# College of Lifelong Learning Adult Studies Programs

## GREETINGS

### From the President

Every great story has pivotal chapters where characters make life-altering choices and the plot line takes a turn. For many of our adults in the College of Lifelong Learning, their choice to attend Trevecca Nazarene University was that pivotal choice. They took the next steps in their professional development, recalibrated their dreams, and sharpened their skills for a life of profound service. They met new mentors whose fresh voices empowered them to thrive. They restored their self-confidence among peers. They excelled. And they discovered a Christian community whose faith was contagious and whose care for people genuine.

One of my deepest joys is to see adults start here and go wherever their dreams take them. Thanks for trusting us in this pivotal chapter of your life-story.

With profound hopes for you,

**Dan Boone, BA, MDiv, DMin**

*President of the University*

### From the University Provost

I am pleased to be able to welcome you as a student to Trevecca Nazarene University, where our focus is on providing quality academic and professional programs within the context of a Christian community. We value our relationship with adult students and recognize that you have unique educational needs. This attention to your need is reflected in the curricula, the delivery systems, and the manner in which we relate to you as a student in our adult studies programs. Thank you for choosing to be a part of our community and for taking on this new challenge in your life.

**Stephen Pusey, BA, MA, PhD**

## ABOUT THIS CATALOG

The University Catalog serves as the master catalog for all policies, procedures, and guidelines relative to all academic programs of the University. This catalog supplement provides additional general information for the adult studies programs offered by the University as well as for each program specifically; however, the program catalog is viewed only as an extension of the University Catalog document.

Statements in this catalog should be taken as the University's current courses, programs, policies, tuition, and fees. Admission to specific courses and programs will be dependent upon the qualifications of students and the availability of instructors. The

University reserves the right to change its courses, programs, tuition and fees subsequent to the publication of this catalog.

## College of Lifelong Learning

The College of Lifelong Learning (CLL) is the primary unit at the University providing services to non-traditional students enrolled in adult studies programs, graduate studies, and online courses within the four university Schools. The services include marketing, recruitment, admissions, and enrollment help for students in all non-traditional programs. In some cases, the CLL is involved with student advising, providing student support services, course and faculty scheduling, and improving the instructional use of technology. The goal of the unit is to provide all services necessary and desired by each of the schools to ensure the highest level of effectiveness with the greatest efficiency.

## THE ADULT STUDIES CONCEPT

Traditionally, a college education has been available only to those with time and money to spend several years away from work and usually away from home. People who either choose or need to work often find no practical way of continuing their education. To meet the needs of the working adult, Trevecca Nazarene University has offered the Management and Human Relations Program since September 1987 with these features. Programs in Computer Information Technology, Health Information Technology and Business Administration-Management have been added:

- Classes are held on Trevecca's campus, off campus, and online at times convenient to adult students' schedules.
- Classes are scheduled sequentially at a time known in advance, allowing students to know when their program will end.
- Course content is focused on practical application to the everyday life and occupation of the student.
- The teaching method is suited to the needs of adults.
- The program assumes that adult students possess experience and skills that may earn academic credit.

## TREVECCA NAZARENE UNIVERSITY

Trevecca Nazarene University is a comprehensive institution of higher education located in Nashville, Tennessee. The University offers eighty-two baccalaureate and two associate degree majors through ten academic departments and four schools. Master's degrees are awarded in religion, education, management, business administration, physician assistant, library and information science, organizational leadership, and counseling. An education specialist degree is also awarded as well as doctorates in education and clinical counseling. While

Trevecca reaffirms its primary goal of educating recent high school graduates, it has also recognized and assumed responsibility for providing innovative undergraduate and graduate programs for adults.

Trevecca's distinctiveness is that of being a holiness institution of higher education which presents a Christian interpretation of truth. While the nature of the University has changed some over the years, its mission to provide quality Christian-centered education, with an emphasis on the integration of faith and learning, has been maintained. The name "university" is especially appropriate for any institution that clearly focuses on this mission.

There are several elements that are key to Trevecca's character:

First, teaching is the University's primary responsibility. While some faculty are increasingly engaged in research, writing, and service projects, their greatest task is to teach.

Second, the focus is on a strong liberal arts preparation and a viable general education curriculum. Today, most graduate schools and employers are calling for a more general and liberally educated graduate. Trevecca is well-suited for such requests because it has historically included the liberal arts as part of its mission.

Third, the main concern is in helping the individual student. Trevecca is a Christian community.

Fourth, spiritual life development remains at the core of its focus. Chapel attendance, required religion courses, revivals, and the spiritual commitment of the faculty and student body are a vital part of University life.

We welcome and encourage you to be a part of Trevecca Nazarene University.

## **MISSION**

Trevecca Nazarene University is a Christian community providing education for leadership and service.

## **PURPOSE**

Trevecca Nazarene University, founded in 1901 by J.O. McClurkan, is a private, accredited, comprehensive institution of higher learning that exists to meet the higher educational needs of the Church of the Nazarene by providing educational services to qualified individuals who desire a university education in a Christian environment and from a Christian understanding. Its academic programs are based on Christian values that promote scholarship, critical thinking, and meaningful worship for students in preparation for lives of leadership and service to the church, the community, and the world at large.

As the official university for the Church of the Nazarene in the southeastern United States, Trevecca is guided by the *Articles of Faith* and the *Covenant of Christian Conduct* of the denomination. It emphasizes the authority of the Bible, time-honored tradition, reasoned thought, and authentic experience

of Christian holiness as interpreted by the Wesleyan doctrine and worldview. The university welcomes students of any religious affiliation who subscribe to its ideals and standards.

Trevecca intends that its graduates be socially conscious, globally aware, and actively engaged individuals who are developing holistically in the cognitive, emotional, physical, social, and spiritual areas of being. The desire is that each student will develop a personal relationship with Jesus Christ. They are to be persons of strong Christian character able to make ethical decisions based on biblical principles and reflective thought. Their characteristics should include competence, responsibility, compassion, and the ability to integrate Christian faith and learning in practice.

The university provides a variety of face-to-face and distance education nontraditional and continuing education professional programs at the undergraduate, master's, post-master's, and doctoral levels. Traditional undergraduate curricular programs focus on the liberal arts and sciences as reflected in the core curriculum and emphasize a number of professional content areas. While the primary focus of Trevecca faculty is to teach, faculty members are encouraged as reflective practitioners to conduct action research that contributes to the practical wisdom of applied knowledge and enhances the learning experience. All programs strive to prepare students for positions of leadership and service in their chosen careers by clarifying their life calling, developing their intellectual abilities, and engaging them in research, service learning, internships, and/or other opportunities that will allow them to demonstrate practical application of their knowledge and skills.

To achieve its purpose, Trevecca employs faculty, administrators, and staff who model the ideals of the university and, as mentors, seek to foster a supportive and challenging environment in which every student can realize his or her full potential in Christ. Therefore, Trevecca seeks to employ Christians who are competent, professionally qualified, and fully committed to the university's mission and purpose.

## **VISION**

In founding Trevecca in 1901, J. O. McClurkan exhibited an entrepreneurial spirit aimed at meeting the deepest needs of the people of Nashville. His death was front page news. He was known for his selfless service. The genius of his work was the marriage of a holy passion to serve and practical expertise. His legacy is a school founded to shape Godly servants, true saints.

