**THE USE OF THE NATIONAL TENNIS RATING PROGRAM
AND
NTRP COMPUTER RATINGS IN
THE USTA LEAGUE**

The National Tennis Rating Program (NTRP) is the official system for determining the levels of competition for the USTA League. The USTA NTRP Computer Rating System assigns ratings based on play in the local league and at championships and select NTRP tournaments.

1. The National Tennis Rating Program (NTRP) Guidelines define the characteristics of the various NTRP skill levels.
2. The USTA NTRP Computer Rating System is the official system to determine computer ratings for players throughout the country who participate in the USTA League. It is a mathematical system that assigns computer ratings to players by direct and indirect comparison of match results obtained from the USTA League and select NTRP tournaments.
3. A valid NTRP rating level is in effect for two years for individuals 60 years of age or older prior to, or during, the League Year and for three years for individuals 59 years of age or under, or until another valid NTRP rating level is generated. (See *Valid NTRP Computer Ratings Table*)
4. Players with a valid NTRP rating level must enter at that level or higher. (See *Valid NTRP Computer Ratings Table*)
5. Players in the USTA League without a valid computer rating must self-rate in accordance with the *General & Experienced Player Guidelines – Supplement to the NTRP Guidelines*. Factors such as a player's on-court performance, tennis background, and any additional information should be considered in the self-rating decision. When players are rating themselves, if they question at which level they should play, they should place themselves in the higher NTRP level of play.

Note: Players who are good athletes or intend to spend a great deal of time taking lessons and practicing should be aware that their improvement may be significant enough to surpass their original self-rating during the local league season or championship play. To avoid NTRP Dynamic Disqualification, these players should enter at a higher NTRP level of play at the beginning of the local league season.
6. In the USTA League Adult Division, dynamic ratings will be calculated at regular intervals for all participants during local league competition, at the end of the local league season, and either during, or at the end of, District/Area through Sectional Championships.
7. At the USTA League Adult Division National Championships, players will continue to generate dynamic ratings through their last match played, but there will be no NTRP Dynamic Disqualifications at National Championships.
8. After the USTA League Adult Division National Championships, year-end NTRP published levels will be calculated using USTA NTRP Computer Rating System Procedures approved by the USTA League Committee.
9. In the USTA League Mixed Division, an NTRP level will be calculated for participants who play in that Division exclusively. Year-end ratings will be based on the final dynamic rating generated from local league and championship level competition unless the player has a valid Computer (C) rating from a previous year.

NTRP difference between partners shall not exceed 1.0. The minimum NTRP Level for: 6.0 is 2.5; 7.0 is 3.0; 8.0 is 3.5; 9.0 is 4.0; 10.0 is 4.5. Items in Purple are additional Age Groups and levels that USTA Alabama will recognize.

1.04F(1)a Rating levels are derived in accordance with the USTA NTRP Computer Rating System Procedures. Once a player is assigned a valid Computer (C) NTRP rating level, it is valid for the Adult and Mixed Divisions for all players 59 years of age or under for three

consecutive years or until another NTRP published rating level is generated. For players 60 years of age or over, a valid Computer (C) NTRP rating level is valid to play in the Adult and Mixed Divisions for two consecutive years or until another NTRP published rating level is generated. (See *Reg.1.04F(1)b* and *c* and *Valid NTRP Computer Ratings Table*).

1.04F(1)b Mixed results will not be part of generating a player's year-end rating, except for those players who participate in the Mixed Division exclusively. A player who plays in the Mixed Division exclusively will receive a published Mixed Exclusive (M) rating level at year-end unless they have a valid Computer (C) rating level from a previous year on file in TennisLink. A published (M) rating level is valid to play in the Mixed Division exclusively and will be in effect for players 59 years of age or under for three consecutive years and for players 60 years or older for two consecutive years or until another published NTRP rating level is generated. A player who plays exclusively in the Mixed Division and subsequently chooses to participate in the Adult Division must enter by using a valid Computer (C) rating from a previous year. If such player does not have a valid (C) rating from a previous year, he or she must self-rate with the minimum NTRP rating level being the higher of the self-rating or valid Mixed Exclusive (M) rating. *This regulation will also apply to USTA Alabama Mixed 55 & Over age group. Results will not be included for year- end ratings.*

1.04F(1)c A player who plays exclusively in NTRP tournaments and subsequently chooses to participate in the Adult Division must enter that Division by using a valid Computer (C) rating from a previous year. If such player does not have a valid (C) rating from a previous year, he or she must self-rate with the minimum rating being the higher of the self-rating or valid Tournament Exclusive (T) rating.

