

USTA Mid-Atlantic Junior Tournament Inclement Weather Policy

- All tournaments must post a refund policy with regard to inclement weather on the tournament homepage.
- Member Organizations are not required to refund players for tournaments affected by inclement weather.
- MAS recommends that a credit be offered to players affected by the cancellation for a future tournament hosted by that same organization. The decision to offer such a credit is at the discretion of the Member Organization – but MUST be posted on the tournament homepage.
- All tournaments must be played to completion, weather and darkness permitting.
- A tournament cannot be cancelled prior to the tournament start date, unless permission is given by the USTA Mid-Atlantic Section.
- The Tournament Committee shall not make the decision to cancel matches for the remainder of the day until at least 2pm of the day in question; or to cancel the tournament until at least 2pm of the last scheduled day of play. The Tournament Director must make every effort to complete as many matches as possible, and to complete a round within the draw. **Exceptions can be made for severe conditions or if permission is given by the Mid-Atlantic Section.
- In the event that a tournament must be shortened, the use of no-ad scoring, third set tie-breaks, and shortened sets (or combinations of these formats) is recommended.
- If events must be cancelled, the preferred order is:
 - Doubles Consolation
 - Singles Consolation
 - Doubles
 - Singles