As this journey begins, we must keep our eyes on why we exist: to be a Christian community providing high quality education for leadership and service. We live in a world of human need, a world that needs us to stay focused on accomplishing our mission. Centuries of education, technology, and religion have not alleviated human need. At times, they have only deepened the pain of our world. As a result, pessimism has become the ruling attitude of our day. The lack of genuinely transforming power has left us with sound bytes, veneer

promises, and evaporating idols. The reason we exist is to make a difference in the world through people who participate in the Trevecca experience.

Two things are needed to make the difference—

People who have a God-given, holy passion to serve  
and

People whose practical expertise is transforming.

The marriage of holy passion and practical expertise is a rare commodity. We believe that holy passion is the result of a transforming encounter with God. Such holiness cannot be educated into people, but is the gift of God available to all who encounter the transforming power of the Holy Spirit. Without this, service to our fellow human tends to tire or turn selfish.

At the same time, a holy passion to serve without practical expertise may harm the very person we intend to help. God has given us the capacity for great service through honing our skills to the highest level of expertise.

We are now writing the next chapter in this grand story. Ten years from now,

- Trevecca will be a household word in the city of Nashville, known for the Christ-like character and practical expertise of its graduates.
- The Church of the Nazarene in the southeast will be invigorated by graduates who lead our churches into the trenches of human need.
- Students will come to Trevecca because they hear stories of life-transformation. They will stay and graduate from Trevecca because they want their life to matter here and now for God.
- People will want to work at Trevecca because the culture is infected with spiritual depth, excellent service, highest level of trust, and intellectual rigor. People who just want a paycheck will not bother to apply.
- Teachers will be as committed to their students as they are to their field of study and will define success as Christians prepared to serve with excellence.
- Generous donors will see the difference Trevecca is making in the world and will fund the cause with unprecedented gifts.
- Murfreesboro Road will be changed visibly, socially, and morally.

Should we fail, the Church of the Nazarene will flounder in its mission; the city of Nashville will be less just, less peaceful, less neighborly; and a generation of students will be deprived of the most transforming experience of their life. Those who have gone before us insist that we not let McClurkan's dream die. And we will not.

## HISTORY

Trevecca Nazarene University was founded in Nashville in 1901 by Rev. J. O. McClurkan as the Literary and Bible Training School for Christian Workers. In 1910 the curriculum

was enlarged and the name changed to Trevecca College, a name taken from an institution started in Wales in 1768 during the Wesleyan Revival.

In 1914 the College was moved from downtown Nashville to a site on Gallatin Road in East Nashville and in 1935 was established at its present location on Murfreesboro Road in Southeast Nashville. Trevecca became an official college of the Church of the Nazarene in 1917 and graduated its first four-year class approved by the State of Tennessee in 1942. It was first accredited by the Commission on Colleges of the Southern Association of Colleges and Schools in 1969. The first master's degree was added in 1984. In 1995 the name of the institution was changed to Trevecca Nazarene University. In December 1998 Trevecca was approved as a level V institution by the Commission on Colleges of the Southern Association of Colleges and Schools to add the first doctoral degree, the EdD with a major in Leadership and Professional Practice.

The University is governed by a board of trustees elected by the various districts of the Church of the Nazarene which comprise the Southeast Educational Region.

From the very beginning Trevecca has sought to provide Christian education for both ministers and laymen. Today its educational program is reflected in more than one hundred associate, baccalaureate, and graduate majors. Its service-oriented philosophy has resulted in worldwide alumni representation.

The motto of Trevecca is *esse quam videri*—"to be rather than to seem." Its colors are purple and white, and its athletic team name is "the Trojans." The Trevecca Alma Mater is the following:

On a hill stands old Trevecca, lined against the sky.  
Hallowed halls of faith and learning, As the years go by.  
We will honor and we'll love her; We will stand for right.  
Always carry high her banner, Hail to the purple and the white.  
Chorus:  
Fellow students, may we honor her; and be ever true.  
Sons and daughters she'll be proud of—Dear old T.N.U.

The first president of Trevecca was the Rev. J. O. McClurkan (1901-1914). He was followed by Dr. C. E. Hardy (1915-1919, 1920-1925, 1928-1937), Dr. S. S. White (1919-1920), Mr. John T. Benson (1925-1926), Dr. A. O. Hendricks (1926-1928), Dr. A. B. Mackey (1937-1963), Dr. William M. Greathouse (1963-1968), Dr. Mark Moore (1968-1979), Dr. Homer J. Adams (1979-1991), and Dr. Millard Reed (1991-2005). Dr. Dan L. Boone was elected Trevecca's eleventh president in 2005.

For the 75th Anniversary celebration of Trevecca in 1976, a history of the institution, authored by Dr. Mildred Bangs Wynkoop was published under the title *The Trevecca Story*. In 2001 *A Vine of God's Own Planting* by Dr. John Chilton, emeritus professor of history, was published as part of the

Trevecca Centennial Series. This latest work focuses primarily on the events that shaped Trevecca from the years 1976 to 2001.

## **AGREED STATEMENT OF BELIEF**

The Church of the Nazarene believes:

1. In one God-the Father, Son, and Holy Spirit.
2. That the Old and New Testament scriptures, given by plenary inspiration, contain all truth necessary to faith and Christian living.
3. That man is born with a fallen nature and is, therefore, inclined to evil, and that continually.
4. That the finally impenitent are hopelessly and eternally lost.
5. That the atonement through Christ is for the whole human race; and that whosoever repents and believes on the Lord Jesus Christ is justified and regenerated and saved from the dominion of sin.
6. That believers are to be sanctified wholly, subsequent to regeneration, through faith in the Lord Jesus Christ.
7. That the Holy Spirit bears witness to the new birth and also to the entire sanctification of believers.
8. That our Lord will return, the dead will be raised, and the final judgment will take place.

## GENERAL EDUCATION CORE CURRICULUM OBJECTIVES

### Purpose of the Core Curriculum

The purpose of the general education core curriculum is to produce graduates who embody the Christian intellectual life thus helping to fulfill Institutional Educational Goals 1-8. Toward this end students will engage the humanities/fine arts, social/behavioral sciences, natural sciences, religion/philosophy, and demonstrate the critical reasoning skills essential to an

educated Christian capable of leadership and service. All of this arises from the conviction that the liberal arts are best understood through a theological situation of life and learning. The basic assumptions of the general education core curriculum reflect the medieval insight that a mature faith seeks understanding. A graduate will demonstrate familiarity with the broad contours of human knowledge within the specific resources and perspectives offered by the Wesleyan-Holiness tradition. The goal of the general education curriculum is for students to develop a truly Christian understanding in vital conversation with the liberal arts.

## ASSESSMENT OF PRIOR LEARNING

During the admissions process the applicant meets with an academic advisor who, on the basis of transcripts and a completed Prior Learning Plan Sheet, provides an estimate of the number of credits which might be earned by assessment of prior learning. There is no guarantee as to the number of credits to be eventually received. It is intended for guidance purposes only.

Students who wish to earn credit through prior learning should meet with their advisor to discuss possible options before submitting any prior-learning documentation for evaluation. This meeting will include an in-depth discussion of CLEP and DSST testing options as well as instruction on how to properly submit training documentation for credit evaluation. The student, in cooperation with the academic advisor, will create his/her academic plan after being presented with these options. All documentation submitted during the prior-learning assessment process will become the property of the university.

The prior-learning documentation is then submitted to the College of Lifelong Learning for evaluation. Prior-learning credit is awarded based on guidelines set forth by the Council for Adult & Experiential Learning (CAEL), American Council on Education (ACE), and the National College Credit Recommendation Service (NCCRS). Credit will be awarded when an appropriate recommendation exists.