Southern Regulation: Match results from select Southern NTRP Tournaments in TennisLink will be included in the 2022 year-end ratings. For players that participate in NTRP tournaments exclusively, said player may generate a tournament-exclusive (T) rating contingent on enough match play.

1.04F(1)d Players who do not have a valid NTRP rating level on file in TennisLink shall self-rate in accordance with the General & Experienced Player Guidelines – Supplement to the NTRP Guidelines and complete the self-rating process on TennisLink when registering for a team. Players who allow someone else to complete the self-rating process for them will be ultimately responsible and held accountable for information submitted or omitted. Failure to self-rate in accordance with the *Guidelines*, or omission of information regarding a player's tennis history, will subject the player as well as the captain and/or others who completed, assisted, condoned and/or approved an inappropriate self-rating to penalties under the League Suspension Point System. Players whose self-ratings are determined to be inaccurate or inappropriate shall be disqualified. (See *Reg. 3.03E(1)a*).

1.04F(1)e Self-ratings are valid for two years from the date issued or until replaced by a dynamic or computer rating. If there is a change in their playing experience the player may appeal their rating up at that time or they may be promoted by the Sectional coordinator.

1.04F(1)f TennisLink will automatically remove expired computer and self-ratings thereby allowing individuals to self-rate. Players with expired ratings will not be allowed to self-rate at a lower level than their last valid NTRP rating level. However, when assigned an NTRP rating level by TennisLink, the player will have the opportunity to file a Self-Rate Appeal.

1.04F(1)g Each Sectional Association shall designate a committee to handle Self-Rate Appeals for those who appeal their assigned self-rating level. This committee may be the same, in whole or part, as the Sectional League Grievance Committee that handles NTRP Grievances. Players who appeal their rating and anyone acting on their behalf will abide by the Self-Rate Appeals Committee's decision without further right to appeal same, except that the Committee may reconsider its decision in the event there has been a clear factual error made by the Committee. Players granted an appeal of their self-rating may be subject to NTRP

Grievance based only on newly discovered or missing information not previously considered.
(See *General & Experiences Player Guidelines – Supplement to the NTRP Guidelines*.)

1.04F(1)h Valid NTRP Computer Ratings: See *Valid NTRP Computer Ratings Table*.

1.04G(1) League players may play in the USTA League Adult and Mixed Divisions during the same local league season.

1.04G(2) A player may play on only one team in an NTRP level within an Age Group in the same local league during the same season. In local leagues where NTRP levels are divided into flights, a player may not play in more than one flight.

1.04G(3) A player may play on more than one team in an NTRP level within an Age Group in the same season provided it is in separate local leagues. The Section has the authority to accept or deny participation.

1.04G(4) A Section may authorize participation in more than one NTRP level within an Age Group in the same local league during the same season.

Southern Regulation: Southern authorizes participation in more than one NTRP level as stated above.

1.04G(5) A player may play up to one NTRP level higher than the player's current NTRP level.

1.04G(6) A player who qualifies to advance to championships on more than one team may be required by the Section to choose which team he or she will represent.

Southern Regulation: Players who qualify for an Adult 18 & Over, Adult 40 & Over and/or Adult 55 & Over team(s) may advance on more than one team within an age group only if they are different NTRP levels. Players who qualify for a Mixed Doubles 18 & Over and/or Mixed Doubles 40 & Over team(s) may advance on more than one team within an age group only if they are different NTRP levels. No accommodations for scheduling will be made at any Championship for teams with players that may be competing on two or more teams during a championship.

USTA Alabama - The state league coordinator has the authority to approve levels playing their local league at state where only one team has registered in two or more local leagues for that level by the state deadline.

1.04G(7) At any National **and/or Southern** Championship, if a player qualifies for two or more teams at the same NTRP level for an event, the individual must declare which team he or she will represent. In the absence of a declaration, the first match played will determine which team he or she will represent.

1.04G(8) A player may participate in only one individual match within each team match.

1.04G(9) A player who participates in the USTA League in violation of any provision of Section 1.04G *Player Participation Eligibility*, shall be subject to an Eligibility Grievance as defined in Section 3.02D *Eligibility Grievance*.

1.05 Official Ball. In USTA League matches, a standard Type 2 USTA approved ball shall be used. The use of any USTA "transition" ball is prohibited.

