1.00 General

1/13/00	Can a Section or District/Area require play in order of strength? An individual team in the 8.0 Division which has a combined NTRP of 7.5 would play below other individual teams with an 8.0 NTRP.	No. A local rule requiring playing in order of strength is in violation of the National Regulations. Any rule dealing with this issue needs to be removed from the Sectional, District/Area, or local rules.
8/9/2007 Updated 2/10/09	Under what date and time should a match be entered into TennisLink that was interrupted (some positions completed while others were not) by rain or other situations?	Use the date of the last outstanding individual match to be completed. See Regulation: <i>1.04C(2)</i>
1/1/98 Updated 2/5/11	What is the difference between a Local League Play-off and a District/ Area Championship?	Local League Play-Off: Part of Local League competition. Any decision regarding whether the play-off is part of the Local League or part of the Championships is not based on where the matches are put into TennisLink since all Play-offs must be set up in the Championship module. Flight Play-off in Local League is part of the Local League. Local League Play-offs should be set up in the Championship module. Sections can determine the number of matches required in order to enter the Local League Playoff structure. District/Area Championship: any event that occurs between the completion of the Local League Play-offs and the Sectional Championship. See Regulations: <i>1.04D(1), 2.01C(1) and 2.03A(1)</i>
1/1/98 Updated 10/28/08	Can a Sectional Association increase the minimum number of players necessary to form a team?	No. A Section may not increase the minimum number of players on a team. They may state "minimum of 8, preferred minimum of 10." See Regulation: <i>1.04D(5) and table that follows</i>
1/27/11 8/22/13 9/23/14	What happens when a team that has qualified for a National Championship chooses to move up and play at the next higher level. However, at the next higher level there are only two teams participating. Does the 40% rule apply?	The team will be exempt from the 40% rule for the next year ONLY if the <u>majority of the</u> team moves up to the next higher level. See Regulations: <i>1.04D(5) and 2.06A</i>
1/1/98 Updated 1/24/09 9/23/14	If USTA Membership expiration occurs during Championships competition, and if no renewal application is filed prior to such expiration, will such player become an ineligible player?	Yes. Note: If it is determined that a player does not have a current USTA membership, the player can and must immediately apply for a membership renewal or be disqualified. See Regulations: <i>1.04E(2) and 2.03A</i>
5/25/00 Updated 02/04/09 1/14/13	Can a player register and play in an Early Start League if he/she has not reached the required age (18, 40 or 55) but will become eligible during the league year?	TennisLink will prevent the registration of an age-restricted player (18 & Over, 40 & Over or 55 & Over) until January 1st. The Section will have to leave registration open past January 1st if they wish to allow these individuals to participate. No waiver will be given to allow participation before reaching the required age. See Regulation: <i>1.04E(3)</i>
4/24/03 Updated 2/10/09	What rating can I use when registering for a league?	TennisLink only recognizes one NTRP or self-rate at a time. Players must use their most current rating on file when registering for any league. Ratings established

7/29/02 Updated 02/04/09	If an individual is dynamically disqualified at a Championship in which (s)he had also qualified at a higher level, can they then elect to participate at the higher level during that same Championship?	Yes, If the Section permits participation on more than one Championship team per event. See Regulation: 1.04G(6)
2/14/12 10/15/13 9/23/14	Tennis Link is not currently implementing Regulation 1.04F(1)c. How should a player's rating be handled if he/she has a "T" exclusive rating, but also has a valid "B" or "C" rating from a previous year and is now being required to self-rate to join an Adult team? This is fixed in TennisLink but for people with 2012 ratings, please send in a request through your Section League Coordinator to have your rating updated.	Scenario 1. When the player self-rates, he/she gets the same rating as their valid "C" or "B" rating, but it is now an "S" rating subject to NTRP Dynamic DQ and NTRP Grievances: When identified, the coordinator should change the player back to their valid "C" or "B" rating with the proper date and send in to TennisLink for system-wide change. Scenario 2. When the player self-rates and he/she is given a higher self-rating than his/her valid "C" or "B" rating and the player appeals: The Self-rate Appeal Committee should change the "S" rating to the player's valid "C" or "B" rating with the proper date and send to TennisLink for system-wide change. Scenario 3. When the player self-rates and is given a lower rating than their valid "C" or "B" rating: a. If the player has not registered for a team, he/she should be moved up to his/her valid "C" or "B" rating by the coordinator with the proper date and sent to TennisLink for system-wide change. b. If the player has registered for a team, but not played, he/she should be encouraged to move up to his/her valid "C" or "B" rating. If the player chooses not to move up, he/she continues with his/her "S" rating and is subject to NTRP Dynamic Disqualification and NTRP Grievances. c. If the player has played a match at the lower self-rating level and decides to remain at the lower level, he/she continues with his/her "S" rating and is subject to NTRP Dynamic Disqualification and NTRP Grievances. d. If the player has played a match at the lower rating level and decides to move up to his/her valid "C" or "B" rating, the coordinator would change the player to his/her valid "C" or "B" rating with the proper date and and submit to TennisLink for system-wide change. Any matches played at the lower rating level have been done so in good faith and stand See Regulations 1.04F(1)c
12/02/2013	Is USTA League play permitted on tennis courts with Pickleball lines?	At this time, there is no intent to regulate against match play in USTA League on tennis courts which have lines for Pickleball.