Students who submit documentation for which no appropriate credit recommendation exists will be counseled by their academic advisor regarding the option of submitting a formal portfolio to Learning Counts© for evaluation. Learning Counts© is an external service providing instruction to students on obtaining credit for learning that is not currently listed with a credit recommendation service.

A maximum of 60 hours can be earned through the above-mentioned non-traditional methods. All documentation for evaluation should be submitted to the academic advisor prior to the completion of 12 hours. Prior learning credit will be awarded once a student has completed 12 hours within their chosen major.

## IMMUNIZATION INFORMATION

Tennessee state law requires all colleges and universities to obtain immunization information from students. The required information is dependent upon a student's date of birth and academic classification as a student. Prior to registration, students born after January 1, 1957, but before January 1, 1980, need to verify MMR immunization and, if born after January 1, 1980, need to additionally verify chickenpox (varicella) immunization or evidence of chickenpox disease. Students in online-only programs are not required to submit immunization information. All verification should be submitted to Trevecca's Student Health Clinic. For more information, please see [www.trevecca.edu/health](http://www.trevecca.edu/health).

## **ACADEMIC ADVISOR AND FACULTY**

Each cohort group will be assigned an academic advisor from the College of Lifelong Learning who will maintain contact with the class. The academic advisor is an advisor to the group and to individual students. Students should contact their academic advisor regarding any problem related to their education. Course instruction will be assigned to either a Trevecca faculty member or an adjunct professor. Every professor will be qualified to teach that particular course based upon credentials and experience. The faculty of each adult studies program are also available to students for assistance as needed.

## **PRIOR LEARNING CREDIT**

Some students in adult studies programs may need to earn additional credit in order to meet graduation requirements. This

credit may be earned by taking additional course work or by documenting prior learning. The following processes are used to document prior learning:

### **Testing: CLEP and DSST**

College credit in specified areas may be received through the CLEP and DSST standardized testing programs. Official score reports from CLEP and DSST must be sent to Trevecca in order for credit to be awarded.

### **Life Learning Papers (LLP)**

The College of Lifelong Learning office has a list of approved LLP topics in a variety of areas. Students write a paper for each subject area for which they are attempting to receive credit. Each paper is given to a professor of the discipline involved for evaluation and determination of college credit. College credit will be granted only for college-level learning in pre-approved academic areas. Through these papers students attempt to receive credit for college-level learning from life experience, not for the experience itself.

### **Professional Schools and Training (PST)**

Professional schools and training credit may be earned for courses taken in the professional environment. Credit is awarded based on guidelines set forth by the Council for Adult & Experiential Learning (CAEL), American Council on Education (ACE), and the National College Credit Recommendation Service (NCCRS).

### **Military Service**

Credit may be awarded for military education. On presentation of a military transcript, credit is determined in accordance with the guidelines set forth by the Council for Adult & Experiential Learning (CAEL), American Council on Education (ACE), and the National College Credit Recommendation Service (NCCRS).

## **LIMITATIONS OF STUDENT LOAD**

Students are not permitted to take any additional course work from Trevecca or other colleges while enrolled in the program, except by permission of the academic advisor. Students may take additional adult studies courses during the program with the approval of their academic advisor. Students may request permission to take additional course work when the adult studies program course work is completed by completing the transient course work form prior to registration.

It is the students' responsibility to acquire approval from their academic advisor before taking any course or completing any additional hours that may be applied toward the Trevecca Nazarene University degree. The University reserves the right to reject any course for a degree that has not been approved by the student's academic advisor.

## **WITHDRAWALS FROM COURSES OR PROGRAMS**

The last day to drop out of a course in progress with a grade of “W” is prior to the third class meeting during regular business hours. If the student attends the third class session, a letter grade must be assigned.

In the case of an online or hybrid (online and in the classroom) class, the last day to drop the course with a grade of “W” is prior to the third week of class during regular business hours. If the student attends class or logs on during the third week, a letter grade must be assigned.

Students who drop out of a group due to an academic issue may continue in a later group with the approval of the academic advisor. The student must be in good standing and the group they select must have space available. Any student withdrawing from an adult studies program for the second time must be reinstated by the Adult Studies Admissions Committee if a third or subsequent re-enrollment is desired. A fee of \$100 is charged for changing groups. The \$100 fee will officially hold a place in the group requested but is not applied towards tuition.

Any student withdrawing from an entire program will be governed by the above regulation for the grade in any module in progress and be given a grade of “W” for any subsequent modules for which registration has been completed. Any refund of tuition or fees will be governed by the Refund Policy which appears in the Financial Policies section.

Students who wish to withdraw must contact their academic advisor in the College of Lifelong Learning immediately to report that decision. Failure to do so will result in the students’ earning Fs in the classes for which they are registered and not receiving reimbursement.

Withdrawing from a class will result in a graduated refund and may affect financial aid, so the student should contact his/her financial aid counselor. Failure to attend class does not constitute a withdrawal, and students will receive an “F” if not properly withdrawn.

## **COURSE REPEAT POLICY**

Students may repeat courses by joining a later group, provided the group they select has space available. The repeat grade is the grade recorded as part of the GPA. A failed course may not be repeated by directed study. Students who repeat courses will be charged tuition and fees according to the financial schedule in the most current catalog.

## **ACADEMIC PROBATION AND PROGRAM SUSPENSION**

A student receiving a grade of F or D in any course will be placed on academic probation until the course work is repeated with at least a grade of C-.

Students who receive an F in any course must immediately drop back to another group and retake the course.

Students who receive a D in any course (except Action Research) may continue in the program but must repeat the course with another group.

Any MHR student who receives a D in any semester of Action Research must immediately change groups and retake the course.

A student who receives two Fs, two Ds, or a combination of the two grades will be suspended from the adult studies program or pre-program coursework (regardless if the two Fs, two Ds, or the combination of the two grades have been repeated). A student may apply to the Adult Studies Admissions Committee for readmission after one (1) year from the date of suspension. Any subsequent Fs or Ds will result in program suspension. Readmission is not guaranteed.

A student who is suspended from an adult studies program will be allowed to complete the course (with the exception of Action Research) in which he/she is currently enrolled.

## **ACADEMIC GRIEVANCE POLICY FOR CLASSES IN PROCESS**

Students with grievances or problems with the way a particular course is conducted and how their grades are being assigned should submit their concerns in writing to the professor of the course within 10 days of receiving the grade report. If a satisfactory solution is not reached, the student should file a written appeal with his or her academic advisor to help solve the problem. The appeal to the academic advisor must be filed within 10 days of the professor's final decision concerning the student's appeal. The advisor then has 10 days to consult with appropriate parties, including the program administrator or director, and respond to the student.

If no satisfactory solution results from the appeal to the academic advisor, the student may file a written appeal with the person designated as the final level of appeal in the Final Grade Appeal Policy below (either the school dean or associate provost), who will render a final decision. The appeal to the dean or associate provost must be filed within 10 days of the final decision by the academic advisor concerning the student's appeal. The dean or associate provost will have 10 days to notify the student of the final decision regarding the appeal. The decision by the dean or associate provost is final and cannot be appealed.

## **CHANGE OF GRADE**

After a professor has assigned a grade in a course, changes may be made only for clerical error. All completed grade change forms must be initially filed in the College of Lifelong Learning office and approved by the Associate Provost for Graduate and Continuing Studies.

