

USTA Arkansas Standings Updates

The USTA Arkansas standings will again be published weekly beginning on Tuesday, June 9.

In the June 9 – July 14 weekly standings lists, tournament results from March 13, 2019 through the date of each new standings list will be included to compensate for the lack of tournament play opportunity that resulted from the suspension of play due to COVID-19.

Beginning on July 21, the included tournament results on each weekly standings list will be scaled back by two weeks:

- The 7/21/20 standings list will include results from 3/27/19.
- The 7/28/20 standings will include results from 4/10/19.
- The 8/4/20 standings will include results from 4/24/19.
- And so forth until 11/17/20 when the standings are back to a 52 week time frame for included tournament results.

These dates were set to align with the dates being used for USTA Southern standings.
