

PATHWAY of HOPE[®]

March 2016

In this issue:

- **Gaining Momentum**
- **Client Snapshots**
- **Collaborations**

Pathway of Hope is picking up speed in the Western Division!

The approach has been implemented for **139** families since taking off in 2014. Families continue to gain knowledge of internal and external resources while accomplishing their goals.

Client Snapshot!

POH client came into the corps asking for financial help with rent and utility bills. Client had been in an unhealthy relationship and the significant other ended the relationship leaving unpaid bills. It was at this time the client agreed they could use a little help and direction with making goals and getting out their current financial crisis.

Collaborations!!

In February 2016 The Beatrice Corps took a big step introducing The Pathway of Hope to their community. Several community agencies gathered at the corps to learn about the Pathway of Hope approach. Discussion of new and old collaborations took root and guess what comes next?!

Beatrice will be "the host" for the community agency meetings. –Congratulations

Client Snapshot!

The client looked around the disarray of her ransacked apartment early last summer and decided she had only one choice. Flee. Her ex, she was certain, had tracked her down. With little more than the clothes on her back and three children to care for, she escaped his reach — but not her bad luck. .