## **FINAL GRADE APPEAL POLICY AND PROCEDURES**

Trevecca Nazarene University recognizes a student’s right to appeal decisions and practices that affect his or her academic

status without fear of punishment or unfair treatment. A student can expect the University to deal with a final course grade appeal sincerely, objectively, within a reasonable time frame, and as appropriate, in confidence. Appeals will be heard when the student alleges that an arbitrary, capricious, or prejudiced evaluation or a mechanical error has occurred. The purpose of the appeal process is to treat all parties fairly and to alert all parties to the appeal procedure. During the appeal, the burden of proof is on the student, except in the case of alleged academic dishonesty, in which case the professor must support the accusation. The student may have an advisor or friend present during all meetings with faculty, administrators, and/or committees; he or she may counsel the student but may not speak for the student during the meetings. The grade appealed shall remain in effect until the appeal process is completed, or the problem is resolved.

#### Order of Appeal

Should a student feel there is concrete reason to appeal a course grade, these procedures should be followed sequentially:

1. The University supports and encourages responsive and respectful dialogue between faculty and students when there is a disagreement about a final course grade. Whatever the nature of the grade appeal, the student must make an effort to first discuss the matter with the faculty member. In order to begin the appeal process, students must initiate a complaint to the faculty member in writing or via e-mail within 15 calendar days of the posting of a final grade. The faculty member will provide a written response within 15 calendar days of receiving the letter or e-mail from the student.
2. If the student is not satisfied with the faculty member's response or lack of response, the student will submit a grade appeal form to his or her academic advisor within 30 days of the final grade posting.
3. The academic advisor will forward the grade appeal form and all supporting documents to the College of Lifelong Learning Grade Appeal Committee for review within 15 days of receipt.
4. If the student is not satisfied with the ruling of the Grade Appeal Committee, the student may appeal within 15 days of the committee's decision to the person designated as the final level of appeal in the chart below. The decision of the highest level is final and cannot be appealed.

The following diagram illustrates the order of appeals for specific programs. In the event the professor happens to be a department chair, program director, or dean, the appeal will be submitted to the next higher academic officer or entity. In other words, every student will have the right to have his/her appeal heard by the professor and two other academic administrators or entities.

The student may elect to discontinue the appeal process at any level.

The failure of the student to proceed from one level of the appeal procedure to the next level within the prescribed time

limits shall be deemed to be an acceptance of the decision previously rendered. All further considerations and proceedings regarding that particular appeal will cease at that point. Under unusual circumstances, deadlines may be extended.

The following table illustrates the specific person or entity to whom an appeal is directed, depending upon the academic program in which the course under appeal is offered. The three levels of appeal must be followed sequentially.

## **ATTENDANCE**

Trevecchia's adult studies programs are highly concentrated. Attendance is a prerequisite for student success in the course work and the personal and small group relationships facilitated in the class sessions. For that reason, there are no "free," "automatic," or "excused" absences. In the course of a year; however, there may be a few unavoidable absences. These absences must be arranged with the professor, preferably before class meets. If the absence is unavoidable and if the professor for that course is informed immediately, the following guidelines apply:

1. There is a limit of one absence during the course for which the professor can determine a make-up assignment. Therefore, a student cannot miss more than four (4) hours in any single course. The make-up assignment will not count toward the course requirements but rather the time missed for classroom instruction.

2. If a student misses more than four (4) hours within one course, the student must withdraw from the course with the grade of F.

The College of Lifelong Learning will monitor attendance records. Procedures on extreme absences are as follows:

1. After the student's 4th and 5th absences, he/she will receive a written warning from the academic advisor regarding his/her future continuance in the program.
2. Students who have accumulated more than five absences (20 hours) will be terminated from the program.

NOTE: All prior absences DO carry over when changing cohorts except for repeated courses.

Professors record attendance at each class. The attendance report is sent to the College of Lifelong Learning before the next class session. Attendance records are essential to comply with federal regulations and accrediting agencies. Arriving late, leaving the classroom during instructional time, or leaving early counts against a student's attendance record and is recorded by the professor.

The penalty for an absence is at the discretion of the professor and will be outlined in the syllabus. An absence that is 'made up' (through attending another class session or completing a make-up assignment as dictated by the professor) will still count against the student as an absence.

The attendance requirement for an online course is that students will be in class five days each week. A student is considered to be in attendance by posting a note in the class discussion area or submitting an assignment. Posting a note on four days in a week (Monday to Sunday) will result in one missed day of attendance, posting a note on three days in a week will result in two missed days of attendance, etc. Missing an entire week or missing nine or more days in the class will result in an automatic failure.

## GRADING SYSTEM

Trevecca's grading system, based on class work and examinations, is as follows:

Description	Grade	Quality Points/Semester
Exceptional	A+	4.0
	A	4.0
	A-	3.7
Superior	B+	3.3
	B	3.0
	B-	2.7
Average	C+	2.3
	C	2.0
	*Passing	C-
Failing	D+	1.3
	D	1.0
	D-	0.7
Failing	F	0.0

\*NOTE: A grade of lower than C- in a course must be repeated.

Incomplete	I	Given for sickness or emergency reasons near end of course and must be approved by the teacher and the program director. The "I" must be removed within five weeks or the grade becomes an "F."
Withdrawal	W	Granted to students who officially withdraw from a class by the day of the third class meeting. This grade may be assigned by the program director or school dean in the case of extenuating circumstances.
Satisfactory	S	Credit toward graduation, but no quality points.
Unsatisfactory	U	No credit.
Audit	N	No credit.

## DIRECTED STUDY

A limited number of credit hours can be achieved by directed study in which students engage in individual research and further study in a particular subject area. Regular courses are not to be taken by directed study except in cases regarding unavoidable schedule conflicts with graduation requirements in the senior year. When regular courses are taught by directed study, they must have essentially the same requirements as those taught in the classroom including exams. A student is limited to 12 semester hours of credit by directed study.

Students on academic probation are not permitted to take courses by directed study. Additionally, MHR course work may not be taken by directed study.

## AUDITING COURSES

With special permission from the program director, eligible students may audit course work. Auditing students must submit an admission application and pay all tuition and fees in advance. Auditing students are admitted on a space-available basis.

## SCHOLASTIC HONORS AND AWARDS

### Graduating Honors

Students of high scholastic standing will graduate with honors according to the following criteria for each honor rank:

CUM LAUDE	representing a cumulative standing of at least 3.5
MAGNA CUM LAUDE	representing a cumulative standing of at least 3.7
SUMMA CUM LAUDE	representing a cumulative standing of 3.9 or above

Phi Delta Lambda is the national honor society of the colleges of the Church of the Nazarene. Each college maintains a chapter; the one at Trevecca Nazarene University is the Zeta Chapter.

Honors graduates are eligible for election to membership in this chapter. Elections are held each year by the faculty during the commencement season. Membership each year may not exceed 15 percent of the total undergraduate enrollment.

### METHODS OF PAYMENT

Trevecca has established an agreement with Tuition Management Systems (TMS) to administer the University's tuition payment plan. An interest-free payment plan is available to enable students more easily to budget and afford education expenses. Students who are not prepared to pay their semester charges in full at the time of registration should contact the CLL for information regarding the tuition payment plan.

If a student chooses not to participate in the Tuition Management Systems payment plan, then all charges are due and payable on or before the semester start date. A late fee of 1.5% per month (18% annually) will be charged on any unpaid balance over thirty (30) days old until the account is paid in full. This policy applies to students who have applied for but have not yet received financial aid. Any student who has become delinquent through failure to make payment will be subject to disenrollment unless such matters are satisfactorily resolved with the Accounting Office. Students will not be allowed to register for subsequent semesters unless all obligations from a previous semester have been satisfactorily resolved.

If it becomes necessary to refer a student's account to an outside collection agency, the student will be responsible for all costs of collection, including reasonable attorneys' fees, if applicable.

