height.

Reclinable seat
Child can sit up straight when awake, recline when relaxed, or lie flat when fast asleep.

Reversible seat
For your child's every mood – facing you, facing the world.

Car seat compatible*
From car to stroller. Just click it in!

4-Wheel independent suspension
Smooth turning and a steady, stable and comfortable ride.

- More
- Five point harness with height-adjustable shoulder straps
 - 6" Swivel wheels and 6" rear wheels with durable foam filled rubber tires
 - All fabrics machine washable
 - Weight +/- 18.5 lbs / 8,5 kg
 - Folded lwh 35" x 18" x 12" / 85 x 45 x 32 cm
 - Unfolded width 35" x 21" x 12" / 85 x 53 x 32 cm
 - Underseat basket 4.2 gallons / 16 liters

* For car seat compatibility visit bugaboo.com/adapters

A close-up, low-angle shot of a Bugaboo Cameleon stroller. The image focuses on the central pivot joint where the frame meets the wheels. The frame is a light beige color, while the joints and the visible portion of the wheel are black. The background is a solid, vibrant orange. The text 'BUGABOO CAMELEON' is printed in white, bold, sans-serif capital letters in the upper right area.

BUGABOO CAMELEON

BUGABOO CAMELEON

The all-in-one-
and-only stroller

Versatile, modular and multi-terrain, the Bugaboo Cameleon takes you where you want to go. A unique frog-like suspension and 360 degree turning radius ensure every ride is a smooth one. The Bugaboo Cameleon, our innovative 3-in-1 design, premium materials and endless accessory combinations is made to go your way from infant to toddler, city to country, winter to summer, on the beach or in the snow.

Quick and easy maneuverability
Smooth turning and a steady, stable and comfortable ride.

Explore the city
Small swivel wheels forward for a smooth city ride.

From infant to toddler
Ready to go from day one; the bassinet easily converts into a seat and vice versa.

Car seat compatible*
From car to stroller. Just click it in!

** For car seat compatibility visit bugaboo.com/adapters*

Hit the trail
Big wheels forward take on rough-terrain,
simply reverse the handlebar.

Two-wheel position
Enjoy your ride through sand and snow.

Reversible seat
For your child's every mood – facing you, facing the world.

Reclinable seat
Child can sit up straight when awake, recline when
relaxed, or lie flat when fast asleep.

Compact fold
Easy and compact two piece fold.

Independent seat & bassinet
Use the self-standing seat and bassinet independently on the ground.

Reversible and height-adjustable handlebar
Easy one-hand steering on all terrains and a comfortable ride regardless of your height.

Adjustable suspension
Optimal swivel wheel suspension based on infant or toddler weight.

BUGABOO DONKEY

BUGABOO DONKEY

The convertible stroller
for kid(s) & goods

The Bugaboo Donkey is the convertible stroller for kid(s) and goods that grows and flows with your family. Whether you have one child, two children or twins, one stroller fits all!

In just three simple clicks, the Bugaboo Donkey converts from a full-sized mono to a full-sized duo stroller. And back again.

With its flexible luggage options, there's plenty of room for your goods too. Going around town has never been this easy.

MONO - DUO - MONO

Thanks to an innovative adjustable mechanism, in just three simple clicks the Bugaboo Donkey transforms with ease from a mono to duo stroller. And back again.

Whether you need it for your first child, second child or both - or even your twins - the Bugaboo Donkey will convert in a snap to meet your needs.

Imagine leaving your home - in duo configuration - with your two children. You drop one off at daycare then continue - in mono configuration - with your other child.

It's that easy.

Bugaboo Donkey
What it does

MONO

One child

Whether you're off to the shops or the park, the Bugaboo Donkey is an ideal solution. Its innovative side luggage basket and large underseat basket means there's enough storage space for your shopping or a day out and about – with easy access to both – your child can stay sound asleep in the bassinet or reclinable seat. Large swivel wheels and the one-piece handlebar guarantee maneuverability in places you'd never imagine you could go.

DUO

Two children of different ages

Going out with your first child, second child – or both – can often present a dilemma. That's where the Bugaboo Donkey comes in and makes it all so easy. The convertible stroller can adapt to your requirements at any given moment of the day. In just three simple clicks it can convert from a mono stroller to a duo stroller. In fact, there are 17 different configurations – thanks to its interchangeable seats and bassinets, and flexible luggage options – which don't compromise on comfort or functionality.

Bugaboo Donkey
What it does

TWIN

Twins

Going out with twins has never been easier – or as comfortable! In the twin configuration the Bugaboo Donkey ensures the smoothest of rides for both babies. And when they're a little older, you can place them in the seats so they're facing each other, facing you or facing the world. And in just three simple clicks – it can convert from a twin stroller into a mono stroller. The stroller's ergonomic design also makes it easy to push. While its width – just 6 inches (14cm) wider than mono-configuration – means you can go in and out of entrances with ease.

