

2017 USTA/Midwest Points Per Round Tables

Points per round (PPR) refers to how many points a player will earn should they make it to a certain round in a tournament. Remember, a player's total points that count towards his or her rankings or standings list position is comprised of their best six results in any given 12 month period. Additionally, as of January 1, 2016, the USTA/Midwest Section has implemented a bonus point system, which awards additional points for a tournament should a player win against a player ranked in the top 100 of that age division. Below you will find PPR tables for many different types of draws and the bonus point table. If you have any questions about the PPR or ranking in general, please email jrtourney@midwest.usta.com.
