

Wisconsin Tennis Association

Tennis Professional Stipend Application

The objective of the Tennis Professional Stipend Program is to provide Wisconsin District Tennis Teaching Professionals with an opportunity to enhance their careers by defraying the cost associated with continuing education. Applicants must be USPTA and/or PTR Certified professionals teaching full or part-time in the Wisconsin District. Applicants should first contact their employer regarding reimbursement for continuing education. The stipend will not exceed \$500.00 and should be used to defray the cost of the continuing education fee and materials. There is no yearly deadline, but applicants must apply with the WI District at least 30 days before the event/program deadline. Applications will be reviewed carefully and preference will be given to those professionals who contribute to the community, WTA and/or run USTA Tennis programs.
