The names of committee members must be submitted to the Section USTA League Coordinator for approval before the start of local league play.

1.04B(4)

A Section, District, and/or Local League Coordinator, who participates in the USTA League Program may not be a captain of any team.

1.04C(1)a

Corrections to the original or amended roster based on administrative error may be authorized by the District League Coordinator without forfeiture of said match.

1.04C(2)

USTA League match scores must be reported by either team within 48 hours of the completion of the match. The District League Coordinator will run the match reports daily. The consequences for failure to report match scores are as follows:

- a) A written warning issued to both teams for the first offense;
- b) All subsequent violations will result in the individual team match not counting toward league standings, however match results will still be used to generate player ratings.

1.04D(2)a

The Section shall request a waiver from USTA to authorize early start leagues, however, the local league may not begin prior to September 1.

1.04D(3)a

Local leagues may determine the dates for their season. Local leagues must have begun play for Adult 18 & Over and Adult 40 & Over by July 1, Mixed by July 15, and Adult

1.04D(3)b

Local League Season: The local league season shall begin with the local league roster deadline and end on a date determined by the local league. During the local league season, no more than two regularly scheduled matches may be played in a seven-day period for the following Divisions: Adult, and Mixed.

1.04G(2)e

Players who qualify to advance to championships on more than one team may be required by their Section to choose which team they will represent.

a) A player, who qualifies for championship level competition within a division on two or more different NTRP

levels, may play on any or all of these teams but there will be no accommodation in the championship schedule.

b) A player who qualifies on two or more teams within a division at the same NTRP level competition at the same championship will be eligible only for one team and that choice must be reported in writing to the championship director by the deadline set by each District Championship Committee and by 12:00 (noon) local time on the Monday preceding the State and Section Championship. A player representing two local leagues in the same District who fails to declare will automatically be assigned to the first team on which the player registered. A player representing two different Districts, who fails to declare, will automatically be assigned to the player's home District. A player must remain with his or her chosen team for all championship play up to and including the National Championships, or their equivalent. A team defaulting an entire match at any championship level (District, State and Section) will result in its team members being ineligible to compete in any Championship Competition within the USTA/Midwest Section USTA League program in the next championship year. All individual

2.04D(2)a

In the case of early-start leagues, a player must use their early-start rating to determine their level. The total calculation must not exceed the category in which the team is participating. Any player disqualified from the Adult Division may not play at that NTRP level of play in the USTA League Mixed 40 & Over Division (and any lower level of play) for the remainder of the league year and for up to three years (two years for age 60 and over) unless a new NTRP computer rating is

generated. A disqualified player becomes a benchmark. In combined leagues, the disqualified player must play with a partner who does not surpass the level entered. In some circumstances, there may be players on a team who cannot combine but may still be eligible for the category. Players who do not have a current computer-generated rating, shall use a self-rating.

Section 3 Team Size

The USTA/Midwest Section Mixed 40 & Over League shall consist of a minimum of three men and three women players on each team.

Section 4 Team Match Format

Each team match for championship play shall consist of three doubles matches and the team winning the majority of those three doubles matches shall be awarded one team point. All matches at the Mixed 40 & Over Sectional Championships shall be the best of two sets, with regular scoring and a set tiebreak (using the Coman Tiebreak Procedure) at six-all in each set. In the event of split sets, a match tiebreak (using the Coman Tiebreak Procedure) shall be played in lieu of a third set with a maximum of two minutes rest and no coaching allowed. (The tiebreak shall be scored as one set and one game for tiebreak procedures). At the State or Sectional Championship level, if an emergency or other condition dictates, the tournament referee may authorize the use of other USTA approved scoring methods in order to complete play on schedule.

Section 5 Sectional Championships

Local league champions of each NTRP level of Mixed 40 & Over may progress through an Area/District Championship. Area/District champions may progress through a State Championship. A State Championship will be held for each of the Mixed 40 & Over NTRP levels if more than one Area/District champion has been determined in that state.

Section 6 General

a) USTA/Midwest Section Mixed 40 & Over participants may also compete in other USTA League programs at the same time if they wish.

- b) All player registration must be completed by December 15.
- c) During the local league season, no more than two regularly scheduled matches may be played in a seven-day period.
- d) Winning teams may progress through State Championships.

Section 7 USTA League Section Grievance Committee

The USTA/Midwest Section will have a USTA/Midwest Section USTA Adult League and Recreation NTRP Grievance Committee composed of three members from the USTA/Midwest Section USTA Adult League and Recreation Committee which are appointed by the USTA/Midwest Section USTA Adult League and Recreation Committee Chair. If the grievance is due to NTRP Grievance (3.02E), then the committee shall be composed of the USTA League Committee Chair from the District where the grievance originated and two other members of the USTA/Midwest Section USTA Adult League and Recreation Committee appointed by the USTA/Midwest Section USTA Adult League and Recreation Committee Chair. A District League Coordinator may not serve as the chair of the District USTA League Committee.

Section 8 Eligibility

- a) The USTA /Midwest Section does not require teams that compete at Section Championships to move up a level or disperse the following league year.
- b) A player is eligible to advance to championship competition if that player has played on that same team in at least two (2) matches through the local league season. A maximum of one defaulted match received shall count for advancing. A retired match shall count for all players involved.

Section 9 Competition Format

Players who qualify to advance to championships on more than one team may be required by their Section to choose which team they will represent.

a) A player, who qualifies for championship level competition within a division on two or more different NTRP levels, may play on any or all of these teams but there will be no accommodation in the championship schedule.

b) A player who qualifies on two or more teams within a division at the same NTRP level competition at the same championship will be eligible only for one team and that choice must be reported in writing to the championship director by the deadline set by each District Championship Committee and by 12:00 (noon) local time on the Monday preceding the State and Sectional Championship. A player representing two local leagues in the same District who fails to declare will automatically be assigned to the first team on which the player registered. A player representing two different Districts, who fails to declare, will automatically be assigned to the player's home District. A player must remain with his or her chosen team for all championship play up to and including the National Championships, or their equivalent. After elimination of the chosen team, a player may not advance with another team at the same NTRP level.