Diplomas, certificates and transcripts will not be issued until all financial obligations to the University are paid in full. The University reserves the right to make financial changes for tuition and fees as approved by the Board of Trustees.

Questions regarding payment or account status may be answered by contacting the Accounting Office at 615-248-1240.

## REFUND POLICY

The following refund policy applies to the refund of tuition and fees for students dropping a course or dropping out of the program.

## FINANCIAL AID

Financial Aid is available for students in the adult studies BAM, CIT, HIT, MHR, and CMO programs at Trevecca Nazarene University. Students must complete the Free Application for Federal Student Aid (FAFSA) to qualify for federal assistance. The FAFSA can be completed online at [www.fafsa.ed.gov](http://www.fafsa.ed.gov). Make sure to include Trevecca's federal school code (003526) on your application.

Federal Pell Grants are awarded by the federal government to those students who are determined to be eligible after completing the FAFSA. A Federal Pell Grant is applied directly to your student account and does not have to be repaid. The amount is determined according to eligibility and the number of hours in which you enroll. Federal Pell Grants are not available to students who have already completed a bachelor's degree.

The Tennessee State Grant (TSAA) is a state grant awarded to eligible students who are Tennessee residents. This grant does not have to be repaid. Eligibility is determined by the FAFSA. Funds are usually limited and you must apply as early as possible after January 1.

There are two Federal Direct Programs available for student borrowers, subsidized and unsubsidized. All students who wish to borrow through either of these programs must complete the FAFSA each year.

A Federal Direct Subsidized Stafford Loan is a federal loan that must be repaid. Ability to participate in the Federal Direct Subsidized Stafford Loan Program is based on calculated need as determined by the FAFSA. The interest rate is determined by the Federal Government. "Subsidized" means that the interest on this loan is not paid by the student while he or she is enrolled in school.

A Federal Direct Unsubsidized Stafford Loan is also a federal loan that must be repaid. If a student is not eligible for the Federal Direct Subsidized Stafford Loan, as determined by the results of the FAFSA, a Federal Direct Unsubsidized Stafford Loan can be an alternative. "Unsubsidized" means that interest will accrue while the student is in school. The student can choose to pay the interest while in school or defer the interest and have it added to the principal balance.

Federal Direct loan repayment begins six months after the student is no longer enrolled on a half-time basis.

Students who remain eligible for financial aid must make satisfactory progress toward a degree according to the academic probation and termination policies of the program. Students who withdraw from coursework in order to change groups should contact the Financial Aid Office concerning their eligibility for current and future financial aid.

A student must be admitted to the program and be taking at least six hours of course work before an award will be made. For additional information, please contact CLL Financial Aid at 615-248-1427.

## ACADEMIC SCHOLARSHIPS

Students who are admitted into the Management and Human Relations, Computer Information Technology, Health Information Technology, and Business Administration-Management Programs are eligible for academic scholarships as follows. (Because of the discounted rate for the CMO Program, students enrolled in that program are not eligible for academic scholarships.) Awards are determined at the time the student enters Trevecca and will establish the maximum academic award for that student during his/her time at the University. An applicant must qualify as an incoming student in order to receive an academic scholarship.

Academic Scholarship	GPA Required	Semester Amount
Prestige	3.60	\$2,700
Merit	3.40	\$1,750
Performance	3.20	\$1,250
Recognition	3.00	\$750

The non-traditional student must have a minimum cumulative GPA of 3.0 and have at least two full-time semesters or three full-time quarters (defined as at least 12 credit hours per semester or at least 12 credit hours per quarter) prior to enrolling at Trevecca. Each recipient must be enrolled full-time (12 hours per semester) at Trevecca and must be working to complete a bachelor's degree in order to receive an academic scholarship.

The academic scholarship awarded to a student will be renewed in each of the successive semesters of the particular adult studies program provided that the student maintains a minimum cumulative GPA of 3.0. These scholarships will usually not be awarded beyond the standard (three or four) semesters of that particular program. Students who fail to maintain the required renewal GPA will forfeit their academic scholarship for the coming semester. Students who lose their original award level due to their GPA may regain their award level in future semesters if they raise their cumulative GPA to the required level.

All federal/state grants and private scholarships are credited first to the student's account to pay tuition costs. An exception would be any institutional/endowed scholarships specifically designated for tuition. All other institutional/endowed scholarships are to be applied to cover any remaining tuition, room, meal plan, and book expense. Institutional/endowed scholarships will be reduced if a credit remains on a student's account after the above listed expenses have been met with grants and scholarships. Students living in campus housing other than the dorms may use a credit balance resulting from grants and scholarships to cover rent, electricity, and the equivalent of a semester's meal charges in the cafeteria. Food expense for the summer will be based on a semester cost for the on-campus meal plan. Students living in non-campus housing will not be eligible to use a credit balance generated with institutional/endowed scholarships to cover living expenses.

It is the intent of the University to use institutional funds to cover direct expenses, so as to maximize the institution's scholarship funds and to be able to assist as many students as possible.

## ENDOWMENT SCHOLARSHIP

The MHR endowment scholarship fund was established with a contribution from one MHR cohort to show appreciation for their gratifying educational experience. The purpose of the MHR endowment scholarship is to help ease the financial burden for adult degree-seeking students. Awards are made once a year to select MHR students who demonstrate academic excellence, social responsibility, and financial need.

To be considered for university scholarships, students should complete a Free Application for Federal Student Aid as early as possible. The FAFSA is available online at [www.fafsa.ed.gov](http://www.fafsa.ed.gov) (Trevecca's code is 003526).

## INFORMATION ON VETERANS' BENEFITS

Veterans who have served on active duty since January 31, 1955, may be eligible for educational assistance. Application should be made to the Veterans Administration regional office having custody of the veteran's file. Certificates of eligibility to be used at registration will be issued by the appropriate regional office of the Veteran's Administration to those who are eligible for educational benefits. Further information is available from the University registrar.

# Professional Performance

## UNIVERSITY STANDARDS OF BEHAVIOR

As a Christian liberal arts university, Trevecca Nazarene University encourages each student to fully develop his or her God-given abilities. Developing these abilities in a Christian environment allows for supportive relationships with others that encourage students to achieve these positive ends. A standard of behavior that is positive, considerate of the rights and privileges of others, and based upon other ethical concepts will lead to achieving the most that life has to offer.

It is expected that whenever class is in session, all attention is directed toward whoever is leading the class. Students who manifest behavior disruptive to the learning process will be dismissed from class. Future occurrences will result in program termination. This behavior includes non-professional conduct toward University personnel or students, violent conduct, harassment, or any type of threat to personal well being. A student who behaves in a manner that detracts from the mission of the University will be dismissed from the adult studies programs and prohibited from taking any adult studies classes.

Bringing children to class is prohibited regardless of the circumstances. Students who violate this policy will be asked to leave by their professor.

## ACADEMIC HONESTY

Academic honesty is expected of all students at Trevecca Nazarene University. It is an integral part of the educational process where learning takes place in an atmosphere of mutual trust and respect. Each student is responsible to maintain high standards of academic ethics, personal honesty, and moral integrity. Dishonest academic behavior will be dealt with fairly and firmly.

The following types of infractions may result in course failure and/or program termination:

1. Plagiarism, using another's statements or thoughts without giving the source appropriate credit;
2. Cheating on an exam;
3. Unauthorized multiple submission of papers;
4. Submitting for credit a borrowed or purchased paper (e.g., life learning paper, prior-learning documentation worksheet, summary paper, etc.);
5. Defacing or unauthorized removal of course materials either from the classroom or library;
6. Dishonesty in reporting reading;
7. Signing the roll for someone who is not present in class;
8. Falsifying documentation.

