Red Hare Brewing Company Tennis League Overview

The winner of the night’s match will be the team that wins the most individual matches. The first team to 2 individual match wins will win that week’s overall team match. Even if a team wins Men’s and Women’s Doubles, the third line of Mixed Doubles will need to be completed in full for tiebreaker purposes at the end of the regular season.

A match consists of three (3) separate 8-game sets: 1 men's doubles match, 1 women's doubles match and 1 mixed doubles match. In each match, the doubles team who is first to win 8 games, winning by 2 games is the winner. Ex) Tom & Cindy could win a match 8-6. 8-7 is not a valid score because they did not win by 2 games. A 7-point tiebreaker will be played at 7-7 in any set.

No-ad scoring is used. At 40-40, the team who wins the next point wins the game. In mixed doubles, if the score reaches 40-40, the server must be the same sex as the receiver. Ex) Tom is serving at 40-40. He serves to his opponent Joey instead of serving to his opponent Becky. The server serves to the side of the court that the receiver of the same gender is standing on so if Joey is playing the ad side, Tom would serve from the ad side at 40-40.

In same-sex doubles, at 40-40, the receiving team chooses who will receive the serve. The server serves to the side of the court that the chosen receiver is standing on.

Note: Refunds will be granted if the player requests one on or before the Friday prior to the first match of the season.

League Rules

TEAM ROSTERS

Each team must have a minimum of 6 players. Teams must consist of at least 3 men and 3 women per team, but can have up to 16 players per team. For teams with only two available Men or Women for that week we will allow a player to play on multiple lines. For example, if a team only has two available Men for a match, one of the players is allowed to play both Men’s Doubles and Mixed Doubles. This is a fun social league and we want to try our hardest to prevent any defaults due to lack of available players. This is only allowed for teams with 2 available players of that gender per week.

1. Divisions & Determining Your Team Average

The Red Hare Brewing Company Tennis League will group teams into divisions based on the NTRP team level. How does a team find its team level?

USTA Atlanta will create division groups at each facility according to the rating of each player on the team. All beginner/intermediate teams must consist of all 2.5-3.5 rated
players and all intermediate/advanced teams must consist of all 4.0-5.0 rated players. A NTRP rating manual can be found on the last page of these rules for reference in signing up a team.

A 5.0 player is the highest NTRP level allowed to play in the league.

2. Determining Ratings of Players

- If a player has a computer generated USTA rating, they must compete at that rating.
- If a player is using an accepted self-rating for USTA League play, that player must compete at that level in the RHBCT League. When ratings are published for USTA League play, that player must play at the published rating.
- If a player does not compete in USTA Leagues and does not have a rating, USTA Atlanta will allow a player to self-rate for the RHBCT League using the guidelines found at the end of these rules.

3. Adding Players

Teams may add players during the season to their roster. A player may not be added after the last regular season match has been played. The rating of an added player must be within the boundaries of that team’s level of play. Players added must be paid IN FULL before stepping on the court or the line(s) in which that player played will be defaulted. If a team is found to have put a player in the lineup that has not paid and then enters a player on the scorecard that did not play in any part of the match (substitute or otherwise), the team will be given a warning. The player who did play in the match must pay and register for the team. If this is not done, the player will not be allowed to be on the roster – even as an unpaid member of a team for one full year. If it is discovered that a team has consistently played unpaid players in their matches, further action may be taken, including team suspension.

SCORING

1. The Red Hare Tennis Match

A match consists of three 8-game sets: men’s doubles, women’s doubles and mixed doubles. Captains must submit lineups to the other captain prior to each set.

The winner of the match will be the team that wins the best 2 out of 3 individual matches. The first team to 2 individual match wins will win that week’s overall team match. Even if a team wins Men’s and Women’s Doubles, the third line of Mixed Doubles will need to be completed in full for tiebreaker purposes at the end of the regular season.
2. Set Scoring

A match consists of three (3) 8-game sets using NO AD scoring and includes one set of men’s doubles, one set of women’s doubles, and one set of mixed doubles. The mixed doubles sets are always played last. Each 8-game set is won by the first team to reach eight games (winning by 2 games). IMPORTANT RULE TO FOLLOW: A 7-point tiebreaker will be played at 7-7 in any set.

Seven-Point Tiebreaker: The person who is to serve next begins the tiebreaker by serving one point. Each player thereafter serves two points in succession starting from the ad court. Players change sides after a total of 6 points have been played. The first team to score seven points (winning by two points) wins the tiebreaker. Ex) 7-5 is a valid tiebreaker score, 7-6 is not. The tiebreak continues until a team wins by two points. Ex) A score of 12-10 is a valid tiebreaker score.

Red Hare Brewing Company Tennis League Rules Of Play

1. Order of Play

One court: Starting with Men’s Doubles, followed by Women’s Doubles and ending with Mixed Doubles. The match must end with Mixed Doubles. If both captains agree, women’s doubles may start the night’s matches.

2. Exchanging Lineups

Captains will exchange lineups with the opposing captain prior to each set showing who will be playing for their team. Once a player has begun play, the player must complete three games before a substitution is allowed. The official match start time is 6:30 PM each scheduled Monday.

3. Warm-ups

All players must warm up prior to the start of the match at 6:30 (Note: your facility may require court fees for additional court time). Players may warm up for 5 minutes prior to the start of each set. Captains are responsible for enforcing the warm up rule. Your facility may charge your team extra court fees if your match runs over 2 hours. Some facilities may offer extra courts for warm-ups, which may also require your players to pay extra fees to the facility.
4. Service Order & Change of Ends

The service order is determined by the spinning of the racket. A player will ask the opponent to call the direction or letter on the bottom of the racket. The player/team who wins the spin may choose either: A. To be server or receiver of the first game of the match in which case the opponents will choose which side to start from or B. Choose the side they want to start on in which case the opponents would choose to either serve or receive first.

