How do I connect to Skype as a web service in Canvas as a student? ........................................................................................................1322
How can I use Canvas on my mobile device as a student?

Canvas is built on open web standards and uses minimal instances of Flash, so most features are supported on mobile devices. With the growing use of mobile devices, instructors should build their courses with best practices for mobile in mind.

Mobile Browsers

You can access Canvas from any browser on your Android/iOS device. However, mobile browsers are not supported, and features may not function as expected compared to viewing Canvas in a fully supported desktop browser.

On mobile devices, Canvas is designed to be used within Canvas mobile applications. Canvas pages within a mobile browser are only supported when an action in the app links directly to the browser, such as when a student takes certain types of quizzes. Support is not extended to pages that cannot currently be used in the app, such as Conferences or Collaborations.

Additionally, Canvas offers limited support for native mobile browsers on tablet devices. For details, please reference the limited-support mobile browser guidelines.

Mobile Applications

We are actively improving our native mobile applications to support as many Canvas features as possible. Instructure has two native mobile applications for students free for download on both phones and tablets.

- **Canvas Student**: This app provides access to Canvas while on the go. Depending on your device, not all Canvas features may be available on the app at this time. View Canvas Student mobile features by version and device.
- **Polls for Canvas**: If your instructor uses polls in your courses, this app allows you to participate and share your opinion without any extra devices.
How do I sign up for a Canvas account as a student?

If you do not already have a Canvas account, you need to create an account before you can log in to Canvas.

If you are using Canvas through your institution, you will most likely already have an account and need to accept a course invitation. Your institution will email your login information. If you do not yet have an account, you can create an account when you accept the course invitation.

If you are not using Canvas through your institution, you can create your own account. Your instructor will provide you with a join code to link you directly to the course. This code will be sent to you separately from the Canvas email that invites you to join the course. If you need to create an account in Canvas but have not received your join code via email, please contact your instructor or institution for help with logging in.

Note: Once you create an account, you can request to delete your account at any time. Deleting your Canvas account cannot be undone and will delete all Canvas information including courses, assignments, grades, and participation. Do not request to have your account deleted unless you are certain you absolutely no longer require any access to your prior Canvas activity. To request to have your account deleted, open the Help menu and submit a ticket to Canvas support through the Report a Problem link.
Accept a Course Invitation

If you've enrolled in or been invited to a Canvas course, you will receive an email that contains your institution's Canvas URL [1] and your email address to use for your login [2]. To accept the course invitation, click the Get Started button [3].
Create Canvas Account

Welcome Aboard!

You've been invited to join Poetry 101. To accept this request you need a Canvas account. Click the link below to create a Canvas account.

I Have a Canvas Account  Create My Account

Click the Create My Account button.

Note: If you already have a Canvas account, click the I Have a Canvas Account button. You'll be directed to the Canvas login page.
Complete Registration

Create a password in the Password field [1]. Then click the terms of use checkbox [2] and click the Register button [3].

Create Your Own Account

If you don't yet have an account, you can set one up for yourself without an email link.

To create your account, open a browser and type canvas.instructure.com into your browser.

Note: You must have a join code from your instructor or institution to create your account.
Create Canvas Account

Click the Need a Canvas Account? link.
Sign Up As a Student

Click the **I'm a Student** button.

Parents sign up here
Complete Registration

Complete the following fields:

1. Enter the course join code in the **Join Code** field. This code will be emailed to you by your instructor or institution—the email is separate from your email invitation to join the course.
2. Enter your name in the **Full Name** field.
3. Enter your username in the **Username** field.
4. Set your password by typing in the **Password** field.
5. Confirm your password by typing your password in the **Confirm Password** field.
6. Agree to the terms of use by clicking the terms of use checkbox.
7. Click the **Start Learning** button.

How do I view Announcements as a student?

The Announcements Index Page allows you to view and filter announcements in your course. You can also receive new announcements via Canvas notifications, view announcements on the Recent Activity Dashboard, or view announcements in the To Do list.

Open Announcements

- Home
- Assignments
- Modules
- Syllabus
- Grades
- **Announcements**
- Discussions

In Course Navigation, click the Announcements link.
View Announcements

In Announcements, you can view all the announcements in your course.

Announcements are listed in reverse chronological order with the newest appearing first and the older announcements appearing towards the bottom.

Each announcement includes the title of the announcement [1], the picture of the user who posted the announcement [2], an unread indicator near unread announcements [3], the announcement post date [4], and the number of unread/total replies in the announcement [5].

**Note:** If an announcement shows the letter U in place of a profile picture, the announcement was imported or copied from another course in Canvas. Additionally, copied announcements do not include a posted date and time.

Filter Announcements

To view only unread or all announcements, use the filter drop-down menu [1]. Additionally, to search for an announcement, you can type an announcement title, a user name, or a keyword in the Search field [2].
View External Feeds

To view all External Feeds and subscribe to the RSS feed, click the External feeds link.

Mar 5, 2018 at 12:37pm

To view an announcement, click the name of the announcement.
How do I add an announcement in a group?

As a student, you can make an announcement within a group.

Open Announcements

In Group Navigation, click the **Announcements** link.
Add Announcement in Group Home Page

You can also add an announcement in the Group Home Page by clicking the Add New Announcement button.

Add Announcement

Click the Add Announcement button.
Create Announcement

Add content to your announcement. You can add a title [1], write a message [2], and add information from the Content Selector [3].

**Note:** The Rich Content Editor includes a word count display below the bottom right corner of the text box.

Save Announcement

Click the **Save** button.
View Announcement

[Image of announcement page]

View the announcement in the announcement page.
How do I edit an announcement in a group?

As a student, you can edit an announcement you created within a group.

Open Announcements

In Group Navigation, click the Announcements link.
Open Announcement

Click the name of the announcement.

Edit Announcement

Click the Edit button.
Save Announcement

Group Meeting

HTML Editor

Reminder that our group meeting is tomorrow at 7:30pm.

Edit the Announcement. Click the Save button.
How do I delete an announcement in a group?

Students can only delete their announcements within a group. You can delete an announcement in the Announcements page or within an individual announcement.

Open Announcements

In Group Navigation, click the **Announcements** link.
Delete in Announcement Page

To delete an announcement from the index page, locate the announcement. Click the Options icon [1] and click the Delete link [2].

To delete multiple announcements at a time, click the checkbox next to the announcements you want to delete [3] and click the Delete icon [4].
Delete in Individual Announcement

You can also delete an announcement by opening the individual announcement. Click the name of the announcement.

Delete Announcement

Click the Options icon [1] and click the Delete link [2].
Delete Announcement

Are you sure you want to delete this announcement?

Click the OK button.
How do I add an external RSS feed to an announcement as a student?

RSS, also known as Rich Site Summary or Really Simple Syndication, is a web feed format that publishes frequently updated information from external websites such as blogs, news headlines, audio, and video. RSS feeds benefit users who want to receive timely updates from favorite websites or to aggregate data from many sites.

You can add an external RSS feed in a group announcement. The RSS feed will display the 15 most recent posts within Announcements. Please note that the feed will only display content created after you added the RSS feed. Moreover, the RSS feed only displays active announcements. Delayed announcements do not display until they are posted.

**Note:** Adding an RSS feed will create an announcement for every new item added to that feed. Users that have chosen to be notified of new announcements in their Canvas notification preferences may see a substantial increase in the amount of notifications they receive.

Open Announcements

In Group Navigation, click the **Announcements** link.
Open External Feeds

Click the External Feeds link.

Add External Feed

Click the Add External Feed link.
Enter Feed URL

In the Feed URL field, paste the feed URL. All new entries from that RSS feed will be added to Announcements.
Select Content to Post

- **Add External Feed**
  
  - Feed url

- **Options**
  
  1. **Full article**
  2. **Truncated**
  3. **Link only**

- **Only add posts with a specific phrase in the title**
  
  - Enter specific phrase

You can select the content that users can view in Announcements.

To view the entire article, click the **Full article** option [1].

To view a shortened version of the article, click the **Truncated** option [2].

To view a link to the selected article, click the **Link only** option [3].

You can also choose to add only posts with a specific phrase in the title. Click the **Only add posts with a specific phrase in the title** checkbox [4], and type key words or phrases in the text box.

**Add Feed**

- **Options**
  
  - Cancel
  - Add Feed
Click the Add Feed button.

**View External Feeds**

![External feeds]

View the external feed in the feed list. If you want to delete the external feed, click the Remove icon.

**Note:** You will have to wait until a new post is published in the external RSS feed before you can see it in the Announcement feed.
How do I subscribe to the Announcements RSS feed as a student?

You can subscribe to the Announcement RSS feed in your course or group and receive announcements via any RSS feed reader. This lesson shows how to subscribe in a course, but the steps are the same as in a group.

Open Announcements

In Course Navigation, click the Announcements link.

Open External Feeds

Click the External Feeds link.
Open RSS Feed

Click the **RSS Feed** button.

**Notes:**
- If you use a Firefox browser to access Canvas, you can add a Live Bookmark from this screen.
- If you use a Safari browser to access Canvas, Safari will automatically create a RSS feed for you from this screen.

**Copy URL**

```xml
<feed version="1.0" encoding="UTF-8">
  <id>https://training.instructure.com/courses/851671/announcements</id>
  <title>Documentation Sandbox Announcements Feed</title>
  <updated>2012-12-10T22:02:10+00:00</updated>
  <link rel="self" href="https://training.instructure.com/courses/851671/announcements"/>
  <entry>
    <title>Announcement: Welcome to Class!</title>
  </entry>
</feed>
```

Copy the URL in your browser's address bar. Then open your preferred RSS feed reader and paste the copied URL in the text box.
**How do I reply to an announcement as a student?**

If you have a question or comment about an announcement, you can reply directly to that announcement.

You can reply in both course and group announcements. This lesson shows how to reply in a course, but the steps are the same.

**Note:** If the reply field is not available, the announcement has been closed for comments and you cannot post a reply.

**Open Announcements**

(2 likes)

Reply

The Like icon will be highlighted, indicating you have liked the reply.

When a reply is liked, the Like icon will also display the total number of likes for all users in the announcement.
View Liking Restriction

If your instructor has restricted the liking option to only users with grading permissions, you will not be able to see the Like icon or like your favorite replies. However, you can still see the total number of likes given to each reply.
Assignments
How do I view Assignments as a student?

You can view all your course assignments on the Assignments page.

Note: Your instructor may choose to hide the Assignments link in Course Navigation. If the Assignments link is not available, you can still access Assignments through your user or course dashboard, the Syllabus, Gradebook, Calendar, or Modules.

Open Assignments

In Course Navigation, click the Assignments link.
View Assignments

In Assignments, you can view all the assignments in your course.

By default, assignments are grouped by overdue assignments, upcoming assignments, undated assignments, and past assignments.

- **Overdue Assignments**: assignments and discussions that are past the due date, are still available, have not been submitted, and have not been graded.
- **Upcoming Assignments**: assignments, discussions, and quizzes that have an upcoming due date.
- **Undated Assignments**: assignments, discussions, and quizzes that do not have a due date.
- **Past Assignments**: assignments and discussions that are past the due date and either are not available, have been submitted, or have received a grade; quizzes that are past the due date.

Each assignment also includes an icon with the assignment type: assignment [1], discussion [2], or quiz [3].

**Note**: The Assignments page supports keyboard shortcuts. To view a list of keyboard shortcuts, press the Comma key.
View Assignment Summary

Each assignment displays the assignment name [1], any availability dates for the assignment [2], due date (if any) [3], and the number of points the assignment is worth.

View Availability Dates

The first dates you may see are called availability dates. Sometimes your instructor only wants you to submit an assignment during a specified date range, so the available dates are the range of time that the assignment is accessible to you.

1. If the assignment does not have a date listed, the assignment is open; you can submit the assignment at any time during your course.
2. If the assignment says **Available until** [date], you can submit the assignment until the specified date.
3. If the assignment says **Not Available Until** [date], the assignment is locked until the specified date.
4. If the assignment says **Closed**, the assignment cannot accept submissions.

**Note**: If a date does not include a time, the listed date defaults to 12 am. Therefore, the last day for the assignment is the full day before the listed date. For instance, if an assignment is Available until December 15, you can access the assignment until December 14 at 11:59 pm.

### View Due Dates

The second set of dates are the Due dates [1] for each respective assignment. Any assignments submitted after the due date are marked as late; some instructors may deduct points for late submissions. Again, not all assignments may include a Due date.

You can still submit late assignments before the **Available until** date.

*Please be aware that the Due date may be before or on the Available date.*

Due dates also include a time [2]. If your instructor does not set a specific time, the assignment due time defaults to 11:59 pm and submissions will be late if submitted after 11:59:59 pm.
Filter Assignments

If your course includes Multiple Grading Periods, you can view assignments by grading period [1]. You can search for an assignment by typing an assignment title or a keyword in the Search for assignment field [2]. You can also group assignments by type [3].

Open Assignment

To view the details of an assignment, click the name of the assignment.
When an assignment is open to you to submit at any time, you can view the due date, points, and the type(s) of submission(s) you can use for the assignment [1]. Not all assignments may have a due date.

You can also view additional details:

- **Instructions [2]:** any instructions that your instructor has about the assignment. Please note that you cannot download assignment instructions unless your instructor has included a link to download them. You can also print the screen or copy and paste the directions into a word processing program, or you can also view the assignment in the Canvas mobile app.

- **Rubric [3]:** any grading criteria that your instructor has provided for the assignment. An assignment may or may not include a rubric. Before submitting your assignment, you may want to review the assignment rubric.

For example, an assignment may have a due date but may not list any other dates. If you were to miss the due date, you could still submit the assignment for late credit before the last day of the course. If the assignment does not have a due date, you can submit the assignment at any time before the last day of the course.

To submit your assignment, click the Submit Assignment link [4].

**Note:** You can always re-submit an assignment unless your instructor has set availability dates for the assignment.
View Assignment with Availability Dates

Biome travel guide (brochure or video)

Submit Assignment

1. **Due**: Tuesday by 11:59pm  
   **Points**: 100

2. **Submitting**: a text entry box, a website url, a media recording, or a file upload

3. **Available**: Oct 12 at 12am - Dec 20 at 11:59pm 2 months

When an assignment is open to you during availability dates, you can view all available assignment information in addition to the specific dates the assignment is available to you. Availability dates may include a first available date (open date), last available date (locked or closed), or both dates to create an overall date range. The Due date may be **before or on** the last available date (if one is set).

If you were to miss the assignment submission due date [1], you could still submit the assignment until the last available date [2]. Once the last date passes, you can no longer submit the assignment.
View Locked Assignment

Safety in Science - Symbols (Peer Reviews)

This assignment is locked until Jul 12 at 12am.

<table>
<thead>
<tr>
<th>Criteria</th>
<th>Ratings</th>
<th>Pt</th>
</tr>
</thead>
<tbody>
<tr>
<td>Follow Instructions</td>
<td>Full Marks 5.0 pts</td>
<td>No Marks 0.0 pts</td>
</tr>
<tr>
<td>Format</td>
<td>Full Marks 5.0 pts</td>
<td>No Marks 0.0 pts</td>
</tr>
<tr>
<td>Length</td>
<td>Full Marks 5.0 pts</td>
<td>No Marks 0.0 pts</td>
</tr>
</tbody>
</table>

Total Points: 15.0

An assignment can be locked before an instructor wants it open, or after a specific date has passed after the due date. When an assignment is locked, you can view the rubric (if any) and the assignment details. You can also view the date when the assignment will be open for submissions if it has not been opened yet.
View Closed Assignment

Biomes

Due Jun 29 at 11:59pm  Points 8  Questions 8
Available until Jun 30 at 11:59pm  Time Limit None
Allowed Attempts Unlimited

Instructions

Using the To Plant or Not to Plant page available here on the NASA website, provide your answer to the question: Where would you plant this?

There is no time limit on this quiz and you have 3 attempts.

This quiz was locked Jun 30 at 11:59pm.

When an assignment is closed, you can still view the rubric, if any, and any existing submission details in the sidebar, but you can no longer view the assignment details or submit/re-submit the assignment. You can also view the date the assignment was locked to submissions.

Assignments close when they are only available until a specific date.
How do I filter assignments by type as a student?

As a student, if your instructor puts assignments into groups, you can view the assignments grouped by type.

Open Assignments

In Course Navigation, click the Assignments link.

Group Assignments by Type

Click the Show By Type button.
View Assignments by Type

<table>
<thead>
<tr>
<th>Assignment Type</th>
<th>Assignment Name</th>
<th>Due Date/Time</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Assignments</td>
<td>Reading Assignment</td>
<td>Jun 15 at 11:59pm</td>
<td>20 pts</td>
</tr>
<tr>
<td></td>
<td>Plant Genetics Paper</td>
<td>Jul 3 at 6pm</td>
<td>40 pts</td>
</tr>
<tr>
<td>Weekly Quizzes</td>
<td>What is a Laboratory Notebook</td>
<td>May 25 at 11:59pm</td>
<td>4 pts</td>
</tr>
<tr>
<td></td>
<td>Tools and Measurements</td>
<td>Aug 15 at 11:59pm</td>
<td>7 pts</td>
</tr>
<tr>
<td>Discussions</td>
<td>Current Events</td>
<td>Jul 20 at 11:59pm</td>
<td>10 pts</td>
</tr>
</tbody>
</table>

Now you can view all the Assignments for the course in the groupings rather than just all at once. You can also see how much each grouping will be worth in the final grade.
How do I view the rubric for my assignment?

Your instructor may include a rubric as part of your assignment. The Rubric is a set of criteria that your instructor will use to grade your assignment. Before submitting your assignment, you can use the Rubric to evaluate your own work and make sure your assignment fulfills your instructor's requirements.

Notes:
- Not all assignments may include a rubric.
- Rubrics for external tool assignments can be viewed in the submissions detail page, before or after the assignment is submitted.

Open Assignments

In Course Navigation, click the Assignments link.
Open Assignment

Click the name of an assignment.

View Rubric

<table>
<thead>
<tr>
<th>Writing Prompt</th>
<th>Criteria</th>
<th>Ratings</th>
<th>Pts</th>
</tr>
</thead>
<tbody>
<tr>
<td>Follows Instructions</td>
<td>5.0 pts Full Marks</td>
<td>3.0 pts Meets Expectations</td>
<td>0.0 pts No Marks</td>
</tr>
<tr>
<td>Correct Length</td>
<td>5.0 pts Full Marks</td>
<td>0.0 pts No Marks</td>
<td>5.0 pts</td>
</tr>
<tr>
<td>Grammar</td>
<td>5.0 pts Full Marks</td>
<td>3.0 pts Meets Expectations</td>
<td>0.0 pts No Marks</td>
</tr>
<tr>
<td>Description of criterion</td>
<td>5.0 pts Full Marks</td>
<td>0.0 pts No Marks</td>
<td>5.0 pts</td>
</tr>
<tr>
<td>Writing Prompt Outcome</td>
<td>5.0 pts Exceeds Expectations</td>
<td>3.0 pts Meets Expectations</td>
<td>0.0 pts Does Not Meet Expectations</td>
</tr>
</tbody>
</table>

Total Points: 25.0
Assignment rubrics are shown below the assignment instructions.

The rubric includes criteria [1], ratings [2], and full point values [3]. A rubric criterion may include up to five different ratings and individual point values.

**Note:** Depending on how your instructor set up the rubric, it may or may not include point values. If the rubric does not include point values your instructor may still use it to provide feedback on your assignment.

<table>
<thead>
<tr>
<th>Writing Prompt</th>
<th>Criteria</th>
<th>Ratings</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Follows Instructions</td>
<td>5.0 pts Full Marks</td>
<td>3.0 pts Meets Expectations</td>
<td>0.0 pts No Marks</td>
</tr>
<tr>
<td>Correct Length</td>
<td>5.0 pts Full Marks</td>
<td>0.0 pts No Marks</td>
<td>5.0 pts</td>
</tr>
<tr>
<td>Grammar For full marks you should not have any grammatical errors in your assignment. Please make sure that you spellcheck your assignment before submission as well.</td>
<td>5.0 pts Full Marks</td>
<td>3.0 pts Meets Expectations</td>
<td>0.0 pts No Marks</td>
</tr>
<tr>
<td>Description of criterion</td>
<td>5.0 pts Full Marks</td>
<td>0.0 pts No Marks</td>
<td>5.0 pts</td>
</tr>
</tbody>
</table>

If a criterion includes a longer description with more details, click the **view longer description** link [1].

The rubric may also include an outcome associated with the course [2]. Outcomes are identified by a small flag and are used to assess learning mastery in a course. The outcome also shows the threshold for the outcome, or the number of points you must achieve to meet expectations. Your instructor may allow you to view **outcomes results in your course grades.**
How do I submit an online assignment?

You can submit online Assignments in Canvas using several submission types. Instructors can choose what kind of online submissions they want you to use. You may also have the option to resubmit assignments if your instructor allows.

Any attachments added as part of a graded assignment submission are also copied to your user files but are not counted against your user quota. However, once the file has been uploaded as a submission, you cannot delete the file. Files are stored in the Submissions folder.

Before submitting an assignment, you may want to review all assignment information, such as the assignment rubric, if any.

This lesson shows how to turn in a standard online assignment. Learn how to submit a peer review assignment.

Third-Party File Application Submissions

You can submit assignments from Google Drive, Dropbox, or another third-party service via your desktop computer in one of two ways:

1. Download the file to your computer and submit as a File Upload
2. Share the file, copy the file URL, and submit as a Website URL

Mobile Submissions

You can also submit assignments using your Android or iOS device.

Notes:

- Not all file types may be available for your assignment, depending on the assignment submission type set by your instructor.
- Not all of your assignments may be submitted online. If you cannot see the Submit Assignment link, your instructor may want you to submit your assignment in a different way or the availability date has passed. View the description of the assignment for instructions, or contact your instructor for assistance.
- Canvas does not support file uploads larger than 5 GB.
Open Assignments

In Course Navigation, click the **Assignments** link.

**Note:** You can also access your Assignments through your user or course dashboard, the Syllabus, Gradebook, Calendar, or Modules.

View Course Assignments

Click the name of an assignment.
Submit Assignment

Biome travel guide (brochure or video)

Due: Tuesday by 11:59pm  Points: 100
Submitting: a text entry box, a website url, a media recording, or a file upload
Available: Oct 12 at 12am - Dec 20 at 11:59pm 2 months

Design a pamphlet or create a video about one of the seven biomes. What do you think people need to know about your chosen biome? What makes it different? What are its defining characteristics?

The end product must use the informing not the persuading tone.

To submit an assignment, click the Submit Assignment button to submit your work.

Note: If you cannot see the Submit Assignment button, your instructor may not want you to submit your assignment online or the availability date has passed. View the description of the assignment for instructions, or contact your instructor for assistance.
View Final Grade Notice

This assignment does not count toward the final grade.

Biome travel guide
(brochure or video)

Due  Tuesday by 11:59pm    Points  100
Submitting  a text entry box, a website url, a media recording, or a file upload
Available  Oct 12 at 12am - Dec 20 at 11:59pm 2 months

Design a pamphlet or create a video about one of the seven biomes. What do you think people need to know about your chosen biome? What makes it different? What are its defining characteristics?

The end product must use the informing not the persuading tone.

A banner may appear above your assignment to indicate that your instructor has removed the assignment from total grade calculations. However, this setting does not affect assignment submissions.
Select Submission Type

Your instructor will decide what kinds of submissions are appropriate for each Assignment. There are four submission types: upload a file, submit a text entry, enter a website URL, or submit media.

Note: Not all file types may be available for your Assignment, depending on the assignment submission type set by your instructor.
Submit a File Upload

Lab Notebook - Ecology Virtual Lab

Due: Friday by 11:59pm  Points: 25

Submitting: a website url or a file upload

In this course we will use Collaborations to establish an electronic Lab Notebook for each group.

After you have submitted your work, you will see information in the Sidebar about your submission [1]. For file uploads, the sidebar provides a link to your submission to download if necessary.

If you choose, you may resubmit another version of your assignment using the Re-submit Assignment button [2]. You will only be able to view the details of your most recent submission in the Sidebar, but your instructor will be able to see all of your submissions.

Once the instructor has graded your submission, the Grades link in Course Navigation displays a grading indicator.

You can also see details about your assignment and links to additional feedback in your Grades page.

Notes:

- Your assignment will still appear in Assignments and the Syllabus; the listing is not removed with assignment submissions.
- When you resubmit an assignment, you can only access and view your most recent submission. However, instructors can view all of your submissions.
How do I view the rubric for my external tool assignment?

If you instructor creates an assignment with an external tool, such as a Google Drive or Microsoft Office 365 assignment, they may include a rubric as part of your assignment. Before submitting your assignment you can review the rubric's definitions.

Open Grades

In Course Navigation, click the Grades link.

Type or copy and paste text into the Rich Content Editor [1]. Click the **Submit Assignment** button [2].
Add Media

As part of your text entry assignment submission, you can record a video or upload a video file [1]. You can also record audio or upload an audio file.

You can also embed images from Canvas or from the web in your text entry assignment submission [2]. Canvas also allows you to embed images from Flickr in your text entry assignment submissions.

Any files added as part of a graded assignment submission are also copied to your user files but are not counted against your user quota. However, once the file has been uploaded as a submission, you cannot delete the file. Files are stored in the Submissions folder.
View Submission

The Sidebar displays information about your submission [1].

If allowed by your instructor, you may choose to resubmit another version of your assignment by clicking the Re-Submit Assignment button [2]. You will only be able to view the details of your most recent submission in the Sidebar, but your instructor will be able to see all of your submissions.

Once the instructor has graded your submission, the Grades link in Course Navigation displays a grading indicator. You can also see details about your assignment and links to additional feedback in your Grades page.

Notes:

- After submitting an assignment, the assignment will still appear in Assignments and in the Syllabus; the listing is not removed with assignment submissions.
- When you resubmit an assignment, you can only access and view your most recent submission. However, instructors can view all of your submissions.
How do I enter a URL as an assignment submission?

In Canvas, you can enter a website URL as an assignment submission. When a URL is submitted as an assignment, Canvas takes a screenshot of the web page at the time it was submitted.

Before submitting an assignment, you may want to review all assignment information, such as the assignment rubric, if any. You may also have the option to resubmit assignments if your instructor allows.

Third-Party File Application Submissions

You can submit assignments from Google Drive, Dropbox, or another third-party service via your desktop computer in one of two ways:

- Download the file to your computer and submit as a File Upload
- Share the file, copy the file URL, and submit as a Website URL

Notes:

- Not all of your assignments may be submitted online. If you cannot see the Submit Assignment link, your instructor may want you to submit your assignment in a different way, or the availability date has passed. View the description of the assignment for instructions, or contact your instructor for assistance.
- You can also submit assignments using your Android or iOS device.

Submitting: a text entry box, a website url, a media recording, or a file upload

A banner may appear above your assignment to indicate that your instructor has removed the assignment from total grade calculations. However, this setting does not affect assignment submissions.

Select Website URL

To submit a URL, select the Website URL tab.
Submit a Website URL

Type or copy and paste the URL into the Website URL field [1]. Click the **Submit Assignment** button [2].

You can submit assignments from Google Drive, Dropbox, or another third-party service by sharing the file, copying the URL, and submitting as a website URL. Alternatively, you can download the file to your computer and submit as a file upload if the assignment allows.

View Submission

The Sidebar displays information about your submission [1].
If allowed by your instructor, you may choose to resubmit another version of your assignment by clicking the **Re-Submit Assignment** button [2]. You will only be able to view the details of your most recent submission in the Sidebar, but your instructor will be able to see all of your submissions.

Once the instructor has graded your submission, the Grades link in Course Navigation displays a grading indicator. You can also see details about your assignment and links to additional feedback in your Grades page.

**Notes:**

- After submitting an assignment, the assignment will still appear in Assignments and in the Syllabus; the listing is not removed with assignment submissions.
- When you resubmit an assignment, you can only access and view your most recent submission. However, instructors can view all of your submissions.
How do I submit a media file as an assignment submission?

You can upload a video or audio file to submit as an assignment in Canvas. You can also use Canvas to record an audio or video file to submit as an assignment. Before submitting an assignment, you may want to review all assignment information, such as the assignment rubric, if any. You can also submit assignments using your Android or iOS device.

Any attachments added as part of a graded assignment submission are also copied to your user files but are not counted against your user quota. However, once the file has been uploaded as a submission, you cannot delete the file. Files are stored in the Submissions folder.

To learn more about available options for using media files in Canvas, view the Canvas Media Comparison PDF.

Notes:

- Canvas will not accept media uploads larger than 500 MB.
- Your instructor will decide what type of submissions are allowed. One or both of these options may not be available. You may also have the option to resubmit assignments if your instructor allows.
- Not all of your assignments may be submitted online. If you cannot see the Submit Assignment link, your instructor may want you to submit your assignment in a different way, or the availability date has passed. View the description of the assignment for instructions, or contact your instructor for assistance.

- When you resubmit an assignment, you can only access and view your most recent submission. However, instructors can view all of your submissions.
How do I submit an assignment on behalf of a group?

A group assignment is a way for instructors to allow students to work together on an assignment and submit it as a group. Only one group member needs to submit the assignment on behalf of the group.

Any attachments added as part of a graded assignment submission are also copied to your group files but are not counted against your user quota. However, once the file has been uploaded as a submission, you cannot delete the file. If you upload a file from your computer, the file is stored in the group Submissions folder. However, please note that if you submit a file that was previously uploaded to your group files, the file is stored in your Submissions folder.

Note: If you want to submit a file that was previously uploaded, the file must already be in your user files. Any files that have been uploaded to the group's files cannot be accessed through assignment submissions. Learn how to move group files to user files.

Once you submit the assignment, you can see that you turned it in. You can re-submit the assignment until the due date and time.
How do I know if I have a peer review assignment to complete?

Your instructor can assign you to review another student's assignment. You can view peer review notifications in Canvas in the Recent Activity Stream, the To Do list, and from the individual assignment page. Once peer reviews are assigned, you will also be notified via email.

View Dashboard

Once a peer review is assigned to you, a notification will appear in several dashboard areas.

View Recent Activity

On your Dashboard, you can view recent activity in your Global Activity stream. Recent activity will display a peer review and the name of the course. Click the Show More link to access the assignment and view the name of the peer review student.

If a peer review is anonymous, the name will show as Anonymous User.
View To Do List

On both the Dashboard and the Course Home Page sidebar, the To Do list shows the peer review assignment. Peer reviews are identified with the Peer Review icon. To view the assignment for review, click the Peer Review for [Assignment Name] link.

Note: Currently the Due Date in the To Do List does not accurately display the due date for completing your peer review. If details about your peer review are not already included in the details of your assignment, please contact your instructor.

Open Assignments

You can also view peer reviews when viewing assignments. In Course Navigation, click the Assignments link.
Note: You can also access your Assignments through your Dashboard, Course Activity Stream, the Syllabus, Gradebook, Calendar, or Modules.

Open Assignment

The assignments page does not display an icon if you have a peer review. If you know the name of the peer review assignment, click the title to open the assignment.

Assigned Peer Reviews
1 Max Johnson
2 Jessica Doe

In the sidebar under Assigned Peer Reviews, you will see any peer reviews assigned to you. The caution sign icon [1] indicates the peer review has not been completed. A check mark icon [2] indicates that you have completed the peer review.

If your peer review is anonymous, you cannot see the name of the student. The peer review will be shown as Anonymous User.
Notes:

- If a rubric has been added to a peer review assignment, your peer review is considered complete after you comment on the submission and fill out the rubric. If a rubric has not been added to a peer review assignment, your peer review is considered complete after you comment on the submission.

- If your instructor has assigned an On Paper or No Submission assignment, the assigned peer review will not be displayed on this page. However, it can still be viewed from the Dashboard.
How do I submit a peer review to an assignment?

Your instructor may require you to submit a peer review of another student's assignment. To complete the assignment, you must review the student's assignment and add a comment in the comment sidebar.

If your instructor includes a rubric, which is a pre-determined outline of how an assignment is graded, you must assign a grade using the rubric. However, your instructor may also ask you to leave a comment in the comment sidebar.

Some peer reviews may also be anonymous, which means you cannot view the name of the student whose assignment you are reviewing. Additionally, the student cannot see your name as the reviewer when you leave a comment to complete the review.

Open Assignments

In Course Navigation, click the Assignments link.

Note: You can also access your Assignments through your user or course dashboard, the Syllabus, Gradebook, Calendar, or Modules.

Peer Review

Safety in Science - Symbols (Peer Reviews)
Max Johnson submitted Oct 24 at 12:49pm

This peer review is not finished yet. For it to be considered finished, you need to leave at least one comment and fill out the rubric form to the right.

1 Essay 1.1.pdf 35.7 KB
2 View Feedback

As a peer reviewing student, you will only see comments written by you.

To download the assignment, click the name of the assignment [1]. To preview the submission, click the View Feedback button [2].
Create Annotated Feedback

If the assignment supports annotated feedback, the Preview button will display as View Feedback.

To open the document with Canvas DocViewer, click the View Feedback button [1]. You can add comments directly to the submission through DocViewer [2].

You can leave direct feedback on the assignment using DocViewer, but you cannot view any existing feedback submitted by another student or the instructor.

Note: In anonymous peer reviews, you cannot leave comments in DocViewer.
Complete Rubric

If the assignment has a rubric attached, you are only required to complete the attached rubric for the peer review to be considered finished. To view the rubric, click the Show Rubric link [1] and enter a score for each criterion in the Points column [2]. Each rubric score will create the total points for the assignment [3].

When you're finished, click the Save Comment button [4]. You may need to refresh your browser to see that you've completed the required steps for the peer review.

Note: Depending on how your instructor set up the rubric, it may or may not include point values. If the rubric does not include point values you will still need to fill out the rubric to complete the peer review.
Add Assignment Comment

Peer Review

Safety in Science - Symbols (Peer Reviews)
Max Johnson submitted Oct 24 at 12:49pm

This peer review is not finished yet. For it to be considered finished, you need to leave at least one comment and fill out the rubric form to the right.

If your assignment does not include a rubric, you are required to add at least one comment. You cannot view any existing feedback submitted by another student or the instructor.

Type a comment in the comment field [1], leave a media comment [2], or attach a file [3]. Click the Save button [4].

Note: When an assignment is muted, you can view peer review comments. However, instructor comments are hidden until after the assignment is unmuted.
Where can I find my peers' feedback for peer reviewed assignments?

You can find your peers' feedback for peer reviewed assignments in several places.  

Note: If the peer review is anonymous, the name of the reviewer will not be included in any feedback.

View Recent Feedback

Under Recent Feedback in the sidebar of your Canvas course, you can view recent comments from peer reviewed assignments.  Click the title of the assignment to view all submission details and comments.

Safety in Science - Symbols (Peer Reviews)  
Bio 101  
"This is really interesting! Don't forget to include your citations at the end of your paper."
View Submission Details Page

You can view the comment directly in the submission details page [1].

If your assignment is compatible with the Canvas annotations tool, Canvas DocViewer, your peers may also have left feedback directly in the assignment. To view their comments, click the View Feedback link [2]. This is the same link where you may be able to view feedback from your instructor.

Notes:

- When an assignment is muted, you can view peer review comments. However, instructor comments are hidden until after the assignment is unmuted.
- When peer reviews are anonymous, you can leave submission and rubric comments, but annotated submission comments are not supported.
- For group assignments, you will see peer review comments for all reviews of your group's submission.

How do I upload a file from Google Drive as an assignment submission in Canvas?

If your institution has enabled Google Docs or Google Drive as a submission type, you can upload a file from Google Drive for an assignment. Unlike other assignment submissions, files from Google Drive are not uploaded into your Canvas user files.

Canvas accepts Google Doc, Google Sheet, and Google Slide files. You can also upload any uploaded Word (.doc/.docx), Excel (.xls/xlsx), PowerPoint (.ppt/.pptx), and PDF files not converted to Google Docs formatting.

Notes:

• If the Google Docs or Google Drive tab is not available in your submission, your institution has not enabled this feature.
• If your course displays a link to your Google Drive in the Course Navigation Menu, your course has enabled Google Drive directly. Otherwise, you must enable Google Drive a web service in your user profile to upload Google Drive files.
• In Google Drive assignments, you can only submit one file for your submission.
• When Google Drive files (docs, sheets, and slides) are uploaded as a submission, the files convert to their Microsoft counterpart file types and appear in the submission as respective Word, Excel, or PowerPoint files. This conversion essentially preserves the submission in its current state; any changes made to the file in Google Drive will not be updated in the submission.

How do I submit a cloud assignment with Google Drive?

If your instructor creates a cloud assignment with a Google Drive file, you can edit the document directly and submit your changes as your assignment submission.

When you open the assignment, Google Drive will create a copy of the file as your submission. You can make changes per the assignment instructions, and submit the assignment directly from the assignment page. The copied document is also added to your Google Drive folder for the course.

Cloud assignments are treated the same way as any other type of assignment submission. When you submit your assignment, your instructor will view the assignment exactly as it is when you click the Submit button. Even though cloud assignments can still be modified in the assignment page, any changes you make to the assignment after the submission cannot be viewed by your instructor unless you submit the assignment again as a resubmission.

Please do this worksheet by tomorrow:

The embedded document below is a document that your teacher has created for you called a Cloud Assignment. You'll be able to edit the document in Canvas or in Google Documents. Once you have completed the assignment, you'll be able to submit it by using the submit button located on this page.

**Unit 1 Assignment.docx**

View the assignment in the assignment page.
Edit Assignment

Make edits directly to the document as necessary to complete the assignment [1]. Google will periodically save your changes [2].

Submit Assignment

When you are ready to submit the assignment, verify that all edits have been saved, then click the Submit button.

Confirm Submission

Confirm your assignment was submitted.

If you need to make changes, you can edit the assignment again and submit the assignment as a re-submission.
How do I upload a file from Microsoft Office 365 as an assignment submission?

If your course has enabled Microsoft Office 365, you can upload a file from your Microsoft OneDrive for an assignment. Like other file upload submissions, files uploaded from Office 365 are uploaded into your Canvas user files submissions folder. Canvas accepts Microsoft Word, Microsoft PowerPoint, Microsoft Excel, and PDF types.

Notes:
- If the Office 365 tab is not available in your submission, your institution has not enabled this feature.
- Canvas will require you to authorize access to your OneDrive account.
- In Office 365 assignments, you can only submit one file for your submission.
- When Office 365 files are uploaded as a submission, later changes made to the file in OneDrive will not be updated in the submission.

How do I know when my instructor has graded my assignment?

When a change is made to your course grades, the Grades link in Course Navigation adds an indicator representing the number of changes in a course since your last visit. The Grades page shows the details of your graded assignments.

Note: You can also set up notifications to know when your instructor grades an assignment.

Open Grades

In Course Navigation, click the Grades link.
### View Assignment Grade

</tbody>
</table>

A blue dot next to the assignment indicates the assignment that has been graded [1]. The indicator disappears when you navigate away or refresh the page.

The score column displays the score given to the assignment [2].

In the [Grades page](#), you can also see if the assignment includes scoring details, comments, or rubrics.
How do I submit a cloud assignment with Microsoft Office 365?

If your instructor creates a cloud assignment with a Microsoft OneDrive file, you can open the assignment, edit the document directly, and submit your changes as your assignment submission.

When you open the assignment, Office 365 will create a copy of the file as your submission. You can open the document and make changes per the assignment instructions. When you are ready to submit the assignment, return to the Canvas assignment page and submit the assignment. The copied document is also added to your OneDrive folder for the course.

Cloud assignments are treated the same way as any other type of assignment submission. When you submit your assignment, your instructor will view the assignment exactly as it is when you click the Submit button. Even though cloud assignments can still be modified in the assignment page, any changes you make to the assignment after the submission cannot be viewed by your instructor unless you submit the assignment again as a resubmission.

</thead>
</table>

**View Comments**

*Well done completing this assignment!*  
Doug Roberts, Jan 16 at 2:33pm

Any instructor comments added to your submission, as well as any comments added by you, appear in the Comments portion of the sidebar [1].
If your assignment includes a rubric [2], your instructor may also leave comments in the rubric.

View Annotated Comments

If you submitted the assignment with a file upload, your instructor may have included annotated feedback in your assignment.

Files that support annotations display a View Feedback button next to the submission. Learn how to view annotated comments.
Add Comments

You can add comments to your assignment submission [1]. All comments left on a group assignment submission are sent to the instructor and the whole group.

If your group assignment submission includes commenting options, each member of your group is being graded individually. To send your comment to your instructor, select Send comment to instructor only [2]. To send your comment to your instructor and the whole group, select Send comment to the whole group [3].

To submit your comment, click the Save button [4].
Add Media Comment

To add a media comment to your submission, click the Media Comment link. You can record a video or record an audio comment to send to your instructor.
How do I use DocViewer in Canvas assignments as a student?

Canvas DocViewer is a tool that allows annotations on online assignment submissions in Canvas. You can use DocViewer to view annotated feedback in the assignment details section of the sidebar from your instructor or from other students in peer review assignments.

DocViewer has a 10-hour session limit that begins when you open a submission. If you start to make an annotation but do not submit it before the session expires, the annotation will not be saved. Submitted annotations are saved and are not affected by the session limit. Canvas will display a session expiration warning at 9 hours 50 minutes, followed by a 5-minute and 1-minute warning until the 10-hour limit has been reached. You can restart a DocViewer session at any time by refreshing the submission page.

If your browser includes a built-in PDF viewer, select the option to view the PDF in the system viewer.

Compatible DocViewer Files

If a submission includes a file that can be rendered in DocViewer, but the submission preview is not yet complete, Canvas will generate a message stating the document is still processing.

Notes:

- Files over 100 MB and password-protected files will not be converted by DocViewer.
- DocViewer annotations can be viewed in the Canvas Student app.
- Your instructor can delete any comment or annotation at any time.
- If your instructor anonymously grades an assignment, annotations in DocViewer will not be available until the assignment is unmuted.
The DocViewer Toolbar helps you manage the assignment submission.

To download a PDF of the annotated submission, click the **Download** button [1].

If there are multiple pages, the **Page number** field [2] will let you advance through the submission to find the page you want to annotate. To go to another page, enter the page number in the Page field. You can also use the arrow icons [3] to advance through the submission.

To rotate the current page 90 degrees clockwise, click the **Rotate** button [4]. Pages with annotations cannot be rotated.

To zoom in and out on the submission, use the **Zoom** buttons [5].

To view the submission in full screen, click the **Full Screen** button [6].

To annotate the submission, use the annotation tools [7].
Add Point Annotation

To leave a point annotation, select the **Point** annotation type [1].

Select the color for the point annotation in the color panel [2].

Click the desired area of the submission [3]. The point annotation icon will appear indicating the location of the annotation. To add a comment to the point annotation, type the comment in the Comment field [4]. To start a new line in your comment, click the Shift+Enter/Return key. To submit your comment, click the Enter/Return key.

You can reply to DocViewer comments by clicking the **Reply** button [5].

To move the annotation, hover over the point annotation icon in the document. Click and drag the annotation to the new area.

To delete a point annotation, click the annotation and then click the **Delete** icon [6]. DocViewer will confirm you want to delete the annotation. Deleting an annotation will also delete any associated comments.
Add Highlight Annotation

To highlight text within the document, select the Highlight annotation type [1].

Select the color for the highlight annotation in the color panel [2].

Click and drag to highlight text within the submission [3].

To add a comment to the highlight annotation, click the Comment button [4]. To start a new line in your comment, click the Shift+Enter/Return key. To submit your comment, click the Enter/Return key.