2.00 USTA LEAGUES REGULATIONS.

All USTA League Regulations in 1.00 GENERAL, 3.00 GRIEVANCE PROCEDURES and the following Regulations in this section shall apply to USTA League Adult and Mixed Divisions except for Reg. 2.04 NTRP DYNAMIC DISQUALIFICATION AND REVIEW PROCEDURES which

shall apply only to the USTA League Adult Division.

2.01A(2) When using combined NTRP levels, the combined NTRP rating levels of the doubles team cannot exceed the combined NTRP level in which the players are competing.

2.01A(3) The NTRP difference between members of an individual doubles team may not exceed 1.0.

2.01A(4) USTA League NTRP levels in the local league and at championships are approved in accordance with the following table:

2.01B Men, Women and Mixed Doubles. Men's and women's leagues shall be separate at each approved NTRP level in the Adult Division. Leagues in the Mixed Division are comprised of a man and a woman who combine to play in each individual match. The local league shall determine which of these approved NTRP levels in Reg. 2.01A(4) shall be available for men, women and mixed genders in local league competition.

2.01C Competition Format.

2.01C(1) Full Round Robin. Each NTRP level within a local league may play at least one full round robin competition wherein every team plays every other team. When any NTRP level consists of only two teams, each team is required to play a minimum of three team matches, which is a triple round

robin. When any NTRP level consists of only three teams, each team is required to play a minimum of four team matches, which is a double full round robin. Any NTRP level may be divided into flights and each team shall play every other team in its flight. The flight winners may enter a playoff structure to establish a local league champion for that NTRP level.

Southern Regulation: Southern authorizes the use of 2.01C(1)a, 2.01C(1)b and/or 2.01C(1)c within its local leagues.

2.01C(1)a Each Sectional Association may permit additional matches, selected randomly, within a flight.

2.01C(1)b Each Sectional Association may permit additional cross-flight matches in which each team in one flight plays an equal number of matches in the other flight, selected randomly if not a full round robin.

2.01C(1)c Each Sectional Association may permit the top teams in a flight to play an additional round robin to determine advancement, and the teams without a mathematical chance to advance may play an additional round robin.

2.01C(2) Partial Round Robin. Each NTRP level within a local league may play a partial round robin competition wherein every team plays the same number of matches against randomly selected opponents. A minimum of the top two teams shall progress to a single elimination playoff to establish a local league champion for that NTRP level.

2.01C(3) Team Match. Each team match in a local league shall consist of such number of individual matches of singles, doubles, or any combination thereof as determined by the local league. Each team must have the minimum number of players available to play the majority of individual matches. If one team does not have the minimum number of players, the opposing team will be credited with a total team default, and will win each individual match 6-0 6-0. If neither team has the required minimum number of players, the match shall be scored as a double team default, and neither team will receive credit for a win. In the case of a team default or double team default any individual matches actually played will count only for NTRP ratings and eligibility for advancement and cannot count for determining standings.

If both teams have the minimum number of players available to play, but the combination of individual defaults by the two teams would result in the majority of matches not being played, the teams must follow the procedure(s) established by the Sectional Association, to ensure that a majority of individual matches are played.

Each Sectional Association shall establish procedures to determine the 1) flight standings in the event of a team default or double team default and 2) actions to take when the combination of individual defaults given by the two teams in the team match results, or would result, in a situation where the majority of the individual matches are not played. If no such procedures have been established, the match will result in a double team default.

Southern Regulation: The first course of action would be for both captains to agree on what individual matches, based on the number of players present, or to be present, can be played to constitute a valid team match. Once that is determined, both captains will re-exchange scorecards.

If both captains cannot come to an agreement on what lines will be played to constitute a valid team match, based on the number of players present, or to be present, then the following individual matches will be assigned in sequential order to be played:

Match Format	Required Matches in Sequential Order	Minimum # of Players Required for Each Team in Valid Team Match
2 singles, 3 doubles	#1 and #2 singles, and #1 doubles (priority); #2 doubles if enough players present	4
1 singles, 4 doubles	#1 singles #1 and #2 doubles (priority); #3 doubles if enough players present	5
2 singles, 2 doubles	#1 singles and #2 singles and #1 doubles (priority)	4
1 singles, 3 doubles	#1 singles and #1 doubles and #2 doubles (priority)	5
1 singles, 2 doubles	#1 singles and #1 doubles	3
3 doubles	#1 and #2 doubles	4

Southern Regulation: If both teams have enough players to play the match and it's discovered after-the-fact that a majority of the matches were not played to constitute a valid team match, both captains need to come to an agreement of what lines will be played to make the team match valid. If captains cannot come to an agreement then the individual match(es) to be played will be assigned in sequential order in the above-mentioned table. If a captain does not comply with this regulation, then it may be considered a full team default in favor of the opponents.

