

WOVEN NAPKIN RING

WOVEN NAPKIN RING INSTRUCTIONS

Upcycle your food wrappers into this unique napkin ring

MATERIALS

- Chip bag

TOOLS

- Scissors
- Pen or Permanent Marker
- Ruler
- Glue Stick

START!

STEP 1 Cut your wrappers to 1.75" x 4". You'll need 16 pieces to make a 2" diameter napkin ring.

STEP 2

Take one wrapper and fold it in half lengthwise with the printed side facing out. Open it back up.

STEP 3

Run your glue stick along the inside of the wrapper. Fold both sides of the wrapper in to the center fold line.

DESIGN TIP:

Once you have this napkin ring project mastered, you can adapt the woven technique and create bracelets, headbands and more!

STEP 4

Run your glue stick along the folded side of the wrapper. Then, fold the wrapper in half lengthwise again, so it is now a narrow rectangle.

STEP 5

Fold the wrapper in half widthwise and open it back up. Fold both ends in toward the center fold line. Repeat steps 2 through 5 on another wrapper.

STEP 6

Now take your two folded wrappers and slide the two tabs from one piece into the slots of the other. Repeat steps 2 through 8 for the rest of the pieces.

STEP 7

To finish your napkin ring, follow steps 2 through 5 to fold your last wrapper. Push this piece through the two open ends of your napkin ring. Then, tuck the two ends into the center of this piece.