To delete a highlight annotation, click the highlighted area and then click the Delete icon [5]. DocViewer will confirm you want to delete the highlight. Deleting an annotation will also delete any associated comments.
Add Text Annotation

To add text directly in the submission, select the **Free text** annotation type [1].

Select the color for the text annotation in the color panel [2].

Select a white or transparent background for the text annotation [3] as well as the font size for the annotation [4].

Click in the desired area of the submission, then type your entry [5]. To start a new line in your comment, click the Shift+Enter key.

To move the annotation, hover over the text box in the document. Click and drag the annotation to the new area.

To delete the text annotation, click the text box and then click the **Delete** icon [6]. DocViewer will confirm you want to delete the text box.
Add Strikeout Text Annotation

To indicate that text should be deleted, select the **Strikeout** annotation type [1].

Select the color for the strikeout line in the color panel [2].

Click and drag to strike out within the submission. A line will appear indicating the text has been struck out [3].

To add a comment to the strikeout annotation, click the **Comment** button [4]. To start a new line in your comment, click the Shift+Enter/Return key. To submit your comment, click the Enter/Return key.

To delete a strikeout annotation, click the strikeout area and then click the **Delete** icon [5]. DocViewer will confirm you want to delete the strikeout line. Deleting an annotation will also delete any associated comments.
Add Draw Annotation

To make freehand drawings and annotations, select the **Free Draw** annotation type [1].

Select the color for the drawn annotation in the color panel [2].

Select your annotation line width from the line width panel [3].

Click and drag to start a drawing. Free-form lines will appear indicating the drawing area [4]. You can add multiple strokes to a drawn annotation.

To add a comment to your drawn annotation, click the **Comment** button [5]. To start a new line in your comment, click the Shift+Enter/Return key. To submit your comment, click the Enter/Return key.

To accept the drawn annotation, click the **Check** icon [6].

To move a drawing, hover over the outline of the drawing, then drag and drop the drawing to the new area of the document.

To delete a drawing at any time, click the drawing and then click the **Delete** icon [7]. DocViewer will confirm you want to delete the drawing. Deleting an annotation will also delete any associated comments.
Note: Draw annotations can only have one line width per annotation. Individual annotations must be saved before creating a new line with a different width.

Add Area Annotation

To leave an area annotation, select the Area annotation type [1].

Select the color for the area annotation in the color panel [2].

Click and drag the rectangle around an area of the submission [3]. A box will appear indicating the area for the annotation.

To add a comment to the area annotation, type the comment in the Comment field [4]. To start a new line in your comment, click the Shift+Enter/Return key. To submit your comment, click the Enter/Return key.

You can reply to DocViewer comments by clicking the Reply button [5].

To move the annotation, hover over the border. Click and drag the annotation to the new area of the document.

To delete an area annotation, click the annotation and then click the Delete icon [6]. DocViewer will confirm you want to delete the comment. Deleting an annotation will also delete any associated comments.
Individual comments include an icon that displays the type and color of the annotation [1]. The annotation icon displays next to the commenter’s name and only displays in the primary comment for an annotation. Replies to a comment do not include the icon.

Instructors may leave additional comments or reply to your comments. When an annotated comment includes more than five content lines, the content box displays an ellipses link [2]. To expand a comment, click the ellipses link. If a comment includes multiple replies, all replies will be expanded.

Comments with replies are stacked [3]. When you click on a comment, all replies are expanded in the group. The number of stacked replies is indicated below the first comment.

Comments remain on the page where the annotation was made. If there are too many comments to display on a single page, the comment section becomes scrollable and some comments are hidden. An indicator shows how many comments have been hidden [4].

You can delete your comments by clicking the delete icon [5].
View Anonymous Instructor Comments

If your instructor has enabled Anonymous Instructor Annotations, annotations and comments on your submission will not display the name of the instructor or grader.

View Other User Annotations

When another user adds an annotation within a document, you can view the author of the annotation by clicking the annotation [1].

You can also leave a comment on any annotation created by other users [2].
View Deleted Items

Your instructor can delete any comment or annotation at any time. If a comment or annotation is deleted, the deleted item displays in the sidebar [1]. You can view the name of the user who made the deletion and the date of the deletion. Items can only be deleted by instructors or admins.

If multiple comments or annotations are deleted, including comment replies with the same comment thread, each comment or annotation will include its own heading information about the deletion.

To permanently remove the deleted item, click the Remove icon [2].

**Note:** Permanently deleted items cannot be recovered.
How do I view annotation feedback comments from my instructor directly in my assignment submission?

Your instructor may choose to include comments directly in an assignment submission using inline comments, or annotations. If an assignment's submission details page includes a View Feedback button, you can view these annotated comments through a preview tool called Canvas DocViewer. You can also use Canvas DocViewer to reply to any comments or make your own annotations.

Some browsers may not initially render comments correctly when viewing feedback. If your browser includes a built-in PDF viewer, select the option to view the PDF in the system viewer. You can also download PDF files with comments to view on your computer. The settings required to view or print the annotations in the PDF vary based on the software installed on your computer.

Note: If the assignment attachment displays a Preview button instead of the View Feedback button, your file is not DocViewer compatible and will not include any annotated comments.

View the rubric results for your assignment.
View Non-Scoring Rubric Results

If your instructor has removed points from the rubric, you can still view the rubric results for your assignment.
View Rubric Comments

If your instructor has left comments in your rubric, you can view them under the rubric criteria.

**Note:** This text will only appear if your instructor has left comments in the rubric.
How do I view my Roll Call Attendance report as a student?

If your Assignments page includes a Roll Call Attendance assignment, your instructor is taking attendance in your course. As part of the assignment, you can view your attendance record in your course. Like any other Canvas assignment, you can also view or leave comments in the submission details page.

If the Roll Call Attendance assignment is available to you, this lesson shows you how to view your attendance report through the Grades page. However, if your instructor allows you to view the Assignments link in Course Navigation, you can also access the submission details through the Assignments page by opening the Attendance assignment.

Note: If the Roll Call Attendance assignment does not appear in the Grades page, your instructor has chosen to not use Attendance for grading.

Open Grades

In Course Navigation, click the Grades link.

Click the name of the Roll Call Attendance assignment.
Authorize Account

The first time you view the Roll Call Attendance assignment, you must authorize your account. Click the **Authorize** button.
View Submission Details

The submission details shows the first date that your instructor took attendance in your course [1]. You can also view an overview of your attendance record through a graph [2], with the graph key displayed to the right [3]. Attendance is identified by color, where green shows the days you were on time and present, yellow shows the days you were late, and red shows the days you were absent.

You can also view the total percentage of days you have been marked as on time in your class [3].
View Late and Absent Dates

Below the overview information, you can also view the specific days that you were marked late or absent. For each attendance record, you can view the date [1], day of the week [2], status [3], and percentage points earned [4].
How do I download assignment submissions from all my courses?

As a student, you can download all your assignment submissions in Canvas. Submissions are for both current and concluded courses and only includes any files that were submitted to fulfill an assignment; they do not include any submissions modified by instructors, such as annotated submissions.

The download also includes submissions for group assignments, even if the submission was made by another student in your group.

When the export has finished generating, submissions are downloaded as a ZIP file.

Open User Settings

In Global Navigation, click the Account link [1], then click the Settings link [2].
Download Submissions

In the sidebar, click the **Download Submissions** button.

Create Export

**Download Submissions**

Creating a Submission Export will allow you to download a zip file of all your assignment submissions in all of your present and past courses. This could be a big file, so it may take a while. You can navigate away from the page and come back later.

*Content export files cannot be downloaded after 30 days.*

Click the **Create Export** button.
Download Export

Download Submissions

Creating a Submission Export will allow you to download a zip file of all your assignment submissions in all of your present and past courses. This could be a big file, so it may take a while. You can navigate away from the page and come back later.

When the export has completed, click the New Export link.

Note: Content exports expire after 30 days and can no longer be downloaded.

The ZIP file will automatically download to your computer. If your computer asks you what to do with the file, you can choose to open the file directly, or save the file to your computer.

The filename of the ZIP file includes the date of your export.

Open ZIP File

![Open ZIP File Image]
Once the file has been downloaded, locate the ZIP file on your computer. To open the file, either double click to open it (MAC users) or right-click the file and select Extract All (PC users).

**View Submissions**

Open the expanded folder and view your assignment submissions by course.
Calendar
How do I use the Calendar as a student?

The Calendar is a great way to view everything you have to do for all your courses in one place. You can view calendar events by day, week, month, or agenda list. The calendar also includes access to the Scheduler, which is an optional scheduling tool in Canvas.

Open Calendar

In Global Navigation, click the Calendar link.
The Calendar spans all courses and displays information for each of your enrolled courses and groups. In the navigation bar, you can choose to view the calendar in Week, Month, or Agenda view [1]. The view you choose dictates the style of the calendar window [2]. By default, the calendar appears in Month view.

The sidebar [3] shows a quick-view calendar, your list of courses and groups, and undated items for your courses and groups.

Add Calendar Items

Each calendar view shows any assignments or events that have been added to the calendar. You can add events and to-do items to your personal calendar at any time in the navigation bar by clicking the Add button.
Each personal, course, and group calendar is identified by a separate color that populates the calendar view. Associated calendar items for each course or group display when selected in the calendar view [1].

By default, the first 10 course and group calendars will be selected and appear in the calendar view. To hide a calendar, click the box next to the name of the calendar [2]. Calendars that are not active within the calendar view display as faded text [3].

**Note:** Canvas will assign an arbitrary color for each calendar unless a custom color is chosen. Each calendar contains 15 default colors, but you can insert a Hex code to create any color of your choice. Colors set in Dashboard course cards also update in the calendar.
View Undated Events List

- UNDATED
  - Biology Overview
  - General Class Question and Answer
  - Constitution Assignment
  - Declaration Summary
  - Research Paper
  - Moderated Assignment
  - Class Survey
  - Class Survey

Expanding the Undated items link will show you a list of events and assignments that are not dated. The assignments and events will be differentiated by icons and by the personal, course, or group calendar color.
View Calendar by Month

In the Month view, click the arrow buttons [1] to move from month to month. To view events for the current date, click the `Today` button [2].

To view a specific date, click the month link [3] and enter a date in the date field [4] or select a date from the calendar [5].
Assignments are shown with an icon next to the assignment title. The icon reflects the assignment type: Discussion [1], Assignment [2], Quiz [3], or Events [4]. Non-graded items with a to-do date may display in the calendar for a course.

Each item on the calendar is color-coded to match the courses or calendars in the sidebar.

To view full details for an assignment or event, hover over the item [5].

Calendar assignments can also be crossed out [6], which is a simple way to keep track of assignments. Assignments are crossed out once the assignment has been submitted. However, assignments that have been awarded a grade but do not contain an actual submission will not be crossed out.
### View All-Day Events

</tbody>
</table>

All-day events display the Events icon and do not include a specific event time.

If you want to extend an all-day event across multiple days, hover over the edge of the event until you see a black arrow. Drag your event across all required dates in the current month.
View Wrapped Assignments and Events

Your calendar view may show entire assignment and event titles as part of the calendar entry. This calendar view is only available in the Month view and can only be enabled by your institution. The wrapped assignment and event title view allows you to view the entire calendar item without having to hover over the title.
View Calendar by Week

To view the calendar by week, click the **Week** button. The Week view shows all calendar items by date and time. Note that some assignments may be due at 11:59 pm, which appear at the bottom of the calendar view.

View All-Day Events

All-day events appear at the top of the calendar week. These events do not include a specific event time.

Like in the Month view, if you want to extend an all-day event across multiple days, hover over the edge of the event until you see a black arrow. Drag your event across all required dates. In Week view, you can only drag your event to the end of the week that you are viewing.
View Calendar Agenda

To view all your calendar items in an agenda format, click the Agenda button.
Find Appointments

If your institution has enabled Scheduler appointment groups, you can sign up for an appointment in the Calendar sidebar.
How do I filter the Calendar view by course as a student?

By default, the Calendar displays your personal calendar and course calendars for each class in which you are enrolled. However, you can filter which calendars display, including group and course calendars as well as your personal calendar.

Open Calendar

In Global Navigation, click the Calendar link.
After clicking the Calendar link, you will see the Calendar for all your enrolled courses and groups.
Choose Courses to View

In order to filter your Calendar by courses or groups, click the color box next to the Calendar [1]. The calendar can show up to 10 courses and/or groups at a time. In this example, not all of the calendars are being shown.

**Note:** Canvas will assign an arbitrary color for each calendar unless a custom color is chosen. Each calendar contains 15 default colors, but you can create any color of your choice by selecting the **More** icon [2] and inserting a Hex code [3].
How do I view the Calendar iCal feed to subscribe to an external calendar as a student?

The Calendar iCal feed is located in the sidebar of your Calendar. You can import the iCal feed into any calendar app that accepts the iCal format, such as Google Calendar, Apple Calendar, Outlook, and Yahoo Calendar. You can also download the calendar feed as an ICS file. The calendar feed will contain events and assignments from all of your Canvas calendars.

Notes:

- Future events up to 366 days in the future, and past events within 30 days, are included when exporting a Canvas calendar to another calendar program. The calendar feed includes up to 1,000 items.
- To Do items are not included in the Calendar iCal feed.

Open Calendar

In Global Navigation, click the Calendar link.
Open Calendar Feed

Click the Calendar Feed link.

Copy Calendar Feed

Copy the link below and paste it into any calendar app that supports iCal feeds (Google Calendar, iCal, Outlook, etc.)

1. https://documentation.beta.instructure.com/feeds/calendar
2. click here to view the feed

To copy the link, copy the link in the text field [1].
To download the feed as an ICS file, click the **click here to view the feed** link [2].
How do I add an event to my calendar as a student?

You can add a personal reminder to your own Calendar for an upcoming event.

Open Calendar

In Global Navigation, click the Calendar link.
Add Event

Click any date on the calendar to add an event [1]. Or, click the arrows next to the month name to navigate to a different month [2] and select a date.

If you don't want to manually locate the date, you can click the Add icon [3].
Add Event Details

Enter a title for the event [1].

Depending on how you added your event, the date may be populated for you. If not, enter a date in the date field [2].

The calendar times may also be populated for you in the From fields [3]. Edit or enter the start and end time for your event. To create an all-day event, leave the From fields blank so there is no start and end time for your event.

If a location is required, enter a location for the event [4].

Submit Event
To add additional details to your event, click the **More Options** button [1]. You can use the Rich Content Editor to add a description or resource links, add an address location, and **duplicate the event**.

Otherwise, click the **Submit** button [2].
How do I add a to-do item in the Calendar as a student?

You can add a to-do item to your Calendar.

You can also create to do items from the Dashboard List View.

Note: To Do items are not included in the Calendar iCal feed.

Open Calendar

In Global Navigation, click the Calendar link.
Add Event

Click any date on the calendar to add an event [1]. Or, click the arrows next to the month name to navigate to a different month [2] and select a date.

If you don't want to manually locate the date, you can click the Add icon [3].
Add To Do Details

Click the To Do tab [1].

In the Title field [2], enter a title for the To Do [2].

The Date field defaults to the current date [3]. To change the date when you want to complete the item, type the new date or select a date by selecting the Calendar icon.

If you want to set a specific time for the item, enter the time in the Time field [4]. If no time is entered, the Time field defaults to 11:59pm.

The To Do will associate with your personal calendar by default if your calendar is selected in the sidebar. You can also associate a To Do with a specific course. To select a course calendar for your To-Do item, click the Calendar drop-down menu [5].

In the Details field [6], any other details about your to-do item.
Submit To Do

Click the Submit button.

View To Do

View your to-do item in the calendar.
Manage To Do

To edit or delete a to-do item, click the name of the item [1] and click the Edit button [2] or Delete button [3].
How do I add and duplicate an event in the Calendar as a student?

When creating a new event, if you want to create the same event multiple times for yourself or for a group, you can create a duplicate event. Duplicating events creates multiple copies of the event every day, week, or month. For example, you may create a duplicate group event for a weekly study group. This may help keep you organized and prepared for your course.

Once created in a calendar, duplicate events are not linked together and are independent events. Therefore, if you need to modify an event, each event has to be modified individually. Additionally, duplicate events can only be created when creating a new event; editing an existing event does not display the duplicate option.

Tips for duplicate events:

• Weekly events are duplicated on the day of the week of the first event. For instance, if an event is created on a Monday and repeats weekly, the next instance of the event will appear on the following Monday, regardless of the actual date.†

• Monthly events are duplicated on the day of the month of the first event. For instance, if an event is created on July 6 and repeats monthly, the next instance of the event will appear on August 6.†
In Global Navigation, click the Calendar link.

Add Event

Click any date on the calendar to add an event [1]. Or, click the arrows next to the month name to navigate to a different month [2] and select a date.

If you don't want to manually locate the date, you can click the Add icon [3].
View More Options

Enter the details as you would when creating a personal reminder [1]. In the Calendar drop-down menu [2], select your calendar or the group calendar for the event. Click the More Options button [3].
Duplicate Event

Click the **Duplicate** checkbox.

**Note:** If you cannot see the checkbox, you selected the wrong calendar when creating the new event.
Add Duplicate Details

By default, events are set to repeat every week [1].

If you want to change the repeating event to daily or monthly, click the **Week(s)** drop-down menu and select your preferred time range. You may also have to change the number that precedes the time period.

By default, events are set to create one occurrence [2], meaning it will create the initial event plus one additional (two total events). If you want to change the number of additional occurrences, enter the number in the text field. The calendar event supports up to 200 additional occurrences.

If you want to automatically add a number to the end of each event title (such as Event 1, Event 2, etc.), click the **Count** checkbox [3].

Create Event

Click the **Create Event** button.
View the events in your calendar.

Remember, once created, duplicate events are not linked together and are independent events. Therefore, if you need to modify an event, each event has to be edited individually.
How do I view a group calendar?

If you have been added to a group, you can view the group calendar.

Open Groups

In Global Navigation, click the Groups link [1], then click the name of the group [2].
View Calendar

In the Group sidebar, click the View Calendar link.

Only your group calendar will be visible in the list of Canvas calendars. Feel free to add any events or reminders to your group calendar.
How do I subscribe to the Calendar feed using Outlook as a student?

You can subscribe to the Calendar Feed using Outlook on your desktop. The calendar feed will contain events and assignments from all of your Canvas calendars. Once you have subscribed to the calendar feed, you can remove the calendar feed at any time in Outlook by opening the Tools menu, clicking Account Settings, and selecting the Internet Calendars tab.

If you are using an earlier version of Outlook, these steps may differ.

Notes:

- Future events up to 366 days in the future, and past events within 30 days, are included when exporting a Canvas calendar to Outlook. The calendar feed includes up to 1,000 items.
- Outlook periodically updates but may take up to 24 hours to sync with the Canvas Calendar. Canvas update may not be immediately visible in Outlook.
- If your institution/organization uses a Microsoft Exchange Server account, you can also subscribe to the calendar feed using the Outlook Web App in Exchange Server. This allows you to access your Outlook calendar online if you are away from your desktop. Please contact your IT administrator at your organization/institution for more information.
- For scheduler items, appointments must be viewed in the Canvas calendar for full appointment details.
- To Do items are not included in the Calendar iCal feed.
Open Calendar

In Global Navigation, click the Calendar link.
Open Calendar Feed

Click the Calendar Feed link.

Copy Calendar Feed

Copy the link below and paste it into any calendar app that takes iCal feeds (Google Calendar, iCal, Outlook, etc.)

https://documentation.beta.instructure.com(feeds/calendar

click here to view the feed

Copy the calendar feed link.
Open Outlook Calendar

Open Outlook. In the sidebar, click the **Calendar** icon.

Open Other Calendars

Right-click the **Other Calendars** link.
Add Calendar from Internet

Hover your mouse over Add Calendar [1] and click From Internet... [2].

Paste Calendar Feed Link

Paste the calendar feed link from Canvas in the calendar subscription field [1] then click the OK button [2].
Confirm Calendar Subscription

To confirm you want to add the internet calendar to Outlook and subscribe to updates, click the Yes button [1]. To configure the calendar options, click the Advanced button [2].
How do I subscribe to the Calendar feed using Google Calendar as a student?

You can import your Canvas calendar to Google Calendar. The calendar feed will contain events and assignments from all of your Canvas calendars.

The steps in this lesson are also relevant for those using Gmail via Google Apps for Education. Google Apps for Education provides an Institution Email Account to those institutions participating in the program. To learn more, visit the Google Edu website.

Once you have subscribed to the calendar feed, you can remove or unsubscribe from the calendar feed at any time.

Notes:

- Future events up to 366 days in the future, and past events within 30 days, are included when exporting a Canvas calendar to Google Calendar. The calendar feed includes up to 1,000 items.
- Google Calendar periodically updates but may take up to 24 hours to sync with the Canvas Calendar. Canvas update may not be immediately visible in Google Calendar.
- To Do items are not included in the Calendar iCal feed.
In Global Navigation, click the Calendar link.
Open Calendar Feed

Click the Calendar Feed link.

Copy Calendar Feed

Copy the link below and paste it into any calendar app that takes iCal feeds (Google Calendar, iCal, Outlook, etc.)

https://documentation.beta.instructure.com.feeds/calendar

Click here to view the feed

Copy the calendar feed link.
Log in to Google Account

In a new browser, log in to your Google Account.

**Note:** If you are participating in Google Apps for Education, log in to your Institution Email Account to subscribe to the Calendar Feed.
Locate Calendar

Click the Calendar link.
View Calendar

Once you click the Calendar link, you will view your Calendar.

Add Other Calendars

Locate the Other Calendars drop-down menu to find the Add by URL option.
Add Calendar by URL

Take the copied URL from Canvas and paste it into the box [1]. Click the Add Calendar button [2].
How do I sign up for a Scheduler appointment in the Calendar?

If your institution has enabled the Scheduler tool, you can sign up for any appointments that are created for your course using the Calendar sidebar. Appointments can include office hours, group presentation time slots, and lunch with an alumnus.

Scheduler is an optional feature that may not be available to you in the Calendar.

Open Calendar

In Global Navigation, click the Calendar link.
Find Appointment

In the Calendar sidebar, click the Find Appointment button.

Select Course

If a course includes an appointment, the name of the course displays in the Course drop-down menu. Select the course where you want to look for an appointment [1], then click the Submit button [2].
View Appointments

View the appointments available for the course. Faded time slots indicate the time slot has been reserved.

View Next Available Appointment

The next available appointment in this course is on July 14, 2017

If your calendar is set to either the Week or Month view, and there are no available appointments in the visible date range, the Calendar will let you know the date of the next available appointment. You can click the date in the window to view available appointments.
Reserve Appointment

In the calendar, click the time slot you want to reserve [1]. In the appointment window, you can view the appointment time, calendar, and details. If you want to leave any comments for your instructor, you can type them in the Comments field [2].

To sign up for the time slot, click the Reserve link [3].
**View Updated Appointments**

Once you have reserved a time slot, the time slot fades in the calendar.

If you want to choose another time slot instead, click the new time slot and repeat the reservation process.

**Confirm New Appointment**

Cancel existing reservation and sign up for this one? ✗

You are already signed up for:
Jul 14, 2pm - 2:30pm
Would you like to cancel that and sign up for this?

If you choose another time slot, the Calendar will confirm you already have a reserved appointment. If you want to reschedule with the new appointment time, click the Reschedule button [1]. However, if you want to keep your original appointment, click the Do Nothing button [2].

Close Appointments

When you are finished with course reservations, click the Close button.
View the appointment added to your course calendar.
Change Appointment

View the appointment added to your course calendar.
Unreserve Appointment

History 101 Office Hours

Jul 14, 2pm - 2:30pm

Calendar  History 101
Location  History Building, Office 101
Details  This is an opportunity for you to ask any questions you have about the course.
Comments  I would like to discuss the final project.

To completely cancel your appointment, click the appointment time [1] and click the Un-reserve link [2].
Delete Reservation

Confirm Reservation Removal

Are you sure you want to delete your reservation to this event?

Reason for deletion:

1

Cancel  Delete

2

In the comment field [1], let your instructor know why you need to delete your reservation. Click the Delete button [2].
How do I use Chat as a student?

The Chat tool can be used for real-time conversation with course users. Any user in the course can participate in a chat conversation. All content in a course chat can be viewed by anyone in the course. Currently there is no load limit for a course chat, but larger numbers of course users may affect performance.

A user must be actively viewing the chat tool to appear in the chat list. You can open Chat in a new browser window while viewing other areas in Canvas.

Note:
- If you cannot view the Chat tool, Chat has not been enabled for your institution.
- You cannot delete chat messages.

Open Chat

In Course Navigation, click the Chat link.
When you open the Chat page, you immediately join the chat. Chat discussion appears in the content window [1].

To receive alerts for new chat messages, click the **New message alerts** button [2]. If this option is turned on, you will receive alerts if Chat is open in Canvas but your browser window is minimized or you are viewing another browser tab. Alerts will not send if you leave Chat to view another area in Canvas.
View Online Users

Chat displays the number of users who are in the chat [1]. To view a list of these users [2], hover your cursor over the number.

View Time Stamp

When a user sends multiple chat messages without another user sending a message, all messages will appear under the first message's time stamp. To view additional time stamps, hover your cursor over the message.

Send Message

What should we study for the test next week?
To send a chat message, enter your message in the chat window [1]. To add an emoji to your message, click the Emoji icon [2]. Then click the Send button [3].

View Chat History

Course Chat

Message history each course is included in the chat. Chat history can be accessed indefinitely by loading more results and scrolling through previous course chats.

You can also access Chat history with the Load more results button. This button is hidden by default and can be viewed by simultaneously pressing the Shift and Tab keys (Option and Tab in Safari) on your keyboard until the button appears and is selected.
How do I use inline chat as a student?

If configured for your institution, inline chat allows you to communicate with other users in a course from areas other than the Chat page.

When inline chat is enabled, any user viewing the course will appear as online on the Chat page. Currently there is no load limit for a course chat, but larger numbers of course users may affect performance.

You can also chat with course users from the Chat page.

Notes:

- If you cannot view inline chat, it has not been enabled for your institution.
- Chat alerts are not available for inline chat.

Open Course

In Global Navigation, click the Courses link [1] and click the name of your course [2].
Open Chat

View inline chat in your course [1]. To open your chat, click the **Expand** icon [2]. Chat must be reopened whenever you navigate to a new page within your course.
View Chat

Chat messages appear in the content window.
Send Message

To send a chat message, enter your message in the chat window [1]. Then click the **Send** button [2].
Hide Chat

Course Chat
Good morning class!

Any questions about next week's test?

Jane Smith 1/25/18 11:13 AM
Will the Declaration of Independence be included on this test?

Doug Roberts 1/25/18 12:08 PM
INSTRUCTOR
Yes. It will be.

Jane Smith 1/25/18 12:11 PM
Thank you!

To hide the chat window, click the Collapse icon.
How do I view Collaborations as a student?

If you've been invited to join a collaboration, you can access the collaboration from Canvas. Collaboration files can also be viewed your online account for the collaboration type (OneDrive or Google Drive, respectively).

If your institution grants permission, you can create collaborations in the course. Your instructor can always view any collaboration you create, though other students can only view collaborations that have been shared with them. If your instructor has added you to a course group, you can always create collaborations within a group.

You can choose to receive notifications about collaborations in your Canvas notification preferences.

**Note:** Depending on your institution's preference, your Collaborations page may not match the images shown in this lesson. However, functionality of the page remains the same.

Open Collaborations

In Course Navigation, click the **Collaborations** link.
View Collaborations

The Collaborations page displays all collaborations where you have been invited to participate. For each collaboration, you can view the name of the collaboration [1], the description [2], the person who created the collaboration [3], and the date and time the collaboration was created [4].

Add Collaboration

If you have permission, your institution may allow you to create collaborations in your course.

To create a new collaboration, click the **Start a new collaboration** button.
Depending on your institution's preference, you may be able to create a Google Drive collaboration or create a Microsoft Office 365 collaboration.

If your collaborations page does not match the image shown in this lesson, you can still create a Google Docs collaboration.

Open Collaboration

To open a collaboration, click the name of the collaboration.

**Note:** The collaboration will open in a new tab. You may be asked to sign in to view the file.
View File

Hi everyone! Here are the tasks. Be sure to list your resources when you have them.

Jessica: Introduction
Ben: Summary
Emily: Visual Aids

View the file in Google Drive or OneDrive, respectively.
How do I create a Google Docs collaboration as a student?

You can start a new collaboration using Google Docs in Canvas. Google Docs allows you to add up to 50 users per collaboration, and all users can view and edit a document at the same time. However, a Google file may be shared with up to 200 email addresses including viewers, commenters, and editors.

Google Docs collaborations are separate from Google Drive collaborations. If your collaboration options include Google Spreadsheets and Presentations in addition to Documents, your course has enabled Google Drive collaborations.

Notes:

- This lesson is for creating a collaboration in a course; when collaborations are created in a group, only group members and users with instructor-based roles (including TAs) can be selected as collaborators. However, your instructor can always view your collaboration.
- Creating a collaboration is a course permission. If you cannot create a collaboration in a course, your institution has restricted this feature.
- When creating a collaboration you cannot link to a previously created collaboration.
- Each collaborator will need a Google account and will need to connect Google Drive as a registered service in Canvas.
- Google Apps for Education (integration with your school) works with Google Docs in Canvas. Please note, if your school email does not allow access to Google Docs, you will need to use a regular Google account (i.e. example@gmail.com).
- Email notifications for collaborations relate directly to the account used to connect to Google Drive.

Open Collaborations

In Course Navigation, click the Collaborations link.
Start a New Collaboration

Click the Start a new collaboration button.

Authorize Google

Google Docs is a great place to collaborate on a group project. It’s like Microsoft Word, but lets you work together with others on the same file at the same time without having to email it around.

**Warning:** you (and all your collaborators) will need a Google account in order to participate in any Google Docs collaborations.

Before you can collaborate on documents, you need to authorize Canvas to access your Google Drive account:

Authorize Google Drive Access  Cancel

If you have not previously authorized Google Drive access in Canvas, you may be prompted to authorize access. Click the **Authorize Google Drive Access** button to log in to Google.
Collaborate Using Google Docs

Start a New Collaboration

Collaborate using: Google Docs

Google Docs is a great place to collaborate on a group project. It's like Microsoft Word, but lets you work together with others on the same file at the same time without having to email it around.

**Warning:** you (and all your collaborators) will need a Google account in order to participate in any Google Docs collaborations.

Click the **Collaborate using** drop-down menu and select Google Docs.
Create Collaboration Document

To create a collaboration document using Google Docs, you will first need to name the document [1], create a description [2], and select collaborators [3]. By default, you can view the list of people in the course and can collaborate with individual or multiple users in the course. You can also click the Groups tab and collaborate with a group.

Click the Start Collaborating button [4].

Notes:

- Google Docs allows you to add up to 50 users per collaboration, and all users can view and edit a document at the same time.
- Collaborators must have a Google account and will need to authorize Canvas before they can view the collaboration.
- You can add multiple groups to a collaboration, but all groups will collaborate in the same document. For group-specific collaborations, consider creating a new collaboration for each group or creating a group collaboration from groups.
Edit Document

Please add your thoughts about what we should study for the exam.

View the newly created document in a new browser window.

Note: By default, any collaborator can share the document. The document owner can manage the document’s share settings from within the Google Doc.
How do I create a Google Drive collaboration as a student?

You can use Google Drive to create a collaboration with a Google Document, Spreadsheet, or Presentation. You can select individual users, groups, or both as part of a collaboration.

Google Docs allows you to add up to 50 users per collaboration, and all users can view and edit a document at the same time. However, a Google file may be shared with up to 200 email addresses including viewers, commenters, and editors.

Notes:

- This lesson is for creating a collaboration in a course; when collaborations are created in a group, only group members and users with instructor-based roles (including TAs) can be selected as collaborators. However, your instructor can always view your collaboration.
- Creating a collaboration is a course permission. If you cannot create a collaboration in a course, your institution has restricted this feature.
- When creating a collaboration you cannot link to a previously created collaboration.
- Google Drive collaborations are separate from Google Docs collaborations.
- Once you invite a user to a collaboration, the collaboration is available to the user in the user’s Google Drive. Uninviting the user or deleting the collaboration does not remove access to the collaboration once a user has been added.
- Once a you have created a Google Drive collaboration, only users invited to participate in the collaboration may access and edit the document. The document's share settings cannot be modified from within the Drive document. The only way to add a collaborator is by adding them to the collaboration in Canvas.

Open Collaborations

In Course Navigation, click the Collaborations link.
Start a New Collaboration

Click the Start a new collaboration button.

Authorize Google

If you have not previously authorized Google Drive access in Canvas, you may be prompted to authorize access. Click the Authorize button.
Select Type

In the Kind drop-down menu, select the type of collaboration you want to create. You can create a Document, Spreadsheet, or Presentation.

Add Details

To create a name for the collaboration, click the Name header [1]. The page will create a text field for you to enter the name [2].

To create a description for the collaboration, click the Description header [3]. The page will create a text field for you to enter the description [4].
Add People

The collaboration defaults to the People tab. If you want to collaborate with individual people in your course, click the name of a user you want to add to the collaboration [1]. The user's name will move to the right side of the window [2]. Add as many users as necessary.

Notes:

- Your instructor can view and access all collaborations added in the course, even if you do not add your instructor to the collaboration directly.
- Collaborators must have a Google account and will need to authorize Canvas before they can view the collaboration.
- You can add multiple groups to a collaboration, but all groups will collaborate in the same document. For group-specific collaborations, consider creating a new collaboration for each group or creating a group collaboration from groups.
Remove Collaborators

Remove Collaborators

To remove a collaborator, click the Remove icon [1]. To remove all users, click the Remove All link [2].

Add Groups

You can also create collaborations with groups. To select an entire group, click the Groups tab [1]. Select the group(s) you want to add to the collaboration [2].

Notes:

- You can select individual users as well as a group in a collaboration.
• Collaborators must have Google account and will need to authorize Canvas before they can view the collaboration.

Submit Collaboration

Click the **Submit** button.

View Collaboration

**History Project Tasks**

Tracking tasks, time, and assignments for our project.

Started by Doug Roberts, Jan 29 at 11:29am

View your collaboration. To edit the collaboration, click the **Edit** icon [1]. To delete the collaboration, click the **Delete** icon [2].
How do I create a Microsoft Office 365 collaboration as a student?

You can use Microsoft Office 365 to create a collaboration with a Microsoft Word, Excel, or PowerPoint file. You can select individual users, groups, or both as part of a collaboration.

Notes:

• This lesson is for creating a collaboration in a course; when collaborations are created in a group, only group members and users with instructor-based roles (including TAs) can be selected as collaborators. However, your instructor can always view your collaboration.
• Creating a collaboration is a course permission. If you cannot create a collaboration in a course, your institution has restricted this feature.
• Once you invite a user to a collaboration, the collaboration is available to the user in the user’s Microsoft OneDrive. Uninviting the user or deleting the collaboration does not remove access to the collaboration once a user has been added.
• When creating a collaboration you cannot link to a previously created collaboration.

</tbody>
</table>
You can also create collaborations with groups. To select an entire group, click the Groups tab [1]. Select the group(s) you want to add to the collaboration [2].

**Note:**

- You can select individual users as well as a group in a collaboration.
- You can add multiple groups to a collaboration, but all groups will collaborate in the same document. For group-specific collaborations, consider creating a new collaboration for each group or creating a group collaboration from groups.

**Save Collaboration**

Click the Save button.

**View Collaboration**

You can view your collaboration. To edit the collaboration, click the Edit icon [1]. To delete the collaboration, click the Delete icon [2].
How do I delete a collaboration as a student?

If you are the creator of a collaboration, you can delete the collaboration from Canvas. Deleting the collaboration only removes access to the collaboration in Canvas. Users can still view the collaboration in their online account for the collaboration type (OneDrive or Google Drive, respectively).

Once a term ends or a course is concluded, the collaboration document will still be available from Canvas and the collaboration's source drive. If the document settings remain unchanged, users can still access the collaboration file, but any updates are not reflected in course notifications.

If you want to retain the collaboration document as part of the course or for your records, you may consider changing the sharing settings so the document is only available for viewing (and possibly disabling options to download, print, and copy). You can also change the sharing settings so that the document is no longer available to any users.

Google Drive and OneDrive

When deleting a Google Drive or OneDrive collaboration, the collaboration is immediately removed from the course. However, users can still access the file in their online account for the collaboration type.

Google Doc

If you are deleting a Google Doc, you can choose to delete the collaboration only from the course, or you can delete it from the course as well as Google Docs. However, deleting the document from Google Docs immediately deletes the collaboration and cannot be recovered.

Note: Depending on your institution's preference, your Collaborations page may not match the images shown in this lesson. However, functionality of the page remains the same.
Open Collaborations

In Course Navigation, click the Collaborations link.

Delete Collaboration

Current Collaborations

Final Essay Collaboration - Hist. 310
Come here to discuss and collaborate with one another for your final essay.
Started by Doug Roberts, Dec 4 at 1:55pm

Final Test Review
Started by Emily Boone, Dec 4 at 1:35pm

Locate the collaboration and click the Delete icon.
Delete Google Doc

If you are deleting a Google Doc, Canvas will ask you if you want to delete the collaboration from Canvas or also delete from Google Docs.

If you only want to delete the Google Doc link from Canvas, click the **Just Delete from Canvas** button [1]. This option removes the Google Doc link from Canvas, but users can still access the document in their Google account.

If you want to remove the document from Google Docs as well, click the **Also Delete From Google Docs** button [2].

**Note:** The **Also Delete From Google Docs** option immediately deletes the document from Google Docs, and the document cannot be recovered. If you want to retain the document for your records, open the Google Doc and change the sharing and owner settings, or create a copy of the document before deleting.
Conferences
How do I use Conferences in a course as a student?

The Conferences page allows you to view all the conferences within a course. As a student, you can join conferences where you have been invited to participate.

In student groups, you can create new conferences, start conferences, and manage concluded conferences.

**Note:** Creating a conference is a course permission. If you cannot create a conference, your institution has restricted this feature.

Open Conferences

In Course Navigation, click the **Conferences** link.
View Conferences

You can view conferences where you have been invited to participate.

Conferences are grouped in two parts: New Conferences [1] and Concluded Conferences [2]. Both always display the conference name [3] and description [4].
New conferences will be listed in the index, but they cannot be accessed until the host has started the conference. When the conference is available, click the Join button [1]. Once the conference has started, the conference status shows as in progress [2].

You can join the conference for as long as the Join button is available. Some conferences only allow you to join the conference for a specific amount of time.
**View Concluded Conferences**

Concluded conferences display in the Concluded Conferences section. Each concluded conference shows the title, date, and description of the conference.

**View Recorded Conference**

When your conference has concluded, click the name of the recorded conference [1]. To replay the conference, click the recording format link [2]. The recording format displays as either a presentation or a video.
The recording format link does not appear until the conference has been rendered for playback. Depending on the length of your conference, this process may take several hours. The length of the conference is indicated in hours:minutes (e.g. 0:18 is 18 minutes).

If your conference included closed captioning, the playback bar for the video displays a CC button to view the available captions.

**Note:** For all basic Conference accounts, recordings are automatically deleted 14 days after the conference ends.

**View Statistics and Notes**

If you created a conference in a group, you may be able to view statistics and notes for your conference.

If your institution has upgraded to the Canvas Conferences premium tier, you can view conference statistics by clicking the Statistics link [1].

If your conference included shared notes, you can view the notes by clicking the Notes link [2]. The shared notes will display in a new browser tab, where they can be viewed and copied.

**Note:** Notes are only available for recorded conferences.
How do I create a conference in a student group?

You can create a conference in your student group. Conferences can be created with as many users as needed, though the recommended guideline is a limit of 100 users.

You can create multiple conferences, which are listed in chronological order by the date they were created. The most recently created conference will appear at the top of the list.

**Note:** Creating a conference is a course permission. If you cannot create a conference, your institution has restricted this feature.

Open Conferences

In Group Navigation, click the **Conferences** link.

Create New Conference

Click the **Add Conference** button.
Add Conference Details

To create a new conference, type a name for the conference in the name field [1].

If you want to set a time limit on how long invited members are able to join the conference, enter the number of minutes in the duration field [2]. The time limit will begin when the presenter starts the conference. Once the duration has expired, new participants will be unable to join and the conference will continue until the last person leaves the conference room or the conference organizer concludes the conference.

If you want to enable recording options for this conference, select the Enable recording for this conference checkbox [3].

If you don't want to set a time limit for the conference, you can create a long-running conference by selecting the No time limit (for long-running conferences) checkbox [4].

To create a description of your conference, type a description in the description field [5].
Invite Course Members

You can add any user in your group to your conference. However, once a user has been invited, the user cannot be removed from the conference.

By default, all members in the group will be invited to the conference [1].

To remove all group observer members from the conference invitation, select the Remove All Group Observer Members checkbox [2]. When this checkbox is selected all course members except observers are invited to the conference.

Note: Conferences can accommodate as many users as needed, though the recommended guideline is a limit of 100 users. If your group contains more than 50 people, you will have to invite group members individually.

Select Individual Members

If you want to select specific members of your group, deselect the Invite All Group Members checkbox [1]. Select the checkbox(es) for the individual member(s) you would like to invite [2].
View Conference

New Conferences

Group Project Conference  Start  

View your created conference.
How do I delete a conference in a student group?

You can delete new and concluded conferences.

**Note:** Deleting a concluded conference also immediately removes the conference from the server, in addition to all associated recordings.

**Open Conferences**

- Syllabus
- Outcomes
- Quizzes
- Modules
- Conferences
- Collaborations
- Chat

In Group Navigation, click the **Conferences** link.
Delete Conference

Click the settings icon [1] and click the Delete link [2].

Confirm Deletion

Are you sure you want to delete this conference?

Start it now

Cancel OK

Click the OK button.
How do I edit a conference in a student group?

You can edit conferences within your student groups. Conferences can be edited by any group member. You can add new users to the conference, but you cannot remove any users who have already been invited.

**Note:** When a conference has been recorded and the conference is concluded, you cannot edit the conference recording.

Open Conferences

In Group Navigation, click the **Conferences** link.
Edit Conference

Click the settings icon [1] and select the Edit link [2].

Edit Conference Details

Edit "Group Project Conference"

Name: Group Project Conference
Type: BigBlueButton
Duration: 60 minutes
Options: Enable recording for this conference, No time limit (for long-running conferences)
Description: 

Members

Invite All Group Members

Edit the fields you'd like to change.
Update Conference

Click the **Update** button.

View Conference

View the updated Conference.
How do I record a conference in a student group?

As part of creating or editing a conference, you can choose to set up your conference to be recorded. Once this setting is enabled, you can start and stop the recording as necessary in the Conferences interface.

After the conference has concluded, you can view recorded segments in the group Conferences page. If you recorded multiple segments in your conference, each segment will be a separate recording.

Recording Restrictions

- When creating your conference, you must select the record option to record the conference.
- Canvas’ standard recording feature will store your recordings in Conferences for 14 days and then remove them automatically.
- Recorded conferences cannot be downloaded.
- Recorded conferences can only be viewed inside the group where the conference was recorded; URLs cannot be shared outside Canvas.

Note: Creating a conference is a course permission. If you cannot create a conference, your institution has restricted this feature.

Open Conferences

In Group Navigation, click the Conferences link.
Create New Conference

Click the Add Conference button.

Enable Recording

While completing the details for the conference, click the Enable recording for this conference checkbox.
Update Conference

Click the **Update** button.