If a team shows up without the minimum # of players required for the team match based on the number of players present, or to be present, it will be a full team default in favor of the opponents. Please refer to national regulation 2.01C(5) on team default procedures.

2.01C(4) Match Scoring and Formats. It is recommended that all matches be the best of three tiebreak sets with a match tiebreak in lieu of a third set. The match tiebreak shall be scored as one set and one game for tiebreak purposes. For play at or below the Sectional level, the Sectional Association may authorize the use of other USTA approved scoring methods and other scoring methods that are compatible with the USTA NTRP Computer Rating System. Other match formats include: best of three tiebreak sets with a set tiebreak at 6-all, pro-set matches, a single set with a set or match tiebreak at 6-all and timed matches. No-Ad scoring can be used with any of the scoring methods.

Southern Regulation: Southern authorizes the use of other USTA approved scoring methods compatible with the USTA NTRP Computer Rating System at all championships.

If a Local League has a playoff, championship procedures must be used in the event of a tie. Please refer to national regulation 2.03H.

USTA Alabama – Each local league may determine the method of scoring for Local League competition.

The method of awarding points in order to determine the winning team of a local league team match and the winner of the local league competition may be the same as that used in championship competition or may be another method compatible with the USTA NTRP Computer Rating System selected by the local league. (See *Reg. 2.03D Competition Format* and *Reg. 2.03E Team Match and Scoring* for championship competition.) The scoring in the event of a default or disqualification shall be 6-0, 6-0. Retirements shall be scored as described in *Reg. 2.03N Scoring of Retirements*.

2.01C(5) Individual Match. An individual match is defined as any singles match or any doubles match played as part of a team match.

2.01C(6) Team Line-Ups. The team captain for each team shall exchange their team line-up simultaneously prior to the beginning of the team match. No substitution may be made in an individual match after the line-up has been presented, except for injury to, illness of, or disqualification of a player prior to the start of such match and except under such further circumstances as a Sectional Association may authorize. If the substitution is made during the warm-up, the substitute player is entitled to a five minute warm-up. The default principles in *Reg. 2.03K Team Defaults* and *2.03L Scoring of Team Defaults* shall be applicable.

Southern Regulation: An individual match is started when the first ball is put in play. After the start of an individual match, if injury to or illness of a player occurs, the opponents will be awarded a retirement for that individual match only. If a disqualification occurs, the opponents will be awarded a default.

A. In the event of illness, injury, disqualification, or no-show of a player prior to the start of an individual match (once the lineup has been exchanged), a team may substitute a player in the affected position within the 15-minute default time, using a player not already listed on the lineup. If no such substitution can be made, the affected position only will be defaulted in local leagues.

B. In the event that a team match must be re-scheduled and starting times are staggered, where opponents are not available and ready to play, defaults will be awarded in the affected position only.

C. Local leagues will decide how to regulate rescheduling of team matches due to rain, inclement weather and/or USTA League-related conflicts.

D. Two players will play together in the higher position when both of their partners do not show in order to avoid two defaults. (Note: When dealing with combined levels, this would be permissible only if the two players together would not exceed the combined NTRP level.)

E. If a team defaults an entire match (as described in USTA League Regulation 2.03K) in local play, states may decide whether to allow further play by that team and how matches played by that team should be used in determining standings. A state may not authorize a local league to make such determination. If the state does not have a specific rule in place regarding such team defaults, it must follow USTA League Regulation 2.03L.

USTA Alabama adopts the following regarding teams defaulting an entire team match during local or local at state competition:

- i. The defaulting team may be ineligible to advance beyond local league but may continue to play the remainder of local matches as determined by the State League Coordinator based upon the facts and circumstances presented by the local league coordinator or the site director at local at state competition.
- ii. If the defaulting team continues to play, the remainder of the local season matches (if multiple round robins, the defaulting team may be removed from that round of play) will be recorded in Tennis Link for the purpose of satisfying match play requirements for opponents only.
- iii. At the end of the season all matches of a defaulting team may be removed from the stats and standings in Tennis Link (if multiple round robins, the defaulting team may be removed from that round of play) , UNLESS:
- iv. All teams with a mathematical chance to advance have already played the defaulting team in good faith, the matches shall stand as played when determining standings
- v. During local play, the local league coordinator may recommend the filing of a grievance with the local grievance committee.