5. Service Lets

Just like in college tennis! When the serve hits the net and bounces within the service court, the ball is playable. Either player on the receiving side may return the ball after it bounces. If any player on the court calls “let” he/she loses the point. **Note: Captain’s can determine before match play begins if they will play lets.**

6. Substitutions

A team can substitute a player of the same gender into a set for any reason, if the following guidelines are met:

- A player must complete THREE games before they are taken out of a set and replaced by a substitute.
- Once a player is replaced, he/she cannot return in that set. In doubles, the remaining player cannot change the side on which they receive or the service order.

A player who played in a same-sex doubles match can play in the subsequent mixed doubles match. See Rule #11.

7. Mulligans

Each player (including subs) in every individual match is allotted (1) one mulligan that can be used on any shot during the match. An active player must immediately announce they are using a mulligan after their team’s last point has been lost.

8. Tennis Balls

Tennis balls will be provided to captains for the entire season. All balls that are needed will be included in the captain’s pack which will be provided to captains before the start of the first match. The designated home team will be responsible for providing tennis balls each week. One can of balls should be used for the entire TEAM match (all three lines of play). USTA Atlanta will provide one can per team match/night.
9. **Coaching**

Coaching is allowed throughout the match as long as it does not interfere with continuous play. We encourage team members to safely stand along the court and support their team members.

10. **Default Rules**

Team default time: 15-minutes. The match default score will be recorded 3-0. The default play time for Men’s and Women’s Doubles is 6:30 PM. The default play time for Mixed Doubles is 7:15 PM.

Player default time: 15 minutes. If a home or away team does not show up the score will be recorded for the present team 3-0. Please tell your players that once the men’s doubles set is completed, the women’s doubles players should immediately take the court for the five-minute warm up. The same applies for the mixed doubles sets.

11. **Mixed Doubles**

Mixed Doubles players should not play in more than one full individual match per night. That means each team is required to have at least 3 men and 3 women ready to play each night. The exceptions to this rule are a lack of available players (see page 1) and substitutions. A player who has played in a previous match may substitute in after the substitution requirements are met.

12. **Rain**

Captains should call their facility to confirm playing conditions. If a match is completely rained out, teams do not need to report to the facility and captains should confirm the match cancellation with one another. Captains will decide when the match will be played. If rain occurs while play is already under way, teams will complete the match on another Monday or during a rain make-up night (if one has been scheduled by the league administrator). Captains are responsible for agreeing on make-up match times with one another, calling their facility and reserving courts for make-ups. Make sure the facility knows the make-up courts are for Red Hare and we will incur the costs. In the event of rain during a playoff or finals match, a default makeup time will be imposed by the league administrator.

13. **Entering Scores in TennisPoint**

The captain of the winning team will enter scores at the end of the match. Please confirm with the opposing captain that your scorecards are correct.
*Note: If incomplete matches remain at the end of the regular season, scores for said matches must be left at 0-0.

14. USTA Rules of Fair Play will be followed during all play.

DIVISION WINNERS

During the regular season, teams will play each of the other teams in their division. Typically, when the schedule allows, the last Monday of play will consist of 1st & 2nd place teams competing for the championship title as well as consolation matches for teams ranked 3rd place and lower.

1. Division standings will be determined by the following:

The division winner will be based on the won-loss record of completed overall matches.

In the event of a tie: The first tiebreaker to decide the winner of each division is total individual matches won. The second tiebreaker will be the best winning percentage (total games won divided by total games played). If there is still a tie, the winning team will be determined by the team that won the most total games during the season.

CHAMPIONSHIPS

Each member of the winning and finalist teams will receive a player gift. Court fees will be paid by the RHBCTL for the finals.

FRIENDLY REMINDERS

(1) The Red Hare Brewing Company Tennis League is a fun, recreational league. We remind all captains and players to be flexible, exhibit good sportsmanship and be willing to work with the other teams to make each league season a success.

(2) League administrators will verify all ratings and research players without a USTA rating prior to the start of the season.

(3) Because this is a fun league, we don’t have a long list of rules; however, we do expect teams to play with integrity and not abuse the laid-back atmosphere of this league.

***All rules are subject to change***
NTRP Rating Characteristics

2.0
You lack court experience and your strokes need developing. You are familiar with the basic positions for singles and doubles play.

2.5
You are learning to judge where the ball is going, although your court coverage is limited. You can sustain a short rally of slow pace with other players of the same ability.

3.0
You are fairly consistent when hitting medium-paced shots, but are not comfortable with all strokes and lack execution when trying for directional control, depth, or power. Your most common doubles formation is one-up, one-back.

3.5
You have achieved improved stroke dependability with directional control on moderate shots, but need to develop depth and variety. You exhibit more aggressive net play, have improved court coverage and are developing teamwork in doubles.

4.0
You have dependable strokes, including directional control and depth on both forehand and backhand sides on moderate-paced shots. You can use lobs, overheads, approach shots and volleys with some success and occasionally force errors when serving. Rallies may be lost due to impatience. Teamwork in doubles is evident.

4.5
You have developed your use of power and spin and can handle pace. You have sound footwork, can control depth of shots, and attempt to vary game plan according to your opponents. You can hit first serves with power and accuracy and place the second serve. You tend to overhit on difficult shots. Aggressive net play is common in doubles.

5.0
You have good shot anticipation and frequently have an outstanding shot or attribute around which a game may be structured. You can regularly hit winners or force errors off of short balls and can put away volleys. You can successfully execute lobs, drop shots, half volleys, overhead smashes, and have good depth and spin on most second serves.