2.00 USTA League Regulations

1/1/98 Updated 2/10/09 2/14/12	What occurs if a player(s) is on the wrong court in an individual team match?	If the discovery occurs before the first game of all matches affected has been completed, players are to go to the correct courts and begin the matches over. If the discovery occurs after the first game is completed, the matches will be completed as started and count as matches played in good faith.
1/1/98 Updated 9/23/03 <u>9/23/14</u>	How should “known defaults” be handled both at the local level and at championships?	In the spirit of good sportsmanship and fair play, <u>it is recommended that</u> the opposing team(s) should be advised of a known default. The defaulting captain will still be able to designate at what position (2nd singles or 3rd doubles) a known default will occur. See Regulations: <i>2.01C(5) and 2.03F</i>
2/1/07 Updated 12/16/11	When a match is postponed following the exchange of line-ups, do the original line-ups stand for the make-up match?	If the Section speaks to this issue the Section/District rule would be followed. Otherwise, the line-up would stand only for those positions that had already started (first service attempt) their match. All other positions, even those that were in warm-up may be changed including defaulted courts. See Regulation: <i>2.01C(5)</i>
1/1/98 Updated 2/16/09 12/16/11	What happens when two players on a team don't show up that are members of two different doubles teams?	The Sectional Association or Championship Committee has latitude based on the language found in 2.01C(5) and 2.03F which states except under such further circumstances as the Sectional Association or Championship Committee authorizes. The objective is to avoid additional defaults to the degree possible. For example, if the two players came from the number one doubles team and the number three doubles team, these players could play at number one doubles, the number two doubles team could remain the same and the default would occur at the number three doubles position. See Regulation: <i>2.01C(5) and 2.03K</i>
1/23/13 10/31/13	If there is just one plus player registered on a 4.5+ or 5.0+ team and a 4.5 (or 5.0) player is DQ'd what happens to his/her matches? Can the player remain on the team?	The player played at the lower level, therefore local matches are reversed based on Section option (See 2.04E(1)). For Championship play, Regulation 2.04E(2) applies. Yes. The player can remain on the team.
10/31/13	If there are already two plus players registered on a 4.5+ or 5.0+ team, and a 4.5 (or 5.0) player is DQ'd can the team choose which player comes off the roster or does the DQ'd player have to be removed?	The DQ'd player must be removed unless one of the other plus players is unable to continue play and agrees to be removed. Local matches are reversed based on Section option; see 2.04E(1). For Championship play, Regulation 2.04E(2) applies.
1/23/13	Two 5.5 players play in a three line 5.0+ match. (Only one is allowed to play) If one player plays #1 Singles and the other plays #1 Doubles, does that captain get to choose which match becomes the ineligible match? How is it scored in TL?	No, the #1 Singles position must be defaulted. Coordinators must use the DQ function in TennisLink so the match counts as a match played for the opponent and the match counts for NTRP calculations. The match of the disqualified 5.5 players should NOT count towards advancement to Championships.

3/28/13	Are “timed matches” permitted at the Sectional, District, Area or Local Level?	“Timed Matches” are compatible with the USTA NTRP Computer Rating System, and thus Sections may authorize such match formats within their section, or may delegate that authority to the Districts, Area, or Local Leagues.

