If courts are available teams may warm-up prior to the scheduled match start time which is not included in the 10-minute warm up period. (The facility might charge you.)

1.06 MATCH RESCHEDULING POLICY

As a general rule matches are NOT to be rescheduled except for inclement weather (rain, snow, sleet, hail and lightening) or the tennis facility is overbooked, and the courts are not available.

1.06 A Players signing up for tournaments which conflict with scheduled league matches must choose which match they will default should another team member not be available for the league match.

1.06 B SUSPENDED OR RESCHEDULED MATCHES.

1.06 B (1) Unless agreed upon by both captains, all players must be present at match time, even if a rain out is obvious. Rained out or suspended matches are to be made up within two weeks of the original match schedule date or prior to the end of league date whichever comes first (the last scheduled match of the league may not provide a two week grace period), **NO EXTENSIONS WILL BE PROVIDED** beyond the end of league date.

1.06 B (2) When a match is rescheduled due to weather or a facility problem with courts not being available, you must inform the League Coordinator (**by email only**) of the delay within 24 hours of the original match schedule date. Failure to do so may result in a double default (both team captains share the responsibility to update the League Coordinator). The league Coordinator will acknowledge receipt and confirm the reschedule in writing. No matches can be rescheduled without written approval (**by return email**) from the league coordinator. **Please do not call.**

1.06 B (3) The Utah Tennis League Coordinator may record un-played matches as double defaults if team captains do not update the League Coordinator with rescheduled dates, do not complete their matches within two weeks of the original match schedule date, or prior to the end of league date, whichever comes first.

1.06 B (4) Once captains/player(s) have agreed upon a reschedule date and provided that information to the League Coordinator, that date and time becomes the official match schedule date and is subject to all rescheduling regulations moving forward.

1.06 B (5) When a match schedule date falls within the last two weeks of the league end date and an agreeable reschedule date cannot be reached between the team captains prior to the end of league deadline. The match date shall officially be scheduled for the day prior to the end of the league date (for that league) at 6:00pm. The location will be the same as originally scheduled (unless agreed upon otherwise by both captains and approved by the league coordinator).

Any team or player(s) unable to complete the match at that time will default that match.

1.06 B (6) Any matches not completed on the original match date and not rescheduled due to inclement weather (rain, snow, sleet, hail and lightening) or the tennis facility is overbooked, and the courts are not available, will be entered by the captain as a default. The local league coordinator can provide exceptions on a case by case basis i.e. conflict with league championships (must be requested one week in advance in writing), or emergencies. Approval to reschedule must be obtained in writing and rescheduled matches must be completed within two weeks of the original match date or prior to the end of league end date, whichever comes first.

1.06 B (7) Matches will **NOT** be rescheduled to accommodate player availability (**other than as detailed in 1.06 C (2)**). All waivers must be in writing from the league coordinator. If captains have outstanding matches and do not have a waiver in writing, they must enter team scores within 48 hours of the scheduled match time and record incomplete matches as defaults.

The USTA Utah League Department must be notified when there is a request to reschedule a match due to a conflict with a league championship. A one-week advanced notice must be given for requests to reschedule regular season matches due to league championship conflicts, penalties may be assessed if captains do not provide a one-week advanced notice (**1.06 C (2) Match Conflict Procedure must be followed**).

1.06 C (2) Match Conflict Procedure. Only the individual match(es) affected need(s) to be rescheduled. Players not participating in the conflicting event, and are available to play, shall play at the originally scheduled match date and time. The line-up for the match(es) being rescheduled should be exchanged at the time of the rescheduling. The captain of the team that has players involved in a league championship needs to provide adequate notice to the opposing team of the need to reschedule. Both Captains are responsible to keep the Local League Coordinator updated with reschedule details. All rescheduled matches must be made up within two (2) weeks of the original match date or by the end of league date specified on the league calendar, whichever comes first. No extension requests will be granted.

1.07 DARKNESS

1.07 C (1) Any player may suspend play due to darkness. The match will need to be completed that evening if outdoor lights or indoor courts are available. When the match is suspended, the score and who was serving and on which side needs to be noted. If the match cannot be completed that evening it needs to be finished before the next league match.

107 C (2) Both captains are responsible to contact (by email) the Local League coordinator and advise them of the suspended match.

1.07 C (3) Due to time restraints, captains/players should try to agree on a date/time to resume the match prior to leaving the facility and the league coordinator should be informed (by email) of the rescheduled match date.

1.07 C (4) If a suspended match is not completed prior to the next scheduled match it will be considered a double default. The local league coordinator can provide exceptions on a case by case basis i.e. conflict with district league championships, or emergencies. Approval to not complete a suspended match prior to the next league match must be obtained in writing (email) and matches still must be completed within two weeks of the original match date or prior to the end of league date whichever comes first.

For NTRP computer data entry in TennisLink, mark as retired and submit actual scores of match at the point of retirement.

1.09 TEAM MATCH AND INDIVIDUAL MATCH SCORING PROCEDURES

1.06 B (5) *When a match schedule date falls within the last two weeks of the league end date and an agreeable reschedule date cannot be reached between the team captains prior to the end of league deadline. The match date shall officially be scheduled for the day prior to the end of the league date (for that league) at 6:00pm. The location will be the same as originally scheduled (unless agreed upon otherwise by both captains and approved by the league coordinator. **Any team or player(s) unable to complete the match at that time will default that match.***

1.06 B (6) Any matches not completed on the original match date and not rescheduled due to inclement weather (rain, snow, sleet, hail and lightening) or the tennis facility is overbooked, and the courts are not available, will be entered by the captain as a default. The local league coordinator can provide exceptions on a case by case basis i.e. conflict with league championships (must be requested one week in advance in writing), or emergencies. Approval to reschedule must be obtained in writing and rescheduled matches must be completed within two weeks of the original match date or prior to the end of league end date, whichever comes first.

1.06 B (7) Matches will **NOT** be rescheduled to accommodate player availability (**other than as detailed in 1.06 C (2)**). All waivers must be in writing from the league coordinator. If captains have outstanding matches and do not have a waiver in writing, they must enter team scores within 48 hours of the scheduled match time and record incomplete matches as defaults.

A regulation has been added to allow waivers to accommodate teams who have match schedules that conflict with District, Sectional or National Championships.

1.06 C (1) Local League Matches Conflicting with District Championships, Sectionals or Nationals. *The USTA Utah League Department must be notified when there is a request to reschedule a match due to a conflict with a league championship. 1.06 C (2) Match Conflict Procedure. *Only the individual match(es) affected need(s) to be rescheduled. Players not participating in the conflicting event, and are available to play, shall play at the originally scheduled match date and time. The line-up for the match(es) being rescheduled should be exchanged at the time of the rescheduling. The captain of the team that has players involved in a league championship needs to provide adequate notice to the opposing team of the need to reschedule. Both Captains are responsible to keep the Local League Coordinator updated with reschedule details. All rescheduled matches must be made up within two (2) weeks of the original match date or by the end of league date specified on the league calendar, whichever comes first.
