HOW TO SET UP ENTUNE 3.0 APP SUITE CONNECT

For all Entune 3.0 Systems.

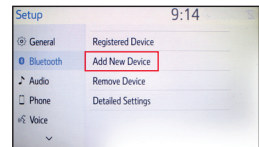

Entune 3.0 is complete with 10-year support*

1. Go to iTunes App Store® or Google Play™. Search for and download **Toyota Entune 3.0 App Suite Connect**.

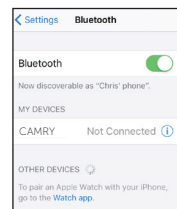

2. **PAIR** your smartphone with your vehicle via **Bluetooth®** using one of the following methods:

- a. From **the multimedia display** unit:
Press **Menu** -> **Set Up** -> **Bluetooth®** ->
Add New Device -> **Look for your phone** -> **Follow prompts**.

OR

- b. From a **smartphone**:
Go to **Settings** -> **Bluetooth®** -> **Find Your Vehicle Name** -> **Connect**. **Bluetooth®** must be activated on your smartphone. *Your multimedia display screen will prompt you to download **Toyota Entune 3.0 App Suite Connect** if you have not already.*

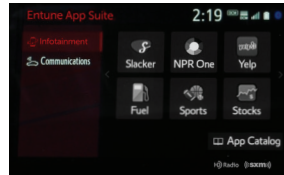

* Data usage fees will apply according to your cell phone carrier's data plan.

** Trial subscription begins on vehicle in-service date. At time of trial subscription expiry, subscribe with a live Response Centre Agent by pressing the SOS button in your vehicle, or contact Toyota at 1-888-869-6828.

3. VIEW YOUR APPS on your multimedia display by pressing the APP button.

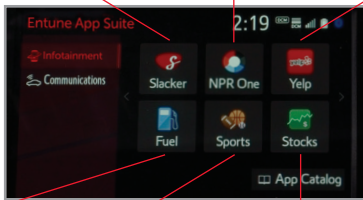

NOTE: Your multimedia display screen will prompt you to download the App if you have not already.

Slacker:
Listen to your favourite songs and radio stations.

NPR One:
Listen to stories, shows and podcasts from NPR and public radio stations.

Yelp:
Peer reviews of establishments in your local area.

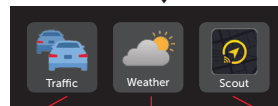

Fuel:
Search for local fuel prices.

Sports:
Sports standings, schedules and scores.

Stocks:
Up-to-date stock information.

Available on Entune 3.0 Audio, Entune 3.0 Audio Plus and Entune 3.0 Premium Audio

Available on Entune 3.0 Audio and Entune 3.0 Audio Plus only

Traffic Incidents*:
Up-to-the-minute traffic incidents.

Weather*:
Current weather conditions and 3-day forecasts.

Scout® GPS Link:
Get navigation integrated into your multimedia display.

* Traffic and Weather information offered as embedded services on Entune 3.0 Premium Audio and can be accessed through "i" or Info tab under Menu.

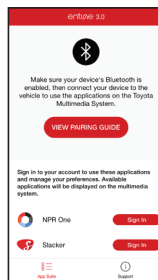

4. LINK to your existing Slacker and NPR One accounts.

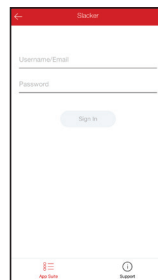

(NOTE: You must create an account with Slacker and NPR One before continuing).

- Open **Toyota Entune 3.0 App Suite Connect** on your smartphone. (NOTE: If you are already connected to the vehicle via **Bluetooth®**, you will be prompted to disconnect and then enter your credentials before continuing.)
- In **Toyota Entune 3.0 App Suite Connect**:

Step 1:

Step 2:

SAFETY CONNECT

(Entune 3.0 Audio Plus, Entune 3.0 Premium Audio) 3-Year Trial Subscription**

Helps provide peace of mind driving by connecting you to a live 24/7 Response Centre Agent for assistance.

HOW TO SET UP SAFETY CONNECT

1. ENROL

- Press the SOS button located in the overhead ceiling panel, and you will be connected with a Live Response Centre Agent to enrol. (Provide name, address, emergency contacts, etc.)
 - Red Light Illuminated or No Light: Indicates a problem with vehicle hardware or the system is inactive. Contact your Dealer for assistance.

SAFETY CONNECT FEATURES

Automatic Collision Notification:

Automatically connects to a Response Centre Agent, to check if assistance is required if airbags deploy or collision sensor is triggered. If occupants are unable to respond, emergency services are sent to your vehicle's location.

Emergency Assistance:

In the event of any road emergency, customers can reach a Response Centre Agent for assistance.

Enhanced Roadside Assistance:

Reach a Response Centre Agent to arrange for Roadside Assistance, 24 hours a day, 7 days a week.

Stolen Vehicle Locator:

After filing a police report, call 1-888-869-6828 and select Roadside Assistance to help authorities locate the vehicle. *The Response Centre will use the GPS locator in your vehicle to try locating your vehicle.*

NOTE: The SOS button is to be used for enrolment, roadside assistance and emergencies only.

