Teams are requested to submit their lineups 30 minutes prior to match time with all players in the lineup present and ready to play. This policy is intended to keep the matches on schedule and when captains comply with this request, all teams benefit. If courts are available before your scheduled match time and both cards have been turned in, the matches will be called. The players called must be available to play or they will be put on the clock for lateness even if this is before the scheduled match time, so please do not turn in your lineup until you have all players present and ready to play. Team captains are required to submit the lineup no later than the scheduled match time with all players in the lineup present and ready to play. If lineups are not turned in by the scheduled match time, the lateness penalties will be assessed against all players for that match as long as at least one court is available.