Once you [start your conference](#), you can start and stop the recording as necessary in the Conferences interface.
How do I start a conference in a student group?

You can start conferences that you have created for your group.

Open Conferences

Syllabus
Outcomes
Quizzes
Modules
Conferences

In Group Navigation, click the Conferences link.

Start Conference

Group Project Conference
We will discuss our upcoming project.

Next to the conference you want to start, click the Start button.

Canvas will direct you to the conference room for your conference.
How do I join a conference in a course as a student?

You can join a conference that has already been started by the conference host.

To use your microphone, you must give Conferences access to your microphone settings. As part of joining the conference, you must verify these settings in your browser.

Note: It is recommended that users use Chrome or Firefox browsers to access the Conferences interface.

Open Conferences

In Course Navigation, click the Conferences link.

Join Conference

Next to the conference you want to join, click the Join button.
Note: You cannot join a conference until the conference host has started the conference.

Join Audio

To use your microphone during the conference, click the Microphone icon [1]. To join the conference without enabling a microphone, click the Listen only icon [2]. You will be able to change your audio preference once you've joined the conference.

View Chrome Microphone Permissions

To enable a microphone in a Chrome browser, click the Allow button.
View Firefox Microphone Permissions

To enable a microphone in a Firefox browser, select your microphone in the Microphone to share menu [1]. Then click the Allow button [2].

Audio Test

This is a private echo test. Speak a few words. Did you hear audio?

1. Yes
2. No
To ensure your audio is working correctly, complete the private audio echo test. Speak a few words and if you hear audio, click the **Yes** icon [1]. To choose a different microphone and repeat the audio test, click the **No** icon [2].

**Note:** It is recommended that you use a headset with a microphone for best audio experience.

**View Conference**

View the conference.

Learn how to use the Conferences interface.
How do I use the Conferences interface as a participant?

Once you have joined a conference as a participant, the Conferences interface contains multiple tools to help you participate in the conference. Any student who joins a conference that was started by someone else will be considered a participant.

You may also start a conference or be given the role of presenter or moderator. Learn more about using the Conferences interface as a moderator or presenter.

The Conferences interface is displayed using BigBlueButton's HTML5 conferencing system. This guide provides a basic overview of the Conferences interface. To learn more about specific features, view BigBlueButton's HTML5 user documentation.

It is recommended to use Chrome or Firefox browsers to access the Conferences interface. Screen sharing is not supported on Safari browsers.

View Conferences Interface
The Conferences interface contains a variety of tools to help you moderate and participate in your presentation. The interface consists of the following areas:

- User Menu [1]
- Presentation Window [2]
- Conference Tools [3]
- Options Menu [4]

### View User Menu

From the User Menu, you can view all the users in the conference [1].

You can also chat with conference participants and contribute to shared notes. To open the conference chat, click the Public Chat link [2]. To open the Shared Notes, click the Shared Notes link [3].

The User Menu is open by default. To close the User Menu, click the User Menu icon [4].
The Presentation Window displays the presentation that has been uploaded by the moderator or presenter [1]. If the conference is being recorded, the recording time will display at the top of the screen [2].

The Presentation Window also includes several tools that control how you can participate in the conference. To mute or unmute your microphone, click the Microphone button [3]. To leave or join the conference audio, click the Audio button [4].

To enable your webcam, click the Webcam button [5]. If webcams are enabled, you can hide the presentation window and display only webcams by clicking the Hide icon [6].
If the moderator allows, participants can use tools to annotate the presentation window. To use a pencil to draw in the presentation window, click the **Pencil** icon [1].

To view all annotation tools, click and hold the Pencil icon. In addition to the pencil tool, you can also create text annotations [2], line annotations [3], or shape annotations [4].

To pan a document that has been zoomed in, click the **Pan** icon [5].

To adjust the thickness of an annotation, click the **Thickness** icon [6]. To adjust the color of the annotation, click the **Color** icon [7].

To undo the most recent annotation, click the **Undo** icon [8]. To delete all annotations that you have created, click the **Delete** icon [9].

**Note:** If you cannot view the annotation tools, they are not enabled for participants in your conference.
Open Options Menu

To open the Options menu, click the **Options** icon [1].

To view the conference in fullscreen mode, click the **Make fullscreen** option [2].

To view information about the interface, click the **About** option [3]. To view help tutorials, click the **Help** option [4]. To view hotkeys, click the **Hotkeys** option [5].

To logout of the conference, click the **Logout** option [6].

View Settings Menu

To view settings, click the **Settings** option [6].
To open the Settings menu, click the Settings link.

Manage Application Settings

To manage applications settings, click the Application link [1].

To enable or disable animations that display when a user is speaking, click the Animations button [2].

To enable or disable chat alerts, click the Audio Alerts for Chat or Popup Alerts for Chat buttons [3].

To select a language for the interface, click the Application Language drop-down menu [4] and select the language. To adjust the font size, click the Decrease or Increase buttons [5].

Note: Chat alerts only function within the same browser in which the Conferences interface is open.
Manage Data Savings Settings

To manage data saving settings, click the **Data savings** link [1].

To enable or disable webcams, click the **Enable webcams** button [2]. To enable or disable desktop sharing, click the **Enable desktop sharing** button [3].
How do I use the Course Home Page as a student?

If you are enrolled in a course as a student, the Course Home Page helps you navigate your course and manage your coursework.

Open Course

In Global Navigation, click the Courses link [1], then click the name of the course [2].
The Course Home Page involves Course Navigation [1], the content area [2], and the sidebar [3].
View Course Navigation

The Course Home Page is viewed from the Course Navigation Home link [1].

Course Navigation includes links that help you and your students get to specific locations in the course. Instructors can customize what links are shown in a course, so if you don't see links that may display in other courses, your instructor has hidden those links from your view.

The active link of the page you are viewing is highlighted with different color text and a line indicator. This highlight helps you quickly identify the feature area you are currently viewing in Canvas.

You may also see course indicators [2] that show updates to your course grades when your instructor grades your assignments.
Collapse Course Navigation Menu

To expand or collapse the Course Navigation Menu, click the **Menu** icon.
View Content Area

To Do

- Peer Review for Position Paper
  - Due: Jun 12 at 12pm
- A Closer Look: The United States Constitution Written Response
  - Due: Jun 25 at 11:59pm
- The Declaration of Independence: A Revolutionary Text
  - Due: Jul 2 at 11:59pm

Course Groups

Study Group 1

Recent Feedback

- Resolution Review
  - Score: 90 / 100
  - Comment: "Great job!"
- Patriotism or Treason? Colonists vs. British Citizen Point of View Essay
  - Status: Pass
  - Comment: "I can see you put a lot of thought into your argument. Good job!"
- Historical Video Assignment
  - Comment: "Great work, Emily. Remember to look at the camera while giving your presentation."

More...
The sidebar functions the same as the Dashboard sidebar but only shows content for the specific course and includes additional options.

If your Course Home Page displays a page other than the Course Activity Stream, you can view the course activity stream by clicking the sidebar View Course Stream button [1]. When the Home Page is set as the Course Activity Stream, this button will not appear.

If you have been added to a group in your course, the Course Group section [2] includes links to your course groups.

View Sidebar Sections

The sidebar always shows the To Do section [1], which shows all recent announcements and up to seven assignments that are due in the upcoming weeks, including ungraded quizzes and assignments that do not require a submission. Each item in the To Do list displays the assignment name, the number of points, and the due date for the assignment. Once the due date has passed, items remain in this section for four weeks.

The sidebar can also include a variety of other sections, depending on the layout your instructor sets for the Course Home Page. Additional sidebar options include the Assignment list, Calendar and Assignment Groups, and Recent Feedback.
Manage Sidebar Items

Each section item displays an icon [1] to differentiate between assignments and peer review assignments.

If a section contains more items than are listed, a link will appear under the list that you can use to view additional items [2].

The To Do section shows up to seven items with due dates in the upcoming weeks. To view more items, you must manually remove items from the list. To remove a To Do item, click the remove icon [3].

Note: Assignments submitted through Canvas disappear automatically from the To Do list; no-submission assignments (submitted on paper/in class) can only be removed from the list manually.
How do I use the Course Activity Stream as a student?

The Course Activity Stream shows you important recent activities from a single course including announcements, discussions, assignments, and conversations. This stream is similar to theGlobal Activity Stream in the Dashboard when you first log in to Canvas.

The following activities will cause notifications to appear in the Course Activity Stream:

- New Announcements
- Replies to Announcements
- New Discussions
- New Discussion Posts
- New Assignments
- Assignments, Quizzes, or Discussions Changed from Ungraded to Graded
- Due Date Changes to Assignments, Quizzes, and Discussions
- New Graded Assignments
- New Peer Review Assignments
- New Conversation Messages

Notes:

- Notifications in the Course Activity Stream will not appear for activity in Files, Collaborations, Grades, Pages, or Conferences; ungraded quizzes and surveys; or edits to Discussions.
- Edits to Quizzes and Assignments will only appear in the Course Activity Stream when the Notify users that this content has changed button has been selected.
- If your Course Home Page is already set to view the course stream, the View Course Stream link does not appear in the course sidebar.
Open Course

In Global Navigation, click the Courses link [1], then click the name of the course [2].
Open Course Activity

In the Home Page sidebar, click the **View Course Stream** button.

**Note:** If your Course Home Page is already set to view the course stream, the View Course Stream link does not appear in the course sidebar.
View Course Activity

The Course Activity Stream contains recent notifications in the course, including announcements, discussions, assignments, and conversations. This activity stream helps you see all recent activity in your course and easily ask questions and post to discussion forums. Unlike course cards on the Dashboard, the activity stream does not mimic visibility of Course Navigation links.

You can manage recent activity in a course the same way you can on the Dashboard. Activities are indicated by activity type and display an icon [1] for the activity. New activity in your account is indicated by a blue dot [2]. Discussions and Announcements indicate new activity items published in a course, and Conversations indicate a new message received from a user in a course. Recent Activity items remain for four weeks.

Note: To receive notifications for Discussions, you must actively post in the discussions at least once every two weeks. If you stop participating in a discussion after two weeks, Canvas will no longer display discussion notifications.

Expand and Collapse Notifications
You can view the details of each activity by hovering in the notification area and clicking the **Show More** link [1]. To collapse recent activity, click the **Show Less** link [2].

**Manage Recent Activity**

### Recent Activity in Bio 101

- **1 Announcement**
  - **Assignment Created - Group Project, Biology 101**
    - Dec 18 at 3:53pm

You can directly access your recent activities by clicking the activity link [1]. To remove a notification, click the **remove** icon [2].
How do I drop a self-enrolled Canvas course?

If you decide you want to drop a course you self-enrolled in using Canvas, follow these steps.

**Note:** You can only drop a self-enrolled Canvas course while it is in progress (between the course start date and end date). Also, if you did not enroll in the course using the given URL or join code, meaning you were manually or automatically added to the course, you will have to ask your teacher or institution to be removed from the course.

Open Course

In Global Navigation, click the **Courses** link [1], then click the name of the course [2].
Drop this Course

In the sidebar, click the **Drop this Course** button.

**Note:** You can only drop a self-enrolled Canvas course while it is in progress (between the course start date and end date). Also, if you did not enroll in the course using the given URL or join code, meaning you were manually or automatically added to the course, you will have to ask your teacher or institution to be removed from the course.
Confirm Un-enrollment

Drop this Course

Confirm Unenrollment

Are you sure you want to unenroll in this course? You will no longer be able to see the course roster or communicate directly with the teachers, and you will no longer see course events in your stream and as notifications.

Click the **Drop this Course** button to un-enroll from the course. You will no longer be able to see the course roster, communicate with people in the course, and see course events or notifications.
How do I use the Syllabus as a student?

The Syllabus helps your instructor communicate course expectations and information. The Syllabus is automatically populated by assignments and events in the course.

Your instructor has the option to set the Syllabus to be the home page for your course as well.

Open Syllabus

In Course Navigation, click the Syllabus link.
View Syllabus

Welcome to HIS101, American History!

This course is a short 5 week review course that covers US History from 1775 to 1791, including the Declaration of Independence, Revolution, Articles of Confederation and the Constitution, and the Bill of Rights. My name is Aren Jurd and I will be your instructor for this course.

The table below contains all the due dates for the course. Throughout the course, you will be engaged in peer interactions on discussion boards and peer reviews, collaborative work in teams, groups, and circles, watching videos, writing, and completing quizzes. The variety of activities should provide you with a wide range of opportunities for learning.

Use the discussion or course questions if you need explanation of any of the course assignments or activities.

A note on working with others... in this course, you will see that you may sign up to work with a team, a group, and a circle to edit three different wiki pages. These working organizations will allow you opportunities to work with a variety of people, and will help differentiate between the wiki page assignments. You are expected to work collaboratively within these structures. You may choose your own team, group or circle as the class starts the module in which they are assigned. The wiki page edits are due at the same time as the quiz for the module.

Click the Modules button on the left menu of the Home button to get started. Good luck on the course!

Mr. Jurd

Course Summary:

<table>
<thead>
<tr>
<th>Date</th>
<th>Details</th>
<th>Due</th>
</tr>
</thead>
<tbody>
<tr>
<td>Wed Jul 4, 2018</td>
<td>Holiday - No Class</td>

If you have set a specific time zone in your User Settings, all course dates and times will display in your local time, but if you hover over the time, you can also see the course date and time.
View Sidebar

1. The sidebar section displays information about course events and grading. If your Syllabus is also set as your course home page, the sidebar may also include additional features.

2. The Syllabus sidebar includes a mini calendar [1]. Any date that includes an event or assignment due date are shown with a gray background. To view an associated assignment or event in the Syllabus table, click the calendar date.

If your course includes weighted assignment groups, the sidebar may also shows the percentages of each group [2].

Note: If you cannot view assignment group totals, your instructor has restricted this feature.
How do I view New Analytics in a course as a student?

As a student, you can view New Analytics in a course.

Available analytics include course grade, weekly online activity, and communication. By default, the analytics page displays an interactive chart graph of all data. However, you can view data within a table at any time.

**Notes:**

- If you cannot view an option to access New Analytics, your instructor may not have enabled this feature.
- Data is refreshed in New Analytics every 24 hours. Please confirm the time data was last updated in the course, as content may be outdated compared to recent activity and submissions.

Open Course

In Global Navigation, click the **Courses** link [1], then click the name of the course [2].
To open New Analytics, click the New Analytics link in Course Navigation [1] or the New Analytics button in the Course Home page [2].

Note: If you cannot view an option to access New Analytics, your instructor may not have enabled this feature.
By default, student analytics opens to the **Course Grade** tab [1]. The Course Grade graph shows your submission status and grade for all the assignments in the course. Your current course grade is shown above the chart graph [2].

The x-axis displays an icon to indicate if the activity is an assignment, quiz, or discussion. The y-axis indicates the grade percentage.

To download a CSV of your course grade data, click the **Download** button [5].
View Assignment Details

To view more details about an assignment, click the dot [1].

Each assignment will display the title [2], due date [3], grade [4], and status label [5]. The status label may display as on time, missing, late, or excused.
To view course grade data in a table, click the **Options** icon and select the **Data Table** option. The data table shows the assignment name, due date, status, and grade. The table can be sorted by clicking any column heading.
View Weekly Online Activity Graph

To view your weekly online activity, click the **Weekly Online Activity** tab [1]. Your total page views and total participations are displayed above the chart [2].

Data is displayed as a chart with two rows: average page views [3] and average participations [4]. The following actions will generate participations:

- Announcements: posts a new comment to an announcement
- Assignments: submits an assignment
- Collaborations: loads a collaboration to view/edit a document
- Conferences: joins a web conference
- Discussions: posts a new comment to a discussion
- Pages: creates a page
- Quizzes: submits a quiz
- Quizzes: starts taking a quiz

Incomplete data is predicted and indicated by a broken line [5].

To download a CSV of the weekly online activity data, click the **Download** button [6].
View Weekly Online Activity Data Table

<table>
<thead>
<tr>
<th>Course Grade</th>
<th>Weekly Online Activity</th>
<th>Communication</th>
</tr>
</thead>
<tbody>
<tr>

</tbody>
</table>

To view weekly online activity in a table, click the Options icon [1] and select the Data Table option [2]. The data table shows the week start date [3], number of page views [4], and number of participations [5]. The table can be sorted by clicking any column heading.
To view an overview of messages, click the **Communication** tab [1]. The Communication graph shows the number of conversations that have taken place between you and your instructor(s) in the Canvas Inbox. The total number of messages sent by you and your instructors is displayed above the graph [2].

The x-axis shows the date range and the y-axis shows the number of messages sent. Student and instructor messages are differentiated by different colors. To improve contrast in the chart, click the **Chart Options** icon [3] and select the **Display Shapes** option [4].

To view the details of the bar graph, hover over the specific bar you want to view. You can view the total number of messages sent for the date range. Click the bar to view the specific days and number of messages that were sent in the range.

To download a CSV of the communication data, click the **Download** button [5].

Discussions
How do I view Discussions as a student?

The Discussion Index page allows you to view all the discussions within a course.

Note: Your instructor may choose to hide the Discussions link in Course Navigation. If the Discussions link is not available, you can still access Discussions through other areas of Canvas.

Open Discussions

- Home
- Assignments
- Modules
- Syllabus
- Grades
- Announcements
- Discussions

In Course Navigation, click the Discussions link.
View Discussions

Discussions are organized into three main areas.

**Discussions** [1]: These are current discussions within the course. Discussions are ordered by most recent activity. You will only see this section heading if there are discussions within this section.

**Pinned Discussions** [2]: These are discussions that your instructor wants you to pay specific attention to and will appear at the top of the Discussions page. *You will only see this section heading if there are discussions within this section as designated by your instructor.*

**Closed for Comments** [3]: These discussions have been manually closed for comments, or the discussion is past the available from/until date. These are discussions that are only available in a read-only state and are ordered by most recent activity. You will always see this section heading, even if there are no discussions within this section.
### View Individual Discussion

Each discussion displays whether or not it is a graded discussion [1], the name of the discussion [2], the date on which the last discussion reply was posted [3], the due date (if any) [4], the number of unread/total posts in the discussion [5], and whether or not you are subscribed to the discussion [6].

You can also view availability dates for individual discussions [7].

An unread icon next to a discussion indicates an unread discussion [8]. The number of unread/total posts will not appear for group discussions and discussions that have no discussion replies [9].

There will also be a peer review icon if a graded discussion has been assigned peer reviews [10].
View Availability Dates

The first dates you may see are the availability dates. Your instructor may use availability dates to restrict discussion replies to a specified date range. The availability dates are the range of time that the discussion is accessible to you. Availability dates also appear on the Assignments page for all discussions with assigned availability dates.

- If the discussion does not have a date listed, the discussion is open; you can reply to the discussion at any time during your course [1].
- If the discussion says Not Available Until [date], the discussion is locked until the specified date [2].
- If the discussion says Available until [date], you can reply to the discussion until the specified date [3].
- If the discussion is in the Closed for Comments section, the discussion cannot accept submissions [4]. Discussions in this section may show a "Was locked at [date]" to indicate when the discussion was closed for comments [5].

Note: If a date does not include a time, the listed date defaults to 12 am. Therefore, the last day for the discussion is the full day before the listed date. For instance, if a discussion is Available until March 29, you can access the discussion until March 28 at 11:59 pm.
View Due Dates

The second set of dates are the due dates [1] for each respective discussion. However, **due dates only apply to graded discussions.** Any replies to discussions after the due date are marked as late; some instructors may deduct points for late replies. You can still reply to late discussion before the **Available until** date.

*Please be aware that the Due date may be before or on the Available date.*

Due dates also include a time [2]. If your instructor does not set a specific due time, the graded discussion due time defaults to 11:59 pm and submissions will be late if submitted after 11:59:59 pm.

Filter Discussions

There are a few ways to filter Discussions:

1. View All or only unread discussions by selecting an option from the drop-down menu.
2. Search for a discussion by typing a discussion title, a user name, or a keyword in the **Search** field.
3. **Start a new discussion** by clicking the **Add Discussion** button. (**Note:** Some instructors may choose to disable this option.)
4. Change the discussions settings to **manually mark posts as read** by clicking the **Settings** icon.
Open Discussion

To view the details of a discussion, click the name of the discussion.

View Open Discussion

When a discussion is available for participation, you can view the Reply field beneath the discussion topic [1]. To reply to the discussion, click the Reply button.

The discussion also shows the discussion topic [2] and the name of the person who created the discussion [3].

Note: The Discussions page supports keyboard shortcuts. To view a list of keyboard shortcuts, press the Comma key.
View Graded Discussion

If your discussion is a graded discussion, you can view the discussion the same way as regular discussions with additional information:

- **Graded Discussion details** [1]: points and due date for the graded discussion, if any. Not all graded discussions may have a due date.
- **Rubric** [2]: any grading criteria that your instructor has provided for the graded discussion. A graded discussion may or may not include a rubric. Before submitting your reply, you may want to review the discussion rubric.

If you were to miss the due date, you may be able to submit a reply to the discussion before the last day of the course. If the graded discussion does not have a due date, you can submit a reply any time before the last day of the course.
View Discussion with Required Replies

This is a graded discussion: 10 points possible
due Feb 7 at 3:59pm

Course Introductions

Welcome to US History! This week's discussion is simply to introduce yourself to class. Please answer the following questions:

1. What is your name? Do you have a nickname?
2. What is your favorite food?
3. What are your hobbies?

In addition to answering the above questions, reply to 1 of your classmates. Note you must post your answers before you can see anyone other replies.

Replies are only visible to those who have posted at least one reply.

If you are unable to view responses from other students, you may be required to make a reply before you can view them. Once you reply to the discussion, any other replies will be visible.
View Group Discussion

If a discussion is a group discussion, you will be directed to Discussions in your group.

View Locked Discussion

When a discussion is locked, you can't view any details in the discussion topic. However, you can view the date when the discussion will be open.
View Closed Discussion

Based on the materials in this module, describe at least two of the amendments in the Bill of Rights. In your description, be sure to express what those rights impact in your day to day life.

Your response should be at least 5 paragraphs and use correct spelling and grammar. You will not be able to see the responses of your classmates until you have submitted your post. Once you have submitted, read and respond to at least two peer posts. After the due date, you will be assigned to review two of your peers’ posts.

Both graded- and non-graded discussions can be closed at any time. Your instructor may note in the description topic or syllabus if a discussion is only scheduled to be available for a specific period of time.

When a discussion has been closed for comments, you can still view the details of the discussion topic and any replies, but you can no longer reply to the discussion.

The discussion was either available until a specific date, or your instructor manually closed the topic.
How do I view the rubric for my graded discussion?

Your instructor may include a rubric as part of a graded discussion. The rubric is a set of criteria that your instructor will use to grade your discussion. Before submitting your discussion, you can use the rubric to evaluate your own work and make sure your discussion fulfills your instructor's requirements.

**Note:** Not all graded discussions may include a rubric.

View the graded discussion rubric.

The rubric includes criteria [1], ratings [2], and full point values [3]. A rubric criterion may include up to five different ratings and individual point values.
If a criterion includes a longer description with more details, click the view longer description link [1].

The rubric may also include an outcome associated with the course [2]. Outcomes are identified by a small flag and are used to assess learning mastery in a course. The outcome also shows the threshold for the outcome, or the number of points you must achieve to meet expectations. Your instructor may allow you to view outcomes results in your course grades.
How do I subscribe to a discussion podcast as a student?

If your instructor has enabled a podcast in a discussion, you can subscribe to receive the feed in a podcast capturing program. This lesson explains how to add a podcast to iTunes (minimum version 11.0).

**Note:** The Record/Upload Media Comment tool in the Rich Content Editor must be used for updates to be added to the podcast feed. Text-only discussion posts are not included in the feed.

Open Discussions

Doug Roberts

Welcome to US History! This week’s discussion is simply to introduce yourself to class. Please answer the following questions:

1. What is your name? Do you have a nickname?
2. What is your favorite food?
3. What are your hobbies?

In addition to answering the above questions, reply to 1 of your classmates. Note you must post your answers before you can see anyone other replies.

Right click (on a PC) or Control + Click (on a Mac) the **Topic Podcast Feed** button to copy the URL link that will enable you to create a podcast link in iTunes or other podcast capturing technology.
Copy URL Link

Click the Copy Link Address link.

Note: Depending on your browser, the option may read Copy Link Location.

Open iTunes

Open iTunes or podcast capturing program.
Subscribe to Podcast

Open the File options and click the **Subscribe to Podcast** link.

Paste URL

Paste the URL into the text box and click the **OK** button to subscribe to the podcast.
Select Podcasts

Click the Podcast link in the iTunes library.

Listen to Podcast

Listen to the podcast when episodes are available.
How do I know if I have a peer review discussion to complete?

Your instructor can assign you to review another student’s discussion post. You can view peer review notifications in Canvas in the Recent Activity Stream, the To Do list, and from the individual discussion page. Once peer reviews are assigned, you can also be notified according to your Canvas notification preferences.

Learn how to submit a peer review discussion.

View Dashboard

Once a peer review is assigned to you, a notification will appear in several dashboard areas.

View Recent Activity

On your Dashboard, you can view recent activity in your Global Activity Stream. Recent activity will display a peer review and the name of the course. Click the Show More link to access the assignment and view the name of the peer review student.

If a peer review is anonymous, the name will show as Anonymous User.
View To Do List

On both the Dashboard and the Course Home Page sidebar, the To Do list shows the peer review discussion. Peer reviews are identified with the Peer Review icon. To review the discussion, click the Peer Review for [Discussion Name] link.

**Note:** Currently the Due Date in the To Do List does not accurately display the due date for completing your peer review. If details about your peer review are not already included in the details of your graded discussion, please contact your instructor.
Open Discussions

You can also view peer reviews when viewing discussions. In Course Navigation, click the **Discussions** link.

**Note:** You can also access your Assignments through your Dashboard, Course Activity Stream, Assignments, the Syllabus, Gradebook, Calendar, or Modules.

Open Discussion

Peer review discussions display the peer review icon [1]. Click the title of the discussion [2].
View Assigned Peer Review

The peer review assignment is highlighted at the top and includes a direct link to the peer review [1]. If a specific due date is assigned to the peer review, the date also appears as part of the message [2]. Otherwise, it displays the due date for the graded discussion, if any.
How do I submit a peer review to a discussion?

Your instructor may require you to submit a peer review of another student's discussion reply. To complete the peer review, you must review the student’s discussion reply and add a comment in the comment sidebar.

If your instructor includes a rubric, which is a pre-determined outline of how an assignment is graded, you must assign a grade using the rubric. However, your instructor may also ask you to leave a comment in the comment sidebar.

Discussion peer reviews cannot be anonymous.

Learn how to see if have been assigned a peer review discussion.

Open Discussions

In Course Navigation, click the Discussions link.

Note: You can also access your Discussions through your user or course dashboard, Assignments, the Syllabus, Gradebook, Calendar, or Modules.
View Discussions

[Article discussion]

Click the title of the discussion.

Open Assigned Peer Review

[Article discussion]

Based on the materials in this module, describe the key similarities and differences between the Articles of Confederation and the Constitution. In your description, be sure to include the weaknesses of the Articles of Confederation and discuss the need for the Constitution.

Your response should be at least 5 paragraphs and use correct spelling and grammar. You will not be able to see the responses of your classmates until you have submitted your post. Once you have submitted, read and respond to at least two peer posts. After the due date, you will be assigned to review two of your peers’ posts.

Click the Review Now link.
If the assignment has a rubric attached, you are only required to complete the attached rubric for the peer review to be considered finished. To view the rubric, click the **Show Rubric** link [1] and enter a score for each criterion in the **Points** column [2]. Each rubric score will create the total points for the assignment [3].

When you’re finished, click the **Save Comment** button [4].
Add Discussion Comment

Peer Review

Articles of Confederation vs. Constitution Topic Discussion
Emily Boone submitted Oct 25 at 9:22am

This peer review is not finished yet. For it to be considered finished, you need to leave at least one comment and fill out the rubric form to the right.

The submissions for this assignment are posts in the assignment's discussion. Below are the discussion posts for Emily Boone, or you can view the full discussion.

from Articles of Confederation vs. Constitution Topic Discussion 1 hour ago

As a peer reviewing student, you will only see comments written by you.

Add a Comment:
1.  
2. Media Comment
3. Attach File
4. Save

If your assignment does not include a rubric, you are required to add at least one comment. You cannot view any existing feedback submitted by another student or the instructor.

Type a comment in the comment field [1], leave a media comment [2], or attach a file [3]. Click the Save button [4].
Confirm Completed Peer Review

A message will appear on your discussion to confirm you have completed the peer review.

**Note:** You may need to refresh your browser to see that you've completed the required steps for the peer review.
Where can I find my peers' feedback for peer reviewed discussions?

You can find your peers' feedback for peer reviewed assignments in the sidebar of your Canvas course and on the submission details page.

View Recent Feedback

Under **Recent Feedback** in the sidebar of your Canvas course, you can view recent comments from peer reviewed discussions. Click the title of the discussion to view all submission details and comments.
View Submission Details Page

How do I create a course discussion as a student?

You may be able to create new discussions in your course. These discussions are part of the course and are separate from creating a discussion in a group.

Note:

- If the Add Discussion button does not display, your instructor has restricted this setting in your course. However, this setting does not affect discussions in course groups.
- If you add a file to your discussion, it will be stored in course files in the unfiled folder.

Open Discussions

In Course Navigation, click the Discussions link.

Add Discussion

Click the Add Discussion button.
Create Discussion

Create your discussion by utilizing the following options:

1. Enter your topic title in the topic title field.
2. Use the Rich Content Editor to format your content. The Rich Content Editor includes a word count display below the bottom right corner of the text box.
3. Attach a file to your discussion. (If the attachment option does not display, your instructor has restricted this setting. Depending on your browser you may also see the Browse button instead of the Choose File button.)
4. Create a threaded reply by clicking the Allow threaded replies checkbox.
5. Require users to post to the discussion before viewing other replies by clicking the Users must post before seeing replies checkbox.
6. Allow users to like discussion posts by clicking the Allow liking checkbox.
7. Set specific dates the discussion can be viewed. Select the date you want the discussion to be show in the Available From field and the date the discussion should be hidden in the Until field. If you do not enter any dates, the discussion will be show during the entire duration of the course.
8. Use the Content Selector to add additional content to your discussion post.
Save Discussion

Click the **Save** button.
How do I subscribe to a discussion as a student?

You can subscribe to entire discussion threads in your courses and be notified when new comments are posted to the topic. If you reply to a discussion, you will automatically be subscribed to discussions and will be notified of updates unless you manually unsubscribed to that discussion. Please note that you cannot subscribe to individual threads within a threaded discussion.

You will automatically be subscribed to discussions you create in your student groups. You will also be subscribed to any new discussions you create in your course, if your instructor has set course permissions that allow you to do so.

Note: You must specify your notification preferences to receive updates for subscribed discussions.

View Discussion Notification Preferences

In Notification Preferences, you can change the method and frequency of subscribed discussion posts.
Open Discussions

In Course Navigation, open the **Discussions** link.

Subscribe on Discussions Index Page

You can subscribe to an entire discussion from the Discussions page. Locate the discussion you want to subscribe to and click the **Subscribe** icon.

The Subscribe icon will turn green when you are subscribed.
Unsubscribe on Discussions Index Page

To unsubscribe from a discussion, locate the discussion you want to unsubscribe from and click the **Subscribe** icon.

The Subscribe icon will appear as an outline when you are unsubscribed.

Subscribe within Discussion

You can also subscribe within a discussion. Click the title of the discussion you want to subscribe to.
Subscribe to Discussion

Welcome to US History! This week's discussion is simply to introduce yourself to class.
Please answer the following questions:

1. What is your name? Do you have a nickname?
2. What is your favorite food?
3. What are your hobbies?

In addition to answering the above questions, reply to 1 of your classmates. Note you must post your answers before you can see anyone other replies.

Click the **Subscribe** button.

The Subscribe button will become green when you are subscribed to the discussion topic.
Unsubscribe from Discussion

Welcome to US History! This week’s discussion is simply to introduce yourself to class. Please answer the following questions:

1. What is your name? Do you have a nickname?
2. What is your favorite food?
3. What are your hobbies?

In addition to answering the above questions, reply to 1 of your classmates. Note you must post your answers before you can see anyone other replies.

To unsubscribe from a discussion, open the discussion and click the green **Subscribed** button.

The **Subscribed** button will become a gray Subscribe button when you are unsubscribed from a discussion topic.
How do I view and sort discussion replies as a student?

You can view all replies in a discussion by scrolling or searching content. Focused discussion replies are shown in hierarchal order; threaded discussions are hierarchal, collapsable, and expandable.

Open Discussions

In Course Navigation, click the **Discussions** link.

Open Discussion

Click the title of the Discussion.
View Discussion

In a discussion, you have several options to view and sort discussions. Use the search field [1] to search for replies or specific authors. To filter by unread replies, click the Unread button [2]. You can also collapse and expand [3] all discussion replies.

To subscribe to a discussion, click the Subscribe button [4]. Subscribing to a discussion allows you to follow the discussion and receive notifications as set in your notification preferences. You are automatically subscribed to any discussions you reply to. When you create a discussion in a group—or in a course if you have permission—you are also automatically subscribed to the discussion. If you are subscribed, the button will have a green background. To unsubscribe, click the Subscribe button and the background will turn gray.

To open options for the discussion, click the Options button [5]. Options allows you to mark all existing posts (replies) as read. If your discussion is graded, you can view the rubric for the discussion, if any.

You can view how many unread and replies are in a thread [6]. The number on the left indicates unread replies, while the number on the right indicates the total number of replies.
If your discussion is a graded discussion, you can view the discussion the same way as regular discussions. However, you can view the number of points the discussion is worth [1], and if there is a due date [2]. The Options button [3] will show the rubric for the graded discussion, if any.
View Group Discussion

If a discussion is a group discussion, you'll be redirected to Discussions for the appropriate group.
View Replies

1. **Max Johnson**
   Jan 5, 2018

   1. My name is Max. I don't have a nickname.
   2. My favorite food is tacos.
   3. My hobbies are reading, writing, and arithmetic.

2. **Doug Roberts**
   Yesterday

   Reading and writing are fantastic hobbies to have, Max. Glad to have you in my class!

Discussion replies are shown in order of post date. In discussion replies, the unread icon indicates the reply is new and unread [1]. The read icon indicates a reply is read [2]. When you navigate away from the Discussion or refresh the page, Canvas automatically marks the replies as read. After Canvas has changed the reply status, you can manually mark discussion replies as read or unread at any time.

You can also change your Discussion Settings so you can manually mark discussion replies as read.
View Threaded Discussions

Threaded Discussions are discussions with replies within replies. In addition to post date, replies are shown in hierarchal order, with replies naturally indented to indicate when a student replies to another student's reply.

When viewing threaded discussion replies, you can collapse and expand individual threaded discussions. Hover over the top of a discussion reply and click the up arrow to expand or collapse a threaded discussion reply [1]. When a threaded discussion reply is collapsed, you can view the reply indicators showing the number of unread and total replies [2].
View Liked Discussions

1. My name is Max. I don't have a nickname.
2. My favorite food is tacos.
3. My hobbies are reading, writing, and arithmetic.

If your instructor allows you to like replies in a discussion, a Like icon appears next to each reply in the discussion. Blue icons indicate replies that you've liked. The number of total likes also appears next to the icon.

The discussion may also be set up to sort automatically according to the number of likes. In threaded discussions, likes are retained with the original discussion reply. Original replies will always sort first, and any associated replies will be reordered beginning with the highest-liked reply.
View Reply Settings

Each discussion reply has its own options menu.

In original discussion replies, you can return to the main discussion topic by clicking the Go to Topic link [1].

In threaded discussions, if you are viewing a reply within a reply, return to the original reply by clicking the Go to Parent link [2].

If you are allowed to edit and delete your own discussion posts, you will also view Edit and Delete options [3].
To **reply to a discussion**, reply to the main discussion topic by clicking the Reply field [1]. If your discussion is threaded, you can reply to any other post in the discussion by clicking the **Reply** link [2].
How do I change discussion settings to manually mark discussion replies as read as a student?

In discussion replies, a blue dot indicates the reply is new and unread. A white dot indicates a reply is read. When you navigate away from the discussion or refresh the page, the blue dots will change to white dots indicating the replies are read.

You can tell Canvas not to automatically mark your discussion replies as read so that you can manually control which replies you haven't viewed. Your selection for this option will apply to the Discussions settings for all of your courses. By default, manually marking posts as read is turned off.

You can [manually mark discussion replies as read or unread](#) at any time.

Open Discussions

In Course Navigation, click the **Discussions** link.

Open Settings

Click the **Settings** icon.
Manually Mark Posts as Read

Click the **Manually Mark Posts as Read** checkbox.

**Note:** Selecting this option will require you to manually mark posts as read for all of your courses.

Save Settings

Click the **Save Settings** button.
How do I mark discussion replies as read or unread as a student?

By default, as you read new Discussion posts, Canvas will mark them as read (changing the indicators from blue to white) as you scroll down the page. However, you can manually mark each post back to a read or unread state.

You can tell Canvas not to automatically mark all your posts as read in your Discussion settings.

**Note:** Once a post's state is manually changed, the post will not change states (become read or unread) until you manually change it again.

Open Discussions

In Course Navigation, click the **Discussions** link.
Open Discussion

Click the discussion you want to view.

View Posts

1. My name is Joe. My nickname is Joey.
2. My favorite food is sushi.
3. My hobbies are video games, philosophy, and writing.

The read icon indicates the reply has been read [1]. The unread icon indicates a reply is new or unread [2].
Mark Post as Unread

To change a read post to unread, click read icon next to the post you wish to change.

Verify Post as Unread

View the post now marked as unread.

Mark Post as Read

To change an unread post to read, click the unread icon next to the post you wish to change.
Verify Post as Read

View the post now marked as read.

**Note:** If a post's state is manually changed, the post will not change states (become read or unread) unless you manually change it again.
How do I reply to a discussion as a student?

You can easily reply to any discussion. However, the reply option may vary depending upon how your instructor set up the discussion. Discussion replies can be edited or deleted, as long as your instructor has not restricted this setting in your course.

Before submitting a reply for a graded discussion, you may want to review all discussion information, such as the graded discussion rubric, if any.

Note: The discussion reply Rich Content Editor includes a word count display below the bottom right corner of the text box.

Open Discussions

In Course Navigation, click the Discussions link.

When is the final project due?

Emily Boone
3:22pm

I missed class the day it was announced and need to know the due date! Thanks!

Your reply will be posted at the bottom of the discussion reply thread. The border of your post will flash indicating it has been newly posted. The unread icon next to your post will immediately change to the read icon if Canvas automatically marks your posts as read. However, if you manually mark your posts as read, the unread icon will remain until you manually mark it as read.
How do I attach a file to a discussion reply as a student?

If your instructor allows file attachments, you can attach a file to a discussion reply using the attachment icon. Attachments can be added to both graded and non-graded discussions.

Any attachments added as part of discussions are copied to your user files. Attachments for graded discussions are not counted against your user quota and cannot be deleted.

Notes:

- If the attachment icon does not display, this option is not available in your course.
- If your attachment causes you to exceed your user file quota, the file may fail to attach to an ungraded discussion.
- If you have permission to edit or delete discussion replies, editing a reply also allows you to remove an attachment.

Delete
To delete a post, click the **Delete** link.

**Confirm Delete**

> Are you sure you want to delete this entry?

[Cancel] [OK]

To delete the entry, click the **OK** button.

**Verify Delete**

*Deleted by Emily Boone on Sep 12 at 10:18am*

If you delete a discussion reply with other course user replies attached, Canvas shows a Deleted by notification. The notification includes your name and the date and time the post was deleted. This entry cannot be removed.

However, if you delete a reply that does not have any course user replies attached, Canvas will not display a Deleted by notification.

Please note that your instructor can see that you deleted your replies in the discussion.
View Restricted Options

Emily Boone
4:33pm

Hi! My name is Emily and I’m excited to take this History class! Apple pie is my favorite food.

If your instructor has restricted the option to edit or delete your discussion replies, the options will display as disabled.
How do I like a reply in a course discussion as a student?

You may be able to like discussion replies in your course.

**Note:** The liking feature may be restricted to users with grading permissions (e.g. instructors and TAs). If you cannot like a discussion reply, this feature is not available to you.

Open Discussions

In Course Navigation, click the **Discussions** link.

Open Discussion

Click the title of the discussion.
Like Discussion Reply

Locate the reply and click the Like icon.

View Liked Discussion

The Like icon will change color, indicating you have liked the reply [1].

The Like icon also displays the total number of times a reply has been liked [2].
View Liking Restriction

If your instructor has restricted the liking option to only users with grading permissions, you will not be able to see the Like icon or like your favorite replies. However, you can still see the total number of likes given to each reply.

1. My name is Joe. My nickname is Joey.
2. My favorite food is sushi.
3. My hobbies are video games, philosophy, and writing.

5 pages  last updated Feb 21 at 2:55pm

Click the name of an ePortfolio.

Open Getting Started Wizard

Welcome to Your ePortfolio

If this is your first time here, you may want to pop up the wizard and see how best to get started. Otherwise you can quickly add recent submissions or just jump straight to the portfolio.

Getting Started Wizard

→ Go to the Actual ePortfolio

Click the Getting Started Wizard link.
View Getting Started Wizard

Welcome to Your ePortfolio

If this is your first time here, you may want to pop up the wizard and see how best to get started. Otherwise you can quickly add recent submissions or just jump straight to the portfolio.

→ Go to the Actual ePortfolio

Your ePortfolio is Private

That means people can't find it or even view it without permission. You can see it since it's your portfolio, but if you want to let anybody else see it, you'll need to copy and share the following special link so they can access your portfolio:

https://documentation.belta.instructure.com/eportfolios/5J7Fyfver-iFW72J032x0yJGF5hU3e25lic205788e5ed9f15ekewyG

View Introduction

The Getting Started Wizard will pop up to show you the basics of your ePortfolio. You can read about the Introduction, Portfolio Sections, Section Pages, Adding Submissions, ePortfolio Settings, and Let's Do It. To close the Getting Started Wizard, click the close icon.
Your ePortfolio is a way to show off your work to your peers, instructors, and possible employers. They are made of sections and pages that are customizable and you are able to add and remove different types of information.

View Portfolio Sections

The portfolio sections are your navigation links for your portfolio. Each section can have multiple pages inside of it. You can organize the sections by clicking the Organize Sections link. You can also rename a section by clicking the pencil icon, rearrange sections by clicking and dragging, or delete sections by clicking the x icon.

View Section Pages

The section pages are part of the section links. To organize or add pages, click on the Organize/Manage Pages link. You can also rename a page by clicking the pencil icon, rearrange sections by clicking and dragging, or delete sections by clicking the x icon.
You can add assignments to your portfolio from classes you are taking and classes you have taken. You may have noticed at the bottom of this page is a list of recent submissions from your classes. You can quickly add submissions to new pages in your portfolio from this page. Just click the submission you want to add and a simple dialog will pop up.

To change the settings for your ePortfolio, click the ePortfolio Settings link. You can rename the portfolio and also change whether it is public or private. Private portfolios are only visible to those to whom you grant access.

Let's Do It

Ready to get started? You can always get back to this wizard from any page by clicking the "Help How Do I...?" link you’ll see there.

View the Portfolio

Ready to get started? You can always get back to this wizard from any page by clicking the "Help How Do I...?" link.
How do I create a new ePortfolio as a student?

