Selection Process for SOJC Team Georgia

The Southern Ozaki Junior Cup is a team competition for ages 12-18 that is held annually. Each age group is comprised of three boys and three girls to represent Georgia. An alternate for each age/gender group is also selected. Selections are based on the following criteria:

1. Only players with no more than five (5) active Suspension Points are eligible for selection.
2. Results of players competing in the National Hard Courts.
3. USTA national rankings, UTR ratings, Tennis Recruiting information, Head to Head results and Doubles rankings are considered in making the final selections.

Selections are made by a subcommittee of 3 members of the Junior Competition Committee who report their findings back to the Committee for a final vote.

Information about the Southern Junior Cup is sent to prospective selectees prior to the National Clay Courts in July. Final selections are made in August by the Selection Committee.

Good luck!