## CELLULAR PHONE USAGE

As a courtesy to the professor and other students, personal cellular phone calls should not be taken during class. In rare situations taking a personal call may be appropriate, but arrangements for those calls should be made in advance with the instructor. Students are asked to keep in mind the following:

1. Cell phones can be turned to vibrate. If a student receives a call, that person should leave the room and close the door before answering the call.
2. During break times students may make calls or respond to messages if accomplished within the time allotted for breaks. Students are expected to be present for class once breaks are completed.

## CLASS CANCELLATION

A decision to cancel class due to inclement weather, faculty illness, or other reasons is made by the College of Lifelong Learning. Announcement of cancellation will be posted on the TNU website by 4:30 PM for evening classes. If class has not been cancelled by 4:30 PM, students should report to class at 6:00 PM for evening classes.

If conditions change after 6:00 PM, the class and faculty member jointly decide appropriate action. All cancelled classes must be made up during the remaining weeks of the course. Faculty members will schedule a make-up session through the College of Lifelong Learning.

Class cancellations at off-site locations are governed by the cancellation decision for evening classes of the host community college or host institution. Students at off-site locations should contact their site administrator for specific information.

Any variation from the class schedule outlined in the program calendar must receive prior approval from the Associate Provost for Graduate and Continuing Studies.

## DRESS CODE

The Trevecca Nazarene University community recognizes that there is a positive correlation between the appearance of students and the development of self discipline and self respect. Personal appearance should be appropriate to the occasion, neat, clean and modest. Dress and grooming should be consistent with and contribute to a vital Christian witness. Students not observing the personal appearance policies of the university should expect to be approached by faculty, staff, or administrative personnel. Those refusing to comply with university policies will be referred to the appropriate adult program director. If students are uncertain about the dress code, they should ask the appropriate adult program director for clarification.

While the University attempts to allow for individual freedom and personal choice, there are times when these must give way to group conscience and practice. Whether on or off campus students are encouraged to remember that they represent Trevecca Nazarene University. The following guidelines are listed to provide a framework for interpreting the dress standards. Individual programs may have more detailed dress requirements.

1. Short shorts/skirts and form fitting items are not permissible. Shorts should be mid-thigh or longer.
2. Clothing giving the appearance of being undergarments and/or sleepwear is not permissible as outerwear.
3. Revealing clothing is inappropriate.
4. Footwear must be worn in all campus buildings.
5. Men's tank tops, half-shirts, and cut-away shirts are not permissible.

While these guidelines are provided to aid in defining what is modest, one should realize some clothing that meets these guidelines may still appear immodest. For example, clothing which appears modest while standing may be quite immodest in some seated positions. All student members of the community are subject to the stated dress policies, including adult studies and graduate level students.

The Office of Student Development is responsible for the interpretation of the dress policies of the University. Any questions may be directed to the appropriate adult program director.

## **OBSCENE LANGUAGE AND LITERATURE**

Vulgar, foul, or profane language will not be tolerated on campus. Pornographic materials, literature, or pictures are not allowed. The Trevecca computer network is not to be used to transmit threatening, obscene, harassing, or pornographic materials. Violations will result in disciplinary action.

## **ALCOHOL**

The University recognizes the danger to the safety of others and one's ethical responsibilities resulting from the use of or possession of alcoholic beverages and therefore insists that all members of the University community abstain from possessing or using them on campus property. When attending a school-sponsored or any professional event or requirement, it is expected that the student will conduct herself/himself in an appropriate manner consistent with all University and program behavioral standards.

## **TOBACCO**

The University recognizes the danger to health in the use of tobacco products and thus prohibits the use or possession of tobacco on campus property. When attending a school-sponsored or any professional event or requirement, it is

expected that the student will conduct herself/himself in an appropriate manner consistent with all University and program behavioral standards.

## **DRUGS**

Trevecca Nazarene University forbids the use, possession, and or/distribution of marijuana, narcotics, or other dangerous drugs. The medical use of drugs may be permitted when prescribed by a licensed health care provider.

## **FIREARMS, FIREWORKS, SMOKE BOMBS, FIRE ALARMS, AND FIRE EXTINGUISHERS**

Firearms are forbidden on campus. The possession, sale, or firing of fireworks, fire crackers, explosives, guns, and other items of similar nature is prohibited by University regulations and by the Metro ordinances. Regulations prohibit setting false fire alarms or discharging of fire extinguishers. Violators will be subject to a \$500 fine and/or suspension by the University as deemed necessary, and may be fined by the Metropolitan Government of Nashville and Davidson County.

## **SEXUAL HARASSMENT**

Trevecca Nazarene University is committed to providing and maintaining a healthy learning and working environment for all students, staff, faculty and other members of the University's community, free of discrimination and all forms of sexual and gender harassment, which diminish the dignity or impede the academic freedom of any member of the University community. In accordance with Trevecca Nazarene University's Wesleyan values, its role as an educational institution, and both federal and state law, the University condemns any form of sexual [or gender] harassment [or assault] and is committed to taking action to prevent and eliminate all forms of them, including coercive sexual behavior. Further, the University condemns any acts in violation of this policy involving any third parties, including visitors, guests and agents, representatives and employees of suppliers or contractors, and will take violations of this policy by such parties into consideration in the awarding of contracts and the future conduct of business.

Sexual and gender harassment are not only repugnant to the Trevecca community and a violation of this policy, but may be criminal offenses according to Tennessee or federal law. Members of the University's community who have been found in violation of statutes related to sexual harassment and/or assault may be subject to additional University disciplinary action. Trevecca's full policy regarding sexual harassment, including procedures for filing a complaint, can be accessed on the Intranet TNU4U page.

## **SEXUAL ETHICS**

Recognizing that true maturity involves a deep respect for the moral integrity of the individual, we expect men and women

attending this University to refrain from engaging in acts of sexual immorality, such as premarital and extramarital relations, heterosexual and homosexual advances, and sexual perversion of any form.

Sexual relationships outside marriage are inconsistent with Trevecca's Wesleyan values. Any employee or student found to have engaged in such conduct is subject to disciplinary action, up to and including termination and/or expulsion.

# University Services

## SPIRITUAL LIFE

Trevecca places special emphasis on the development of the spiritual life. Classes regularly open with prayer. Chapel services are held throughout the week: Tuesdays and Thursdays at 9:30 AM; Wednesday communion services at 10:00 AM; and announced spiritual life forums or special studies on Monday evenings at 6:30 PM. Thirty-six (36) semester hours are earned by completing the modular coursework in the major. The courses take place one night each week for 54 weeks. Courses are sequential so that only one is taken at a time. In addition to the coursework, work on the action research project will be completed through the 54 weeks of the program. The knowledge and experience builds from the beginning to two finishing courses—one in how to manage a profit or nonprofit organization and the other in personal and social ethics. Students will be part of a cohort group who will attend all the courses together, forming an adult support group. An emphasis upon effective interpersonal communication permeates the approach.

### ACTION RESEARCH PROJECT

An action research project based upon student research, which will have practical implications for the workplace or community, is completed during the coursework period. The nine semester hours of credit earned for the action research project are also part of the major. Oral presentations are made to sharpen presentation skills. # The BS Program in Computer Information Technology (CIT)

## MISSION

The Department of Information Technology provides education in information technology to prepare students for careers of excellence that glorify and honor God through stewardship, leadership, and service.