You can create a new ePortfolio in your user settings.

Notes:

- If you cannot view the ePortfolio link in your User Account, your institution has disabled this feature.
- If you do not see the Create an ePortfolio button, you may have an ePortfolio that has been marked as spam. Contact your Canvas administrator for further assistance.

Open ePortfolios

In Global Navigation, click the Account link [1], then click the ePortfolios link [2].
Create an ePortfolio

Click the Create an ePortfolio button.

Create ePortfolio

Make an ePortfolio

Name your ePortfolio by typing in the ePortfolio Name field [1]. Decide if your ePortfolio will be public [2] (you can change this setting later) and then click on the Make ePortfolio button [3].
Once the ePortfolio is created, there are several options for creating content for your portfolio, including a wizard that will walk you through your creation, step by step.
View Warning Message

Welcome

Welcome to my 2017 Coursework Portfolio! I'm glad you decided to stop by to view my work.

I've been involved in completing individual assignments and group projects this year so far, so I'd love to show you what I've been doing!

Feel free to explore my ePortfolio pages to get a better idea about my current learning path.

Enjoy!

View your changes to the default page.
How do I create a new page in my ePortfolio section as a student?

Within an ePortfolio section, you can create pages to add to the section. You can also add content to each page in the section. Please note that any content added to an ePortfolio can only be viewed by users who have permission in Canvas to view it, even if your ePortfolio is made public. For instance, if you add a quiz submission to your ePortfolio, your instructor can view the submission, but you do not have permission to view other student submissions.

Open ePortfolios

In Global Navigation, click the **Account** link [1], then click the **ePortfolios** link [2].

How do I use Files as a student?

As a student, Files allows you to store files and assignments within Canvas. You can upload one or multiple files, view all details about your files, and preview files. Files is built with responsive design to adjust for browser scaling. The folder navigation window, file displays, and even file names adjust to the width of the browser window.

View a video about files.

You may have access to files (documents, images, media, etc.) in three different feature areas:

- **User files**, located in your user account
- **Course files**, located in each course where you are enrolled (if your instructor allows you to view Course Files)
- **Group files**, located in each group where you are a member

View Files

The basic functionality within Files is the same within each files location, but some features may differ according to feature area.

The left panel [1] shows all folders for quick navigation. Some folders may be housed within other folders. To expand all folders, click the arrows next to the folder name.
When you click the name of a folder, all contents within the folder you are viewing display in the right panel [2]. You can also click folder names in the right panel to view folder content.

For each file, you can view the name of the file [1], the date the file was created [2], the date the file was modified [3] the name of the person who modified the file (if modified by another user) [4], and the size of the file [5].

You can also view the published status [6] for your user files.

Files are sorted alphabetically. To sort files, click the name of any column heading.

Manage Files

Depending on the file area, files may contain several options to manage files:

Search for files [1]. Files is fully searchable by file name.

Add a folder [2]. Add a new folder to Files to store files. Folders can also house other folders.

Upload a file [3]. Upload a file to Files.

Change the state of the file [4]. Files can be published, unpublished, or include a restricted status.
Manage Selected Files

To select a file, click the name of the file. You can also select multiple files at the same time by holding the command (Mac) or control (PC) key.

When a file is selected, Files displays the file toolbar at the top of the window. Depending on the files area, the toolbar may contain several options to manage the selected file(s):

- Preview the file [1]
- Restrict access to the file [2]
- Download the file [3] (when selecting more than one file, option appears to download as a zip file)
- Move the file [4]
- Delete the file [5]

You can also manage some or all options for a selected file within the file's Options menu [6].
## View Usage Rights

<table>
<thead>
<tr>
<th>Name</th>
<th>Date Created</th>
<th>Date Modified</th>
<th>Modified By</th>
<th>Size</th>
</tr>
</thead>
<tbody>
<tr>
<td>assignment_1.docx</td>
<td>Jul 22, 2015</td>
<td>Jul 22, 2015</td>
<td></td>
<td>171 KB</td>
</tr>
<tr>
<td>assignment 2.docx</td>
<td>10:23am</td>
<td>10:23am</td>

</tr>
</tbody>
</table>

Course Files and Group Files may display a column for usage rights. If enabled, the column displays the usage right (copyright) for the file [1]. Files that do not contain a usage right display as a **warning** icon [2].

To change the usage right for a file in Group Files, click on the **usage right** icon for that file [3].
How do I view my user files as a student?

User files include profile pictures, uploaded assignment submissions, and other files uploaded to your personal Canvas file storage area. By default, each user has 50 MB of storage space in Canvas. Administrators can change the quota for user files for the entire institution. No other users can view files in your user files.

Open Files

In Global Navigation, click the **Account** link [1], then click the **Files** link [2].
View User Files

All your user folders display in the left panel [1]. View files in the right panel by clicking the name of a folder.

You can view your user quota and what percentage of that quota has been used [2]. Files that have been submitted as assignments and graded discussions do not apply to the user quota.

Learn more about [how to use files as a student](#).
The My Files folder creates folders based on default events in Canvas. Once you upload a file related to one of these areas, the folder and accompanying file will be created for you.

- **The Conversation attachments** folder [1] stores files that you attach to Conversations messages.
- **The Data Exports** folder [2] contains ZIP files created when you download assignment submissions from all your courses.
- If your institution enables you to upload a profile picture, the **Profile pictures** folder [3] stores photos that you upload as a profile picture.
- **The Submissions** folder [4] contains copies of your assignment submissions; assignment are organized by course folder and displayed alphabetically. However, assignments submitted through an external tool are not copied to the Submissions folder.
- **The Unfiled** folder [5] stores files that you attach to discussion topics or discussion replies (if attachments are allowed by your instructor).

My Files also includes any additional folders you create to organize your files, as well as any files not uploaded to a specific folder. Any files in the My Files folder that are not related to assignment submissions count toward your user quota.

**Note:** For online assignment submissions, if you submit a file that you’ve previously uploaded, you can delete the previously uploaded file after it has been submitted and free up extra storage in your user files.
View Course and Group Files

If your instructors allow you to view the Files link in Course Navigation, course folders display below your user files [1]. Any course groups also display below the course folders [2].

You can easily move and organize files from your group files and user files. Unless you have permission to manage course files, course files can only be viewed and downloaded.

You can also view course files and group files directly from the course or group.
How do I view course files as a student?

Course files include any content uploaded to a course. If your instructor allows you to view the Files link in Course Navigation, you can view the files in your course.

Open Files

In Course Navigation, click the Files link.
View Course Files

All published course files can be viewed by all course users [1]. However, some files may restrict access to specific users.

You can preview and download all published files in Course Files.

If you want to see the files for all your courses, click the All My Files link [2].

View Files for All Courses

Canvas displays your User Files page with all available course folders displayed below your user files.
How do I view group files as a student?

As a student, you may be added to a group within your course. Groups files include any content uploaded to your group workspace.

Group files include uploaded assignment submissions and other group-related files uploaded to your group storage area. By default, each group has 50 MB of storage space in Canvas. All published files can be viewed by all group members.

Group files are automatically published when they are uploaded to the group.

As groups are essentially mini courses, all group members have the same permissions to moderate files, including uploading files, publishing files, restricting access, and deleting files.

Open Group

Click the Groups link [1], then click the name of the group [2].
Open Files

In Group Navigation, click the Files link.

View Group Files

All your group folders display in the left panel [1]. View files in the right panel by clicking the name of a folder.
You can view your group quota and what percentage of that quota has been used [2]. Files that have been submitted as group assignments and group graded discussions do not apply to the user quota.

If you want to see the Files for all your courses and/or groups, click the **All My Files** link [3]. Canvas will refresh the page to show your user files page with all courses and group folders.

The Groups folder creates folders based on default events in Canvas. Once you upload a file related to one of these areas, the folder and accompanying file will be created for you.

- The **Submissions** folder [1] contains copies of your assignment submissions; assignments are organized by course folder and displayed alphabetically.
- The **Unfiled** folder [2] stores files that you attach to discussion topics or discussion replies (if attachments are allowed by your instructor).

Group files also includes any additional folders you create to organize your files, as well as any files not uploaded to a specific folder. Any files in the group folder that are not related to assignment submissions count toward your user quota.

All files can be viewed by all group members. Please note that all group members hold the same permissions, so one group member can delete or move files uploaded by another group member. Group files are published by default.

**Note:** For group assignment submissions, if you submit a file that has previously been uploaded to the group, you can delete the previously uploaded file after it has been submitted and free up extra storage in your group files. However, to submit a previously uploaded file in group files, the file must be moved to the user files folder for the student submitting the assignment on behalf of the group, as the assignment submissions page can only access user files and not group files.
How do I move and organize files as a student?

You can move and organize your personal and group files. Files are organized in alphabetical order. While you can still move files into folders, you cannot rearrange the alphabetized structure of the files and folders.

Learn how to locate your user files and group files.

Note: Files that have been submitted as part of an assignment cannot be moved.

Move File via Move Button or Options Icon

In user or group files, locate the file you want to move. Click the line item for the file [1].

To move the file via the toolbar, click the Move button [2].

To move the file via file settings, click the Options icon [3], then click the Move link [4].
Select the folder where you want to move the file [1] and click the **Move** button [2].
Move File via Drag and Drop

You can also manage your files using a basic click-and-drag method. Click the file name and drag the file to the desired folder. Once you see the folder highlighted, release your mouse. The file has been moved.

You can also move a file from the right pane to the left pane.

**Note:** You can only move a file within the right pane or from the right pane to the left pane. Files are organized in alphabetical order. While you can still move files into folders, you cannot rearrange the alphabetized structure of the files and folders.
Move Multiple Files

To select multiple files, press the command key (Mac) or the control key (Windows) while clicking the line for each file you want to select.

To select all files, click the command + A keys (Mac) or the control + A keys (Windows).

To select a range of files click the first file you want to select, hold down the Shift key, and then click the last file you want to select. All files between the first and the last file will be selected.

Note: You can also use the same key command to deselect a file.
How do I rename a file as a student?

You can rename your files at any time using the Rename option in the file's settings menu. You can rename files in both user and group files.

Learn how to locate your user files and group files.

Notes:

- If you add a file to another area of Canvas (e.g. Groups or Assignments) and then rename the file in your user files, the file rename will not update in any other Canvas location and must be changed manually. Please ensure that your file names are correct in your user files before using them in other content areas.
- Files that have been submitted as part of an assignment cannot be renamed.
- Files with a lock icon cannot be renamed.

Rename File

In user or group files, to rename a file, click the line item for the file [1].

Click the Options icon [2], then click the Rename link [3].
In the text field, change the name of the file [1]. To save the name of the file, press the Return (Mac) or Enter (PC) key or click the Check button [2]. To return to the previous title, click the Cancel button [3].

**Note:** Renaming or removing the extension in the file name may strip the extension from the file when it is downloaded.

</tbody>
</table>

Your folder will appear in both panes of the Files view. You can organize your files on Canvas by moving them to folders.

Delete Folder

To delete a folder, click the line item for the folder [1] and then click the **Delete** icon [2]. Or click the **Options** icon [3] and then click the **Delete** link [4].
Note: Deleting a folder will also delete all files in that folder.
How do I upload a file to my user or group files?

You can upload files to both user and group files. Files can be used for assignments, discussion replies, and conversation attachments. Additionally, files in your user or group files can always be embedded in Canvas using the Rich Content Editor.

Learn how to locate your user files and group files.

Notes:

- For assignment submissions, you can upload a file from your computer or select a file that has been previously uploaded to your user files. If you select a previously uploaded file, you can delete the file after it has been submitted and free up extra storage in your user files.
- Canvas does not support file uploads larger than 5 GB.
- Group files are automatically published when they are uploaded to the group.

Upload File

In user or group files, click the Upload button.
Open File

Click the title of the file(s) you want to upload [1] and click the Open button [2].
Upload Files via Drag and Drop

Some web browsers contain a feature that allows the user to add to files by simply dragging and dropping the files from a file window directly into the Canvas file repository. Click the title of the file you wish to add [1] and drag the file to your open browser [2]. Your file will automatically upload.
Replace Duplicate File

If a file with the same name already exists in the folder where you are uploading your file, you will be asked if you want to replace or rename it.

To rename the file, click **Change Name** button [1]. This option will create a duplicate copy of the file with a different name.

To replace the file, click the **Replace** button [2].

View Upload Progress

A progress bar will appear at the top of screen tracking the progress of your file upload.

Monitor the progress of your download.
Open ZIP File

Your ZIP file will download to your desktop. Open the appropriate folder to view the file. To open the file, either double click to open it (MAC users) or right-click the file and select Extract All (PC users).
What types of media files can I upload in Canvas as a student?

Canvas can upload specific image, video, and audio files as user content.

When you upload audio and media files using the media tool in the Rich Content Editor, Canvas converts files up to 500 MB. If a file exceeds the 500 MB limit, you can host the file through an external source such as YouTube and embed it using the Rich Content Editor. To learn more about available options for using media files in Canvas, view the Canvas Media Comparison PDF.

When you upload a file to your group or user files, Canvas converts the file into a format supported by your browser. However, Canvas does not support uploading files larger than 5 GB to your user files. Media playback is determined according to browser, so if you cannot view the file, you may need to try to view the file in another browser. You may also need to enable or update the Adobe Flash plugin.

Canvas files have quota limits set for user (personal) files and group files. Files uploaded directly to your user files or group files count against each specific quota, except for uploading a profile picture. Any attachments added as part of a graded assignment submission are uploaded into user files but are not counted against the user quota.

Supported Image Formats

Canvas will accept the following image files:

- JPEG - Joint Photographic Experts Group
- GIF - Graphics Interchange Format
- BMP - Windows Bitmap
- TIFF - Adobe Systems
- PNG - Portable Network Graphics

Note: While TIFF files can be uploaded to file storage, they will not display within any area of Canvas.

Supported Video Formats

The Canvas media player supports H.264 video playback; for platforms that do not support H.264 directly, the Canvas media player uses a Flash plugin.

Canvas will accept the following video files for playback:

- FLV – Flash Video
- ASF – Windows Media
- QT – Apple QuickTime
- MOV – Apple QuickTime
- MPG – Digital Video Format
• MPEG – Digital Video Format
• AVI – Digital Video Format
• M4V – Digital Video Format
• WMV – Windows Media
• MP4 – Digital Video Format
• 3GP – Multimedia Mobile Format

For tips about media compressions and playback quality, view Vimeo's Video Compression Guidelines.

**Supported Audio Formats**

Canvas will accept the following audio files for playback:

• MP3 – Digital Audio Format
• WMA – Windows media audio
• MWV – Windows Media
How do I view my Google Drive files in Canvas as a student?

If your course has enabled Google Apps, you can view all files in your Google Drive account in Canvas. The Google Drive folder is accessed from the Course Navigation Menu.

Notes:

- You can only view one Google Drive account at a time in Canvas. Make sure you are logged in to the account you want to view in Canvas. If necessary you can log out of your account and authenticate with a different account.
- If you are already logged into a Google account in Chrome, Canvas will use that Google account to authorize Google Drive access. If you want to authenticate using a different Google Drive account, you must log out of the Google account in Chrome and sign in to the account you want to use with Canvas.
- If your Canvas authorization has failed, try logging in to Google Drive in Canvas using an incognito browser, which removes all browser cookies and extensions. If you are able to log in with the incognito browser, you are most likely logged in to Google Drive and/or Canvas with different Google accounts. Confirm the account you are using for each location and try again. You may also need to confirm any Google extensions installed in your browser’s settings.
- The location where you access your Google account may affect your access to Canvas. If you successfully authenticate with your account at your institution, you may have to reauthenticate when you log in to Canvas at home.
- Currently, Google Drive files cannot be accessed from course or personal files in Canvas. They can only be accessed from the Google Drive link in Course Navigation.

Open Google Drive

In Course Navigation, click the Google Drive link.
Log in to Google Drive

You may be asked to authenticate your account. Click the **Authorize** button.

In an external window, enter your Google App email and password.

**Note:** If you are unable to authenticate, please see the troubleshooting information in the description of this lesson.
View Google Drive

View the files and folders in your Google Drive folder.

Google Drive displays the name of each folder [1]. You can view the contents of each folder by clicking the folder name.

For individual files, you can view the file name [2] and the date it was modified [3].

To view the linked Google Drive email or to sign out of your Google account, click the Account button [4].

Search for Files

To search for a file, enter the name of the file and click the Enter (Return) key on your keyboard.
View Search Results

How do I view my Microsoft Office 365 files in Canvas as a student?

If your course has enabled Microsoft Office 365, you can view all files in your Microsoft Office 365 (OneDrive) folder in Canvas. The OneDrive folder is accessed from the Course Navigation Menu.

Notes:

- You can only view one OneDrive account at a time in Canvas. Make sure you are logged in to the account you want to view in Canvas. If necessary you can log out of your account and authenticate with a different account.
- Currently, OneDrive files cannot be accessed from course or personal files in Canvas.

Open Office 365

In Course Navigation, click the Office 365 link.
Log in to Office 365

Log In

Click the "Log In" button to log in.

This screen will refresh after successfully logging in.

Log In

You may be asked to authenticate your account. Click the Log In button.

In an external window, enter your Office 365 email (or phone number) and password.
View OneDrive

View the files and folders in your OneDrive folder.

OneDrive displays file name [1] and the date it was modified [2]. Files display the file size [3].

Search for Files

To search for a file, enter the name of the file and click the Enter (Return) key.
### View Search Results

How do I log in to Canvas as a student?

This lesson will show you how to log in to Canvas from an internet browser. If you are using Canvas with an institution, you will log in either from your institution’s webpage or by using their direct Canvas URL. Canvas Network accounts also log in with a Canvas URL. You can also log in to Canvas on the Canvas Mobile apps.

You must have an account to log in to Canvas:

- If you are associated with an institution using Canvas and do not know your username and password, please contact your site administrator.
- If you do not yet have an account, learn how to create a Canvas account.

Note: If you are having trouble signing into Canvas, please see the troubleshooting section in this lesson.

Login Troubleshooting

If you are having trouble logging in to your account, here are some tips:

- Verify you are using the correct Canvas URL for your account.
- If you use more than one Canvas URL (such as one for your institution and one for Canvas Network), make sure you are using the correct login and password for each Canvas URL.
- If your login and password were given to you from your institution and you are having trouble logging in, please contact your institution. (Your institution may have changed your login credentials.)
- If you do not have a login and password, you may need to create an account.
- If you have forgotten your password, you may be able to reset your password.
Access Canvas via Institution

Some institutions host Canvas within their website, so you may only need to sign into your institution's internal system to access Canvas.
Access Canvas via Canvas URL

Some institutions have you log in to Canvas using the direct link to their Canvas URL. In a browser window, enter your Canvas URL. Your Canvas login page will appear in the window.

**Note:** The URL for Canvas Network is [learn.canvas.net](http://learn.canvas.net), The URL for Free-For-Teachers (FFT) is [canvas.instructure.com](http://canvas.instructure.com).
Find Canvas URL via Course Invitation

You've been invited to participate in the course, Canvas Course.
Course role: Student
Name: Emily Boone
Email: emily.boone.canvas@gmail.com

Get Started

If you do not know your institution's Canvas URL, you can find a link to the page in your course invitation email by clicking the Get Started button.
Log in to Canvas

The Canvas login screen requires your login [1] and password [2]. Depending on your institution, login information may vary.

Click the **Log In** button [3].

*Each screenshot is acknowledged by its respective university for use in this lesson.*
How do I use the Global Navigation Menu as a student?

The Global Navigation Menu is located on the left side of every page in Canvas. Global Navigation links provide quick access to frequently used Canvas features. These links provide access to all your courses collectively. Default links include the Dashboard, Courses, Groups, Calendar, Inbox, User Account, and the Help menu.

Depending on your institution account settings, other links may appear in the Global Navigation Menu.

View Account

To view your user information, click the Account link. A menu will expand and display links to access your user settings, notification preferences, personal files, and ePortfolios (if enabled). If your institution has enabled Profiles, you can access your profile.

You can also use the Account link to log out of Canvas.
The Dashboard is the landing page after you log in to Canvas. The Dashboard can be toggled to a course view, list view, or recent activity view and shows notifications for all current Canvas courses.
View Courses

To view your courses, click the Courses link [1]. A menu will expand and display any current courses where you are enrolled [2]. This menu also displays any courses marked as favorites. If no courses are selected as favorites, the course list will display all current courses. If a course includes term dates, the name of the term will appear as part of the course listing.

To view a course, click the name of the course [3]. To customize your courses list or view all your Canvas courses, click the All Courses link [4].
If you are enrolled in Groups, view your groups in the Groups link [1]. A menu will expand and display all groups in current courses where you are enrolled.

To view a group, click the name of the group [2]. To view all your groups, click the All Groups link [3].

**Note:** Groups cannot be customized in the drop-down menu.
View Calendar

To view your Calendar, click the Calendar link.
To view your Conversations Inbox, click the Inbox link. Conversations is the Canvas messaging system where you can communicate with other users in your courses. The number of new messages are shown as part of the Inbox icon.
To get help with Canvas, click the Help link [1]. Select the help option that is relevant to your needs [2].

Note: Depending on your institution settings, the Help menu may display different options.
To expand or collapse the Global Navigation menu, click the **arrow** icon.

The Global Navigation Menu will be automatically collapsed for tablet screens.
How do I use the Dashboard as a student?

The Dashboard is the first thing you will see when you log into Canvas. The Dashboard helps you see what is happening in all your current courses.

You can return to your User Dashboard at any time by clicking the Dashboard link in Global Navigation.

Open Dashboard

In Global Navigation, click the Dashboard link.
View Dashboard

The Dashboard is your landing page in Canvas. Depending on your institution, your Dashboard may default to one of three views: Card View, List View, or Recent Activity View.

- **Card View**: displays course cards for quick access to all your favorite courses (the same courses display in the Courses link from the Global Navigation Menu)
- **List View**: displays all course to-do items in an agenda view
- **Recent Activity View**: displays all recent activity for all courses
View Global Announcement

The Dashboard may also include global announcements, which are announcements created by your institution. To remove the announcement from your dashboard, click the Remove icon.

Change Dashboard View

To change your Dashboard view, click the Options menu and select your preferred viewing option.
How do I view my favorite courses in the Card View Dashboard as a student?

The Card View Dashboard displays course cards for all your favorite active courses. Course Cards can help you organize your courses by adding a nickname or customizing the color, which is synced with the color shown for the course in the Calendar. Depending on your institution's preference, this the Card View may be your default Dashboard.

The Card View Dashboard also includes the Dashboard sidebar, which includes items in your To-Do list and includes a link to the global Grades page.

You can change your Dashboard view at any time using the Dashboard Options icon.

Favorited courses are removed from the Card View Dashboard when the course is concluded. Concluded courses that were previously favorited are still shown as favorited in the Courses list.

View Course Cards

By default, active course cards are automatically added by Canvas and display up to 20 courses.
Dashboard courses are ordered alphabetically by course name and your role in the course; nicknames and course codes do not apply to course ordering. Courses with instructor roles are listed first, followed by TA roles and student roles.

**Note:** If you want to remove the default course card setting, you can customize the course list and manually select your favorite courses to display in the Dashboard. When you favorite at least one course, the Dashboard will only display favorited courses. Canvas will also continue to automatically favorite new published course enrollments.

### View Card Details

Course cards show an overview of course information including the course name, course code, and term [1].

Each card can include up to four tabs [2], which represent the four main Canvas features for student course activity: Announcements, Assignments, Discussions, and Files. These tabs mimic visibility and order in Course Navigation, so for instance, if an instructor hides the Announcements link, the Announcements tab will not display on the course card.

An unread icon on the Discussions or Announcements tab indicates that there is a new discussion or announcement in the course [3]. The number in the icon indicates the number of new items.
Create Nickname

If one of your courses includes a long or confusing name, you can create a nickname for your course. Most courses are created using Student Information Systems (SIS) that generate course names based on terms, departments, and section numbers, and courses with similar names may be hard to distinguish.

Course nicknames appear in the Dashboard, Course Navigation Menu, course breadcrumbs, and notification emails.

A course nickname does not affect the course name at the account or course level; it only changes the name of the course for the individual user who created the nickname.

If you need to know the original name of the course, you can hover over the nickname and the original name will appear. Additionally, the course code is not affected and always displays on the course card for course reference.

Notes:

- This feature does not currently apply to the global Grades page and Dashboard sidebar elements such as the To Do list.
- Course nicknames are limited to 59 characters.
Manage Nickname

To add a nickname, click the More Options icon [1], then type the name in the nickname field [2]. Click the Apply button [3].

To remove a nickname, open the card options and remove the nickname. The Nickname field will display the original name of the course.
Course cards can help you organize your courses by customizing the color, which is synced with the color shown for the course in the Calendar. To change the color, click the card’s More Options icon [1], then select a new color. The check mark indicates the selected color [2], and the hex color code displays in the text field [3]. If you want to use a color not shown in the window, you can enter the color’s hex code directly in the text field. The hex field will display a warning icon if the hex code is not valid. Additionally, any variation of white is not accepted as a course color.

Click the Apply button [4].

**Note:** If you change the color for a course in the Calendar, the color also updates in the Dashboard.
You can also move a course card to another location in the Dashboard or remove a card from the Dashboard. Click the **Options** menu [1] and select the **Move** tab [2]. Depending on the placement of the existing card, you can move the card to the top of the Dashboard, ahead or behind a specific card, or to the bottom of the Dashboard [3].

Once a dashboard card has been reordered, new courses added to the Dashboard always display at the end of all existing courses.

To remove the course card from the Dashboard, click the **Unfavorite** option [4].

**Note:** The Unfavorite option only displays if you previously selected favorite courses.
Drag and Drop Course Cards

You can also manually drag and drop a course card to another location in the Dashboard. Click on a course card and drag it to the desired location.
Some courses may include an image for the course behind the course color [1]. By default, course cards with an image include a color overlay. To remove the color overlay from all course cards that contain an image, click the Options icon [2] and then deselect the Color Overlay option [3].

When the Color Overlay is removed, the course color will display as a circle behind the card’s More Options icon.
How do I use the to-do list for all my courses in the List View Dashboard as a student?

The List View Dashboard displays all course To Do items in an agenda view to help you easily manage tasks across all of your courses. The To Do list contains graded as well as any non-graded To Do items your instructor designates for a course To Do list. You can also add and view your own To-Do items in the Dashboard. The List View Dashboard also displays calendar events and course announcements.

Notes:
- The List View Dashboard does not account for course favorites and displays all items based on date, course ID, due date, and due time.
- To-do items can also be viewed in the Card View Dashboard and the Recent Activity Dashboard.

Open List View

To open Dashboard List View, click the Options icon [1] and select the List View option [2].

Note: Depending on your institution’s settings, your dashboard may default to List View.
The List View Dashboard defaults to the current date [1].

To view previous and future dates, scroll up and down the page [2].

To quickly return to the current day’s To Dos, click the Today button [3].

To quickly access prior items with new activity, click the New Activity button [4].
When multiple courses include To Do items on a single date, courses are listed by Course Name and items are listed by due time [1].

Graded items display the point value for the graded item [2].

To Do items include icons that represent the item type:

- Peer Review [3]
- Assignment [4]
- Announcement [5]
- Quiz [6]
- Calendar Event [7]
- Discussion [8]
- Page [9]
Open Item

To access a To Do item, click the item name [1].

To view the home page for a course, click the name of the course [2].
View Item Status and Activity

List View includes labels and icons to quickly communicate an item's status and activity.

Once a graded item is past the due date, the item displays a Missing indicator [1] and a Missing label [2].

Missing items submitted after the due date display a Late label [3].

Items with new activity display an Unread indicator [4] and include an activity label. New activity can include one or all of the following labels:

- **Graded** [5]: a submission is graded
- **Replies** [6]: an announcement or discussion has new replies
- **Feedback** [7]: a graded item has new instructor feedback via submission comments (does not display if feedback is only via DocViewer annotations)
Mark Item as Complete

Graded items are automatically marked as completed once they are submitted. Non-graded items must be manually marked as completed.

To manually mark an item as complete, click the checkbox for the item [1]. When you manually mark an item, the item's status will update when you refresh the page.

Completed To Do items remain in the To Do list for you to view at any time. To view information about completed To Do items, click the Show completed item link [2]. The completed items display a completed checkbox [3]. To view completed item information, click the item name [4]. The next time you refresh the page, the completed items will once again be hidden within the completed link.
To view a list of graded past-due items across all your courses, click the Alert Menu button [1]. The Alert menu helps you see what opportunities are available to you to improve your course grades.

To view new alert items, click the New link [2]. You can dismiss new alert items by clicking the Remove icon [3]. Dismissing a new alert item does not affect its status or mark it as completed.

To view dismissed alert items, click the Dismissed link [4].
To view your current course grades, click the Gradebook icon [1]. The My Grades menu displays your current course grades [2]. Click the course name link to view the Grades page for your course [3].

Note: If one of your courses uses grading periods, the grade displayed is the grade for the current grading period.
View To Do Items

You can add your own To-Do items to the Dashboard. Items associated with a course display as part of the course items and arranged by due date [1]. General to-do items always display below all courses [2]. To-do items can be edited at any time by clicking the Edit icon [3].

To add a To-Do item, click the Add Item icon [4].

Note: You can also use the Calendar to add to-do items, which will also display in the List View Dashboard.
Change Dashboard

To change the Dashboard view at any time, click the **Options** menu.
How do I add a to-do item in the List View Dashboard as a student?

You can create to-do items that display in the List View Dashboard agenda. When you create a to-do item, the new item displays your profile picture to differentiate it from other to-do list items. Any to-do item you create also displays in the Course Card Dashboard View sidebar and Global Activity Stream Dashboard sidebar.

You can also create to-do items from the calendar.

Add To-do Item

Click the Add To Do button.
Add To-do Details

In the To Do sidebar Title field [1], type a name for the to-do item.

The Date field defaults to the current date [2], and the Time field defaults to 11:59pm [3]. To change the date and/or time when you want to complete the item, modify the date or time appropriately.

Items default as general to-do items, but you can associate the item with a course by selecting a course from the Course dropdown menu [4].

In the Details field [5], any other details about your to-do item.

Save To-do

Click the Save button.
View To-do Item

View your to-do item.

Items that you associate with a course display on the to-do list with other course to-do items [1].

Items that are not associated with a specific course display at the bottom of the day's to-do list [2].

Manage To-do Item
To edit or delete a To-Do item, click the **Edit** icon [1].

To edit the item, edit the information in the To Do details sidebar [2]. To save your edits, click the **Save** button [3].

To delete the item, click the **Delete** button [4]. When the delete confirmation window displays, click the **OK** button.
How do I view global activity for all my courses in the Recent Activity Dashboard as a student?

The Recent Activity Dashboard shows you important recent activities from all of your courses including announcements, discussions, assignments, and conversations. This stream is similar to the Course Activity Stream for an individual course.

The following activities will cause notifications for each course to appear in the Recent Activity Dashboard:

- New Announcements
- Replies to Announcements
- New Discussions
- New Discussion Posts
- New Assignments
- Assignments, Quizzes, or Discussions Changed from Ungraded to Graded
- Due Date Changes to Assignments, Quizzes, and Discussions
- New Graded Assignments
- New Peer Review Assignments
- New Conversation Messages

The Recent Activity Dashboard also includes the Dashboard sidebar, which includes items in your To-Do list and includes a link to the global Grades page.

You can change your Dashboard view at any time using the Dashboard Options icon.

Notes:

- Notifications in the Recent Activity Dashboard will not display for activity in Files, Collaborations, Grades, Pages, or Conferences; ungraded quizzes and surveys; or edits to Discussions.
- Edits to Quizzes and Assignments will only display in the Recent Activity Dashboard when the Notify users that this content has changed button has been selected in a course.
- To receive notifications for Discussions, you must actively post in the discussions at least once every two weeks. If you stop participating in a discussion after two weeks, Canvas will no longer display discussion notifications.
Open Dashboard

In Global Navigation, click the **Dashboard** link.
Open Global Activity Stream

Click the Options icon [1] and then click the Recent Activity link [2].

View Global Activity

The Global Activity Stream contains recent notifications from all of your courses, including announcements, discussions, assignments, and conversations. This activity stream helps you see all recent activity in your courses and easily ask questions and post to discussion forums. Unlike course cards, the activity stream does not mimic the visibility of Course Navigation links.
Activities are indicated by activity type and display an icon [1] for the activity. Each activity also includes the name of its associated course [2].

New activity in your account is indicated by an unread icon [3]. Discussions and Announcements indicate new activity items published in a course, and Conversations indicate a new message received from a user in a course. Recent Activity items remain for four weeks.

Expand and Collapse Notifications

You can view the details of each activity by hovering in the notification area and clicking the Show More link [1]. To collapse recent activity, click the Show Less link [2].
Manage Recent Activity

You can directly access your recent activities by clicking the course link [1]. To remove a notification, click the remove icon [2].
How do I use the To Do list and sidebar in the Dashboard as a student?

In the Card View Dashboard and the Recent Activity Dashboard, the sidebar contains a To Do list and other sections that help you know what assignments and events are coming up in all of your courses. The sidebar includes specific items for instructor and student roles. If you are enrolled in Canvas courses with more than one user role, your sidebar may show items for both roles.

The sidebar is similar to the sidebar that displays in your Course Home Page, but the course sidebar only includes items for the specific course. Depending on the setup of your Course Home Page, the sidebar in a course may contain additional sections than shown in the sidebar.

**Note:** You can also view items on the To Do list from the List View Dashboard.

Open Dashboard

In Global Navigation, click the **Dashboard** link.
View Sidebar Course Items

The sidebar shows various action items in all your courses. Each item is associated with a specific course. All items from all your active courses display in the sidebar—not just favorited courses in the Dashboard.

For course identification, each sidebar item displays the course code, or short name, for the course [1]. The course code is located directly below the full course name.

Course nicknames can be set in place of sidebar course codes that are long or otherwise confusing to remember which courses they represent. If you have created a nickname for a course, the nickname displays in the sidebar instead of the course code [2]. However, the original course code always displays in the course card.
The sidebar helps you see what you need to do next and what feedback you’ve received across all your courses. However, assignments that are not graded or do not require an online submission only display until the due date.

The **To Do** section shows up to seven items with due dates or event dates in the upcoming weeks, including ungraded quizzes, assignments that do not require a Canvas submission, and course announcements [1]. Each item in the To Do list displays the assignment name, the course name, the number of points, and the due date for the assignment. Once the due date has passed, items remain in this section for four weeks.

The **Recent Feedback** section shows assignments with feedback from your instructor during the last four weeks [2].

The **View Grades** button links to the [Dashboard Grades](#) page and displays grades for all active courses [3].
Manage Sidebar Items

Each section item displays an icon to differentiate between different assignment types and other items in the To Do list [1].

If a section contains more items than can be shown, you can view all to-do items using the Show All link [2]. This link directs you to the List View Dashboard.

To remove a To Do item, click the remove icon [3].

**Note:** Assignments submitted through Canvas disappear automatically from the To Do list; no-submission assignments (submitted on paper/in class) can only be removed from the list manually.
How do I view grades in the Dashboard as a student?

You can view overall course grades in the Dashboard. This button is available to all user roles and displays grades for both courses being taken and courses being taught, if any.

Note: You may not be able to view grade totals.

Open Grades

In the Dashboard sidebar, click the View Grades button.
View Courses

Courses I'm Taking

View All Courses

All Courses are courses that are part of the current semester or term. However, depending on access settings for a course, My Courses can also display courses that have not yet started or are unpublished.

Active courses that are available to you are listed in blue text [1]. These courses have been published and include a link to the course. To open a course, click the name of the course. Courses that are within the current term dates but are not yet available are listed in black text [2]. These courses have not been published.

You can also view any nicknames you have created for courses [3].

If a course includes a term date [4], the term date displays next to the course name.

Each course includes your enrollment status [5]. Statuses can be student, teacher, TA, observer, designer, or a custom role as created by your institution.

In the All Courses section, you can customize the courses list and mark courses as favorites [6]. Favorite courses display in the Card View Dashboard.
View Past Enrollments

### Past Enrollments

<table>
<thead>
<tr>
<th>Course</th>
<th>Nickname</th>
<th>Term</th>
<th>Enrolled as</th>
<th>Published</th>
</tr>
</thead>
<tbody>
<tr>

<td>Student</td>
<td>Yes</td>
</tr>
</tbody>
</table>

**Future Enrollments** are courses that will be made available as part of an upcoming term or specific course start date. Future courses may be published or unpublished. However, some institutions may restrict you from viewing published courses before the start date.

If a future course includes a link [1], you can view course content but cannot fully participate in the course until the start date. Participation includes submitting assignments and replying to discussions.

If a future course does not include a link [2], the course cannot be viewed until the start date.

**Note:** Some institutions may not allow future enrollments to display in the Courses page.
View Groups

<table>
<thead>
<tr>
<th>My Groups</th>
</tr>
</thead>
<tbody>
<tr>
<td>Group</td>
</tr>
<tr>
<td>Group 1</td>
</tr>
<tr>
<td>Fall Festival Group</td>
</tr>
</tbody>
</table>

If you are enrolled in groups, the Groups section displays any groups within your current courses. You can view all your groups in your groups list.
How do I customize my Courses list as a student?

When you are enrolled in more than one Canvas course, you can customize the active courses you want to show in your Course list. Courses you want to show in the Courses drop-down menu are called favorite courses. You can favorite any published course that appears in the My Courses section on the course list page. Course favorites also display in the Card View Dashboard.

When no courses are favorited, the courses list automatically displays up to 20 courses alphabetically in the drop-down menu. However, once you have selected at least one course as a favorite, only your favorite courses will appear in the Courses list.

Note: Courses are always listed alphabetically; you cannot reorder your courses manually.

Open Courses

In Global Navigation, click the Courses link [1], then click the All Courses link [2].

Canvas Student Guide Updated 2020-01-21
Manage Courses

<td>Summer 2017</td>
<td>Student</td>
<td>Yes</td>
</tr>
</tbody>
</table>

To favorite a course, click the star next to a course [1]. Courses with filled stars show the course is a favorite [2].

Notes:

- After you have manually favorited at least one course, Canvas automatically favorites any new published course enrollments for you.
- You can only favorite active courses.
View Unpublished Courses

If a course is unpublished and you are allowed to view unpublished courses before the course start date, you cannot favorite the course. If you hover over a star icon for an unpublished course, you can view a message indicating that the course cannot be added as a favorite.

Future and past enrollments also cannot be favorited.

View Past Enrollments

<table>
<thead>
<tr>
<th>Course</th>

</tbody>
</table>
Depending on course configuration, you may still be able to view your past enrollments after courses have concluded. However, favorited courses are not automatically removed as a favorite. If a past enrollment course still shows as a favorite, you can unfavorite the course by toggling the star icon.
How do I view my institution's Public Course Index as a student?

The Public Course Index allows all users within an institution to publicly view the institution's course index in a catalog format. You can view a link to the Public Course Index on the My Courses page.

Note: The Public Course Index is currently an account opt-in feature. If you cannot see the courses link, your institution has not enabled this feature.

Open Courses

In Global Navigation, click the Courses link [1], then click the All Courses link [2].
Browse More Courses

In the My Courses page sidebar, click the **Browse More Courses** link.

View All Courses

You can view all courses that have been included in the public course index, with the most recently created courses shown first.

You can view the name of the course [1] and a description, if any [2].
Search Courses

You can search for courses in several different ways. In the Name field [1], you can type the name of a course.

You can also search for courses by status. If you want to view only public courses, click the **Public courses only** checkbox [2]. If you want to view only open enrollment courses, click the **Open enrollment courses only** checkbox [3]. Open enrollment courses are courses that you can join at any time.

When you are finished selecting your search options, click the **Search** button [4].
To view a course, click the name of the course [1]. If a course lets students self-enroll, you can join the course at any time by clicking the **Join this Course** button [2]. However, you can view the course first and enroll in the course home page.
How do I get help with Canvas as a student?

You can get help with Canvas by using the Help menu. The Help menu generates a list of resources to help you with Canvas. Canvas displays links according to roles in all enrollments; for instance, if you are a student who had one course with an instructor-based role, the Help menu will show you links available to students and instructors.

This lesson outlines the five default help links that may be included in the Help menu for your institution. However, your institution may customize the Canvas Help menu to hide default links and create custom links as resources.

Note: Depending on your institution, the Help menu may not be available.

Open Help

At the bottom of Global Navigation, click the Help link.

Note: Depending on your institution, the Help link name and icon may vary.
View Default Links

Help

1. Ask Your Instructor a Question
   Questions are submitted to your instructor

2. Search the Canvas Guides
   Find answers to common questions

3. Report a Problem
   If Canvas misbehaves, tell us about it

4. Ask the Community
   Get help from a Canvas expert

5. Submit a Feature Idea
   Have an idea to improve Canvas?

Depending on your user role, there are five default links for help or feedback:

- **Ask your Instructor a Question** [1]: Ask your instructor questions about course material or send them a message
- **Search the Canvas Guides** [2]: Search the Canvas Guides for information about features inside of Canvas
- **Report a Problem** [3]: Submit problems with Canvas to our support team
- **Ask the Community** [4]: Exchange ideas and solutions regarding Canvas functionality with Canvas experts and your Canvas peers
- **Submit a Feature Idea** [5]: Submit ideas about how to make Canvas better
View Custom Links

Your institution may reorder or remove the default links. Your institution may also include custom links in the Help menu.

Custom links may include pages to phone numbers, support information, and other resources.
Ask Your Instructor a Question

The **Ask Your Instructor a Question** link allows you to contact an instructor or TA in any of your active courses directly from the help page.
Send Message

In the course drop-down menu [1], select the course that relates to your question. In the Message field [2], enter the message for your instructor(s).

When you're done, click the **Send Message** button [3]. Replies will be sent to your Conversations inbox. If your course includes more than one instructor or TA, your message will be sent as a group message to all instructors/TAs in the course.
Search Canvas Guides

The Search the Canvas Guides link helps you search Canvas documentation for information about features in Canvas.
Report a Problem

The **Report a Problem** link helps you report problems in Canvas.

You may find a faster response to your question by searching the Canvas Guides. But if you can't find an answer, you can submit a ticket and get support help.
Submit Ticket

In the subject field [1], create a subject for your ticket.

In the description field [2], describe the problem you are experiencing in Canvas. Please be as detailed as possible to help troubleshoot the problem. If you submit tickets frequently, you may prefer to use a screencasting program to create an online link to an image or create a video walkthrough. However, if you're not comfortable using online links, you can submit attachments later if necessary; once you submit the ticket, you'll receive an email from the support team. You can reply to the email with any attachment as needed.

In the drop-down menu [3], select the statement that best describes how the problem is affecting you:

- Just a casual question, comment, idea, suggestion
- I need some help but it's not urgent
- Something's broken but I can work around it for now
- I can't get things done until I hear back from you
- EXTREMELY CRITICAL EMERGENCY

When you're done, click the Submit Ticket button [4].
Depending on your institution's support schedule, you'll receive a reply as soon as possible.

**Ask the Community**

- **Ask Your Instructor a Question**
  Questions are submitted to your instructor

- **Search the Canvas Guides**
  Find answers to common questions

- **Report a Problem**
  If Canvas misbehaves, tell us about it

- **Ask the Community**
  Get help from a Canvas expert

- **Submit a Feature Idea**
  Have an idea to improve Canvas?