** Trial subscription begins on vehicle in-service date. At time of trial subscription expiry, subscribe with a live Response Centre Agent by pressing the SOS button in your vehicle, or contact Toyota at 1-888-869-6828.

DESTINATION ASSIST CONNECT

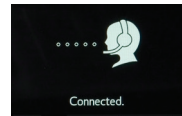

(Entune 3.0 Premium Audio) 6-Month Trial Subscription**

Provides you with 24/7 access to a Live Agent who can find your desired destination and send it to your built-in navigation system.

HOW TO SET UP DESTINATION ASSIST

1. ENROL

- If not already enrolled, please see Page 3 "Safety Connect Set Up".

2. ACCESS

- On the Premium Audio display screen, select the Destination icon.

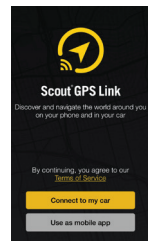

SCOUT® GPS LINK

(Entune 3.0 Audio and Entune 3.0 Audio Plus) 3-Year Trial Subscription*

A smartphone-based navigation app integrated with Entune 3.0 Audio and Entune 3.0 Audio Plus

HOW TO SET UP SCOUT® GPS LINK

1. If you haven't done so already, go to the iTunes App Store® or Google Play™ to download **Toyota Entune 3.0 App Suite Connect**. (See page 1 of this guide and follow steps 1-5).
2. Download the app called **Scout® GPS Link** at either the iTunes App Store® or Google Play™. Note: Creating an account will allow you to use all enhanced features of **Scout® GPS Link**.

Bluetooth® Connection: TurnStream™ (turn-by-turn / audio guidance).

Bluetooth® and USB Connection: TurnStream™ (turn-by-turn / audio guidance) + MapStream™ (full-moving maps).

For MapStream™ full-moving maps functionality, the **Scout® GPS Link** app must be running in the foreground of your smartphone.

** Trial subscription begins on vehicle in-service date. At time of trial subscription expiry, subscribe with a live Response Centre Agent by pressing the SOS button in your vehicle, or contact Toyota at 1-888-869-6828.

* Data usage fees will apply according to your cell phone carrier's data plan.

MORE INFORMATION ABOUT ENTUNE

APP SUITE CONNECT: Select Toyota Entune App Suite apps use significant amounts of data and customers are responsible for all data charges. Apps and services vary by phone and carrier; not all services available all the time and in all locations, and are subject to change. A compatible customer phone must be paired. Phone performance depends on software, coverage and carrier. As smartphone operating systems are updated from time-to-time, customers may or may not experience issues with the connectivity between their phone and their vehicle as a result of these updates.

SAFETY CONNECT (Automatic Collision Notification/Emergency Assistance/Enhanced Roadside Assistance/Stolen Vehicle Locator): Contact with Safety Connect™ response centre is dependent upon the telematics device being in operative condition, cellular connectivity availability, and GPS satellite signal reception, which can limit the ability to reach the response centre or receive emergency support. Once the trial subscription expires, enrolment and Telematics Subscription Service Agreement required. A variety of subscription terms is available; charges vary by subscription term selected.

DESTINATION ASSIST CONNECT: Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability and accuracy of the information provided by Destination Assist is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city on every roadway. See toyota.ca/entune for details.

SCOUT® GPS LINK: Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change. Availability and accuracy of the information provided by Scout® GPS Link is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city on every roadway. See toyota.ca/entune for details.

Trademark Notations: iPod®, iPhone® and App Store® are registered trademarks of Apple Inc. All rights reserved. Google Play™ is a trademark of Google Inc. All rights reserved. Scout® is a registered trademark of Telenav, Inc. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Toyota is under license. A compatible Bluetooth® enabled phone must first be paired. Phone performance depends on software, coverage and carrier.

Wireless Network Limitations: Services are dependent upon connection to a compatible wireless network. The current compatible 3G GSM/GPRS cellular network is provided by a third-party wireless service provider. Toyota is not responsible for cellular network discontinuance.

Distracted Driving: Driving while distracted can result in loss of vehicle control. All set-up of Toyota Entune and App Suite must be completed when the vehicle is not in operation. Some features may be locked out while the vehicle is in gear. To reduce risk of accident while driving, exercise care when using the systems (even with the voice commands) and obey all local laws concerning use of the systems while driving (as some laws prohibit the use of electronic devices while operating a vehicle). Text and email functions only available on supported phones.

Equipment: Devices, cables and adapters are not included and must be purchased separately. Toyota tests certain Bluetooth capable phones for compatibility with Toyota vehicles. Please see your Toyota Dealer for details. Under very cold conditions, the operation of some vehicle electronic systems using liquid crystal technology (such as CD, DVD, NAV and Audio displays) may be adversely affected until a warmer interior vehicle temperature is reached.

Further Information: For more information about Toyota Entune App Suite Connect or Safety Connect, please visit toyota.ca/entune or call 1-888-869-6828. For more information about privacy, please visit toyota.ca/entune-privacy.