## THE ACCELERATED INFORMATION TECHNOLOGY (IT) PROGRAM CONCEPT

To meet the needs of the working adult, Trevecca Nazarene University is pleased to offer accelerated IT programs. Trevecca's accelerated programs blend a combination of traditional classroom instruction, online learning, and project-based activities. These programs emphasize the use of distance technologies for content delivery and collaboration, minimizing the need for the student's physical presence at a particular location while still providing a rigorous and challenging learning experience for the student. Features of these programs include:

- A blended learning methodology where students have both traditional classroom instruction as well as distance education.
- Delivery of course content that is facilitated through e-learning technologies while class time is specifically geared toward hands-on work and solution development.
- The assumption that adult students possess experience and skills that may earn academic credit.
- An accelerated schedule so students can often complete the program in less than two years.

## CIT STUDENT LEARNING OUTCOMES

Graduates of the CIT program will be able to:

1. Apply Bible-based Christian worldview decision-making to ethical issues in the information technology discipline.
2. Demonstrate the ability to solve business problems using information technologies and critical thinking.
3. Use design and modeling tools to design information technology solutions.
4. Conduct systems analysis and create a plan for solving business problems using information technology.
5. Understand the components and process of managing an IT project.
6. Communicate business requirements and technical information.

7. Demonstrate knowledge of current IT languages, databases, and technologies.

## ACADEMIC PROGRAM

### CIT GENERAL DESCRIPTION

The BS in computer information technology at Trevecca is designed to help adults who have at least 40 semester hours of credit and an interest in pursuing a career in the growing IT field to complete a bachelor's degree in the IT discipline. The program can be of help to:

- Those in another discipline who desire to make a career change into IT.
- Those who may be in IT but now wish to complete a degree in that area.
- Those in related areas who have some college credit earned but have never completed their degree.
- Those who have completed an associate degree in IT and now wish to complete their bachelor's degree.
- Those who are unable, due to scheduling, to attend a standard undergraduate degree program.
- Those who desire to complete a degree as part of their life goals but as of yet have not been able to.

The 20-month, 48-semester-hour program is an accelerated program requiring minimal on-campus time and the use of distance education technologies. The program is composed of two parts: coursework and the documentation of prior learning.

### CIT COURSEWORK

The BS in computer information technology is structured as an accelerated technical and business-based curriculum. Forty-eight semester hours are earned by completing the modular coursework in the major. The courses take place one night a week for 20 months. There are four semesters of four courses each. Each semester is 4 months in length. The students complete four courses together over the four-month period. The coursework is composed of three parts: in-class coursework, online coursework, and project time. The in-class coursework is completed by attending classes once per week for 20 months. The online and project components are completed outside of in-class instruction. In using distance education for these two parts students can be anywhere while completing the components. Students will be part of a cohort group who will attend all the courses together, forming an adult support group.

## CIT ACADEMIC MINORS

In addition to the 48 hours of coursework in the CIT major, students may also earn a minor in a specialized IT area or another area of interest. The degree earned is a BS in computer information technology with a minor in the selected discipline. Credits for a minor can be awarded through approved Trevecca coursework or by transferring approved coursework from a regionally accredited institution of higher education. An academic minor may be designated, following the student's successful completion of the CIT major. The quality and credibility of coursework for an academic minor must be verified by a Trevecca faculty member. The application to receive a minor must be submitted to the student's advisor no later than the end of the student's first semester of the CIT Program.

# Additional Institutional Policies

## **INTELLECTUAL PROPERTY RIGHTS POLICY**

This policy is meant to encourage and support faculty, staff, and student research; to protect the rights and interests of university constituents as well as the university itself; and to provide university constituents with information that will guide understanding of intellectual property and its application at Trevecca Nazarene University. All full-time or part-time faculty, administrators, and staff, student employees, and students, as well as non-employees who participate or intend to participate in teaching and/or research or scholarship projects at Trevecca Nazarene University are bound by this policy.

Trevecca Nazarene University is committed to complying with all applicable laws regarding copyright and other forms of intellectual property. Furthermore, this policy shall not be interpreted to limit the university's ability to meet its obligations for deliverables under any contract, grant, or other arrangement with third parties, including sponsored research agreements, license agreements, and the like.

Questions of ownership, compensation, or other materials covered by this policy shall be resolved by the Executive Vice President (or his/her designee) in consultation with the University Provost and others, as appropriate.

## **COPYRIGHT, PATENTS, AND TRADEMARKS**

### **A. COPYRIGHT**

#### **General Copyright Policy**

Trevecca Nazarene University's policy is that all rights in copyright remain with the creator unless the work is a "work for hire," is commissioned by the university, or is otherwise subject to contractual obligations.

#### **Definition and Scope of Copyright Protection**

Under the federal copyright law, copyright subsists in "original works of authorship" that have been fixed in any tangible medium of expression from which they can be perceived, reproduced, or otherwise communicated, either directly or with the aid of a machine or device. These works include:

1. literary works such as books, journal articles, poems, manuals, memoranda, tests, computer programs, instructional material, databases, and bibliographies;
2. musical works, including any accompanying words;
3. dramatic works, including any accompanying music;

4. pantomimes and choreographic works (if fixed, as in notation or videotape);
5. pictorial, graphic and sculptural works, including photographs, diagrams, and sketches;
6. motion pictures and other audiovisual works, such as videotapes;
7. sound recordings; and
8. architectural works.

#### **Scope of Copyright Protection**

Subject to various exceptions and limitations provided for in the copyright law, the copyright owner has the exclusive right to reproduce the work, prepare derivative works, distribute copies by sale or otherwise, and display or perform the work publicly. Ownership of copyright is distinct from the ownership of any material object in which the work may be embodied.

#### **Books, Articles, and Similar Works, Including Unpatentable Software**

In accord with academic tradition, except to the extent required by the terms of funding agreements, Trevecca Nazarene University does not claim ownership to pedagogical, scholarly, or artistic works, regardless of their form of expression. Such works include those of students created in the course of their education, such as papers, theses, and articles. The university claims no ownership of popular nonfiction, novels, poems, musical compositions, unpatentable software, or other works of artistic imagination that are not institutional works (see below under "Work for Hire"). Copyright in pedagogical, scholarly, or artistic works to which the university disclaims ownership under this policy shall be held by the creators regardless of whether the work constitutes a "work for hire" under copyright law.

#### **Ownership and Use of Course Materials (including class technology and videotapes of classroom activities)**

All course materials, such as syllabi, videotapes of classroom activities, websites, and such, developed by a Trevecca Nazarene faculty member belong to the faculty member unless grant or other outside funding sources dictate otherwise. Faculty ownership of such course materials does not, however, entitle the faculty member to any additional compensation from the university as a result of appropriately enrolled students' use of such materials. Faculty ownership of such course materials also does not preclude the university from using such materials for internal instructional, educational, and administrative purposes, including satisfying requests of accreditation agencies for faculty-authored syllabi and course descriptions. Materials brought to Trevecca from other institutions are bound by any ownership constraints from the institution at which they were developed; barring none, they belong to the faculty member.

The use of images or materials of students for use outside of a currently enrolled class is not permitted without a signed release from students. This includes videotaping, website images, and class materials where the expectation of a student is that their purpose is for that particular course. If the purpose of the class is to create a website, video or other materials for future courses, this permission is not needed.