The **Ask the Community link** allows you to collaborate with other members of the Canvas community for answers to Canvas questions. This link directs to the Find Answers space in the Canvas Community.
Request a Feature

The Submit a Feature Idea link allows you to submit feature ideas to Canvas. This link directs to the Feature Ideas space in the Canvas Community.
How do I log out of Canvas as a student?

When you are finished accessing Canvas, you can log out of your account.

Log Out

In Global Navigation, click the Account link [1], then click the Logout button [2].
Why can't I access my Course as a student?

Sometimes there are a few reasons why you cannot access your courses.

- If you are self-enrolling in a course using a join code or URL, you may not have completed the registration process. Check your email for information from your instructor as to how to enroll in your course.
- If your institution enrolled you in your course, your enrollment may not have been set up properly. Please contact your instructor(s) for assistance.
- Each course is associated with a specific access date. Depending on the date associated with the course, you may not yet be able to view your course.
- Courses must be published by your institution before you can access them. If a course is not accessible to you in your course list, it may not be published.
- Access to concluded courses may be restricted by your institution.
- Confirm your browser is up to date. Outdated browsers cannot support Canvas courses.
Grades
How do I view my grades in a current course?

The Grades page in a course displays all current grades for all course assignments. You can also view scoring details, comments, and rubrics. If your instructor is using multiple grading periods, you can also filter grades by grading period.

If you have any courses that have concluded and are able to access their content, you can view those grades from any active course. You can also view concluded course grades from the Global Navigation Menu.

Note: Some details in the Grades page, such as scoring details and the total grade, may be restricted in your course.

Open Course

In Global Navigation, click the Courses link [1], then click the name of the course [2].
Open Grades

In Course Navigation, click the Grades link.
View Grades

From the grades page you can select the Course for which you want to view grades [1]. By default, grades are sorted chronologically by assignment due date. In the Arrange by menu [2], you can also sort by module, assignment title, or assignment group. To see the specified grades, click the Apply button [3]. Assignments that are not part of a module will be shown at the end of the assignments list in alphabetical order. However, if modules or assignment groups aren’t used in your course, they won’t be included as sorting options.

You can view the name of the assignment [4], the assignment due date [5], the assignment status [6], the score you earned [7], and the total point value of the assignment [8]. You may also be able to view whether the assignment includes scoring details, comments, or rubrics [9].

You may see various grade icons in the score column [10] indicating the type of assignment you submitted. These assignments have not been graded by your instructor. Once the assignment is graded, the icon will be replaced by your score.

The grades page also lets you create hypothetical or What-If grades. You can click any score field and approximate your grade for both graded assignments (if want to submit an assignment) and ungraded assignments.

To print your grades, click the Print Grades button [11].
View Grading Periods

If grading periods are enabled in your course, you can view your grades according to grading period [1]. By default, the Grades page displays the current grading period. If an assignment does not include a due date, it will display as a part of the last grading period. To view grades for another course, click the Course drop-down menu [2]. To see the specified grading period and course, click the Apply button [3].

If your course includes weighted assignment groups, assignment groups may vary in the sidebar depending on which grading period you are viewing. An assignment group displays if the group has at least one assignment due in the selected grading period.

When grading periods are weighted and you select the All Grading Periods option, the sidebar displays the weights of each grading period.

View Late Assignment

Your instructor may enforce an automatic late policy in your course. Any assignments that are submitted after the due date are marked as late. The late policy automatically deducts a percentage of the grade from the total score. Late assignments display the Late icon in the Status column of the gradebook [1]. To view submission details for a late assignment, click the submission name [2].
View Late Submission

Submission Details

Grade: 30 / 30
Late penalty: -6
Final grade: 24 / 30

An Introduction to US History
Emily Boone submitted Aug 13 at 11:30am LATE

The Submission Details page displays your grade, the amount deducted for the late penalty, and the final grade.

View Grade Info

Bill of Rights Review Mar 13 by 11:59pm - 1

2 Final Grade Info
This assignment does not count toward the final grade.

Some assignments include a black warning icon [1], which alerts you that points earned from this assignment will not count toward your final grade [2]. You should still submit this assignment unless it has been excused by your instructor.

View Comments

Historical Video Assignment Feb 13 by 11:59pm 25 1

Comments
2 Thank you for your submission! Doug Roberts, Jan 2 at 3:10pm

3 Close
If there are comments in your assignment, the assignment displays a comment icon [1]. To view comments, click the icon. Comments will be organized chronologically [2]. To close comments, click the Close link [3].

**View Scoring Details**

If you can view scoring details, click the Check Mark icon [1]. You can view the grade distribution for the assignment and view the mean, high, and low scores [2].

The graph's horizontal line extends from 0 to the assignment's highest possible score [3]. The white box extends from the lowest to the highest student scores. Your score appears as a blue square on this plot.

You will only see scoring details if more than five other students have submitted that assignment in the course. If you do not see the scoring details, then fewer than five students have submitted the assignment.

To close scoring details, click the Close link [4].
An assignment may also include a Rubric icon [1], which means the assignment included a rubric for grading purposes. To view your results, click the icon. View your score based on the rubric [2]. To close the rubric, click the **Close Rubric** link [3].

**Note:** The total rubric score may be restricted by your instructor.
The Grades page will list the assignment groups included in your course [1]. Assignment groups allow instructors to organize assignments, discussions, and quizzes into groups and apply specific grading rules or weights to those groups. You can view the percentage score for each group [2] and the points you've earned versus the total points possible [3].

**Note:** Assignment group percentages may be restricted by your instructor.
The grade summary shows your total grade [1], allows you to view any saved what-if scores [2], and allows you to show or hide all scoring details, comments, and rubrics shown in the Grades page [3].

Depending on the grade calculation for your course, your total grade may display as a point value or as a percentage.

**Note:** Your instructor may restrict you from viewing your total grade [4].
View Current and Total Grades

The current grade is calculated by adding up the graded assignments according to their weight in the course grading scheme. This grade is calculated with the **Calculate based only on graded assignments** checkbox [1] selected in the sidebar.

The total grade is calculated by adding all the assignments according to their weight in the course grading scheme (both graded and ungraded assignments). To view the total grade, deselect the sidebar checkbox [2]. The grade at the top of the sidebar will reflect your total grade.

**Note:** If your instructor has restricted you from viewing the current and/or total grades, selecting or deselecting the sidebar checkbox still affects individual assignments. You may be able to see small changes with assignment shading indicating that a grade may be dropped from the course.
The sidebar shows the information about how your grades are calculated.

If your assignment groups are weighted, the sidebar will show the breakdown of weighted assignment groups [1].

Assignment groups will always display as a percentage. If your instructor allows you to view total grades, you can see a breakdown in the points you've earned versus the total points possible [2].

**Note:** Your instructor may restrict you from viewing your grade totals in assignment group percentages [3].
View Points Grade Calculation

<table>
<thead>
<tr>
<th>Assignments</th>
<th>89%</th>
<th>26.70 / 30.00</th>
</tr>
</thead>
<tbody>
<tr>
<td>Discussions</td>
<td>66.67%</td>

<tr>
<td>Quizzes</td>
<td>90%</td>
<td>9.00 / 10.00</td>
</tr>
<tr>
<td>Extra Credit</td>
<td>N/A</td>
<td>0.00 / 0.00</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>80.88%</strong></td>
<td><strong>80.88 / 100.00</strong></td>
</tr>
</tbody>
</table>

If your course does not use assignment groups, your total grade can be displayed in points or percentage. If your total grade is displayed in points, you can view your overall grade percentage. Again, your instructor may restrict you from viewing your total grade.

**Note:** Your instructor may restrict you from viewing grade totals.

Change Gradebook

If you have more than one course, you can use the course drop-down menu [1] to view grades in other courses.

If your Grades page shows Assignments and Learning Mastery headings [2], you can also view your standards-based scores in the Learning Mastery link.
How do I view my Learning Mastery scores in the Grades page?

Learning Mastery scores are used by your instructor to measure performance based on classroom standards, or outcomes. Outcome scores may be tied to assignments and other items throughout Canvas.

If your Grades page shows Assignments and Learning Mastery tabs on the Grades page, you can view standards-based scores in the Learning Mastery tab.

Open Grades

In Course Navigation, click the Grades link.
Open Learning Mastery Link

On the Grades page, click the Learning Mastery link.

View Outcomes Overview

In the Learning Mastery tab, you can view overall details about the outcomes available in your course. Grades will show you the name of each outcome group [1], as well as the outcome summary [2]. The outcome summary displays the number of outcomes you have mastered on the left, while the the total number of outcomes within the group are shown on the right.

Click the down arrow [3] or the name of the outcome group to expand the overall achievement for the entire outcome group.

Click the Print Grades button [4] to print your outcomes results.
Expand Outcome Group

You can expand each outcome to view all outcomes within the group. You can use the expand and collapse icons [1] to expand and collapse all outcome groups at once. You can also expand outcome groups individually by clicking the name of an outcome group [2] or the down arrow [3].
View Outcomes

When an outcome group is expanded, each outcome is displayed with the outcome name [1]. To view more information about an outcome, hover over the information icon [2].

Each outcome also displays an icon indicating mastery [3].

To view information about outcome alignments, click the arrow icon [4].
View Outcome Information

The information window displays the assessment of the outcome.

You can view the date for the most recent assessment of the outcome [1] and the assessed mastery level [2].

You can also view the calculation method for the outcome [3] and an example of the calculation method [4].

View Alignments

The information window displays the assessment of the outcome.

You can view the date for the most recent assessment of the outcome [1] and the assessed mastery level [2].

You can also view the calculation method for the outcome [3] and an example of the calculation method [4].
Alignments are the assignments and other Canvas items that are linked to an outcome. These alignments show what course assignments you participated in to earn your score. Not all items may be aligned to an outcome.

To view alignments for an outcome, click the arrow icon.

Each outcome displays a link for each aligned item [1], as well as your assessed mastery level for each aligned item [2].

Change Gradebook
To view the standard Assignments grades page for your course, click the Assignments link [1]. You can toggle between assignments and outcome scores at any time.

If you have more than one course, you can view grades by selecting another course name in the grades course drop-down menu [2].
How do I use the icons and colors in the Grades page?

There are different icons on the Grades page. Depending on the type of assignment submission, grading rules, and comments, you will see different icons.

**Submission Type Icons**

<table>

</tr>
</tbody>
</table>

The following icons represent different assignment submission types on your Grades page:

- **Document Icon** [1]: File upload submitted, not graded
- **Discussion Icon** [2]: Graded discussion submitted, but not graded
- **Quiz Icon** [3]: Quiz submitted, not fully graded (contains questions that must be manually graded, or an auto-submitted quiz score has been deleted and needs to be reassigned); can also display if a quiz has been edited and includes major changes that affect the quiz score, such as deleting questions or deleting quiz answers, and requires a grader to manually resolve
- **Text Icon** [4]: Text entry submitted, not graded
- **Link Icon** [5]: A URL has been submitted, not graded
- **Media Icon** [6]: Media recording submitted, not graded
• **Visibility Icon[7]**: Score is hidden while instructor is grading; you will not be able to view your grade, submission comments, or quiz responses until your instructor posts grades for the assignment.

**Submission Details Icons**

- **Discussion Icon[2]**: Assignment comments
- **Check Plus Icon[3]**: Scoring details
- **Rubric Icon[4]**: Rubric details

<table>
<thead>
<tr>
<th>Assignment</th>
<th>Due Date</th>

If your instructor uses an originality tool, you may be able to view an originality report for your submissions. To view the originality report, click the Originality Report icon [1]. The icon color indicates the percentage of text matched by the originality tool. A timer icon indicates the originality tool is still checking your submission [2].
How do I approximate my assignment scores using the What-If Grades feature?

As a student, you can view your grades based on What-If scores so that you know how grades will be affected by upcoming or resubmitted assignments. You can test scores for an assignment that already includes a score, or an assignment that has yet to be graded.

Notes:
- What-If scores simulate updates to your current and final grades. Depending on the grade calculation for your course, your grades may display as a point value or as a percentage.
- Your instructor may restrict you from viewing your current and/or final grades.

Open Grades

In Course Navigation, click the Grades link.
View Current or Total Grade

View your existing grades to see how approximating scores will affect your grade.

If available, your current grade is displayed in the sidebar [1]. The current grade is calculated by adding up the graded assignments according to their weight in the course grading scheme and applies when the **Calculate based only on graded assignments** checkbox [2] is selected in the sidebar. This checkbox is selected in the sidebar by default.

If you want to view your total grade, deselect the sidebar checkbox. Your grade will be calculated based on both graded and ungraded assignments.
View Grading Periods

If your instructor is using grading periods, the grades page defaults to the current grading period. To change grading periods, click the **Grading Period** drop-down menu [1]. Click the **Apply** button [2].

How do I view my grades in a concluded course?

You may be able to view your grades for courses that have ended. Depending on the grade calculation for your course, your total grade may display as a point value or as a percentage. If viewable, concluded course grades can also be viewed from any active course.

Notes:

• Your instructor may restrict you from viewing grade totals.
• Some institutions may restrict the option to view concluded courses.

Inbox
How do I use the Inbox as a student?

The Inbox is split into two panels and displays messages chronologically. You can view and reply to conversations and sort them by course or inbox type. The Inbox itself does not have any file size limits; however, attachments added to a conversation are included in the sender's personal files.

Notes:

- If you right-click or option-click on the Inbox link, you can open your Inbox in a new browser tab to keep it handy while you are doing other tasks in Canvas.
- Users display in conversations once they have an active enrollment in the course, and users cannot join a course unless it is published.
- Once a course has concluded, you will only be able to message instructors or TAs in that course.

Open Inbox

In Global Navigation, click the Inbox link.
If the Inbox link includes a numbered indicator, the indicator shows how many unread messages you have in your Inbox. Once you read the new messages, the indicator will disappear.

**View Toolbar**

![Canvas Canvas Student Guide Updated 2020-01-21](https://via.placeholder.com/150.png?text=Canvas%20Student%20Guide%20Updated%202020-01-21)

The toolbar includes global message options. To load conversations, filter your messages by course or group [1] and type [2]. Filtering by type lets you filter messages by Inbox, Unread, Starred, Sent, Archived, and Submission Comments. You can compose a message at any time using the compose icon [3].

You can also search for conversations by user in the **Search by user** field [4].

Once you have selected a conversation, you can use the other options in the toolbar to:

1. **Reply** to a conversation
2. Reply-all to a conversation
3. **Archive** a conversation
4. **Delete** a conversation
5. **Forward**, mark a conversation as read or unread, and **star** conversations
View Inbox Panels

Conversations for your selected course and Inbox filter appear in the left Inbox panel.

View Conversations

- **12:35pm**
  - Emily Boone, Doug Roberts...
    - Office Hours
      - My office hours are listed in the course Calendar.

- **12:05pm**
  - Emily Boone, Doug Roberts
    - Homework Assignment
      - Thank you for your submission. It will be graded shortly.

- **11:32am**
  - Doug Roberts, Emily Boone
    - Assignment
      - Please review this assignment.
The Inbox is organized chronologically from newest to oldest with the newest conversations appearing on top [1] and the older conversations at the bottom.

You can manually mark a conversation as read or unread by hovering over the conversation and clicking the circle to the left of the conversation [2]. To star a conversation, hover over the conversation and click the star to the right of the conversation [3].

**View Conversation Thread**

When you select a conversation [1], all messages in the conversations thread appear in the right Inbox panel [2].

**Manage Conversation Thread**

Within each conversation, you can reply, reply-all, forward, or delete the entire conversation thread [1]. You can also hover over an individual message and use the same commands within the individual message [2].
Select Multiple Conversations

To select multiple messages to archive, delete, mark as read, mark as unread, or star, click the check box for each message [1]. You can also press the command key (Mac) or the control key (Windows) while clicking each message you want to select. In the Inbox toolbar [2], click the desired option.

To select all messages, click the command + A keys (Mac) or the control + A keys (Windows).

To select a range of messages, click the first message you want to select, hold down the Shift key, and then click the last message you want to select. All messages between the first and the last messages will be selected.

**Note:** You can also click the message check box or use the same keyboard command to deselect a message.
How do I find my unread messages in the Inbox as a student?

You can view all unread messages in your Inbox. You can also filter messages to show only unread messages.

Open Inbox

In Global Navigation, click the Inbox link.
View Unread Message

- **10:57am**
  - Doug Roberts, Emily Boone
  - Upcoming Quiz
  - That works for me. I will put it on the course cale

- **10:49am**
  - Doug Roberts, Max Johnson
  - Missing Assignment
  - Thanks, Mr. Roberts!

- **Oct 24, 2017**
  - Doug Roberts, Max Johnson
  - Meeting
  - Definitely!

All unread messages have an indicator next to the message. Once a Conversation has been read, the blue dot changes to a gray circle.
Mark as Unread

If you want to mark a conversation as unread, click the read indicator [1]. The message will now show the unread indicator [2].
Mark Multiple Messages

You can mark multiple conversations as unread or read by pressing the command key (Mac) or the control key (Windows) while clicking multiple messages, or by selecting the message checkbox [1].

Locate and click the settings icon and choose the **Mark as unread** link [2].

If you select multiple unread messages, you will see **Mark as read** link [3].
Select Unread Conversations

To view only unread messages, open the Inbox drop-down menu [1]. Select the Unread link [2].
How do I filter conversations as a student?

You can filter the conversations in your Inbox for easier organization, especially if you are enrolled in multiple courses. Filtering conversations allows you to selectively view conversation messages by course, inbox, or user.

Open Inbox

In Global Navigation, click the Inbox link.
Filter by Course

You can filter your inbox by types of courses. Your Inbox may contain one or more of the following options:

- Current courses in your Favorites menu [1]
- More courses that are not in your Favorites [2]
- Concluded courses [3]
- Current or concluded groups [4]

Filter by Inbox

You can also filter by Inbox type. By default, the Inbox displays all messages.
View Unread Messages

The **Unread** filter displays all unread conversations in your Inbox. Learn how to [view and manage unread messages](#).

View Starred Messages

The **Starred** filter displays all starred messages in your Inbox. Starred messages are marked as important so you can locate them later. Learn how to [star a message](#).
View Sent Messages

The Sent filter displays all your sent messages, both to individual users or multiple users.

**Note:** The Sent filter only includes sent messages from the first user to send a message in a conversation thread. Replies from recipients of the original message will appear in their Inboxes, but not in their Sent filters.

View Archived Conversations

The Archived filter displays all archived conversations. Learn how to [archive a conversation](#).

**Note:** Sent messages cannot be archived. Additionally, archived messages do not include [deleted messages](#), which are completely removed from the Inbox.
View Submission Comments

The Submission Comments filter displays all comments associated with course assignments and feedback. Learn how to reply to submission comments.

Filter by User

To filter by user, type the name of a user in the filter field [1], or browse for the course, group, or user by selecting the Address Book icon [2].
How do I star a conversation as a student?

Starring conversations allows you to see important messages at a glance.

Open Inbox

In Global Navigation, click the Inbox link.
Star and Unstar Conversations

To create a starred message, click the star icon. If you want to remove the star, click the star icon again.
View Starred Conversations

To view only starred conversations, click the **Inbox** drop-down menu [1]. In the drop-down menu, select the **Starred** link [2].
View Starred Conversations Only

    - Class is cancelled for next wednesday

View all the conversations you have starred.
How do I send a message to a user in a course in the Inbox as a student?

In the Inbox, you can send a message to one user or multiple users in a course.

If your recipient list contains more than 100 users, your message will automatically be sent as individual messages to each user. As the sender, you will also be included in the total recipient count.

Notes:

• Currently you cannot message users in multiple courses.
• You can also send a message to yourself, but messages can only be viewed in the Sent messages folder.
• Once a course has concluded, you will only be able to message instructors or TAs in that course.

Open Inbox

In Global Navigation, click the Inbox link.
Compose Message

Click the Compose icon.

Select Course

In the Courses drop-down menu, select the course where you want to send your message. You can filter your courses by current favorite courses [1] or more courses [2].

**Note:** When filtering by Concluded Courses [3], you can only send a message to instructors (teachers).
Add User

To add a user, you can search for the user in the To field [1] or you can use the Course Roster [2].

Search for User

To search for a user, type the user's name in the To field. Canvas will automatically populate matching names. If multiple names appear, use the arrow key to select the user’s name. Then press the Enter key. The user’s name will appear in the To field, highlighted in light blue.

If you accidentally select the wrong user, press the Delete key (on a MAC keyboard) or the Backspace key (on a PC keyboard) to remove the user.

You can also hover over a user's name and click the white x to remove the user from the list.
Add Multiple Users

Compose Message

Course: History 101

To: Jessica Doe, Max Johnson

Subject: No subject

Send an individual message to each recipient

To send a message to multiple users, type the names of the users in the To field.

Note: If you have a long list of recipients, the To field will only show 5 lines before scrolling is enabled. If you select the Send individual messages checkbox, individual messages for all recipients will be created.
Use Course Roster

To select a user from the course roster, click the **Address Book** icon next to the **To** field [1]. From the address book, locate the user’s role [2] and then select the user’s name [3]. Names are arranged by last name.

To navigate back to the course roster, use the arrow icon [4].
Add Multiple Users

To send a message to multiple users in the course roster, press the command key (Mac) or the control key (Windows) and click the name of each user you’d like to add to your message. Pressing the keyboard key will keep the roster window open.
Send Message

In the subject line field [1], enter a subject line for your message.

If you are sending your message to multiple users, but you do not want each user to see who else was included in the message, click the Send an individual message to each recipient checkbox [2]. If your message includes over 100 recipients (including you as the sender), this checkbox will be selected by default.

In the message field [3], type your message. All content is sent in plain text. Note that if you include a URL in your message, the URL will automatically become a clickable link after you send the message.

If you want to include an attachment or media file, click the attachment or media file icons [4].

When you are finished, click the Send button [5].
How do I send a message to a user in a group in the Inbox as a student?

In the Inbox, you can send a message to one user or multiple users in a group.

If your recipient list contains more than 100 users, your message will automatically be sent as individual messages to each user. As the sender, you will also be included in the total recipient count.

Note:

• Currently you cannot message users in multiple groups.
• Once a course has concluded, you cannot message groups in that course.

Open Inbox

In Global Navigation, click the Inbox link.
**Compose Message**

Click the **Compose** icon.

**Select Group**

In the Courses drop-down menu, select the Groups option [1] and select the name of the group [2]. You can also search for a group by typing the group name in the Groups search field [3].

**Note:** Groups are organized in alphabetical order and display after courses in the drop-down menu.
Add Users

To add a user, you can search for the user in the To field [1] or you can use the Group Roster [2].

Search for Users

To search for a user, type the user's name in the To field. Canvas will automatically populate matching names. If multiple names appear, use the arrow key to select the user's name. Then press the Enter key. The user's name will appear in the To field, highlighted in light blue. To send a message to multiple users, type the names of additional users in the To field.

If you accidentally select the wrong user, press the Delete key (on a Mac keyboard) or the Backspace key (on a PC keyboard) to remove the user.
You can also hover over a user's name and click the white x to remove the user from the list.

**Use Group Roster**

To select a user from the group roster, click the Address Book icon next to the To field [1]. From the address book, locate and select the user's name [2]. Names are arranged by last name.

**Note:** To send a message to multiple users in the course roster, press the command key (Mac) or the control key (Windows) and click the name of each user you’d like to add to your message. Pressing the keyboard key will keep the roster window open.
Send Message

In the subject line field [1], enter a subject line for your message.

If you are sending your message to multiple users, but you do not want each user to see who else was included in the message, click the **Send an individual message to each recipient** checkbox [2]. If your message includes over 100 recipients (including you as the sender), this checkbox will be selected by default.

In the message field [3], type your message. All content is sent in plain text. Note that if you include a URL in your message, the URL will automatically become a clickable link after you send the message.

If you want to include an attachment or media file, click the attachment or media file icons [4].

When you are finished, click the **Send** button [5].
How do I send a message to all course users in the Inbox as a student?

You may be able to use the Inbox to send a message to all users in a course, all users in a specific role, or all users in a group. If your recipient list contains more than 100 users, your message will automatically be sent as individual messages to each user. As the sender, you will also be included in the total recipient count.

**Notes:**

- Messaging all users is a course permission. If you cannot send a message to all users, your institution has restricted this feature.
- Once your course has concluded, you cannot send a message to all users.
- Users display in the Inbox once they have an active enrollment in the course, and users cannot join a course unless it is published.

Open Inbox

In Global Navigation, click the **Inbox** link.

  Class Field Trip
  Remember the group field trip is on Friday.

Your message will appear at the top of your Sent folder. When someone replies to your message, the message will be shown in the Inbox.

Note: You can reply to the recipient or reply-all to everyone in the class.
How do I attach a file to a message as a student?

You can upload supplemental files as part of your Inbox messages.

Note: Attachments appear in your user files in the Conversation Attachments folder and count against the files limit for your account.

Open Inbox

In Global Navigation, click the Inbox link.

Compose Message

To start a new message, click the Compose icon.
Browse for Attachment

To attach a file, click the Paperclip icon.
Select File(s)

Select the file and click the **Open** button.
Select Multiple Files

You can upload additional files by clicking the paperclip icon [1] again. If you accidentally select the wrong file, press the Delete icon [2] to remove it, or click the paperclip icon or double click the file to select a different file. When you are finished, click the Send button [3].
View Attachment(s)

**Home sick**

Max Johnson, Doug Roberts  
Biology 101  
February 7, 2018 at 4:52pm

Here is my assignment that was due today. I am home sick!

- Revolution Review.docx
- Assignment.pdf

The attachments will appear below the message. To view the file, click the link.
How do I attach a media comment to a message as a student?

You can record or upload video and audio files as part of your Inbox messages.

For more information about supported uploaded media types, please see the Canvas Media Files lesson.

Note: Attachments appear in your user files in the Conversation Attachments folder and count against the files limit for your account.

Open Inbox

In Global Navigation, click the Inbox link.

Compose Message
To start a new message, click the **Compose** icon.

**Open Media**

The Compose Message interface is shown, allowing the user to specify the course, recipient, subject, and message content. The message field is pre-filled with "Here's my assignment.

To attach a media comment or file, click the **Media** icon.
Record Media Comment

A pop-up window will appear in your browser. **Note:** If you see a message from Adobe Flash Player and instructure.com requesting access, click the **Allow** button.

Click the **Record Media** tab [1]. Select your preferred media method: record with webcam [2] or record with microphone only [3]. In the title field, name your media comment [4]. When you’re ready to record, click anywhere within the media comment to start recording [5].
Create Recording

The timer with the red dot [1] will indicate you are recording your media comment, as well as the length of the comment. Once you are finished recording, click anywhere within the media comment to stop the recording [2].
Save Recording

Before you attach the media comment, you have the chance to review it. If you are happy with the result, click the **Save** button [1]. If you want to re-record the recording, click the **Record** button [2] to start over.

Upload Media Comment

---

Canvas Student Guide Updated 2020-01-21
If you have a previously recorded media file, you can upload it as part of your message. Click the **Upload Media** tab [1]. Click either the **Select Audio File** button [2] or **Select Video File** button [3].

The media comment will appear below the message. Click the link to view the file.
How do I reply to a message in the Inbox as a student?

Canvas makes it easy to reply to messages from other users in your Inbox.

If your recipient list contains more than 100 users, your message will automatically be sent as individual messages to each user. As the sender, you will also be included in the total recipient count.

If you want to reply to a submission comment, you can reply using submission comments in your Inbox or directly from your assignment or quiz.

Open Inbox

In Global Navigation, click the Inbox link.
Select Conversation

Click the Conversation you want to respond to [1]. Click the Reply icon in the message header, or hover over the timestamp and click the Reply icon within the message [2]. You can also click the Reply icon in the toolbar [3].

**Note:** If there is more than one recipient, you can reply-all to the conversation and everyone included will see your reply.
Reply to Message

Type your reply in the message field [1]. You can attach a file or media [2]. When you are ready, click the Send button [3].
View Sent Message

Your message appears in the preview text of the conversation [1] and at the top of the individual thread [2].
How do I privately respond to one individual in a group message as a student?

Even when you are part of a group conversation, you can privately respond to another individual.

Open Inbox

In Global Navigation, click the Inbox link.
Select Conversation

History 101 - Patriotism or Treason?

Emily Boone
November 21, 2017 at 3:13pm

Thank you for your comments! I’ve revised my paper and resubmitted for grading.

Doug Roberts
October 16, 2017 at 4:00pm

Please see my annotated comments

View your reply in the conversation thread.

Replies are also posted back to the assignment and can be viewed in the Grades page and the assignment submissions page.
How do I forward a message from a conversation as a student?

You can forward conversations to other individuals in your courses. If your recipient list contains more than 100 users, your message will automatically be sent as individual messages to each user.

Open Inbox

In Global Navigation, click the Inbox link.
Select Conversation

Select the conversation.

Select Message

Hover over the timestamp to view more options. Select the Forward option.
**Note:** You can only forward one message at a time.

### View Compose Window

In the compose message window, you can:

1. Add recipients
2. Type a message
3. Attach files or media
4. Click the **Send** button

**Note:** You cannot change the course or the subject line if you are forwarding a message.
How do I add new people to an existing conversation as a student?

You can add people to an existing thread in the Inbox.

If your recipient list contains more than 100 users, your message will automatically be sent as individual messages to each user.

Note: When adding users to an existing conversation, you cannot change the course or the subject line.

Open Inbox

In Global Navigation, click the Inbox link.
Select Conversation

In the Inbox filter, select an existing conversation.

Reply to Conversation

Locate the message thread and click the Reply icon.
Add Recipients

Compose Message

Course: History 101
To: Doug Roberts, jessi
Subject: Jessica Doe

Start to type a name in the text field [1], or click the Address Book icon [2] to filter by users or course groups.

Use Address Book

Compose Message

Due Date Change

Emily Boone, Doug Roberts, Jessica Doe
History 101

This will be really helpful!

The link will update the total number of people involved in the conversation.
Newly added participants will be able to read and comment on the entire conversation, even the messages that were posted before they were added.
How do I delete a conversation as a student?

You can delete conversations from your Inbox when you no longer need them.
You can also [delete individual messages](#) from a conversation instead of deleting the entire thread.

Open Inbox

In Global Navigation, click the [Inbox](#) link.
Select Conversation

- 3:24pm
  - Doug Roberts, Bruce Jones...
  - Due Date Change
  - This will be really helpful!

- 12:35pm
  - Emily Boone, Doug Roberts...
  - Office Hours
  - My office hours are listed in the course Calendar

- 11:32am
  - Doug Roberts, Emily Boone
  - Assignment
  - Thank you! I will review this before next class.

Select the conversation.
Select Multiple Conversations

To select multiple messages to delete, click the message checkbox or press the command key (Mac) or the control key (Windows) while clicking each message you want to select. You can also click the checkbox or use the same keyboard command to deselect a message.

To select all messages, press the command + A keys (Mac) or the control + A keys (Windows).

To select a range of messages, click the first message you want to select, hold down the Shift key, and then click the last message you want to select. All messages between the first and the last messages will be selected.
Delete Conversation

Click the Delete icon.

Note: You can only delete your copy of the conversation. You cannot delete the conversation for all recipients.

Delete Multiple Conversations
To delete multiple conversations, select the message checkbox or press the command key (Mac) or control key (Windows) while clicking each message you want to delete [1]. Then click the Delete icon [2].

Confirm Deletion

![Confirm Deletion]

Select the OK button. All messages from that conversation will be deleted.

**Note:** New messages sent to you by any participant in a deleted conversation will still appear in your Inbox.
How do I delete a message from a conversation as a student?

You can delete individual messages within a conversation in Canvas.

Open Inbox

In Global Navigation, click the Inbox link.

Archive Conversations

Click the Archive icon.
View Archived Conversations

To view archived messages, click the Inbox drop-down menu [1]. Select the Archived link [2].

Unarchive Conversations

To unarchive a message, click the message you want to unarchive [1]. Click the Unarchive icon [2].
Modules
How do I view Modules as a student?

Some instructors will use modules to organize the course. Modules control the entire flow of the course, along with its content.

**Note:** Your instructor may choose to hide the Modules link in Course Navigation. If the Modules link is not available, you can still access Module items through other areas of Canvas, such as the Syllabus or Course Home Page. Alternatively, your instructor may choose to hide all Course Navigation links except for Modules. If other Course Navigation links are not available, your instructor wants you to navigate the course using Modules.

Open Modules

In Course Navigation, click the **Modules** link.
View Modules

In Modules, you can view all the modules in your course. Modules are organized by order of progression.

Modules house the content items within each module. By default, modules are expanded and show all items in the module [1]. To collapse the module, click the collapse arrow [2].

**Note:** The Modules page supports keyboard shortcuts. To view a list of keyboard shortcuts, press the Comma key.
View Locked Module

Your instructor may lock a module until a specified date. Locked modules display a Locked icon [1] and an unlock date [2].
View Module Icons

Modules can be filled with different types of content. Each module item also includes an icon with its type:

- **Page** [1]: a page of content to read
- **Discussion** [2]: a course discussion
- **Quiz** [3]: a course quiz
- **Assignment** [4]: a course assignment
- **Link or External Tool** [5]: an external link or tool to view outside of the course
- **File** [6]: a file to download or view
View Requirements

If a module includes requirements, the header shows whether you are supposed to complete all requirements or select one requirement [1].

Next to the module item, you can view the type of requirement necessary to complete the module item [2]. You must complete all required module items before you can progress to the next module. Some modules may require you to complete the module items in order.

Depending on the module item type, requirements include up to five options:

- **View**: You must view the item.
- **Mark as done**: You must mark the module item as done before you can progress to the next item.
- **Contribute**: You must post a reply to the discussion topic or contribute content to a page.
- **Submit**: You must submit the assignment, graded discussion, or quiz.
- **Score at least X**: You must submit the assignment with a minimum of the shown score.
Module items can also be used to show progression through a module. Modules and/or module items that are not available to you are grayed out.

For any module icon, you can hover over the icon and view the message for the requirement.

Icon meanings may change depending on if your course is using requirements:

- **Orange dash icon** [1]: when next to a module item, the module item is overdue. When next to the module heading, the module requirements have not been met.
- **Green check mark** [2]: the module item has been completed. For requirements, this icon means the module requirement has been met.
- **Blue info icon** [3]: the module item has been submitted, but has not yet been graded.
- **Options label** [4]: the module item requires you to choose an assignment path before additional module items can be displayed.
- **White circle** [5]: the module item has not been started.
- **Lock icon** [6]: the module is locked until a future date. For prerequisites, this icon means the previous module has not been completed so it cannot be viewed.
- **Lock message** [7]: the module may contain additional information that cannot be accessed until the name of the assignment in the message is graded.

**View Individual Module Item**

![Module items](image)

Each module contains module items. Each item includes the module item name [1]. Items will display the due date (if any) [2], and the number of points the assignment is worth [3]. If a To-Do date was added to a non-graded item, the date will display next to the module item [4].

**Note:** If your instructor has placed an unpublished quiz in the module, you will not be able to see the points possible or the quiz questions until the quiz has been published.
Open Module Item

<table>
<thead>
<tr>
<th>Topic</th>

<td>60 pts</td>
</tr>
</tbody>
</table>

To begin a module, click the first item in the module.
Navigate Module

You can advance through module items or return to previous modules using the progression bar at the bottom of the page. To advance to the next module item, click the Next button [1]. To return to a previous module item, click the Previous button [2].

You can view the name of the next or previous module item by hovering over the Next or Previous button, respectively.

Note: If your instructor has enabled MasteryPaths for your course and an assignment is processing, the Next button in the modules progression bar indicates that you should refresh the page. This change notifies you about progressing to the next module item.
How do I mark a module item as done for a module requirement?

Your instructor may require you to mark a module page or assignment as completed before you can progress to the next item in the module.

Marking a content page as done means that you understand the course material in the content page and are ready to progress to the next item. Additionally, when you mark a content page as done, its associated to-do item is removed from the to-do list and the item displays as complete in the Dashboard List View.

Note: You may be able to mark online or external tool submission assignments as done. However, you must still submit the assignment for your instructor to grade.

Open Modules

- Home
- Assignments

Click the Mark as Done button.
Confirm Done

When you mark the page as done, the button changes from Mark as Done to Done.

Unmark Page

If you want to unmark the page as done, click the Done button. The button will turn back into the Mark as Done button.
How do I choose an assignment path in a module?

If your Modules page asks you to choose an assignment group, you need to choose which assignment(s) you want to select before you can progress to the next assignment.

Open Modules

In Course Navigation, click the Modules link.

Choose Assignment Group

Locate the current module and click the Choose Assignment Group link.
Select Assignment

Choose Assignment Path

Select one of the options:

Option 1

Safety in Science · Symbols
31 pts.
Review the Lab Safety · Symbols reading assignment in CK-12 and complete the attached worksheet.

Reading Assignment: http://www.ck12.org/group-assignments/25892
Worksheet: CK12_MS Concepts Physical Science_Quiz_Safety in Science.docx
	- This assignment is worth 25 points
	- Your completed assignment should be submitted in either .docx or .pdf format.

Option 2

Biology Overview
3 pts.

View the assignment options. Locate the assignment you want to select and click the Select button.

Note: Once you select an assignment, you cannot select a different assignment.
View Selected Assignment

Canvas will verify your selected assignment. To move to the next assignment, click the assignment link.

**Note:** If the link generates an error message, you can access the assignment by clicking the Modules link in Course Navigation.

View Modules

In the Modules page, you can also view your next assignment.
How do I view course content offline as an HTML file as a student?

If your institution has enabled offline content, you can view your course offline as an HTML file. You can download the HTML file from the Modules page and view any content available in each module. Currently HTML files can only be generated in the browser version of Canvas and are only supported on a computer.

HTML offline content is for offline viewing only; you cannot interact with course content directly, such as completing an assignment or viewing any submissions. In the HTML file, you can view assignment details, availability dates, and point values. Discussions and quizzes only include the description. All discussion replies (graded or ungraded) are considered submissions and must be viewed online. Additionally, you can view any embedded media files in the HTML file. If a link can only be accessed online, the link includes an external icon identifying the content as online only.

Content items within modules are available if you have permission to view them. However, content items locked by modules or by date are not included in offline content and show that the content is not available.

Offline downloads include all content from the course at the time of the download. You will need to download the course each time you want to view updated course content. After the initial download, the export page shows the history of each download, and the Modules page shows the last time the content was exported.

User Guidelines

When exporting course content, you may not reproduce or communicate any of the content in the course, including exported files, without your institution's prior written permission. Please be aware of your institution's online user agreement guidelines.

Notes:

- If your Course Home Page is set to Modules, you can export course content from the Course Home Page.
- Offline content cannot be downloaded once a course is concluded.
- If your course does not allow access to the Modules page, or if your course Modules page does not display the Export Course Content button, offline content is not available in your course. However, your institution may allow you to export course content as an ePub file.
Open Modules

In Course Navigation, click the Modules link.

Export Course Content

Click the Export Course Content button.
Export Course

Exported Package History

You may not reproduce or communicate any of the content on this course, including files exported from this course without the prior written permission of your institution. Check with your institution for specific online user agreement guidelines.

Processing
this may take a bit...

The download process has started. This can take awhile for large courses. You can leave the page and you'll get a notification when the download is complete.

The course will download to your computer as a ZIP file. If you remain in the page until the download is complete, the file will download directly to your computer.

If you leave the page, you'll receive an email notification when the course download is complete. You can use a link in the email to download the file.

View Export History

Exported Package History

Most recent export: Jul 3 at 11:44am

You may not reproduce or communicate any of the content on this course, including files exported from this course without the prior written permission of your institution. Check with your institution for specific online user agreement guidelines.

When the export is complete, the Exported Package History page shows the most recent export. To download the export again, click the date of the export.

If you export the course again at a later date, the most recent export will always display in the page, along with previous exports.
Open ZIP File

Once the file has been downloaded, locate the ZIP file on your computer [1]. Double click the file to open it (MAC users) or right-click the file and select Extract All (PC users).

When the file expands, open the course folder [2] and open the index.html file [3].
Open Course Content

The HTML file will open in your default browser. Offline downloads include all content from the course at the time of the download [1]. You will need to download the course each time you want to view updated course content.

If any content can only be accessed online, the content link includes an external icon identifying the content as online only [2].

To view course files, click the Files link [3].

To open course content, click the name of the content [4].
View Course Content

Biology Overview

View the content in the course file.

To view the next content item in the module, click the Next button [1].

To return to the main Modules page, click the name of the course in the page footer [2].
How do I view Pages as a student?

You can view Pages in your course through the Pages Index page or through Modules.

Note: If you cannot view the Pages Course Navigation link, your instructor has hidden the link in your course. Additionally, you will also not be able to view the View All Pages button if your course includes a Front Page.

View Pages

In Course Navigation, click the **Pages** link.

View All Pages

Pages is designed to open to the front page for the course, if there is a front page selected. To view the Pages index, click the View All Pages button.

You can notify users that content has changed by selecting the Notify users that this content has changed checkbox [1]. Click the Save button [2].
A Declaration by Committee

The following are key elements leading up to the Declaration of Independence. You may sign up for a group. Your group will edit this page to add details for each heading. The first is completed as an example. Be sure that you adequately, succinctly, and correctly describe the concept as well as the people involved. Make sure to provide a reference for your information.

Developing the idea

In June 1776, the Second Continental Congress decided that they needed to declare independence in one fashion or another. They agreed to take a three week recess and appointed the "Committee of Five" which included John Adams, Roger Sherman, Benjamin Franklin, Robert R. Livingston, and Thomas Jefferson. After the committee discussed the general direction that the document would take, they asked Jefferson to write the first draft.

Writing

John Adams, Thomas Jefferson

Group A
How do I edit a page in a group?

How do I embed a video in a page in a group?

Canvas lets you embed video content within a page.

Notes:
• Canvas only supports secure video URLs (HTTPS) for embedding.
• Video playback defaults to the lowest resolution quality. Users can manage video playback options in the video settings menu.

Open Pages

In Group Navigation, click the Pages link.

View Pages

Pages is designed to open to the front page for a group, if there is a front page selected. Click the View All Pages button to select a page from the Pages Index.
Open Page

Click the title of the page you want to view.

Edit Page

Click the Edit button.

Open Insert Media Tool

Welcome to the Rich Content Editor
Click the Insert Media icon.

**Note:** Media will be inserted at the location of your cursor in the Rich Content Editor.

**Insert Using Source URL**

By default, the media window displays the General tab.

To embed the video using a URL, paste the video URL in the **Source** field [1]. The video's dimensions will automatically populate the **Dimensions** fields [2]. You can also resize the video using the Dimensions fields. To maintain height and width proportions when resizing the video, click the **Constrain proportions** checkbox [3].

**Insert Using Embed Code**

To embed the video using an embed code, select the Embed tab [1]. Paste your embed code below [2].
To embed the video using an embed code, click the Embed tab [1] and paste the code in the text field [2].

When you insert a video with an embed code, the General tab source and Dimension fields automatically update with information according to the embed code content.

**Insert Using Advanced Options**

In case a browser doesn't support source video encoding, you can use advanced options to embed your video. Click the Advanced tab [1].

To specify an alternative source for the video, enter the URL in the Alternative source field [2]. Alternative source URLs specify alternative video encoding if a browser doesn't support the initially offered encoding.

To specify a thumbnail image for the video, enter the image URL in the Poster field [3]. If the Poster field is blank, the first frame of the source video will be used as the poster image.

**Note:** Links from common providers (like YouTube and Vimeo) often link to custom media players and will not recognize any content added to the alternative source and poster options.