2.02 PROGRESSION

1/13/99 Updated 9/1/02	If a Local League or District/Area has only one team in a Division (e.g. Adult, Mixed) can they go directly to the District/Area or Sectional Championships?	NO. They must play a Local League first. • If there is only one team in each of the Local Leagues, they could play their Local League at the District/Area Championships and the winner advance. Those advancing must meet the minimum requirements. • If there is only one team in each of the Districts they could play their Local League at the Sectional Championships and the winner advance. Those advancing must meet the minimum requirements. See Regulation: <u>2.02A(1)</u>
1/23/13	A player plays a local league match and after the match is completed, it is determined that the player is ineligible (e.g. not registered on TennisLink). If the player subsequently becomes eligible, does the match count for advancement purposes for the ineligible player, his/her partner, and the opposing player(s)?	The DQ function should be applied by the coordinator so the match will count towards advancement for the opponents. The match should NOT count towards advancement for the ineligible player and his/her partner.

2.03 AREA, SECTION AND NATIONAL LEAGUE CHAMPIONSHIPS

4/10/99 Updated 12/11/06 12/16/11	What happens if more than the allowed number of players who were on the roster at a National Championship appear on a given roster the next year?	If a team violates USTA League Regulations by submitting a roster with more than the allowable number of players that were on any roster in that Division at a National Championships the previous year, any player, registered beyond the three (2 for 2.5, 5.0) allowed, who has not participated in a match, including defaults received, for the team will first be removed from the roster (last person to register on the team will be first off unless another player agrees to come off.) If the team still does not meet the requirement then the last National Championship individual rostered will be disqualified and all matches played by the player will be considered losses and so on until the three player requirement is reached. If the team roster includes the minimum number of players still eligible to play, the team will be permitted to finish the local season with the adjusted roster. Resulting defaults will count towards eligibility requirements for advancement to Championships below the National level. Actual scores of defaulted matches will be input for the purpose of generating NTRP ratings. See Regulation: 2.06A
1/1/98 Updated 2/5/11	What is the difference between a Local League Play-off and a District/Area Championship?	Local League Play-Off: Part of Local League competition. Any decision regarding whether the Play-off is part of the Local League or part of the Championships is not based on where the matches are put into TennisLink since all Play-offs must be set up in the Championship module. Flight Play-offs in Local League is part of the Local League. Local League Play-offs should be set up in the Championship module. Sections can determine the number of matches required in order to enter the Local League Play-off structure. District/Area Championship: any event that occurs between the completion of the Local League Play-offs and the Section Championship. See Regulations: <i>1.04D(1)</i>, <i>2.01C(1)</i> and <i>2.03A(1)</i>
1/1/98	Does the use of a wild card team in District/Area or Sectional Championships conflict with any USTA League Regulation?	No. In accordance with the guidelines set forth in the League Championships Wild Card Procedures, a Sectional Association may adopt wild card procedures for its District/Area and Sectional Championships. See Regulation: <i>2.03A(1)</i>

7/12/99 Updated 12/8/99 12/16/11	If a player is winning 4-2 in the first set and then retires, does this count for the person's eligibility to advance and their computer rating?"	ADVANCEMENT: The match will count for advancement for all players involved regardless of how many points/ games were played. NTRP YEAR-END RATING: No. Defaults or retirements in which neither player(s) wins six or more games are not part of the rating calculation. In the case stated the match would not count as a match played in order to receive a year-end rating.
1/1/98 Updated 1/24/09	If USTA Membership expiration occurs during Championships competition, and if no renewal application is filed prior to such expiration, will such player become an ineligible player?	Yes. Note: If it is determined prior to the commencement of any competition that a player does not have a current USTA membership, the player can and must immediately apply for a membership renewal or be disqualified. See Regulations: <i>1.04E(2) and 2.03A</i>
1/1/02 Updated 11/15/05	How many matches may a team play per day during Championship?	Championships using best of three tie-break sets with a match tie-break in lieu of a third set may schedule no more than three matches per day per team. A minimum of 30 minutes rest will be provided between matches. If weather or unforeseen circumstances impact the completion of the event, the Tournament Committee may use shortened formats and require more matches. If a team/player enters more than one Division or event then these limitations shall apply separately to each. No consideration shall be given by the tournament staff in scheduling matches. See: <i>FAC Table 9</i>
1/1/98 Updated 1/1/04	In the event that a tournament uses two different scoring methods and a tie develops, how does the Championships Committee break the tie?	TennisLink will only accept one scoring method during a Championship event. In the event the Championship Committee alters the format from regular scoring to a pro-set or other acceptable format so there is a combination of the two scoring methods and a tie develops, all matches will be converted to best of 2 or 3 tie-break sets using the Conversion Chart Procedures provided by the National office. The converted scores as published in TennisLink will be the official score and tie-break process. See Regulation: <i>2.03C</i>
1/1/98 Updated 9/23/03	How should "known defaults" be handled both at the local level and at Championships?	In the spirit of good sportsmanship and fair play, the opposing team(s) should be advised of a known default. The defaulting captain will still be able to designate at what position (2nd singles or 3rd doubles) a known default will occur. See Regulations: <i>2.01C(5) and 2.03F</i>