2.01D Coaching. When the scoring method is the best of three tiebreak sets and a 10 minute rest period is taken between the second and third sets, coaching is permitted only during this rest period.

2.02 PROGRESSION.

2.02A(1) Local League Competition. Each team that wins a specific level of local league competition shall be entitled to advance to the next level of competition if otherwise eligible.

Any State that cannot comply with any of these dates must seek the permission of the Sectional League Coordinator in writing. If teams are brought in early to the Section Championships for local league play, the above-mentioned dates would not apply.

Such progression may include one or more championships below the Sectional Championships.

2.02B(2) District/Area and Sectional Championship Events. Each Sectional Association shall determine the dates of the championships within the Section. Each championship event ends on the date

entered in TennisLink as the championship end date. In the event a championship is not concluded on the date published in TennisLink, then the end date in TennisLink should be amended to reflect the date of the last match played.

2.02B(3) Sectional Championships. Each Sectional Association shall hold a Sectional League Championship in each National approved NTRP level for each Division and Age Group, on or before the date specified by the USTA League Leadership, to determine its Sectional champions. The winning team at each NTRP level and Age Group shall be allowed to compete in the USTA League National Championships if otherwise eligible. If the winning team at any NTRP level of competition is unable to compete further towards the National Championships, then the Sectional League Coordinator may select the second place team for such further competition, etc.

Southern Regulation: Please refer to the 2022 Southern Championship Procedures for full championship details including registration information, dates, locations and procedures.

2.02B(4) National Championships. The team winning the National Championship in each NTRP level of competition in each Age Group of the Adult and Mixed Divisions shall be the USTA League National Champion.

2.03 DISTRICT/AREA, SECTIONAL AND NATIONAL LEAGUE CHAMPIONSHIPS.

2.03A Eligibility.

2.03A(1) The District/Area or Section has the authority to determine the progression of teams to its championship competition by determining a champion of the preceding level of competition in its NTRP category or by using the *Championships Wildcard Procedures*. Champions of the preceding level of competition must be included in the progression if otherwise eligible.

2.03A(2) Participation. A player may participate in only one individual match within each team match.

2.03A(3) Below National Championships

2.03A(3)a In the Adult and Mixed Divisions, a player is eligible to progress to championship level competition below National Championships if that player has played on the same team in at least two matches at the same NTRP level in the same Age Group during its local league season and is otherwise eligible. A maximum of one default received by the player during local league competition shall count for advancing. Retired matches shall count toward advancing for all players involved in both USTA League Divisions. (See *Matches Required to Advance to Championships Table*.)

USTA Alabama – A team winning both seasons without identical rosters for both seasons must choose which season's roster of players will represent their local league at championship. A team winning both seasons with identical rosters the Alabama Adult League committee will choose which season the team will represent.

2.03A(3)b Sections shall have the option to require, for eligibility to progress to championship level competition below National Championships, Self-Rated and Valid Computer Rated Appealed players to play up to four matches, on the same team at the same NTRP level in the same Age Group during its local league season and is otherwise eligible. Sections shall also have the option to declare if one default received by the player during local league competition shall or shall not count for advancing.

2.03A(4) In the Adult and Mixed Divisions, all players other than Self-Rated and Valid Computer Rated Appealed Players are eligible to advance to National Championship competition if that player has played on the same team in at least three matches at the same NTRP level in the same Age Group through Sectional Championships and is otherwise eligible. All Self-Rated and Valid Computer Rated Appealed players are eligible to progress to National Championship competition if that player has played on the same team in at least four matches at the

same NTRP level in the same Age Group during its local league season and is otherwise eligible. No defaults received by the player during local league or championship competition shall count for advancing.

Retired matches shall count toward advancing for all players involved in both USTA League Divisions. (See *Matches Required to Advance to Championships Table*.)

Southern Regulation: If there is no local and/or state competition offered for the Adult 18 & over, 40 & Over, 55 & Over or Mixed 18 & Over, 40 & Over, one team per state per level may be permitted to play a local league prior to the Section Championships beginning. If teams are brought in early to the Section Championships for local league play, all teams will be provided wildcards to advance to the Section Championships. *Please note that a local league prior to Sectionals is not a guarantee and will only be permitted if two or more states are eligible to participate.

