

## **2014 KANSAS DISTRICT JUNIOR TOURNAMENT INFORMATION AND CHANGES**

In 2014 the Missouri Valley Section and the Kansas District has restructured the tournament setup, schedule and points tables to directly reflect national level points tables. For the Kansas District there will be four (4) Futures Qualifier tournaments and four (4) District Championship tournaments in 2014.

The Futures Qualifier tournaments are district tournaments (level 4 Missouri Valley points) that will provide the winner of the event a wild card into a subsequent Missouri Valley Futures tournament. These Futures Qualifier tournaments will NOT be open to players from other districts and are not required to but may include doubles.

The District Championship tournaments will only be open to players from the Kansas District. These tournaments have significantly increased points values (level 3 Missouri Valley points schedule) and will include doubles.

The points schedules for all Missouri Valley levels can be found on the Missouri Valley website.
