RE: **P/2010/2561**
Proposed Multi-Use Games Courts and Temporary Air Dome
The Park Club, East Acton Lane, Ealing, W3 7HB

Dear Steve,

I would like to express my strong support for the abovementioned planning application on the following grounds:

- The proposal will broaden the scope of sports which can be undertaken on the site;
- The proposal will significantly improve facilities for younger members of the club, including the provision of supervised play space;
- The proposal will enable the year round use of the facility;
- The proposal will not be visually intrusive having regard to its position, design and colour, and the landscaping improvements proposed for the site. The application is for a dome that will be removed for the spring and summer months thereby returning the current vista when most members are enjoying the outdoor space.

We therefore encourage the Council to support this application in recognition of the benefits it will deliver to the children and adults of The Park Club.

Yours Sincerely,
