### Team Requirements

- Forming a Team: For 10U, 12U, 14U, and 18U, teams need at least 4 boys and 4 girls registered by the deadline. For 8U, teams need at least 6 eligible players (boys and/or girls). Teams need to register at the level of their highest-rated player. *For example, if your highest-rated player is Intermediate, then your team needs to register for the Intermediate division level.*
- Home Facility Requirements: Teams are required to provide two courts of the same surface at their location. All facilities must be located in Cobb, Dekalb, Fulton, Gwinnett, or Forsyth County. Captains at a new facility should contact USTA Atlanta (770-416-4333) to verify your facility is eligible for the USTA Jr. Team Tennis program. The following information is required: facility name, address, number of courts and directions from I-285. The team cannot register until the facility is processed. Lights are **required** if a make-up match takes place during the evening. Home teams hosting 10U play must have courts prepared for 60ft play (tape, chalk, painter's tape and permanent lines are permissible). *If you would like to update your JTT court availability, please email Amanda (Amanda@ustaatlanta.com) with the facility and number of courts available for Junior Team Tennis by April 11th. This will help when scheduling numerous teams at a facility.*
- Captain Information: Captains must have a current email address in order to receive league information throughout the season. As captain, you are responsible to get all USTA Atlanta information to players. Please ENSURE that your e-mail and phone number are correct on TennisLink.

### Player Requirements

- New USTA Players and Ability Level: New players that do not know where they should be placed should view the rules for Jr. Team Tennis at [www.ustaatlanta.com](http://www.ustaatlanta.com). (USTA Jr. team Tennis > Rules > 3). The USTA Jr. Team Tennis play levels are defined as Beginner (NTRP 2.0 & below), Intermediate (NTRP 2.5 & 3.0) and Advanced (NTRP 3.5 & above). Players cannot have a rating higher than the team tennis level at which they are playing. The USTA Jr. Team Tennis Program uses the JNTRP Guidelines as a tool for assessing player skills in order to level teams. Please see the rules to view the JNTRP Guidelines.
- **1.05 Official Rating Program: Players with more than 150 points in any age group on the posted Georgia standing list as of the end of January 2016 may not play Beginner level (NTRP 2.0 and below). Point totals shall include both singles and doubles divisions from which points were acquired. Points earned due to defaults will not be considered and may be deducted if noted in writing to the State League Coordinator at time of Championship registration.**
- Age Eligibility: USTA Junior Team Tennis is designed for kids ages 5-18. All players participating in the Summer 2016 season must remain age eligible through August 31<sup>st</sup> of the 2016 Championship Year (September 1, 2015 – August 31, 2016). \*8U-eligibility rules are not the same because 8U teams do not advance past the local level. Players on 8U teams must remain 8 or younger through the summer season (through July 16).
- USTA Membership: All players must have a USTA membership that is current through the entire season of play. To join or renew a membership, go to [www.usta.com](http://www.usta.com) or call 1-800-990-USTA. Current members can change contact information by calling Membership Services (number above) or emailing at [memberservices@usta.com](mailto:memberservices@usta.com). Junior membership for one year is \$20. \*New 10 and under players can receive a free 1-year junior membership by using promo code FYF16CNS.

- Captains should check with all players before registering them for the team. **Once payment has been made no refunds will be issued.** We recommend that each parent be responsible for registering their child on a team.
- If you need additional players for your team, email Amanda ([Amanda@ustaatlanta.com](mailto:Amanda@ustaatlanta.com)). We maintain a database of players looking for teams to join.

#### **Other Important Information**

- Teams that are formed outside of the USTA Atlanta boundaries (outside of Dekalb, Fulton, Gwinnett, Cobb, and Forsyth) are welcome to participate in USTA Atlanta Jr. Team Tennis (if approved). However, teams outside USTA Atlanta boundaries will be required to travel to more (if not all) matches, and will be grouped with the teams in closest proximities as possible.
- USTA Atlanta will make every effort to group teams within the closest proximities possible. Just because your team is closer to one facility does not necessarily mean you will be grouped in that sub-flight.
- TennisLink allows captains to view the “work in progress” that USTA Atlanta has done when putting together schedules. In most cases, teams are shifted around in order to finalize other divisions. **PLEASE NO PHONE CALLS prior to schedules being posted.**
