

HONIG'S USTA OFFICIALS SPECIAL

New YEAR, NEW Material

Our new Prosoft USTA Shirts are cool, comfortable and durable!

Improved Collar

Closeup of new and improved material

With the start of 2012 Honig's is offering a new shirt for the USTA Membership. The shirts, as they have been in the past are UV protected and are breathable for the warmer climates. The design pattern and colors are the same. The real difference is in our cool, comfortable "Prosoft" material. The material is very soft yet extremely durable.

The new shirts are available on-line at www.honigs.com/usta or by calling 888-468-3284