7/14/03 Updated 12/16/11	What happens locally when a captain expects/states that the #1 position (singles or doubles) will be there shortly, so the opposing captain permits the other positions (#2 and/or #3) to go on the court and start/complete matches, and then the team(or person) doesn't show up and a default is recorded at the #1 position?	Regulation 2.03K Championship Procedures covers this issue as to how defaults are to be taken. The #2 singles before the #1 singles; the #3 Doubles before the #2 and the #2 doubles before the #1 doubles. Championship regulations/procedures apply unless a Section has developed its own regulation/procedure. If both captains agree to begin the match with positions missing, all courts stand as played. See Regulation: 2.03K
8/19/09 Updated 03/01/10 12/5/12 1/23/13 10/31/13 3/24/15	What happens if some individual matches are played in a team match in which one or both teams don't have enough rostered players available to meet the minimum requirements as outlined in the table in 2.03K?	If both teams did not have enough players available to meet the minimum requirements as listed in table 2.03K, the entire team match will be considered a double default. Any individual matches (and scores) entered into TennisLink must be removed. If only one of the teams had enough players to meet the minimum player requirements as listed in table 2.03K, that team will be credited with a team win. Only those players who were there and ready to participate will be credited with a "win by default", which will also count toward advancement to all levels of Championship, except for National Championships. See Regulation: 2.03K
8/5/02	We have a two-team league; both teams have the required amount of players registered. The one team defaults all their matches to the other team. May the team receiving the defaults progress to Championship?	No. No league has actually taken place. This is all paper with no attempt to play. See Regulation: 1.04D(1), 2.01C(1)
12/3/99 Updated 02/22/11 1/16/13 9/23/14	Regulation 2.03L Championship Scoring of a Team Default states: <u>"If a team defaults an entire team match for any reason during round robin play, that team is ineligible to continue play at that championship. All matches of the defaulting team already played shall be null and void when determining standings but will be used for ratings and advancement purposes."</u> Is the Local League required to follow this regulation if no alternative rule is in place at the Section, District/Area or Local level?	Yes. If the Section, District/Area or Local League does not have a specific rule in place to cover a full team default it must follow the National Championship regulation. The objective is to play the match. The Section is encouraged to put a procedure in place. If the Local League elects to use the Championship rule, they should be aware that if all teams <u>with a mathematical chance to advance</u> have played the defaulting team – those scores will stand. For example, if the first place team defaults an entire team match (unable to contest the match for the team point), and the Sectional, District/Area or Local League have elected to use the Championship rule, that team is subject to the regulation in place for Championships (The other teams that have a chance to win the competition should be credited with the matches played against this team.) See Regulation: 2.03L
9/15/06	A flight has a triple round robin scheduled. If there is a full team default, would all matches in the triple round robin be considered null and	No. The key word here is CHAMPIONSHIP rules. There is usually only one round robin played during a given

	void? A District/Area has decided to follow the Championship Regulation 2.03L for scoring of full team defaults for their Local League.	Championship while a flight may play 2 or even 4 round robins in their Local League. Each of those RR's makes up a tier/segment of the Local League season. Each individual tier/segment will be considered separately for purposes of a full team default. If there is a full team default in a triple round robin only the RR tier/segments that have the full team default will be impacted. Each of the 3 Round Robin segments will be treated as whole and separate within the Local League flight. If the first RR was finished and the full team default occurred during the 2nd RR then all matches for the first RR would stand. Also remember that if all teams in contention had played the defaulting team (2.03L), those matches would stay in the system. See Regulation: <i>2.03L</i>
1/16/13	Is it the intent of Regulation 2.03L that teams be allowed to continue to play in the championship if they have defaulted an entire team match?	No, once a team defaults an entire team match they are no longer part of the championship The Tournament Committee may allow the defaulting team to continue to play if other teams wish to play the matches, however, the opposing teams cannot be required to play. The results of such matches will not be entered in TennisLink. See Regulation: <i>2.03L</i>

