

Pumper 3

Pumper 3 is a 2004 Freightliner M2 275 HP Cat, County of St.Paul Pumper.

Pumper 3 responds to the out of-town/county fires and is the first responding unit out. This unit also responds to MVC's in the county and is the second responding unit.

This apparatus has a 5 man cab, with the 3 rear seats having built-in SCBA's. The pump controls on this unit are located on the interior in the back of the cab (great truck to be pump operator on in the winter months).

Pumper 3 has a 900 Imp.Gal.Tank – 840 IGPM. This truck has the ability to do a Pump and Roll operation.