**Embed Media**

To close the media tool and embed your video, click the Ok button.
Preview Video

Preview your video in the Rich Content Editor.

Save Changes

To save changes to the page, click the Save button.
How do I create a file link in a page in a group?

In groups, you can add a file to a page.

Open Pages

In Group Navigation, click the Pages link.

View Pages

In Canvas, Pages is designed to open to the front page for a group, if there is a front page selected. Click the View All Pages button to select a page from the Pages Index.

How do I use the Microsoft Immersive Reader when viewing a page as a student?

You may be able to use the Microsoft Immersive Reader when viewing pages in Canvas. The Microsoft Immersive Reader enhances your reading experience by improving accessibility and boosting reading comprehension. For more information about the reader, visit the Microsoft Immersive Reader website.

Notes:

• The Microsoft Immersive Reader is an account feature option. If the Immersive Reader button does not display in your course, talk to your institution's Canvas admin about enabling this feature.
• The Microsoft Immersive Reader is being offered in Canvas as a trial feature.

Open Pages

In Course Navigation, click the Pages link.
By default, Pages displays the set front page for your course [1].

To view all pages in your course, click the View All Pages button [2].

Open Page

**Compare and Contrast:** Taxes Today

**To-Do Date:** Oct 8 at 11:59pm

**What Do You Think?**

You should now have a little bit
```

The Microsoft Immersive Reader displays a variety of tools and options to enhance your reading experience.

You can manage text, grammar, and reading preferences using the toolbar [1]. To expand the reader display, click the **Full Screen** button [2].

To hear the page text read aloud, click the **Play** button [3]. To adjust audio settings, click the **Voice Settings** button [4].

To close the reader and return to Canvas, click the **Exit** button [5].
**Note:** For more details about the Microsoft Immersive Reader functionality, visit the [Microsoft Immersive Reader website](https://www.microsoft.com/en-us/immersive-reader).
People and Groups
How do I use the People page in a course as a student?

People shows all the users enrolled in the course.

Open People

In Course Navigation, click the People link.
In People, students can:

1. View all the users participating in the course, including the ones whose course enrollment is pending.
2. Use the search bar to find a specific person.
3. Use the drop-down menu to filter users by role. The filter will also display the number of users in each type of role [e.g. student, TA].
4. Use the Options drop-down menu to view user groups or registered services in the course.

<table>
<thead>
<tr>

To learn more about a specific user in the course, click the user's name.

Clicking your own name provides access to your grades. You may also be able to view your own course analytics.

View User Details

Jessica Doe

Report inappropriate picture

More About This User

Send Message

Registered Web Services

Jessica Doe hasn't linked any external services to their account yet.

You can view any details the user has included. You can also send a message directly to the user.

If your institution supports the Profiles feature, the page displays slightly differently. You can view the user's profile information, if any.
Report Profile Picture

If your institution supports profile pictures and the user’s profile picture is inappropriate, you can report the image to your institution by clicking the Report inappropriate picture link [1].

If your institution supports the Profiles feature, you can report the image by hovering over the picture and clicking the Flag icon [2].

View User Groups

To view User Groups, click the Groups tab.
You can also access your User Groups in the Settings menu. Click the Options icon [1], and click the View User Groups link [2].

View Registered Services

To view the registered services for each person in the course, click the Options icon [1], and click the View Registered Services link [2]. If a person has registered a social media account in Canvas, you can see that service listed and communicate with that person through any social media site they have registered. Learn how to connect to web services in Canvas.
How do I view my course analytics as a student?

If you have permission from your institution, you can view your own analytics in an active course. Analytics show your activity and communication within the course.

Notes:

• Viewing Analytics is a course permission. If you cannot view Analytics, your institution has restricted this feature.
• If the analytics displayed in your course are different that what is displayed in this lesson, your course is using New Analytics. For more information on using New Analytics, please view the New Analytics Guide.
• Students cannot view analytics in concluded courses.

Open People

In Course Navigation, click the People link.
Open User Details

</tbody>
</table>

Locate and click your name in the course roster.
Open Analytics

In the sidebar, click the Analytics button.

View Grade Percentage

Emily Boone
Current Total: **86.21%**

In the analytics page, you can view your total grade percentage in the course.

View Analytics Graphs
By default, analytics are shown in a graph format. These are four types of graphs: Activity by Date, Communication, Submissions, and Grades.

**View Activity by Date**

![Activity by Date Graph](image)

The Activity by Date graph shows all your course activity. The x-axis represents the course dates, while the y-axis represents the number of page views. Dark blue bars represent participation in the course. If a date only includes page views, the bar only displays as light blue.

The graph changes the bar display according to the length of time. Activity that is less than six months old displays bars as daily activity, at six months bars are displayed as weekly activity, and at approximately a year bars are displayed as monthly activity. To view the details of the bar graph, hover over the specific bar you want to view. The weekly view shows the first and last date for the week; the monthly view shows the month and the year. Browser window size, zoom level, and screen resolution may also change how the bars display.

The following user actions will generate analytics course participation:

- Collaborations: loads a collaboration to view/edit the document
- Conferences: joins a web conference
- Discussions/Announcements: posts a new comment to a discussion or an announcement
- Quizzes: submits a quiz
- Quizzes: starts taking a quiz
- Assignments: submits an assignment
- Pages: creates a wiki page
View Communication

The Communication graph shows the conversations that have taken place with your instructor(s) through the Canvas Inbox. The x-axis represents the user type; orange message icons show when you sent a message to an instructor, and blue message icons show when an instructor sent a message to you. The y-axis represents the interaction date.

To view the details of the bar graph, hover over the specific bar you want to view. You can view the date of the communication and how many messages were sent. A message is an individual message passed from one user to the other; in message threads, each message is individually counted. In group conversations, interactions are counted as long as you were one of the recipients. Notifications are not included in analytics unless you acted on the notification and generated a new message that passes through the Canvas Inbox. Announcements are not included in communication analytics.
The Submissions graph shows the status of each of your assignment submissions. The x-axis represents each assignment, while the y-axis represents the submission date. A green circle indicates an assignment that was submitted on time. A yellow triangle indicates an assignment that was submitted late. A red square indicates an assignment that is missing (not submitted). The diamond indicates the due date and the bar extends to the submission date. A white circle with a black outline indicates an assignment with a future due date.

If a submission includes a due date, the submission may include horizontal line. The line indicates when the assignment was submitted, while the shape indicates the actual due date. If a submission was submitted before the due date, the horizontal line is green; if it was submitted after the due date, the horizontal line is yellow. Submissions without a horizontal line either have no due date, or the assignment was submitted on the due date.

To view the details of the bar graph, hover over the specific bar you want to view. Current and past assignments include the assignment title, the due date (if any), the submission date, and the score. Future assignments include the assignment title, due date (if any), and the score.

**Note:** The Submissions chart does not include information about assignments that do not require a submission (e.g., not graded, on paper assignments) or excused assignments.
The Grades graph shows the median, high, and low scores for each of your assignments. The x-axis represents each assignment, while the y-axis represents the number of points for an assignment. The vertical black line extends from the highest score to the lowest score [1]. The gray box extends from the 75th percentile to 25th percentile [2]. The horizontal black line shows the median score for the assignment [3].

Each assignment score is indicated by the same shapes found in the Submissions graph. A green circle indicates an assignment with a score at or above the course median. A yellow triangle indicates an assignment with a score slightly below the median. A red square indicates an assignment with a score below the median or at the bottom of the score range.

To view assignment names and details, hover your cursor over the graph [4].

View Analytics Tables
To view analytics without hovering over graph columns, you can view all data in a table format. To switch to the table format, click the Analytics icon. The icon will switch from the left side to the right, indicating the current analytics view.

**View Table Data**

</tbody>
</table>

Tables apply to every graph in its respective page, and each column defines the data within its respective graph. Graphical data is displayed by column.

Each table is paginated to 30 entries per page; additional pages can be viewed by advancing to the next page.
How do I view all groups in a course as a student?

You can view any groups where your instructor has added you as a member, as well as any available self sign-up groups in your course.

Learn how to easily see the [groups you are enrolled in](#).

Open People

In Course Navigation, click the **People** link.

View Groups

Click the **Groups** tab.
You can also access your User Groups through the Settings menu. Click the Options icon [1] and click the View User Groups link [2].

**View Course Groups**

View the groups available in your course. Each group shows the name of the group and how many members are part of that group.
If there are any self sign-up groups available to join, you can join the group by clicking the join link [1] or you can change groups by clicking the switch to link [2].

If you are already part of a self sign-up group, you can leave the group by clicking the leave link [3].

**Note:** You cannot leave groups that are not self sign-up groups.

### View Student Leader Groups

If you have been invited to be a student leader and manage a group, the Manage link will appear next to the name of the group.
View Group Members

To view which students are assigned to the group, click the name of the group [1]. The names of the students will appear in an expanded list [2].
How do I view my Canvas groups as a student?

You can see the current groups where you are enrolled using the Global Navigation Menu. If you do not see any groups listed, you have not joined a group or been enrolled in a group by your instructor. Previous groups are listed under the Previous Groups header.

Open Groups

In Global Navigation, click the Groups link [1], then view your current groups [2]. To view all your groups, click the All Groups link [3].

</tbody>
</table>

Groups listed under the **Previous Groups** heading are groups that are part of courses that have concluded. Students cannot view group material nor interact with the group after the course is concluded.

**Note:** Some institutions may not allow previous groups to display in the Courses page.
How do I join a group as a student?

You can sign up for a group in your course if your instructor has enabled the self sign-up option.

Open People

In Course Navigation, click the People link.

View Groups

To access your User Groups, click the Groups tab [1].
You can also access your User Groups through the Options menu. Click the Options icon [2] and click the View User Groups link [3].

Join Group

Next to the name of an available group, click the Join link.

Verify Group Sign Up

A message appears at the top of your browser verifying you signed up for the group.
How do I leave a group as a student?

If you are able to join a group in your course, you can leave the group at any time. You cannot leave groups that are not self sign-up groups.

When a course is concluded, all associated groups will be shown as previous groups in your groups list.

Open People

In Course Navigation, click the People link.

View Groups

Click the Groups tab.
You can also access your User Groups through the Settings menu. Click the Options icon [1] and click the View User Groups link [2].

**Leave Group**

<table>

</table>

Next to the name of an available group, click the Leave link.
Verify Group Removal

![Checkmark (v) button with text: Left Group Discussion Group 2]

A message appears at the top of your browser verifying you left the group.
How do I create a group as a student?

As a student, you can create your own Student Groups for study groups, discuss an assignment, etc. You can be part of more than one student group.

Note: If you cannot see the People tab in your course, or if you cannot see the Add Group button, your instructor has restricted this feature.

Open People

In Course Navigation, click the People link.

View Groups
Click the **Groups** tab.

You can also access your User Groups through the Settings menu. Click the **Options** icon [1] and click the **View User Groups** link [2].

**Add Group**

Click the **Add Group** button.
Choose Group Membership Option

Name the group by typing in the group name field [1].

Determine who can join the group by clicking the Joining drop-down menu [2].

**Course Members are Free to Join**

If you want anyone in the course to join your group, choose the Course members are free to join option.
Membership by Invitation Only

If you want to create a group with only specific people in your course, choose the Membership by invitation only option.

Invite Users

Invite users to join the group by clicking the checkbox next to each user's name. Users are listed alphabetically by last name.

Notes about invitations and group membership:

• If you set the group membership option so that anyone can join, but you choose to select only a few of the students to invite to the group, the remaining students who were not invited can see the group in the student group list and can join the student group later.
• If you set the group membership option as invitation only, students who were not invited will not be able to see the group in the student group list. If you want to add a new user to an invitation-only group at a later time, contact your instructor for assistance.
Save Group

Click the Submit button to create a new group.

View Group

The new group you created will now appear in your course groups.
Edit Group Details

If you need to change the details of your group later, such as renaming the group you created, click the **Edit Group** button.

To switch between groups you have created, click the **Switch Groups** link.
How do I upload a file to a group?

You can share files with members of your group.

**Notes:**
- Canvas does not support file uploads larger than 5 GB.
- All files added to the group will be accessible to all group members.

Open Files

In Group Navigation, click the Files link.
View Files

Once you click the Files navigation link, you will see where all the files are located for the group.

Add Files

Click the Upload button to add new files to the group.
Choose File to Upload

Find the file you want to upload to the group. Click the Open button once to upload the file.
View Group Files

Once you upload the file you selected, it will show up in the Files section of the group navigation. This way all the group members will be able to access the file.
How do I start a collaboration in a group?

You can create collaborations within your groups. Canvas defaults to using Google Docs. Google Docs allows you to add up to 50 users per collaboration, and all users can view and edit a document at the same time.

Depending on your institution's preference, you may be able to create a Google Drive collaboration or create a Microsoft Office 365 collaboration in groups as well.

Open Collaborations

In Group Navigation, click the Collaborations link.
Create Collaboration

To create a collaboration document using Google Docs, you will first need to name the document [1], create a description [2], and select who you will be collaborate with [3]. Click the Start Collaborating button [4].
How do I create a discussion in a group?

You can start discussions with a group in Canvas.

Open Discussions

- Grades
- Announcements
- Discussions
- People
- Pages
- Files

In Group Navigation, click the Discussions link.

Add Discussion

Click the Add Discussion button.
Create Discussion

Edit discussion information:

1. Type a title for the discussion in the topic field.
2. Write a discussion prompt using the Rich Content Editor. The Rich Content Editor includes a word count display below the bottom right corner of the text box.
3. Use the Content Selector in the Sidebar to link to course Pages, Assignments, Discussions, etc.
4. Attach a file to your discussion. (Note: If the attachment option does not appear, your instructor has restricted this setting. Depending on your browser you may also see “Browse” instead of “Choose File”.)
5. Create a threaded replies by clicking the Allow threaded replies checkbox.

Save Discussion

[Save]
Click the Save button to start the discussion.

View Discussion

Term Project Discussion
Emily Boone

Search entries or author Unread

View the discussion you started in your group.
How do I close a discussion for comments in a group?

Students can close discussions for comments if they meet the following conditions:

1. They are the creator of the discussion.
2. There are no replies to the discussion.

Note: Once a discussion is closed for comments, only instructors can re-open it.

Open Discussions

In Group Navigation, click the Discussions link.

View Discussions
The group discussions index page is very similar to the course discussions index page. It will display an icon overview of each discussion and whether or not the user is subscribed. Green discussion icons indicate a subscription to the discussion.

**Close for Comments**

![Diagram showing discussion options and close for comments]

Locate the **Options** icon [1] and click the **Close for comments** link [2].

**View Discussion**

![Diagram showing discussion with closed comments]

Verify the discussion is closed for comments by locating the **This topic is currently locked** indicator.
How do I manage groups as a student group leader?

As a student group leader, you can help manage a group in a course. Group leaders are assigned automatically or manually by your instructor. You will not receive any notification that you have been added as a group leader.

Open People

In Course Navigation, click the People link.

View Groups

Click the Groups tab.
You can also access your User Groups through the Settings menu. Click the Options icon [1] and click the View User Groups link [2].

Open Group

Click the Manage link [1] to edit the group name and add or remove members. Click the Visit link [2] to view the group dashboard.

Note: If you visit the group dashboard, you will see an Edit Group link for quick access to edit the name of the group.
Manage Group

You can edit the group name by [1]. You can also manage all the users in the group and add or remove members as necessary [2].

**Note:** You cannot change the number of members in the group.
Add or Remove Group Members

You can add or remove group members by clicking the checkbox next to the name. When you are finished, click the Submit button.
View Group Changes

Profile and User Settings
How do I edit my profile in my user account as a student?

Some institutions may enable a feature in Canvas called Profiles. Profiles allows you to update your name, preferred contact methods, and any personal links for your account. Your profile information can be viewed by all users in your courses.

**Note:** If you do not see the Profiles tab in your user navigation menu, this feature has not been enabled for your institution.

Open Profile

In Global Navigation, click the **Account** link [1], then click the **Profile** link [2].
Edit Profile

Emily Boone

Contact

Biography
Emily Boone hasn't added a bio

Links
Emily Boone hasn't added any links

Click the Edit Profile button.
Edit Profile Picture

Emily Boone

Contact

Biography
Emily Boone hasn't added a bio

Links
Emily Boone hasn't added any links

To upload a profile picture, click the profile picture icon.

Note: Profile pictures are a separate permission from profiles. If you do not see a placeholder picture, your institution has not enabled this feature.

Edit Name and Title

If you are allowed to change your name, type your name in the name field [1]. Type your title in the title field [2].
Add Contact Methods

Contact

Check the contact methods you’d like to be visible to others on your profile.

Manage Registered Services

If you have connected to any web services, click the checkbox underneath the web service to indicate how you wish to be contacted via that service [1]. To add additional services, click the Manage Registered Services link. Please note that any selected services will not be shared with other course/group members unless you have previously selected the sharing checkbox in the Manage Registered Services page.

The Discussion icon [2] automatically appears as a contact method for Admins so users can contact them through Canvas Conversations. It cannot be selected by any other users.

Note: As created in your user profile, email addresses do not appear as a contact method and are only used for Canvas notifications. Canvas users should contact each other via Conversations.

Edit Bio

Type your biography in the bio field. You can add hobbies and interesting facts about yourself.
Edit Links

To add personal links to your profile, such as personal websites, blogs, or portfolios, enter the title of the link in the title field [1]. Type the URL in the URL field [2]. Click the remove icon to delete the link [3]. Click the Add another link button to add another link [4].

Save Profile

Click the Save Profile button.
How do I add a profile picture in my user account as a student?

If your institution has enabled profile pictures, you can add and change profile pictures in your account. If you do not see a placeholder picture in your user settings, your institution has not enabled this feature.

There are three ways you can select a profile picture to use throughout Canvas:

- **Upload a Picture** from your computer
- **Take a Picture** using your computer’s camera (not supported when using Safari or Internet Explorer)
- **Import from an existing Gravatar account** (this feature may be restricted by your institution and only G-rated images are supported)

Tips for profile pictures:

- Please choose an appropriate picture to represent yourself. Your institution has the right to remove pictures that are not appropriate for a classroom setting.
- Images should be square in size to prevent your picture from being resized or distorted.
- Files can be any type (.jpg, .png, .gif) or size as long as you have room in your personal files to store the file. Canvas recommends that your profile picture be as small as possible.
- Your personal files quota is enforced when uploading a profile picture. If you do not have enough storage space in your personal files, you will not be able to upload your profile picture. Create more space by removing some files in your personal files.
Open User Settings

In Global Navigation, click the Account link [1], then click the Settings link [2].
Open Profile Picture

Jane Smith's Settings

Full Name:* Jane Smith
This name will be used for grading.

Display Name: Jane Smith
People will see this name in discussions, messages and comments.

Sortable Name: Smith, Jane
This name appears in sorted lists.

Language: System Default (English (US))

Time Zone: Mountain Time (US & Canada)

Click the profile picture icon.

**Note:** If you don't see a placeholder profile picture icon, your institution does not allow you to add or change your profile picture.
Upload a Picture

To upload a new profile picture, click the **Upload a Picture** tab [1], then click the **choose a picture** link [2]. You can also drag a picture from your desktop and drop it into the uploader.
Choose Profile Picture

Find the image you want to upload [1] and click the Open or Browse button [2].
Crop or Resize Picture

To crop image, drag the selection and then click the "Save" button below.

Use the selection boxes to crop your image [1]. When you are finished, click the Save button [2].

**Note:** Canvas will automatically store a copy of the saved profile picture in your personal files. When a new picture is saved in your profile, the new picture will override the existing picture file in your personal files.
Take a Picture

To take a picture to use as your profile picture, click the **Take a Picture** tab [1], then click the **Take Picture** button [2].

**Note:** Depending on your browser, you may need to allow Canvas to access your camera. The Take a Picture option is not supported when using Safari or Internet Explorer.
Save Picture

To take another picture, click the **Retry** button [1]. When you are finished, click the **Save** button [2].
Import from Gravatar

If your institution allows Gravatars and you have a Gravatar account, you can import an existing Gravatar to use as your profile picture.

Click the From Gravatar tab [1] and enter your Gravatar email address in the field provided [2]. Click the Preview button to view your Gravatar. When you are finished, click the Save button [3].

**Note:** Before adding a photo in your Gravatar account, you will have to rate the photo. Please note that only G-rated Gravatar photos can be displayed as a Canvas profile picture.
View Profile Picture

Jane Smith's Settings

Full Name:* Jane Smith
This name will be used for grading.

Display Name: Jane Smith
People will see this name in discussions, messages and comments.

Sortable Name: Smith, Jane
This name appears in sorted lists.

Language: System Default (English (US))

Time Zone: Mountain Time (US & Canada)

The Profile picture you selected will show up instead of the placeholder profile picture.

Delete Profile Picture

Profile pictures are linked to your personal files, so you can easily delete them to remove old profile pictures.

Note: Gravatar images cannot be deleted from your account through your personal files. However, Gravatar images may be replaced with an uploaded image or with a captured image using the Take a Picture option.
Open Files

To delete a profile picture, click the Files link.

Open Profile Pictures

Click the profile pictures folder.
Delete Profile Picture

Next to the file you want to delete [1], click the **Options** icon [2] then click the **Delete** link [3].
How do I change the settings in my user account as a student?

Depending on how your Canvas account was created, you may be able to make changes to your name, pronouns, default email, language, time zone, and password.

- Setting a chosen language will override any default language settings across your institution; however, any language set in a course will override your user language.
- Your institution may take care of updating or changing your password by using the password associated with your login credentials for Canvas.
- Users associated with a SIS ID cannot delete their own account.

Note: Some settings may not be available to you. If you are not able to edit your user settings, you will need to contact your institution to change this information.

Open User Settings

In Global Navigation, click the Account link [1], then click the Settings link [2].
Click the **Edit Settings** button.
Change Settings

If enabled, edit the appropriate settings:

- **Full Name** [1] is used for the Gradebook and Grades pages, Chat, People, and SIS imports.
- **Display Name** [2] is how other users will see your name in Discussions, Announcements, and Conversations.
- **Sortable Name** [3] defaults to your last name, first name and appears in sorted lists so admins can search for it.
- **Pronouns** [4] display after your name in various areas throughout Canvas.
- **Default Email** [5] can be set when you have multiple Notification email addresses associated with your account.
- **Language** [6] can be set to your native language and is the language you want to use in Canvas (does not apply if an instructor sets a specific language for a course).
- **Time Zone** [7] can be set to where you are located and displays assignments in your local time.
- **Password** [8] is the combination of characters you choose to use to log in to your Canvas account.

**Note:** Some settings may not be available to you. If you are not able to edit your user settings, you will need to contact your institution to change this information.
Update Settings

Click the **Update Settings** button.
How do I change the language preference in my user account as a student?

English is Canvas' language default, but you can choose to view the Canvas interface in another language.

**Note:** Instructors have the option to change the language preference for their courses. If you enroll in a course where the instructor has made this change (most often for a foreign language course), the course language will override the language in your user settings.

Open User Settings

In Global Navigation, click the **Account** link [1], then click the **Settings** link [2].

How do I select personal pronouns in my user account as a student?

If enabled by your institution, you can select personal pronouns to add to your user account. Personal pronouns display after your name in various areas in Canvas, including:

- Comment Fields
- Discussions
- Inbox
- People Page (Course and Groups)
- User Navigation Menu
- User Profile Page
- User Settings Page

Notes:

- If you cannot view pronouns in your User Settings, your institution has not enabled this feature.
- LTI tools, such as New Quizzes and Analytics, do not currently support displaying pronouns.
Open User Settings

In Global Navigation, click the Account link [1], then click the Settings link [2].

Edit Settings

Click the Edit Settings button.
Select Pronouns

In the Pronouns drop-down menu, select your preferred pronouns.

Notes:

- If the Pronouns drop-down menu does not display in your User Settings, your institution has not enabled this feature.
- Pronoun options are managed by your institution. You cannot add pronoun options.

Update Settings

Click the Update Settings button.
You can view your selected pronouns in your User Settings [1]. Your preferred pronouns will also display after your name in many areas throughout Canvas [2].
How do I set a time zone in my user account as a student?

All dates and times throughout your Canvas courses are displayed according a course's respective time zone. However, you can set your own time zone for your user account and have your local time zone display throughout Canvas. Displaying dates in your local time may help you stay up to date on assignments and due dates, especially if your course time zone differs significantly from where you reside.

**Note:** If you set a time zone in your user settings, you can always view the course time zone by hovering over any date and time in your course. The text will show both the local time and course time.

Open User Settings

In Global Navigation, click the **Account** link [1], then click the **Settings** link [2].
Edit Settings

Click the Edit Settings button.

Set User Time Zone

In the Time Zone drop-down menu, select a new time zone for your user account.
Update Settings

Click the **Update Settings** button.

View Time Zone

  These pronouns will appear after your name when shown in the UI.
- **Default Email:** emily.boone.canvas@gmail.com
- **Language:** English (US)
- **Time Zone:** Central Time (US & Canada)

View the time zone for your user account.
How do I change my login password as a student?

You may be able to change your password in your profile settings.

If you do not have access to change your password, your password is controlled through your institution. Contact your institution to learn how to change your password.

If you can change your password, there are no password reset intervals, so you can change your password as little or as often as you want. However, you can keep strong passwords effective by changing them often. Here are some good password guidelines:

- Use at least eight characters (the more the better), but most people will find anything more than about 15 characters difficult to remember.
- Use a random mixture of characters, upper and lower case, numbers, punctuation, spaces and symbols.
- Don’t use a word found in a dictionary, English or foreign.

Note: If you forget your password, you may be able to reset it. Learn how to reset your password.

**Note:** If you do not have access to change your password, please contact your institution. Your institution will tell you how to change your password.

Update Settings

Click the **Update Settings** button.
How do I add contact methods to receive Canvas notifications as a student?

In Canvas you can add contact methods to receive notifications. Contact methods allow you to select how you want to be notified when various events occur within a course. Notifications are applied to all courses in Canvas. Canvas supports notification through email, SMS text message, and Twitter.

Once you add contact methods, you can set your own Notification Preferences to select how often you want to be notified of course events.

View a video about Notification Preferences.

Open User Settings

In Global Navigation, click the Account link [1], then click the Settings link [2].
In the Ways to Contact sidebar, your account displays the default email associated with your account, if any. However, if you want to add an additional email address, click the Add Email Address link [1].

If you have multiple Canvas accounts, you can view the Add icon [2], which allows you to merge the address with another Canvas account that uses the same email address.

If you want to add SMS text messages as a contact method, click the Add Contact Method link [3].
View Communication Warnings

<table>

</tr>
</tbody>
</table>

Canvas does not send notifications to communication channels that have bounced, which means the channel can no longer attempt to generate or send a notification. Bounces can occur from invalid addresses (caused by address typos, changed addresses, etc.) or blocked servers.

In User Settings, Canvas may display the following icons to indicate a contact method's status:

- **Warning** [1]: indicates a bounced contact method. To correct the error, you can remove then re-add the contact method to your profile.
- **Check Mark** [2]: notifies you of an unconfirmed email address.

To delete a contact method, click the **Delete** icon [3].
Link to Web Services

The Web Services portion on your settings page is divided into two columns. Services you have already registered, such as through the Ways to Contact section of your settings, or through course Collaborations and assignments, appear in the left column under the Registered Services heading [1]. Other services that are available for registration appear in the right column under the Other Services heading [2].

Learn how to add web services in Canvas.

When you allow third-party integrations to access your account, the Approved Integrations section will appear and display the authorized integrations. Each integration will show you the name of the app, the purpose (if one is noted), the date the app was last used, the date the app expires, and a link to view further details.
How do I merge my user account with an account using the same email address as a student?

If you have an email address registered in two Canvas accounts, you can merge these accounts. Merging accounts combines the logins, contact methods, and enrollments for the two accounts.

The icon to complete this process will only appear in User Settings if there are two or more email addresses on the account and the email address that appears on both accounts has been registered.

In order to complete this process, you must have the Canvas username and password for both accounts.

Note: Merging user accounts cannot be undone.

Open Account Settings

In Global Navigation, click the **Account** link [1], then click the **Settings** link [2].
Combine User Accounts

To merge user accounts, click the **Merge** icon in the **Ways to Contact** sidebar.

Confirm Account Merger

Welcome Aboard!
Would you like to combine the user accounts Emily Boone and Canvas TA?

To confirm that you would like to merge accounts, click the Combine button.
Enter Credentials

Enter the email address and password for the second account.

View Confirmation Message

Confirm the merge was successful.
How do I set my Canvas notification preferences as a student?

Canvas includes a set of default notification preferences you can receive for your courses. However, you can change the default settings by setting your own notification preferences. These preferences only apply to you; they are not used to control how course updates are sent to other users. To learn more about each notification, default settings, and notification triggers, view the Canvas Notifications PDF.

Notifications are sent as one of four delivery types: notify me right away, daily summary, weekly summary, or don't send. If you change a setting, the change is made immediately to your account.

Notification settings apply to all of your courses; you cannot change settings for individual courses.

You may be able to reply directly to email notifications outside of Canvas. Replies are updated in the Canvas Inbox. However, please be aware that attachments added as part of an external reply are not included with the message shown in Canvas.

Notes:

- Notifications are sent to Canvas contact methods as specified in your account. You cannot receive notifications if your contact methods are unconfirmed. If you are not receiving Canvas notifications, please confirm your Canvas contact methods.
- The Canvas Student app supports setting notification preferences. However, setting preferences inside the app will override preferences in the browser version of Canvas, and daily and weekly preferences are not supported.
Open Notifications

In Global Navigation, click the Account link [1], then click the Notifications link [2].
Set Notification Preferences

Each notification is set to a default preference. To change a notification for a contact method, locate the notification and click the icon for your preferred delivery type.

To receive a notification right away, click the Checkmark icon [1]. These notifications may be delayed by up to one hour in case an instructor makes additional changes, which prevents you from being spammed by multiple notifications in a short amount of time.

To receive a daily notification, click the Clock icon [2].

To receive a weekly notification, click the Calendar icon [3]. The date and time of your weekly notifications are posted at the bottom of the notifications page.

If you do not want to receive a notification, click the Remove icon [4].

Notes:
- Each set notification preference will automatically apply to all of your courses. They cannot be set individually.
- Twitter and SMS notification preferences do not support daily summary or weekly summary options.
- Unregistered contact methods will appear in notification preferences but will not receive notifications until you confirm the registration.
To view details for a notification, hover over the notification name.
If you’ve set a notification preference for an email address that is outside your institution, you may see a privacy warning. You can close the warning by clicking the Ok button. Once the warning has been displayed, it will not display again.
Set Push Notifications

If you have enabled push notifications in the Canvas Student app, you can manage your preferences in the Push Notification column. Please be aware that push notifications can only be sent to your mobile device right away or not at all. Daily and weekly notification options are not supported.

Additionally, setting preferences inside the app will override preferences set in the notifications page.

Set Text Notifications

You can set up your mobile phone as a contact method to receive notifications as text (SMS) messages.
On Android devices, text messages appear from notifications@instructure.com. On iOS devices, text messages appear from area code ending in 10 (such as 210 or 410).

Notification headings identify the course and the type of message notification. All notifications contain at least one text message. You cannot reply to text message notifications.
How do I add an additional email address as a contact method in Canvas as a student?

When you create a contact method in Canvas, you can use that contact method as a way to receive Canvas notifications. By default, notifications are sent to the email address used to create your Canvas account. However, you can add an additional email address if you do not want to use your existing email address or want to use an additional email for notifications.

Learn how to set notification preferences.

Open User Settings

In Global Navigation, click the Account link [1], then click the Settings link [2].
Add Email Address

In the Email Addresses section, click the **Add Email Address** link.

Register Email

Type in the email address you want to add in the text field [1]. When you are finished, click **Register Email** [2].
Confirm Email Address

We emailed a confirmation link to email@email.com. Click the link in that email to finish registering. Make sure to check your spam box in case it got filtered.

Re-Send Confirmation

Ok, Thanks

Open your email account you just added. Click the link that is in the email to finish registering the additional email address. You may have to check your junk mail folder.

If you need to resend the confirmation, click the Re-Send Confirmation link.

Delete Email Address

Ways to Contact

Email Addresses

emily.boone.canvas@g.. ★
emboone86@gmail.com
email@email.com

To delete the email address, click the Delete icon.
Confirm Delete

Are you sure you want to delete this?

Cancel  OK

Click the OK button.
How do I change my default email address in my user account as a student?

Your default email address is used as your main contact method in Canvas and is added when creating your Canvas account. Email addresses are used to create Canvas notifications; they are not used as a contact method for other Canvas users.

If you add another email address as a contact method, you can change your default email address in Canvas.

Open User Settings

In Global Navigation, click the Account link [1], then click the Settings link [2].
View Email Addresses

In the Ways to Contact sidebar, under Email Addresses, you can tell what email address is your default by the star icon next to the email address.

Choose Default Email Address

To choose a new default email address, hover over the email address and a faint star icon will appear. Click the star icon.
How do I reset my password as a student?

If you created your own Canvas account, you can reset your password through a link in the password request email.

If your login credentials were provided to you by your institution, you may not be able to reset your Canvas password on your own. Additionally, if you log in to Canvas using your institution's authentication system, you may need to reset your password using your institution's website. If you request a password reset and the email does not have a password reset link, it will include your Canvas email address and the institution that provided you with your password. To change or verify your password, contact the system administrators at your institution.

Notes:

- A password reset email may take up to five minutes to arrive in your email inbox.
- Password reset emails expire after two hours.
- If you can log in to Canvas and want to change your password, please visit the How do I change my login password as a student? lesson.

Email Errors

If you enter your email address and never get a password reset email, review the following password tips.

- Have you typed your email address correctly? Sometimes email addresses can be misspelled.
- Are you accessing the correct Canvas URL? You will not get the reset email if you are trying to reset your password on a site where you are not enrolled (such as canvas.instructure.com instead of myinstitution.instructure.com).
- Is your Canvas email sponsored by your institution? If your mail email address is part of a campus firewall system that blocks emails from mass senders, you won't be able to receive the email. Contact your institution's IT department for assistance.
- Are you the owner of your email address? If your email address is owned by someone else and you can't receive email for that address, you won't be able to get the reset email. Contact the owner of the email address for assistance.
Reset Password

In a new browser window, open to your Canvas login page. Click the **Forgot Password?** link.

**Note:** If your login screen does not show the password reset link, contact your institution for assistance.
Request Password

Enter the login information associated with your Canvas account and click the Request Password button.

Note: The password reset field verifies password reset information by user login. Depending on your institution, login information may vary.

Check Email

Return to your email account and sign in. Open the Forgot Password email. (If the email is not in your Inbox, check your Spam folder.)

If your user login is associated with multiple email addresses, password reset instructions will be sent to each address.
Open Password Link

Click the **Click here to set a new password** link.

**Note:** Password reset emails expire after two hours.

Change Password

**Change login password for Jessica Doe**

`jessica.doe.canvas@gmail.com`

New Password: [Input field]

Confirm New Password: [Input field]

[Update Password button]

Type in a new password and then confirm that password by typing it again. Click the **Update Password** button.
Log in to Canvas

With your login credential and new password, log in to Canvas.
How do I view course content offline as an ePub file as a student?

If one or more of your courses have enabled ePub exports, you can view your course offline as an ePub file. You can download the ePub file and upload it into any eReader software for viewing, such as iBooks or Azardi.

ePub content is for offline viewing only; you cannot interact with course content directly, such as completing an assignment or viewing any submissions. In an ePub file, you can view assignment details, availability dates, and point values. Discussions include the discussion topic. All discussion replies (graded or ungraded) are considered submissions and must be viewed online. Additionally, you can view any embedded media files in the ePub. Any files that aren't supported in the ePub format, such as file attachments or PDFs, can be downloaded to be viewed in the file's native environment.

Currently ePub files and any associated files can only be generated in the browser version of Canvas, but the files can be transferred for viewing on any supported device.

Depending on the course setup, the ePub may be organized by modules or content type (assignments, discussions, quizzes, etc.). When viewing by module, only items you have access to view in each module will be included in the ePub file. Locked modules list either their prerequisites or the unlock date, as well as the items that are contained within that module (though not the actual content of those items themselves).

Notes:

• You cannot download ePub files for concluded courses.
• If you can view the Download Course Content button but cannot download an ePub file for a specific course, the feature has not been enabled for that course.
• If your account does not display the Download Course Content button, your institution may only allow you to export content offline as an HTML file in Modules.
Open User Settings

In Global Navigation, click the **Account** link [1], then click the **Settings** link [2].

Download Course Content

Click the **Download Course Content** button.
Generate eBook

Download Course Content

Download course content allows access to content while offline. Content may include files, pages, assignments, discussion topics or quizzes. Click “Generate eBook” for each course and open with any eReader software to view.

Current Courses

<table>
<thead>
<tr>
<th>Course</th>
<th>Generate eBook</th>
</tr>
</thead>
<tbody>
<tr>
<td>History 101</td>
<td></td>
</tr>
<tr>
<td>Biology 101</td>
<td></td>
</tr>
</tbody>
</table>

View the courses available as eBook exports. To generate an eBook, locate the course and click the Generate eBook link.
## Download ePub

### Download Course Content

Downloading course content allows access to content while offline. Content may include files, pages, assignments, discussion topics or quizzes. Click "Generate ePub" for each course and open with any eReader software to view.

<table>
<thead>
<tr>
<th>Course</th>
<th>Actions</th>
</tr>
</thead>
<tbody>
<tr>
<td>History 101</td>
<td><img src="1" alt="Download ePub" />, <img src="2" alt="Download Associated Files" />, <img src="3" alt="Regenerate ePub" /></td>
</tr>
<tr>
<td>Biology 101</td>
<td><img src="1" alt="Generate ePub" /></td>
</tr>
</tbody>
</table>

Once the export has completed, download the ePub by clicking the **Download ePub** link [1]. You can upload the ePub file into any eReader for viewing.

If the course includes files that aren't supported in the ePub, click the **Download Associated Files** link [2]. Associated files download in a ZIP file and contain all unsupported files, such as media files and Microsoft Office documents.

To regenerate the ePub file, click the **Regenerate ePub** link [3].
How do I generate a pairing code for an observer as a student?

As a student, you can generate a pairing code to link an observer to your Canvas account. You must create a separate pairing code for each observer who wants to link to your account. For more information on pairing codes, view the Pairing Codes - Frequently Asked Questions PDF.

An observer may be your parent, guardian, mentor, counselor, or another individual who needs to view your Canvas courses. Linked observers can view and participate in certain elements of your Canvas courses. For more information on the observer role, view the Observer Visibility and Participation PDF.

Notes:

- If you are an observer and want to generate a pairing code for a student, you will need to log in to the student's Canvas account and follow the steps in this lesson. After you have copied the pairing code, you can link to the student by entering the code in your User Settings.
- Pairing codes can only be generated from the web version of Canvas. Pairing codes cannot be generated from the Canvas mobile apps.
Open Settings

In Global Navigation, click the **Account** link [1], then click the **Settings** link [2].

Pair with Observer
Click the **Pair with Observer** button.

**Note:** If the Pair with Observer button doesn't display in your User Settings, please contact your institution for assistance with pairing with an observer.

**Copy Pairing Code**

![Pairing Window](image)

Share the following pairing code with an observer to allow them to connect with you. This code will expire in seven days, or after one use.

Copy the six-digit alphanumeric pairing code [1]. You will need to share the code with the observer who will link to your account. The pairing code will expire after seven days or its first use.

To close the window, click the **OK** button [2].

**Note:** Pairing codes are case sensitive.
How do I add a text (SMS) contact method in Canvas as a student?

If your institution allows, you may be able to add a text or SMS communication channel to receive Canvas notifications on your cell phone. Text or SMS channels appear under the Other Contacts sidebar heading.

Once you have enabled the contact method, learn how to [set notification preferences](#).

SMS notifications are currently available for cellular numbers registered in Afghanistan, Argentina, Australia, Austria, Belgium, Bolivia, Brazil, Canada, Chile, China, Colombia, Costa Rica, Denmark, Dominican Republic, El Salvador, Finland, France, Germany, Guatemala, Honduras, Hong Kong, Hungary, Iceland, India, Indonesia, Ireland, Israel, Italy, Japan, Kazakhstan, Kenya, Luxembourg, Malaysia, Mexico, Netherlands, New Zealand, Norway, Oman, Pakistan, Panama, Paraguay, Philippines, Poland, Qatar, Russia, Rwanda, Saudi Arabia, Singapore, South Africa, South Korea, Spain, Sweden, Switzerland, Taiwan, Thailand, Trinidad and Tobago, United Arab Emirates, United Kingdom, United States of America, Uruguay, Venezuela, and Vietnam.

**Note:**
- Standard text message rates may apply.
- If notifications are not enabled by your institution or are not available in your country, you can use the [Canvas Student app](#) and receive push notifications.
- If you have a mobile device and have enabled push notifications, your Canvas profile will include a For All Devices push contact type in your profile page. If you delete this contact method, the method will reappear the next time you enable the Canvas app on your mobile device.
In Global Navigation, click the **Account** link [1], then click the **Settings** link [2].
Add Contact Method

In the Other Contacts section, click the Add Contact Method link.
Register SMS: United States

If you are in the United States, enter your 10-digit cell phone number [1], and select your cell phone carrier [2]. The SMS Email field [3] will auto-populate your SMS email address.

Click the Register SMS button [4].
Register SMS: International

If you're located outside the United States, you may be able to select your country or region [1] and enter your cell number [2]. To register your number, click the Register SMS button [3].

Note: International SMS must be enabled by your institution. If you cannot select a country, this feature is not available to you.
Confirm SMS Number

To activate SMS, enter the four-character confirmation code sent to 123. Code is case sensitive.

1. Re-Send Confirmation
2. Confirm

Check your cell phone for a confirmation code from canvas. Enter the code into the text field [1]. To resend the confirmation again, click the Re-Send Confirmation link [2]. Click the Confirm button [3].

Delete SMS

<table>
<thead>
<tr>
<th>Other Contacts</th>
<th>Type</th>
</tr>
</thead>
<tbody>
<tr>
<td>For All Devices</td>
<td>push</td>
</tr>
<tr>
<td>123@1234567890</td>
<td>sms</td>
</tr>
</tbody>
</table>

To delete the contact method, click the Delete icon.
Confirm Deletion

Are you sure you want to delete this?

Cancel  OK

Click the OK button.
How do I set up multi-factor authentication for my user account as a student?

Your institution may enable multi-factor authentication for your user account. Multi-factor authentication adds security to your account by verifying you are the user accessing your account. Multi-factor authentication may be optional or required.

You must have a mobile device to set up multi-factor authentication for your user account. Your device must be able to send text (SMS) messages, or if you have a smartphone, you can download the Google Authenticator app for iPhone or Android.

**Note:** This lesson shows how to set up multi-factor authentication if it is an optional setting in your user account. However, if multi-factor authentication is required by your institution, you will be shown the multi-factor authentication page directly after you log in to Canvas.

Open User Settings

In Global Navigation, click the **Account** link [1], then click the **Settings** link [2].
Set Up Multi-Factor Authentication

Click the **Set Up Multi-Factor Authentication** button.

Verify via Google Authenticator

To verify multi-factor authentication with Google Authenticator, download the app for your device (iPhone or Android) [1]. Use the app to scan the QR code and generate a code. Enter the code in the **Verification Code** field [3].

If you want multi-factor authentication to remember the computer you are using to log in to Canvas, click the **Remember this computer** checkbox [4].
Click the Verify button [5].

Verify via Text Message

To verify multi-factor authentication via text message, any existing SMS notification type displays in the drop-down menu [1]. This is the number where your multi-factor verification code will be sent. To select a new text (SMS) number, select the drop-down menu and enter the option to add a new phone number. You will need to know the phone number and mobile carrier (provider).

Once you have set up your new phone number, or selected an existing phone number, click the Send button [2]. Your mobile device will receive a verification code. Enter the code in the Verification Code field [3].

If you want multi-factor authentication to remember the computer you are using to log in to Canvas, click the Remember this computer checkbox [4].

Click the Verify button [5].
Manage Multi-Factor Authentication

Once multi-factor authentication is enabled, your User Settings page may display additional options to manage your authentication.

You can choose to create multi-factor authentication codes to use as backup in case your authentication device is not available [1]. This option is available to all users with multi-factor authentication.

If multi-factor authentication is *optional* for your account, you can also choose to reconfigure authentication [2] or disable authentication [3].
How do I manage API access tokens as a student?

You can manage API access tokens from your User Settings. Access tokens provide access to Canvas resources through the Canvas API. Access tokens can be generated automatically for third-party applications or created manually.

Using the Canvas API allows the access token holder to access the same Canvas resources that you can access. For example, third-party applications, including devices you have used to open the Canvas Student app, are authorized to access Canvas on your behalf. For more information on using the Canvas API, view the Canvas API documentation.

Open User Settings

In Global Navigation, click the Account link [1], then click the Settings link [2].
Third-party applications with access tokens and user-generated access tokens are listed in the Approved Integrations section [1].

For each access token, you can view the name [2], purpose [3], expiration date [4], and date of last use [5].

**Note:** Mobile access tokens are generated for you when you log in to a Canvas mobile app and never expire. To remove access for a mobile application, the access token must be deleted.
Add Access Token

Approved Integrations:

These are the third-party applications you have authorized to access the Canvas site on your behalf:

<table>
<thead>
<tr>
<th>App</th>

Confirm Deletion

**documentation.beta.instructure.com says**

Are you sure you want to delete this access key?

[Cancel] [OK]

To confirm the deletion, click the **OK** button.
What feature options can I enable in my user account as a student?

Canvas is continually creating new features to improve your user experience. The majority of improvements will be made available as part of our regular release cycle. However, some features may affect your personal interaction with Canvas. Learn more about User Feature Options and how to enable them in the manage new features lesson.

High Contrast UI

By default this feature is set to Off.

The High Contrast UI feature option allows you to view Canvas using high contrast styles. This feature enhances the color contrast of the user interface (text, buttons, etc.) so they are more distinct and easier to identify in Canvas. However, institutional branding is not supported when this feature is enabled, so you will not be able to view the institution's logo or other elements.

Underline Links

By default this feature is set to Off.

Underline Links displays hyperlinks in navigation menus, the Dashboard, and page sidebars as underlined text. This feature option does not apply to user-generated content links in the Rich Content Editor, which always underlines links for all users.
The **Underline Links** feature option allows you to view Canvas interface links as underlined text. When enabled, this feature underlines hyperlinks in navigation menus, the Dashboard, and page sidebars. This feature option does not apply to user-generated content links in the Rich Content Editor, which always underlines links for all users.

**CSV Separator Preferences**

You can set how you want to view separators in CSV export files, depending on your locale or preference.

*Separator options are managed through one of three feature options in User Settings. These options only apply to compatible spreadsheet exports.*

**Include Byte-Order Mark in Compatible Spreadsheet Exports**

The **Include Byte-Order Mark** feature option generates a specific set of three characters at the beginning of the CSV file. These characters, known as a byte-order mark, help some versions of Microsoft Excel understand that the CSV file is a UTF-8 encoded file. It also tells some localized versions of Excel that they should treat the incoming CSV file as if it were semicolon-separated by default. Because some versions of Excel do not understand or honor the byte-order mark, this feature allows all users to disable generation of this byte-order mark.

**Use Semicolons to Separate Fields in Compatible Spreadsheet Exports**

Use semicolons instead of commas to separate fields in compatible spreadsheet exports so they can be imported into Excel for users in some locales.
The **Use semicolons to separate fields** feature option generates CSV files with semicolons as the field separators instead of the default comma. When disabled, this feature falls back to behavior determined by the state of the Autodetect field separators option.

**Note:** This feature is automatically disabled if the Autodetect Field Separators option is enabled.

### Autodetect Field Separators in Compatible Spreadsheet Exports

The **Autodetect field separators** feature option attempts to determine the appropriate field separator as indicated by the language set in the user’s account. For languages where the decimal separator is a dot, (e.g. 1,234.56), autodetection will choose a comma as the field separator. For languages where the decimal separator is a comma, (e.g. 1.234,56), autodetection will choose a semicolon as the field separator. For all other cases, autodetection will choose a comma as the field separator as a default.

**Note:** This feature is automatically disabled if the Use semicolons to separate fields option is enabled.
How do I manage new features in my user account as a student?

Canvas is continually creating new features to improve your user experience. The majority of improvements will be made available as part of our regular release cycle. However, some features may affect your personal interaction with Canvas.

This lesson gives an overview of how to manage user-level feature options for your user account. To view specific feature options available in Canvas, visit the user account features lesson.

Open User Settings

In Global Navigation, click the Account link [1], then click the Settings link [2].
View Feature Options

Feature Options

- High Contrast UI
- Underline Links

Available features will appear in the Feature Options section.

View Types of Features

Feature Options

- High Contrast UI
  
  High Contrast enhances the color contrast of the UI (text, buttons, etc.), making those items more distinct and easier to identify. Note: Institution branding will be disabled.

- Underline Links

Each feature includes a feature description. To expand the feature box and display the description, click the arrow icon.
View Feature Tags

Feature Options

- High Contrast UI 1
- Underline Links beta 2

Feature tags help identify the state of each feature. A feature with no label [1] means the feature is stable and ready for use in your production environment. Features may also include a beta tag [2], which means the feature is available for use in your production environment but is still being tested for usability and accessibility behavior. Enabling a beta feature may create unintended behavior within your Canvas account.

View Feature Access

Feature Options

- High Contrast UI 1
- Underline Links beta 2

If a feature is displayed, you can choose to toggle the feature on or off.

On [1]: Click the toggle to turn on this feature in your user account. The toggle will turn green and show a checkmark.

Off [2]: By default, the feature will be off. Leave this button unselected if you do not want to enable this feature for your user account.
Quizzes
How do I view Quizzes as a student?

You can view quizzes in your course by accessing the Quizzes page. Learn how to view each type of quiz that may appear in your course.

Note: Your instructor may choose to hide the Quizzes link in Course Navigation. If the Quizzes link is not available, you can still access Quizzes through other areas of Canvas.

Open Quizzes

In Course Navigation, click the Quizzes link.
View Quizzes

<table>
<thead>
<tr>
<th>Assignment Quizzes</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>The Bill of Rights Quiz</td>

</tr>
<tr>
<td>Available until Aug 25 at 1:59pm</td>
</tr>
<tr>
<td><strong>The Bill of Rights Quiz</strong></td>
</tr>
<tr>
<td>10 pts</td>
</tr>
</tbody>
</table>

The first dates you may see are called availability dates. Sometimes your instructor only wants you to submit a quiz during a specified date range, so the available dates are the range of time that the quiz is accessible to you.

1. If the quiz does not have a date listed, the quiz is open; you can complete the quiz at any time during your course.
2. If the quiz says **Available until** [date], you can complete the quiz until the specified date.
3. If the quiz says **Not Available Until** [date], the quiz is locked until until the specified date.
4. If the quiz says **Closed**, the quiz cannot accept quiz submissions.

If you start a quiz but do not submit it, Quizzes includes an autosubmit feature that will submit the quiz for you on the **Available until** quiz date. If a quiz does not include an Available until date, the quiz will autosubmit on the last day of the course.

**Note:** If a date does not include a time, the listed date defaults to 12 am. Therefore, the last day for the quiz is the full day before the listed date. For instance, if a quiz is Available until August 22, you can access the quiz until August 21 at 11:59 pm, which in this example is the same date as the Due date.
View Due Dates

The second set of dates are the Due dates [1] for each respective quiz. Any quizzes submitted after the due date are marked as late; some instructors may deduct points for late submissions. Again, not all quizzes may include a Due date.

You can still submit late quizzes before the quiz Available until date (otherwise the quiz will be autosubmitted for you).

Please be aware that the Due date may be before or on the Available date.

Due dates also include a time [2]. If your instructor does not set a specific time, the quiz due time defaults to 11:59 pm and submissions will be late if submitted after 11:59:59 pm.

Filter Quizzes

You can search for a quiz by typing a quiz title or a keyword in the Search for Quiz field.
## View Quiz Details

To view the details of a quiz, click the name of the quiz.
When a quiz is open to you to take at any time, you can view the due date, points, and questions for the quiz.

You can also view additional details:

- **Time Limit**: the length of time you have to complete the quiz. If your quiz has a time limit, you must complete the entire quiz within that time in one sitting. If you navigate away from the quiz, the timer will keep running. You will also be kicked out of the quiz when the time limit has been reached.
- **Instructions**: any instructions that your instructor has about the quiz.

In the example above, the quiz is due by September 15. However, if you were to miss the due date, you could still take the quiz for late credit before the last day of the course.

To **take the quiz**, click the **Take the Quiz** button.

**Notes:**

- If you start a quiz that has a due date, but do not finish the quiz by the due date (as indicated in your local time zone), Canvas will automatically submit the quiz on the due date.
Quiz details do not show the due date in relation to the current time. For example, if a quiz has a due date of 11:59 pm and you begin the quiz at 11:30 pm, you will only have 30 minutes to complete the quiz before it is marked late. The same time restriction applies if you are taking a timed quiz. For example, if the Time Limit was set to 60 minutes but you begin the quiz at 11:30 pm, you still only have 30 minutes to complete the quiz before it is marked late. Canvas will notify you regarding any time restrictions when you begin the quiz.

View Quiz with Availability Dates

Declaration of Independence Quiz

Due Aug 25 at 1:59pm  Points 10  Questions 5
Available May 19 at 12am - Aug 25 at 11:59pm  3 months
Time Limit 60 Minutes

Instructions

This practice quiz is to determine your understanding of the Declaration of Independence. Write what you think each section or statement means. You have 1 attempt and 60 minutes to complete the quiz.

Take the Quiz

When a quiz is open to you during availability dates, you can view all available quiz information in addition to the specific dates the quiz is available to you. Availability dates may include a first available date (open date), last available date (locked or closed), or both dates to create an overall date range. The Due date may be before or on the last available date (if one is set).

In the example above, the quiz is available to you starting September 8 at 12 am and is due by September 15 at 11:59 pm. However, if you were to miss the due date, you could still take the quiz until December 9 at 11:59 pm for late credit. If you do not submit the quiz by the last available date of December 9 at 11:59 pm (as indicated in your local time zone), Canvas will automatically submit the quiz on the last available date. On December 10 at 12 am, the quiz will not be available to you.

Note: Quiz details do not show due and availability dates in relation to the current time. For example, if a quiz has an Until date of 11:59 pm and you begin the quiz at 11:30 pm, you will only have 30 minutes to complete the quiz. The same time restriction applies if you are taking a timed quiz. For example, if the Time Limit was set to 60 minutes but you begin the quiz at 11:30 pm,
