

Team Tennis Program Application

Becoming a Coach/Captain

- Team Tennis requires that all teams have a designated Coach or Captain
- For the System to recognize you as a Coach or Captain you will have to log in to identify yourself as Coach/Captain
- This will be required to: Record Scores for your Team Matches or Create your own team number (If allowed by your program)

Setting up your account as a Coach/Captain

From the Team Tennis Home Page <http://teamentnis.usta.com> Click on Become a Coach/Captain.

- You have 2 options:

1. If you have a USTA Membership ID number (does not have to be current)

- Enter your number -and click Get
- Review the information to make sure it is correct
- Setup your password - Enter and confirm the password you wish to use
- Enter a password hint that will allow you to log in even if you don't remember your password, Select the type (Nickname, Birth Place, Favorite Movie) and enter the hint. You may want to write down your selections for password and hint
- Click on Submit

:

That saves your information and creates an account for you as a Coach/Captain in the TennisLink Team Tennis System

Or:

2. If you do not have a USTA Membership ID number, you can create an ID number for Team Tennis that will allow you to create your Coach/Captain Account

- Fill in the information, Fields with * are all required
- Phone number and Email address are not required, but providing them will give your Team Tennis coordinator or other captains a means of contacting you
- Enter your Password and Password Hint information
- And click on Submit

Your new Team Tennis ID number will be displayed

Make sure you write it down for use when registering players or recording scores