### **"Work for Hire"**

"Work for hire" is a legal term defined in the Copyright Act as "a work prepared by an employee within the scope of his or her employment." For instance, work assigned to programmers is "work for hire" as defined by law, as is software developed for university purposes by students and staff working collaboratively. This definition includes works prepared by employees in satisfaction of sponsored agreements between the university and outside agencies. Certain commissioned works also are works for hire if the parties so agree in writing. The mere fact that multiple individuals have contributed to the creation of a work shall not cause the work to constitute an institutional work. Where a work is jointly developed by university faculty or staff or student employees and a non-university third-party, the copyright in the resulting work typically will be owned jointly by the university and the third party. In such instances, both the university and the other party would have nonexclusive rights to the work, subject to the duty to account to each other.

The university shall retain ownership of works created as institutional rather than personal efforts--that is, works created by administrators and staff for university purposes in the course of the creators' employment, university-commissioned faculty work, or works resulting from simultaneous or sequential contributions over time by numerous faculty, staff, and/or students. The employer (i.e., the university) by law is the "author," and hence the owner, of works for hire for copyright purposes; therefore, Trevecca Nazarene University owns all rights, intellectual and financial, in such works. Administrators, faculty, and staff who gain professional expertise through such work, however, may engage in professional activities (conferences, consulting, and such) that may result in compensation.

### **Works of Non-employees**

Under the Copyright Act, works of non-employees such as consultants, independent contractors, and such generally are owned by the creator and not by the university, unless there is a written agreement to the contrary. As it is the university's policy that the university shall retain ownership of such works (created as institutional rather than personal efforts, as described in "Work for Hire"), Trevecca will generally require a written agreement from non-employees that ownership of such works will be assigned to the university. Examples of works that the university may retain from non-employees are reports by consultants or subcontractors, computer software, architectural or engineering drawings, illustrations or designs, and artistic works.

### **Use of Copyrighted Material**

Trevecca Nazarene University is committed to complying with all applicable copyright laws; consequently, students and employees are expected to comply with these laws. Distribution of materials protected by copyright without permission of the copyright owner may be a violation of federal or state law. It is the responsibility of those reproducing materials to make sure the reproduction is consistent with U.S. Copyright Law (<http://www.copyright.gov/>).

Trevecca Nazarene University does not permit the unlawful reproduction or distribution of commercially copyrighted music, movies, and software. The university is committed to taking reasonable steps to avoid misuse of its computer network. If violations are discovered or suspected, university personnel may report infringement to appropriate authorities or take other action, including, but not limited to warning the user, removing the material, or terminating access to the material.

### **Use of the University Name in Copyright Notices**

The following notice should be placed on university-owned materials:

Copyright © [year] Trevecca Nazarene University. All Rights Reserved.

No other institutional or departmental name is to be used in the copyright notice, although the name and address of the department to which readers can direct inquiries may be listed. The date in the notice should be the year in which the work is first published, i.e. distributed to the public or any sizable audience.

Additionally, works may be registered with the United States Copyright Office using its official forms (<http://www.copyright.gov/forms/>).

### **Reconveyance of Copyright to Creator**

When copyright is assigned to Trevecca Nazarene University because of the provisions of this policy, the creator of the copyrighted material may make a request to the executive vice president that ownership be reconveyed back to the creator. Such a request can, at the discretion of the executive vice president, be granted if it does not: (1) violate any legal obligations of or to the university, (2) limit appropriate university uses of the materials, (3) create a real or potential conflict of interest for the creator, or (4) otherwise conflict with university goals or principles.

## **B. PATENTS**

Trevecca Nazarene University is an educational institution whose fundamental mission is to provide outstanding higher educational programs. The university recognizes that research, particularly that involving collaborative investigations with students and faculty, is a significant component of the educational process.

All potentially patentable ideas and inventions developed in whole or in part by university personnel in the course of their employment, or with more than incidental use of Trevecca Nazarene University resources, shall be disclosed in writing to the executive vice president. Written disclosure should include the (1) name of the inventor, (2) what was invented, (3) circumstances that led to the invention, and (4) the information as to what might be subsequent activities surrounding the invention. The Executive Team will then review the invention disclosure information submitted to decide if the university should seek a patent using university funds or to decline further action. If the university refuses to pursue application of the idea/invention, the inventor may then seek other aid outside the university to assess the patentability of the invention. If no action is taken, all patent rights revert to the inventor.

If there is positive action on an application, the university may wish to pursue evaluation of the invention from technical development consultants to ascertain whether there is sufficient interest and financial return that would make the acquisition of a patent feasible.

The remaining steps in the process are:

1. A patent is obtained or institutional steps are put into place to protect the invention as a trade secret. These steps may ensure that, in the event of not immediately applying for a patent, proper protection is maintained and limited disclosure and publication are delayed to a later date.
2. A patent, if any, is licensed and royalties are earned.
3. Legal enforcement of patent rights begins.

### **Sharing of Royalties**

Royalty distribution will be as follows. First, 100 % will accrue to the university for recovery of costs associated with the patent/license development. This would include all fees for preparing and prosecuting patents. All marketing and licensing fees would also be included. Second, the remaining income would be distributed between the university (60% of gross royalties) and the inventor(s) or their heirs (40% of gross royalties). Under certain conditions, the university may agree to accept a negotiated percentage of equity in place of all or some portion of the license or royalty fee(s).

### **C. TRADEMARKS**

Trade and service marks are distinctive words or graphic symbols identifying the original source of goods or services. Trade or service marks relating to goods or services distributed by the university shall be owned by the university. Examples include names and symbols used in conjunction with the university wordmark and logo and those names or symbols associated with university athletics, events, programs, software, or activities.

## **POLICIES FOR RESEARCH INVOLVING HUMAN SUBJECTS**

### **Institutional Review Board**

Trevecca Nazarene University's Institutional Review Board (IRB) is responsible for ensuring compliance with established federal and university procedural and ethical guidelines for research.

The mission of the Institutional Review Board is to:

1. Guard and protect the rights and well-being of human subjects,
2. Promote the integrity of researchers in demonstrating leadership and compassion in dealing with their research subjects,
3. Foster community respect for Trevecca's process in carrying out quality research while ensuring the dignity of research participants,
4. Ensure compliance with established federal and university procedural and ethical guidelines.

### **Responsibilities**

The Institutional Review Board will review all research involving human subjects. The IRB may approve, modify, or disapprove any research project not meeting the principles and ethical constraints of governmental or university guidelines concerning treatment of human subjects. The board will be responsible to review initial projects, projects continuing past a 12-month time frame, and any project where the methodology changes substantively.

### **Researchers under the auspices of the Institutional Review Board**

Everyone whose research involves human subjects should submit an application for approval:

1. All Trevecca faculty, staff, and administrators
2. All doctoral candidates
3. All students doing non-class related research (must be under the supervision of a faculty mentor)
4. All non-Trevecca persons applying to use Trevecca's students, faculty, staff, or administrators in their research
5. All faculty members requiring class-related research must submit a general outline of their students' projects to ensure the safety of human subjects and to establish accountability.

### **Training**

Any research involving humans or human tissues conducted under the auspices of Trevecca Nazarene University must be reviewed by the Trevecca Nazarene University Institutional Review Board (IRB). Research with minimal involvement of human participants, such as surveys or questionnaires, require some procedural IRB review. Anyone whose research project requires IRB review must submit a completed certificate indicating that he or she has completed the training.

The following people may require training, depending on their research:

- Doctoral students
- Doctoral advisors

Students whose thesis research involves human subjects

Thesis advisors of students whose thesis research involves human subjects

Students conducting non-class-related research under the guidance of a faculty member

Researchers applying to use Trevecca Nazarene University's students, faculty, staff or administrators in their research