you still only have 30 minutes to complete the quiz. Canvas will notify you regarding any time restrictions when you begin the quiz.

Take Quiz

Declaration of Independence Quiz

Due Aug 25 at 1:59pm Points 10 Questions 5
Available May 19 at 12am - Aug 25 at 11:59pm 3 months
Time Limit 60 Minutes

Instructions

This practice quiz is to determine your understanding of the Declaration of Independence. Write what you think each section or statement means. You have 1 attempt and 60 minutes to complete the quiz.

To begin the quiz, click the Take the Quiz button.
Complete the quiz per your instructor’s instructions. Quizzes will either have all the questions on one page, or each question will be shown one at a time.

There are several different question types in Canvas that your professors may choose to employ, from True/False to Essay format. Questions can vary by question type. Each question will show in the top right corner the point value of the question. Each question will be divided from others by a box surrounding the question and answers.

You can use other areas in the quiz to help you navigate and complete quiz questions, including the sidebar and the flagging questions feature.
At any point during the quiz, you can view a summary of your quiz. Questions you've answered will be faded out and identified by a checkmark icon [1], while unanswered questions will be bolded and identified by a question mark icon [2].

You can also view the due date for the quiz [3]. In the sidebar, the quiz due date refers to the autosubmit date, which can be a specified Until date or the last day of the course. *This is not the due date set for when the quiz will be marked late.*

You'll also see a timer showing your progress on the quiz. For untimed quizzes [4], the quiz shows as the elapsed time. If you are taking a timed quiz [5], the timer shows the running time and counts down until time expires.
Flag Questions

You can flag the questions you want to go back to by clicking the flag by the question [1]. The flag will change color to yellow to remind you to finish the question. The yellow flag will also appear in the question overview in the sidebar [2].

View Quiz Warning Notifications

If you are taking a timed quiz, or you are taking a quiz close to the due date or lock date and time, Canvas generates warning messages to help you manage your time in the quiz. Canvas will also warn you if you lose the connection to the internet during the quiz.

View Due Date Warning

If you are taking a quiz with a set due date, you will see a warning popup banner as to how many minutes remain before the quiz will be marked late. Warnings appear 30 minutes prior, five minutes prior, and one minute prior.
View Time Restriction Warning

If you start a quiz near the time when it will be due, you will see a warning popup banner. Use the sidebar to view the time the quiz is due and how many minutes are remaining. In this sense, the quiz due date refers to the autosubmit date, which is either a specified lock (Available until) date or the last day of the course. Warnings appear 30 minutes prior, five minutes prior, one minute prior, and 10 seconds prior.

View Quiz Logout Warning

If at any time you get logged out of Canvas while taking a quiz, you will see a warning pop-up banner. To resume your quiz, click the Login button.

Pause Quiz

If your browser allows you to leave the quiz, you can pause the quiz by leaving the quiz page. When you are ready to resume the quiz, the quiz will resume where you left off.

Note: If you leave a timed quiz, the timer will keep running and the quiz will be automatically submitted when time runs out.
Submit Quiz

Canvas will save your quiz as you go through it. When you are finished, submit your quiz and view the quiz results to find out your score.

View Auto Submit Warning

If you do not submit a timed quiz before the time runs out, Canvas displays a pop-up box telling you that your quiz time has expired. The quiz automatically submits after the ten-second count down [1], or you can click the Ok, fine button or Close icon to submit your quiz [2].
How do I take an assessment in New Quizzes?

You can easily take an assessment from New Quizzes by accessing the Assignments page in Canvas. Depending on how your instructor set up the assessment, questions may be shown all on one page or one at a time. If you are unable to finish an assessment, you may be able to resume it at a later time.

Note: If the quiz you are accessing displays a quiz icon instead of an assignment icon, your instructor is not using quizzes in New Quizzes, an upgraded quiz tool in Canvas. Functionality may differ between these quiz types. For help with taking a quiz, please see How do I take a quiz?

Open Assignments

In Course Navigation, click the Assignments link.
Open Assessment

Assessments created in New Quizzes display the Assignments icon [1]. To open an assessment, click the title of an assessment [2].

View Assessment

From the assessment page, you can view the title [1], introduction [2], time limit [3], and due date [4]. You can also view the amount of attempts allowed [5] and previous attempts of the assessment [6].
Enter Access Code

An access code is required to start

1. 

2. [ ] Show access code

3. [Submit]

If your assessment includes an access code, enter the code in the Access Code field [1]. To display a masked access code, click the Show access code checkbox [2]. Then click the Submit button [3].

Take Assessment

To begin taking an assessment, click the Begin button.

Resume Assessment

<table>

<td>90.9%</td>
</tr>
</tbody>
</table>

[Submit] [Begin] [Resume]
If you previously left your assessment and are still able to complete it, the page will display the Resume button.

To resume your assessment, click the Resume button.

**View Assessment**

Complete the assessment per your instructor’s instructions.

Your instructor may ask you to complete several types of questions. Each question will display its point value [1].

To pin a question to review later, click the Pin icon [2].
Open Question Navigator

US History Quiz

Please answer each question.

To open the Question Navigator, click the Expand icon.
View Question Navigator

The Question Navigator allows you to easily view all questions included in an assessment. To jump to a specific question, click the question in the Question Navigator [1]. To pin a question to review later, click the Pin icon [2].

Answered questions are highlighted in blue text. Unanswered questions are indicated by white text.
View Pinned Questions

All pinned questions will display in the Pinned Questions section [1]. To view a pinned question, click the name of the question [2].

View Time Limit

If your assessment has a time limit, a countdown will appear on your screen [1]. To hide the time limit, click the Hide icon [2].
Your instructor may allow you to use an on-screen calculator for the entire assessment or only for certain questions. To open the on-screen calculator, click the **Calculator** icon.

**Note:** If the Calculator icon doesn't display on the question, your instructor has not enabled calculators.
Use Calculator

Your instructor may enable a basic calculator or a scientific calculator. To use the calculator, click the number and function buttons or type numbers and functions using your keyboard [1].

To clear a calculation, click the Clear button [2].

View your calculation and results in the results field [3]

Close the calculator by clicking the Close button [4]. Calculations are saved if you close the calculator window.

To move the calculator around the browser window, click and drag the calculator header [5].
The scientific calculator includes additional buttons for more advanced functionality [1].

Click the **Rad/Deg** toggle to switch between Radian and Degree mode [2].

**Submit Assessment**

To submit your assessment, click the **Submit** button [1]. To return to Canvas and resume your assessment at a later time, click the **Return** button [2].
How do I take a quiz where I can only view one question at a time?

Your instructor may choose to build quizzes that show one question at a time. This means you will receive only one quiz question on your screen at a time instead of all questions posted at once.

Note: Your instructor may be using an upgraded quiz tool called New Quizzes in your course. If the quiz you are accessing displays an assignment icon instead of a quiz icon, your instructor is using New Quizzes. Functionality may differ between these quiz types. For help with viewing one quiz question at a time, please see How do I take an assessment where I can only view one question at a time in New Quizzes?

Next Questions

Question 1

How much time should you spend on your online course each week in order to understand the concepts?

- However long it takes
- 30 minutes
- 1-2 hours
- At least 3 hours

Each question will appear on the screen by itself. Once you have answered the question, the Next button will turn blue. Click the Next button to advance through the quiz.
Previous Questions

Question 2  1 pts

George Washington is the only president to have a state named after him.

- True
- False

If your instructor allows you to return to prior questions, you can click the Previous button to check your answers or return to questions you left blank.
Navigate Questions in Sidebar

**History Overview**

Started: Jul 10 at 2:05pm

<td></td>
</tr>
</tbody>
</table>

To answer a formula question, click the text box and type your answer.
Essay Question

To answer an essay question, click the text box and type your content in the Rich Content Editor [1]. You can use the editor to format your content. The Rich Content Editor also includes a word count display below the bottom right corner of the text box.

Note: Essay questions can also be used for mathematical questions that require the LaTeX equation editor. To insert a mathematical equation, click the equation icon [2] in the Rich Content Editor.
File Upload Question

To answer a file upload question, click the Choose a File button. Canvas will open a file dialog box where you can locate the file on your computer. Select the file and it will be uploaded as your answer. Canvas will confirm that your file has been uploaded [2]. You can also remove your file by clicking the remove icon [3] and submit a new file.
How do I answer each type of question in New Quizzes?

You can answer a variety of question types in an assessment in New Quizzes.

Note: If the quiz you are accessing displays a quiz icon instead of an assignment icon, your instructor is not using quizzes in New Quizzes, an upgraded quiz tool in Canvas. Functionality may differ between these quiz types. For help with answering quiz questions, please see How do I answer each type of question in a quiz?

Categorization Question

To answer a Categorization question, drag and drop the possible answers in the matching category.
Essay Question

To answer an Essay question, click the text box [1] and type your content. Content can be formatted through the Rich Content Editor [2].

Your essay may also include a minimum and/or maximum word count [3].

File Upload Question

To answer a File Upload question, drag and drop the file [1] or select a file by clicking the Browse link [2].

If your instructor has limited the file types that can be uploaded, you can view allowed file types for the question [3].
View your uploaded file [1]. To delete the file, click the Delete icon [2].

If your instructor allows multiple file uploads, you can upload additional files [3].

**Note:** If the option to upload a new file is not displayed, you have reached the file upload limit.

**Fill in the Blank Question**

Fill in the Blank questions include three answer types: text entry, drop-down, and drag and drop. To answer a text entry question, type your answer in the Answer field [1]. To answer a drop-down question, click the drop-down menu [2] and select the option that answers your question.

To answer a drag and drop question, drag your answer to the answer field [3].
Hot Spot Question

Locate Thomas Jefferson in the image below.

Matching Question

Match the state to its capital.

1. Delaware
2. New Jersey
3. Maryland
To answer a Matching question, view the question [1]. Then click the drop-down menu to select the matching answer [2].

**Multiple Answer Question**

Which of these states were part of the original 13 colonies.
- [ ] North Carolina
- [ ] Vermont
- [x] New Hampshire
- [ ] Utah

To answer a Multiple Answer question, click the checkboxes next to all applicable answers.

**Multiple Choice Question**

In what year did the Battle of Yorktown take place?
- [x] 1781
- [ ] 1776
- [ ] 1785
- [ ] 1768

To answer a Multiple Choice question, click the button next to the answer.
**Numeric Question**

To answer a Numeric question, type the answer in the Answer field [1] or use the arrow keys to increase or decrease the answer [2].

To answer a Numeric question in scientific notation, use the following format: $m \times 10^n$, where $m$ represents the coefficient, the asterisk represents the multiplication function, and $^n$ represents the exponent.

**Ordering Question**

To answer an Ordering question, drag and drop the items in the correct order [1]. You can also click the Move icon [2] and move an item up or down [3].
Stimulus Question

The Declaration of Independence includes the signatures of 56 delegates.

- True
- False

To answer a question that includes content, view the content [1] to answer the related question(s) [2]. Associated questions can be any of the other questions available in New Quizzes.

True or False Question

The 1st Continental Congress met in Philadelphia.

- True
- False

To answer a True or False question, click the button next to the answer.
How do I resume a quiz that I already started taking?

You can resume a quiz you previously started.

Note:

- If you navigate away from an unfinished timed quiz, the timer will continue running and the quiz will autosubmit when time runs out.
- If your instructor changes the due date of a quiz that you have already begun, the quiz will auto-submit based on the date and time of the original due date.

How do I view quiz results as a student?

Quiz results are easy to read in Canvas. As a student, you can see different types of quiz results, depending on your instructor's preference.

Note: Your instructor may be using an upgraded quiz tool called New Quizzes in your course. If the quiz you are accessing displays an assignment icon instead of a quiz icon, your instructor is using New Quizzes. Functionality may differ between these quiz types. For help with quiz results, please see How do I view my assessment results as a student in New Quizzes?

Open Quizzes

In Course Navigation, click the Quizzes link.
Open Quiz

Click the title of the quiz.

View Quiz Results

The quiz results screen consists of several areas:
1. Attempt History
2. Quiz Results
3. Submission Details

**View Quiz Results**

Score for this attempt: 7 out of 21 *
Submitted Jul 10 at 2:21pm
This attempt took 12 minutes.

If your instructor allows, you can view the results of your quiz along with the correct answers. This view will also show your total score, the time and date it was submitted, and how long it took to complete the quiz.
View Correct Answers

If your instructor allows you to see correct answers, the quiz results will display your answer along with the correct answer. A correct answer that you marked will be indicated by a green flag [1]. A wrong answer will be indicated by a red flag pointing to your answer [2]. The correct answer will be indicated by a gray flag [3].
View Quiz Responses Only

If your instructor does not allow you to view correct answers, the quiz results will only display your responses and note whether they were correct or incorrect.

View Protected Quiz Results

Quiz results are protected for this quiz and are not visible to students.

Correct answers are hidden.

Some instructors will not allow you to view your quiz results at all. This setting is common for quizzes that are allowed multiple attempts.

Rich Content Editor
How do I add and modify text in the Rich Content Editor as a student?

The Rich Content Editor will be discontinued on June 20, 2020. Instructors can enable the New Rich Content Editor feature in course feature options.

Several features in Canvas support a Rich Content Editor, including Announcements, Assignments, Discussions, Pages, and Quizzes. You can type text and you can copy and paste text from other sources into the Rich Content Editor. The following keyboard shortcuts can be used when copying and pasting text:

- Normal copy and paste on a PC: Ctrl-C, Ctrl-V
- Copy and paste-without-formatting on a PC: Ctrl-C, Ctrl-Shift-V
- Normal copy and paste on a Mac: Cmd-C, Cmd-V
- Copy and paste-without-formatting on a Mac: Cmd-C, Cmd-Opt-Shift-V

The Rich Content Editor also includes several formatting tools that allow you to modify your text.

Open Rich Content Editor

Open the Rich Content Editor using one of the Canvas features which support the Editor.
The Rich Content Editor supports keyboard shortcuts. To view the Keyboard Shortcuts menu, click on the Keyboard icon. You can also open the menu by pressing **ALT + F8** (PC keyboard) or **ALT + FN + F8** (Mac keyboard).

### Paste Copied Text

Paste the text you copied into the Rich Content Editor.

You can use the following keyboard shortcuts to paste text into the Rich Content Editor:

- Normal copy and paste on a PC: Ctrl-C, Ctrl-V
- Copy and paste-without-formatting on a PC: Ctrl-C, Ctrl-Shift-V
- Normal copy and paste on a Mac: Cmd-C, Cmd-V
- Copy and paste-without-formatting on a Mac: Cmd-C, Cmd-Opt-Shift-V
Remove Text Formatting

To remove text formatting, select the pasted text [1], then click the Clear Formatting icon [2].

Align Text

Our group was selected to research the poems of Oliver Wendell Holmes. Each group member must find one poem written by our chosen author and share it with the group. We'll then choose two poems and analyze them using the 7 step poetry analysis method.

Poem Analysis:
As we analyze the poems, we should look for the following literary forms:
To align text, place the cursor in front of the text you wish to align [1]. Use the tools in the toolbar to align the text. You can set the position of the text on the page with the **Left**, **Center**, and **Right Alignment tools** [2] or indent the text using the **Indent** tool [3].

**Align Directional Text**

The editor also supports directional text so users can insert content right to left. This feature can be added using the **Right to Left** button within the editor.

**Create Bulleted or Numbered List**

Select the text you wish to include in your list [1]. Click the **Bulleted List** icon to make a bulleted list [2]. Click the **Numbered List** icon to make a numbered list [3].

---

*Poem Analysis:*
As we analyze the poems, we should look for the following literary forms:

- Simile
- Metaphor
- Imagery
- Symbol
- Iambic Pentameter
View Bulleted List

Poem Analysis:
As we analyze the poems, we should look for the following literary forms:

- Simile
- Metaphor

View the bulleted list you made.

View Numbered List

Group Roles:

1. Leader: Ensures that everyone is on task and that project is completed
2. Scribbler: Scribe; takes notes on what is discussed as a group
3. Speaker/Reader: Reads parts of text aloud to the group
4. Organizer: Maintains paperwork for the group, responsible for retrieving and storing work

View the numbered list you made.
Change Font Size

Our group was selected to research the poetry of Edgar Allan Holmes. Each group member must find one poem written by Holmes and share it with the group. We’ll then choose two poems to analyze using the 7 step poetry analysis method.

Poem Analysis:
As we analyze the poems, we should look for various forms:

Select the text you wish to modify [1] and click the Font Size drop-down menu to change the text font size [2]. You can choose from 8, 10, 12, 14, 18, 24, or 36 sized fonts.
Change Text Style

Our group was selected to research the poems of Oliver Wendell Holmes. Each group member must find one poem written by our chosen author and present it to the group. We’ll then choose two poems and analyze them using the poetry analysis method.

Poem Analysis:
As we analyze the poems, we should look for the following literary terms:

Select the text you wish to modify [1], and click the **Paragraph** drop-down menu to change the text style [2]. You can choose from paragraph, heading 2, heading 3, or heading 4, or preformatted styles.
Single Space Text

To create single spacing in the Rich Content Editor, press the shift and return keys (on a Mac) or shift and Enter keys (on a PC). This will create a line break instead of a paragraph break.
Superscript and Subscript Text

Select the text you wish to modify [1], and click the Superscript or Subscript buttons in the toolbar [2].

Save Changes

Click the Save button.

Note: When using the Rich Content Editor in Assignments, Discussions, Pages, and Quizzes, you have the option to "Save & Publish". When using the Rich Content Editor in the Discussions page, the Save button may appear as "Post Reply".
Group Project

Requirements

How do I use the HTML view in the Rich Content Editor as a student?

The Rich Content Editor will be discontinued on June 20, 2020. Instructors can enable the New Rich Content Editor feature in course feature options.

You can use the Rich Content Editor to embed content using HTML. The Rich Content Editor is used in features that support the editor (Announcements, Assignments, Discussions, Pages, and Quizzes).

When attempting to do custom HTML coding in Canvas, you may discover that certain HTML codes do not work upon saving. This is because Canvas will only support certain HTML elements for security reasons. This also applies to content copied and pasted from an external source. Below is a link to a list of HTML tags that are permissible in Canvas. HTML tags that are not on this list may be stripped out of the Canvas Rich Content Editor when you save your work. View the Canvas HTML whitelist PDF for more information.

Open Rich Content Editor

Open the Rich Content Editor using one of the Canvas features which support the Editor.
Open HTML Editor

Click the HTML Editor link.

Note: When in HTML view, you can toggle back by clicking the Rich Content Editor link.

Enter Content

Welcome

Welcome to the Rich Content Editor!

Editing HTML

HTML Editing
Enter your HTML content.

**Save Changes**

Click the **Save** button.

**Note:** When using the Rich Content Editor in Discussions, the Save button may appear as the Post Reply button.
How do I embed images from Canvas into the Rich Content Editor as a student?

The Rich Content Editor will be discontinued on June 20, 2020. Instructors can enable the New Rich Content Editor feature in course feature options.

You can upload image files to your files in Canvas and embed them in the Rich Content Editor. You can also add alt tags to your images for better accessibility.

If a change is made to the image in your personal files after it has been embedded, the image you have added to the Rich Content Editor will not be changed.

Open Rich Content Editor

Open the Rich Content Editor using one of the Canvas features which support the Editor.
Open Image

Click the Image icon.

Select Canvas Tab

Click the Canvas tab.
You can choose to embed images located in your course files [1] or your personal files [2]. As a student, you can embed any image from your files into the Rich Content Editor, even images that are in folders only visible to you.

**Note:** When accessing course files for image uploads, you will only be able to see images that are public to the entire course.
Select Image

To embed a previously uploaded image, click the image you wish to embed.
Upload Image

To upload an image to embed, click the Upload File button.
Select File

In the dialogue box, select a file to upload [1]. Then click the Open button [2].
View your uploaded file.
Insert Alt Text

The Attributes field will populate the Alt text field [1], which is the name of the image. For better accessibility, type a description of the image contents. To add the image as decorative, click the Decorative image checkbox [2]. If the Decorative Image checkbox is selected, the alternative text field is grayed out.

Note: If you want to include an image title, which will appear when a user hovers over the image, embed the image and then switch to the HTML Editor. Title tags must be manually added to the HTML code.
Change Attributes Image Dimensions

The image's default dimensions will also populate automatically. Dimensions are referenced in pixels defined by width then height.

To change the image dimensions, type in the number of pixels you would like for the new image width [1]. Then press the Tab key on your computer keyboard. Since Canvas maintains the aspect ratio of your image, the entry for the image height will be changed automatically [2].

Embed Image

Click the Update button.

Note: As a future shortcut, if you do not need to change any of your image's attributes, locate your image and simply double click the name of your image. The image will be embedded directly to your post.
View your embedded image in the Rich Content Editor.
Edit Image Properties

To edit an existing image, click the image [1], then click the Image icon [2]. The insert/embed window will appear to make changes.

When you edit an existing image, the URL tab will display the location of the Canvas image; however, the Canvas tab will still display the file. The attributes will remain the same across all tabs and can be edited as necessary.

If you want to replace your Canvas image, click the Canvas tab [3] and locate another image.
Visually Resize Image

You can also use the handles around the image to visually change the image size. To do this, click the image, then hover over one of the white bounding boxes until your cursor becomes an arrow. Drag and resize the image. Please note that the image will always retain its aspect ratio as to not become distorted.

**Note:** The Rich Content Editor does not support image cropping.
How do I embed images from the web in the Rich Content Editor as a student?

The Rich Content Editor will be discontinued on June 20, 2020. Instructors can enable the New Rich Content Editor feature in course feature options.

You can use the Rich Content Editor to embed images from the web. You can also add alt tags to your images for better accessibility.

The Rich Content Editor is used in features that support the Editor (Announcements, Assignments, Discussions, Pages, and Quizzes). If a change is made to the source of your image after it has been embedded, the image you have added to the Rich Content Editor will not be changed.

Open Rich Content Editor

Open the Rich Content Editor using one of the Canvas features which support the Editor.
Open Image

Click the Image icon.

Embed External Image

Insert / Edit Image

Image Source

</tbody>
</table>

Paste or type in the URL of the image you want to embed.
The Attributes field will populate the **Alt text** field [1], which is the name of the image. For better accessibility, type a description of the image contents. To add the image as decorative, click the **Decorative image** checkbox [2]. If the Decorative Image checkbox is selected, the alternative text field is grayed out.

**Note**: If you want to include an image title, which will appear when a user hovers over the image, embed the image and then switch to the HTML Editor. Title tags must be manually added to the HTML code.
Change Attributes Image Dimensions

The image's default dimensions will also populate automatically. Dimensions are referenced in pixels defined by width then height.

To change the image dimensions, type in the number of pixels you would like for the new image width [1]. Then press the Tab key on your computer keyboard. Since Canvas maintains the aspect ratio of your image, the entry for the image height will be changed automatically [2].

Embed Image

Click the **Update** button.

Note: As a future shortcut, if you do not need to change any of your image’s attributes, locate your image and simply double click the name of your image. The image will be embedded directly to your post.
View your embedded image in the Rich Content Editor.
Edit Image Properties

To edit an existing embedded image, click the image [1], then click the Image icon [2]. The insert/edit window will appear to make changes.

When you edit an existing image, the URL tab will display the location of the web image. The attributes will remain the same across all tabs and can be edited as necessary.

If you want to replace your web image, paste or type in the URL of the image you want to embed [3].
Visually Resize Image

You can also use the handles around the image to visually change the image size. To do this, click the image, then hover over one of the white bounding boxes until your cursor becomes an arrow. Drag and resize the image. Please note that the image will always retain its aspect ratio as to not become distorted.

**Note:** The Rich Content Editor does not support image cropping.
How do I embed images from Flickr Creative Commons in the Rich Content Editor as a student?

The Rich Content Editor will be discontinued on June 20, 2020. Instructors can enable the New Rich Content Editor feature in course feature options.

You can use the Rich Content Editor to embed images from Flickr Creative Commons. You can also add alt tags to your images for better accessibility.

When searching for images on Flickr, search results display images with a Creative Commons public domain license.

The Rich Content Editor is used in features that support the Editor (Announcements, Assignments, Discussions, Pages, and Quizzes). If a change is made to the source of your image after it has been embedded, the image you have added to the Rich Content Editor will not be changed.

Note: Although an image may appear in the Flickr Creative Commons, not all images have the same license. Some Flickr images require an attribution to appear within the image. You may want to confirm the image copyright before using it in your course. Click the image to view it directly on Flickr.

Open Rich Content Editor

Open the Rich Content Editor using one of the Canvas features which support the Editor.
Open Image

Click the Image icon.

Select Flickr Tab

Click the Flickr tab.
In the search bar [1], type in a word or phrase to search for images. Then click the Search icon [2] or press enter on the keyboard. Search results display all related images with a Creative Commons public domain license and may include more than one page.
Select Image

Image Source

<table>
<thead>
<tr>
<th>URL</th>
<th>Canvas</th>
<th>Flickr</th>
</tr>
</thead>
<tbody>
<tr>
<td>flower</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

The images will automatically populate in the pop-up window. Select the image you want to embed.
The Attributes field will populate the **Alt text** field [1], which is the name of the image. For better accessibility, type a description of the image contents. To add the image as decorative, click the **Decorative image** checkbox [2]. If the Decorative Image checkbox is selected, the alternative text field is grayed out.

**Note:** If you want to include an image title, which will appear when a user hovers over the image, embed the image and then switch to the HTML Editor. Title tags must be manually added to the HTML code.
Change Attributes Image Dimensions

The image's default dimensions will also populate automatically. Dimensions are referenced in pixels defined by width then height.

To change the image dimensions, type in the number of pixels you would like for the new image width [1]. Then press the Tab key on your computer keyboard. Since Canvas maintains the aspect ratio of your image, the entry for the image height will be changed automatically [2].

Embed Image

Click the Update button.

Note: As a future shortcut, if you do not need to change any of your image’s attributes, locate your image and simply double click the name of your image. The image will be embedded directly to your post.
Welcome to the Rich Content Editor

View your embedded image in the Rich Content Editor.
Edit Image Properties

If you need to edit your embedded image, click the image [1], then click the Image icon [2]. The insert/edit window will appear to make changes.

When you edit an existing image, the URL tab will display the location of the Flickr image—the Flickr tab will be blank. The attributes will remain the same across all tabs and can be edited as necessary.

If you want to replace your Flickr image, click the Flickr tab [3] and search for a new image.
Visually Resize Image

You can also use the handles around the image to visually change the image size. To do this, click the image, then hover over one of the white bounding boxes until your cursor becomes an arrow. Drag and resize the image. Please note that the image will always retain its aspect ratio as to not become distorted.

**Note:** The Rich Content Editor does not support image cropping.
How do I create a hyperlink in the Rich Content Editor as a student?

The Rich Content Editor will be discontinued on June 20, 2020. Instructors can enable the New Rich Content Editor feature in course feature options.

You can use the Rich Content Editor to create a hyperlink.

The Rich Content Editor is used in features that support the editor (Announcements, Assignments, Discussions, Pages, and Quizzes).

Open Rich Content Editor

Open the Rich Content Editor using one of the Canvas features which support the Editor.
Highlight Text

Insert your content into the Rich Content Editor. Highlight the text where you want to create a hyperlink.

Create Hyperlink

Click the link icon.

You can also press the Control+K (Windows) or Command+K (Mac) keys on your keyboard to insert a link.
Insert Link

Link to Website URL

(This will make the selected text a link, or insert a new link if nothing is selected.)

Paste or type a url or wiki page in the box below:

http://instructionaldesign.org/  Insert Link

Paste or type the URL you want to link to in the URL field [1]. Click the **Insert Link** button [2].

**Note:** The text will flash yellow before turning into the hyperlink.

Save Changes

Click the **Save** button.

**Note:** When using the Rich Content Editor in Discussions, the Save button may appear as “Post Reply”.
Welcome to the Rich Content Editor!

View the link in your content.
How do I create a hyperlink or embed a file from Google Drive into the Rich Content Editor as a student?

The Rich Content Editor will be discontinued on June 20, 2020. Instructors can enable the New Rich Content Editor feature in course feature options.

If your course has enabled Google Apps, you can create a document, slide presentation, or spreadsheet using Google Drive and then embed that document anywhere you can use the Rich Content Editor in Canvas. The Rich Content Editor is used in features that support the editor (Announcements, Assignments, Discussions, Pages, and Quizzes). When embedded, Google slide presentations default to presentation mode.

In Google, you can link or embed files. When files are linked in the Rich Content Editor, the link displays the exact name of the file. Please ensure your file names are correct before linking a file. For embedded files, any time you edit the Google file, it will be automatically updated in Canvas.

Note: If you cannot view the Google Drive icon in the Rich Content Editor, you can still include your file by creating a hyperlink or publishing your Google content to the web and pasting the embed code in the HTML editor.

Open Rich Content Editor

Open the Rich Content Editor using one of the Canvas features which support the Editor.
Open Google Drive

Click the Google Drive icon. If the icon does not display directly in the tool bar, the icon is included in the More External Tools drop-down menu.

Locate File

Locate and click the file(s) you want to link.

Embed or Link File

To embed the file, click the Embed button [1]. The Rich Content Editor will display a placeholder image for the file.

To link the file, click the Link button [2]. The Rich Content Editor will display a link with the name of the file.
**Save Changes**

Click the *Save* button.

**Note:** When using the Rich Content Editor in Discussions, the *Save* button may appear as *Post Reply*. 
How do I create a hyperlink from Microsoft Office 365 in the Rich Content Editor as a student?

The Rich Content Editor will be discontinued on June 20, 2020. Instructors can enable the New Rich Content Editor feature in course feature options.

If your course has enabled Microsoft Office 365, you can link documents from your OneDrive folder anywhere you can use the Rich Content Editor in Canvas. The Rich Content Editor is used in features that support the editor (Announcements, Assignments, Discussions, Pages, and Quizzes).

When files are linked in the Rich Content Editor, the link displays the exact name of the file. Please ensure your file names are correct before linking a file.

Note: If you cannot view the Microsoft Office 365 icon in the Rich Content Editor, you can still include your file by creating a hyperlink or publishing your Google content to the web and pasting the embed code in the HTML editor.

Open Rich Content Editor

Open the Rich Content Editor using one of the Canvas features which support the Editor.
Highlight Text

Welcome

HTML Editor

Welcome to the Rich Content Editor

Insert your content into the Rich Content Editor. Place your cursor where you want to create a hyperlink.

Create Hyperlink

Click the Microsoft Office 365 icon. If the icon does not display directly in the tool bar, the icon is included in the More External Tools drop-down menu.
Attach File

Locate and click the file you want to link [1]. Click the Attach File button [2].

Save Changes

Click the Save button.

Note: When using the Rich Content Editor in Discussions, the Save button may appear as “Post Reply”.
How do I record a video using the Rich Content Editor as a student?

The Rich Content Editor will be discontinued on June 20, 2020. Instructors can enable the New Rich Content Editor feature in course feature options.

You can use the Rich Content Editor to record a video. You can record media for any length of time, but shorter video recordings are recommended. If your video is longer than 15 minutes, you may want to consider recording and uploading using an external provider. Longer media lengths require a longer rendering time and may be interrupted without a stable internet connection.

The Rich Content Editor is used in features that support the editor (Announcements, Assignments, Discussions, Pages, and Quizzes).

Canvas videos also support caption files. Once you record and save your video, learn how to add captions to a video.

Note: HTML5 video recording only applies to Chrome and Firefox. If you are using Safari, you must use Flash video recording.

Open Rich Content Editor

Open the Rich Content Editor using one of the Canvas features which support the Editor.
Open Media Comment Tool

Click the Media icon.

Select Video Recording Option

If your computer has a webcam, Canvas will select your default camera automatically. However, if you have multiple webcams, you can select your webcam by clicking the Webcam button.
Select Audio Option

Canvas will also select your default microphone. However, if you have multiple microphones, you can select your preferred microphone by clicking the Mic button.
Start Recording

To begin recording video, click the Start Recording button.
Stop Recording

The time [1] and the volume level [2] of your recording will continuously update as you record. To stop recording, click the Finish button [3].
Review Recording

To review your video, click the Play button [1]. To save your video, click the text field [2], enter a title for your video, then click the Save button [3]. To re-record your video, click the Start Over button [4].

Note: Long videos may take some time to save. Please do not leave the page until your video has saved.

Canvas Student Guide Updated 2020-01-21
How do I record a video using Flash in the Rich Content Editor as a student?

The Rich Content Editor will be discontinued on June 20, 2020. Instructors can enable the New Rich Content Editor feature in course feature options.

If you are using Chrome or Firefox, you can record a video using HTML5. However, if you are using Internet Explorer 11 or Safari, you must use Flash to record a video in the Rich Content Editor. The Rich Content Editor is used in features that support the editor (Announcements, Assignments, Discussions, Pages, and Quizzes).

You may need to Enable Flash in Internet Explorer 11 or Enable Flash in Safari before recording video. You will also need to use the current versions of your web browser and Flash.

You can record media for any length of time, but shorter video recordings are recommended. If your video is longer than 15 minutes, you may want to consider recording and uploading using an external provider. Longer media lengths require a longer rendering time and may be interrupted without a stable internet connection.

Canvas videos also support caption files. Once you record and save your video, learn how to add captions to a video.

If you are unable to record video comments with your webcam, there are several troubleshooting steps you can try.

Open the Rich Content Editor using one of the Canvas features which support the Editor.
Open Media Comment Tool

To open the Media Comment Tool, click the Video Clip icon.

Allow Adobe Flash Player Access

To give the Adobe Flash Player access to your computer's camera and microphone, click Allow.
Select Settings

You can open the Settings for the Flash Player to select specific options for your video recording.

To open the settings, Right-click (PC users) or Control-click (MAC users) anywhere on the media window.
Modify Settings

You can select among the Flash Player Setting tabs and select your privacy settings [1] and local storage limit [2] on your local computer. You can also select a specific microphone [3] or camera [4] using the drop-down menu if your computer contains more than one option.
Select Video Recording Option

To begin recording video, click the Webcam icon.
Start Recording

Click to start recording a video file.
Stop Recording

The time [1] and the volume level [2] of your recording will continuously update as you record. Click anywhere to stop recording.

Review Recording

Your recording will begin to playback automatically. To save your video, click the Save button [1]. To re-record your video message, click the Record button [2].
View Video

Welcome to the Rich Content Editor

Your video will be automatically inserted into the Rich Content Editor.

Save Changes

Click the Save button.

Note: When using the Rich Content Editor in Discussions, the Save button may appear as “Post Reply”.
How do I upload a video using the Rich Content Editor as a student?

The Rich Content Editor will be discontinued on June 20, 2020. Instructors can enable the New Rich Content Editor feature in course feature options.

You can use the Rich Content Editor to upload a video. The Rich Content Editor is used in features that support the editor (Announcements, Assignments, Discussions, Pages, and Quizzes).

Canvas allows you to upload supported media types.

Canvas converts files up to 500 MB. If a file exceeds the 500 MB limit, you can host the file through an external source such as YouTube and embed it using the Rich Content Editor. To learn more about available options for using media files in Canvas, view the Canvas Media Comparison PDF.

Canvas videos also support caption files. Once you upload a video, learn how to add captions to a video.

Note: Video playback defaults to the lowest resolution quality. Users can manage video playback options in the video settings menu.

Open Rich Content Editor

Open the Rich Content Editor using one of the Canvas features which support the Editor.
Open Media Comment Tool

Click the Media icon.

Upload Media

Click the Upload Media tab.

Select Video File

Choose the Select Video File button.
Open Video File

Select the video you want to upload [1]. Click the **Open** button [2].
Upload Video File

The status bar will show you the progress of your video upload. The speed of your upload will depend on your internet connection and the size of your video. Wait for your media to upload. Once the progress bar is full this window will automatically close.
View Uploaded Video

View your video automatically inserted into the Rich Content Editor.

Save Changes

Click the Save button.

Note: When using the Rich Content Editor in Assignments, Discussions, Pages, and Quizzes, you have the option to Save & Publish. When using the Rich Content Editor in the Discussions pages, the Save button may appear as Post Reply.
How do I record audio using the Rich Content Editor as a student?

The Rich Content Editor will be discontinued on June 20, 2020. Instructors can enable the New Rich Content Editor feature in course feature options.

You can use the Rich Content Editor to record audio. The Rich Content Editor is used in features that support the editor (Announcements, Assignments, Discussions, Pages, and Quizzes).

Note: HTML5 audio recording only applies to Chrome and Firefox. If you are using Internet Explorer or Safari, you must use Flash audio recording.

Open Rich Content Editor

Open the Rich Content Editor using one of the Canvas features which support the Editor.
Open Media Comment Tool

Click the Media tool.

Select Audio Recording Option

To only record audio, click the Webcam button [1] and select the No Video option [2].

Note: If your computer does not have a webcam, the No Video option will be selected automatically.
Canvas will select your default microphone. However, if you have multiple microphones, you can select your preferred microphone by clicking the Mic button.
Start Recording

To begin recording audio, click the **Start Recording** button.
Stop Recording

The time [1] and the volume level [2] of your recording will continuously update as you record. To stop recording, click the Finish button [3].

To delete your current recording and start over, click the Start Over button [4].
To preview your audio recording, click the **Play** button [1]. To save your audio, click the text field [2], enter a title for your audio, then click the **Save** button [3]. To re-record your audio message, click the **Start Over** button [4].
View Recording

View your audio automatically inserted into the Rich Content Editor.

Save Changes

Click the Save button.

**Note:** When using the Rich Content Editor in Assignments, Discussions, Pages, and Quizzes, you have the option to Save & Publish. When using the Rich Content Editor in the Syllabus and Discussions pages, the Save button may appear as Post Reply.

How do I add captions to an external video as a student?

If you are the video owner for a video hosted on a supported third-party media site, or if you already have an online link to a supported video type, you can create caption files for external videos.

Once you have uploaded your video and created captions, learn how to view video captions.

Notes:

• You cannot add a closed-captioning file to an online video if you are not the owner.
• If you view a video in the Canvas by Instructure app, iOS devices can display captions created with WebVTT files. If you cannot view video captions in an iOS device, the caption type is not supported.

Create Caption Files

Subtitle a Video

Enter a video URL to use the Amara editor & enable public subtitling. Learn more

for example: http://www.youtube.com/watch?v=h4ce747

Begin »

Acceptable Formats include: Vimeo, Youtube, mp4, WebM, flv, ogg & mp3

Amara is the same service referenced in our lesson about creating captions using the subtitle creation tool. The difference is that with YouTube and other third-party sites, your video is already uploaded to the Internet, so to create captions, all you need is the URL to the video.

Amara subtitles videos created with supported video types. Additionally, the video must be publicly accessible and hosted on supported third-party sites. Amara exports to a variety of file types, including WebVTT and SRT.
Upload Caption Files

Captions and subtitles help viewers with hearing disabilities and people who speak other languages to enjoy your videos. To learn more about this feature, see the Help Center.

Upload a transcript (.txt), or a timed-coded caption file. See formats

Upload caption file or transcript

Most online video sites that support closed captioning will have a link to upload caption files. Each site will have its own requirement for the type of file required.

YouTube

YouTube accepts a variety of file types. If you grant them permission, sites such as Amara and CaptionTube can link directly to your YouTube account and add the caption files directly to your video.

Embed Video in Canvas

When you're finished, embed your iFrame video or insert the YouTube link in Canvas. The closed-captioning option will appear with all available language caption files.
How do I add captions to new or uploaded videos in Canvas as a student?

You can easily create and upload caption files when you add video content in the Rich Content Editor. The Rich Content Editor is used in features that support the editor (Announcements, Assignments, Discussions, Pages, and Quizzes).

This lesson only applies to creating captions for videos created or uploaded into Canvas. If you’ve created a video outside of Canvas that you want to share in your course, learn how to create captions for external videos.

If you have not yet created or uploaded your video, learn how to record a new video or upload an existing video.

Note: Users can view video captions in the Canvas by Instructure mobile app. However, iOS devices can only display captions in WebVTT format. If you use another format besides WebVTT, users on iOS devices will not be able to display the video captions.

Open Video in Canvas Content

Open the Canvas content page or assignment submission where you created or uploaded your video. Click the video to enlarge the window and open the closed-caption options.
Upload Subtitles

Hover over the closed caption icon [1]. Click the Upload subtitles link [2].
Create Subtitles

If you need to create a caption file for your video, copy the video URL [1], then click the Go to subtitle creation tool button [2]. A new tab will open in your browser window. Learn how to create a caption file in the subtitle creation tool. When you are finished creating the caption file, you can return to this page.

**Note:** Canvas must render the video and create a URL link before you can create a caption file. If you try to add subtitles and steps 1 and 2 are not yet available, try accessing your video later.
Upload Subtitles

Instructions: Follow these three steps to create a subtitle file for your video, then upload it here. If you already have an SRT subtitle file you can skip to step 3.

Step 1: Copy this video URL:
https://insite.instructuremedia.com/fetch/0U0bOxkGUJiU1L0OGFJd2OxJZVv/1ED590N1TA50K

Step 2: Create a subtitle file by clicking this link and following the instructions.

Step 3: Once you have a subtitle track in either the SRT or WebVTT format, you can upload it here.

Language: --Choose a Language--
File: Choose File No file chosen

If you already have a caption file, you can skip to step 3 and set the caption language and locate the file.

Select Subtitle Language

Step 3: Once you have a subtitle track in either the SRT or WebVTT format, you can upload it here.

Language: --Choose a Language--
File: Choose File No file chosen

In the Language drop-down menu, select the language that matches the language of your subtitle file.
Locate Subtitle File

**Step 3:** Once you have a subtitle track in either the SRT or WebVTT format, you can upload it here.

Language: English

File: Choose File

No file chosen

To locate your caption file, click the **Browse** or **Choose File** button (depending on your browser).

Open Subtitle File

Locate your subtitle file on your computer. Select the file, then click the **Open** button.
Upload Subtitle File

Step 3: Once you have a subtitle track in either the SRT or WebVTT format, you can upload it here.

- Language: English
- File: Choose File Captions.vtt

To submit your subtitle file, click the Upload button.

Confirm Upload

- Track uploaded successfully; please refresh your browser.

Canvas will confirm your subtitle file has been successfully uploaded. Refresh your browser window to view your subtitles.
How do I create a caption file using the subtitle creation tool as a student?

When you record a new video or upload an existing video in Canvas, you can upload a caption file for your users. If you do not have a caption file, you can use the subtitle creation tool to create the file for your video.

Once you have created and downloaded your caption file, learn how to add captions to Canvas videos.

Note: Canvas must render the video and create a URL link before you can create a caption file. If you try to add subtitles and the subtitle creation tool is not yet available, try accessing your video later.

Open Video in Canvas Content

Open the Canvas content page or assignment where you created or uploaded your video. Click the video to enlarge the window and open the closed-caption options.
Upload Subtitles

Hover over the closed caption icon [1]. Click the **Upload subtitles** link [2].
Go to Subtitle Creation Tool

Copy the video URL [1], then click the Go to subtitle creation tool button [2]. A new tab will open in your browser window.

**Note:** Canvas must render the video and create a URL link before you can create a caption file. If you try to add subtitles and steps 1 and 2 are not yet available, try accessing your video later.

Enter Video URL

Acceptable Formats Include: Vimeo, Youtube, mp4, WebM, flv, ogg & mp3
Paste your video URL in the **Subtitle a Video** field [1]. Click the **Begin** button [2].

### Add New Language

Click the **Add a new language** link.

**Add a new language!**

- **This video is in:** --Select language--
- **Subtitle into:** English

[1] Paste your video URL in the **Subtitle a Video** field. [2] Click the **Begin** button.
In the drop-down menu, select the primary spoken language of your video [1]. Then select the language for the subtitles [2]. Click the Continue button [3].

**Log in to Amara**

Choose a method to log in to Amara. You can use one of your existing social media services [1] or you can create a new account [2].

Creating an account lets you save your video with the subtitles in case you want to change them or translate them into another language later.
Create Subtitles

Create your subtitles for your video using the instructions in the video window [1].

You can use keyboard controls to help you navigate through your video. To get more keyboard controls, click the more commands link [2].

For general guidelines regarding subtitles, click the subtitling guidelines link [3].
Complete Subtitles

When you have made it through all three steps and are finished with your subtitles, click the **Complete** button. The caption file will save and redirect you back to the video dashboard.
Open Subtitles

Under the Language heading, click the name of the language subtitle file you created.
Download Subtitles

To edit your subtitles, click the **Edit Subtitles** link [1].

When you are ready to download your file, locate the **Download** drop-down menu [2] and select your preferred download format type [3].

**Note:** Users can view video captions in the Canvas by Instructure mobile app. However, iOS devices can only display captions in WebVTT (.vtt) format. If you use another format besides WebVTT, users on iOS devices will not be able to display the video captions.
Save Subtitle File

Click the **Save File** radio button [1]. Then click the **OK** button [2].

Learn how to [add captions to Canvas videos](#).
How do I view captions in a video as a student?

Some videos within Canvas may contain closed-captioned files. You can view the captions in the closed-captioning menu.

Note: If you view a video in the Canvas by Instructure app, iOS devices can display captions created with WebVTT files. If you cannot view video captions in an iOS device, the caption type is not supported.

Open Video

Rich Content Editor

Welcome to the Rich Content Editor!

Click the video. The video will enlarge on your screen.
Select Subtitle Language

To view the captions in your video, hover over the closed caption icon [1]. By default, videos are closed captioned and will always be set to None. Click the radio button next to your subtitle language [2]. Click the Play button [3].
View Subtitles

View the subtitles in your video.
New Rich Content Editor
How do I add and modify text in the New Rich Content Editor as a student?

Several features in Canvas support the New Rich Content Editor, including Announcements, Assignments, Discussions, Pages, and Quizzes.

You can type text and you can copy and paste text from other sources into the New Rich Content Editor. The New Rich Content Editor also includes several formatting tools that allow you to modify your text.

The New Rich Content editor supports keyboard shortcuts for copying and pasting text.

**Copy and Paste Using a PC**
- Copy (Ctrl+C) and Paste (Ctrl+V)
- Copy (Ctrl+C) and Paste-without-formatting (Ctrl+Shift+V)

**Copy and Paste Using a Mac**
- Copy (Cmd+C) and Paste (Cmd+V)
- Copy (Cmd+C) and Paste-without-formatting (Cmd+Opt+Shift+V)

**Note:** The New Rich Content Editor is currently a course opt-in feature. If the Rich Content Editor in your course does not match the images in this lesson, your course is using the classic Rich Content Editor.

View New Rich Content Editor

Open the New Rich Content Editor when using one of the Canvas features which support the Editor.
Open Keyboard Shortcuts

The Rich Content Editor supports keyboard shortcuts. To view the Keyboard Shortcuts menu, click the Keyboard icon or press ALT+F8 (PC keyboard) or ALT+FN+F8 (Mac keyboard).

Enter Text

Type or paste copied text into the New Rich Content Editor.
Remove Text Formatting

To remove text formatting, select the text [1], then click the Clear Formatting icon [2].

Note: To view the Clear Formatting icon, you may have to click the Options icon [3].

Change Font Size

US History Group A

To change font size, select the paragraph [1], then use the dropdown menu [2] to choose a font size. You can also click on the dropdown menu [3] to directly select a font size.
Select the text you wish to modify [1]. Then click the **Font Size** drop-down menu [2], and select the font size you want to use [3]. You can choose from 8, 10, 12, 14, 18, 24, or 36pt sized fonts.

**Change Text Style**

Select the text you wish to modify [1]. Then click the **Paragraph** drop-down menu [2], and select the text style you want to use [3]. Choose from Heading 2, Heading 3, Heading 4, Preformatted, and Paragraph styles.

**Note:** By default, the primary heading for the announcement, assignment, discussion, page, or quiz is the same as the title or name you enter when creating the item.
Single Space Text

To create single spacing in the New Rich Content Editor, press **Shift+Enter** (on a PC keyboard) or **Shift+Return** (on a Mac keyboard). This creates a line break instead of a paragraph break.

Format Text Emphasis

Select the text you wish to format [1].

To bold the selected text, click the **Bold** icon [2], or press **Cmd+B** (Mac keyboard) or **Ctrl+B** (PC keyboard).
To italicize the selected text, click the **Italic** icon [3], or press **Cmd+I** (Mac keyboard) or **Ctrl+I** (PC keyboard).

To underline the selected text, click the **Underline** icon [4], or press **Cmd+U** (Mac keyboard) or **Ctrl+U** (PC keyboard).

When selected text is formatted, an arrow displays above the selected option [5].

**Color and Highlight Text**

Select the text you wish to color [1].

To change the color of the text, click the **Text Color** icon [2].

To highlight the text, click the **Background Color** icon [3].

Select a color from the color drop-down menu [4]. You can view the color name by hovering your mouse over the color tile [5].

To remove color formatting, click the **Remove Color** icon [6].

To select a custom color for the text, click the **Custom Color** icon [7].
Select Custom Color

Use the color picker palette to select a color tone [1] and hue [2]. You can also enter RGB color codes [3] or enter a HEX color code [4]. View your custom color in the color display window [5].

To apply the color to your text, click the Save button [6].
Superscript and Subscript Text

You can format your text to appear as superscript or subscript. Select the text you wish to modify [1].

To format your text as superscript, click the Superscript icon [2].

To format your text as subscript, click the Script Arrow icon [3] and select the Subscript option [4].

Align Text

To align text, place the cursor in front of the text you wish to align [1], then click the **Alignment** icon [2]. From the drop-down menu you can select to align the text to the **Left** [3], **Center** [4], and **Right** [5].

### Indent and Outdent Text

To indent text, click the **Indent** icon [1].

If your text is indented, you can outdent your text. To outdent your text, click the **Indent Arrow** icon [2] and click the **Outdent** option [3].

You can click the Indent and Outdent options multiple times to increase or decrease the text indentation.

### Align Directional Text

To align text, place the cursor in front of the text you wish to align [1], then click the **Alignment** icon [2]. From the drop-down menu you can select to align the text to the **Left** [3], **Center** [4], and **Right** [5].

To indent text, click the **Indent** icon [1].

If your text is indented, you can outdent your text. To outdent your text, click the **Indent Arrow** icon [2] and click the **Outdent** option [3].

You can click the Indent and Outdent options multiple times to increase or decrease the text indentation.
To align the direction of your text, click the Directionality icon [1]. You can align your text from **Left to Right** [2] and from **Right to Left** [3].

### Create Bulleted or Numbered List

Select the text you wish to include in your list [1], then click the List icon [2]. You can select a bulleted list style [3], or a numeric or alphabetic list style [4].
View the bulleted list.

How do I insert a table using the New Rich Content Editor as a student?

In the New Rich Content Editor, you can use the table editor to insert, format, edit, and delete a table.

Notes:

• Several features in Canvas support the New Rich Content Editor, including Announcements, Assignments, Discussions, Pages, and Quizzes.
• The New Rich Content Editor is currently a course opt-in feature. If the Rich Content Editor in your course does not match the images in this lesson, your course is using the classic Rich Content Editor.

Open New Rich Content Editor

Open the New Rich Content Editor when using one of the Canvas features which support the Editor.

Note: The Rich Content Editor supports keyboard shortcuts. To view the Keyboard Shortcuts menu, click the Keyboard icon or press ALT+F8 (PC keyboard) or ALT+FN+F8 (Mac keyboard).
Open Table Editor

To use the table editor, click the **Table** icon [1].

**Note:** To view the Table icon, you may have to click the **Options** icon [2].
To expand the table creator, hover over the **Table** option in the drop-down menu [1]. Then, to specify the table dimensions, drag your cursor over the grid [2].

**Note:** The largest table you can create using the table creator is 10x10. However, additional columns and rows can be added manually.
View Table Layout Tools

When you click on the table in the New Rich Content Editor, the Table Context Menu displays [1].

You can edit the table properties [2], delete the table [3], add or delete rows [4], and add or delete columns [5].

Open Table Properties

In the Table Context Menu, click the Table Properties icon [1].
You can also click the toolbar Table icon[2], and select the Table Properties option[3].

**Edit General Table Properties**

By default, the table properties editor displays the General tab[1]. Type in the appropriate fields to edit these general table properties.

- **Width and Height**[2]: enter the width and height of your table (in pixels or percent, e.g. 500px, 50%).
- **Cell Spacing**[3]: enter the space between individual cells as well as cells and table borders (in pixels, e.g. 3px).
- **Cell Padding**[4]: enter the space between the cell border and its content (in pixels, e.g. 5px).
- **Border**[5]: enter the thickness of the table border (in pixels, e.g. 5px).
- **Caption**[6]: select to display a caption above the table.
- **Alignment**[7]: select the alignment of your table in the New Rich Content Editor.

To apply edits, click the **Save** button[8].
Manually Edit Table Size

You can also manually adjust the width and height of your table in the New Rich Content Editor.

When you click the table, adjustment handles appear in each corner [1]. Click and drag the handles to adjust the size [2].
Edit Advanced Table Properties

To view additional customization options, click the Advanced tab.
Edit Border Style

To edit the border line style, click the **Border Style** drop-down menu [1].

Select a border line style from the displayed options [2]. For your table to display without lines, select the **None** option [3]. You can also select to hide table lines [4].

To apply the border style, click the **Save** button [5].
Edit Border and Background Colors

You can edit the table colors using the **Border Color** [1] and **Background Color** [2] options.

Enter a color name or HEX code (in #nnnnnn format) in the color field [3].

You can also click the **Color Swatch** button [4] and select a color from the color drop-down menu [5]. View the color name by hovering your mouse over the color tile [6]. To remove color formatting, click the **Remove Color** icon [7]. To select a custom color, click the **Custom Color** icon [8].

To apply the colors, click the **Save** button [9].
View Cell Format Options

With one or more cells selected within the table, click the **Table** icon [1], then hover over the **Cell** option [2].

To edit the cell properties, click the **Cell properties** option [3].

To merge cells, click the **Merge cells** option [4].

To split merged cells, click the **Split cell** option [5].
Edit General Cell Properties

By default, the Cell properties editor displays the General tab [1]. You can edit the following general cell properties:

- **Width and Height** [2]: adjust the width and height of your cell or cells (in pixels or percent, e.g. 500px, 50%).
- **Cell Type** [3]: select from header cell or general cell options.
- **Scope** [4]: select whether the cell or cells is a header for a column, row, or group of columns or rows.
- **H Align** [5]: select the horizontal alignment for text in the cell or cells
- **V Align** [6]: select the vertical alignment for text in the cell or cells

To apply edits, click the Save button [7].
Edit Advanced Cell Properties

To view additional customization options, click the Advanced tab [1]. Edit cells using the following options:

- **Border style** [2]: select a border line style, or hide or remove cell border lines.
- **Border color** [3]: enter a color name or HEX code (in #nnnnnn format), or use the Color swatch to select a border color for the cell or cells.
- **Background color** [4]: enter a color name or HEX code (in #nnnnnn format), or use the Color swatch to select a cell background color.

To apply edits, click the Save button [5].
Edit Row Options

With the table selected or with a specific row selected, use the Table Context Menu row options to add or remove a row [1].

To view more row options, click the Table icon [2], then hover over the Row option [3]. Edit rows by clicking the appropriate option.

- **Insert row** [4]: select to enter a row before (above) or after (below) the selected row
- **Delete row** [5]: delete the row and its content
- **Row properties** [6]: view options for row type, alignment, height, and colors.
- **Cut row** [7]: cut the row and place it in the clipboard, ready to be pasted.
- **Copy row** [8]: copy the row and place it in the clipboard, ready to be pasted.
- **Paste row** [9]: After cutting or copying a row, select to enter the row before (above) or after (below) the selected row.
Edit Column Options

With the table selected or with a specific column selected, use the Table Context Menu column options to add or remove a column [1].

Alternatively, you can click the Table icon [2], then hover over the Column option [3]. Edit columns by clicking the appropriate option.

- Insert column [4]: select to enter a column before (left) or after (right) the selected column
- Delete column [5]: delete the column and its content
Delete Table

With the table selected, click the Table Context Menu Delete icon [1]. You can also click the toolbar Table icon [2], and then click the Delete table option [3].

Save Changes

Click the Save button.

Note: When using the Rich Content Editor in Discussions, the Save button may appear as the Post Reply button.
How do I use the HTML view in the New Rich Content Editor as a student?

You can embed HTML in the New Rich Content Editor. When creating custom HTML coding in Canvas, you may discover that certain HTML codes do not work upon saving. This is because Canvas will only support certain HTML elements for security reasons. This also applies to content copied and pasted from an external source. Below is a link to a list of HTML tags that are permissible in Canvas. HTML tags that are not on this list may be stripped out of the New Rich Content Editor when you save your work. View the Canvas HTML whitelist PDF for more information.

Several features in Canvas support the New Rich Content Editor, including Announcements, Assignments, Discussions, Pages, and Quizzes.

**Note:** The New Rich Content Editor is currently a course opt-in feature. If the Rich Content Editor in your course does not match the images in this lesson, your course is using the classic Rich Content Editor.

Open New Rich Content Editor

Open the New Rich Content Editor when using one of the Canvas features which support the Editor.
Open HTML Editor

Click the HTML Editor icon.

Note: When in HTML view, you can click the HTML Editor icon to return to the New Rich Content Editor.

Enter Content

Enter your HTML content.
Save Changes

Click the Save button.

Note: When using the Rich Content Editor in Discussions, the Save button may appear as the Post Reply button.
How do I create hyperlinks to external URLs in the New Rich Content Editor as a student?

Using the New Rich Content Editor, you can create hyperlinks to external resources. Several features in Canvas support the New Rich Content Editor, including Announcements, Assignments, Discussions, Pages, and Quizzes.

Note: The New Rich Content Editor is currently a course opt-in feature. If the Rich Content Editor in your course does not match the images in this lesson, your course is using the classic Rich Content Editor.

Alt Text

1
Blue Yellow.jpeg

2 [ ] No Alt Text (Decorative Image)
```
Enter an alternative text description or text tags in the Alt Text field [1]. By default, the Alt Text field displays the image file name. Alt text is read by screen readers, and it displays when an embedded image cannot display.