BUGABOO ACCESSORIES

BUGABOO ACCESSORIES

Stay original with
the original Bugaboo
accessories

Like our strollers, we use only the highest quality materials – and their exceptional performance also makes them a perfect match. That's why our footmuffs, baby cocoons and seat liners are made from breathable bamboo charcoal fiber to help regulate the temperature of your child. Our parasols and breezy sun canopies offer a UPF 50 + sun protection. While organizers, snack trays, cup holders and adapters make life easier for parents on the go.

So why not add a dash of color and customize your stroller with must have accessories. Stroll in confidence while staying original and unique to your personal style with endless accessories options.

Bugaboo
Accessories

Tailored fabric set

Make it yours, choose the color that suits you and put your own touch to it.

- Easy to change: refresh your set for a different season, a newborn or just for a change!

Bugaboo Donkey:

Bugaboo Cameleon:

Bugaboo Bee sun canopy

Choose your favorite color option to go with your Bugaboo Bee.

- Make it yours, choose the color that suits you and put your own touch to it.
- Easy to change: refresh your set for a different season, a newborn or just for a change!

Footmuff

Keeps your child cozy and warm on cold days.

- Designed for comfort with soft, breathable bamboo charcoal lining that regulates the temperature and wicks away the moisture.
- Provides easy climate control with fold-down top cover.
- Protects your child with the pull cord on the top cover.
- Adds a dash of color to create a new combination.

Seat liner

Softly padded seat liner helps keep your child cool on warm days & comfortable all year long.

- Breathable bamboo charcoal fabric that regulates the temperature and wicks away moisture.
- Additional padding for your child's comfort and protection from accidental spills & crumbs.
- Choice of colors to complement your stroller.

Baby cocoon-light

Provides comfort and protection for newborns.

- Designed for comfort with soft, breathable bamboo charcoal fabric that regulates the temperature and wicks away the moisture.
- Soft, bassinet-like position with removable head support.
- Keeps your baby cool, comfortable and protected from birth.
- Provides easy climate control with fold-down top cover.
- Attaches to the seat of your Bugaboo Bee fits the harness for a secure ride.
- Also to be used in the Bugaboo Cameleon and Bugaboo Donkey bassinet.

Breezy sun canopy

- Provides shade while allowing cool breezes through your Bugaboo.
- Protects your child, silver fabric reflects the sun, and provides a UPF of 50+.
 - Extendable sun canopy unzips to give extra coverage.
 - Integrated sunshade pops out for extra shade.
 - Rear and side ventilation to increase air flow through the stroller and around your child.
 - Dedicated version for Bugaboo Bee and Bugaboo Donkey.

Bugaboo Cameleon breezy sun canopy and sunshade

- Keeps heat, sun and bugs out of eyes and off of skin. Provides shade while allowing cool breezes through your Bugaboo.
- Use the Bugaboo Cameleon breezy sun canopy and sunshade for head to toe coverage.
 - Mesh fabric offers extra ventilation.
 - Rear and side ventilation to increase air flow through the stroller and around your child.

Cup holder

- Easy access to drinks for parents and children.
- Holds your child's or your own drink within reach.
 - Keeps drinks upright to avoid spills.

Organizer

- Keeps parents and child's essentials organized and within reach.
- Gives easy access to your personal items.
 - Provides extra storage for snacks, toys, bottles and valuables.
 - Canvas fabric is water repellent.

Transport bag

- Pack up and roll your Bugaboo stroller.
- Provides additional protection during transport.
 - Rolls easily and self-standing.
 - Fold compactly for storage when not in use.

Snack tray

- Holds drinks, food and toys so your child can enjoy them on the move.
- Rotates to allow the child to get in or out of the stroller.
 - Tray and sliding cover click on and off for easy storage, transport and cleaning.
 - Tray and cup holder part can be used separately.

Car seat adapters

- Provides a safe and easy connection between the car seat(s) and the Bugaboo stroller.
- Click and go system makes it quick and simple to go from car to stroller.
 - Available for all Bugaboo strollers.
 - Visit Bugaboo.com/adapters for more information on compatible car seat models.

Wheeled board

- Stroll with an extra child.
- Your toddler stands on the board for a fun ride.
 - Clicks on and off, can be folded away when not in use.
 - An additional adapter is needed for the Bugaboo Donkey.

Bugaboo Cameleon rough-terrain wheels

- Provide a smooth ride to go over any rough-terrains.
- Extra traction.
 - Large rubber tires provide extra firm grip on all types of surfaces.
 - Non-swiveling wheels offers a better stability on uneven terrain.
 - Quick and easy to interchange.
