To access Trevecca's secure wireless, you must be an employee or registered student with an active TNU network account. Follow the instructions below to get connected.

1. In the top right, click on the wireless icon. Then, click on **Trevecca-Unplugged-Secure**.

2. It will prompt you for your Trevecca username and password. Type this in and press OK.

3. At the **Verify Certificate** prompt, click **Continue**.
4. If you receive another window asking for your Name and Password, this is for your LOCAL computer’s account. Type this in and press OK.

5. You are now connected to Trevecca-Unplugged-Secure. Continue below.

6. If you leave then return to campus, it may automatically connect to the unsecured wireless. Continue with Step 7 below to remove Trevecca-Unplugged (unsecured wireless).

7. In the top right, click on the Wi-Fi icon and click on Open Network Preferences...

8. In the lower right, click on Advanced...
9. In the Preferred Networks window, select Trevecca-Unplugged-Secure and drag and drop it above Trevecca-Unplugged. Click OK after completion.
