COACH'S SCORING GUIDE

1. GAME SCORING

In Advanta World Team Tennis (Advanta WTT) the scoring is no-ad. This means a game is won by the first team to capture four points (15, 30, 40, game or 1, 2, 3, game). When the game score is deuce or 3-3 (game point), the receiving team chooses which side is to receive serve. In the mixed doubles set the serve must be gender to gender.

2. SET SCORING

A match is played on two courts and consists of eight no-ad sets (the eight-set format is a variation of the standard six-set format). These sets include: one set of boy's doubles, one set of girl's doubles, two sets of boy's singles, two sets of girl's singles, and two sets of mixed doubles. Each no-ad set will be won by the first team to reach six games. A nine-point tiebreaker will be played at five games all in any set (see explanation of tiebreakers).

3. MATCH SCORING AND OVERTIME

The winner of the match will be the team that wins the most games. However, for purposes of determining whether a match will go into overtime, set number eight will be the deciding factor. (Strongest mixed doubles team should be designated as set number eight before match begins.) Players cannot play in both mixed doubles sets. After both mixed doubles sets are finished and scores are totaled, the procedure is as follows:

- A. If the leading team won set number eight, the match is over.
- B. If the trailing team won set number eight, the match continues into Overtime until the leading team wins one game or until the score is tied. (See Supertiebreaker.)
- C. If the overall score ends tied, you automatically begin the Supertiebreaker. Overtime will be started by the team that played in set number eight.

When playing the eight set format, sets 1, 3, 5 and 7 on the WTT scorecard will be played on the odd numbered court while sets 2, 4, 6 and 8 will be played on the even numbered court. If it is determined that a mixed doubles team played on the wrong court, the games that have been completed will stand and the error will be corrected. If the sets have been completed, the scores will stand and be recorded with the odd number court as set 7 and the even number court as set 8 (designated).

4. SUBSTITUTIONS

A team can, at any point, substitute a player (same gender) into a set for any reason. Once a player is replaced, he/she cannot return in that set. If a substitution occurs in doubles, the remaining player cannot change the side on which they receive or the service order. Substitutions are allowed in Overtime (if a player has not already played in mixed doubles) and the Supertiebreaker. Once a player has come out of the mixed doubles set, a player cannot return in Overtime as it is the same set. Once a player's name has been listed on a score card, it counts as him/her having played in that match. Substitutions may be made in the singles events; however, a player who has played in one singles event may not play in another (i.e. player who plays in boy's singles #1 may not substitute into boy's singles #2).

5. WARM-UP TIME

In Advanta WTT, you warm-up with your teammates. All players are allowed a five minute warm-up. All team members are encouraged to warm-up during this time. Once play has begun, a three minute warm-up is allowed between sets. This must be adhered to so that all sets will be completed in the time allotted.

6. SERVICE ORDER

The home team serves first in girl's doubles, girl's singles #1, boy's singles #1 and mixed doubles set #8. The away team serves first in boy's doubles, girl's singles #2, boy's singles #2 and mixed doubles set #7. The initial receiver has the choice of sides in each set.

7. CHANGING ENDS

After every four games, players change ends of the court.

8. SERVICE LETS

When a serve hits the net and bounces within the service court, the ball is playable. In doubles, either player on the receiving side may return the ball after it bounces.

9. COACHING

Coaching is allowed throughout the match as long as it does not interfere with continuous play. We encourage team members to stand along the court and support their team.

10. DEFAULT RULES

Time: 15 minute team default = match default
15 minute player default = set default

Injury: If a player defaults during a set, the score will be recorded with the games played standing with the opposing team receiving six games. Any points played in an unfinished game count as a game. If the score is tied within that game (i.e. 1-1, 2-2, 15-15) the game will not be counted.

11. EXPLANATION OF TIEBREAKERS

NINE-POINT TIEBREAKER

The person who is next to serve begins the tiebreaker. Each player serves two points in succession starting from the deuce court. Players change sides after four points. The first team (or person) to score five points wins the tiebreaker. If the tiebreaker reaches 4-4, the person who served the eighth point serves the ninth (final) point. The receiver, however, has the choice of sides (except in mixed doubles, the service must be gender to gender). The winner of the ninth point is the winner of the set.

SUPERTIEBREAKER

If the match enters into a Supertiebreaker, a coin toss will decide which team serves first in the Supertiebreaker. The Supertiebreaker should be treated as a new set and substitutions are allowed. Each player serves two points in succession starting from the deuce court. Players change ends after six points. The first team to score seven points wins the Supertiebreaker. If the Supertiebreaker reaches 6-6, the person who served the twelfth point will serve the thirteenth (final) point. Since this set is mixed doubles, the final serve will be gender to gender. The winner of the thirteenth point wins the Supertiebreaker and the match. The Supertiebreaker counts as one game in the overall match scoring.

NOTE: Everything in Advanta WTT is by ONE point! (You do not have to win by two points.)
