

2017 USTA Pacific Northwest Adult NTRP Division Regulations

Sanctioned Men's and Women's NTRP level tournaments are open to all players who have reached a minimum of 19 years of age at least one month prior to the tournament start date. Younger players may play in Open divisions only.

Players who do not have a current NTRP rating may self-rate by completing the self-rate questionnaire on USTA.com. Self-rated players who are determined to be playing below their true playing ability may be denied participation by the Tournament Director. A self-rated player who is denied participation may appeal to the Self Rate Appeal Committee by e-mail at leagueappeals@pnw.usta.com.

To receive a Pacific Northwest Section ranking the player must hold an active USTA membership which designates the Pacific Northwest as their member section.

USTA computer rated players may not play at a level that is below their USTA year-end NTRP rating.

It is recommended that tournament directors limit the maximum point spread between partners' ratings in Combined and Mixed Events to 1.0. Tournament Directors are required to post the maximum point spread on the tournaments home page on TennisLink.

Only USTA Sanction tournaments played within the Pacific Northwest Section will be used for calculating rankings and standings.

Ranking Point Information

- a. Points are calculated by where the player finishes in the main draw, plus consolation points for each consolation match won, plus qualifying points for each qualifying match won based on the designated level of the tournament.
- b. Byes do not count as wins. Defaults, retirements and completed matches count as wins.
- c. A tournament will count toward minimum qualifying requirements if a player or team starts a match.
- d. In determining the points per round ranking of any division, only results from that division will be considered.