2.03A(5) At all Championships, a minimum number of team members as shown in the following table, who were on the final roster of their local league team at the conclusion of local league play, must be available and eligible to compete or to combine and compete, as appropriate. The required minimum number of team members may be reduced with an approved waiver, but to not less than the minimum as noted in the following table. At Sectional Championship level and below, the Championship Committee may grant such a waiver. At the National Championships a committee comprised of the USTA League Chair, Vice-Chair and the National League Administrator may grant such a waiver. Waivers are only intended for extreme circumstances.

2.03B Official League Championships Entry. An official copy of the final USTA TEAM ROSTER FOR LEAGUES shall be submitted by the team captain or coordinator to the Championship Committee at each level of league championships prior to the deadline announced for entry into the event.

2.03C Scoring. It is recommended that all matches be the best of three tiebreak sets with a match tiebreak in lieu of a third set. The tiebreak shall be scored as one set and one game for tiebreak purposes. For championship play at or below the Sectional level, the Sectional Association may authorize the use of other USTA approved scoring methods and other scoring methods that are compatible with the USTA NTRP Computer Rating System. Other match formats include: best of three tiebreak sets with a set tiebreak at 6-all, pro-set matches, or a single set with a set or match tiebreak at 6-all. No-Ad scoring may be used with any of the these scoring methods.

Southern Regulation: Please refer to the Southern Championship Procedures for scoring formats.

2.03D Championship Competition Formats.

2.03D(1) Championship Competition Format at Section Level Events and Below. The Sectional Association shall determine the competition, team match and scoring formats for the championship competitions.

2.03D(1)a To establish the champion of a local league that utilized a full round robin competition under 2.01C(1), the Sectional Association shall determine the competition format for the championship competition.

2.03D(1)b To establish the champion of a local league that utilized a partial round robin competition under 2.01C(2), the competition format shall be a minimum of a single elimination playoff between the top two teams at the conclusion of the partial round robin to establish a local league champion for that NTRP level.

Southern Regulation: For all championships at the section level and below, Southern permits the use of round robin(s), single elimination or un-flighted matches against randomly selected opponents. The use of multiple round robins, or the use of un-flighted matches, will require a playoff structure to establish a champion. Please refer to championship procedures for full details for that applicable championship.

USTA Southern permits each local league to continue using the same local league team format through local league playoffs. Said team format for local league playoff structure shall be listed in each applicable local league regulations. All other requirements for “championship” play must be followed for local league playoffs.

2.03D(2) Competition Format at National Championships. The USTA League Committee shall determine the competition, team match and scoring formats for National Championships.

2.03E Team Match and Scoring. A team match will consist of the matches as shown in the following table. The team winning the majority of individual matches will be awarded one team point at National Championships. Sectional Associations may either follow the National Championships scoring format or determine a method of awarding points in order to determine the winning team of a championship competition. For each team match, a majority of the individual matches must actually be played by the two teams to constitute a valid team match. The Championship Committee has the authority to determine the actions to take when the combination of individual match defaults given by the two teams in the team match would result in a situation where the majority of the individual matches would not be played.

TEAM MATCH AND SCORING AT ALL NATIONAL AND SOUTHERN CHAMPIONSHIPS

If a team does not pay the fine, a grievance will be filed against all members listed on the championship registration website, which could result in suspension from any USTA League play until the fine is paid. Any matches played during that time will be reverted to losses.

The USTA Alabama adult league committee could excuse the fine based upon extreme circumstances

3.03B(1) Any grievance alleging a violation by an individual or team during local league competition shall be filed in writing with the Local or District/Area League Coordinator or designee having jurisdiction. The grievance must be filed prior to the commencement of whichever occurs first: (a) the involved team's next match in that flight, whether or not the involved player participates or (b) within 24 hours after the end of the local league season, except for Administrative Grievances (See Reg. 3.03A(2), Eligibility Grievances (See Reg. 3.03B(3), and NTRP Grievances (See Reg. 3.03E(3)).

3.03B(3) Any grievance regarding failure to meet eligibility requirements may be filed by a team captain, league coordinator or member of a Championship Committee at any time.

