

## USTA Arkansas Tournament Posting Policy

1. **Tournament results should be updated in TDM regularly throughout the event.**
2. **Tournament Directors have 48 hours from the scheduled time of the last match of an event to have all tournament data entered into TennisLink.**
  - Failure to do so will result in a **\$100 fine**, and notification of facility management.
3. **Tournament Corrections**
  - a. The ATA shall notify a tournament director via e-mail if the tournament results require corrections.
  - b. Corrections should be made within 72 hours.
  - c. Failure to make corrections within 72 hours:
    - i. Will result in a **\$250 fine** and notification of facility management
    - ii. May result in the loss of sanction of that event for the following year with the weekend considered “open” for the sanctioning of an event by another facility. Copies of the loss of sanction notice will be sent to all involved parties, including facility management. The possibility of sanctioning future events will be decided by the ATA Executive Committee.
4. **Appeals Process**
  - A Tournament Director may appeal any penalty. Appeals must be made in writing, explaining any extenuating circumstances, and will be considered by the ATA Executive Committee. The filing of an appeal does not in any way alter, or postpone, due dates for the fees. All penalties are expected to be paid before any appeals will be considered. In cases where an appeal is granted, penalty fees will be refunded.
