

Hi,

This is Ivana Corley.

I have been working for the past month or so on creating a big varsity High School Tennis Tournament to replace the State tournament since it was unfortunately canceled due to COVID-19.

Thus, we have created "The Corley Cup".

The goal of this tournament is not only so that high school players (including graduated seniors) can get to play a state like tournament, but also to reward players who place between 1st and 4th place in the tournament a scholarship/grant to use towards their college education and reward others with fun and SWAG.

Proceeds from tournament sponsorship will also support The New Mexico Youth Tennis Foundation, The New Mexico Martin Luther King Foundation and God Cares About You International District Mission.