3.03B(3)a For eligibility matters of simple fact (e.g., age, USTA membership, TennisLink registration) a USTA league coordinator may declare a player ineligible and disqualify that player without filing a grievance. (See *Regs.1.04C(1) Official League Registration, 1.04E(2) Membership, 1.04E(3) Age, and 1.04F Official League Rating Program, and 2.01A(1)*).

3.03B(4)a In the event of an eligibility disqualification during the local league season and up to 24 hours after the end of the local league season, all matches played by the disqualified player shall be considered defaults and those matches shall be considered wins for the opposing players or doubles teams and scored 6-0, 6-0 for determining standings. In case of an eligibility disqualification in single elimination, the last individual match played by the disqualified player shall be considered a win for the opposing player or doubles team and scored 6-0, 6-0 for determining standings. If a double disqualification results in a tie, the local tiebreak procedure shall be used to determine the winner of the team match. If no such local tiebreak procedure exists, Reg. 2.03H *Procedures in the Event of a Tie* shall be used in order to determine a winner of the team match.

3.03B(4)b In the event of an eligibility disqualification after the conclusion of the local league season by more than 24 hours, the team will remain eligible to participate and retain points received up to the disqualification, but the ineligible player will not be allowed to continue or advance.

3.03C(4)a Eligibility Disqualification That Occurs Prior To or After the Conclusion of a Championship Event. In the event of an eligibility disqualification prior to or after the conclusion of a championship event, the team will remain eligible to participate and retain points received up to the disqualification, but the ineligible player will not be allowed to continue or advance.

3.03C(4)b Eligibility Disqualification That Occurs During a Championship Event When

Using a Round Robin Format or Segment. In the event of an eligibility disqualification in a round robin format during the championship event, the player will not be allowed to continue or advance on that team and all matches played by the player shall be considered losses and those matches shall be considered wins for the opposing players or doubles teams and scored 6-0, 6-0 for determining standings. If a double disqualification results in a tie, the tiebreak procedure shall be the same as in Reg. 2.03H *Procedures in the Event of a Tie*, in order to determine a winner of that team match.

3.03C(4)c Eligibility Disqualification That Occurs During a Championship Event When Using a Single Elimination Format or Segment. In case of a disqualification in single elimination format during the championship event, the player will not be allowed to continue or advance on that team and the last individual match played by the player shall be considered a win for the opposing player or doubles team and scored 6-0, 6-0 for determining standings. If a double disqualification results in a tie, the tiebreak procedure shall be the same as in Reg. 2.03H *Procedures in the Event of a Tie*, in order to determine a winner of that team match.

3.03D Grievance Committee Action.

3.03D(1) Upon the receipt of a grievance and as soon as reasonable, the League Grievance Committee shall investigate the alleged violation as it deems appropriate. If the Committee deems necessary, it shall arrange for a hearing at which the parties involved shall have the opportunity to present evidence.

3.03D(2) The USTA League Grievance Committee shall have the power to dismiss or deny the grievance or to direct the correction of any violations by reasonable means, including the suspension of an individual or team. This is applicable to any party to the grievance as long as such party has been given the opportunity to review and present evidence.

3.03D(3) The USTA League Grievance Committee shall prepare a written decision setting forth the basis for its decision and the deadline for any written appeal and promptly send copies to the parties involved.

3.03D(4) The decision of the USTA League Grievance Committee shall conform to the USTA League Suspension Point System, which shall be established prior to each League Year by the USTA National League Committee.

3.03E NTRP Grievances.

3.03E(1) Players Subject to NTRP Grievances.

3.03E(1)a Any self-rated player who is playing at an NTRP level lower than his/her actual skill level is subject to an NTRP Grievance.

If an NTRP Grievance Committee determines that the self-rated player has an inaccurate or inappropriate self-rating, the player shall be disqualified and have his/her NTRP level adjusted by the NTRP Grievance Committee. Scoring of matches played by the disqualified player, per Reg. 3.03E(6), may be administered in accordance with Reg. 3.03B(4) Scoring of Eligibility Disqualification in Local League and Reg. 3.03C(4) Scoring of Eligibility Disqualification for Championships. The NTRP Grievance Committee may additionally impose other penalties against a player who has inappropriately self-rated, under the League Suspension Point System. Also, a captain or others who have completed, assisted, condoned or approved inappropriate self-rating will be subject to such penalties as the NTRP Grievance Committee may decide, under the League Suspension Point System.

