How can you give the gift of the world to your children?

In August, Delaware 4-H is offering the opportunity for local families to host foreign exchange students from Russia.

If you are interested in learning more about being a host family, please contact:

Imagine the opportunity to share another culture with your children while teaching a child about America's culture, our traditions and way of life, and family values.

18 students and 3 adult chaperones will be visiting August 9-26, 2015.

While the students' time here will be filled with many exciting trips and workshops, there will be time to spend with your family. The program will focus on volunteerism and we will have opportunities for Delaware 4-Hers to participate as well.

There is no need to take off work or change your plans!

Daily transportation to and from their all day educational workshops provided.

"She was six when she dreamed of going to America! She dreamed a lot and her dream became true because of the great program YLP." Irada, 16