2.04 LEAGUE NTRP DISQUALIFICATION AND REVIEW PROCEDURES

8/25/03 Updated 12/1/04	What can you do when an individual self-rates low (3.5) and then starts play at a higher level (4.0) that produces 3 strikes at the lower level? Do you have to wait until he/she rosters and plays a match to DQ?	Regulation 2.04B states an individual will be disqualified if they reach the disqualification level 3 times based on all matches reported in the national database for the Adult Division. TennisLink will identify on the “At DQ” report an individual that has acquired 3 strikes at his/her Self-rated level regardless of being rostered at that level on any team. The Sectional Association will notify the individual that a promotion has occurred at the self-rate level and that the Sectional Association has adjusted the player’s self-rating. The individual must now participate at that adjusted self-rate level or higher. This is not an NTRP disqualification as the individual never participated at that level. It will be handled as an “appeal to move up” requested by the Section. See Regulation: <i>2.04B</i>
8/18/99 Updated 2/10/09 12/16/11	The rules state that NTRP Dynamic Disqualification is not part of the Mixed Division. If a player is disqualified in the Adult Division, are they allowed to participate at the DQ’ed level in the Mixed Division for the remainder of the Championship year?	No. Even though the Mixed Division does not allow Dynamic Disqualification, it must follow the rules (Reg. 2.04B(3)) in relation to playing at the correct level. A player who has been moved up as a result of a disqualification in the Adult Division must immediately adjust his/her NTRP level of play in the Mixed Division. The player will have two options: Option #1: If on a combined NTRP level team, he/she may continue on that team by adjusting the levels. (9.0 combined team—DQ’ed 4.5 player now at 5.0 must play with no greater than a 4.0 player) Option #2: If on a straight NTRP level team, he/she must move up to the appropriate NTRP level or sit out the balance of that season depending on the Section’s regulations. (A player on a combined NTRP level team may also choose to move up if the Section allows.) If the player can combine with another player and meet the 1.0 differential, they may participate. See Regulation: <i>2.04B(3) and NTRP Dynamic Disqualification Table</i>
5/1/08 Updated 1/24/09 12/16/11 1/16/13	We play our Sectional Championships for our Adult Division back to back (or at the same time). How does this situation impact my ability to advance to Nationals if I am dynamically disqualified in any of these League Types?	An individual dynamically disqualified from any League Type will not be permitted to advance to National Championships for any Adult Division except in the Combined Adult 55 & Over League Type if they are able to combine and remain within level. See Regulation: <i>2.04B(3)</i>
1/25/02 Updated 2/10/09	Just how far back does an NTRP Disqualification go during a Local League play-off? What matches need to be reversed?	Any disqualification occurring during separate tiers of a Local League Play-off flight(s) will affect only matches in that particular tier Play-off flight. No matches will be reversed in previous tier Play-off flights. See Regulation: <i>2.04E</i>

1/1/98 Updated 02/09/09 12/16/11	During local round robin competition a player is disqualified. Is that player's last match considered a loss, or are all previous matches considered losses?	It depends on the basis for the disqualification during the Local League play. (See Championship Procedures Section for how the same issues are handled during Championship.) Eligibility DQ: See Regulations 3.03B(4) a,b. Review this Section as penalty varies based on stage of Local League. Dynamic DQ: See Regulation 2.04E(1) which states that each Section will establish what, if any, matches shall be considered losses. See Scoring of Eligibility Disqualification and NTRP Dynamic Disqualification for Championships in Regulations 2.04E(2) and 3.03C(4)a.b.c
3/21/01 Updated 2/10/09 12/16/11 12/5/12	If a player is NTRP Dynamically Disqualified during play in any Adult Division League Type, does that disqualification apply across all League Types?	If a local NTRP disqualification occurs during concurrent Adult Division seasons, the disqualification shall affect the matches played by the disqualified player in all League Types. If the seasons are not concurrent or over-lapping, the NTRP disqualification shall affect the matches played by the disqualified player in the season in which the NTRP Dynamic Disqualification occurred. If a player is disqualified in 18 & Over, 40 & Over or 55 & Over League Types while playing in a Mixed League below the Section Championship level, the player shall immediately play at the higher level. See Regulation: 2.04E(1)