3.03E(1)b A player with a valid NTRP Computer (C) rating or granted an Automatic Appeal (A) rating of a Computer (C) rating is not subject to an NTRP Grievance. Players 60 or over and players 65 or over who are promoted and granted an appeal per Reg. 2.05E are also not subject to an NTRP Grievance. Any other player is subject to an NTRP Grievance including players with granted Medical Appeals.

3.03E(2) Any league captain, coordinator or member of a Championship Committee may file an NTRP

Grievance.

3.03E(3) NTRP Grievances may be filed against a player at any time up to 48 hours after the conclusion of the Sectional Championship of the player's team, whether or not the player participated. NTRP Grievances will not be accepted at National Championships.

Southern Regulation: NTRP Grievances filed within 7 days of the start date of the players and/or captain's local league playoff and/or 21 days of the start date of the player's and/or captain's State or Section Championships will be administered after the event unless the section authorizes the administration of the grievance prior to that time. If the grievance is not administered until after the event, points won by players will stand. Disqualified players and/or captains that are suspended will not be eligible to advance to the next level of championship play.

3.03E(4) Local League Competition. NTRP Grievances shall be filed in writing with the Local/District/Area League Coordinator or designee having jurisdiction. NTRP Grievances shall be administered by the Sectional League NTRP Grievance Committee of the player against whom the NTRP Grievance was filed. Each Section shall have the option to adjudicate NTRP Grievances prior to, during or after a championship event.

3.03E(6) NTRP Grievance disqualifications occur when the Sectional League NTRP Grievance Committee reaches such decision and sends notification to the parties involved. The date and time that the Sectional League NTRP Grievance Committee sends notification controls the assessment of penalties, including the scoring of matches, which shall be administered in accordance with USTA League Regulations 3.03B(4) *Scoring of Eligibility Disqualification in Local League* and 3.03C(4) *Scoring of Eligibility Disqualification for Championships*.

3.03E(7) After an NTRP Grievance Disqualification, the player may not play at the disqualified NTRP level of play or any lower NTRP level of play in either singles or doubles for the remainder of the Championship Year and for the succeeding Championship Year. In any Division using combined levels, the combined NTRP rating of the disqualified player and partner may not surpass the maximum permitted combined level for that Division. A player who has been moved up as a result of an NTRP Grievance Disqualification in the Adult Division must immediately adjust his/her NTRP level of play in the Mixed Division.

3.03E(8) After an NTRP Grievance Disqualification in an Early Start League (ESL), the player must immediately adjust his/her NTRP level of play. The player may not participate at the disqualified NTRP level in a previous year's championship for which the player may have qualified.

3.03E(9) The Sectional League NTRP Grievance Committee decision may be appealed in accordance with USTA League Regulation 3.04 *GRIEVANCE APPEALS*.

3.04A(4)b If the grievance was dismissed or denied and then appealed, the party(ies) may participate during the appeal process but must understand that the decision of the Grievance Committee may be remanded for reconsideration.

3.04B Grievance Appeal Committee Action.

3.04B(1) The Grievance Appeal Committee shall not be required to hold any hearing except as provided in Reg. 3.04B(2). Its decision may be based entirely on the findings of fact by the Grievance Committee whose decision is being appealed and on the facts and arguments submitted in writing by the party(ies) to the appeal.

3.04B(2) If the Grievance Committee did not hold a hearing, the Grievance Appeal Committee shall do so, provided any party involved in the grievance so requests in writing. However, the committee may hear such further evidence as it, in its absolute discretion, deems appropriate.

3.04B(3) The Grievance Appeal Committee shall have the power to affirm, modify, remand for cause, or reject the decision of the Grievance Committee. 3.04B(4) A copy of the Grievance Appeal Committee's written decision setting forth the basis of its decision shall be promptly sent to all interested parties and such decisions shall be final and binding. The following exception shall apply: any individual or team suspended by any Local, District/Area, or Sectional Grievance Appeal Committee for a period of 12 months or more may appeal the final decision of the Grievance Appeal Committee to the National League Grievance Appeal Committee within the deadline established by the Grievance Appeal Committee.

3.04C(2) The National League Grievance Appeal Committee shall have the power to conduct such investigation as deemed necessary by the Committee in its absolute discretion and to affirm, modify, remand for cause or reject the decision of the Grievance Appeal Committee, but may not impose a harsher penalty. (See Reg. 3.04B(3).) However, the National League Grievance Appeal Committee may, for cause, remand the matter to the original Grievance Committee or a new Grievance Committee for reconsideration.
