

USTA YOUTH PROGRESSION

WHY YOUTH PROGRESSION?

- Ensure players age 7-10 are competing at appropriate levels of play
- Serves as a guide for coaches, parents and players to help ensure that kids 10U participate in events using the appropriate ball and court for their skills level.
- The Youth Progression tracking system for the Hawaii Pacific Section will be launched on **May 1st, 2017.**

HOW IT WORKS?

1. The system tracks a child's progress through participation in Play Days, JTT for Kids, tournaments, trainings, and special events (see below for details).
2. Kids are encouraged to complete each "mission" by collecting participation stars and trophies based on their results.
3. To clear a specific level, players will have to reach a minimum of 1000 points that are achieved through a combination of 20 stars and/or trophies.
4. Stars and trophies will only be collected for the new ball color and level; however, players can always participate in their previous ball color and level for more practices.
5. The minimum age to start playing orange ball "progression tagged" tournaments is 7 years old.
6. On the first day of a player's 11th birthday month they will automatically advance out of the Youth Progression.
7. Youth progression players can only play in the same level or *one level below*.

HOW TO CLEAR EACH LEVEL?

- A player needs 1000 points to clear a level (1 star = 50 points / 1 trophy = 50 points)