2.05 YEAR-END NTRP COMPUTER RATINGS AND APPEAL PROCEDURES

6/6/03 Updated 4/01/08	What year regulations and procedures are used to determine basis for appeal – year under which the rating was generated or year under which the rating will be used?	Sections will use the regulations and procedures in effect for the year in which the rating will be used. This would also apply to Early Start Dynamic Rating appeals. A published Early Start Dynamic Rating will replace the previous computer rating, including National benchmarks.
12/19/03 Updated 2/10/09	Can a Dynamically Disqualified player appeal a Year-End Rating and be granted the appeal if the final Year-end NTRP number is within appeal range?	No. A Dynamically Disqualified player is ineligible for appeal.
<u>9/22/14</u>	<u>If a player 60 or over receives an Early Start Rating higher than his/her most recent valid year-end rating, will they be granted an approved appeal?</u>	<u>Yes. It is the intent of Reg 2.05E(1) that a player who is 60 years of age or older and has achieved the same rating level or lower for the three most recent year-end ratings, without benefit of appeal of the player's year end rating, will be granted an appeal if promoted.</u>
7/16/2013	If a player 65 or over receives an Early Start Rating higher than his/her most recent valid year-end rating, will they be granted an approved appeal?	Yes. It is the intent of Reg 2.05E(2) that no player 65 or over be given a rating higher than his/her most recent valid year-end rating.

2.06A Move-up/Split-up

4/10/99 Updated 12/11/06 12/16/11 <u>9/25/14</u>	What happens if more than the allowed number of players who were on the roster at a National Championship appear on a given roster the next year?	If a team violates USTA League Regulations by submitting a roster with more than the allowable number of players that were on any roster in that Division at a National Championships the previous year, any player, registered beyond the three (2 for 2.5, 5.0) allowed, who has not participated in a match, including defaults received, for the team will first be removed from the roster (last person to register on the team will be first off unless another player agrees to come off.) If the team still does not meet the requirement then the last National Championship individual rostered will be disqualified and all matches played by the player will be considered losses and so on until the three player requirement is reached. If the team roster includes the minimum number of players still eligible to play, the team will be permitted to finish the local season with the adjusted roster. Resulting defaults will count towards eligibility requirements for advancement to Championships below the National level. Actual scores of defaulted matches will be input for the purpose of generating NTRP ratings. See Regulation: 2.06A
8/5/02 Updated 02/04/09 12/2/13 <u>9/25/14</u>	What happens when a team is currently playing or has finished an Early Start League for the following season before they compete in the current year Sectional Championships and then win the Sectional Championships and the opportunity to advance to Nationals? Regulation 2.06A requires that the team split-up for the next year – in this case the next year is almost finished.	The team may select the three players (two for some NTRP Levels) to remain and must cease to play all other players with a National Benchmark above the minimum number permitted in the Move-up/Split-up Regulation. No penalty will be imposed on any match played before completion of the Sectional Championship and those removed will be eligible to join the team next year as if they had sat out for the year. See Regulation: 2.06A

1/1/98 Updated 1/27/11	If a player's name or domicile is misrepresented, or the player misrepresents, falsifies or fails to disclose relevant facts relating to participation in the USTA League, does the player become ineligible and subject to disqualification?	Yes. It is essential that a player truthfully disclose all facts relevant to USTA League participation. Failure to do so may result in disqualification at any time. See Regulation: 3.02D, 3.03B(3)a and 3.03E(1)a.
5/18/04	Eligibility disqualifications are unique in that we handle an established penalty in two different ways – if within 24-hours of Local League season – remove all matches; if after conclusion of Local League by more than 24 hours, matches stand but individual may not advance. What controls the penalty phase of an eligibility disqualification?	Certain eligibility issues such as membership are cut and dry – you were a member or you were not, at the time the match was played. NTRP Grievances require time to research. The date the decision is sent by the League Grievance Committee will control the penalty phase. See Regulation: 3.03B(3)a, 3.03B(4) a.b and 3.03E(6).

Dynamic DQ: Reg. 2.04E(1) states that each Section will establish what, if any matches shall be considered losses. See Scoring of Eligibility Disqualification and NTRP Dynamic Disqualification for Championships in Regulations 2.04E(2) and 3.03C(4)a.b.c

Even more important is whether any delay will adversely affect the progress of a league or Championship event. See Regulation: 3.03D(3)
2/9/11	What grievance and grievance appeal documents and procedures are the parties entitled to see?	Decisions and documents of a public nature. Appropriate confidentiality should be observed when including but, not limited to, discussions, deliberations, votes and documents not of a public nature. See Regulation: 3.03C(2) and 3.03D(3)