If the image is decorative and does not require alt text, select the No Alt Text option [2].

Select Display Options

- **Display Options**
  - 1. Embed Image
  - 2. Display Text Link (Opens in a new tab)

By default, the Embed Image display option is selected for embedded images [1]. To display the image file link, select the Display Text Link display option [2]. The file link will replace the image in the New Rich Content Editor.

Select Image Size

- **Size**
  - 1. Medium
  - 2. Small
  - 3. Custom
  - 4. Custom dimensions

Click the Size drop-down menu [1]. You can select a small, medium, large, or extra large image size [2], or you can select to enter custom dimensions [3].
To customize the size of your image, enter the custom height or width dimension in one of the two dimension fields [4]. As you enter a value in one field, the other field's value changes in order to retain the image aspect ratio.

Note: Custom image size must be at least 10x10px.

**Manually Adjust Image Size**

![Image size adjustment handles](image.png)

You can also manually adjust the image size in the New Rich Content Editor.

When you click the image, adjustment handles appear in each corner [1]. Click and drag the handles to adjust the image size [2].
Save Changes

Click the **Done** button.
View the image embedded in the New Rich Content Editor.
How do I upload and embed a media file from my computer in the New Rich Content Editor as a student?

Using the New Rich Content Editor, you can upload and embed media files from your computer. Several features in Canvas support the New Rich Content Editor, including Announcements, Assignments, Discussions, Pages, and Quizzes.

Canvas allows you to upload supported media types.

Canvas converts files up to 500 MB. If a file exceeds the 500 MB limit, you can host the file through an external source such as YouTube and embed it using the Rich Content Editor. To learn more about available options for using media files in Canvas, view the Canvas Media Comparison PDF.

Canvas videos also support caption files. Once you upload a video, learn how to add captions to a video.

Note: The New Rich Content Editor is currently a course opt-in feature. If the Rich Content Editor in your course does not match the images in this lesson, your course is using the classic Rich Content Editor.

Open New Rich Content Editor

Open the New Rich Content Editor when using one of the Canvas features which support the Editor.

Note: The Rich Content Editor supports keyboard shortcuts. To view the Keyboard Shortcuts menu, click the Keyboard icon or press ALT+F8 (PC keyboard) or ALT+FN+F8 (Mac keyboard).
Open Media Upload Tool

Click the **Record/Upload Media** icon [1] and select the **Upload/Record Media** option [2].

**Note:** To view the Record/Upload Media icon, you may have to click the **Options** icon [3].
Upload Media from Computer

By default, the Media Upload Tool displays the **Computer** tab [1]. Click or drag and drop a media file to media uploader to upload a file from your computer [2].
Select the media file [1] and click the **Open** button [2].
View Selected File

The uploader displays the media file name [1] and a file preview [2]. To remove the file, click the **Delete** icon [3]. To add a caption file, click the **Add CC/Subtitles** checkbox [4].

Embed Media File Upload

To embed your selected media file, click the **Submit** button.

**Note:** The file will flash before it embeds in the New Rich Content Editor.
View Embedded Media

View your uploaded media file in the New Rich Content Editor.

Save Changes

Click the Save button.

Note: When using the Rich Content Editor in Discussions, the Save button may appear as the Post Reply button.

How do I record media using the New Rich Content Editor as a student?

You can use the New Rich Content Editor to record video and audio media. You can record media for any length of time, but shorter media recordings are recommended. If your media is longer than 15 minutes, you may want to consider recording and uploading using an external provider. Longer media recordings require more time to render and may be interrupted without a stable internet connection.

Several features in Canvas support the New Rich Content Editor, including Announcements, Assignments, Discussions, Pages, and Quizzes.

Canvas videos also support caption files. Once you record and save your video, learn how to add captions to a video.

Notes:

- HTML5 media recording only applies to Chrome and Firefox. If you are using Safari, you must use Flash video recording.
- The New Rich Content Editor is currently a course opt-in feature. If the Rich Content Editor in your course does not match the images in this lesson, your course is using the classic Rich Content Editor.

Open New Rich Content Editor

Open the New Rich Content Editor when using one of the Canvas features which support the Editor.

Note: The Rich Content Editor supports keyboard shortcuts. To view the Keyboard Shortcuts menu, click the Keyboard icon or press ALT+F8 (PC keyboard) or ALT+FN+F8 (Mac keyboard).
Click the **Record/Upload Media** icon [1], then click the **Upload/Record Media** option [2].

**Note:** To view the Record/Upload Media icon, you may have to click the **Options** icon [3].
Open Media Recording Tool

Click the **Record** tab.

Select Mic and Webcam Options

The media recorder connects to your computer's default microphone and web cam.
To change your microphone settings, click the **Mic** button [1]. Then select from the displayed options [2].

To change your webcam settings, click the **Webcam** button [3]. To disable video recording, select the **No Video** option [4].

### Record Media

![Start Recording button](image)

Click the **Start Recording** button.

### Finish Media Recording

![Recording interface with 'Finish' and 'Start Over' buttons](image)

The media recorder displays the length of your current recording [1].

To restart your recording, click the **Start Over** button [2].

To finish your recording, click the **Finish** button [3].
Preview Recorded Media

Preview your recorded media in the media recorder [1].

To title your media, type in the Title field [2].

To embed your media in the New Rich Content Editor, click the Save button [3].
View Embedded Media

How do I use the Math Editor in the New Rich Content Editor as a student?

Canvas has an integrated tool for math and science formulas based on LaTeX, the industry standard for academic publication. The LaTeX Math Editor is built into the New Rich Content Editor. Several features in Canvas support the New Rich Content Editor, including Announcements, Assignments, Discussions, Pages, and Quizzes. Canvas also includes the option to create equations and expressions with its graphical point-and-click editor.

The Math Editor can be used for basic mathematical formatting for introductory math courses or for more advanced mathematical text for higher-level math courses. Both students and instructors have access to the editor.

For more help, download the following PDF files:

- Basic equations
- Advanced equations
- Chemistry formulas, equations, and scientific notation

Notes:

- To have characters #, $, %, &, ^, _, {, and } appear in the New Rich Content Editor, when your equation is inserted, you must use Advanced View and type a backslash (\) before the character. The ~ character can be inserted through Advanced View by typing \~~. The $ character can be inserted through Basic View by typing \\$. 
- The New Rich Content Editor is currently a course opt-in feature. If the Rich Content Editor in your course does not match the images in this lesson, your course is using the classic Rich Content Editor.
Open New Rich Content Editor

Open the New Rich Content Editor when using one of the Canvas features which support the Editor.

Note: The Rich Content Editor supports keyboard shortcuts. To view the Keyboard Shortcuts menu, click the Keyboard icon or press ALT+F8 (PC keyboard) or ALT+FN+F8 (Mac keyboard).

Open Math Editor

Leverage agile frameworks to provide a robust synopsis for high level overviews. Iterative approaches to corporate strategy foster collaborative thinking to further the overall value proposition. Organically grow the holistic world view of disruptive innovation via workplace diversity and empowerment.
To open the Math Editor, click the **Insert Math Equation** icon [1].

**Note:** To view the Insert Math Equation icon, you may need to click the **Options** icon [2].

### Create Basic Math Equation

Use the toolbars here, or Switch View to Advanced to type/paste in LaTeX

Use the Math Editor toolbar [1] to insert an equation in the equation field [2].

**Note:** You can click the **Switch View to Advanced** link to type or copy and paste in LaTeX [3]. In Advanced View, do not use:

```
\begin
```

Unknown macro: \{equation\}

```
\end```

to avoid receiving an error.
Insert Equation

Use the toolbars here, or Switch View to Advanced to type/paste in LaTeX

\[ x_1 = 1, x_2 = 1, x_n = x_{n-1} + x_{n-2} \quad (n > 2) \]

Click the Insert Equation button.
Add Text to Equations

The sequence \( (x_n) \) defined by:

\[
x_1 = 1, \quad x_2 = 1, \quad x_n = x_{n-1} + x_{n-2} \quad (n > 2)
\]

Add text around your equations in the New Rich Content Editor.

Save Changes

Click the Save button to save any changes to the equation made in the Rich Content Editor.

Note: When using the Rich Content Editor in Discussions, the Save button may appear as the Post Reply button.

The sequence \((x_n)\) defined by:

\[ x_1 = 1, \quad x_2 = 1, \quad x_n = x_{n-1} + x_{n-2} \quad (n > 2) \]

Advanced View:

\[ \begin{vmatrix} a & b \\ c & d \end{vmatrix} \]

Chemical Equation using Advanced View:

\[ \text{CH}_4 + 2\text{O}_2 \rightarrow \text{CO}_2 + 2\text{H}_2\text{O} \]

View the mathematical formulas, chemical formulas, or equations you created.
How do I create a hyperlink or embed a file from Google Drive into the New Rich Content Editor as a student?

If your course has enabled Google Apps, you can create a document, slide presentation, or spreadsheet using Google Drive and then embed that document anywhere you can use the New Rich Content Editor in Canvas. Several features in Canvas support the New Rich Content Editor, including Announcements, Assignments, Discussions, Pages, and Quizzes. When embedded, Google slide presentations default to presentation mode.

In Google, you can link or embed files. When files are linked in the New Rich Content Editor, the link displays the exact name of the file. Please ensure your file names are correct before linking a file. For embedded files, any time you edit the Google file, the edits also display in Canvas.

Notes:

- If you cannot view the Google Drive option in the New Rich Content Editor LTI Tools menu, you can still include your file by creating a hyperlink or publishing your Google content to the web and pasting the embed code in the HTML editor.
- The New Rich Content Editor is currently a course opt-in feature. If the Rich Content Editor in your course does not match the images in this lesson, your course is using the classic Rich Content Editor.

Open New Rich Content Editor

Open the New Rich Content Editor when using one of the Canvas features which support the Editor.
Note: The Rich Content Editor supports keyboard shortcuts. To view the Keyboard Shortcuts menu, click the Keyboard icon or press ALT+F8 (PC keyboard) or ALT+FN+F8 (Mac keyboard).

Open Apps

How do I create a hyperlink from Microsoft Office 365 in the New Rich Content Editor as a student?

If your course has enabled Microsoft Office 365, you can create a document, slide presentation, or spreadsheet in your OneDrive and then create a hyperlink to that document anywhere you can use the New Rich Content Editor in Canvas. Several features in Canvas support the New Rich Content Editor, including Announcements, Assignments, Discussions, Pages, and Quizzes.

When files are linked in the New Rich Content Editor, the link displays the exact name of the file. Please ensure your file names are correct before linking a file.

Notes:

- If you cannot view the Microsoft Office 365 option in the New Rich Content Editor LTI Tools menu, you can still include your file by creating a hyperlink or publishing your Microsoft Office 365 content to the web and pasting the embed code in the HTML editor.
- PDF files added through Microsoft Office 365 that cannot be previewed in Sharepoint are not supported to preview in Canvas. To preview the PDF files, you will need to add them to course files and link to them in the New Rich Content Editor.
- The New Rich Content Editor is currently a course opt-in feature. If the Rich Content Editor in your course does not match the images in this lesson, your course is using the classic Rich Content Editor.

Open New Rich Content Editor
Open the New Rich Content Editor when using one of the Canvas features which support the Editor.

How do I use the Accessibility Checker in the New Rich Content Editor as a student?

The New Rich Content Editor includes an accessibility tool that checks common accessibility errors within the editor. You can use the Accessibility Checker to design course content while considering accessibility attributes. This tool only verifies content created within the New Rich Content Editor. You may use other accessibility tools to verify additional content in Canvas.

All accessibility components retain the parameters set by your institution's Theme Editor template. The Accessibility Checker verifies the following accessibility rules:

- **Table captions:** Tables should include a caption describing the contents of the table.
- **Table header scope:** Table headers should specify scope and the appropriate structure.
- **Table header:** Tables should include at least one header.
- **Sequential headings:** Heading levels should not be skipped (e.g. H2 to H4). However, the tool does not check if the first header starts with H2 or whether the headings are sequential with the rest of the content in the page. Tables do not begin with H1, which is designated for the page title.
- **Heading paragraphs:** Headings should not contain more than 120 characters.
- **Image alt text:** Images should include an alt attribute describing the image content.
- **Image alt filename:** Image filenames should not be used as the alt attribute describing the image content. Currently, files uploaded directly to Canvas create a redirect that does not properly verify image filenames.
- **Image alt length:** Alt attribute text should contain fewer than 120 characters.
- **Adjacent links:** Adjacent links with the same URL should be a single link. This rule verifies link errors where the link text may include spaces and break the link into multiple links.
- **Large text contrast:** Text larger than 18pt (or bold 14pt) should display a minimum contrast ratio of 3:1.
- **Small text contrast:** Text smaller than 18pt (or bold 14pt) should display a minimum contrast ratio of 4.5:1.

**Notes:**

- For text contrast, the Accessibility Checker verifies color using the same calculations as the WebAIM tool and verifies against Theme Editor templates without High Contrast Styles. However, High Contrast Styles must be enabled for verification if a link color is overwritten manually in the Rich Content Editor.
- The New Rich Content Editor is currently a course opt-in feature. If the Rich Content Editor in your course does not match the images in this lesson, your course is using the classic Rich Content Editor.
Open Accessibility Checker

Leverage agile frameworks to provide a robust synopsis for high level overviews. Iterative approaches to corporate strategy foster collaborative thinking to further the overall value proposition. Capitalize on low hanging fruit to identify a ballpark value added activity to beta test. Override the digital divide with additional clickthroughs from DevOps. Nanotechnology immersion along the information highway will close the loop on focusing solely on the bottom line.

In the New Rich Content Editor, click the Accessibility Checker icon.
View Issues

When an issue is detected, the Rich Content Editor highlights the affected area [1]. The sidebar displays the accessibility attribute [2] and an explanation of the error [3]. To learn more about the accessibility attribute, click the Information icon [4].
View Additional Issues

Accessibility Checker

Issue 1/2

Tables should include a caption describing the contents of the table.

Add a caption

If the Rich Content Editor contains more than one issue [1], you can view all issues by clicking the Previous or Next buttons [2].
Apply Fix

To correct an issue, complete the task as noted in the sidebar [1]. For instance, if the issue requires that alt text be added to an image, the sidebar displays a text field for you to enter alt text.

When you are finished with your changes, click the **Apply** button [2].

The Accessibility Checker will apply the fix and display information for the next issue. Continue to review and fix any detected issues within the editor.
Confirm Fix

When all issues have been fixed, or if no issues are detected in the Rich Content Editor, the sidebar indicates that no issues exist and will close automatically.
Web Services
How do I connect to web services outside of Canvas as a student?

Canvas is integrated with a number of third party web services. Most of these services can be configured from the user settings page.

Open User Settings

In Global Navigation, click the Account link [1], then click the Settings link [2].
Link Services to Profile

Web Services

Canvas can make your life a lot easier by tying itself in with the web tools you already use. Click any of the services in "Other Services" to see what we mean.

- Let fellow course/group members see which services I’ve linked to my profile

When you register other web services with Canvas, you can integrate your account with services you already use. Each of these services also generates a contact method for other people in your course or group.

If Profiles is enabled for your account, and you want to show any of your registered web services on your profile page, click the Let fellow course/group members... checkbox. You can select specific services to display by editing your profile.

Note: If you do not have a profile page, your institution has not enabled this feature.

Connect to Web Services

Other Services

Click any service below to register:

- Google Drive

Once you authorize us to see your Google Drive you'll be able to submit your assignments directly from Google Drive, and create and share documents with members of your classes.

Authorize Google Drive Access

Click the Authorize Google Drive Access button. You will be re-directed to Google to verify the authorization.
Accept Authorization

Canvas will ask permission to view and manage the files in your Google Drive account. Click the **Accept** button.

**Note:** You may be asked to log in to your Google account before viewing this page.

View Google Drive as a registered service in your Canvas account.
How do I connect to Twitter as a web service in Canvas as a student?

Here you will learn how to connect to the Twitter web service in Canvas.

Open User Settings

In Global Navigation, click the Account link [1], then click the Settings link [2].
Register Twitter

Other Services

Click any service below to register:

- Google Drive
- Skype
- Twitter
- Delicious
- Diigo

Click the Twitter button underneath the Other Services heading.
Authorize Twitter Access

Authorize Twitter

Twitter Access

Twitter is a service for posting and subscribing to short messages. If you have a Twitter account, you can register it here. Then if you allow fellow course/group members to see your registered services, they can easily connect with your Twitter account.

You can also sign up to have notifications sent to your Twitter account. These notifications will be sent as direct messages to yourself from yourself, and won’t appear in your public stream.

Authorize Twitter Access

Click the Authorize Twitter Access button. You will be re-directed to Twitter to verify the authorization.
Log in to Twitter

Enter your username [1] and password [2] in the appropriate fields. Click the Authorize app button to connect your Twitter account to Canvas [3].

Twitter will now appear under the Registered Services heading in your Canvas settings.
How do I connect to Skype as a web service in Canvas as a student?

Here you will learn how to connect to the Skype web service in Canvas. This integration allows you to send friend requests to other users in your course who have also connected to Skype. It will not allow you to use Skype directly in Canvas.

Open User Settings

In Global Navigation, click the Account link [1], then click the Settings link [2].
Register Skype

Other Services

Click any service below to register:

- Google Drive
- Skype
- Twitter
- Delicious
- Diigo

In the Other Services section, click the Skype button.
Log in to Skype

Register Skype✅

Share your Skype ID
Skype offers free online voice and video calls. Lots of students use Skype as a free, easy way to communicate. If you register your Skype Name and enable visibility, then other students can easily find your contact and call or add you using Skype.

Skype Name: [1]

Save Skype Name [2]

Enter your Skype name in the Skype name field [1]. Click the **Save Skype Name** button [2].

Skype will now appear under the Registered Services heading in your Canvas settings.
