

The Alamogordo Tennis Association (ATA) was formed to promote tennis in the small community Of Alamogordo, New Mexico. The ATA ideal is that there should be play with anyone, of any affiliation, of any skill level, at any time, and that the ATA court activities be solidly based on tenants of good sportsmanship, integrity, collegiality, and common sense. To that end, the devoted members of the ATA have expanded the associations involvement in the community to include a yearly tournament, junior activities offered at little to no charge, lessons and junior tournament play. The ATA, by and through its devoted members have succeeded in cultivating a successful tennis community in Alamogordo, New Mexico.
